BEVERLEY JUNIOR SPORTING COUNCIL NEWS

ANDERSON-SIMPSON SHIELD RETURNS TO BEVERLEY

The intermediate junior netball division was fortunate to take to 2 teams to Quairading on Saturday 21 June to compete for the Anderson-Simpson Shield.

We had a year 6 and a year 6/7 team represent Beverley. The teams played five games for the day, there was plenty of team cheers but most of all the girls played with great team spirit and never stopped trying.

The team captain for the year 6/7 team Sarah Walters, lead her team to victory after collecting 4 wins and 1 loss, securing the Anderson-Simpson Shield after a long 10 year wait for it to return. A very big congratulations to all of the players. The fought hard in every game. It is very reassuring as a coach to see that the extra training on Thursdays has paid off.

A special mention to the coaches award recipients Evette Brownie (year 6) for best consistent player and Chloe Walters (year 7) for her shooting skills and finding space in the circle. Choosing one player from each team was a tough decision as all the players deserved a coaches award as they played beautifully.

Thank you to the parent helpers that umpired, scored, supported and timed on the day, your contribution is greatly appreciated.

Special thanks to Gemma Ridgway for coaching the girls on Saturday 28 June in an intensive defence coaching session, the girls learned a lot and had fun.

DONCON MCNEIL SHIELD WAS WITHIN OUR GRASP

What a wonderful day we had for the Doncon McNeil Shield in Quairading on Saturday 21 June. This year we entered 2 teams in the Shield which was fantastic as it enabled all the netballers to play.

The Beverley 1 team made up of year 4/5's played some great netball. They had a very smooth run without a goal scored against them until they met their opposition in the last game of the day against Kellerberrin/Tammin who came out on top and won the day. Well done to all the girls I think each one of them deserved an award for different reasons, but there was only one coach's award and this went to Lexi Tita for her huge improvement and enthusiasm during the day.

The Beverley 2 team or the littleB's as they called themselves were all year 3's, they did an amazing job up against the older competition and although they may not have won any games they tried their hardest all day and I think the experience will inspire them for the coming years. They are going to be a force to be reckoned with! Well done to all the girls and congratulations to Alfee Stevens who was awarded the coaches award for giving her best all day.

Thanks to Sam Fricker who coached the girls, Anne Cleland and Aliesha Murray who umpired and all the parents who took their children over to Quairading for the day and support them. And last but not least the fantastic bunch of netballers who played their little hearts out!!

Year 4/5 Team

Top L-R: Abbey Cooke, Annie Mellick, Grace Fisher, Rebecca Aynsley, Lexi Tita.
Bottom L-R: Bronte Cleland, MacKenzie Thomas, Tea Lewis.

Year 6/7 Team

Top L-R: Rebecca Grover, Jessi Kady, Georgina Fisher, Kana Moulton, Chloe Walters.
Bottom L-R: Stella Wilkinson, Sarah Walters, Evie Wilkinson.

Year 3 Team

Top L-R: Sophie Kilpatrick, Charlee Fricker, Alfee Stevens, Ella Cooke, Grace McLean.
Bottom L-R: Tabitha Roche, Charlotte Murray, Zoe Shaw.

BEVERLEY SHIELD

Well done to all the boys competing in the Beverley Shield on Saturday the 21st of June. Thank you Wayde for coaching and the parents who helped with umpiring, scoring and supporting. Well done to Kelvin Quartermaine for Fairest & Best for Beverley, and to Tim Appelbee for being the recipient of the coaches award. Maybe next year we can push Kellerberrin off the shield! Great job boys!!!

President Report **July 2014**

Round-a-bout feedback

Thank you for responses following a request for feedback regarding the concept of a round-a-bout in front of the town hall. Varied responses both for and against the idea were received, and an array of valuable comment was also provided. The matter will now await development of a Vincent St Master Plan before progressing any further. Community consultation will be included as part of that process.

Industrial Land Development

Ongoing delay to the progress of the De Lisle St industrial development is an immense frustration which has resulted in many missed opportunities. The delays have effectively been going on for nearly two decades. Correspondence has again been forwarded to the Minister for Regional Development & Lands expressing our concerns.

Youth Activity Area

Council has resolved to focus on youth initiatives as proposed in the

2010 Youth Action Plan rather than proceed with development of a Youth Activity Area at this stage. A review of the Youth Action Plan is to occur in 2014/2015.

Heritage Buildings

Remedial works are required on the Courthouse and Railway Station and the Shire has also been advised to engage a structural engineer to report on the condition of both buildings. Ongoing works to the town hall has included refurbishment of the performers change rooms prior to the "Calendar Girls" stage show and an allocation of \$150,000 in the 14/15 budget to replace the roof.

Beverley Station Arts

Congratulations and thank you to the Beverley Station Arts (BSA) for the work they undertake in fostering culture and arts in Beverley and the wider region. This has included another successful summer season of events and activities at the Railway Station and Platform Theatre and the ever popular Easter Art Exhibition. An agreement is now in place between the Shire and BSA for management of the Railway Station Cultural Precinct on behalf of the Shire and Community.

Cemetery Signage

To alleviate confusion for visitors

new signage has now been installed at the respective entrances of the Anglican, Catholic and Methodist/Uniting cemeteries.

Oval Lighting

Installation of the remaining lighting towers at the Beverley sports ground is underway following a successful Department of Sport and Recreation Grant. This will greatly enhance night use of the oval.

Movement of Towed Agricultural Equipment

To provide advice and assist those in the agricultural industry who need to move equipment around the district on public roads the Department of Transport has produced "A Guide to the Movement of Towed Agricultural Implements in Western Australia". Copies are available at the Shire, or can be downloaded from www.transport.wa.gov.au/dvs

Save the Date – Sunday 05 October

The Shire has been approached by an event organiser who has initiated planning for a cycle event which celebrates the original Beverley to Perth cycling race whilst accentuating the Avon Valley as a tourist destination.

Dee Ridgway
Shire President

COMMUNITY GRANTS

Does your incorporated club have a project that needs some extra financial help to get it underway?

