## BEVERLEY WATER HARVEST PROJECT

The Beverley Water Harvest Project was one of fifteen projects funded through the 2015 round of the Department of Water Community Water Supply Program.

This project has come to fruition after many years of research and the coming together of a community committee who communicated the potential of a storm water harvesting project to reduce water costs to the community in an increasingly dry environment. The committee provided the knowledge in the first instance to design the system that will capture storm water at the bottom of both Edwards St and John St and be pumped to the Town Dam on Hunt Rd. The committee worked with consultant engineer, Rod Munns, Beverley Electrical Services, RA-AN Enterprises, Dawson's Concrete, other regional contractors and Shire of Beverley staff to achieve what the Department of Water described as an impressive outcome. This project will reduce our reliance on scheme water and increase capacity for irrigating public open space, public works and for emergency services. The system also enables the future possibility of providing a non potable emergency water supply during dry seasons from a standpipe system.

This project relies on the already good system of drainage that runs in the vicinity of John St, Forrest St and Edwards St. From approximately 30,000m<sup>2</sup> of street surface area and approximately 178,000m<sup>2</sup> of built infrastructure, including housing, hospital, lodge, BDHS, and natural surrounds the estimated annual water harvest volume from this project is 30,000kL. This figure is based on an average annual rainfall of 380mm.

At the official opening on Friday 10<sup>th</sup> June, the Minister for Water, Hon Mia Davies, MLA congratulated the Beverley community on making water management a priority. Department of Water representatives were impressed by the forethought of the community in taking steps to safe guard our future by developing a sustainable option to manage our water resources efficiently. *(Photos courtesy Colleen Sleer Photography)*

## President Report – July 2016

### Beverley Water Harvesting Launch

On Friday 10 June 2016 the Hon Mia Davies MLA, Minister for Water; Sport and Recreation; Forestry (and Member for Central Wheatbelt) officiated the launch of Beverley's Water Harvesting Project.

Whilst Council has long considered the benefit of such a proposal, its path to realisation was finally achieved following the formation of a committee of interested community members, success in securing a Department of Water grant for \$100,000, the Shires engagement of a Development Officer to assist with projects that provide long term benefit for the community, and Council's financial and in-kind support through the budgetary process.

Congratulations to all involved, and thank you to the many community members who attended the launch.

The Minister also made an announcement that the Beverley P&C and School had been successful with their application to the Department of Water Community Water Supply Program and would be receiving a grant of \$98,000 toward water harvesting at the school!

### Road Works

Maintenance grading has been occurring on Edison Mill, Dale Bin North, Dobaderry, Kokedin, Kiera, Dale Kokeby and Walgy roads and the shoulders have been graded on the Top Beverley Rd. Work has been undertaken on a section of Morbinning Rd reconstructing shoulders with extra gravel and gravel sheeting will commence on Nicholas St (road to rubbish dump) in preparation for proposed bituminizing in 16/17.

### Age Friendly Community Plan

Work on developing an Age Friendly Community Plan for Beverley is due to commence. This is supported by a successful Department of Local Government Grant and once completed will assist in future planning for our community including relevant grant applications.

### Bus Stop Relocation – Date to be Advised

A date for relocation of the Transwa bus stop from Elizabeth St to Council Rd is yet to be advised. The cement pad at the new location has been extended to support universal access and accommodate a new shelter, which will be installed in the near future.

### Beverley Heroic – 08/09 October 2016 – save the date!

The 2016 Beverley Heroic cycling event was recently announced as one of the successful applicants from the 16/17 round of Regional Events Scheme. In its third year the event is increasing in popularity, bringing many visitors to Beverley and the Avon Valley. Volunteering to help, participating in an event, or coming along over the weekend are all ways you can be involved. Save the date – 08/09 October 2016. [www.theheroic.com.au](http://www.theheroic.com.au)

Dee Ridgway  
Shire President

### **BEVERLEY TOURISM PLAN & FRAMEWORK** (available for comment)

The Draft Tourism Plan & Draft Framework are available for reading in the Library or online at [www.beverley.wa.gov.au](http://www.beverley.wa.gov.au)

Comments regarding the Draft Beverley Tourism Framework and Draft Beverley Tourism Plan are welcome and can be forwarded in writing to the Community Development Officer  
Shire of Beverley PO Box 20 BEVERLEY WA 6304 or via email to [cdo@beverley.wa.gov.au](mailto:cdo@beverley.wa.gov.au) before the 19<sup>th</sup> July 2016.

## COMMUNITY GRANTS

Does your incorporated organisation have a project that needs some extra financial help?

Application packages will be available from the Shire office from 01 July 2016 with submissions closing on 02 August 2016.

1. Minor Community Grant funding of less than \$1,000 with no matching funds from applicant.
2. Community Grant funding between \$1,000 & \$5,000 50% matching funds from applicant.

Only one (1) application per financial year for financial assistance from a Community Grant will be considered per organisation.

Community organisations may apply for Minor Grants in each of the funding rounds, however, each grant must be for a separate project. (Where an organisation applies for more than one Minor Grant they must prioritise their applications).

Please contact the CDO at the Shire of Beverley for further information about this grant funding.

### CAP ON LOCAL GOVERNMENT RATES FOR PENSIONERS FROM 2016-17

#### *What's changing?*

The State Government has approved a \$750 cap for local government rates applying to pensioner households as of 1 July 2016.

Local governments are required by legislation to implement this policy change on behalf of the Government when they issue rates notices to affected pensioners.

This means your local government rates notice now includes a concession that is the lesser of \$750 or 50 per cent of the rates payable.

For pensioner water service charge concessions, the capped limit is \$600.

The 2015-16 Budget originally announced that the 50 per cent concession available to pensioners on their local government rates and water service charges was to be capped to \$550 and \$600 respectively with effect from 1 July 2016. After listening to community concerns and stakeholder groups, including the Western Australian Self-Funded Retirees Association Inc, the Government increased the cap for local government rates to \$750.

Note: Seniors cardholder rates concessions remain unchanged at 25 per cent up to a capped amount, as has been the case for many years.

#### *Why is this happening?*

The population of senior citizens in Western Australia is expected to increase from its current 458,000 to 865,000 in the next two decades. Supporting an ageing population is a significant policy challenge faced by all levels of government.

To ensure social concessions are better targeted and concessions provided by the State are sustainable over the longer term, the Government has made the difficult decision to cap the amount of the concession allowed for pensioners on their local government rates and water service charges.

Difficult and necessary decisions such as these changes ensure that the State's finances remain sustainable, while at the same time continuing to deliver high quality services and infrastructure to the Western Australian community.

June 2016

# HOW TO COMPLETE THE CENSUS

August 9 is Census night

It's our moment to pause and play a role in shaping the future of Australia

It's important that everyone is counted in the Census

All information collected is secure, confidential and never shared with anyone

YOU CAN COMPLETE THE CENSUS IN ONE OF TWO WAYS.

## ONLINE

Completing the Census online is fast, easy, secure and environmentally friendly. You can use any internet-enabled computer or device.

## PAPER

If you choose, you can complete the Census using a paper form.

**1** From 1 August, households will receive a letter from the ABS with a **unique online login code** for completing the Census online **and** information on how to **order a paper form**.

**2** On August 9 go to [census.abs.gov.au](http://census.abs.gov.au) and login using your unique code.

**2** Call the Census Paper Form Request Line on 1300 820 275 to order a paper form.

**3** Complete the Census **fully and accurately** and **submit** your online form as soon as you're finished.

**3** Complete the Census **fully and accurately** and return the form as soon as possible via the enclosed **Reply Paid envelope**.

## GET ONLINE ON AUGUST 9

The Census is our moment to pause and play a role in shaping the future of Australia.

Visit [census.abs.gov.au](http://census.abs.gov.au) for more information.

## SHIRE OF BEVERLEY IMPORTANT INFORMATION

The Shire of Beverley wishes to remind residents who occupy a property within the Beverley townsite of the following Local Health Law:

### **Roosters, Geese, Turkeys, Peafowl's and Gamebirds**

5.4.4 (1) An occupier of premises within a townsite that is not zoned 'Rural Residential', 'Rural Townsite', 'Special Rural' or 'Farming', shall not without the written approval of the Council, keep or permit to be kept on those premises, any one or more of the following fowl -

- a) A rooster;
  - b) A goose or gander;
  - c) A turkey
  - d) A peacock or peahen;
  - e) A gamebird (includes emus and ostriches)
- (2) The Council may upon written application, grant approval with or without conditions to the owner or occupier of premises to keep any one or more birds as specified in subsection (1) of this section.
- (3) A person who has been granted approval under this Section to keep a bird may keep the bird on the premises only while he is the occupier thereof.
- (4) The Council may revoke an approval granted under this Section if it is of the opinion that the keeping of the birds specified in the approval is causing a nuisance or is injurious offensive or dangerous to health.

Penalties may apply for non-compliance

## ACTIVESMART UPDATE

The registration period for the Activesmart program has now closed.

The Shire of Beverley is pleased to confirm that 224 people have registered and will be receiving their welcome packs in the mail during the week of 04 to 11 July. Maybe you can take advantage of the discounted membership offered to all new members of the gym. Maybe you could attend Line Dancing or Stay On Your Feet at the Town Hall. Maybe you could start training for the Beverley Heroic or Town Ride scheduled for October.

The possibilities for increasing your daily level of physical activity are numerous. Start thinking about the goals you will set during your first coaching call due to begin on the 11 July.

Go on. Get out and get ACTIVE.

