# FIRE BREAK ORDER

## BUSH FIRE ACT 1954

All owners and occupiers of land are required on or before 15 November every year to provide and thereafter maintain free of all inflammable material until 15 April of the following year, firebreaks as stipulated in the manner described in the following schedule.

### SCHEDULE

#### RURAL LAND

##### **Buildings and Haystacks**

A firebreak of at least 4 metres wide and not more than 60 metres from the perimeter of all buildings (including temporary dwellings e.g. caravans) and/or haystacks or groups of buildings and/or haystacks so as to completely surround the buildings, haystacks and/or fuel dumps.

##### **Bulldozed Bush**

A firebreak 20 metres wide shall be maintained immediately inside the external boundaries of all land which has been bulldozed, chained or prepared in any similar manner for clearing by burning (whether it is intended to burn the bush or not).

##### **Stationary Pumps/Motors**

A firebreak 4 metres wide shall be cleared and maintained around all stationary pumps and motors.

##### **Harvesting Operations**

During the period when harvesting operations are being conducted, there shall be provided in the same paddock or within 400 metres of that paddock an operational independent mobile fire-fighting unit having a water capacity of not less than 650 litres. The tank of the unit shall be kept full of water at all times during the harvest operations. The responsibility to supply the unit, being that of the landowner.

##### **Operation of Plant and Machinery**

During the restricted and prohibited burning times, all harvesters and trucks carting grain shall not be operated on rural land unless fitted with a fire extinguisher. On days of HARVEST BANDS there shall be no movement of any vehicles within paddocks.

##### **Paddock Burns**

At any time throughout the year, where a landowner intends to burn paddocks, the following must be provided to prevent escape of fire:

1. A firebreak 2.2 metres wide clear of all inflammable material completely surrounding the area to be burnt.
2. An operational fire-fighting unit having a capacity of not less than 650 litres.
3. Permits to burn may be required. Contact your Fire Control Officer for details.

#### TOWN SITE LAND

All lots with an area of 2.024 ha (5 acres) or less, shall be clear of all inflammable material or have grass mown to a height no greater than 15cm.

#### GENERAL INFORMATION

##### **Fuel Dumps**

You shall remove all flammable materials or material likely to become flammable during summer from land occupied by bulk storage tanks and/or drums used for storage of liquid fuel whether the bulk storage tanks and/or drums contain liquid or not. This includes the land on which ramps for holding the drums are constructed. The flammable free ground must be maintained to a distance of at least 4 metres outside the perimeter of any drum, stack of drums or drum ramp or bulk storage tank.

##### **Variations to Requirements By the Order.**

For permission to provide firebreaks in alternative positions or by alternative date or to take alternative action to abate fire hazards on the land, an application must be made no later than 14 days prior to the date firebreaks are required. If permission is not granted by the Shire or its duly authorized officer, you shall comply with the requirements of this notice.

##### **Penalty for Failure to Comply**

The penalty for failing to comply with this notice is a fine of up to \$1000. If the owner or occupier fails to carry out the works required by this Firebreak Order the Shire of Beverley may enter the land and prepare the firebreaks at the cost of the owner or occupier.

##### **Burning**

If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fire Act 1954.

TOWN PLANNING SCHEME AMENDMENT  
AVAILABLE FOR INSPECTION

Amendment 20 to Town Planning Scheme No.2

Notice is hereby given that the local government of the Shire of Beverley has prepared the abovementioned town planning scheme amendment for the purpose of:

1. Inserting access provisions for properties without frontage to a constructed public road where residential development is proposed.
2. Requiring planning consent where a variation to Council's Fencing Policy is proposed.

Documents setting out and explaining the town planning scheme amendment have been deposited at 136 Vincent Street, Beverley, and will be open for inspection during office hours up to and including 8.30 am to 4.00 pm.

Submissions on the town planning scheme amendment may be made in writing and lodged with the undersigned on or before 26 October 2011.

Steve Gollan  
Acting Chief Executive Officer

**EXTENSION OF THE ZERO BLOOD ALCOHOL  
LIMIT AND INCREASE TO DRINK AND DRUG  
DRIVING PENALTIES**

**Issue**

Commencing 1 October 2011, the zero Blood Alcohol Content (BAC) limit applying to novice drivers will be extended to include drivers of buses, taxis, heavy vehicles, small charter vehicles, vehicles carrying dangerous goods, recently disqualified drivers, and persons driving on an extraordinary licence (EL).

In addition some monetary penalties and disqualification periods for drink and drug driving offences have increased.

**Drivers of Passenger Vehicles with capacity to carry more than 12 adult passengers, including the driver.**

The new legislation will provide that when a person is driving a vehicle that is equipped to seat more than 12 adult passengers, including the driver, ***the driver cannot have any alcohol in his or her body when carrying any passengers, regardless if they are paying or non-paying passengers.***

Some examples of passenger vehicles, equipped to carry more than 12 adult passengers including the driver, are buses, large people movers, and troop carriers. (ie The Community Bus)

If the driver is driving the vehicle alone with no passengers, the usual 0.05% BAC will still apply.

**President's Report**

October 2011

**Local Government Elections**

Voting is now open for the Shire of Beverley South Ward elections. Please see relevant information elsewhere in the Blarney.

**Recreation Facilities Upgrade and Repair Work**

At the September Council meeting the tender for architectural services for the Beverley Oval and Recreation Centre (new works) was awarded to ADC Projects.

Tenders will open shortly for repair work to the storm damaged Amenities Building with Council expecting a timeline for completion to accommodate the 2012 winter sporting season.

**Draft Local Planning Strategy**

The draft Shires of Brookton and Beverley Local Planning Strategy was adopted by Beverley Council at its September meeting. The Strategy will be referred to the Western Australian Planning Commission for certification prior to formal advertising.

**Community Emergency Services Manager**

Council has supported the employment of a Community Emergency Services Manager jointly with the Shire of York to develop, implement and co-ordinate the delivery of community emergency services. The 3 year position is funded by FESA with an annual contribution from each Council. Justin Corrigan will commence duties on 3<sup>rd</sup> October.

**Tier 3 Rail**

Council supports retention of tier 3 rail lines and the work being undertaken by the Wheatbelt Railway Retention Alliance.

**Meals on Wheels 30<sup>th</sup> Anniversary**

An afternoon tea was held in early August to recognise volunteers, community achievement and Shire support toward providing this invaluable service over so many

years. Minister Robyn McSweeney MLC, Minister for Community Services, Seniors and Volunteering and Youth was a special guest who also visited the Youth Centre, being most impressed by her trip to Beverley.

**Thank you Councillors and Farewell Mal!**

I would like to take this opportunity to thank the current Council for their time, dedication and level headed approach toward the important roles of planning, responsible budgeting and representing our community over the last two years. With the lingering uncertainty in relation to structural reform Council has overseen a planning process to en-

sure the community can be informed in their decision making regarding the future direction of our Shire.

I would also like to recognise Cr Mal Roberts who is retiring as a Shire Councillor after 14 years of service.

## **PROFILES of CANDIDATES (elected unopposed) for the WEST AND NORTH WARDS**

### **WEST WARD**

#### **SHAW, Lew**

I have lived in Beverley all my life and together with my wife Sandy, sons Andrew and Brett, daughters-in-laws Kellie and Carissa, I continue to be involved in the family farming business.

During the past four years it has been my privilege to represent the West Ward on the Beverley Shire Council.

I have always participated in community activities and have held office positions in the golf, tennis and football clubs, junior sporting council, pre-school committee as well as having been a Fire Control Officer. I have continued to offer my active support to voluntary groups within Beverley and have proudly watched the community grow.

I feel satisfied that the current major projects undertaken by the Shire — the Independent Living Units and the Recreation Centre — will further enhance the town of Beverley.

I remain enthusiastic about the future of Beverley and look forward to my continued involvement with the Shire.

Passionate advocate of the Beverley Farmers group attempting to save the Beverley Wheat Bins, attending many meetings and CBH AGM's confronting CBH over this issue.

**2008 – 2011:** North Ward Shire Councillor.

**Vision:** To develop a vibrant and sustainable rural community that facilitates growth and provides support for all generations in employment opportunities and facilities.

## CONGRATULATIONS

To Peter and Vicki at Avon Trading

for winning the Beverley Agricultural Society's Best Commercial Window Display this year.

Thank you to all the businesses that participated by putting up a scarecrow display and being part of the Act - Belong - Commit message that we are promoting this year. It was difficult to choose a winner this year with such a high quality of entries.

Although we finally chose Avon Trading as a winner, it was after much deliberation. Close contenders were the Beverley Pharmacy for including the agricultural theme and Mescal for her professional window dressing.

This event was proudly sponsored by Healthways. For further information on act - belong - commit go to [www.healthway.wa.gov.au](http://www.healthway.wa.gov.au).

### Profile:

I have lived in Beverley since March 2005 when John and I purchased the Post Office.

My background is in Retail, Administration and the Service industries and I believe these will put me in a solid position to undertake the numerous and diverse duties of a Shire Councillor.

I am a Committee Member of the RSL (formerly Secretary) and was a committee Member of the St John Ambulance.