The Shire of Beverley is offering grants to not-for-profit community groups to progress their chosen interest. Eligibility criteria and application packages are available for collection from the Shire office.

The Community Grants will be open for submission from 8:30am Monday 7 July 2014 to 4:00pm Monday 11 August 2014. Late submissions will NOT be accepted.

All terms and conditions are included in the information and application package.

FARMERS IN CONJUNCTION WITH WREN OIL AND THE SHIRE OF BEVERLEY USED OIL CAN BE COLLECTED

Australian farmers are well recognised as environmental stewards, owning, managing and caring for 61% of our countries land mass.

Wren Oil has been delivering waste oil re-refining and hydrocarbon waste management disposal solutions to agriculture, industry, mining and local communities for over 30 years.

A recent survey has identified there are in excess of 12,000 farms in WA

It is estimated from the above statistics that some 5 million litres of waste oil is produced by farms annually. The contaminants in this waste oil include- lead, cadmium, chromium, arsenic, dioxins, benzene and polycyclic aromatics.

The real risk for farmers is contamination of the ground water supply by the incorrect or long term storage of waste oil on rural properties. Leaking containers and incorrectly disposed used oil can cause severe damage to valuable water supplies in rural areas.

Wren Oil can provide farmers with suitable collection pods, assisting farmers to meet their own environmental obligations. The amount of oil currently being collected from rural areas is not reflective of the amount sold into these areas by oil companies and the service industry.

Wren Oil is prepared to work with Farmers and Local Government and other sections of the local communities to develop a sound and ongoing method to deal with this issue.

The collection of used oil, which is a simple logistic issue in our cities, is more difficult for our regional centres and communities. You can play your part by enquiring with your local government authority about how you can dispose of your used oil correctly.

The more oil collected from one site lowers the cost of collection and so a co-ordinated program involving farmers, Local Government and Wren Oil could have great financial benefits to all involved as well as improving environmental outcomes.

Under the "Product Stewardship for Oil Program", the Australian Government provides industry incentives to increase the recycling of used motor oil. More information relating to this program can be found at www.oilrecycling.gov.au/what-happens

COLLECTION OF USED OIL FROM FARMS PROJECT OBJECTIVES

The objective of this project is to identify and collect used oil from farms in WA.

While the ability to collect this oil has always been there, locating and identifying the amount has not, resulting in many litres of oil being held or disposed of on farms, and that oil is a direct threat to the environment.

By establishing a simple recording method through local shire councils it is hoped a large amount of this oil can be recovered and treated properly.

IT IS ENVISAGED THAT MOST OF THIS RECOVERY CAN BE DONE FREE OF CHARGE AND THE ROLE OF THE SHIRES WOULD BE MINIMAL.

For further information on how you can take up this offer of disposing of your used oil, please contact Valery at the Shire on 08 9646 1200.

PLEASE NOTE THIS FREE SERVICE WILL ONLY APPLY TO FARMING PROPERTIES FOR ENVIRONMENTAL REASONS, ALL OTHER BUSINESSES ARE SERVICED THROUGH OUR NORMAL PROCEDURES.

If you missed the piano tuner but would like him to call next time, please contact Wendy Murray 9646 1336 & your name will be added to the list and handed on to Bernard.

The Beverley Community Resource Centre is starting a LEGO CLUB in July after the school holidays, for kids. The club will be hosted on Monday afternoon's during the school term.

We have invited guest helpers that will be able to demonstrate building with simple blocks. Creating Lego assists with basic hand, eye coordination and helps motor skills.

Registrations are open now. To register call the centre on 9646 1600 or visit the centre.

For those parents that children that have grown up and still have Lego laying around, we are accepting donations, it would be greatly appreciated.

Further update to warning on dangerous solar isolating switches

EnergySafety has issued an update on the public warnings about dangerous switches used in some solar systems, issued on May 21 and May 23.

The supplier of Gen3 and SPM branded dc isolators has now announced a replacement program to replace all dc isolators with the following model numbers: GEN3DC-25, GEN3DC-32, SPMDCISO25 and SPMDCISO32.

The dc isolators are required to be replaced. If you have identified one of these isolators within your solar system, please contact Uniquip on 0457 505 122 or prp@uniquip.net.au to schedule a replacement.

What should consumers do?

If you have not yet done so, shut down the system immediately by following the shut-down procedure located in your main switchboard or near your inverter. If you are unsure or cannot identify the types of isolators you have, check your operating manual or invoice. If you are still unsure, contact the company that sold the solar system for further advice.

You do not need an electrician to shut the system down. However, you should seek assistance from the solar company if you are unsure of how to carry out the shut-down procedure safely. The system will only be electrically safe once it is shut down.

Do not attempt to get up on your roof to check the switch as there is no need to do this.

For more information on consumer rights, contact Consumer Protection on 1300 30 40 54.

EnergySafety (6251 1900) can assist with any technical queries related to electrical safety.

Media contact: Catherine Gildersleeve 9422 5208 or 0411 258 721 (media enquiries only).

CENTRE COORDINATOR x 2 PART TIME - FLEXIBLE

We are looking for two vibrant, community minded people to share the running of the Brookton CRC. Working three days per week each, we require a person who is computer literate and highly organised – someone who is self-managed and will use initiative in planning and implementing activities at the Centre.

We envisage the duties to be split with one person having a primary focus on running programmes and events; and the other on our business services and day-to-day operations.

All enquiries to Committee Chairperson Kim Mills on 0429 642 601 or brookton@crc.net.au.

Applications will be received until 4.00pm Friday 04 July, and should be posted to: "Confidential Application"

Beverley District High School

Welcome everyone to our final edition for this term. We have had a busy term as usual. Parents/Carers will be receiving their child's report at the end of this term and if you would like an interview please ring the school office to make an appointment with the teacher.

Just a reminder that if you want an interview with a teacher, please make an appointment with office staff, please do not approach them as they are rushing off to get ready for the day. Another gentle reminder, if you come onto the school grounds, please sign in at the school office.

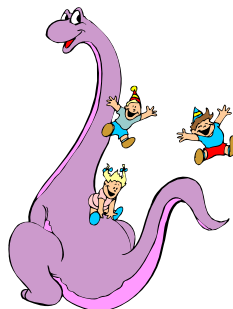

What is happening in our Year One Class?