## 2016 Rural Ambassador Finalist

Above: Tracey (mum) and Jess

The Royal Agricultural Society of WA runs the Rural Ambassador, which recognises outstanding young community members (aged 20 - 30 years) of smaller country towns. This annual competition showcases the next generation of rural leaders who have the desire to represent and promote their community, region and state.

Successful entrants are given the opportunity to meet and network with like minded representatives from around the state, the country and the Commonwealth.

Candidates from Beverley, Toodyay and Northam Agricultural Societies competed in Beverley on Saturday 25 June. Beverley candidate, Jessica Fleay is passionate about keeping young women in the country and how we can make this accessible and more appealing. After the speeches and interviews, congratulations must go to Jess, the 2016 winner of Central Group Rural Ambassador.

On Saturday 20 August Jess will head to Perth to compete against the winners from the other regional areas such as: Eastern, Mid West, Great Southern and South West districts.

The Beverley Agricultural Society members, family, friends and the community thanks Jess for her contributions thus far and wishes her the best of luck at the finals.

## Homebuilt Electric Prototype Vehicle Achieves 2.8 kWh/km (3000 km/L) Efficiency:

At the age of 22, James Hill, a University student from Perth, Western Australia and young entrepreneur at Bloom of St Catherine's College, has designed six electric vehicles (EV) and is on the cusp of a victory with the latest Quark EV 2016 prototype.

In 2009, James formed Coulomb Motorsport with his brother Peter, and working through an iterative design process, each new vehicle has been an improvement on the last and they are now poised to attempt to break a World Record with their latest invention.

"We have designed a drivetrain that is right up there with the top universities in the world, based on the Shell Eco-Marathon, considered the gold standard of fuel efficiency challenges. We're almost ready to commercialise this for specialised vehicle applications but we're not ready for the mainstream just yet", James said.

"All of the data that comes from the motor controller, passes through our custom Main Control Unit and is sent wirelessly to our F1-style steering wheel, whilst also controlling acceleration interpreting the throttle in the most efficient way possible. We've kept everything lightweight so that the entire motor controller unit, steering wheel and motor assembly only weighs 4.2 kilos, less than a Magic Pie 3 – the most commonly used hub motor," he said.

Coulomb Motorsport is now looking to attempt to beat the current record for the furthest distance travelled on a single battery charge (1631.5 km), set by a team of German engineers with the [Schluckspecht EV](#) in 2011. In 2015, [Tesla](#) set a record for a production EV at 728.7 kilometers but the aim in this upcoming record attempt is to travel twice as far with 6.6 percent of the battery capacity. They are currently working on obtaining sponsorship to load the Quark with 20 kilos of batteries to drive 1700kms on a single electrical charge.

"If we could break the current record this will prove the efficiency and robustness of our drivetrain and help kick-start our commercialisation. We have even had German engineers contacting us via our YouTube channel asking us for the software code to use in their electric bikes.

Above: Coulomb Motorsport homebuilt electric vehicle

"We tested the car without the code and it wasn't nearly as efficient as before, so all in all – the efficiency is coming from our unique code developed by Pete. I give him the specifications for the features and he develops the software. Currently on the Quark, the F1 style steering wheel is fitted with 144 combinations featuring 12 buttons and 12 modes," James said. Coulomb Motorsports achievements to date include the build of three ultra-light weight electric motor-bikes for the Hunter Valley EV Prize competition by the Tom Farnell Institute for Environment, earning 2 third place positions in the annual competition, a Pole position and the lap record.

There is no doubt that electric vehicles are the future and that compelling advances which demonstrate the ability of current battery technology could bring that future here sooner than we think.

- We achieve 180km on a single electric bike battery charge, costing 13 cents, this is the most recent result (in the article above it mentions 75km/charge).
- We have a top speed of 90kph but usually average 45 kph.
- The car is our 6th car and 9th vehicle as we have built 3 electrically powered bikes as well for a competition over East.
- Electric car 21/06/2016 ranked number in the world for efficiency.
- Distance of travel for cost equivalent of 1 litre of petrol is 3,005kms.
- The motor in the car is around the diameter of a DVD disc and about 30mm wide.
- The weight of the motor is 450 grams.
- Maximum power is 3hp or 2.23 kilowatts.
- Cornering ability to date has been 1.8G and
- The motor is 95% efficient.

James would like to thank the Men's Shed men and the school for their enthusiasm, hospitality and interest.

Further information, [www.coulombmotorsport.com](http://www.coulombmotorsport.com)

before Wednesday 13th July

It's so nice to see the lovely green country side that surrounds our beautiful town. Last month the open weekends saw quite a few visitors venture out to Avondale and everyone seems to fall in love with the place. The drive trail has been very popular with a lot of people especially those from the city who get to see the ewes and lambs up close. Our very interesting variety of chickens in the animals nursery is also another place where young kids have come to realise that chickens come in all shapes and sizes. The animal nursery is slowly getting a makeover and will with fingers crossed that it will be fox proof by the time I have finished.

I have been lucky to have Section 95 come out and give me hand over the past month, Peter Smithers and his crew from Wooroloo Prison have been a massive asset in helping me get those big jobs done. Both Robbie and Comet seem to enjoy the extra apples the boys bring they always seem to put on that please feed us look and once again people fall for it.

Next month at Avondale the NTWA and AFPA will host a Volunteer Day, on this day we will aim to have a busy bee in the Avondale Bush reserve. See attached flyer on page 31 of this Blarney edition and around town for more details.

Over the past couple of months my ever so awesome sidekick Mitch Kerr has had to give up working on the Clydesdales due to her ever so busy schedule. Mitch will still be involved with AFPA where possible, her time with the boys has had to be cut back. Both Comet and especially Robbie have come a long way with Mitch's guidance and skills, and all that she's taught both horses. It is here I say a MASSIVE THANK YOU from not just the horses but myself and AFPA for all you have done with these two Clydesdales. Mitch's time and effort has not gone unnoticed the many hours that she has spent on these boys has made a difference. If you bump into Mitch in town please give her a hug and a thanks I'm sure she will appreciate it.

*Photo above: Mitch Kerr and her other love "Robbie"*

# THE BLUE LINE

Beverley Police Station

57 Hunt Road, Beverley WA 6304 [BeverleyPol@twitter.com](mailto:BeverleyPol@twitter.com)

**Hello Everyone,**

My name is Karen Berry and I have recently taken up the position as the Officer-In-Charge of Beverley Police Station. I have previously worked in Beverley in a relieving capacity, however, I am here now for a minimum of two years.

While it is early days yet, I have made a concerted effort to get out and about amongst the community to meet and greet with as many business owners and people as possible. In the short few weeks I've been here we have dropped into all the businesses in the main street and had the pleasure of attending the Men's Shed and the Beverley Pre-primary.

On Thursday 7 July 2016 we will be in the main street hosting a display along with people from our Community Engagement office; we will be encouraging you to sign up to our electronic newsletter eWatch. eWatch is an email based system that keeps you connected to your local police and council so that you can help to track down crime and be proactive in making your community safer. Join eWatch to receive regular email updates on local crime trends and statistics, safety initiatives, emerging issues and community building events.

Beverley CRC have kindly offered to host 'Coffee with a Copper' on Wednesday 13 July – details are still being finalised so keep an eye out for further information/details. I encourage you to drop in for a coffee and a chat, I would love to meet you.

We will also have a display at the Beverley Show this year, so if I haven't met you by then, please introduce yourself. While we are very much in the middle of the winter weather, we are also hoping to host an open day here at the station, perhaps early in spring, I will keep you posted.

As you can probably tell, I am very keen to get you to talk to us, your police, so that we have our finger on the pulse of the Beverley community and address any concerns you may have and nip any issues in the bud before they become a problem. This can only happen with honest and open communication. If you recall my motto from previous articles **"If you see something, say something."** Report suspicious behaviour and incidents; you can call us direct on 9646 3333 or Crime Stoppers anytime of the day/night on 1800 333 000.

Working together as a community helps to make your neighbourhood, safer, more secure and vibrant for all who share it. Community interaction is a shared responsibility that has proven positive effects on building a safer community, preventing crime and developing community spirit.

Take care, stay safe.

Sergeant Karen Berry.

## Beverley Water Harvest Committee Update

The Beverley Water Harvesting Committee would like to thank the Department of Water for the grant for the Water Harvesting project. We congratulate the Beverley Shire Council on the implementation of the Beverley town Water Harvesting project stage one. The Committee would also like to acknowledge the on ground works provided by the Beverley Shire workers and the local contractors input into the works.

We encourage members of the community to take the opportunity to drive by the Edwards Street and John Street sites and view the works.

The Beverley Water Harvesting Committee encourage members of the community to offer constructive ideas and interests for the Water Harvesting Project.

You may provide those comments to Harvey Morrell, 0427 235 681 or Jethro Sleer, 0429 552 560. If any community members think they have constructive ideas and expertise we would like you to join the committee to help improve the water harvesting assets of our town.

We congratulate the Beverley District High School, Parents and Citizens Association and the administration staff who have been successful in their application for a Storm Water grant. This grant will go toward providing water that helps reduce the cost of maintaining the grounds of one of the largest assets in town, the School.

All of the water harvesting projects will reduce the cost of water needed to maintain the parks and gardens and any excess will provide water for standpipes and roadworks.

### BLOCK MAINTENANCE

Do you need your fire breaks maintained, block mowed or ploughed?

# Beverley Garden and Tree Society

During the first week of June the Garden Club enjoyed an outing to the metropolitan district. Sixteen hardy members braved the wet and cold weather and car pooled to Perth. A short meeting was held at a coffee house in Mundaring and then our members proceeded to Guildford to hit the shops and nurseries.