### Objectives

- encourage new Business's that will enhance our community
- support opportunities that will benefit Beverley
- increase external funding to the District
- promote community participation
- upgrade parkland and gardens, improve streetscape and walkways
- increase road upgrades
- improve security and safety

### Concerns

- proposed Shire amalgamations by the State Government

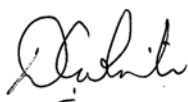

**I urge all Beverley Rate Payers to actively participate not only in these Council Elections but in all future developments being considered by our Shire Council.**

My wife, Elizabeth, and I moved to Beverley in January 1997 after having sold our farm at Munglinup.

I was born and raised in Leonora and spent my early years on a pastoral property north of Leonora.

While my background is the Pastoral industry and farming I also spent some years working as an accountant after graduating from W.A.I.T (now Curtin University).

Beverley has been well served by its Shire Council over many years providing amenities and services which contribute to the quality of life enjoyed by the community. I would hope to make some contribution to this continuing.

My name is WILLIAM STEWART McDONALD, locally known as BILL from 45 Hunt Road Beverley.

I would like to represent the community at this time so as to support the rate payers with their views, initiatives, complaints and problems.

As I assist at my wifes garden centre in Beverley, I meet many rate payers and have a good understanding what their issues are.

Having had the experience and privilege of being a councillor between 2005/2009, I would enjoy assisting the town in this capacity again.

Yours Sincerely

## Beverley Shire Council Elections 2011 – South Ward

Having retired from farming then re-retired from involvement with several other organisations, I would like to introduce myself as a candidate for the local government council here in Beverley.

My wife and I have very happily lived here for almost 15 years.

My first involvement was with the hospital where I was on the hospital board for 9 years until local boards were disbanded by the government of the day. I have been treasurer and lately secretary of the Anglican Church, which my wife and I regularly attend. We are also among the volunteers who deliver meals on wheels for the elderly, a wonderful service which keeps us in touch with those who are unable to get out and about. Beverley is one of the few towns which deliver hot meals, five days a week and we are fortunate to be able to provide this care.

I don't come to these elections with a predetermined agenda but rather a desire to make what contribution I can to an already well functioning Council.

If anyone would like to contact me, my details are listed below.

## **ARTHRITIS & OSTEOPOROSIS WA** **40th ANNIVERSARY CELEBRATIONS MARCH 2012** **'CAN YOU HELP?'**

The 13th March, 2012 marks 40 years since an exploratory meeting between 5 Doctor's and 6 citizens concerned about the problems of Arthritis and Rheumatism in the community of Western Australia took place.

To celebrate this occasion we are hoping to get former and present branch members, volunteers and staff to come together for a luncheon. At this stage we are trying to contact as many people as possible.

If you know someone who has been involved with the Foundation either through a Branch or at the Head Office and they are interested in being part of the celebrations, can you please get them to contact us as soon as possible.

Alternatively, if you have their contact details can you please let me know.

### What identification do I need to provide to apply for my first Western Australian (WA) Driver's Licence?

From 5 September 2011, there are number of key documents you must supply to apply for your first WA driver's licence. A combination of compulsory and secondary identification documents are required to be presented by you before you can be granted with a WA driver's licence. *One document must show your signature. Original documents only, certified copies will not be accepted.*

#### Compulsory Category A - Establishment of Identity document

- Australian Birth Certificate (*not an extract*) issued by Births, Deaths and Marriages (BDM), not a commemorative one
- New Zealand Birth Certificate (*not an extract*), issued by Births, Deaths and Marriages NZ
- Confirmation of birth letter (issued by BDM)
- Citizenship or Naturalisation documentation (issued by the Department of Immigration)
- Evidence of Resident status (issued by the Department of Immigration)
- Immigration papers (issued by the Department of Immigration) such as a current Visa (*not an electronic Visa*)

#### Secondary Category B - Link between Identity and Person

- Current Australian driver's licence or learner's permit (*with photo and signature not expired more than six (6) months*)
- Australian Passport (*not expired more than two (2) years*)
- Current overseas passport (*not expired*)
- Parental identification and statutory declaration (form M101). Parent must attend with the child and present current driver's licence for identity verification

#### Secondary Category C – Evidence of identity operating in the community

- Current Australian EFTPOS or Credit Card
- Medicare Card
- Electoral Enrolment Card (*less than two (2) years old*)
- Centrelink or Department of Veteran Affairs Healthcare or Pension Card
- Current Security Guard/Crowd Control Licence
- Marriage Certificate (issue by BDM), not a commemorative one.
- Current photographic student ID

- Current photographic Police or Australian Defence Force ID card
- WA Proof of Age Card
- Current WA Firearms Licence
- Current WA Working with Children Card

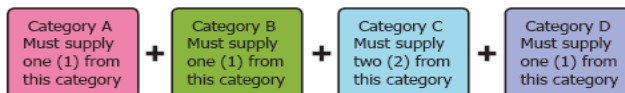

#### Secondary Category D – Evidence of Residential Address

- Australian bank statement or letter (*less than three (3) months old*)
- Australian utilities account or notice (*less than three (3) months old*) for example Gas, Water, Electricity, Phone, Council Rates etc
- Letter from current employer advising of client's current residential address (*less than three (3) months old*)
- Letter from an educational institution advising of client's current residential address (*less than three (3) months old*)
- Current Residential Tenancy Agreement
- Official document or letter from a Government Agency (*less than three (3) months old*) with current residential address, for example Australian Taxation Office, Centrelink, Medicare

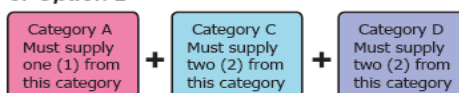

#### How does it work?

##### Option 1

To assist you, we have provided two options for the combination of documents you must present.

##### or Option 2

#### Things to remember

- Please ensure that all documents presented meet the guidelines for the documents in each category, for example the age of the document, issuing body.
- You must supply one document from Category A.
- You must supply original documents, *certified copies will not be accepted*. *One document must display your signature*.
- All documents provided will be copied and retained by Driver and Vehicle Services. These documents will be recorded against your driver's licence details. You will retain your original documents.
- These requirements supersede any identity requirements previously published by Driver and Vehicle Services.

## PUBLIC INFORMATION

### AGED CARE

The following is an extract from an article in *Have-a-go News*, No. 233 August 2011 (Page 55)

THREADING the maze of information, services and accommodation options for residential aged care can be daunting.

Accommodation alternatives are designed to cater to the level of assistance required by each individual. High and low care facilities, as well as premium services, dementia specific and respite care are available to ensure individuals are placed in a facility that provides for their specific choices, nursing and personal care needs.

When looking for an aged care facility, it is important to understand what type of home you are considering, what services you are seeking and the locality you would prefer. Some of these factors may affect the cost and the services that you will receive.

Whilst the Australian Government helps with the cost of residential aged care, it also expects those who can afford it to contribute to the cost.

A resident's financial status is assessed by Centrelink and will fall into one of three categories.

- \* Fully Supported - assets of less than \$39,900;
- \* Partially Supported - assets between \$39,500 and \$102,544; and
- \* Non-Supported - assets greater than \$102,544.

A pension concession card does not entitle a person to fully supported status when entering aged care.

Once financial status is determined, daily fees and possible accommodation charges or Bonds are calculated.

Every resident pays a Daily Care Fee - currently \$40.25 per day. On top of this, and as determined by your financial status, you may be asked to pay an Income Tested Fee. All fees are set by Centrelink, not individual providers.

If your assets are above \$39,000 an Accommodation Bond can be charged. Accommodation Bonds are guaranteed by the Federal Government and assist aged care providers to continue to build new facilities. Bonds are usually financed by the sale of a family home and are returned once a person leaves a facility, minus statutory retentions as set down by the Government.

Bonds are determined by the minimum value placed on a room by the provider, the level of your assessed assets and the minimum level of assets that a resident must retain.

Monies paid as a Bond are not taxable and are not considered when calculating pension entitlements or Income Tested Fees. In some circumstances you may find yourself better off financially following the payment of a Bond.

The process of finding and entering an aged care facility can be daunting, not to mention emotional, for all involved.

The following extract is from Information Sheet No. 9 of July 2011— Australian Government - Department of Health and Ageing, sent to me by MP Judi Moylan.

From Information sheet no. 9 Fees and Charges for Residential Aged Care - An Overview, used by permission of the Australian Government

#### **Fees and Charges for Residential Aged Care - An Overview**

Residents in Australian Government subsidised residential aged care can be asked to pay fees as a contribution towards accommodation costs, living expenses and the cost of their care. There are protections in place to ensure that care is affordable for all residents. The Government recognises that not all residents can pay for the cost of the care they receive, and so provides substantial subsidies to assist with these costs.

Details on dollar amounts have not been included in this information sheet. For this detailed information, residents or their nominated representatives can call **1800 200 422**.

Current rates of aged care fees, charges and thresholds are listed on the Schedule of Resident Fees and Charges which is available on the Department of Health and Ageing website: [www.health.gov.au](http://www.health.gov.au).

#### **What are the fees**

A resident may be charged for the care and services provided, as follows:

- **Basic daily fee** – as a contribution toward accommodation and costs of daily living.
- **Income tested fee** – as a contribution towards the costs of care.
- **Accommodation payment** – as a contribution towards capital accommodation costs.
- **Extra services charge** – applies to residents occupying extra service places (both permanent and respite) for the provision of a significantly higher standard of accommodation services and food.
- **Additional service fee** – where the resident requests or agrees to additional services (such as newspapers and hairdressing).