The Year 1 class enjoyed having John Budiselik visit our room. He shared some of the songs he has written with us, to help give us some ways to remember what to do when we are writing a story. We recorded ourselves on our iPad so that we could play it back to see how well we went.

We have also been learning a lot about dinosaurs this term. We designed, planned and made our own dinosaurs using recycled materials. We are really looking forward to visiting Avondale next week, as we believe there may be some fossils waiting to be discovered.

BEVERLEY HISTORICAL SOCIETY NOTES

June Meeting: There were 9 members in attendance with 5 apologies.

Cemetery Signs: All our three cemeteries now have new signs thanks to the Shire of Beverley. Each sign gives the name of the cemetery & the location of the other two. This will greatly assist tourists, those researching family history & especially those who have a funeral to attend. There are also church cemeteries at the Dale and Edwards Crossing.

WWI Project – Remembering Them:

Work is proceeding on the three Beverley panels and a first draft is to be sent before the end of June. We have located a Murdoch University Honours Degree Thesis written by Stephen Anstey in 1980 - *The Impact of the Great War on the Beverley, Toodyay and Murchison Goldfields Communities of WA, 1914-1917* which has provided invaluable details as to what was happening here at home.

The diary of **James Isaac Mann** who served at Gallipoli has also been made available to us, thanks to the family. The service documents including pay books & discharge paper of **Milford Desmond Smith** have been lent to the Museum for our display next year, thanks again to the family.

Donation:

☞ Decorative cardboard carton used for household storage - covered with wallpaper and calendar pictures and with a lid hinged with crocheted plastic string. Hand-made items such as this one are a feature of our Museum.

Next Meeting: Note Change of Day

Venue: Dead Finish Museum.

Date & Time: Tuesday 15 July 2014 – 2pm

Welcome: Anyone interested in local history

For more information contact the Secretary on bhsdeadfinish@gmail.com

Beverley Paralegal Community Information Referral Services: (B.C.S)

Disability Service Pensions: In recent weeks a lot of legitimate concerns have been raised with me, as to current comments being made by senior federal ministers, who, may I say are adamant to reduce the overall pension benefits by 13.6 billion dollars from pensions of disabled Australians. According to T.V. reports the intended plan is more or less on these lines:-

1. All Disability Support Pensioners (DSP) must work, if they can whether it is 2hrs or up to 15hrs per week.
2. The plan is to appoint a team of doctors – to re-assess all DSP recipients, starting with those who are below 35 years. According to the PM's words 'or any others'.
3. Recipients who fail the assessment (it is expected that a large number will fail, otherwise how else could the savings for the budget be made?).
4. TV reporting shows us that investigations are already quite active, otherwise how else would they capture, how far a person can walk, bending positions, carrying shopping bags, driving and getting out of cars. One station reported that police/authorities have cameras that can zoom in from around 1,800 meters. The advice from a veteran, whose application for a pension was knocked back (he was earning too much) he says 'be careful what you do– they will get you'. This person had a war related injury.
5. The general consensus from all the community and welfare organisations say, that if the new social security policies are implemented, there will be a large number who, may be forced to live in poverty, live in shelters/parks and even lead to homelessness. Those CEO's have been interviewed on TV, including DS pensioners. What they are saying are in reality issues and raise real concerns to the most vulnerable Australians (DSP).
6. Social security Act Jan 2012. This covers the 20 points– Centrelink requirements eligibility. The following is only a part of a 53 page document. Info only examples:-
 - a) A 35 y/o woman with cerebral palsy earns 30 points.
 - b) A 40 y/o male amputee with one arm, 10 points.
 - c) A 25 y/o amputee who has no legs and wheel chair bound, difficult to get around and needs to help to get in and out of wheel chair and personal care. 20 points.
 - d) A 50 y/o woman with osteo arthritis with disc degeneration of lumber spine, functional impairment experiencing pain for more than 15 minutes, 10 points.

My personal comments: From July 1 2014, the qualification/eligibility to get on the DSP will be extremely harder. Note: T.V. reports never show about all the good work that DSP do for others as volunteers. For some 20 years I have been assisting those on the DSP with paperwork and liaising with Centrelink, I may not be able to carry on this function. Those who may have their DSP cancelled, please contact your Centrelink office with up to date, solid medical evidence that is current as old records of over 2 years may not be accepted, or make an appointment to lodge an appeal if you have a legitimate case.

I written to our Beverley shire councillors N.B at the request of the Beverley Hospital Auxiliary (Op Shop Ladies) on the matter of premises, to operate their extremely valuable essential op shop selling low cost goods. Service provider for community members.

AGM

Notice is hereby given of our upcoming AGM:

When: Tuesday 22 July, 2014

Time: 7.30pm

Where: The Beverley Sub Centre, John Street, Beverley.

Nomination forms are available from Beverley Farm Services or Avon Trading Co,
or you can email request to the secretary – bevsja@westnet.com.au

Nominations must be completed and lodged with the secretary by July 15.
Mail to: PO Box 152, Beverley 6304.

All members of the community are welcome to attend. If you wish to participate
in the voting, you will need to be a member of the Sub Centre and pay an annual
membership fee of \$5 to the secretary by 11 July (local benefit membership is
not the same.) Current active volunteers of the Sub centre and Life members
have automatic membership. We would appreciate if all current volunteers could
attend.

We look forward to your support.

If you need further information, please contact our President John Lane
on 9646 1306 or our Secretary Sharyn Morrell on 9646 0646

PAYING BY CHEQUE

Whether paying for your ambulance subscription or making a donation by
cheque please make cheques payable to:-
St John Ambulance Association Beverley Sub-Centre.

This will help our treasurer greatly and enable your payment to be processed
without delay. Thank you.

Beverley Garden and Tree Society

This month we had a very truncated meeting and after a cuppa we adjourned to the verandah of the Dead Finish and enjoyed a mosaic workshop, ably instructed by Colleen McAdam and helped by Val Lamb. We had a great time smashing tiles and crockery and then proceeded to decorate our chosen articles. Most members did an earthenware pot but there was a very classy shovel emerging at one of the tables. Chris Alabach helped with the difficult bits (that's like opening the liquid nails thingo and providing a big plank to smash crockery on). Thanks Chris. Several passersby stopped for a look and a cuppa and very welcome they were too.

