SHIRE OF BEVERLEY PRESIDENT REPORT - OCTOBER 2016

Burglaries and Theft in the Rural Area

This alarmingly has been happening all too frequently in the rural and outer town areas of the shire over the last few months. It is very unnerving for those affected, and for those concerned by what is occurring. Please report any suspicious behavior or activity as soon as you are aware of it, no matter how small, it might be a piece of information that helps to solve a bigger puzzle. Let's all keep an eye out for those respectful of others property, and please leave a message rather than hang up if you don't get someone on the end of the phone. Beverley Police ph: 9646 3333, E: beverley.police.station@police.wa.gov.au

Old School Roof Replacement

Council is in the process of engaging a company to undertake the roof sheeting replacement of the Old School Building in Vincent St (current CRC location). The building has been in need of this restoration work for many (many) years, and follows the floor replacement and foundation renewal undertaken in 2014/15.

Roads

Councillors and staff recently undertook a bus tour to inspect various roads and issues around the Shire, breaking to have lunch with the Avon Tourism Board who held their meeting in Beverley that morning. The road inspection was followed by discussion regarding the road programme.

Collins Road has now formally been dedicated as road reserve after successfully being excised from the timber reserve it is located in.

Verge spraying – this year the Shire engaged a contractor to undertake verge spraying along shire owned roads. This has been very successful and positive feedback has been received from many residents

Shopfront Assistance Altered

Council in the past has offered a small financial incentive to main street shop owners to assist with enhancement of their shop fronts to improve the appearance of the main shopping precinct. This strategy has been cancelled and funds redirected into main street beautification ideas being presented collectively by local business, Tourism planning and Main Street Redevelopment Plans being developed by the Shire.

Avondale

The National Trust WA has submitted an application into the recent funding round of the Royalties for Regions Regional Grants Scheme to upgrade houses at Avondale which is in line with recommendations in the 2011 Avondale Master Plan. The houses project is a key step towards making the place sustainable; it is proposed to enable short term accommodation for individual tourists, families, groups, educational organisations and corporate weekend stays, providing a unique education and tourism offering in the Wheatbelt. The outcome of the application will not be known until well into 2017.

Country Choir Bash

Hosted by Beverley Station Arts and presented by Voice Moves, the September Country Choir Bash was a very enjoyable afternoon, opening the Platform Theatres' summer season of events. Two of the (8) choirs provided an interesting Beverley slant into their performance, the Station Singers had their own little surprise, the weather held off and afternoon tea was again a huge example of country hospitality. What a varied and busy weekend in Beverley with the Avon Association Hockey Grandfinals hosted by our local Redbacks hockey club, Wyandotte Fanciers poultry show, golf and motocross.

Beverley Heroic Weekend – 8/9th October 2016

Another big weekend for Beverley!

Dee Ridgway

Shire President

SHIRE OF BEVERLEY IMPORTANT INFORMATION

NOTICE TO ALL RESIDENTS

During September, October and November 2016, the Bushfire Risk Management Team will be conducting on-site field assessments of all land within the Shire of Beverley.

This is part of an ongoing project to identify assets at risk from Bushfire and to create a Bushfire Risk Management Plan. The inspections do not require the land owner/occupier to be present however private land owners are welcomed to participate should they wish. Due to the large number of properties that have to be inspected individual appointments cannot be made.

The officers will be in a clearly signed white Toyota Prado wearing Shire and DFES (Department of Fire and Emergency Services) uniform and will also carry photo ID should anyone wish to confirm their identity.

If they are unable to access your property a notice will be left for you to make contact with them. Alternatively you can contact the Bushfire Risk Management Planning Co-ordinator, John Hansen at the Shire office on 9646 1200.

The Shire, DFES and the Office of Bushfire Risk Management would like to thank you for your co-operation.

RESTRICTED BURNING PERIOD

Notice is hereby given that the UNRESTRICTED BURNING PERIOD for the Shire of Beverley has been extended until Sunday 09 October 2016. Permits to burn are required after this date.

The PROHIBITED BURNING PERIOD will commence on 01 November 2016.

Stephen P Gollan
Chief Executive Officer

WEST BEVERLEY BUSH FIRE BRIGADES

A training session and meeting for all members of the Dale/Kokeby, Avondale and Dale West Bush Fire Brigades will be held at the Dale Hall on the Friday 07 October from 4pm.

Please bring your private fire units for training purposes. An opportunity to check out the new Central 4.4 appliances crew protection systems will be followed by a BBQ. We welcome new members who are encouraged to attend.

Please RSVP to Bill Cleland (Dale/Kokeby) on 0428 472 054, Paul Schilling (Dale West) on 0427 158 908 or Andrew Shaw (Avondale) on 0428 481 022 for catering requirements.

FIREBREAKS AND HAZARD REDUCTION NOTICE

A reminder that the last date to have your firebreaks and hazard reduction completed is the **1 November 2016**.

Setting up a Wi-Fi Hotspot

In last month's Blarney article I did not cover connecting your PC to the Internet via a mobile phone or tablet. This is becoming more relevant now that more households have fixed Internet connections. Why? Because when you leave the house you may not be able to connect the PC to the Internet.

How are PCs connecting to the Internet?

Many PCs are now connecting to the Internet using ADSL or wireless NBN in the town, or satellite NBN in country areas. All these are fixed Internet services. They are cheaper, have good bandwidth allowance, are fast enough to watch videos and are more reliable than using Mobile Broadband. The downside is that if you take your laptop away from the house you can no longer connect to the Internet, unless you connect to another person's WiFi. You could keep your mobile broadband service as a solution, but that is expensive.

Internet connection through your phone

An alternative is to connect your PC to the Internet through your smart phone or tablet. Most modern smart phones and tablets have WiFi Hotspot and/or Internet Tethering capability. Providing that you have a mobile phone plan that has a data allowance you can use your laptop anywhere where there is mobile coverage.

Not all phones or tablets have WiFi Hotspot or Internet Tethering capability. If they do not have WiFi Hotspot or Internet Tethering then you may want to consider upgrading your phone and getting an appropriate phone plan. Then you do not need to keep the mobile broadband service.

WiFi Hotspot

When a phone or tablet is connected to the mobile network the WiFi Hotspot will broadcast the Internet to other devices locally. To use a WiFi Hotspot on your phone/tablet go into "Settings"; make sure "Mobile Data" is "On" and "WiFi" is "Off"; and find "WiFi Hotspot", usually under "Settings/General/Networks" [however location varies even for the same make!!] Turn the hotspot "On" and make sure it is password protected. Then connect the PC to the WiFi.

Internet Tethering

Internet tethering extends the Internet to your PC but, instead of using WiFi, uses a cable from the phone/tablet to a USB port on the PC. The phone charging cable can be used if it has a USB connector on the end that normally plugs into the power plug. Set up of Internet Tethering is similar to the WiFi Hotspot above. You may need to install special software on your PC for Internet Tethering to work. An iPhone or iPad needs to have iTunes installed on the PC.

2016 Beverley Heroic – Media release

The 2016 Beverley Heroic is a bike weekend with something for everyone. Events run on Saturday 8th and Sunday 9th October. Many activities including Bicycle racing, Retro Bike show, Bike Movies, Long distance bike rides and a free Town Ride.

- Bike events for young and old riders, fast and slow riders.
- Free events – Watch the Saturday race, Retro Bike Show and Bike Movies. Ride the Beverley Heroic Town Ride Sunday or watch the classic bikes roll.
- Friendly Beautiful Beverley with classic architecture on the magnificent Avon River.

Step back in time with the South Perth Cycle Club's bike weekend in Beverley, Avon Valley, WA. Celebrating the oldest race in Western Australian's history "The Beverley" first run in 1897 this weekend tribute has something for everyone.

Saturday noon "The Beverley" race for modern bikes starts at the Town Hall and 200 of the state's best will race 110km. The course heads North East and promises to be fast and finish in a sprint for prizes.

Meanwhile in the Town Hall a Retro Bike show will be open looking for a people's choice award. Organised by the WA Historical Cycle club this is a highlight with classics from the 1920s against 1970 racers promising some bling and hand painted hand crafted bike history.