The level of the residents daily fees and accommodation payments can be negotiated between the residents and/or their representative, and the aged care home.

However, the Australian Government sets the maximum level of the daily fees and accommodation payments a resident can be asked to pay to the aged care home.

#### **Basic Daily Fee**

All residents in aged care, including respite residents, can be asked to pay a basic daily fee as a contribution towards accommodation costs and living expenses, like meals, cleaning, laundry, heating and cooling.

The maximum basic daily fee for all permanent residents who first enter an aged care home on or after 20 September 2009 is 84% of the annual single basic age pension. This is also the maximum fee for all respite residents, excluding those receiving respite care on an extra service basis.

**Note:**The Department of Veterans' Affairs pays the basic daily fee for Australian ex-prisoners of

war in Australian Government subsidised residential aged care.

#### **Income Tested Fee**

Residents (other than respite residents) may be asked to pay an income tested fee, depending on their income and the level of care they require (Refer to [Information Sheet 11 – Income Tested Fees for Residential Care](#) for more detail).

This fee is paid directly to the aged care home. No resident will pay more than they can afford, and no resident will pay more than the cost of their care.

The Australian Government sets the maximum amount a resident can be asked to pay to the aged care home.

#### **Accommodation Payment**

The two types of accommodation payment are accommodation bonds and accommodation charges. (Refer to [Information Sheet 16 – Accommodation Bonds for Residential Aged Care](#) and [Information Sheet 15 – The Accommodation Charge for Residential Aged Care](#) for more detail).

#### **Accommodation Bond**

Residents with sufficient assets who require low (hostel) level care or who enter an extra service place may be asked to pay a bond.

The Australian Government sets the minimum assets a resident must retain when establishing the bond amount. A resident cannot, therefore, be charged a bond amount that would leave them with less than the minimum asset amount. Where a bond is payable, the amount and payment method can vary and should be negotiated with the aged care home.

The aged care home is able to retain a monthly amount from the bond for the first five years, and the balance of the bond is repaid to the resident or their estate when they leave the aged care home.

#### **Accommodation Charge**

A resident with sufficient assets who requires high (nursing home) level care (but not on an extra service basis) may be asked to pay an accommodation charge. Whether a resident requires high level care is determined at the time of entry to a permanent place by the evidence available at that time.

While the Department of Health and Ageing or the aged care provider will inform the resident of the maximum amount of accommodation charge they can be asked to pay (based on the value of their assets), the actual amount payable can be negotiated between the resident and the aged care provider.

If a resident chooses not to have an asset assessment, or has assets above the upper assets threshold, the amount of the accommodation charge they may be asked to pay will be the maximum applicable rate.

#### **Financial Hardship Assistance**

Financial hardship provisions are there for residents who would face genuine financial hardship if they were required to pay residential aged care fees and charges. To receive an application for financial hardship assistance call **1800 200 422**.

#### Financial Information

Financial decisions, for instance about how to pay an accommodation bond or charge, can have different effects on a person's pension, aged care fees and tax. People are advised to seek expert financial information to help make these decisions.

A free Financial Information Service is available through Centrelink. To make an appointment call Centrelink on 13 23 00.

Services provided to our residents (Beverley and adjoining towns) during September 2011.

1. Seeking justice for prison resident under deportation order. Matter very complex—no legal brief. Help currently offered by the prison chaplain and prison JP.
2. Matters pending with both government ministers of health and transport problems.
3. Compensation/ex gratia payment resting with MLA Grylls and Attorney General's office (obtained legal advice).
4. One civil matter - legal action pending under Barrister's advice.
5. Wills and enduring power of attorney. I was unable to offer legal advice, as this is not my role or brief. These matters were then referred to seek help from either a solicitor or the Citizens Advice Bureau. Once these documents are prepared, I would then organise the second witness required to execute such documents.
6. Estate matters. Witnessing/attesting relevant documents as well as writing trust fund and superannuation documents.
7. Home and hospital visits to see terminally ill and aged care residents and help with information and witnessing documents.

Centrelink: I am led to believe that there are new more stringent rules which apply to recipients on the new start allowance and disability support

pension.

On a personal note: Pensioner, orphans, needy families. My first involvement with pensioners took place in 1986. I was elected Honorable Secretary/organiser of the Pensioners Action Group, Forrest Place, Perth, a very high profile group which attracted media attention, politicians, union leaders and senators to our monthly meetings.

1991— Orphan Foundation overseas. I was blessed in offering some help to enhance the quality of these young children's lives. Since then, to date, in a very small way I have been involved with overseas widows and frail aged homes (there are no pensions).

When there is not enough funds to go around a large number of needy families are given rations such as rice, flour, oil, lentils, potatoes and onions. (No unemployment benefits). Australia:- Save the children and Christian Blind Mission—I try to help whenever funds are available.

Since my illness I remember that in this troubled world, when you reach out a hand in their hour of need, this kind gesture plays a huge part in the lives of vulnerable overseas children and needy families and puts food in their mouths. (Most needy families/ children have no tables to speak of, they sit and eat on the floor.) This is portrayed on our TV sets.

## BEWARE OF THE TRUCKS

With harvest only just around the corner there will be an increase of vehicles on the road, especially trucks. While drivers of both trucks and cars have to be mindful of the road rules and each other, driving a truck that is fully laden can be a tough job. As a driver of a car you need to appreciate that it is very hard for a truck to stop suddenly or take evasive action safely. So when driving around town and especially on some of the smaller, narrower roads you need to be mindful of the trucks.

It doesn't hurt to be extra careful and pull over to the side of the road and let them pass if you are on a narrower road, or if you are coming up to a bridge and a truck is coming from the opposite direction you can stop and allow him to go through first.

Remember that the trucks can't stop as quickly as you can in a car. So drive smart and drive safe.

### **CHANGES TO THE LAW RELATING TO DRINK AND DRUG DRIVING OFFENCES**

As of the 1<sup>st</sup> October 2011 there are changes to the penalties for drink driving. Basically the penalties are increasing for drink and drug driving offences.

However there are some changes to the laws that may relate to some of you which you need to be aware of.

There is now a zero blood alcohol content (BAC) for drivers of:

- Heavy vehicles with a GCM exceeding 22.5 tonnes (whether at full capacity or not)
- Passenger vehicle (e.g buses) equipped to seat more than 12 adults including the driver, while carrying passengers (whether on payment or not)
- Vehicles carrying dangerous goods
- Holders of extraordinary licences
- Recently disqualified drivers.

A recently disqualified driver is a person that has been convicted of a drink driving offence (DUI, refuse breath or blood test, second 0.08%). You are a recently disqualified driver for 3 years from the time you recommence driving after your conviction.

## **RELIEVING OFFICER IN CHARGE**

# How prepared are you for a bushfire?

## CHECKLIST – PREPARING YOUR PROPERTY

The majority of houses can survive most bushfires with preparation and planning. There are many ways that you can improve the chance of your property surviving a bushfire even if you aren't there to defend it. Use this checklist as a guide to preparing your home.

### STARVE THE FIRE

Clear around your home so that embers will have less chance to start a fire when they hit the ground. This will also help reduce the damage caused by the fire.

- Cut long grass and dense scrub.
- Regularly rake up leaf litter and twigs under trees.
- Prune lower tree branches (up to two metres off the ground) to stop a ground fire spreading into the canopy of trees.
- Remove shrubs and small trees under and between larger trees.
- Clear vegetation along the boundary of your property to create a firebreak. Make sure you meet your local government's fire break requirements.
- Keep roof gutters and valleys clear of leaves and bark.

### MAKE A SAFETY ZONE

Within the safety zone:

- Create a 20 metre circle of safety around your home and other buildings. This area needs to be cleared of all rubbish, long dry grass, bark and material that may catch fire.
- Create and maintain a minimum two metre gap between your house and tree branches.
- If possible, plan your garden so that your vegetable garden, lawn, pool or patio is on the side of the house likely to face a fire (where the bush is).

### FILL THE GAPS

Houses usually catch fire when embers get into the roof space, a wall cavity, on to ledges or under the house. Prevent sparks from entering your house by blocking all the gaps.

- Block any gaps under floor spaces, in the roof space, under eaves, external vents, skylights, chimneys and wall cladding.
- Place metal fly wire mesh on all windows, vents and evaporative air conditioners to keep sparks and embers out.

### FIX THE FIRE TRAPS

- Do not pile wood against or near the house.
- Remove any timber, rubbish and old junk lying around.
- Move all fuel containers into a shed away from your house and have a firebreak around it.
- Keep gas cylinders on the side of the house furthest away from the likely direction of a fire (where the bush is). Ensure the pressure relief valve is directed away from the house. Store gas cylinders upright and secure them with a metal chain to a secure, non-combustible post to prevent cylinders from falling over.

### PROTECT YOUR ASSET

- Have a sufficient independent water supply of at least 20,000 litres and a petrol, diesel or a generator powered pump capable of pumping 400 litres per minute.
- Check that your home and contents insurance cover is adequate. Take into consideration renovations, fixtures and additions such as swimming pools, sheds, gazebos, luxury fittings or new appliances.