The garden at the Dead Finish is looking in good heart. The busy bee last month tidied it up considerably and new plantings have gone in. We have replaced a mandarin tree that was not flourishing and after first aiding the site (heavy clay) by adding some gypsum another one was planted. It is worth a stroll around to have a look at the garden. Even the scarecrow has a new shirt!

Now to other local gardens. Remember our show in August and try to have just one thing to exhibit. Herbs and peas and greens put in now will be ready for the Show.

It is time to plant that old standby. Yes rhubarb and also time to plant asparagus crowns. Asparagus loves the climate here and it's a real luxury to be able to pick the vegetable every year with very little work once it is planted. Just cut it back and feed it once a year and it will reward you with lovely fat spears. Globe artichokes also like this climate and is very near indestructible. Such a lovely architectural plant that can have the pups cut off every year and made into other plants. Even if you don't eat it, the flowers are gorgeous.

Broad beans, cabbages, lettuce, peas, spinach and shallots may also be sown at this time.

For flower seeds you may need somewhere warm to germinate but poppies will be Ok and hollyhocks too.

Remember if you are planting bare root roses it helps to soak the plant in a Seasol solution for a couple of hours before planting.

Bulbs are to go in as soon as you get delivery of them and they will be poking their heads up in no time.

Members are reminded that next month's meeting will be at the CWA rooms and a casserole lunch will follow.

We have a bus trip planned for August and will be going to Toodyay and visiting a winery and the Emporium and, of course, the nursery. Please book with the Secretary or President if you want a seat. We plan on going on the 28 August.

I nearly forgot....keep on top of your weeds. Just a little a day does get there in the end. It just doesn't seem to.

Happy gardening everyone.

BETTY CABLE (PRESIDENT) 9643 1043
DALENE DAVIES(SECRETARY) 9646 0800

BEVERLEY TOURIST BUREAU

This month has seen a regular stream of visitors to Beverley and we have managed to be open on most days but due to an overload of work and family another volunteer has reluctantly resigned.

Our thanks go to Michelle for the time and ideas she had whilst with us.

Meetings have been held and as from July the CRC will be handling much of the paperwork, banking and ordering for us giving volunteers to do what they do best i.e. meeting and greeting and general duties both on the tourism side and also opening up the Aeronautical Museum.

All volunteers are happy with this arrangement and again we must thank Kathryn McLean who has guided us through this transition so smoothly.

Thank you again volunteers.

We look forward to the new phase of the bureau .

BEVERLEY PATCHWORKERS AND QUILTERS

The month has again been very busy for the Group. Six members traveled to Cockburn Central to participate in a workshop to further our knowledge in the use of the quilting frame we have at Avondale. The day was a great success and ended with lunch and a little shopping before leaving for home.

Two members participated in a machine quilting workshop at Carols at Midland two weeks ago which resulted in a small sampler quilt being made with different quilting patterns, and last Saturday four members attended a stippling workshop and came away more confident working with free motion quilting techniques.

Parkerville again hosted workshops making quilts from jelly rolls. These days are a great social event with profits going to a charity, this time it was the Bushfire appeal for the area.

New members are always welcome to come and join us and we meet Tuesdays at Avondale.

For more information call
Janice 0438 019 510

Avondale Opening Hours

Avondale continues to open every third weekend of the month on Saturdays and Sundays from 10am to 4pm. We are also open every public holiday weekend until November. Opening hours for July will be Saturday 19 and Sunday 20. Come along and have a walk around and enjoy the free barbeques.

It has been a busy month at Avondale with the grass growing and lots of weeding to be done. We had a coach group visit for a meal catered by Terry and Glenda. Our visitors left with lots of full happy bellies and enjoyed meeting Comet and Robbie and spending time in the Museum. The open weekend had some brave visitors in raincoats.

New Warden

The biggest news is the appointment of a new Warden. Glenn Langlands will commence his new role at the beginning of July and will be moving to the farm over the next week or so. I am sure everyone will make him welcome. Wayne and Marian report that they will still be in town and starting their next renovation. They say a big thank you to everyone who has helped them to feel so welcome at Avondale. The support that the community has given Avondale is wonderful and the warden position would be so much harder without this support. Marian will still be helping out with Robbie and Comet with Mitch and Glen. AFPA would like to say a big thank you to Marian who has put her heart into the work at Avondale.

Conservation Workshop

A big thank you to Greg Manzie from Glyde Gallery Conservation for holding the Cleaning and Conservation workshop in June and imparting so much knowledge to the people who attended.

Participants from Beverley and Brookton took part in the workshop and were treated to a very interesting, informative and enjoyable day. A Wheat Sheaf was the topic of the day and after much speculation, deliberation, discussions and decision making about the Wheat Sheaf it was decided that it will be cleaned on another day and in a better space in which to do justice to the wheat sheaf.

This decision was made by the attendees and Greg after a very informative lesson on conservation giving the people who attended a much better idea of the repercussions of going ahead without doing your homework. We all decided there is still some homework to do on the wheat sheaf and it will be scheduled for another Open Day at Avondale. Some attendees took their own pieces to the workshop and had them appraised by Greg. Thank you Greg for all the work that you put in to the workshop and to AFPA members who volunteered their time to provide refreshments for the attendees..

Volunteers

Please keep an eye on this space as we will be seeking volunteers to assist in moving around some of the machines and other exhibits in the museum. This will be happening in the near future as we re arrange the exhibits and update some of the information in the museum. So please get your muscles in shape and ready to do some moving around.

Station Gallery

Artist-in-Residence

We said goodbye to Lisa Reily at the beginning of June. She thoroughly enjoyed her stay meeting many of our local community, and revelled in your hospitality. She is invigorated to complete her sky themed paintings of Beverley and show them at an exhibition at the Station later in the year.