Another free event in the Town Hall is the Bike Movies at 7.30pm. We have a program of short films to entertain everyone.

Sunday morning the long distance riders assemble for the 50 or 100-mile ride. Harking back to the first days of "The Beverley" race this classic takes in York and country roads. A bit of gravel and some country air makes this the Spring Classic for any kind of bike.

For the family the Beverley Heroic Town Ride, Sunday 10.30am is a great way to explore. With a map in hand and sense of adventure riders explore Beverley's highlights and secret places. It's a short ride but the perfect start to a country picnic.

There is so much to do at the Beverley Heroic- step back in time.

This great event is supported by Tourism WA's Regional Events Scheme (made possible by Royalties for Regions), RAC WA, and the Shire of Beverley.

Key details:

Beverley Historical Society

Once again numbers were down at our last meeting with a few apologies. We hope for a better roll up next month.

Things have been happening in regards to the printing press. This press was used to print the Beverley Times for many years. The sandblasting has been done and the painting has also been completed, in a dark grey and the wording in in gold. The end result is wonderful, you would not think it is the same press. Thanks to the Men's Shed in particular Ken Sherwood for his hard work. Thanks also to John Islip for the before and after photos. Joyce Oliver would be very pleased and gratified as she and her husband owned and produced the Beverley Times for over 40 years. Their son Paul was also involved. The ground preparation for the press has been done, so now it's just the cementing and the roof. It will be wonderful when the project is finished.

For the Heroic Bike Ride on the 08 and 09 October, we will have a display in the meeting room at the Dead Finish Museum. This will incorporate the postal bike and information on postal bikes and telegrams.

Our next meeting will be our AGM followed by our monthly meeting. This will be held on Monday 10 October commencing at 1.30pm at the Dead Finish Museum. Hope to see as many numbers as possible on the day.

Regional Development Australia (RDA) Wheatbelt

'Build Your Business' program

Are you a Wheatbelt-based business that wants to improve sales, strategy and tap new growth opportunities?

Do you need to fine-tune your business skills, develop a marketing plan and identify your competitive advantage?

If your answer is YES to the above questions, you have the opportunity to be one of just 16 Wheatbelt businesses to participate in a six-month 'Build Your Business' program designed to enable your business to successfully take advantage of a growth opportunity you have identified for your business. This may be expansion into a new market or even a new product line.

The course will offer an opportunity to explore new ideas, build vital business skills, boost confidence and bolster business capacity to grow and achieve sustainable success.

The 'Build Your Business' program comprises six workshops covering:

- People, Products and Markets
- Planning Your Future – Creating a Strategic Plan
- Marketing Your Business – Getting Out There
- Selling and Pricing
- Going for Growth
- Finance Essentials for Small Business

The workshops will be delivered once a month in both Gingin and Narrogin. Participating businesses will also receive access to extensive business tools, resources, ongoing support and monthly individual mentoring sessions.

To get involved you must:

- be a Wheatbelt-based business
- be able to complete home study
- be keen to engage in group networking

What is the cost of the program?

The program fee for the six month course is \$4,659.75. Applicants who have been operating their business for a minimum of three years who are actively pursuing a growth opportunity may be eligible for a subsidy to reduce the course cost to as low as \$1,509.75. Various levels of subsidy apply depending on the nature of your business.

To request an application form and for more information contact the RDA Wheatbelt office on (08) 9575 1888 or email admin@rdawheatbelt.com.au

National Water Week 16–22 October 2016

The theme for National Water Week this year is 'Water Life Growth'.

What's the week all about?

National Water Week provides an opportunity to remind ourselves and teach others that water must be used wisely if there is to be enough to meet the needs of our future generations. While the week is dedicated to encouraging communities to take action to protect our vital water sources, it's also a celebration of innovation and water achievements that have and will contribute to Australia's sustainable future and economic prosperity.

Water Corporation would like you to share what you are doing during National Water Week on their Facebook and Twitter page;

NEWS FROM THE CRC

PLANNING A FUNERAL SEMINAR

We had a fantastic turn out at the centre to the Planning a Funeral Seminar on Thursday 22 September. The information presented by the Purslowe Tinetti Funerals team Rob and Diane was excellent, even for the young guests. Bernadine Heidrich, a solicitor from Mayberry Hammond and Co. in Northam covered all the legalities which was highly informative. We have packs available at the front reception at the centre.

THE AMAZING RACE

It was awesome to see 9 teams participate in our 1st Amazing Race. We had mums and dads, little kids to teenagers but all teams were put through both physical and mental challenges as they raced through Beverley. The very competitive team 'The Cuzzy Bro's' (Alyssa Moulton, Kana Moulton, Mitchell Ashworth and Kasey Ashworth) won the race each picking up a \$50 iTunes gift card. They were closely followed by 'The Byrne Team' who picked up fitness earphones each. We would like to thank the Shire of Beverley for sponsoring the event, thanks to our team of volunteers and to the business owners and community groups that helped to make this fun day possible.

COUNTRY WOMENS ASSOCIATION

Beverley Branch

The CWA Bus trip to Araluen was most successful. We certainly chose a beautiful day and the tulips have never been more beautiful. There was a multitude of other flowers and although there were so many others enjoying the day, it was so relaxing to sit in the gazebo and enjoy lunch together by the stream of water cascading down from up the hill.

Our sincere thanks to John Lane who drove so well and was so patient with us all. It was not an easy task manoeuvring the bus in and out of the confined spaces.

At the September meeting of CWA it was decided not to hold a meeting in October so our next meeting will be held at the CWA rooms on Wednesday 16 November commencing at 10.00am with morning tea followed by the normal monthly meeting when we will plan ahead towards our future programmes. As usual, we will enjoy a "Bring and Share" lunch and some social time together.

December will be a brief meeting followed by a Pre-Christmas meal together - arrangements to be decided at the November meeting.

Prospective new members are invited to our next two meetings as our guests at no charge.

Beverley Quilting Group

This is Denise's second rag quilt this year. She had a bundle of pre-cut batik squares which she really didn't like the look of, so for ages they sat around waiting to be made into something useful.

Many hours of sewing later, with a clever idea of patching a small square over the top of a larger square and quilting each block as they were made – finally they were all ready to sew together in strips, then all the strips sewn together. Next came the scissor work as each block needed to be cut to make the ragged edge.

After all that work the quilt is finally finished and Denise brought it along to show us. Having looked at this material very intently for so long she was definitely over it. Every small mistake was pointed out to us in exacting detail.

However we loved it! The quilt was nicely designed and well sewn together. We all admired and enjoyed the colour combinations. (See the Blarney online for a colourful print, black and white does not do it justice).

The quilt is intended as a gift. Many of our ladies hoped they would be in the running to receive it but not this time. Some other lucky person gets to enjoy using this lovely quilt to keep away the chilly drafts.

AVONDALE DISCOVERY FARM

A historic working farm in the Avon Valley

The September open weekends proved to be quite a popular weekend. The picnic area hosted a birthday BBQ and also quite a few visitors from surrounding towns, it's great to see the word is getting around that Avondale is still open.

Avondale also hosted the Beverley District High School bi-annual dinosaur dig which proved to be a great success for the Year 1 and Pre-Primary children. The Avondale playground and picnic area where a huge hit and so was 'Moo' our resident Emu. There were quite a few dinosaur bones found by the students and a lot of fun was had by all.

The AFPA (Avondale Farm Project Association) is currently seeking a Horse Volunteer to give me a hand with our resident Clydesdales. Sadly Mitch can no longer help out and we are looking for someone with a bit of horse experience to come and help brush, groom and work the Clydesdales on Tuesdays and Wednesdays.

If you can help out at all please call on 0427 477 734 or send an email to Avondale@ntwa.com.au

A Beverley Historical Society Moment in History

1938 Opening of Beverley Town Hall

The Official Opening from the *Beverley Times* Friday 9 September 1938:-

Erected on the site of the Mechanics Institute which for over 30 years had served the district's social needs, the new Beverley Town Hall Buildings were officially opened on September 1st by the Lieut. Governor, His Excellency, Sir James Mitchell, K.C.M.G., the opening Ball, which was organised by the Beverley Road Board with the assistance of a committee of local ladies being attended by more than 700 people, including many visitors from the city and adjacent centres.