We lunched in Guildford and then visited a native plant nursery in the Hills. The weather was kind to us and, although cold we missed the rain. We enjoyed ourselves immensely.

The club has started on our display for the Beverley Show and we are working on it in Colleen's shed every Friday.

July is our 'Golden Oldies Luncheon' which, this year, will be held at the RSL hall on the first Tuesday of the month. Younger members wait on the treasured older members and their friends. We all enjoy this annual event.

Have you noticed all the roses around the district? The good rains have delivered a plethora of blooms in most gardens. Keep up the dead heading and feeding to set your bushes up.

Vegie gardens are producing well and progressive planting will keep them coming.

This is the time to plant asparagus and to separate artichokes and plant the pups. These are both perennials and rewarding to grow.

Garlic is another one and can be put in now.

Gardeners should be aware that a frost could occur any day now and you need protection for vulnerable plants.

The garden club welcomes new members and any enquiries may be made to the Secretary Dalene Davies on 9646 0800.

*Happy gardening everyone.*

**THE BEVERLEY FARMERS' CO-OP. CO. LTD.**  
Beverley. Ask for free booklet

**In Memoriam.**

**LOCAL & GENERAL.**

**The Rainfall.**—Light showers which commenced to fall last Sunday and continued over Monday and Tuesday were responsible for a total registration of 60 points at the Beverley Post Office. The total gunging for June was 338 points.

**Show Cancelled.**—Advice was received last week-end to the effect that the "Brevities of 1936" company, which was to have appeared at the Town Hall to-night, had cancelled the booking owing to unforeseen circumstances and would not visit Beverley until October, when they will be on tour with new artists and new acts.

**Wildfowl Plentiful.**—Heavy rains experienced in the Bally Bally district last month have partially filled the lakes, which are now alive with duck of every description. Residents of the area state that they have never seen the birds so plentiful it being impossible to compute their numbers. Unfortunately for sportsmen the shooting season is now closed.

**Shopping Locally.**—Recent district weddings have given business in the town a welcome impetus and shopkeepers are thankful for the support which has been extended them by those making purchasers of presents and clothing, etc. The habit of shopping locally is an excellent one. Business houses endeavour to cater for all likely needs and it is on the support extended by the public to them that the prosperity of the town depends. Residents of town and district should ever keep this in mind.

**An Overworked Stork.**—An Eastern States paper publishes the following: "Nature it seems, is striving to double Victoria's birth rate; in the last few weeks twins have been born in six of the leading Melbourne Hospitals." A humorous caption writer headed the paragraph: "The Stork is Seeing Double." Appropos of the foregoing the "News-Leader," Richmond, Virginia, U.S.A. says: "The only punishment meted out to five Diomes is being stood in a corner—which is a very good trick in a four-cornered room."

**New Season's Lambs.**—The first consignment of new season's lambs, forwarded from Mr. G. R. Jukin, of Alderley, who makes a practice of raising early lambs for market, was offered at the fat stock sales at Midland Junction on Wednesday last. The consignment comprised 20 suckers by Dorset Horn rams from cross-bred ewes, which have been pasturing on an oat and rape crop. The lambs were 10 weeks old and will dress in the vicinity of 35lb. They were well finished and were one of the nicest consignments of early lambs that have come forward in the yards for some time past. Sold by Elder, Smith and Co., they realised 32/1 each.

**Golf Ball at Brookton.**—The annual Golf Ball held last Friday evening was a huge success from every point of view. Approximately 200 persons attended and paid nearly £30 admission and although no expense was spared in making the evening enjoyable, the Golf Club should benefit considerably. McKay's York Orchestra was engaged for the occasion and played well throughout. The decorations were nothing elaborate but very effective, the two words "Golf Ball" set up on the stage being most attractive. The supper tables done out with flowers also made a pleasing scene.

**N.Z. To Stop Land Boom.**—A statement that the Government might have seriously to consider the reintroduction of a graduated land tax if prices for land rose as a result of the Government's scheme for guaranteeing prices for agricultural products was made last week by the Prime Minister.

**THE BEVERLEY FARMERS CO-OP.**  
**Great Winter Sale**

**Last Two Days.**

Notwithstanding the enormous drain on our stocks on Thursday further goods to replace these will be taken from our reserve stocks and offered at special Sale prices.

**"Sufferin' Cats!"**

**White's Garage**

Motor Engineers and Radio Dealers, BEVERLEY. Phone 51.

**Mostly Personal**

Mr. Geo. Webb has been on the sick list this week suffering from bronchial pneumonia. At latest reports his condition is improving.

Mr. F. H. Burrows, headmaster of the Beverley State School, who has been indisposed for the past fortnight has been granted three weeks' sick leave.

The death occurred on Monday last of the infant daughter of Mr. and Mrs. O. Grover, of Forrest-street, Beverley. The child was aged ten months.

Mr. Jack McDaniel, of "Avondale," left by the "Dunroon" yesterday for Sydney, where he will spend some weeks. His father will accompany him on the homeward journey.

A case of diphtheria was reported yesterday, the sufferer being a young member of Mr. and Mrs. Chris Rogers' family. The child was removed to the York Hospital for treatment.

Mrs. McManus returned to Beverley this week after an enjoyable five weeks' holiday tour to Rabaul. During her absence two members of the family in the Misses B. and L. McManus have

**Perth Wool Sale.**

FINAL FOR SEASON.

VALUES 7½ to 15 PER CENT. LOWER.

As was anticipated, Japan did not operate at the ninth and final wool sale of the 1935-36 season held at the Perth Wool Exchange on Friday, and competition was restricted to the Continent, Bradford and Australian mills. Although the bulk of wool offering was more suitable to the Continent which operated more freely than for some time past, the absence of Japanese orders affected the market, although prices were on a par with those ruling at recent sales in the Eastern States. Compared with the previous Perth sale on March 9, when values were at their highest point of the season, good wools were from 7½ to 10 per cent. lower, with average wools 10 to 15 per cent. lower, and inferior, shabby and faulty wools 15 per cent.

Hello fellow Explorers.

I have news! The Beverley Heroic is coming! Only 4 months away.

## Ruins & Restoration: Homes and Townsites to the East of Beverley

Beverley Historical Society Field Trip - 23 May 2016

Members of the Beverley Historical Society were joined by family and friends on a fine fresh day to examine some of the ruined dwellings and almost deserted townsites out to the east and northeast of Beverley. We ventured over into the Shire of Quairading as many local & Beverley farming families eg Minchin, Hastings, Draper, Murray, Morgan, Loudon, Aiken, Veitch - had utilised the facilities available closer to home in times gone by.

Our first stop was the **Lonely Grave** of Jack Natup, a Native Assistant Policeman who was, according to the old plaque, "speared by natives at East Beverley" in June 1888. He was buried in a paddock just off the Beverley-Mawson Rd at East Beverley

and in 1980 the Beverley Historical Society further preserved the gravesite by the addition of a concrete surround.

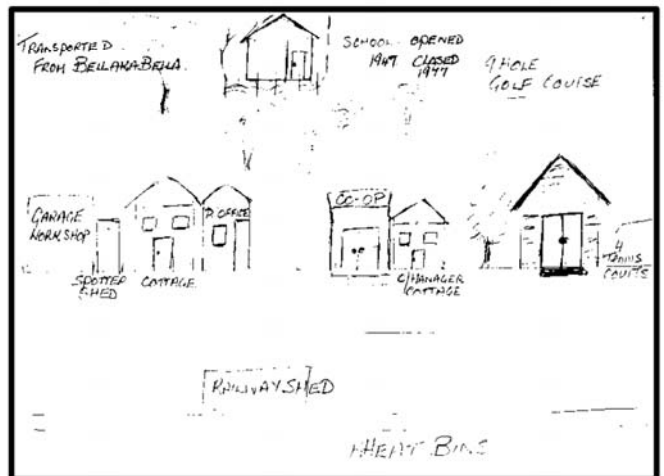

A few hundred metres on the right is the East Beverley Historical Site. The cairn there has the Foundation Stone of the **Agricultural Hall**, laid in 1896 by Mrs E Powell with Edwards Evans, Architect and T Davey, Contractor. Another plaque recalls the East Beverley School of 1904 to 1923 with first pupils from Barndon, Bateman, Draper, Hastings, Heal & Smith families. The school was purported to be held in the Hall but local residents maintain the school was a separate building across the road. The hall was in sad disrepair before it was demolished.

Turning onto the Balkuling Rd then Glencoe Rd we identified the **ruins of Ivydale** homestead, the home Donell Draper built before WW1. The house, as described by Marion Alexander in 2006, was constructed of red bricks laid end-to-end for three courses with the fourth course laid the opposite way. There are only two rooms with a passage-way still standing. Floorless and roofless, a chimney rears up at each end of this rectangular building.

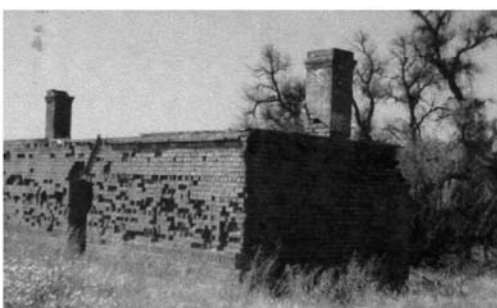

On to Balkuling town site once a thriving community with a rail siding, wheat bin, Co-op, post office, school, hall, garage, tennis courts, golf course & cottages. Balkuling (named after Balcooling Spring) became a locality in the 1890s with the townsite surveyed in 1919. Streets were named Minchin, Morgan, Young, McDonald and Hatfield.