Our artist for this coming month is Marlish Gorie who is a West Australian novelist and playwright, and has published a number of books. She is offering free workshops to all aspiring writers out there waiting to turn that great idea of yours into a novel! The workshops are suitable for beginners to more advanced writers and promise to be a fun and informative. Should you have any queries email Marlish at - marlish@westnet.com.au

DEVELOPING THAT GREAT IDEA OF YOURS INTO A NOVEL OR PLAY

Free Writing workshop with Artist In residence, Marlish Glorie at the Beverley Railway Station.

☞ *Workshop One: 6.30pm - 8.30pm. Wednesday July 2.*

☞ *Workshop Two: 10.00am - 4.00pm. Saturday July 5. This all day workshop will focus on how to write a novel or alternatively a play. Suitable for beginners as well as more advanced.*

☞ *Workshop Three: 6.30pm - 8.30pm. Wednesday July 9.*

We have tried to accommodate different times to suit. If you would like to attend but can't make any of the workshops please contact Marlish to see if she can see you on another day or call in at the Station and see her from June 27 until July 13.

Artists in Residence programme for the remainder 2013 and 2014:

July - Marlish Glorie - writer (Perth)

September - Dave & Sandra Conlin - watercolourist, and James Larkins - printmaker (Perth)

October - Mervyn Beamish - artist (Perth)

November - Jill Ansell - painter (Perth), Charlotte O'Shea - digital and public artist (Perth)

Graham Milson - painter (England) February 2015

As can be seen August and December are not booked as yet. If anyone one knows of an artist (visual, performing, writer, musician) who would like to experience a residency here please inform them of this vacancy and contact Artist in Residence Coordinator Marylou Hutchinson on 9647 1027 / 0427 085 511 or email: hutchinson@wn.com.au

To become a member of Beverley Station Arts Inc (Friend of the Station) please see Treasurer Pauline at the Newsagency, phone 9646 1042. Membership forms can also be downloaded from www.beverleywa.com (NB cheques to be made payable to Beverley Station Arts) and send to PO Box 112, Beverley 6304.

Beverley Station Singers

Station Singers have been practicing by themselves fortnightly as they await the return of Kelly Newton Wordsworth to further instil her zest into the arrangements for the Beverley Show on August 23 and for the Choir Bash at the Platform Theatre on September 13.

Anyone interested in joining the choir contact Tracey Fleay - Mob: 0409 481 029 or E: traceyfleay@hotmail.com

Platform Theatre

We're still finalizing events for the coming season so please accept my apologies for not having the calendar out this month.

Calendar Girls

It was unfortunate that we didn't get the numbers on the night to cover costs, but for the 130 who attended I'm sure you'll all agree it was a great show (once we got used to the accents!) Our thanks to the shire for making the back stage and dressing rooms accessible and freshened up with a coat of paint. And to Steve and

Tim for getting the sound as good as possible (though with the stage production crew messing with it on the night did cause a few problems).

If you would like to be included on the email list for notification of coming events (so you can forward to friends), email secretary Sarah Miller miller@reachnet.com.au

T.M. Hair Design

Family Hairdressing at reasonable prices.

Have you met Joan yet? She has joined us at TM & is doing some great hairdressing. With four hairdressers now, you are in a fortunate position to have so much choice.

All our professional hairdressers are here to help you with all your hairdressing needs.

Please note we are open on Saturdays

for Hairdressing

Bookings are essential.

At Secrets: Come in & say hello to Jenny who is happy to help you with appointments. She is finding her way around Secrets nicely & is there to help with your fashion & gift selections.

Don't be cold with these wintery days we are having. We have a good selection of winter warmers for you in all price ranges. With pure new wool to wool blends, possum fur, cashmere, cotton, & acrylic, jumpers, jackets, coats, cardigans, scarves & gloves. Call in & choose the right level of warmth for you.

We also carry microfiber light weight rugs, cotton blankets

& can source wool, or synthetic doonas, wool underlays, fleecy sheets, all to keep you warm & toasty at night.

With cold & flu season upon us, our best selling aromatherapy "Pulse Points" will help you to ease the effects giving you comfort & relief without drugs. Our lambskin ballet flats, jewellery, new season scarves, & handbags are looking great with new pieces appearing & disappearing quickly.

Keep watching as there are still some mark downs in the store mixed through our new stock for our "treasure hunt" bargains.

Keep warm & enjoy the reduced prices.

Please note we are open on Saturdays also.

With your continued support we remain committed to seeing "Our Town" prosper

Beverley Playgroup

What a lovely bunch of people there are at Beverley Playgroup!! I only started going to Playgroup for the first time this Term and was blown away at how welcoming and helpful everyone was. It's been nice to meet new people and I know that my daughter loves going... I only need to say the word 'Playgroup' and I get a very excited response! It's great to see the children learn from each other, practise their social skills, problem solve, play with new toys and equipment and learn the meaning of 'share'. It's not all about the children though, it's great for the adults to socialise, share tips and enjoy a cuppa as well. So, to anyone who is contemplating going for the first time, make next week the time to come. You are entitled to 3 free sessions before joining as a member. Children can be accompanied by a parent, grandparent, aunt etc. We'd love to see you there! We've got lots of exciting things going on and coming up....

This Month

It's been very exciting to see the increase in the number of our members, we hope this continues! The kids have been hard at work completing their 'Under the Sea' themed craft for the Beverley Show mural. It's also amazing how much children change and develop in a month, particularly the babies, with some now progressing to smiling, babbling, crawling or walking. They will be on the bikes before we know it!

Baby Group

To cater for our recent Beverley baby boom, we are running a baby group which will run over 3 weeks. We have just had our first week. Thank you to Joanne Strange (Physio) and Joanna Davies (Speech Pathologist) for coming to talk to us, we got lots of great tips from you both. The babies were very well behaved, with no crying at all while the talks were on... I don't think their first Kindy class in the future will be that quiet though! If you couldn't make it last week, you are most welcome at the next 2 sessions. See the advertisement for more details.

Boogie Roos

We've organised for Sandra from Boogie Roos to come and visit Beverley again! Thursday 31 July, from 9.30am at the Amenities Building, at the Beverley oval. Sandra runs an award winning, interactive, musical activity session with the kids. This session was incredibly popular last year, make sure you write this date in your diary! Please note the Playgroup room will be closed for the day. See the advertisement for more details.