## AVONDALE OPEN DURING THE SCHOOL HOLIDAYS

Make the most of the finer weather and take a trip out to Avondale during the school holidays. Free BBQ facilities. Open from 1<sup>st</sup> to 16<sup>th</sup> October 10am to 4pm.

## PINJARRA VINTAGE RALLY

The Avondale green tram was loaned out recently to the Pinjarra Vintage Rally to ferry people around the event. It was wonderful to see the people enjoying themselves on the tram and the Avondale logo moving around the venue. It was a major effort by all the volunteers to take two WA made implements from Avondale down to display, which the event organisers were very appreciative of the work involved. A BIG THANKYOU to the Avondale volunteers - Paul MacTaggart, Richard Boladeras, Alan Windsor, Bruce Mann, Dina Barrett-Lennard, Eric Overington and Ray Lines.

## SIGNIFICANCE ASSESSMENT

Thank you to Ray Walters and Frank McDonald who will be looking at the museum collection items identified for more follow up for their historical information. If anyone else would like to assist Ray and Frank in putting together this comprehensive assessment, please give Dina Barrett-Lennard a call at Avondale. The project will hopefully be completed by the end of the year.

## BEVERLEY HARVEST FESTIVAL

Planning and advertising is now well underway for the Beverley Harvest Festival at Avondale.

If you have some local craft or catering and you would like to have a stall at the Harvest Festival, we would love to have you involved. To ensure this event continues to be a huge success we are again asking for volunteers for all types of jobs leading up to and on the day of the Harvest Festival. Please let Dina know if you are able to assist.

## AVONDALE VENUE MAINTENANCE

Avondale continues to enjoy the assistance of the Section 95 crew who has tidied up the homestead garden, managed the yards of the unoccupied properties, assisted with fencing, and cleaning out cattle grids just to name a few of the completed items.

The Max Employment crew has also been busy helping to keep the property usable and safe, including removing weeds on the walk trails around the dam and in the picnic area, cleaning up the homestead garden, maintaining some of the drainage around the shed area and oiling timber in the stables.

The Beverley Shire has continued to support Avondale through rubbish disposal, spraying weeds around the shed area, and large scale mowing of the front drive, picnic area and general entry. Thank you in particular to Mal Kelhet and Ian for the work they have done at Avondale.

## GROUP VISITS

Avondale continues to enjoy many great group visits including the Phantom Caravan Club, Legacy Group, Craigie Leisure Centre and Hotham Cruisers Motorcycle Club.

A BIG THANK YOU to John Pratt for so willingly opening up Avondale on the weekends and making all visitors so welcome.

**HARVEST FESTIVAL Sunday 20<sup>th</sup> November Beverley Harvest Festival. 10am to 4pm.**

**Entry fee is \$10 per person,  
\$5 concession/student.  
Children under 12 are FREE!**

The town was a buzz with all the scarecrows displayed in the lead up to the Beverley Show. The Avondale Farm Project Association would like to use these to display around the Harvest Festival. If any of the local businesses would allow us to borrow their scarecrows, please let us know. We are happy to safely store them for you up until after the Harvest Festival if that would be useful.

**WOOLY SHEEP WANTED** We want your sheep - if you have some sheep (any number) needing shearing in November please contact Dina Barrett-Lennard at Avondale. We need some sheep for our Shearing Demonstration (approximately 20).

# SOUTH EAST AVON REGIONAL TRANSITION GROUP POTENTIAL AMALGAMATION PROPOSAL FACT SHEET "YOUR FUTURE - YOUR CHOICE"

<b>Who is involved in the Amalgamation Business Case Process?</b>	The Shires of Beverley, Cunderdin, Quairading, Tammin and York have formed the South East Avon Regional Transition Group (SEARTG) to prepare a business case that will examine the potential benefits of amalgamating.
<b>What is involved in the RTG Business Case Process?</b>	<p>The Business Case will consider the Current and Future State of local government in the SEARTG.</p> <p>The Current State involves examining all of the operations of the 5 local governments to provide a snapshot of the current way each Shire does its business.</p> <p>The Future State will examine a new service delivery model and structure for the proposed new local government. The Future State will then be assessed in terms of potential benefits in improvement in services and whether there are any potential savings or additional costs in the proposed new service delivery model and structure.</p>
<b>Why is amalgamation being looked at?</b>	It is believed that there are a number of potential benefits that may result from amalgamation. Such benefits may include improved service delivery across the region, more flexibility in adapting services to meet changing customer needs, greater capacity as a single local government to deliver larger infrastructure projects, and potential reduction of duplication in services and facilities.
<b>What will happen if the local governments support amalgamation?</b>	<p>The completed business case will provide a recommendation on whether there are enough potential benefits to proceed with amalgamation. The completed report will be referred to the 5 SEARTG member local governments to consider the recommendation.</p> <p>If the recommendation is supported by the 5 SEARTG member local governments, the business case along with the supporting resolutions of the 5 local governments will be referred to the Local Government Advisory Board for review and to make a recommendation to the Minister.</p> <p>The Minister will then consider the recommendation from the Local Government Advisory Board and make a decision on whether the amalgamation should proceed.</p>
<b>Where will I access services if amalgamation occurs?</b>	The proposed amalgamation model is based on a Place Management approach with local area service centres being retained in each main town. The Shire administration centre and customer services will be maintained under the Place Management model.
<b>Where will staff work if amalgamation occurs?</b>	One of the key principles that has been agreed to by the 5 SEARTG member local governments is minimal displacement of the existing workforce. The future structure of the organisation is currently being determined, but will take into account retaining staff in their current locations, wherever possible.
<b>When will amalgamation occur?</b>	If supported, amalgamation could occur as early as 1 July 2013.

## Gwambygine Homestead

After several false starts the Beverley Historical Society and friends had an enjoyable and interesting excursion to the recently restored Gwambygine Homestead on Friday 9 September 2011.

We were met by Pamela Stratham-Drew and Nick Drew who were happy to share their knowledge of the history of the building. Situated high on the bank of the mile-long permanent Gwambygine Pool, the homestead is in an attractive location.

The original centre wing was built in 1836 making it one of the earliest buildings in the colony of Western Australia. It was built by Thomas Carter with help of the sons of the owner, J B Wittenoorn. The walls were rammed earth made of a mixture of local clay, sand and straw. Some of this original building material can still be seen in an old chimney stack.

The homestead is a typical farm home of colonial times, being just one room wide with verandahs both sides that provide access between the rooms. Wings have been added over the years, plus power and plumbing. It is still privately owned by the daughter of the last resident, Brian M Clifton, who died in 1998.

The homestead has very few furnishings at the moment but there is a plan to have a minimal number of pieces in each room.

Following our inspection we enjoyed our afternoon tea beside the river in the warm spring sunshine.

Then on the way back to Beverley, several people called into St Peter's Anglican Church at Gilgering to take a close look at the many interesting headstones there.

## BEVERLEY LIONS CLUB

The Lions club has been busy during the last month since the Beverley show where we had such tremendous support from you, our community.

I would like to pay a special tribute to Lion Ken Collins who passed away after a prolonged battle with a brain tumour. Ken and his wife Sue have been very active members of our club. We will especially miss Ken for his great stories and his ever present help at all of our activities.

The weekend of September 17, 18 saw the WA Pony Club Association state wide championships held at the Beverley recreation grounds. Even though it rained for much of the weekend it did not seem to hinder the riders. A great time was enjoyed by all. The Beverley Lions ran the canteen on both days. It was a busy but enjoyable time. Special thanks to our volunteers, Barbara Pearce, John Fregon and Bianca.

This month saw Lion Pat Thomson turn 80 and our dinner meeting turned into a surprise birthday party. Pat is a stalwart of our club, she works with a vigour far exceeding expectations for her (or anyone's) age.

We are always seeking new members to join our club, so if you are civically minded, wanting to assist in raising funds to help support service, sporting and social groups in Beverley and further afield, and are looking for a good time and friendship why not join your local Lions Club. You can contact us by ringing 96460546 (president) or 96416075 (secretary) or coming to one of our meetings on the first and third Thursday evenings at 7:30 pm at the CWA hall.

There may be some who haven't the time or desire to become full Lions members, but would like to help out in our fund raising projects which at this time mainly involve catering at such functions as the Beverley show, Avondale Harvest Festival, the Clydesdale and Vintage Plough Day and the tractor-pulls. We would like to create a list of such people whom we term Friends of Lions who are available to help as volunteers (at your convenience) when we are short of helpers. If this is where you would like to help, again call us on 96460546 or 96416075.

# Help Future Australia Grow... Plan, Prep, Plant!

It is time to develop our future and country for us and our kids and help make our land more productive. The WA Wheatbelt it is over 19 million hectares in size and approximately 93% has been cleared for European-style agriculture. Revegetating just 10% of the cleared land equates to 1.8 million hectares, so we need to work with landholders to protect their land and ongoing productivity with strategically planned plantings to fit around their farming areas.

Men Of The Trees, a not for profit organisation concerned with integrating revegetation projects in rural Western Australia is calling upon WA farmers to get on board.

Farmscape Services, the professional planting section of the organisation is seeking to work with WA farmers and land owners to help repair damaged land and make their farms more productive, with plantings along areas such as, creek lines and fence lines.