The railway opened in 1908, with a siding, wheat handling operations and Balkuling listed as a Post Receiving Office from 1909.

*Sketch of Balkuling in its heyday by Erica Murray*

The now **ruined Post Office**, listed as an attended office from 1925, operated in a house that had the telephone exchange as well. The first public telephone was on Minchin's verandah.

The Co-op opened in 1920 on a part-time basis until 1925 when a full-time manager was appointed. Up to 5 staff were employed including Kath Veitch, Daphne Murray and Avis Minchin.

The Balkuling Agriculture Hall opened in June 1922 with a mixed sports program followed by tea and a dance till midnight. It served the district well with dances, balls, church services, school, film shows, political meetings, polling booth for elections and at least one wedding.

**Balkuling School** was established in the Hall from 1922 with some closings and openings due to fluctuating attendance figures. The first pupils came from the Fowler, Aitken, Horne, Morgan & Veitch families. In cold weather school was held in the Hall kitchen with the wood stove going. A purpose built school was moved from Bellakabella in 1947 & used until schooling ceased in 1977. This building still stands and has been used by community groups such as Landcare over the years. We had morning tea at the school.

Jacob's Well was our next destination. The **Government Well** is still there but the school, hall, store, railway buildings & wheat bins are gone. There is a plaque marking the school site but it is not readily accessible.

On nearby Clulow Rd is a sizable ruin of an **old mud brick house** believed to belong to the Baty family. The farm block had access to Clulow Rd in the north & Batys Rd to the south.

From there we ventured into Quairading Shire and on to **Toapin Weir** where we had lunch. The weir was full of water after all the early rain and the picnic area has been well-maintained and improved over the years. Information boards describe the local flora & fauna; and tell the story of the Weir – originally an AA Dam (Agricultural Area Dam) but now used to supplement scheme water.

*Members of the Group at Toapin Weir*

Our final destination was the historic townsite of Dangin that has a guided tourist trail with comprehensive information signs. Dangin was the main town in the area for a couple of decades at the beginning of the C20<sup>th</sup> before Quairading became the preferred business centre. Dangin now has a handful of nicely-restored houses and a beautiful **red brick church** – the old Methodist Church.

**Note: Words in bold refer to photos**

## E-WA Rotary Club News!

No it's not an over ripe fruit RYPEN is the acronym for "Rotary Youth Programme of Enrichment" and Local Bruce Rock Teenager "Jordan Mollenoyux" has just completed the three day event held in Serpentine.

Jordan was one of 43 participants and 10 facilitators who made the three day event one of the largest in recent times. According to Jordan (15) she was blown away by the almost "Family Like" environment and couldn't say enough on how much the three days has had an impact on her.

RYPEN is designed around the 14 – 17 year age group and focuses on providing leadership skills. Jordan expressed how amazed she was at the friendliness and team spirit that developed in such a short time. "We were set up into groups of five and given tasks and exercises that stretched our initiative and communication skills, but I cannot give too much away as the content and the actual tasks are kept confidential so as not to spoil it for those who are yet to attend this great event" Jordan went on to say she couldn't recommend strongly enough to other teenagers how much they could benefit from attending, "We discussed world issues, learnt about planning and trust all done using real life situations and giving us the opportunity to come up with ways we would handle them. It was FANTASTIC! I'm so glad I went and I'd encourage any other teenagers to get in touch with their local Rotary club and get on the list! It has given me another way of looking at not only my school life but everything! I'd like to really thank the E-WA Rotary club for sponsoring me to attend" Jordan said when addressing the E-WA Rotary club on a live online video meeting held recently.

E-WA Rotary is the first online Rotary club in WA appealing to those in more remote areas as it provides all the benefits of a traditional club with the added advantage of being able to participate in the community as a Rotarian and attend to meetings and other business from the comfort of their own home via the internet. E-WA president-elect (next year's president) is also a Bruce Rock Local "Alison Lockwood" Ms Lockwood said "The club is very new but already boasts 20 + members, a big difference we are finding is that a lot of younger people are attracted now as this method of communication appeals to them more than having to physically go to a meeting in a pub or club room, and they too can be involved in this well-known organisation doing good within their own communities. This represents a great opportunity for all residents in the Wheatbelt

If you would like more information on either RYPEN or the E-WA Rotary club drop Alison an email, [alison1310@hotmail.com](mailto:alison1310@hotmail.com)

Jordan Mollenoyux, from Bruce Rock

## Casual Field Technicians DAFWA Cooke Rd, Dale WA 6304

### Description

We are seeking casual employees to assist with hand tagging (with a tape gun) and hand harvesting of wheat and barley plants for our Australian National Frost Project site in Dale (west of Beverley). The casual employees would be required to arrange their own transport to the trial site located off the Beverley Westdale Road ~ 25km west of Beverley / 45km south of York and be available to work on Tuesdays and Wednesdays.

We require people who are generally fit, able and willing to tag and harvest plants under supervision in the field at the frost trial site. The casual employees would be paid on a timesheet as a Level 1 Technical Officer @ \$17 to \$28/hour depending on age (17 to 21+ years of age).

Work commences from Tuesday 26th of July until November 2016.  
~ 15-20 hours per week every Tuesday and Wednesday.  
Applications close 26<sup>th</sup> August 2016

### Contact

**Nathan Height** | Technical Officer  
Grains Industry - Department of Agriculture and Food, Western Australia  
3 Baron-Hay Court, South Perth, WA, 6151

**email:** nathan.height@agric.wa.gov.au

## Beverley Historical Society

We had a good attendance at our last meeting, with only three apologies.

Our field trip went very well. It was a nice day weather wise and everyone enjoyed the outing. We visited a grave, East Beverley, Balkuling, Jacob's Well and Toapin Weir. Thanks to Erica for doing the itinerary; to Di for organising and driving the bus (it made for a much better day) and to Morag for her contribution. Special thanks go to Neil for helping with the itinerary and for his knowledge and stories. It added more interest to the day, for the full report of the day go to page 16 - 17 of this Blarney edition.

Can anyone help with information on the property called 'Ethelvale'. It still remains a mystery. Where was 'Ethelvale'? Who owned the property. Was or is it in the Beverley Shire or in a neighbouring district or elsewhere in the state. We would really appreciate any help we can get.

The next meeting of the Historical Society will be held at the Dead Finish Museum on Monday 11 July at 2pm.

Gail Alabach - Hon. Secretary  
Email: bhsdeadfinish@gmail.com

# BEVERLEY PATCHWORKERS AND QUILTERS

One stitch at a time is a sure way to create beautiful quilts along with much dedication and commitment.

Amanda began her current project at the beginning of last year and while she has completed other quilts and projects along the way she continues to return to her beautiful Baltimore patterned quilt.

Amanda's quilt has been taken from a Karen Cunningham design featuring a replica of a wreath block originally made in the 1860s which the designer has called The Jester.

The center of the quilt will have four repeats of the block shown in the photo, then surrounded by two borders, the inner boarder is machined triangles and the outer boarder will be appliquéd panels.

The patterns are appliquéd. Every piece is traced onto kitchen paper which is ironed onto the fabric, cut out leaving extra for a hem and the edges fold under before being blind hemmed, by hand onto the back ground fabric. The finished quilt is 80" square so there is a lot of work to do. The second photo shows the beginning details of the outer boarder.

## CWA -Country Women's Association, Beverley Branch

Yes again I stress not just a cup of tea and a scone and boring meetings. C.W.A. BEVERLEY HAS A NEW FOCUS. At our May get together we looked at the country of Croatia, we spent some time with a getting to know you theme. The stories of our childhood backgrounds was an eye opener quite a bit of fun.

Colleen Mearns presented to us "Shoes Boxes Christmas Child" - what a worthy cause. Shoe boxes are put together for the Asian children, north of Australia. They only receive one in a lifetime, imagine only receiving one Christmas gift in your lifetime, it is so sad when you think of our utter indulgence.

The outcome, can we have craft days to make and put the shoe boxes together, YES.....YES.....YES.....  
How can you contribute?

Items to put in Shoe Boxes we focus on 4, 9 and 14yr olds boys and girls.

Girls: Skirts, dresses, shorts, tops and underwear. Boys: Shorts, tops and underwear.

If you like shopping, general items such as: Small soft toys, colouring books, pencils, sharpeners, erasers, note books, marbles, puzzles and balls. Toiletries: Soap, toothbrushes, brushes and combs.

If you would like to donate or make any of these thanks thanks thanks.

It costs \$10 postage for each Shoe Box if you would like to help there thanks thanks thanks.

On Wednesday 08 June was our first craft day, four ladies came along and put together 14 garments and what a pleasant time we spent together. The CWA are providing a venue to make and pack these shoe boxes under the guidance of Colleen Mearns. The days set aside are the second and fourth Wednesday of the month from 10.00 am. Anyone who has sewing skills or a heart for these children may come and enjoy a pleasant day together doing for others, "Warm Hugs Day". Think about it and see what Beverley can do.

On 15 June it was our High Tea and Music Day and what a treat that was? A great day was had by all and a special thanks must go to Rebekah and Cayden Grul. What a beautiful family with an amazing talent on the harp and violin.

Tammin treated us to a beautiful International day, A big thanks to the Tammin branch. In July we have the State Conference month, followed by Friendship Day in August. Look out for that event, we will keep you posted. Will catch up again in July.

Cheers Glenda.

## Lyme Disease Association of Australia

What is Lyme disease?