As was befitting, the ball held in connection with the official opening was the most brilliant social gathering held in the district. Had it not been for the fact that the Road Board had set a limit to the attendance, conditions would have been most uncomfortable for patrons. As things were the dance floor was not as crowded as many had anticipated would be the case and the dancing was thoroughly enjoyed and was spiritedly carried on till a very late hour. Regrets are extended to those who came along but on account of the Board's restrictions were not able to gain admittance. Those so disappointed accepted the position philosophically. Music was provided by Jas Black's five piece orchestra who were accommodated on a dais at the front of the hall, the decorated stage being used to accommodate the Vice Regal party and other visitors. Mr. H. Brody acted as M.C. in his customary efficient manner. A feature of the Ball was the presentation of nine debutantes, this ceremony taking place early in the evening. After being presented to His Excellency the young ladies and their partners danced a minuet.

Pictured above, elegantly dressed citizens are sitting in front of the Town Hall stage with a large armchair for the use of the Vice Regal party. From the left are Hubert Doncon, Brenda Broun, Sylvia Doncon, Mrs ? Barrett-Lennard and a mystery guest. **Does recognise the lady on the end?** Please contact bhsdeadfinish@gmail.com.

Thanks to the Smith family for the photo.

BEVERLEY SUB CENTRE NEWS

AGM

The 2016 AGM was held on Tuesday 26 July and it was great to see the strong experienced committee continue but also welcome some new faces to the group. Chairperson: John Lane, Secretary: Sharyn Morrell, Treasurer: Anne Armstrong, Committee: Drew Doncon, Peter Jenkin, Kelly Mann, Steve Moore, Leesa Morrell and Jenny Rayner.

After close to 35 years of volunteer service to the sub centre Cliff Doncon has retired. Cliff's knowledge and dedication to St John's has been nothing less than outstanding, having earned him the honours of Life Membership and Order of St John. On behalf of everyone at St John's and within the community we thank Cliff for all of his work over for many, many years.

FAMILY MEET & GREET

Everyone loves a BBQ, country style cooking and delicious deserts, right? Well that is exactly what 24 of the Sub Centre committee, volunteers and families enjoyed for dinner on Saturday 17 September. This was the perfect opportunity to spend time together socially and get to know new people that have joined the sub centre group.

KED PRO TRAINING

On Tuesday 20 September, Community Paramedic Drew Richardson conducted a training night at our local sub centre, in the use of the Kendrick Extrication Device (KED). The KED Pro is an emergency patient-handling device designed to aid in the immobilization, short transfer movement, and technical rescue of patients with suspected spinal/cervical injuries. This was a great opportunity for volunteers to see first-hand a demonstration of the device from Drew and then put that knowledge into practice in a mock car accident situation to extract a fellow volunteer from the driver's seat of their car.

ST JOHN AMBULANCE CONFERENCE 2016

Record numbers attended this year's St John Experience and with 8 events over 3 days there was certainly something for everyone. The theme "First Response, Stronger Together" showcased how all facets of this great organisation come together to deliver the best possible healthcare and first aid education to the community.

Leesa Morrell, Chris Lawlor and Marie Carroll attended the State Conference with over 1,042 attending each day and a further 400 joining for the first time via Live Streaming. The Perth Convention Centre was taken over by men and women in green and the set-up was just amazing. The exhibition area had over 28 exhibits boasting interactive skills testing. One popular exhibit set up by the Communication Centre, allowed participants to experience the life of a 000 call, from the receiving end to the dispatching of the ambulance crew. Station managers were also very interesting to watch monitoring

their various ambulance crews and the patients loads in the various metropolitan hospitals. Complex rescue exercises took place during both days with paramedics and specialised rescue teams displaying their skills and equipment. State-of-the-art equipment was also on display and Ferno had the latest stretcher called "The Striker" which we all fell in love with, including. the flashing red and white lights. But at a price tag of \$54,000, we were told that it wasn't going to be on this year's Christmas list....

We had some amazing speakers throughout the conference, from the educational such as Guest Speaker Dr Jeremy Rawlins, a burns specialist talking about the importance of first aid and the difference we make as first responders to patient outcomes, to the inspiring; such as Peter Baines who led the teams during the Boxing Day Tsunami tragedies in Thailand. We heard volunteers and paramedics' stories; we had a presentation on volunteer recruitment from the Carnarvon Sub-Centre and the CEO of the St John Of Jerusalem Eye Hospital Group in Jerusalem gave us great insight into the work of the hospital and its significant contribution to the community worldwide. We did some Laughter Yoga to get us laughing and moving around and our Deputy CEO took us to Vietnam by video link to show us the fantastic work that St John is doing over there in teaching First Aid to school children.

The Awards Sundowner on Friday night honoured over 200 award recipients, with some achieving 57 years of active service! The Young Volunteer of the Year 2016 was also announced and it was Thomas Drake-Brockman – a former student at the Beverley District High School – what a small world! The Experience 2016 wrapped up with the St John Ball, with a sold out crowd of 1,400. We all went home full of new connections, experiences and ideas, and with renewed enthusiasm in the knowledge that we are part of a great organisation!

T.M. Hair Design

Beverley's only local hairdressing salon
where we offer Family Hairdressing
at very reasonable prices.

We were very pleased to have our Sydney based trainer & technician visit us in September. We learned about the new Pastel colour range shortly to be released in Australia & then to us. These colours added to our beautiful Absolute3 (no ammonia) colours give so much scope to create some very cool combinations, especially with lighter &/or greying hair. Skye also taught us more about the benefits of our new Lisaplex range which can be used on natural, coloured or permed hair. This product is designed to repair the hairs structure from the inside out, & the clients who have this "in salon only" treatment have commented how lovely their hair feels & how much less product they need to apply, saving them money. There are very few salons in WA using these products. How lucky we are!
Ask your hairdresser about these new additions to our range.

At Secrets... We are making ready for Christmas. It is not that far away.

New products are arriving regularly so watch out so you don't miss out.

We are ready to go with our "good old favourite" Gift Certificates.

Sometimes it is hard to find the appropriate gift so why not enjoy the giving of a Gift Certificate, so the recipient can enjoy shopping & choosing that special something.

In Secrets boutique we are offering a whopping 50% off for one week only, starting on the last week in October.

Remember it is for ONE WEEK ONLY!!!

We welcome browsing even if you go elsewhere for your hairdressing needs.

September marks the beginning of the season of events at the Platform Theatre with the Country Choir Bash. All funds raised from the day are going towards the restoration of the railway carriage. Hadyn Rayner (pictured left by photographer Josh Wells) and Barry Knight continue to work one or two days a week replacing wooden panels, plugging and sanding in preparation this for painting according to the original colours stipulated in the treatment plan by historian, heritage and museum professional Philippa Rogers. WE are so grateful to Haydn and Barry for giving up their time to do this.

Another fundraiser this month came by managing the bar (thanks Simon, Penny and David) for the Football Club's end of season medal count and wind-up on Saturday 17. The funds raised from the day will go towards the construction of a storage shed on the northern end of Platform Theatre auditorium. The money will be added to the Shire of Beverley Community grant (\$4,000) we appreciatively received for this purpose.

The Station has also been made use of by another community association this month on Monday 19 when the CRC hosted the very successful Avon Valley Tourism lunch meeting. It was a great opportunity for networking and showing the Valley just what we have in Beverley.

From the 28 -31 August I attended at the invitation of CircuitWest the Performing Arts Exchange in Melbourne which was an amazing jam packed two days of networking and development, and the opportunity to explore new ways for audiences to see and experience live performance.

COMMUNITY ENGAGEMENT has become a priority for the Arts sector in Australia as it looks to develop strong and sustained relationships with customers. Community engagement can be delivered through activities that encourage audiences to have a rich and meaningful connection with the concepts of art forms that make up an artistic work or performance. So with this in mind, Beverley Station Arts has decided to work with our community and focus on a broad, multi-art form project that will encourage active participation culminating in the performance of a unique, community created theatre work in October 2017. It will require funding for a professional theatrical artist to oversee the production which we will name for now the *Platform Theatre Project*. With grant applications in process, we would now like to start by calling for anyone interested in digital media, writing, photography, music, dance, theatre, visual arts, costumes (makeup, special effects) to come forward and place your name on a lists being held at the Beverley Newsagency and the Station Gallery. We're talking 5 years to the elderly so don't be shy, the more the merrier, and it is going to be so much fun!