"The influence of early settlement and current environmental conditions has caused an extensive loss of native vegetation across rural WA, significantly impacting the livelihood and prosperity of WA farmers and their land," says Cliff Morris, CEO, Men Of The Trees.

"Exposed soils, rising water tables and a loss of habitat for native fauna are just some of the present challenges being faced by farmers as a result of environmental damage," said Cliff.

Farmscape Services aim to work personally with farmers and land owners to design and plan the most appropriate use of native plants and tree crops and can design a plan for individual properties.

For a basic fee Farmscape Services will personally visit the proposed site, conduct a site assessment and provide a quote for various works to be completed such as planting, project management, site preparation and weed control.

One day and two day services are available to choose from and with Farmscape Services making the visit and doing all the work, it is easy and convenient for farmers and land owners to get on board.

As part of Farmscape Services, Men Of The Trees arrange seedlings from reliable sources and provide a qualified planting team to assist in planting seedlings.

To find out more information on how you can help make a difference and repair rural WA, or to organise a personalised site visit, contact the **Revegetation Centre Manager** on (08) 9274 4842 from 8am to 4pm, Monday to Wednesday.

## There's a lot happening in our backyard!

### New species of Wheatbelt spider

The chance discovery of an unusual looking spider in the backyard of a Grass Valley home has led to the identification of a new species of trapdoor spider.

John Cornish noticed an unusual white headed, black and brown-legged spider on his back veranda in July.

Using a jar, he carefully captured the spider and took it to the Department of Environment and Conservation's Northam office.

Staff then called upon spider expert Mick Davis from Wheatbelt NRM, who soon realised the significance of the discovery.

"This spider has been nicknamed the albino trap door spider, and is about the size of a 50 cent piece," Mick Davis said.

"We've handed it to the WA Museum, which has identified it as a new species of trap door spider from the Idiopidae family."

Mark Harvey is the WA Museum's curator of arachnids and myriapods.

He said the species was similar to a group of spiders found further north at Ballidu and Eneabba.

"The difference is in the way they mate, and the structure of the male pedipalp which transmits sperm to the female," Mark Harvey said.

"The spider is venomous, but is not considered dangerous."

Mark Harvey said the spider was yet to be formally named.

Wheatbelt NRM's Mick Davis said the discovery raised the question of whether there were other species in the area waiting to be discovered.

"The finding is significant, as it highlights the richness of our wheatbelt backyards - where something never seen before can literally just walk up to your back door," Mick Davis said.

"It's fantastic people like Mr Cornish are keeping their eyes open and making the effort to find out more about our unique biodiversity

"Protecting quality bushland on farms from grazing by stock, rabbits and weeds is an easy way for farmers to help protect the Avon's natural heritage

"Wheatbelt NRM's Bushcare Grants are an excellent way of getting additional funding to off-set costs to farmers for a diverse range of activities."

Applications for Wheatbelt NRM's Bushcare grant are now open.

## BUSHCARE GRANTS

**Do you have a special patch of bush that needs looking after?**

Wheatbelt NRM wants to help communities and land holders to protect their local natural areas.

We recognise the importance of supporting community organisations and individuals to manage and undertake on ground works which will protect remnant vegetation and the conservation of biodiversity values.

**Grants are available up to the value of \$15,000 for works including fencing of remnant bush and revegetation.**

**Applications close 15 October 2011**

For more information or the application form please contact Mick Davis on 9690 2250 or email [mdavis@wheatbeltnrm.org.au](mailto:mdavis@wheatbeltnrm.org.au)

# Beverley Historical Society News

The September meeting of the Beverley Historical Society was held on Monday 12 September with nine members present.

Discussion was held regarding the Heritage Rail Project that Beverley has been fortunate to become a part of. Some members will be present at a meeting on 28 September at the Shire Council regarding the project.

The President also informed us that Cathy Day who is completing her PhD has offered to conduct a heritage significance assessment and report on our museum, free of charge, as part of her studies. The members were all in agreement that the museum would benefit greatly from this service. We look forward to assisting her.

Well we finally realised our excursion to the Gwambygine Homestead. 20 people attended, including members and non-members and were treated to a wander around the magnificently restored homestead and enjoyed a bring-and-share afternoon tea in the sun overlooking the river. Please see elsewhere in this Blarney for a write up.

Four members attended the State Historical Society Conference in York at the Church of Christ Hall on Saturday 17 September with some most interesting talks. More about this next month.

A group of 36 members of the Northam Probus Club visited the museum on Wednesday 21 September. All were very complimentary about the museum and spoke highly of their prior visits to other parts of town earlier in the day, including the Station Gallery.

Donations to the museum for September included:

An old tin chocolate box, which held a set of wooden drafts; a Huckaback towel; a vintage baby's bonnet; a Beverley Pre-school program; a Beverley Show - First Prize Card from 1948; a 1913 Hymn Book from the Beverley St Mary's Sunday School; an article from the Western Mail, 1938, about the Beverley Show; a Girls Handicrafts Book published in 1953; a book *Britain and her neighbours* published in 1936; and a local lady's writings: *Childhood Memories*.

We look forward next month to Elite Tours bringing a bus full of visitors to our town on Wednesday 26 October.

The next meeting of the Society will be the AGM which will include an afternoon tea, held on Monday 10 October at 1.30 pm at the Dead Finish Museum. New members always welcome.

**“Roses from The Heart”®  
Convict Women Bonnet  
Memorial of  
Christina Henri**

I thought I would do a Bonnet update as many people have been asking recently “ What’s happening with the bonnets?”

Christina now has well over 20,000 bonnets to date, about 5,000 to go until all 25,566 bonnets are completed. (One for every convict woman sent to Australia from UK) Bonnets are still coming in on a regular basis and many people are still requesting names and ships so they can make one. After a recent article in a French magazine and a segment on German TV many bonnets have come in from those countries as a result of the publicity. Christina is having a display at Otlands, as part of the Otlands Spring Festival in Tasmania on the 16<sup>th</sup> October, 2011. The Tasmanian Premier, Lara Giddings MP, will be launching the Roses from the Heart® bonnets display as part of the Festival. If you are interested in making a bonnet or you have already made one, but would like to do another, please let me know. I have some bonnets kindly sewn up by Pam Beet ready to go - all you need to do is embroider, decorate or embellish the bonnet. Pattern/instructions can be downloaded from Christina’s website or I can supply one. Please ring Robyn on 96461660 or email me on [grmurray@westnet.com.au](mailto:grmurray@westnet.com.au).

Once again thank you to all those who have made a bonnet or supported this iconic history making memorial tribute in whatever way you have been able. The memorial is still ongoing and your support is greatly appreciated.

For up to date information go to <http://rosesfromtheheart.tumblr.com/>

and also [www.christinahenri.com.au](http://www.christinahenri.com.au) Christina has also very recently begun to TWITTER. You can catch her daily going ons via Twitter@cjenri

The following girls are awaiting a bonnet tribute. If you would like to create a bonnet in their memory as part of the Roses from the Heart® Memorial please ring Robyn.

**Honora Connors.** Honora (aged 20) was transported on the “Palambam” and arrived in Sydney in 1831. She was a single woman born in Cork and tried in Cork. Her trade is listed as a dairy maid. She received a 7 year sentence for stealing geese.

**Margaret Dixon** Margaret (aged 18) was transported on the “Palambam”

arriving in Sydney in 1831. Margaret was born in Kildare and tried in Dublin. She was a widow and a dressmaker by trade. She received a 7 year sentence for stealing a spoon and a watch.

**Anne Flood** Anne (age 26) received a 7 year sentence and was transported on the “Palambam” arriving in Sydney in 1831. Anne was born in Kildare and tried in Dublin. **Free Perennial Seedlings/Seed in 2012**  
Expression of Interest

*Caring for our Country Project 2009-2013 - Perennial Farming Systems Targeting Wind Erosion within the North Eastern and Southern Wheatbelt Regions of WA*

WEROC, SEAVROC and NEWROC Natural Resource Management (NRM) are seeking expressions of interest from landholders who are interested in planting Perennial Pasture seed (including Lucerne), Sandalwood hosts, Brushwood, Saltbush, Oil Mallees, and/or Swamp Sheoak on low/poor production areas that are at risk of wind erosion in 2012 with considerations also going to areas where salinity is a significant threat.

The species indicated can be integrated successfully into farming systems to tackle not only wind erosion but also salinity, soil health, enterprise diversity and water management. As the focus of the project is Wind Erosion the species will be implemented through wind breaks, alley farming systems and through improved perennial pasture systems.

There are limited numbers of seedlings available through this project which means we have to limit each successful farmer to enough seedlings to cover approximately **5 Ha ONLY**.

**Assessment Criteria:**  
Seedlings/seed will be allocated based on the selection criteria listed below and your preferred species as determined in the table on the following page.

- Preference to new and/or ‘younger’ growers;
- Species must be planted to tackle wind erosion prone areas (or other ‘land degradation matters’ that are associated with wind erosion);
- Broadacre farms that require planting of 5 Ha areas;
- Willingness to have your farm involved in extension activities (including field walks and case studies);
- Previously attempted to address the issue on your property;
- Purchased seedlings previously for private works and
- Good survival rates of previous plantings (not including uncontrollable factors e.g. drought).
- Seedlings will be delivered on-farm during July/August 2012. Applicants must be able to accept seedlings at any time within this period.