Lyme disease is an infection caused by a bacteria known as *Borrelia*. The bacteria, a spirochete, is transmitted when an individual is bitten by a vector e.g. tick. Lyme disease can impact many bodily systems and organs and can in some cases mimic other illnesses e.g. Lupus. As well as giving people Lyme Disease, the ticks often also transmit other diseases ([co-infections](#)).

### **Like syphilis, *Borrelia* is a great imitator.**

The clinical symptoms of chronic, stage 3 Lyme Borreliosis can imitate many chronic diseases including motor neurone disease, multiple sclerosis, Parkinson's disease, Alzheimer's, fibromyalgia and chronic fatigue syndrome.

These chronic diseases are on the rise for reasons unknown. The Nobel Prize laureate Luc Montagnier has stated "chronic diseases = chronic infections" as an increasing number of scientific articles present, the evidence is building.

Borreliosis has a myriad of symptoms. These symptoms can start a week after a tick bite or much later, and include sinusitis, stiff neck, sweat attacks, muscle twitches, muscle weakness, involuntary jerking of limbs, arthritis, Bell's palsy, cramps, paralysis, depression, brain fog, insomnia, balance problems, light sensitivity, noise sensitivity, optic neuritis, nerve conduction defects, numbness, ECG (cardiac conduction) abnormalities, swallowing difficulties, tinnitus and more.

It can also be asymptomatic (no symptoms), the major determinants being the load and type of bacteria present and the immune status of the individual.

**For a summary of the signs and symptoms of Lyme borreliosis go to [www.karlmcmannusfoundation.org](http://www.karlmcmannusfoundation.org)  
A symptom assessment form and monitoring chart is also available.**

Taken from Karl McManus Foundation newsletter. With thanks.

# Beverley District High School

For more information about the school, visit our website!

June was a very busy month at Beverley DHS.

**Water Harvesting Project:** We were delighted to hear from Minister for Water Hon Mia Davies MLA that the Beverley P&C was successful in obtaining a \$98 000 grant for a water harvesting project which will allow us to collect and re-use stormwater run-off around our grounds. This will save the school significant amounts of money which can be channelled into resources for students.

*P&C representatives John Hawke and Jacinta Murray with school gardener Jethro Sleer, principal Wendy Moore, and Minister for Water Hon Mia Davies MLA (far right).*

**Driver Safety:** Our Year 9 and 10 students have been learning about driver safety. They have been participating in the *Keys for Life* program, have had visits from RAC experts, and attended the PARTY exhibition in Northam where they learned from health professionals about the serious implications of unsafe driving practices.

**Mega Minds:** Our extension TAGS program which focuses on science and technology is producing fantastic results. We had two teams participating in the district Mega Minds Challenge in York on 23 June. Our Year 6 team came second of ten teams overall – an outstanding result. Congratulations to Mrs Aynsley and the participating students: Barclay Wilkinson, Rebekah Aynsley, Bronte Cleland, Olivia Lucas, Tom Mellick, Hannah Morrell, Tabitha Roche, and Zoe Shaw.

## Assembly Time:

Our students enjoy running assemblies and their performance items are always a lot of fun. Parents and community members are welcome to come along to assemblies, which are usually held on Thursdays from 2pm, in weeks 3, 6 and 9 of each term.

*The Year 5/6 assembly focused on being tolerant of differences, while the Year 1 class retold the story of The Gruffalo.*

## Community Visitors

Our Kindy and Pre-Primary students have been working hard on their early language, literacy and numeracy skills, with special programs in place to ensure that students who require extra help receive that support from the outset. Our youngest students also spend plenty of time in play and in learning about the world. The Pre-Primaries recently enjoyed a visit from John Lane, a long-time volunteer with Beverley St John Ambulance. They loved it!

## Sporting Success

Congratulations to our interschool cross country team, who came second overall at the recent carnival in York. The students were wonderful representatives of the school, and their participation and sportsmanship was superb.

Our upper primary students also participated in the recent Winter Carnival at Pingelly. They were outstanding competitors on the day. Thanks to all the student helpers and parent helpers for their support.

## Parent and Community Forum

On Friday 24 June, the school was delighted with the response to our invitation to parents and community members to come along and contribute to building a better and stronger Beverley District High School.

The first event of the day was a busy bee to construct a chook pen, funded by a Waste Wise Schools grant. An enthusiastic crew of helpers joined project leader Sarah Aynsley to create a very amenable and functional home for our prospective new feathery members of the school community, who will help us to turn foodscraps and rain run-off into eggs and manure for use in our canteen and our vegetable garden respectively.

*Peter & Allora Cooper, Ella Cooke & Bronte Cleland, Henry & Alan Sattler, and Kayleene & Brandon Devenish at work on the chook pen.*

After a busy morning working on the chook pen, these and other parents and community members attended a forum to discuss how the school is progressing, and what future directions the community sees as important for the school.

The forum, facilitated by School Council members Brendan McLean, Scott Morrell, Ros Mellick and Karen Wansbrough, provided insights about how the school might best meet the needs of students, parents, and the broader community. Discussions focused on how the school and the community could work together to achieve those outcomes.

*Kelly Mann, Fred Bremner, Jenny Longo and Jodie Bell share ideas.*

Participants conceptualised what an ideal school in Beverley might be like, and considered how close the school currently comes to achieving those goals. We really appreciate parents and community members coming along to the forum and sharing their opinions in such an honest and constructive manner. Thanks to P&C members who assisted with catering for the lunch, and students leaders for serving our delicious meal.

*School Council Chair Brendan McLean and Council member Scott Morrell assisting parents and community members at the forum.*

After the forum, it was time for fun and games..... the Olympic Games to be precise. The inaugural Beverley Run to Rio and Mini-Olympics, organised by the student leaders (Heads of School Candice Treasure and Courtney Tee and the 12 other student leaders and class representatives) was a crazy, fun, and relaxing event enjoyed by students and their families in the lovely winter sunshine.

Special thanks to Kellie Shaw for her work in supporting the student leaders to organise this event.

We would like to thank all the families who came along for the afternoon. Students always love having their parents and family members joining them at school.

## Working with Warriors an Innovative Approach to Men's Wellbeing and Health and in particular Mental Wellbeing

The Regional Men's Health Initiative is a state-wide program empowering men and communities to take responsibility for their wellbeing and health.

This program's primary role is community education on men's holistic wellbeing.

This is delivered in three ways:

1. Warrior Education Sessions;
2. Fast Track Pit Stop;
3. Advocacy.

The RMHI emphasis is on men's holistic wellbeing and health, which means the whole person and understanding problems/issues in the context of life. When we consider the individual we believe we are more than just physical and mental beings, the often neglected element is our "social/spiritual" wellbeing. We promote the requirement that it is important to know and understand the story behind our identity and what it is that makes us an individual.

Modern Western Medicine is too often about:

- Diagnosing ills;
- Prescribing pills; and
- Sending bills

The "human factor" can get lost in the medical mix.

It has been said to me in the past that the definition of a good accountant is, "they get to know the people in the business"; this is no different to the functioning of a good doctor or specialist. In the work we do this is obvious, especially in the case of both the diagnosis and marketing of mental health issues.

We talk about "situational distress", which is the space between being well and being diagnosed with a mental illness. Quite often we fail to

## SHAZMAC PLUMBING

**NO job is too big or too small.**

realize that most mental illnesses start from situations that are unresolved in our lives. Sometimes we have to allow people, in particular blokes, to be in this space which is about people having a "normal reaction to an abnormal event".

Often men know the issues but we don't want to show ourselves as the "only one" with a problem. Men in particular struggle because we think we are failing, rather than realizing we are battling issues beyond our making and/or control. A lot of the time it is about giving blokes permission and pointing blokes in the right direction to seek the best medical advice they can.

Blokes are warriors and that winning and macho attitude is very prevalent which often inhibits help seeking behaviour and can contribute to delays in men getting to the doctors. In regional areas the distance factor and lack of services also plays a role.

Our slogan "...before it all gets too much...Talk to a Mate!!" is the basis of all our initiatives. Mateship, empathy and appropriate use of humour is the key to connectedness in our programs and presentations. We don't do health assessment but we do health awareness, which is quite often the missing link.

For more information you can contact The Regional Men's Health Initiative.

# Beverley Playgroup

We are a fun place for babies and children aged 0-4 years old to come and meet new friends, learn from each other, problem solve, play with new toys and equipment, practise their social skills and learn the meaning of 'share'. It's not all about the children though, it's great for the adults to socialise, share tips and enjoy a cuppa as well. We are always welcoming new members. You are entitled to 3 free sessions before joining as a member. Children don't have to be brought in by a parent, it can be a grandparent, aunt etc. New members are always welcome!!

## Busy Busy Busy...

We have been busy little children getting our art and craft creations started for our show mural which will be on display in the Exhibition Shed at the Beverley Agricultural show in August. If you would like your child to have a craft on the mural come down to Playgroup on Thursday mornings.

## Busy Bee..

Watch this space for a busy bee date coming soon, the committee have been working very hard drawing up plans and getting quotes ready to start our outdoor play area for the children, adding in a bike path a sandpit and a shed. Keep an eye out for a call for volunteers.

## Singing and dancing...

A big big Playgroup THANKYOU to Megan and Nick Jacobs for providing us with a wonderful morning of songs and dancing! We will defiantly be booking in your musical talents again. The children and parents thoroughly enjoyed it.

## CBH Grain Donations...

Whilst we have settled in nicely at the school, there is a long list of things we still need to do, such as; erecting an outdoor shed to store all the outdoor toys and equipment, a sandpit, a bike path, playground equipment... the list goes on! The Playgroup committee have been actively fundraising for these with raffles, a cake stall and catering for 5 different events. We would be most grateful for any grain donations to add to our fundraising.