BSA Annual General Meeting

Beverley Station Arts advises all members and friends that the Annual General Meeting to nominate persons to the Committee which manages the Beverley Station Gallery and Platform Theatre will be held on Thursday 20 October at 5pm in the Station Gallery. All members/friends/supporters welcome. Enquiries to secretary Sarah Miller 0427 464 078 or miller@reachnet.com.au

Artist-in-Residence

York visual journalist and writer, Paul Amyes unfortunately had a quiet exhibition. His photographs of wildflowers should have had a bigger audience as they were exquisite. Paul had the gallery open during the Choir Bash and was able to take a short film of the Station Singers (see YouTube clip <https://youtu.be/tRdCZqINDj0>) Thanks Paul.

Our Artist-In-Residence for October will be Alan Pickering from Perth, WA. Alan is originally from Pithara in WA, just south of Dalwallinu and spent his high school years in Northam (1974-78). His early work career was as an Engineer and IT Consultant, before taking up art in 2007 in between work projects. He paints mostly in oils, occasionally in acrylics and also sketches in pen and wash when he travels. He has

painted in various parts of parts of Europe, but still likes to capture the Australian landscape. During his stay in Beverley at the Station Gallery he plans to be painting street scenes which include the historic buildings of the Beverley township and the surrounding district. He will be working mostly in oils in the tradition of an "En Plein Air" artist, being "In the Open" and on location.

If you see someone with a portable paintbox, on a tripod, and possibly an umbrella it will be Alan painting a study of a scene or completing a finished artwork. If you are interested to know more, he says you are welcome to stop for a chat or call into the Station Gallery on open days to see his paintings, either in-progress or finished works. Alan is happy to talk about his art, what he is doing in Beverly and what he is creating.

Other activities during October for Alan's stay are:

- ☞ **Sunday 02 October 3pm: Meet and Greet Afternoon Tea** at the Station Gallery for all local artists.
- ☞ Alan will be giving a talk on 'Plein Air Painting' and would like to get a feel of what you as artists are doing and maybe organise a paint out/workshops during his stay.
- ☞ Display of Alan's work at the Gallery throughout October.
- ☞ Showcase of plein air work around Beverley at the Gallery in the last 4 days of October (Thursday to Sunday).
- ☞ A visit to Beverley in mid-October by Perth Plein Air Painters, a group that Alan is an active member of and which paints every week in the great outdoors around Perth. Once again they are approachable so please feel free to say hello, or if you are a painter feel free to join in and have a go at Plein Air.

You can find Alan Pickering and "Perth Plein Air Painters" on Facebook, or contact him directly on mobile 0419 926 393 or email apickering@bigpond.com

Beverley Station Singers

Judging by the applause the Station Singers were by no means out of their league performing at the *Voice Moves' Country Choir Bash* in Beverley on Saturday 10th September. It was a fabulous afternoon of singing and thank you again to all the singers for your help in making this day a great event. The next venture for the Station Singers is the Singers Lunch at Kelly and Williams beautiful farm Boranning on SUNDAY 09 OCTOBER followed by Dunsborough Songfest Friday 11 - Sunday 13 November, and then the Beverley Community Christmas Concert Saturday 17 December.

The next get-together to practice for these events is at 7.00pm on Wednesday 12 October.

Kelly Newton Wordsworth directs the group on a monthly basis (\$35pp to be paid up-front 3 monthly, or \$50 per session). Anyone interested in joining the singing group contact Tracey Fleay- Mob: 0409 481 029 or E: traceyfleay@hotmail.com

COUNTRY CHOIR BASH

The *Voice Moves Country Choir Bash* held in Beverley on Saturday 10 September for the 5th consecutive year was an outstanding success with 8 choirs totaling some 200 singers and another 50 or so through the gate. All commented on the fabulous sound at the Platform Theatre - how can we praise our sound production team enough?.....Steve Ramm and Tim Kilpatrick we THANK YOU!!!

And a huge thank you also to the Beverley Station Arts Committee and friends for cooking up a storm to provide such an amazing afternoon tea in true country style! To all those who helped on the day...it wouldn't have happened without each one of you.

MyWeedWatcher app enhances community surveillance of weeds in Western Australia

Western Australia is free from many invasive weeds and pests that are present in other parts of the world but surveillance for biosecurity threats doesn't stop with Quarantine WA's border biosecurity.

Community surveillance and reporting plays a key role in maintaining our State's enviable biosecurity status and clean environment.

Home gardeners, growers and biosecurity groups now have a chance to join the biosecurity surveillance community with the launch of a free mobile device app, [MyWeedWatcher](#).

Designed and developed by the Department of Agriculture and Food, Western Australia, the app improves identification, mapping and management of declared weeds that impact agriculture and our biosecurity status.

The app is a perfect companion for home gardeners and industry stakeholders; it allows for quick and easy identification of common weeds and provides an easy way to report unusual or declared weeds.

The app joins a suite of pest surveillance apps developed by the department to enhance surveillance and protect agriculture from biosecurity threats.

MyWeedWatcher's in-built guide helps users identify weeds according to the plant's characteristics, including the type of plant, flower colour and leaf shape, and a reporting feature allows users to map the location of the weeds, add photos and include information

such as the density of weeds, and any weed control undertaken.

Reports are sent directly from smart devices to the department for identification or verification, and the response and outcomes are mapped online.

The MyWeedWatcher app can be downloaded free from [iTunes App Store](#) or from [Google play](#).

Alternatively, people without a mobile device can report declared weeds using the online tool available on the department website at [agric.wa.gov.au](#) by searching for 'weed surveillance'.

The MyWeedWatcher app was developed as part of the Department of Agriculture and Food's \$20 million Boosting Biosecurity Defences project, made possible by the Royalties for Regions program.

RESCUE KITS IN MAIN ROADS TRUCKS

A pilot program has been introduced of putting wildlife rescue kits into Main Roads trucks in the Wheatbelt. This program has enabled us to put these rescue kits in the vehicles to give the workers the tools to rescue injured and orphaned wildlife that is in the vast road network. We are so proud of this program and the Main Roads staff who have embraced the idea enthusiastically. This program has received a lot of interest and hopefully will be rolled out across the network. We have started a new group called Wildlife Emergency Rescue Team WA to work with the wild life coming in from Main Roads staff.

WILD FLOWERS

We have so many visitors coming to Beverley to see our wildflowers that have most certainly put on a colorful display this year. Like many places through the Wheatbelt are seeing an increase in both the wildflowers and the visitors coming to see them. The everlastings are looking brilliant and the orchids are in full swing.

I had a meeting with some members of York Wildflower society and Bree Phillips from DPaw to discuss our Eremophila and had a look at her maps of the most likely places around Beverley it could exist. We have lots of homework to do now to try and find other specimens throughout our Shire. Hopefully we will find other populations.

BUSH CLEANUP

Our bush cleanups have been going really well. We can see a huge difference where we have been working and it is wonderful to see some things that show the history of Beverley. Some of this rubbish has been here a very long time. Our next cleanup days are 04 and 18 of October at 9.00am for brekky and about 9 30am start time. We meet on the Nicholas Road just look for our cars. Look forward to seeing you there.

BIG ENOUGH TO DO THE JOB SMALL ENOUGH TO CARE

EMERGENCY TELEHEALTH SERVICE

The Emergency Telehealth Service (ETS) is a service that provides TELEMEDICINE for WA Country Health Service (WACHS) Emergency Department patients. The ETS brings doctors into the Emergency Department via video conferencing to support local staff delivering patient care at your local hospital.

WACHS employs Emergency Medicine Consultants to provide this service. These specialists are based in Perth and have strong links to the metropolitan hospitals and RFDS.

THIS EMERGENCY DEPARTMENT UTILISES THE ETS WHEN REQUIRED

Where a local doctor is not available, the ETS will be called when you need a doctor.

Your local doctor may also call the ETS for specialist advice should it be required.