## View from the Shed What is a Healthy Community?

Recently I received an award for my work in helping to maintain healthy communities in rural WA. As I contemplated the award and what it meant, it crossed my mind that it is a bit of a contradiction to award an individual if you are talking about communities.

For something to be considered a community it surely means a group of individuals working together to achieve a common goal. Personally I feel that we achieve very little on our own, we develop skills based on our own interests for sure but they usually reach their full potential

when we apply our personal skills with the talents and skills of others.

When we apply this basic logic to the concept of a healthy community it keeps in perspective how important every member of that community is because of the skills and talents they bring to the life of the community.

I guess there are some basic rules that need to be accepted if we are to maintain a healthy environment in our particular location, these concepts come into focus most often when we are focused on dealing with a common problem, any disaster, like a dry season, a flood, a fire or the loss of a specific service in a town.

When any of these things challenge us we put aside our personal differences and unite behind the "cause" and work to resolve the issues. It is a

pity we don't always apply this same commitment to a healthy community when things are going well.

Some of the things to remember are:

• **Tolerance** particularly of our cultural differences. Communities benefit from diversity in so many ways,

• **Acceptance** that we all play a part in creating a healthy community,

• **Willingness** to be involved for the benefit of all to achieve community goals,

• **Team Attitude** not everyone is a captain, but a captain without a team has little chance of achieving.

As country people I think we are way better at building healthy communities, as long as we accept the part we have to play and work to achieving our goals. These things can never be achieved alone.

## BEVERLEY GARDEN AND TREE SOCIETY

Eighteen members met at the Dead Finish on the first Monday of the month as usual. Most members spent time walking around the garden because it is looking especially beautiful. Delys and her volunteers are to be congratulated.

Members were reminded of the street stall on 18 September.

All members were very happy with the feedback about our display at the Show. We had great fun doing the display under the supervision of Colleen.

Next trip for members is to be to Deep Pool to view the wildflowers. This will be held on 15 September and we will car pool.

On Thursday after the meeting it was our privilege to visit the Alex Miles Lodge for afternoon tea for the Friendly Club afternoon. With delightful backing music from Reg on his squeezebox, Richard's harmonica, and Judy on the piano, songs were sung and various games were played. Gorgeous bouquets were presented to all residents. These were most unusual in that all flowers were natives and grown on a property in the Dale. They looked stunning. Thanks Denise and Foxy.

After a few games of bingo an afternoon tea was enjoyed by all.

Our next meeting will be on 3 October and will be held at Hazel Croft's place, car pooling from the Dead Finish at 10 am.

New members always welcome. Secretary's number is 9643 1047.

# BEVERLEY YOUTH CENTRE

## SEPTEMBER REPORT 2011

### ACTIVE AFTER SCHOOL

Thanks Sam and all the children who attended Term 3—lots of fun and laughter and we are looking forward to Sofcrosse in Term 4.

### YOUTH BIZ-WHEATBELT SUMMIT

Thanks to Tammy Sing who helped with the transport of two York and five Beverley students who we took across to Cunderdin for the day.

It was a fantastic day, inspirational mentors, stalls displaying job opportunities, tour of the Cunderdin Agricultural College, lots of food and entertainment.

I was very proud of Bianca, Kym, Shannon, Jade, Brodie, Laura and Tristan who participated in different workshops and we all had a great day.

Thanks Steve for helping with the transport.

### VISIT TO THE HOSPITAL

Eleven students were shown all the facilities available on the Hospital grounds including the Lodge, HAAC, St. John Ambulance and a tour through the Hospital. Thanks Sandy Woods for a very informative visit, showing the Youth what could be available for job opportunities in the Health Service.

We all then had a fantastic lunch along with Acting CEO Steve Gollan

and Norm Ireland (Principal).

Norm Ireland, Jeremy Stevens, Bianca Pearce, Lyn Kay, Steve Gollan and Kym Barrett-Lennard

### DEPARTMENT OF SPORT & RECREATION

Roger Hayden of the Dockers and Clem Rooney from DSR visited High School students and Year 7 students to discuss goal setting for the future and at the end of the day all students received a bag with lots of goodies including a football—which Roger autographed. He is a former Brookton student and spoke about his journey to become an AFL footballer and even after breaking his leg 3 times how he had to focus on returning each time and his desire and belief of achieving anything you put your mind to. Great afternoon!

### HOLIDAY PROGRAMME

We are going Rollerskating and then to the beach on Wednesday 5 October; anybody interested please contact Lyn Kay, Youth Development Officer(0411 355 811) if you wish to come along.

## View from the Shed

It doesn't seem to matter where I travel in the Wheatbelt at present the crops are looking beautiful. Every farmer I talk to also says they haven't seen the country looking this good for many years and there is a half hearted expectation that it could be a good year.

Because of the difficulties experienced in the last few years, with droughts and poor prices, most rural people are very reserved about getting their hopes up too early. We all know there is a long way to go before harvest and lots of things may go wrong, but have we allowed the negative "may happens" to take away some of the positives we are seeing at present with this season.

Unfortunately rural people have a reputation for never being satisfied with the weather no matter what. Our city cousins translate this into a perception that we are perpetual wingers.

I think it is really important for our mental health to allow ourselves to experience the positive side of this season. When I look at the beautiful crops, the healthy fat sheep and cattle, water lying in ditches on the

roadside I feel like celebrating.

I think we can compare what we are going through to a person who has had a serious accident, maybe suffered brain damage, and has to learn to walk again. When that person takes one step, for the first time, there is a sense of overwhelming happiness at the achievement. It's not that they are restored to normal that we celebrate, it is the fact they are on the journey to recovery.

As farmers we can learn from this, allow yourself to experience the joy of what we see and sense the potential to be, like the rehabilitation of a damaged person, see the potential as well as the risks and then our hopes will be rekindled.

When someone says "don't the crops look great?" rather than saying "BUT" say "yes they do" it helps restore our belief that life isn't all negative.

It is also good to remind ourselves that there is no such thing as an "average" season. Averaging is a tool devised by accountants and politicians but reality isn't like that, no one I know wants to be "average". We have bad years and good years. In rural WA we should expect some good years, and I think this may be one of them.

Make the most of what we are experiencing, it will help us cope when we hit another bad spot, and we will.

**State Regional Arts Conference**

Four Arts Society committee members attended the OPEN YOUR EYES State Regional Arts Conference in Geraldton 13<sup>th</sup> - 16<sup>th</sup> September. This was attended by 200 artisans and like minded arts society representatives from throughout the state. The networking was amazing and we have arrived home full of new ideas and contacts. There was much discussion on the arts being better received as a core concern in the 21<sup>st</sup> century regional society, with the aim of making a document to be presented to Government on behalf of Regional Arts. All of which reinforced our own endeavours to help make our town a better and healthier place to live. **EXPRESSION IS EVERYTHING.**

Beverley delegates with a Country Arts member at the Conference dinner in Geraldton

The town of Beverley was invited to showcase the Station Gallery and Platform Theatre through a presentation format based on 20 images x 20 seconds. This proved easier said than done, however, we did ourselves proud with much acclaim from all over the state. There were 10 other presentations.

**BAGS Annual General Meeting**

The AGM for the Art Gallery Society will be held on Thursday October 20<sup>th</sup> at 6pm. We have made this an evening meeting to encourage interested persons who might otherwise be working. All interested persons are encouraged to attend, and of course Friends of the Station are most welcome as they are already BAGS members. As advertised elsewhere in the Blarney, the Committee of BAGS is applying for changes to the constitution, including the associations name change from "Beverley Art Gallery Society" to "Beverley Station Arts". This name change has come about because the association now includes all of the arts (in particular performing arts), not just visual arts as the name Gallery suggests. And the addition of the word Station is an obvious inclusion.

**Artists in Residence**

We welcome Scott Robson as our Artist-in-Residence for the month of October. At this stage no workshops have been organised, but local artists and residents alike, please drop into the Station for artistic advice or just a chat.

In November/December we have two artists booked from Victoria.

**Fundraising**

On Wednesday 21<sup>st</sup> the Arts Society entertained 40 members of the Northam PROBUS Club who came on a mystery coach tour to Beverley. It was a cold and wet day which meant a bit of a squeeze inside the Station Gallery (we anticipated a spring day - not that anyone's complaining - the rain's great!), but our visitors seemed pleased with our efforts.

## Cybersmart Outreach Internet Safety Presentations

Students from Years 3 to 10 participated in Cybersmart presentations on Monday 19<sup>th</sup> September. Issues raised were:

- The ways children use the internet and emerging technologies.
- Potential risks for children online, such as cyberbullying, inappropriate contact and exposure to inappropriate content.
- Tips to help children stay safe online.