### How to donate grain to Beverley Playgroup:

- \* Log into CBH Loadnet
- \* Hover the Nomination on the blue menu bar
- \* Click on Donate in the drop down
- \* Choose the required account number and season from the drop down box
- \* Choose the relevant commodity and zone from the drop down box
- \* Select Beverley Playgroup #40410524
- \* Choose your acquirer, payment method and destination site from the drop down box
- \* Click select loads
- \* Nominate grain

If you would like any assistance with this, please contact Kelly Mann 9690 2989.

## PLAYGROUP SESSION DETAILS

**Every Thursday morning from 9.30am to 11.30 am  
(closed for school and public holidays)**

- Located at the MOASH Building at the Beverley School (Lennard St)
- For any child aged 0-4 years old
- Bring a piece of fruit to share, hat and sunscreen

## Rehabilitation at Avondale bushland reserve

Sarah Gosney from consultancy Wandoo Environmental has been contracted by the National Trust to manage acquittal of a State NRM grant for Avondale Discovery Farm. Key tasks for this Grant include managing the acquittal of the \$14,000 grant that was applied for back in September 2016, Sarah's tasks will include liaising with stakeholders and to co-ordinate volunteer and in-kind support.

The grant outputs include, photo-point monitoring, feral animal control, an updated fauna survey, installation of new gates and the mending of fencing, weed control, revegetation, look into the installation of cages and the use of Elliott traps with the guidance of infrared camera traps; and place nesting boxes within the reserve and habitat installation

Farm warden Mon has undertaken some baiting but at present it is on hold due to the lambing season. The impact has been difficult to quantify as the reserve gates are left open to allow movement of kangaroos in and out.

The grant will fund fauna monitoring with installation of camera traps, cages and additional fox bait to help maintain a more definitive estimate of the quantity of native and introduced animals within the reserve at any one time. Baiting and trapping will continue after lambing season. To help reduce the feral cat population along with fox control.

Fence inspections are regularly conducted and have identified areas where repair is needed. New reserve gates have been installed

and vermin proofed. It is proposed that fence repairs are undertaken by volunteers on a planned community day on 16 July. The work will include cutting fallen branches that are resting on the fence; reattaching skirting layers; add missing skirting to an area on the eastern boundary, and pegging skirting and filling holes dug under the fence.

It is also proposed that habitat within the reserve be improved through the installation of nesting boxes and creation of habitat in the form of logs etc. along the walk trail path. Fallen log habitats can be created by securely stacking a pile of sturdy branches together near the base of a tree or near rock piles that are naturally occurring.

Photo points have been established to monitor progress of the reserve rehabilitation that was carried out back in early 2014. Recent photos show that previous revegetation appears to have been successful along the majority of the north-western border.

The ultimate goal of the revegetation is to protect the interior part of the reserve from seed blown in from the neighbouring farmlands. New plantings will be understory and ground cover plants along the north-western border and within bare patches along the southern border.

Beginning a seedbank with collected seed from the reserve as well as a herbarium to document plant species would be a good start to developing independent seed propagation for the reserve and the use of a building on site is being

investigated for this purpose in the future.

A revegetation plan is currently being created to follow on from work already undertaken and to ensure retention of the conservation values of the bushland into the future. Weed spraying has been undertaken prior to the community day when volunteers are needed to help with the proposed planting.

Bonfire piles have been created within the reserve as the quantity of dry wood is a dangerous fire risk. The current weather conditions have made lighting difficult. Planting trials will need to be run on the burnt areas. A controlled burn that will successfully avoid both the priority 4 flora and the Jam trees (*acacia acuminata*) has been surveyed. It would remove a very large quantity of dead wood from the reserve and encourage recruitment of dormant seed within the seed bank. When weather and ground conditions are ideal, DFES and the Emergency response team from Beverley have agreed to help with a prescribed burn.

A community day will be held at Avondale on 16 July with assistance from the National Trust, Avondale Farm Project Association, Beverley Naturalist Club and Men of the Trees. If you are interested in helping out for some or all of the day, please contact Sarah Gosney on 0423 252 845 or [venolia@yahoo.ca](mailto:venolia@yahoo.ca). Volunteers can register their interest on [www.volunteersignup.org/8XYMM](http://www.volunteersignup.org/8XYMM).

### CALL FOR VOLUNTEERS

**Saturday 16th July**  
**9.30AM – 4.00PM**

(or for as many hours as you can)

*Avondale Discovery Farm, 550 Waterhatch Rd, Beverley*

**Bring:** drink bottle, hat, long sleeved shirt and trousers, sturdy shoes, gloves

**RSVP:** By **Friday 8th of July**. Please express your interest and sign up on  
[www.volunteersignup.org/8XYMM](http://www.volunteersignup.org/8XYMM)

*(limited accommodation available by request)*

**Contact:** Sarah on **0423 252 845** or via email at **venolia1@yahoo.ca**

The 53 hectares of bushland protected in Avondale Reserve comprise one of the largest remaining patches of native vegetation in the surrounds of Beverley, and although in need of rehabilitation, the reserve is a rare example of habitats which used to be common in the wheatbelt. The Dale area in which the reserve is located is recognised for its high degree of biodiversity and the reserve itself contains Priority Flora and a range of unusual species.

**Volunteers are needed** to help with a fence walk around the perimeter of the bush land, painting nesting boxes, constructing habitat, and planting understorey plants.

*This work is being assisted by a State Natural Resource Management Grant and hosted by the Avondale Farm Project Association and the National Trust of Western Australia.*

#### Can you help?

**All equipment, seedlings, tea/coffee and a light lunch are provided.**

**VALENTI LAWYERS**  
PROPERTY & COMMERCIAL LAWYERS

**Valenti Lawyers** will be at the Quairading Community Resource Centre on Wednesday, 27 July 2016 from 10.00am to 5.00pm to take instructions in relation to estate and succession planning, property and commercial matters.

Any person wishing to obtain advice in any of these matters should contact our Kim Valenti's personal assistant, Simone Poor, on (08) 9224 6222 to arrange an appointment or feel free to call in on the day.

Please visit our website [www.valentilawyers.com.au](http://www.valentilawyers.com.au)

If you have ventured into the Station these past few weeks you will have noticed some progress commenced on the old carriage exterior. This has been a long time ambition of Haydn Rayner, to oversee the restoration of the carriage that his late wife Ann had instigated so long ago. As is often the case, with work commitments and ill health prevailing, the time has slipped by but now, just past the 6<sup>th</sup> anniversary of Ann's death, the time seems right. To help Haydn is our ever handyman Barry Knight and you will find them hard at it every Thursday. Thank you both, we are very grateful for this ongoing commitment. If anyone else would like to join them, or maybe just take them a cuppa, with an encouraging word, please don't hesitate.

### Station Gallery

Due to electrical power outage in most of the town on the morning of the 16 June, the Book Launch by Kelly Newton-Wordsworth that was to be held at the CRC was relocated to the Gallery where lights and power points were still working. About a dozen attended the launch where some lively and interesting discussion arose.

It's been a quieter month at the Station for most the committee, but with the cancellation of the intended artist for June, our coordinator Marylou advertised for short-stay artists and then had a busy time fitting all the applicants in as there were so many! Thanks Marylou.

### Artist-in-Residence

The first artists for the month were Hazel Moore (left) and Sandy Robertson (below), and their paintings as were hanging in the gallery (below right). They were joined for two nights by Hazel's sister-in-law Jenny, also an artist. Hazel and Jenny aren't newcomers to town as Jenny and her husband John have a house in Dawson St where Hazel's son Steve now lives. It's a wonder that any artwork was accomplished at all during the week with interruptions like Station Singers' practice, electrical blackouts and a book launch amongst the usual visiting tourists, but they insisted they had a great time and met so many lovely people whom they thank so much for making them so welcome. They also spoke of the accommodation being so nice, comfortable and convenient, and would have happily stayed longer with time to run workshops.

DIRECTORS  
ASSOCIATION**

Lesley Austin from Mandurah was the next artist to cover the weekend 23 to the 26 June. Inspired by nature and natural forms, her paintings of realistic birds and impressionistic flowers and landscapes are exquisite.

The first weekend in July will see Kathy Allam at the Station. Kathy is a painter and sculptor whose artistic practice explores the repurposing and revaluing of items commonly discarded. She has exhibited in numerous exhibitions, the most notable being at *Sculptures by the Sea, Cottesloe* from 2011 to 2014 and Bondi in 2013.

On 06 - the 9 July Susan Payne plus three others from the WA Watercolour Society will be at the Gallery with an exhibition of their works so please call in to view their painting during gallery hours or if the sign is out on the pavement.

Arriving July 12 is Dr Myer Taub who was to return for a two month stay mid-June, bringing with him three other artists, but due to work and travel constraints the time has now been shortened to just one month.

Dr. Myer Taub is a lecturer in the Drama Department at the University of Pretoria, South Africa, where he teaches a variety of courses in the theatre and performance studies programs. His research scope includes areas such as Performance as Research (PaR), identity, performance as intervention and artistic practice within the theme of garbage and waste. He is a core researcher in the Capitol Cities Project, based at the University of Pretoria and a research leader in the Social Life of Waste Art, (SLOW) network based in the

Southern African region. His international network includes being part a member of the PaR Working Group based within the International Federation of Theatre Research. Outside of the university he actively works in areas such as theatre making, live art - performance projects situated in museums and heritage sites and places concerned with the environmental humanities.

He is will be based at the Beverley Arts Station from July 13 where he will be working on several art performance projects with themes associated with treasure, presence and collaboration.