Stock Take & Busy Bee

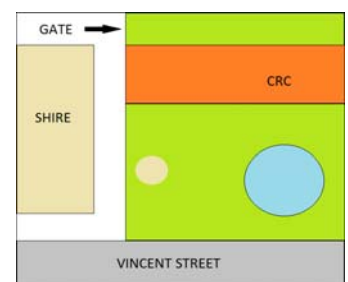

We need you!! Come down and give us a hand Thursday 10 July at 9.30am. We need to do a stocktake of what toys we've got on hand, throw out the damaged and unsafe items and have a general clean up. We will then be able to work out what new toys and equipment we need. Many hands make light work!

SESSION DETAILS

Every Thursday morning from 9.30 to 11.30 am

(closed for school and public holidays)

- * Located behind the CRC building (see map)
- * For any child aged 0-4 years old
- * Bring a piece of fruit to share, hat and sunscreen
- * \$4 per family per week (for coffee/tea, craft activities etc...)
- * \$30 / \$15 (concession card) membership fee per family per year (insurance cover for all Playgroups across WA)
- * More info call Jenette on 0414 923 534
- * Or find us on Facebook: [facebook.com/BeverleyPlaygroupWA](https://www.facebook.com/BeverleyPlaygroupWA)

THE BLUE LINE

Beverley Police Station
57 Hunt Road, Beverley WA 6304

Hi Everyone,

By the time you're reading this I would have returned to my posting in Northam and Sergeant Ian Connell would have returned from a well-earned holiday. As usual I've thoroughly enjoyed working in your town; it really is a little piece of paradise.

Well winter is certainly upon us with a number of chilly nights resulting in ice on the car windows in the morning! We've also seen some very foggy nights and mornings which brings me to the subject of fog lights. The following information was provided by Constable Timms of York Police:-

Fog Lights can only be used in misty/foggy weather or heavy rain. To use fog-lights at any other time does attract an infringement notice. Fog lights are wired separately from your normal lights and it is very important that you know where the switch is in your car (if in doubt see your car manual or the internet). Fog lights are different from your normal driving lights as they are situated lower on your vehicle and are designed to emit a lower and flatter beam of light to go under the mist/fog which then enables you to see further on the road surface. The correct way to operate fog lights in day time is with your PARK lights only. At night you may use your normal head lights. However do NOT use high beams at any time in fog/mist as not only does it blind you and reduce your sight range but it also makes it very difficult on other drivers.

Spot Lights are designed to be used in hours of darkness to illuminate the road and surroundings. Spot lights should be wired to only work with the high beams settings on your car. It is important to note that you need to dip your spotlights if you are within 200 metres of any other car or pedestrian as it is an offence to dazzle other road users. Obviously if you are turning a corner and notice a car just after the turn, you just need to lower them as soon as possible. Be aware that Halo Spotlights are illegal in this country unless you are off-road. If the Halo ring illuminates when you have your headlights on then you will need to remove them from your car. Also Spotlights need to be mounted in pairs and only in the forward third of your vehicle. Any spotlights that are situated behind the driver's compartment are mounted incorrectly.

LED Light Bars are very similar to spotlights and illuminate the road surface better. They must be mounted in the forward third of the vehicle and be wired with the headlights. However they do not need to be mounted in pairs. See Figure C for an example.

Running/Driving Lights A new great safety feature being put across new car designs now. They are small LED lights that are mounted under or near your headlights and are very bright. They are designed to assist other motorists in seeing your vehicle during day time hours particularly sunrise and sunset; however they should turn off when you activate your headlights as they are too bright for night time driving. Be aware if they are not mounted on your car from the factory and you wish to apply them to your vehicle, you will need to get it done professionally and get an engineering permit for them. This permit will have to be in your vehicle if you are stopped by Police.

SCAMS - In the last Blarney Ian made reference to an email scam he had received. The Western Australia Police Major Fraud Squad combined resources with the Western Australian Department of Commerce to combat relationship fraud – Project Sunbird. They have identified that each month approximately 600 to 700 victims are sending a total of \$600K to \$1 Million through a combination of money wire transfers and EFT to fraudsters. To report a scam phone 1300 304 054 or go on line www.scamnet.wa.gov.au/ProjectSunbird.

HOUSE/LOT NUMBERS Such a small thing can literally mean the difference between life and death in an emergency situation. Emergency services can waste precious minutes trying to find a house or lot number when responding to an emergency. Please take the time to ensure you have your number clearly displayed so your property can be easily identified, especially in some of our more remote and rural locations.

Until next time, take care and stay safe.

A/Sergeant Karen Berry

CENTRE NEWS

Farewell Chrissy

Christine Rayner completed her two year traineeship at the centre on Friday 27 June, studying Cert. III in accounts administration. Over the two years Chrissy has truly developed as a team member and has also improved her skills in IT and finance, she will be missed by all of her co-workers, clients and committee. We wish her all the best with her upcoming birth in September.

Welcome Ashleigh

Ashleigh Ugle was the successful applicant for the Cert II in Business traineeship opportunity. Welcome to the team.

Volunteers register

Do you want to contribute to the community but you are not really sure which group or club would suit you best, then register your details at the centre and we will try to suit you with the right group.

Welcome to Beverley Packs

We are collecting community group information, sporting fixtures, membership forms to compile a community based Welcome to Beverley packs to give to new residents to town. If you would like new members to your group/club then forward any current information to beverley@crc.net.au or alternatively you can leave it at the front counter at the centre and we can include your information into these packs.

EVENTS

Business Sundowner

The CRC will be hosting a range of events to assist local businesses. To start our **Building Blocks for Better Business** our first event is a free sundowner for all businesses on Thursday 7 August. There will be a invited speaker plus refreshments on the day. If you wish to RSVP you can register early on 9646 1600.

Mad Men's Muster 2014

Be sure to save the date for this years seminar, **Friday 29 August**, 10.30am - 2.30pm at the Town Hall.