The doctor comes into the room with you via a private video network link.

- ⇒ Your local nurse will take your details, assess you and your presenting complaint.
- ⇒ You are given a 'triage' score as per any normal ED presentation.
- ⇒ With the nurse in the room you will consult with the doctor—the nurse will assist with the examination.
- ⇒ The ETS doctor is advised of your presentation with a standardised handover document sent by your nurse to the ETS doctor.
- ⇒ Your privacy is maintained as with any normal ED presentation.
- ⇒ It is like being in a 'virtual ED' and you may have to wait for the doctor to see you.
- ⇒ The ETS doctor may manage your case over the phone, however he/she is likely to dial in on the secure video link and talk to you directly.
- ⇒ You will see the doctor on the television screen and with the nurse in the room, you will consult

DEPENDING ON THE DOCTOR'S ASSESSMENT, AND IN CONSULTATION WITH YOU AND YOUR FAMILY, THE OUTCOME MAY BE ONE OF THE FOLLOWING:

- You receive treatment, advice and are discharged home with agreed follow up as required;
- You receive some treatment at this hospital **BUT** if your condition requires direct examination by a doctor or further tests are required that are not available here, then transfer to the nearest appropriate facility will be arranged in discussion with you and your nurse.

Colourful Fruits and Vegetables That Boost Your Immune System

By Valerie Gunsch, Dip. C.N.C. Mac. H.V. P.P. Clinical Nutritionist, Profemme Practitioner

Email – healthylivingbev@westnet.com.au

This month I will write about all green vegetables.

Green leafy vegetables are the tender edible leaves consumed from a wide variety of cultivated plant species. While there are many different types available, most share basic nutritional qualities with some unique characteristics specific to each variation. Chlorophyll-rich edible greens have healing and protective assets that help to cleanse the blood, balance body pH and are an energizing super food for boosting cognitive and immune functions. They contain a range of phytochemicals including carotenoids, insoles and saponins, all of which have anti-cancer properties. Leafy greens such as spinach and broccoli are also excellent sources of folate. Grandma always told us they were good for you. Everyone knows by now veggies are a must in any healthy diet – the phrase ‘eat your greens’ has been drilled into us since childhood. But fewer than 10 percent eat the recommended amount of it. And fewer people choose the dark green vegetables that boast a myriad of disease-fighting health perks. Even if you are not a fan of dark green produce (I recommend you give it a second chance), you can still reap tons of health benefits from a variety of green veggies. Greens are the No 1 food you can eat regularly to help improve your health. That’s because they are brimming with fiber along with vitamins, minerals and plant-based substances that may help protect you from heart disease, diabetes and as mentioned before even cancer. Did you know the name “broccoli” comes from the Latin word brachium, which means “branch,” or “arm.”

Here is a list of the top 10 greens to eat:

Kale, Collards, Turnip Greens and Swiss Chard which have red and yellow stems, Mustard Greens, Broccoli, Brussels Sprouts, Cabbage, Romaine Lettuce, Iceberg Lettuce, Wheat Grass the absolute super booster, which needs to be juiced. It can be grown in trays on your veranda. Asparagus is one of top 5 green vegetables because it is a high source of protein, vitamin A, vitamin C, calcium and iron. Spinach is also the No 1 Green Foods.

Here is my favourite recipe involving Broccoli and Spinach. This can be done in no time at all.

Broccoli, Spinach and Potato Soup

Ingredients

1 onion chopped,
2 cloves garlic chopped,
1 Litre stock or stock cubes,
400 gm potatoes chopped,
450 g broccolis cut up (including the peeled stalk),
80 g spinach,
handful of basil or parsley,
a dollop of natural unsweetened yoghurt.

Fry onions gently for a few minutes in olive oil, add garlic, fry for 1 minute on medium heat, and add stock and potatoes. Simmer for 5 minutes. Add broccoli, simmer 2 minutes (leave them a bit crunchy to preserve the green colour), add spinach and let wilt, add basil.

Turn off heat, let cool lightly, and blend with stick blender roughly. Serve in bowl, add parsley and yoghurt.

Summer Broccoli-Salad with bacon and almonds.

Ingredients

2 large heads of broccoli
6 rashers of nitrate free bacon, finely sliced, olive oil,
3 firm red tomatoes, halved deseeded and finely chopped
1 small bunch of fresh chives (with flowers), finely chopped

Dressing

½ clove garlic, peeled and finely grated
2 tsp Dijon mustard
6 Tb. extra virgin olive oil
2 Tb. apple cider vinegar
Sea Salt and freshly round black pepper

Cut broccoli in very small florets including the peeled stalk, cook in salted boiling water for 60 seconds only, drain and wrap broccoli in a clean tea towel to let it steam on its own in the towel.

Fry the bacon in a little olive oil until crisp, drain on paper towels.

Place broccoli and bacon in bowl; add tomatoes and chives.

For the dressing mix the ingredients in a small bowl and whisk well until emulsified.

Pour over the salad and let stand for about an hour.

Add some chopped almonds or walnuts to the salad and serve.

Beverley P&C School Fete

The Beverley P&C Association held a school and community fete on Friday 16th September which was a great deal of fun for students, families, and community visitors.

Activities included games of luck and skill, face painting and a photo booth, messy play and carpentry, and scones and a cuppa for afternoon tea.

Participants lined up to nominate staff and students to 'Kiss the Pig'. Here, Pixie 'Pork Chops' the piglet is being looked after with great care by Erin Nicol.

Families and community members contributed to the fete by donating goods for stalls and raffles, by helping to organise and run activities and sell goods, and by coming along to participate and grab a bargain. Special thanks to Amanda from the Freemasons Tavern for the donation of the door prize of a meal for a family to the value of \$100. Thanks also to staff and student leaders for their work in ensuring that the day was a success.

Overall, the fete raised close to \$3000 for the P&C. These funds will support the construction of a new nature-based play and relaxation space for students on school grounds.

We thank the P&C, and in particular Tim Cooke, Monica Van Der Snoek, Mandy McLean, Linda Lewis, Kerry-Anne Doyle, Sam Mearns, Anthea Cooke, Sam Hart, John Hawke, Colleen Sleer and all the parents who made it an enjoyable and profitable day for everyone.

Beverley DHS to become an Independent Public School

Following consultation with the community, the School Council decided to apply for Beverley DHS to become an Independent Public School. This was a competitive process, and the school needed to demonstrate its capacity and its readiness to take this important step.

The school is very excited to announce that our application was successful, and we will transition to becoming an Independent Public School in 2017. This initiative will increase the school's flexibility and its ability to put in place programs to meet the unique needs of our own students and the Beverley community. On behalf of the school and the School Council, we thank parents and community members for their feedback and input into this process.

EACH COMMUNITY IS UNIQUE...SO IT MAKES SENSE THAT EACH SCHOOL IS TOO.

Interschool Athletics at Brookton

Congratulations to all who participated in the Interschool Athletics Carnival on 9th September. Thank you to the families that came along to cheer our students on and to those who assisted in the running of the jump and throw events. The day was a success due to volunteers from all towns who helped with the running of the day.

Our students were great ambassadors for our school. A special mention must go to our champions: Diana Perry, Jayme Thomas, Nathan Styles, Ella Cooke, Grace McLean, Lexi Tita, Josh Styles and Mitchell Taylor. Congratulations!

Storm Water Harvesting Project

Production work on the school's Stormwater Harvesting project is due to begin over the October school holidays. Please ensure that your **children stay well away from the school site** during this period as risks including machinery, unfenced water catchment areas, green waste and other debris may be present. The school and P&C would like to acknowledge and thank the Shire of Beverley for their kind assistance and generous support for this project. We would like to acknowledge the vision of our wonderful gardener Jethro Sleur in steering this project from its inception.

Best wishes in Retirement

Mrs Betty Wauchope has been working at Beverley District High School for over 20 years and is now ready to retire and spend some time with her family and enjoy the sunshine. She may even sleep in a little. Betty is, to quote everyone, such a lovely person. She is very humble and quiet, but has offered outstanding service to the school, staff and students. A farewell luncheon will be held from 11.30 am on Tuesday 11th November.