He will also be bringing along to Beverley during his residency tenure at Beverley several Australian and South African artists including Andrew Lamprecht from the Michaelis School of the Arts who in in collaboration with Dr. Myer Taub, has been exploring the intersection of performance, fantastical fiction, fine art and the nature of historicity in a series of deeply researched performances in South Africa over the last decade. The opportunity to extend this art-esearch in Beverley will allow the work to break the bounds of a South African context and highlight links that exist between the two countries.

Additionally, the type of site-specific performance that will be produced aims to open up new and different modes of fine art per formative practice, embedded in an understanding and exploration of the local landscape and drawing in collaborators from both South Africa and Australia.

### Professor Alain Said

Professor Alain Said, originally from the University of Talagashee, New Zealand now based in Cape Town is an independent scholar in art history and artefact will present some of his seminal findings on the relationship between Ley-Lines, Charles Darwin, the Occult, UFOs and The Holy Grail at the Beverley Town Hall, Shire of Beverley, Western Australia on Friday 29<sup>th</sup> and Saturday 30<sup>th</sup> July. (Time to be confirmed.)

For all information on residencies check with Artist in Residence Coordinator Marylou Hutchinson on 9647 1027 / 0427 085 511 or email: [hutchinson@wn.com.au](mailto:hutchinson@wn.com.au)

### **Beverley Station Singers**

The Station Singers get together in June was mainly practicing for the Voice Moves Choir Bash in Riverton on Sunday 03 July. Coming performances are the Beverley Show on Saturday 20 August, the Voice Moves Beverley Choir Bash on Saturday 10<sup>th</sup> September, and the Dunsborough Songfest Friday 11 - Sunday 13 November, and the Beverley Community Christmas Concert Saturday 17 December.

The next get-together to practice for all these events is at 7pm on Wednesday 20 July.

Kelly Newton Wordsworth directs the group on a monthly basis (\$35pp to be paid up-front 3 monthly, or \$50 per session). Anyone interested in joining the singing group contact Tracey Fleay- Mob: 0409 481 029 or E: [traceyfleay@hotmail.com](mailto:traceyfleay@hotmail.com)

### **Platform Theatre**

The Platform Theatre is in recess till September. To open next season will be the annual Voice Moves Choir Bash on the afternoon of Saturday 10 September 2016.

If any community group is looking to raise funds please keep it in mind that the Platform Theatre is available for events such as movie nights. With just a minimal hire cost of screen and projector, it makes for an easy fundraiser.

If you would like to be included on the email list for notification of coming events (so you can forward to friends), email secretary Sarah Miller [miller@reachnet.com.au](mailto:miller@reachnet.com.au)

### **Beverley Station Arts Membership**

It's time for membership renewal! See membership form in this edition of the Blarney. To become a member of Beverley Station Arts Inc (Friend of the Station) please see Treasurer Pauline at the Newsagency, phone 96461142. Membership forms can also be downloaded from [www.beverleywa.com](http://www.beverleywa.com) (NB cheques to be made payable to Beverley Station Arts) and send to PO Box 112, Beverley 6304.

**The Station garden is available for public use at any time, just open the gates and enjoy!**

**Station Gallery Open Hours**  
(CLOSED TILL FURTHER NOTICE)

### Powerful Immune Boosting Winter Tea

By Valerie Gunsch,  
Clinical Nutritionist  
Profemme Practitioner  
E | [healthylivingbev@westnet.com.au](mailto:healthylivingbev@westnet.com.au)

Here is a powerful cold and flu  
fighter, excellent for boosting  
your immune system.

#### Ingredients:

- 1 inch ginger roots,  
peeled and sliced
- 1 inch turmeric root,  
peeled and sliced
- 2 slices of lemons,  
rind and all
- 1 tsp. honey

- ☞ Steep the cut ginger and  
the turmeric root in 1 cup  
of water.
- ☞ Cover let stand 2 minutes.
- ☞ Add 1 cup of cold water,  
stir all.
- ☞ Add honey and lemons
- ☞ Stir well, drink warm.

## BEVERLEY CHILD HEALTH CLINIC

Clinic is open Fridays for appointments, home visits and/or immunisations 9am to 4pm.

For appointments or enquiries please phone the hospital on 9646 3200 or 0427 901 321.

LISA WAY — Child Health Nurse

## PRIMARY HEALTH SERVICES available to the community of Beverley

You can refer yourself or your child to the following health professionals:  
**Child Health Nurse** - Phone 9646 3200 to make an appointment, Hospital Admin Staff will assist you in setting an appointment time (attendance Fridays).

**Child / School Health** – 9646 1210

**Dietetics** – 9690 1320

**Occupational Therapy** - 0429 466 224

**Physiotherapy** – a **Doctors referral is required** – Please send to PO Box 142, Beverley or drop referral to the Beverley Hospital (attendance Thursdays)

**Podiatry** – a **Doctors referral is required** Please send to PO Box 142, Beverley or drop referral to the Beverley Hospital (attendance Fridays) \*\*

**Social Work** – Phone 9690 1320

**Speech Pathology** – Phone 9690 1321

- Services are provided at the Primary Health Building, on the corner of John and Forrest Streets, Beverley. There may be a waiting time for services.

- These services are provided by WA Country Health Service and are free of charge. (Please note that the Podiatry Service is a private practice and is not free of charge - there is a fee at first consultation but the WACHS/ Beverley Health Service do not get involved in taking fee payments – only assisting at receiving the referrals for appointment. The Doctor's referrals are usually faxed to the service provider, Como Podiatry, who contact the patient by phone and make an appointment).

- If you have any concerns about your own health or your child's health and development, please phone the relevant health professional to discuss your concerns. Alternatively, you can speak to the Child Health or School Health Nurse, or your GP, to discuss your concerns and to determine the most appropriate referral.

## Backups

It is now more than ever critical that you do regular backups of your files. Backups are the only protection from catastrophic PC failure, your own mistakes, and the worst effects of a severe virus attack.

### Why Backup

**PC Hard Drive Failure:** Hard drive failure is common (I've had 6 fail but always have backups). Files may be recoverable from a failed hard drive but this is not guaranteed, **and** inspection and recovery will cost more than \$1000. On my current PC the hard drive failed when it was only 9 months old.

**Crypto Viruses:** A PC can be infected with a Crypto virus, the worst virus on the Internet (check on Google). Criminals encrypt all your files so they are unusable, then demand a ransom to restore your files. If you don't pay, your files will be lost forever. Even if you pay there is no guarantee getting your files back - you are dealing with untraceable criminals. Some of my clients have lost some or all of their files as they had no up-to-date backup.

**PC Repair:** One of my clients unintentionally invited someone into their PC for online repair. When he refused to pay, the 'repairer' left malicious software on the PC. When I tried to remove the malicious software, it caused the PC to reload the operating system, destroying all the user files. I had backed-up first so all the files could be restored.

**Your own mistakes:** It is easy to make mistakes while you are working on your PC. You can accidentally delete

## Free Windows 10 upgrade expires July

The limited-time free upgrade offer to Windows 10 ends 29 July 2016. Windows 10 will be continuously upgraded from now on. This offer only applies to Windows 7 and 8. This offer is not available for Windows Vista, XP or earlier operating systems. See my article in the February Blarney for more details.

files or overwrite files.

### What and When to Backup

You do not need to back up everything on your PC. The system files and programs can always be restored from within the PC or from the Internet. **However, it is important to back up all the user files for all users of the PC.** Otherwise this information cannot be recovered if it is not backed up.

**Regular backups on an external drive are the only way to guarantee not losing your files.** I recommend backing-up at least once a week – you never know when something will go wrong. For a business consider backing -up daily.

**Only connect the backup drive while you are backing-up or recovering files.** If you leave a backup drive connected then a Crypto virus can encrypt your backup as well as the PC files.

**Do not back up to the internal hard drive in the PC - if something goes wrong your backup may be destroyed**

### Do you have a Backup Drive?

If you don't have an external back-up hard drive – do yourself a favour and go and buy one as soon as possible. A 1 Terabyte drive will cost about \$90 online or in a store.

**S**unday 12 June saw the Beverley Districts Motorcycle Club host the second WAMX Junior State Championship Round. It was a jam packed program with 33 motos to cram in starting at sun up all the way through to sun down. The track was in tip top condition thanks to a dedicated committee with competitors coming from as far as Carnarvon to compete. Competitors were

definitely not disappointed with the local track and many praised the club for the smooth running and well organised day of events. Many thanks go to MXWA for giving Beverley the chance to host such an outstanding event. Thanks also to those extra helpers on the day, without your additional help it is what made the day for us such a smooth running event.

For leader board results for the junior state round competition and other information head to:

<http://www.perthmx.com/wamx-junior-state-round-bursts-into-the-avon-valley/> for the full story. The BDMC are ever so lucky to have such a dedicated committee who put in many hours and give up their non racing weekends to make sure that the Beverley track is in top condition and of such high standard. Without Anthony Fiaschi, Greg Offer, Bob Vanderlaan, Debbie Clements, committee and crew the track would not be of such excellent condition. I am pretty sure all club members, spectators and riders wish to thank you all for your ongoing support that you give to the club. Without these people Beverley Districts Motorcycle Club would not be what it is today.

Beverley Districts Motorcycle Club are constantly seeking to improve the way the club is run from its very strict rider safety standards to improving the canteen facilities to making sure all flaggies are safe and out of the weather on race days.