Yes the blokes from the **Smoke Shack** are coming back!! We also have invited guest speakers **Mickey Arthur**, former Australian cricket coach and **Paul Haselby**, former AFL player. This FREE seminar is fully catered, please RSVP on 9646 1600 or email: beverley@crc.net.au. This event is proudly supported by One Life and Shire of Beverley.

TRAINING

iPad / Android Tablet Training

Do you need to learn the basics of how to use your iPad or tablet? Get all the hints and tips that you will need to use your device. Register now for training on **Wednesday 30 July** from 9.30am - 12.00pm (10.00am start). \$30 p/person.

Computer Training - starting from basics

How do I start the computer?

How do I email?

What is google?

If this is you, why not come to our next community training session on **Thursday 31 July** from 1.00pm - 3.00pm. Book now, as spaces are limited.

Broadband for Seniors Kiosk

Need access to the internet and email, but don't want to pay for a computer or internet?

The CRC through funding from the NEC Broadband for Senior program, have three computers that are available for use by any person/s over 50 years old for FREE. Come in anytime to learn, it's never too late.

TAX TIME

It's tax time again and we are hoping to get an accredited tax help volunteer to assist with lodging of tax returns but unfortunately we have had no further update from the ATO of dates, so look out for advertising in the coming weeks.

The CRC has downloaded the latest version of Etax on the computers at the centre. If you wish to lodge your tax return online, in a private area, please call us and we can set aside a time for you to ensure your privacy. This is a free service to the community.

Please note that staff are not able to do the lodgement for you.

Northam Toyota are pleased to announce the arrival of Stephanie Cutmore to our team. She joined us as Business Manager in March 2014 with the sole purpose of assisting our customers to save money with our quality range of finance and insurance facilities. Stephanie brings with her a wealth of knowledge and experience. She has worked both locally as a dedicated insurance specialist for 6 years and finance adviser for Bankwest.

In her first full month with Northam Toyota Stephanie assisted 25 clients with all their finance and insurance needs settling over \$1 million in finance.

Stephanie said "We can offer our customers real value with products like Toyota Motor Vehicle insurance, Toyota warranty products.

Finance Protection Insurance and a favorite one for our country products are available on new & used vehicles. They can be included in your finance package with one easy repayment."

Finance repayments can be set up on a monthly, weekly, fortnightly or on a seasonal basis.

Toyota have also introduced a revolutionary way to fund your next new car called Toyota Access.

This product offered exclusively by Toyota Finance comes with low monthly repayments and a guarantee on your vehicles future value. As Stephanie said "a lot of our customers buy Toyota vehicles because they hold their value well, but added to this Toyota guarantee that at a chosen point in the future the vehicle's value will not drop below a certain point". This takes the worry out of thinking - what will my car be worth when I come to trade-in. It gives real peace of mind when buying a new Toyota..

With Toyota Access clients are getting more flexibility than ever before. At the end of your term you have three easy options:

1. Upgrade your car for a new model – This means trading in your car with certainty because Toyota guarantees the cars value will meet your payout figure. *subject to fair wear and tear guidelines.
2. Keep your Toyota – simply pay the outstanding balance or refinance the balance.
3. Return your Toyota – with no more to pay.

Northam Toyota pride ourselves on giving exceptional customer service to everyone who steps through our doors. We look forward to seeing you in the dealership soon.

CWA Beverley Branch

Beverley Branch members had a busy month in June. It was our pleasure to attend WA Week Luncheon at Tammin - with a Guest speaker from the Royal Flying Doctor base in Jandakot. We were amazed to know that the RFSDS now has 14 planes housed at their Jandakot base and one Jet which is too large for the RFSDS Base, is housed at the main air port but is manned by RFSDS personnel and used in emergencies mainly to the eastern states. It was a most enlightening address.

Our next outing was to Quairading to share their international lunch. As Argentina has been the CWA's country of study for the past year, authentic Argentinian recipes were used and a great variety of interesting dishes were served. Guest speaker for the day was Mrs. Marianne Neilsson of York whose husband is an engineer who has set up three mines in the South American region - including Argentina. He was able to help supply a great deal of books, maps and memorabilia from that region and there was a great display board with information. Some 70 ladies attended this very interesting and informative day.

June meeting was attended by most members and we took the opportunity of discussing the agenda and motions in preparation for the 90th CWA State Conference to be held in York at the end of July.

2015 will see the 90th Anniversary of both Beverley and Quairading Branches - members have given an enormous amount of community service over those 90 years and we look forward to celebrating in the coming year.

Next meeting will be held at the CWA rooms on Thursday 10 July with morning tea at 10.00am followed by our usual monthly meeting and "Bring and Share" light lunch to follow.

Thousands of lives saved in bowel cancer screening roll out

At least 70,000 Australian bowel cancer deaths will be prevented in the coming 40 years thanks to a five-year plan to finalise the national bowel cancer screening program announced in the recent federal budget.

Cancer Council WA said it's pleased that a commitment to complete the program has finally been made, after being introduced more than 10 federal budgets ago.

Cancer Council WA's Bowel Cancer Education Coordinator, Dayna Cenin, said the complete roll out of the program is both welcome and timely.

"Bowel cancer is the number one cancer for Western Australian men and women and kills more people each year than breast or prostate cancers, yet most cases can be cured if detected early," Ms Cenin said.

"What's more, bowel cancer is one of the most preventable cancers, especially when it's caught early – and screening help us to do exactly that, which is why Cancer Council is so pleased that we will soon have a fully implemented screening program."

60 year old Linda Nicholls of Beverley said she knows all too well how important screening is, after undergoing surgery for bowel cancer five years ago.

Mrs Nicholls said after a string of tests, she was eventually diagnosed with bowel cancer, but in hindsight she wishes she had done the test.

"It's so easy, it's a simple test and there's no need to be embarrassed," Mrs Nicholls said.

The National Bowel Cancer Screening Program (NBCSP) currently screens eligible Australians aged 50, 55, 60 and 65 with an immunochemical faecal occult blood test (iFOBT).

The complete implementation of the NBCSP will mean that two yearly screening with iFOBT for those aged 50 to 74, will be in place by 2020.