Fun and Learning in Kindy and Pre-Primary

Our students in the early years at Beverley DHS are fortunate to have the benefit of small classes of less than 16 students. This allows lots of personal attention

and individualised learning. The teachers and education assistants know the students and their families well and can provide extra support in the crucial first years of school. Here, our clever Pre-Primary students have worked with their teacher Sally Kilpatrick to follow a story and a game with some wonderful writing.

School Production: Public Invitation

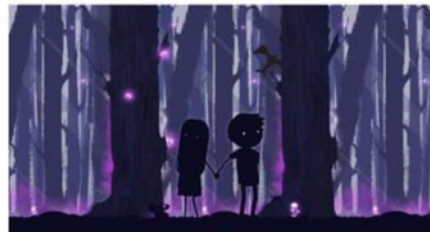

Jungle Book
28 October 2016
@ 6.30 pm

Our school production of **The Jungle Book** will be performed at the Town Hall on the evening of Friday 28 October – save the date! This musical will have numbers by each of the primary classes as well as by the secondary band students.

Jenny Broun from Beverley Station Arts has volunteered her time and expertise to create a magical backdrop for the show, and we extend our thanks to Jenny for her generous help.

In the Dark, Dark Woods

We thank **Beverley Station Arts** for organising the tour and subsidising our students to attend the

wonderful Barking Gecko production **In the Dark, Dark Wood** at the Town Hall on their first day back at school after the holidays (Tuesday 11th October). The performance is open to the public.

Contact Beverley Station Arts for more information.

Rural Crime & Firearms

FIREARMS FIREARMS FIREARMS

Do you own a firearm? If you do, do you still have a genuine reason and a genuine need to have them? I ask you to take the time to seriously consider this question: Why?

A large quantity of firearms were recently stolen from a rural property and while they were correctly stored and secured there was no one living on the property and so thieves took full advantage of this. After some searching the keys were used to access one firearm cabinet with the second cabinet forced open with tools they found in the shed; 12 firearms were taken in total.

If you own firearms that you no longer use, please consider either handing them in for destruction or if they are of value, selling them. If you no longer reside on the property, please do not leave the firearm cabinet keys in the house; better still, think about relocating the gun cabinet and firearms to your new residence. Thieves love remote rural locations, especially when they know there is no one else around to detect or disturb them; someone is actively targeting remote rural farms in our sub-district. If you have any information to assist us with our inquiries please phone Crimestoppers on 1800 333 000, you can remain anonymous.

4WD Stolen

We have had further unwanted activity in our outer areas with another 4WD vehicle being stolen from a farm. Unfortunately this was made easy with the keys left in the vehicle. It also appears there was some suspicious activity noted by residents just after the vehicle was stolen but again this information came to light well after the event. If you have someone come onto your rural property uninvited and you do not know who they are, I suggest you ask them to politely leave making note of their vehicle registration and a mental note of their appearance prior to phoning us immediately. We can then assess the value of this information and take the required action.

Take care, stay safe.
Sergeant Karen Berry

Talk to a mate... It will help!

The message that underpins everything we do at the Regional Men's Health Initiative is "before it all gets too much 'Talk to a Mate'. Human beings are fundamentally social in nature, staying connected and feeling valued for who we are is of primary importance to us. Talking to other people about issues in our lives or telling our stories helps us to normalise our experiences and realise we are not alone in having them. As blokes we have a tendency to retreat into ourselves when things are turning pear shaped, 'cave time'. Much to the frustrations of most women this is a normal part of the way men tend to start processing their problems.

Metaphorically stepping into the cave can be helpful to get a handle on things but it is important that we are able to acknowledge and recognise when it is time to step back out and seek the support we need. Having a plan already in place that identifies who our mates are that we can turn to is really important. Without a network of true mates we become susceptible to feelings of isolation and loneliness. As blokes we can recognise three main categories from where we find and establish real mate ship. These exist usually in the forms of a partner (intimate relationship), a peer (someone around the same age that perhaps has a similar experience of lifestyle and activities to us) and a mentor (an older person who's lived experience we place value upon). A real mate is more than just an associate, it's someone that knowingly respects and values who we are and is willing to make the time to genuinely listen to us. Think about who you would classify as a mate; and about the blokes you know who perhaps have few or none of these categories in their lives?

Often it is said that blokes in general don't really like to talk about stuff but the reality is quite different. Given the right environment, in which they feel comfortable most men will willingly share their story and talk about issues that matter to them. Being a good mate is about supporting a person in that space and genuinely listening to what they have to say. We don't have to be an expert or necessarily have any of the answers to people's problems, just the ability to listen.

Being a good mate is also about actively looking out for the people we care about and taking action when we recognise that something is not quite right. A simple question like the one proposed by the recent R U OK? Campaign can be a significant step in connecting with someone and giving them the opportunity to chat about what's on their mind. If you have a gut feel that someone you know is not travelling well ask them how they are going and don't be afraid to ask more than once!

Remember, Talk to a mate!! It will help.

Lyme is an old disease, not a new disease. What's in a name?

Lyme disease is a controversial name and a very misunderstood disease. Technically the name Lyme disease refers to infection with *Borrelia burgdorferi sensu stricto* bacteria, common in the East Coast of USA. In Europe and in Russia it is called Lyme borreliosis and caused by the *Borrelia burgdorferi sensu lato* group of which the American *Borrelia* is a member. Relapsing fever *Borrelia* has a global distribution (including our neighbours Indonesia, Thailand, Japan and India and the West coast of USA).

In Australia we have Lyme-like illness the causative agent has not yet been isolated, similar to Brazil where they have named the Brazilian Lyme-like disease, Baggio- Yoshinari syndrome.

The [causative agent](#) has not been observed as a spirochete but only a round form. All illness caused by a *Borrelia* species should be called borreliosis, which is a complex infection which can have delayed onset and broad symptomology. *Borrelia* affects multiple body systems and is pleomorphic, that is it can change its form from spirochaete (spiral shaped) to round bodies and cysts. Untreated it can have high morbidity and mortality.

Borrelia can be transmitted by a tick bite and potentially by any blood sucking insect can transmit Borrelia. In humans Lyme borreliosis is caused by at least three different strains of the *Borrelia* bacteria. In the USA, the predominant strain is *Borrelia burgdorferi sensu stricto*, while in Europe it is *B. garinii* and *B. afzelii*. Other European strains include *B. valaisiana*, *B. lusitanae* and in Asia *B. japonica*. Relapsing fever borrelia include *B. parkeri*, *B. hermsii*, *B. miyamotoi*. (In addition there is another class of *Borrelia* that has hybrid characteristics of *B. burgdorferi sensu lato* and relapsing *Borrelia* named reptile-associated *Borrelia*. This class of *Borrelia* has not been associated with disease because it has not been identified in humans. Currently we don't know which *Borrelia* causes Australian and Brazilian Lyme-like illness. Research into this area will deliver the answer. Donations to the Karl McManus Foundation will help to deliver the answers sooner.

Although Lyme disease has been named after the town Lyme in Connecticut, where this disease was first identified in 1975, borreliosis as an infectious disease was identified in Europe back in the early 1920's. The diversity of borreliosis symptoms – skin problems, arthritis, neurological, cardiac, ophthalmological – were already characterised. Some European examples include Bannwarth's syndrome for neurological symptoms, chronic lymphocytic meningitis, poly meningoradiculitis, erythemamigrans rash (see above- presentation can range from 10-90%). The development of EM is dependent on the genospecies of *Borrelia*.

The many names that describe an infection with *Borrelia* whether related to the town in the USA where it was described or the many European descriptions of symptoms can lead to confusion. It would be correct and appropriate for the World Health Organisation (WHO) to decide on a global name for an infection with *Borrelia*.

(With thanks to the Karl Mcmanus Foundation).

Wednesday 24 August 2016

Jane Murray Trophy – Final of Championships

Winner- Yvonne Hobbs- 76 nett

Runner-up- Maxine Watts – 77nett

Longest in 16 – Maxine Watts

The Ladies Champion is Maxine Watts. Maxine and Glenys tied after the championship rounds and had to have a play off on holes 9, 17 and 18. Maxine managed to play the best golf that she has played all year with paring the 3 holes and did not give Glenys a chance or any hope. It was a bit comical to see the 2 geriatrics on their golf buggies coming down No. 9 fairway.