Here is what some of our Year 3 Cyber Detectives had to say:

Always ask permission before you put people's photos on the internet - Digby

If you are entering a password, do not use 1234 or password - Jayden

People shouldn't send inappropriate photos over the phone or computer - Kaitlyn

Parents can access internet safety information at [www.cybersmart.gov.au](http://www.cybersmart.gov.au)

## Neil Elliott Art Workshops

A select group of 30 students participated in Art workshops on Thursday 8th September with Perth artist Neil Elliott, focussing on developing their cartooning skills. Here is what some of our students had to say about the workshops:

"I learnt how to draw cartoons and to draw shadows. I also learnt to draw cartoons backwards, sideways and from the front. I liked Neil, he was nice and funny. I wish I could do it again. It was fun." **Jazmyn Hammond**

"I loved it because I learnt new things. I wanted to do more." **Lachie Sims**

"The art workshop I thought was a good laugh with the cartoons and I learnt about shadowing and making drawings 3-D. Great fun!" **Erica Stelfox**

Thank you to Marylou Hutchinson for assisting us in creating this wonderful opportunity for our school.

## Secondary Excursion - Beverley Health Services (Hospital)

On Wednesday 21st September, our secondary students accompanied by Mr Ireland and Mrs Colebrook, enjoyed a very extensive tour of the medical and care facilities available at the Beverley Hospital. The purpose of the visit was for students to learn about employment opportunities available and the training required.

Mrs Sandy Woods did a fantastic job coordinating the tour and introducing students to various staff members who gave short talks about their jobs. Sections visited included administration, patient wards, kitchen, Frail Aged Lodge, HACC day care activities, St John Ambulance and the Emergency and Accident Department. After the tour finished we all had a delicious lunch provided by the hospital.

Thank you to Sandy Woods and the hospital staff who gave up their time to make the visit very meaningful to our students. You were all terrific. Mrs D Colebrook. VET Coordinator.

# BEVERLEY REDBACKS HOCKEY CLUB

2011 saw the Beverley Redbacks Hockey girls enter into the second season in the Avon competition after a few years without a Beverley team – and what an action packed season it was!! Qualifying for A Grade this year ensured we had some very high standard and hard fought games. The score line quite often didn't reflect the momentum of the game and although we didn't come away with as many wins (or as many home games) as we would have liked, the stronger competition has been beneficial for everyone's own personal hockey skills. Each week the brand new players (or "newbies" as fondly named by the team) amazed everyone with their determination and now quickly they had fallen into hockey!

We enjoyed a bus trip to Northam and back for our very last game against Aces White for the season and continued the good times back at Ali's house for a bbq and our annual vote count night. A big thank you to Ali for hosting all the players and their families, Chantelle for co-ordinating the night and Matty D as our great bus driver.

## CONGRATULATIONS to this year's Beverley Redbacks Hockey Club award winners:

Fairest & Best:	(Sponsored by Beverley Freemason's Tavern)	Kelly Piper
Runner up Fairest & Best	(Sponsored by Hotel Beverley):	Kathryn Mclean
Most Consistent	(Sponsored by Beverley Pharmacy)	Carly Veitch
Most Improved	(Sponsored by Hotel Beverley)	Megan Vandenberg

A BIG THANK YOU to our coach John Maxwell for all the time and effort he has put into coaching the team this year. It is greatly appreciated and we hope that you have enjoyed your first time in a coaching role. Thank you to the committee for all their work this year: Carissa Shaw, Chantelle Meade, Carly Veitch, Kelly Piper, Emma Mann, Fleta Redding & Fiona Bowden.

A very special thank you to Fiona Bowden for coordinating the kids for another AWESOME year of Junior Hockey. We look forward to when the "little redbacks" can join us on the hockey field and sharing with us some of their winning form.

Last but not least a big thank you to the team – it is very rare to find such a positive, fun loving team and it is the players that have made such a wonderful team. Look forward to seeing everyone back next year!

## BEVERLEY LADIES GOLF NEWS

### 31 August - Final of Ladies Club Championships

Ladies Club Champion for 2011 - Glenys Collins. This is Glenys' 7th Championship win in succession. She defeated Maxine Watts 4 up with 3 holes left to play over 36 holes.

Plate winner for 2011- Sera Minchin. Sera defeated Heather McLean 1 up on the 18th hole.

### 7 September- Par for the Overington Trophy.

The winner on plus 2 was Jane Murray, with Glenys Collins the runner-up all square.

The weekend of the 9-11 September saw the Annual Teams Weekend Competition played.

The winning team was Beverley 1 consisting of Glenys Collins, Jane Murray and Lyn MacTaggart.

Lyn MacTaggart, Jane Murray and Glenys Collins

Runners up were the Chequers Team of Toni Wright, Andi Riggir and Deidre Peck.

3rd Place went to a composite team of Anne Szczecinski (Beverley), Marg Perkins (Cottesloe) and Jan Rennie (Lake Karrynup).

Gross Winner - Individual went to Glenys Collins with 89-84 with the runner-up being Andi Riggir (Chequers) with 88-88.

The Best Nett winner was Carol Cottle, with Deidre Peck the runner-up both from Chequers.

Best Nett Saturday went to Toni Bennett from Chequers, with our own Anne Szczecinski the Best Nett for Sunday.

A great weekend was had by all, and many thanks to the Grounds Committee for having the course in such splendid condition for the event.

### 14 September - Stableford for the Shirley Carr Trophy

The winner with 40 points on a countback was Cathy Blechynden

from Jane Murray. Nearest the pin was Glenys Collins

### 21 September - Stableford competition for Val Grover Trophy.

Played in wet and windy conditions. This was also the final of the Monthly Medals for 2011. The winner was Maxine Watts with 28 points from Glenys Collins with 27 points.

Nearest the pin went to Jane Murray

28th of September will be the closing day for the ladies with a lunch followed by a hit off for the longest drive for the season, then the presentation of all the 2011 trophies.

Golf is a great way to socialise and keep fit, so if you would like to give golf a try or if you haven't played for a while, come and give it a go in season 2012.

## BEVERLEY HORSE AND PONY CLUB

Our September rally saw our members busy revising ready for upcoming exams. Visiting coach Margaret Marwick worked with riders on the flat and over jumps. The afternoon saw the PPMG team practising while the rest of the members did some agility with their ponies. Big smiles were seen all round with the young riders carrying water, taking their saddles off while still mounted, standing on the ponies and trying various alternative methods of dismounting. This is often an overlooked area but is a great way for riders to

build confidence while having a great deal of fun.

Beverley was the host club for the Go for 2 & 5 State Active Riding Championships over the 17<sup>th</sup> and 18<sup>th</sup> September to riders and their families from as far as Kalgoorlie. The oval and grounds looked superb thanks to the Shire. Thanks also must go to **Avondale, Shire of Beverley, Streamline Brick Paving, Avon Valley Pony Club and Annette Peart** for the loan of equipment for the weekend. The weather was less than desirable with strong winds and freezing rain while riders were competing. The Beverley PPMG Team of Vicky & *Prissie*, Jessamin & *Blue*, Jess H & *Razzy*, Jess T & *Cam* and Jazmyn & *Misty* rode well in the tough conditions but were unsuc-

cessful in making top 6 in the Open Division. Jazmyn did especially well riding against much older riders some of whom were twice her age.

Vicky, Jess H, Jess T and Jazmyn with Courtney & *Krystal* and Tealah & *Paddy* also rode in the novelties representing the Avon Zone. Excellent results were achieved by several riders including Vicky who was individually 1<sup>st</sup> in the Pony Club Mount giving *Prissie* her 4<sup>th</sup> straight individual win in this event. Jessica Hammond also did well, placing 3<sup>rd</sup> (out of 35 riders) in the Western Bending in her age group,

As Part of PCAWA's 50<sup>th</sup> Anniversary celebrations selected riders will be performing demonstrations on the Tuesday, Wednesday, Thursday and Friday nights at the Royal Show this year. Vicky, Jess H and Jazmyn have been selected to be part of the Tuesday night demonstration.

Our rally in October will hopefully see several of our members sit their D or D\* exams. We wish them best of luck although they are all so well prepared I know they will do well.

## *Beverley Men's Golf News*

Great conditions greeted 17 players on Saturday 27<sup>th</sup> August to play for the **David Adams Trophy**. This was a Par event with 8 players having a plus score at the end of the day.

The winner of the **David Adams Trophy** with a good score of plus 8 was Stephen Gollan with Brett Hutchinson in second place with plus 6 and Ron Bickley was third with plus 5.

Once again our thanks are extended to **David Adams** for supporting this event.

**Willeys and O'Meara's** 3 Person Ambrose was held on Friday 2<sup>nd</sup> September. 29 players participated in the day in cold conditions. A great day was had by all who played and with novelties on all holes it gave everyone a chance of winning a prize.

At the end of the day the eventual winners were John Starling, Chris Pepper and Phil Bateman with a nett score of 55.84, they were followed by Mark Bickley, Ron Bickley and Gavin Sazanov with a nett score of 62.34. The Best Gross Team score was Glen (Spotty) Chester, Gary (Brutus) Miller and Marc (Head) Edwards with 72.

It was very pleasing to see many new players and old players come to play this event and use the facilities at the club, as it set the scene for a very enjoyable evening listening about the great shots and the unlucky shots during the day.

Once again warm conditions greeted 10 players on Saturday 3<sup>rd</sup> September who took part in the **Peter Wansbrough Trophy**. The event is a Stableford event with a draw at the end of the day to find who your partner is. The day was also for the September Monthly Mug. Gavin Sazanov won the Monthly Mug with a score of 34 points and he was followed by Ben Moulton who also had 34 points. As the match was a hidden partner event a draw was held to allot partners. After the draw was complete Terry Winfield and Trevor Heard were declared the winner with a combined score of 65 points, with John Donovan and Kim Moulton second with 60 points.