Our next Go Moto day is on July 17 and so far from the interest from riders looks to be another successful day. Spectator entry on Go Moto and Ulinga Cup race days is free to all spectators with the club having a fully operational canteen and a spectator viewing platform, it's a great way to watch an afternoon of motocross action in Beverley. Also a huge thank you to Hotel Beverley who has been our ongoing supporter for many years John Maxwell and his team your hospitality and support has always been outstanding.

**FLAGGIES WANTED!!**

In order for our riders to race safely we require flaggies at every race meeting. Flaggies will be paid \$75 CASH and looked after with lunch as well. If you are interested in Flagging please call Mon on 0474 105 242 for details, No experience necessary the only condition is that you must be over 16 years old to flag.

**Up and coming Race meetings for the 2016 season:**

17 July (Go Moto 3)	21 August (Ulinga Cup Rd 3)	11 September (Go Moto 4)	02 October (Go Moto 5)	23 October (Ulinga Cup 4 & Trophy Day)

## BRIDGE - Card Game

If you would like to come along and  
enjoy a game of bridge.  
We welcome all new members to  
join us.

WHEN: Mondays  
TIME: 1.00pm  
WHERE: CWA Hall

## LADIES GOLF

Wednesday 25 May  
Maxine Watts Trophy  
Second Silver Spoon, Int Bowl and  
Putting Competitions.  
Winner- Marg Peck 78nett  
Runner-up- Yvonne Hobbs 79nett  
Nearest to pins won by Val Moir and  
Jane Murray

Friday 27 May –Tammin Open Day-  
Four ladies went to Tammin. Glenys  
Collins and Jane Murray came second  
on a countback from the winners in the  
gross division for the day. Yvonne won  
nearest to pin and Jane won a raffle - a  
plant.

Wednesday 01 June  
Wundowie Open Day-  
5 ladies went to Wundowie, this could  
be their last open day due to there not  
being many ladies at Wundowie, but  
we hope not. Marg Peck won the day  
on 39 pts, well done Marg, we can't  
even do that on our course. Sera won  
lucky card drawn by Marg and she also  
won a raffle - hamper. Yvonne won a  
golf ball. Maxine, Heather and Anne  
played golf at home that day and had a  
bit of fun.

Wednesday 08 June - Gingin Open day  
Glenys went to Gingin on her own and  
then went to Moore River for a bit of  
R&R with Ron. The rest of us played  
Stableford for Club Trophy and Monthly  
Medal.  
Winner- Sera Minchin 33 pts  
Runner-up- Marg Peck 31pts  
Longest Putt- Marg

Friday 10 June - Brookton Open Day  
Three Ladies went to Brookton we all  
had played with great people and  
enjoyed the food but unfortunately we  
couldn't bring home anything to talk  
about.

Wednesday 22 June - Club Trophy  
Winner – Yvonne Hobbs 29 pts  
Runner-up- Maxine Watts 28 pts  
Both Pins were won by Glenys Collins

Hopefully soon one of us ladies will  
cream the course and do something  
great to their handicap because at the  
moment we are finding the way very  
hard but enjoying our golf anyway.

# Beverley Hockey Club

## Saturday 28 May Beverley v York Jetz

The second home game for the girls was a tough game. A fantastic local crowd turned out in lovely conditions to watch the team in what was a defensive battle in the end. Unfortunately the girls were out-scored however they fought hard all day and didn't drop their heads.

**Score: Beverley 0 lost York Jetz 4**

### Award Winners

Coaches Award: Bec Sims – sponsored by Beverley Electrical

Captains Award: Chantelle Meade – sponsored by Beverley Transport  
Jacinta Murray – sponsored by Northam Tavern

## Saturday 4 June BYE

## Saturday 11 June York Cougars v Beverley

A fun afternoon in York started with a game of Tug-O-War to determine which teams would play on the "show court". Beverley and Cougars flexed their muscles over Jenna and Jetz and headed up to the show court for their match. There were plenty of shots on goal from Beverley but unfortunately only managed to convert one. Beverley held the lead until the dying minutes of the game when the Cougars converted from a short corner to draw the game 1 all.

**Score: York Cougars 1 drew Beverley 1**

**Goal Scorers: Mirika Winmar (1)**

### Award Winners

Captains Award: Nicola Broun – sponsored by Beverley Transport

Coaches Award: Kelly Mann – sponsored by Beverley Electrical  
Mirika Winmar – sponsored by Northam Tavern.

Top photo: Half time huddle

Middle photo: Redbacks vs York - short corner

Bottom photo: Tug o war

## Saturday 18 June Beverley v Aces

A home game in cool overcast conditions began a little slowly. The crowd were yelling at the girls to talk to each other as the field was lacklustre and slightly congested. The second half was a new game and the team found their voices and the goals! Many thanks to the supporters for their encouragement from the sidelines.

**Score: Beverley 3 def Northam Aces 0**

**Goal Scorers: Lisa Mourach (1) and Marika Winmar (2)**

# Beverley Men's Golf

Cool weather greeted 14 golfers on Saturday 28 May for the **Brett Hutchinson** Trophy.

This week saw a number of good scores but none better than Darrell Hagan who won the day with a very impressive 39 points. Mark Armstrong scored 36 points to be in second place with Stephen Gollan, and new member Keith Hawkins scoring 35 points each, tied for third.

Thanks are extended to **Brett Hutchinson** for sponsoring the day.

Saturday 04 June saw the 3<sup>rd</sup> Qualifying Round held. The day was sponsored by **Wayne Smith** and our thanks are extended to him.

In cool conditions a field of 15 took part in the day. It was great to see Bruce (Frostie) Kilpatrick play his first game of the year. Luke Gollan had a day out and won the day by five shots with a tremendous score of 61 nett from Mark Armstrong who also had a brilliant round shooting 66 nett.

The best gross score was also shot by Mark with 81 for the day, his day even got better when he also won the Birdie Nest, for his Birdie on the 7<sup>th</sup>.

Appreciation is extended to **Wayne Smith** for sponsoring the day.

Saturday 13 June witnessed 11 players take part in the **Beverley Electrical** Trophy. This was a Stableford event.

At the completion of the day Mark Bickley was named winner with 39 points, one clear of Stephen Gollan 38 points and in third place was Bruce Kilpatrick with 36 points.

The club would like to thanks **Karl Smith** for sponsoring this day.

On Sunday 14 June the first Darling Range Golf Association event was held in Waroona. This was a 27 hole Stableford event with Beverley sending 4 players.

Beverley was represented by Wayde McLean and Stephen Gollan, both found the going tough and could only manage 39 points each over 27 holes.

Sunny conditions greeted 18 golfers on Saturday 18 June to play for the prestigious **GL Broun Trophy**

## GYM MEMBERSHIPS

## BEVERLEY NETBALL CLUB

We are just about half way through the season with Spinners sitting the highest on the ladder out of all of our teams. Sadly we have lost a few players to injuries and we wish all those players a speedy recovery.

Friday 25 June saw the Orbs vs Spinners for the Jurakine Shield. Congratulations to the Orbs the winners the derby and now current holders of the Jurakine Shield. Thanks to Dee and Nooky Ridgway the sponsors of the shield for coming along to watch the game on a such a cold evening. Photos, results and information go to the Facebook page.

On Saturday 16 July the club will host the first players tea/game night for the 2016. Each team is allocated a course they must provide, see your captain. The night kicks off at 6.30pm at the Amenities building.

*Orbs with Nooky and Dee Ridgway*

Sunday 31 July - Beverley BYE

**Colts Carnival -** Congratulations to coach Damien Murray and our three Beverley Redbacks players who participated in the Colts Carnival in Wongan Hills on the 18 and 19 June. Beau McLean, Tim Bremner and Khyle Ugle all represented the Beverley Redbacks in the Avon Association team.

Well done to Khyle Ugle for making the All Stars team, The Northern Suns. He had a great carnival kicking 12 goals in five games.

### Coming Events:

🏠 1976 40 Year Premiership Reunion  
Saturday 2<sup>nd</sup> July

🏠 1996 20 Year Premiership Reunion  
Saturday 6<sup>th</sup> August

### Club Merchandise

Redbacks Hoodies are here!

*See you at the footy !*

# Beverley Horse and Pony Club

June has just flown by, with the club holding a rally and another event, and the members were out and about competing.

It is so good seeing so many of our riders going out and having a go at different events and having fun, which is the most important part. At the beginning of each rally it's really great that everyone comes over and helps set up all the equipment. Thank you for your assistance, it is appreciated.

Our club rally was held on Sunday 19 June and it was a fantastic day. We had Judy Rose come along as our visiting coach, she put the two older groups through their paces. While Jenifer and Tess are continuing to do a fantastic job covering the aspects of riding with the two younger groups. It is a requirement at each rally every group has to participate in a horsemastership lesson, which covers understanding how to care for and look after their ponies. Our club is grateful to have such knowledge and experience to teach our juniors, many thanks to Annette, Jenifer, Anne and Tess for all of the lessons at the rallies. The photo on the right is of Bethany, Jacob, Layla and Soraya learning the different parts of their ponies.

On Saturday 11 June the club held a 'Show Jumping Training Day' with experienced coach Noel Mustchin instructing the riders. Although numbers were half of last years it was still a awesome day with Noel being able to spend more time with each rider. We were lucky enough to have Nicole Lockyer photography there capturing moments from throughout the day. If you would like to see these images please head to [www.nicolelockyerphotography.com](http://www.nicolelockyerphotography.com).

Our next rally is on Saturday 23 July. Please arrive at 7.45am to help set up, those that are unable or stay for the full day please let Vicky know so we can adjust the program. Vicky Lucas on 0409 158 852 or email [vickylucas@live.com](mailto:vickylucas@live.com).