The Plate winner was Lyn Mactaggart and runner-up was Yvonne Hobbs.

Friday 26 August 2016

AVLGA Foursomes Championships at Tammin

Maxine Watts and Glenys Collins represented Beverley at this tournament. They came runner-up in the gross.

Monday 29 August 2016

Silver Spoon Play-off at Gosnells

Maxine Watts won our silver spoon competition and played at Gosnells but didn't come any where but it was a great experience.

Tuesday 30 August 2016

Jubilee Foursomes Play –off at Gosnells

Maxine and Lyn won our Jubilee foursomes Competition and played at Gosnells. They won the sand green section of the day, with Maxine playing the day before it gave them a bit of experience of what to expect. Well done girls.

Wednesday 07 September

Shirley Carr Trophy - Monthly Medal, Stableford

Winner – Glenys Collins -25 pts

Runner-up – Marg Peck – 25 pts

Nearest to pin- Marg

Wednesday 14 September 2016

5 Ladies teams played over the weekend. It was very nice weather and the course was looking very colourful with all the dandelion flowers.

The winning team

Maxine, Yvonne and Marg with 431 nett.

Runner-up team

Glenys, Jane and Lyn with 433 nett.

Best Gross Score

Jackie Ray Lamb with 173 from Chequers.

Runner-up Gross was Glenys Collins with 174.

Best Nett Score was Marg Peck with 141

Runner-up Nett was Yvonne Hobbs with 143

Best Nett Score for Saturday was Lyn Mactaggart with 68 on c/b from Jan Harrison

Best Nett Score for Sunday was Jane Murray 71

Monday 19 September 2016

George Booth Travel Tree play off at Wanneroo

Yvonne and Lorna won this event at Beverley and went to Wanneroo to play. We found all the bunkers which we aren't used to and the greens were very slick. We had great ladies to play with and enjoyed the day.

Wednesday 21 September

Club Trophy and Monthly Medal Play off

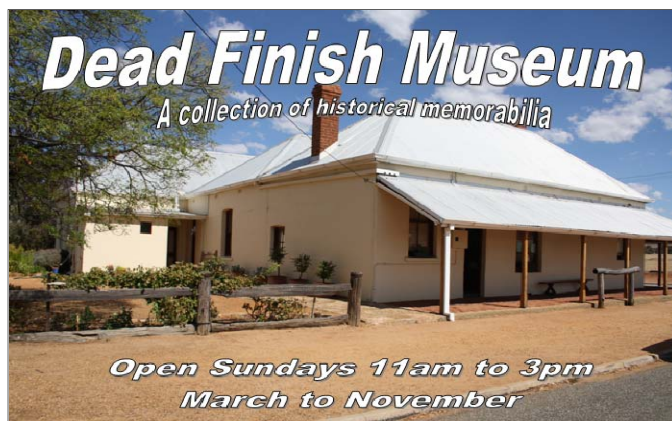

Winner – Lyn Mactaggart – 37pts

Runner-up- Maxine c/b Yvonne – 35pts

Last shot in – Yvonne, Nearest to pin – Glenys

We only have a couple more weeks of golf and 1 more open day then the season comes to an end.

Our closing day is on Wednesday 12 October 2016.

Beverley Cricket Club

Welcome to the 2016 / 2017 Cricket Season. Beverley held a scratch match on Saturday 24 September against the Lesmurdie Cricket Club.

In our first hit out Beverley play well considering no one had been training as yet. Lesmurdie batted first and amassed 172 off their 40 overs and in reply Beverley managed 92.

Beverley bowlers all performed well. Luke Gollan took 3 for 5 off 3 over's, Liam Gollan 2 for 28 off 5 over's and 1 wicket each to Mark Thomas and Khyle Ugle.

Beverley struggled against a good bowling attack. Luke Gollan capped off a very good game with 25, James Adams compiled a fine 16 with Dale Wansbrough and Liam Gollan each scoring 15.

Thanks also go the Daniel Gollan and Wayde McLean who umpired the game.

Beverley's first game is on Saturday 22 October against Brookton in Brookton.

If you are interested in playing cricket this season please come along to training on Friday evenings at 5.30pm at the Town Oval.

If you require any further information please contact Stephen Gollan on 0429 461 200.

Junior Cricket and Basketball

It is likely that cricket will be running on Saturday morning with a cost of around \$50 depending on numbers. Whether it runs or not and in what format will be very dependent on numbers so if your children are interested and you haven't let us know yet, please be in contact with Deane Aynsley on 0428 466 246 or Wayne Ashworth on 0417 973 415.

Basketball will be running either on a Saturday morning or on Wednesday from 4.30pm to 5.30pm and will start in week two of term four. The cost will be \$70. The program is an Aussie Hoops program and will initially run for six weeks of term four with a possible extension into term one of next year. Registration will need to be carried out prior to the first session and will be online, although paper forms will be made available. The co-ordinator for basketball is Mark Thomas, 0429 471 166.

As always, help with any junior sport is necessary and very welcome so if you are able to help with either of these sports please make yourself known to the coordinators.

Stay tuned early next term for more details on both these sports.

Beverley Netball Club - The End of the 2016 Season

The 2016 netball season concluded on Saturday 03 September. None of the three Beverley teams made it into the finals, the 2 top teams were from Pingelly and Brookton playing it out on the court in Pingelly. The Pingelly team was victorious in the end, congratulations to both teams on getting into the finals.

Our club also held it's AGM and windup on the Saturday 03 September and what an interesting evening it was! All three teams gathered at the Amenities Building dressed in their secret fancy dress. This year the Spinners rolled in on their Zimmer frames dressed as Nanna's, some unrecognisable (Jill Webb) and others not much difference from their everyday wear (Linda). The Orbs graciously walked the red crepe paper carpet in their Hollywood Glamour dresses followed by the Hunters in their Drag Queen outfits.

The night started with the AGM and the club recognises and thanks the previous committee members for their time and efforts over the last 12 months. We are very pleased to announce our new committee.

President: Laura O'Meagher

Vice President: Natalie Ashworth

Secretary: Monica Van Der Snoek

Treasurer: Jenifer Petchell

Recorder: Linda Lewis

Non-playing representative: Glenys Petchell

Publicity Officer: Amor Moulton

Committee Members: Sharlee Higgins, Jodie Bell, Cara Hammond, Taleeya Scott, Sam Mearns, Jill Webb.

The evening continued with the awards ceremony, well done to all of the award recipients.

It was great to catch up and acknowledge the 2006 Premiership winners as they returned to Beverley to celebrate their 10 year anniversary

(pictured on the bottom right: Jenifer Petchell, Kelly Jenkins, Kristy Miles and Yes that is Jo Copping!)

We thank all of our sponsors named above and the Ridgway family for the Jukarine Shield.

Thanks to Glenys and Ingrid on everything they do for the club especially cooking. Thanks Monica for driving the bus on our out of town games. And last but not least a big thanks to our families for tolerating us all during the season, through kids running wild, parenting duties, injuries and so on and so on!!

Our club had a huge influx of junior members in the 2016 season and we are so very proud of their efforts and thank them for their young running legs. A big congratulations to all of the club members for putting in the effort to come to training each week and thank you for assisting the club in our fundraising ventures.

See you on the courts in the 2017 season.

Beverley Bowling and Croquet Club

The season is just around the corner and the Bowling Club will be the place to be with several events on and don't forget the ever popular Corporate Bowls.

The 2015/2016 ended with the Men's White team in 4th and Men's Blue team in 5th "positions with Toodyay and York taking out the pennants.

The AGM was held on April 08 and we had 18 members attend. The club thanks David Bell for his time as Club President as he resigned the position and we welcomed Sheldon Petchell to the role. Good luck Sheldon. Glenys Collins resumes as the Ladies Captain and the new Men's Captain is Greg Barrett-Lennard.

Make sure you come down and have a roll on Friday afternoons to find out all the latest info and check the blackboard so that you don't miss out. If you're interested in playing bowls, come on down. New Members are always welcome.

Beverley Men's Golf

Elders Day was held on Friday 26 August. 24 played in the 3 person Ambrose.