Thanks to **Peter Wansbrough** for sponsoring this event.

Friday 9<sup>th</sup> September saw 43 players play in the **2011 Open Teams Ambrose** event. It was very pleasing to see past members in Peter Edwards, Glen Chester and Jason (Sparrow) Young back at the club enjoying themselves.

The Gross winners on the day were the team comprising of Wayde McLean, Bruce Kilpatrick and Stephen Gollan with a great score of 65 (7 under), they were closely followed by Gary Miller, Glen Chester and Jason Young with 66 (6 under). The Nett winners were Daniel Fleay, David (Thirsty) Fleay and Wayne Smith with a nett score of 56.50. The Runners-Up were Les Annison, Mel Vivian and Ian Elliott with a 58 nett score.

Ideal golfing conditions greeted a field of 54 players on day one of the **2011 Open Teams Championships**. The format of the event is you have three players in a team. You play 18 holes of stroke on Saturday and Sunday and the combined scores of your team over the two days are tallied to find the winning team.

At the end of day one everyone was very happy to be inside socialising and talking about what went wrong on the course during their rounds. A very nice roast chicken meal was had watching the AFL Semi Final game between the Western Bulldogs and Sydney Swans. Peter Edwards from the Mandurah Country Club shot the best nett score of the day with 63 points. The evergreen Fred (China) Sing shot the best nett score from Beverley with 68 points. The best Gross score on the day was Geoff Pierson with 76 from the Chequers Golf Club. Marc Edwards was the best placed Beverley player in the gross section with 78.

With the start time for day two being 8.30am a number of Beverley players commenced their final round earlier in cool conditions to enable them to get to Cunderdin in time to watch the Preliminary Final between Beverley and Kellerberin/Tammin.

With conditions warming up later in the morning, some very good scores were recorded. Colin Lane from Yokine shot a nett score of 65. Stephen Gollan had a good round scoring 67 nett points and Fred Sing scored 68 nett.

In the Gross, Colin Lane from Yokine had a good score of 79. Geoff Pierson and Ben Moulton both shot 81 and Tony Peck along with Marc Edwards were once again very consistent shooting 82.

Once all the scores were tallied and checked the following winners for the event were announced.

Gross Winning Team	Chequers 1 - Tony Peck, Geoff Pierson, Geoff Mouritzen - 483
Gross Runner Up Team	Beverley 1 - Brett Hutchinson, Wayne Smith, Ben Moulton - 512
Gross Third Team	Composite 3 - Michael Griffiths, Jason Young, Glen Chester - 532

Nett Winning Team	Composite 1 - Marc Edwards, Peter Edwards, Ron Milligan - 431
Nett Runner Up Team	Beverley 3 - Fred Sing, John Donovan, Kim Moulton - 437
Nett Third Team	Beverley 2 - Wayde McLean, Bruce Kilpatrick, Stephen Gollan - 439
Individual Gross Winner	Geoff Pierson - 157 (Chequers)
Individual Gross Runner Up	Tony Peck - 159 (Chequers)
Individual Nett Winner	Peter (Dipper) Edwards - 132 (Mandurah Country Club)
Individual Nett Runner up	Jason (Sparrow) Young - 137
Saturday Gross Winner	Marc Edwards
Saturday Nett Winner	Greg Scott
Sunday Gross Winner	Colin Lane (Yokine)
Sunday Nett Winner	Stephen Gollan
Best Vet (55 & over)	Trevor Heard
Best Super Vet (65 & over)	Fred Sing
Hardest Trier (NAGA)	Gavin Sazanov

The Club would like to thank the following sponsors and those people who helped in any way to make it a successful event.

Twinkarri, Contract Aquatic Services, Valley Ford Northam, Beverley IGA, Purslowe Tinetti Funerals, WFI, ANZ Bank, Flys R Gone, York Retravisio, Balco Australia, Fred Sing, Judy Moylan, Terry and Sandy Woods, Allround Concrete, Ray White Real Estate, Passive Energy Systems, Beverley Dome Hire, Pingelly Machinery, Brendon Grylls.

Open Teams winners: Geoff Mouritzen, Geoff Pierson and Tony Peck.

Friday 16<sup>th</sup> September witnessed 15 players participate in the **Beverley Country Kitchen** 3 person Ambrose day. A very good day was had by all who participated. Players could choose between playing 9 holes or 18 holes

The 9 hole winning team was Justin Smith, Daniel Fleay and Brad Cooping.

The 18 hole winning team was John Donovan, Mark Donovan and Wayne Donovan.

Wayne also sponsored a novelty on each hole. Thanks are extended to **Wayne Rayner** on his continued support of the club.

In fine conditions on Saturday 17<sup>th</sup> September the **Beverley Electrical Services** trophy was played for.

7 players participated in this Stableford event, in which Ron Bickley scored a terrific 44 points to win the day. John Donovan also had a very good day with 40 points to finish second. Kim Moulton had 38 points. Thanks to **Karl Smith** and **Beverley Electrical Services** for putting the day on.

One of the biggest golfing events on the Beverley's golfing calendar was held on Saturday 24<sup>th</sup> September, being the **President vs. Captain Day** sponsored by **Cedric Smith** and **Bert Wansbrough**, unfortunately both the President and Captain were unable to play the day.

Prior to hit off, teams were selected. The President's team consisted of Terry Winfield, Tom Brokenbrow, Wayne Smith, Ron Bickley, Les Annison and Scott McLean.

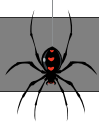

The Captain's team was John Donovan, John Islip, Brett Hutchinson, Kim Moulton, Mark Bickley and Gavin Sazanov.

Tom Brokenbrow had a day out and shot a tremendous Gross score of 76 being a nett score of 66 to win the day, John Islip was second with a nett score of 68 with Wayne Smith in third place with a nett 70.

Even though we were all happy to see Tom have such a good score, today was not about your individual score, it was about the team. With the Vice Captain (John Donovan) under extreme scrutiny, he produced the goods to reverse last year's results, to see the Captain's Team victorious with 435 nett points and the President's Team with 453 nett points.

Thanks are extended to **Cedric Smith** and **Bert Wansbrough** for sponsoring the day.

**Closing Day will be Saturday 1 October with Blechy's Tyre & Battery Grand Final Day. Stableford 4 BBB. 9 holes prior to the Grand Final and 9 holes after. Arrange own partners. BBQ Lunch.**

The Beverley Football Club's dreams and aspirations of playing in consecutive League Grand Finals have been dashed, after we bowed out in the Preliminary Final to Kellerberrin/Tammin by just ten points in Cunderdin on Sunday the 11<sup>th</sup> of September. The players fought the game out right to the finish, however missed opportunities at different stages of the game and loose checking were the key factors to our loss. The result signalled an end of era at our Club, with two-time Springdell medallist Gavin Colbourne announcing his retirement, and Dean McDonald stepping down as League Coach after four years at the helm and a premiership flag to his name. We greatly appreciate the contribution both men have made throughout their entirety at our Club, and we look forward to them remaining involved in whatever capacity they desire.

Despite not bringing home any silverware, it has been a positive year for the Beverley Football Club, with our League and Netball teams both reaching the Preliminary Final, and our Reserves getting to the First Semi Final for the first time since 2004.

A reminder to all members that the Beverley Football Club Annual General Meeting will be held on Friday the 21<sup>st</sup> of October 2011 at the Beverley Football Club commencing at 7:30pm. We strongly urge all our members to attend for the opportunity to voice your opinion on any issues which you believe need to be addressed and help improve our club for the future.

- The Beverley Football Club invites applications for the positions of League and Reserves Coach for the 2012 season. Please apply in writing to:

The Beverley Football Club would like to sincerely thank all our players, members, sponsors and supporters for your continued and faithful support of our club throughout season 2011. The contribution you all make is most valued and without which our club would not function.

## BEVERLEY JUNIOR FOOTBALL 2011

Another successful season of Nippers has come and gone with the Junior Footballers representing Beverley admirably on several occasions. We placed 4th at the Beverley Shield and 2nd at the Ferguson Shield. Despite numbers being very low in the older age group, the boys improved considerably. With many new enthusiastic and talented players coming into the U10s this year and with our Yr 3 AusKickers moving up to Nippers next season, we look forward to a great 2012.

Next shoot will be held on 2<sup>nd</sup> October and this will incorporate the Annual General Meeting.

Visitors and new members most welcome.

**BEVERLEY NETBALL CLUB**

The netball season has now drawn to a close and while some netballers may decide to use the off-season to improve their fitness, a lot may use the off-season to just simply enjoy not playing netball. Our Netball windup was held on 23<sup>rd</sup> September at the Castle Hotel and the players looked very attractive in their secret themes of Angels and Devils, and Wicked. Our Best Dressed on the night was Kayla Ware in her very eye catching Angel costume.

At our AGM our new executives for 2012 were decided and they are:

President: Nat Ashworth  
 Vice President: Jen Petchell  
 Secretary: Jo Chapman  
 Treasurer: Sam Fricker  
 Recorder: Loretta Adams  
 and Vicki Lucas

Good luck to these ladies as not only do they have to organise the Beverley Netball Club but also the Avon Association.