A great day was had by all who played and with novelties on all holes gave everyone a chance of winning a prize.

At the end of the day the eventual winners were Wayde McLean, Mark Bickley and Stephen Gollan with a nett score of 58.67, they were followed by Mark Armstrong, Les Annison and Phil Bateman on 60.67.

It was very pleasing to see new players and old players come to play this event and use the facilities at the club, as it set the scene for a very enjoyable evening listening about the great shots and the unlucky shots during the day.

Thanks are extended to **Noel Morton** for sponsoring the day.

Saturday 27 August was a club day in Beverley as it is the York's Golf Club Open weekend. In cold and windy conditions 3 players took to the course in Mel Vivian, Keith Hawkins and Les Annison.

At the end of the day Les Annison was the winner with 28 Stableford points, followed by Mel Vivian 22 points and Keith Hawkins 12 points.

Beverley had 5 players play in York's 4 Ball competition on Saturday and by all accounts all played well in very cold windy conditions.

Sunday 28 August, was the Craig Cup at York. Beverley was represented by 3 members. Stephen Gollan played well to come 3rd with 60 Stableford points over the 27 hole event.

One of the biggest golfing events on the Beverley's golfing calendar was held on Saturday 5 September, being the **President vs. Captain Day** sponsored by **Wansbrough Family**.

The President's team consisted of Les Annison, Stephen Gollan, Darrell Hagan, Mel Vivian and Gavin Sazanov.

The Captain's team was, Terry Winfield, Keith Hawkins, Graeme Hagan, John Donovan and Ryan Ware.

Ryan Ware had a day out having a nett score of 70 to win the day. He was closely followed by Terry Winfield and Darrell Hagan who both had 73 nett, but on a countback Terry Winfield was award second place.

Even though we were all happy to see Ryan, Terry and Darrell have such a good scores it was not about your individual score it was about the team. With the President (Les Annison) under extreme scrutiny totalling the cards, he produced the goods to again; to see the President's Team record a win by 6 shots, 400 shots to the Captain's 406 shots.

Thanks are extended to **Wansbrough Family** for sponsoring the day.

Good conditions greeted 12 players on Saturday 10 September to play for the **David Adams Trophy**.

This was a Par event which saw only 1 player having a plus score at the end of the day. The winner of the **David Adams Trophy** was Les Annison with a score of +5 with John Donovan in second place with 0.

Once again our thanks are extended to the **David Adams** for supporting this event.

Friday 16th September saw 24 players play in the **2016 Open Teams Ambrose** event.

The Gross winners on the day were team Brookton comprising of Ryan Sheridan, Cyril Blechynden and Mike Jones with a remarkable score of 59 which is 13 under par. Terry Winfield, Dale Wansbrough and Wayne Smith with a score of 70 (2 under par).

The Nett winners were Mark Armstrong, Phil Bateman (York) and Eddie Fong (York) with a nett score of 57.00. The Runners-Up were team Northam Kevin Smith, Michael Speciale and Peter Bray with a 60.33 nett score.

Ideal golfing conditions greeted a small field of 26 players on day one of the **2016 Open Teams Championships**.

The format of the event is you have three players in a team. You play 18 holes of stroke on Saturday and Sunday and your combined scores of your team over the two days are tallied to find the winning team.

At the end of day one everyone was very happy to be inside socialising and talking about what went wrong on the

course during their rounds.

Luke Gollan shot the best nett score of the day with 69 points.

The Best Gross score on the day was Wayde McLean with 82 shots.

With conditions once again ideal for Sunday, tee off commenced at 8:00am, some very good scores were recorded during the day. Stephen Gollan shot a nett score of 65 to win the best nett score on the day.

In the Gross Ben Moulton had a good day to shoot 80.

Congratulations to John Donovan who played brilliant golf over the 2 days to win the Overall Best Nett with 134 points from Mark Armstrong who also played very well over the weekend and had 136 points.

Once all the scores were tallied and checked the following winners for the event were announced.

Gross Winning Team	Composite 1 – Trevor Heard, Kevin Burton – 513
Gross Runner up Team	Composite 3 – Phil Bateman, Ben Moulton, Luke Gollan – 519

Beverley Hockey Club

Saturday 27 August SEMI-FINAL York Jetz v Beverley

Beverley travelled to a soggy wet Northam oval to face the York Jetz in the first semi-final. The girls were quietly confident, even with some key players missing. The first goal went to York from a short corner, but Beverley replied on their 4th short corner with Mirika Winmar converting. 1 all at half time. The first 15 minutes of the second half was a defensive affair for both teams, but it was York who got the second goal first. Refusing to give up, Beverley again scored a second goal from a short corner. 2 all at full time, the Redbacks team had played the match of the season, sending the game into a golden goal overtime period. The golden goal period runs for 10 minutes and unfortunately for Beverley it was York who scored the golden goal in the 7th minute. It was a fantastic team effort, and all the players should be very proud of their efforts.

Score: York 3 def Beverley 2

The players would like to thank everyone who umpired for the team throughout the season.

Hockey Grandfinal

The Beverley Redbacks Hockey club hosted the Avon Association Hockey Grandfinal Day on Saturday 10 September 2016. The day was very successful and we would like to thank our the members and supporters who helped out on the day. Thanks to the Shire for the fantastic condition of the oval, scoreboard and facilities, all of which received lots of praise on the day.

Windup and Awards

A fantastic windup evening was held immediately after the Hockey Grandfinal at the Amenities Building. Thanks to Kelly and Carissa for a lovely dinner!

Award Winners:

Sponsors - Thank You

The season including, matches, equipment, umpires, windup and awards cannot be possible without our generous sponsors, and we would like to thank the following for their support in 2016: Beverley Transport, Beverley Electrical Services, Waterbrae Pastoral Co, Northam Tavern, DB & JT Sims, Inkosi Design, Avon Trading, Beverley Newsagency, Beverley Supermarket & Liquor, D & T Fleay, U Beauty Country, T & S Woods, Freemasons Tavern and M & G Petchell.

Coach

The entire team and club would like to thank our retiring coach. Chris Mann has shown great dedication to the coaching role since 2012. Chris has always had a smile and a level head through our highs and lows and the respect of all our players. Chris leaves the team with a strong player list and committee and while we will sincerely miss her, we wish her all the best and lots of fun playing with the grandkids and travelling!

If anyone is interested in filling the coaching position, please email beverleyhockey@live.com.au to register your interest.

AGM

The Beverley Redbacks Hockey Club will hold its Annual General Meeting on Tuesday 04 October at 6pm at the Beverley Amenities Building (Oval). All players, members and supporters are encouraged to attend.

2017

If you are interested in playing Hockey in 2017 please keep an eye out in the February Blarney for team training and contact notices.

We wish everyone an enjoyable summer and look forward to seeing you on the field in 2017!

Beverley Horse and Pony Club

At our September rally we welcomed new club coach Margaret Marwick for our two older groups. It is always good to see different styles of coaching and the outcomes at the end of the lesson. With the two groups Margaret worked on jumping style and position with the riders rather than height with a range of 'gymnastic' exercises. Margaret has been coaching at York Pony Club for many years and we are very lucky to be able to have her as part of our club now. We look forward to her coaching next year. The younger groups are coming along very well and will be ready for their next certificates at the end of next year. They are seeming to enjoy their jumping lessons more now that they are getting more confidence in their ponies and themselves.

Bronte Cleland and Tealah Hawke are going for their C certificate over the school holidays and we wish them the best of luck. This is a difficult certificate and the girls have had to work hard for it. Thank you to Dryandra Pony Club for inviting the girls to join them for the certificate.

On Saturday 17 September, our club held another successful event with 95 horses and ponies entered into our Annual All Breeds Show. Well done to all the members and organisers for a wonderful day. We work so well as a team. For results please see 64-65 of this Blarney edition.

Coming up we have our annual Open Fun Day on Sunday 9 October, this is a gymkhana style event that is very encouraging for all level horse and rider combinations.

For more information please contact Vicky at bevhp.events@gmail.com or on 0409 158 852.

Our next rally is on Sunday 16 October, if you are interested in attending or members who are not attending please contact Vicky on 0409158 852 or at vickylucas@live.com.