"This is an important and exciting time. Right now there are thousands of Australians in apparently good health who have an early-stage bowel cancer or a pre-cancerous polyp who show no symptoms of the disease," Ms Cenin said.

"By screening all Australians aged 50 and over every two years, we'll be able to pick up a significant number of those cases when they are relatively easy to treat.

"The iFOBT is a non-invasive test that's easy to do in the privacy of your own home, but this simple test could save your life.

"Of course, it's important to know the signs and symptoms of bowel cancer, such as bleeding from the back passage or any sign of blood after a bowel motion, changes in usual bowel pattern (constipation or diarrhoea), abdominal pain and bloating, and unexplained anaemia.

"But it's equally important to know that bowel cancer often develops without symptoms which is why regular screening for bowel cancer is essential," Ms Cenin said.

Linda Nicholls can attest to that.

"Bowel cancer is very silent; this test is a simple way to know at an early stage if there are any signs of the disease.

"There are times that you just need to look behind," she said.

Eligible people will receive an invitation in the mail from the Federal Government, and shortly after will receive the FOBT kit, which is completed in the comfort of your own home and sent off to a pathology lab for analysis.

If the FOBT finds blood, which only occurs in about 7% of cases, further tests are needed (usually a colonoscopy).

Those who screen for bowel cancer using FOBT are more likely to have their cancer found at an earlier, less advanced stage, which means the treatment is less invasive and the chances of survival are better.

If you'd like to know more about bowel cancer and screening for bowel cancer, contact your local Cancer Council WA Regional Education Officer, Karen Hansen on 9690 1746 or khansen@cancerwa.asn.au to hold a presentation in your community, community group and workplace or visit our website www.cancerwa.asn.au/bowel-cancer.

CRANA Aboriginal Corp Inc.

For some months, I have been assisting on matters: paper work relative to Centrelink, insurance and workers compensation claims, disability pensions. Aboriginal legal services do not help with workers compensation cases, they have provided me with the names of other specialised lawyers.

Changes in the constitution to recognise the first people is still pending. Most eminent elders, who more or less are of the same view, that much is still to be done, in the areas such as justice, truth, healing and stories yet to be told, understanding why these first people have such a close connection to the land, country (special relationships). These are all the first steps to reconciliation and to help bring all Australians together. Recently, some prominent aboriginal elders in the Northern Territory, Central Australia and West Australia. Say about the media should show a little more decency when reporting on indigenous matters. And to honour the ancestors and future generation. The key words are: engagement, negotiate, identity, dignity. All used in connection with their relationship with the land.

My Health and Wellbeing Who's Responsible?

Quite often we get told to get ourselves off to the doctor and he will deal with our health and/or wellbeing issue? How wrong! The doctor will often give a diagnosis, treatment, options and/or assistance, but it is us as individuals that has to ultimately make decisions which then drives the outcome.

Some American research has been conducted highlighting that our medical system quite often only repairs damage caused by poor lifestyle choices impacting on our health. It points out that:-

- 70% of our health status is about lifestyle;
- 10% is genetic;
- 10% is environmental; and
- 10% is the health system.

Undoubtedly the major impact is lifestyle choices. This substantiates the message that "it is our health".

On all three health and wellbeing fronts (physical, mental and social/spiritual) the individual is the driver. Whether it be situational distress, a cancer diagnosis, a diagnosed mental health issue, a social/spiritual wellbeing issue (surrounding our identity, individuality or sense of belonging), the doctor will only provide the framework to follow (from diagnosis to treatment options) but decisions and changes ultimately need to be made by us.

All of our life we have to make informed decisions on a variety of issues to do with our family, work and social activities, why then should our health and wellbeing be any different? Blokes in general are decision makers, that is how we are hardwired. The warrior attitude is an admirable attribute especially when dealing with sporting and business challenges. However, this same attitude can cause us to neglect/postpone important aspects and not correctly prioritise decisions around our health and wellbeing.

Some familiar comments we often hear from blokes when discussing health and wellbeing issues are:

- it won't happen to me;
- we know the issues, but we don't want to show ourselves as the "only one" with a problem;
- I will just see how that pain in my back goes (for 6 years!)

Resilience seems to be the buzz word at the minute, but in how we deal with our health does come down to our resilience and ability to cope with the unexpected. I heard it summarized like this, "life is tough, but we can cope".

The buck stops with us "as blokes" to be the decision maker on our health and wellbeing, it is our health not the doctor's, wife's or mate's, but ours. Remember make wise lifestyle choices, make an appointment for a regular service visit to the doctor (when you're not sick) and enjoy each day as a gift. Remember - our health and wellbeing is our responsibility!

Cheers Owen and the Team RMHI

Department of
Agriculture and Food

Small Landholder News

With Jodie Whitfield

Small Landholder Information Service

Department of Agriculture and Food, Western Australia

Winter is certainly here! As the rain and cold weather settle-in over the next couple of months there are a number of things you will need to keep on top of.

If you haven't already done so now is a great time to check dams, water courses, tanks, drains, gutter and rooves. Dams and water courses can become contaminated with faecal matter, debris and even chemical run-off during winter rains.

By checking to see if tanks, drains, gutter and rooves are working correctly, you can minimise flooding problems when more significant rain is received. Also by inspecting for blockages, damage, rust or other problems you can expect to capture all the rain to come without incident.

Too many times we forget that safety should be our number one concern. In Australia in 2013 there were 59 on-farm deaths reported and 17% of these were children. Quad bikes and tractors are the main cause of fatalities and injuries on farms. Last year quad bike related deaths were reported most frequently (15), followed by tractor incidents (9). Take the time to know how best to handle these vehicles and make sure you keep them well maintained (see SLIS's 'Handling ATVs on small properties' available at agric.wa.gov.au/slis).

Safety should also be taken seriously when dealing with livestock. Many small producers or livestock owners are unaware of the importance of biosecurity and if you run any number of livestock, you need a biosecurity plan.

A biosecurity plan should cover the steps you would take when bringing animals onto your property (e.g. inspection, identification), managing the biosecurity risks already present on your property (e.g. monitoring animals, restricting visitors) and the steps you would take when moving animals off your property (see SLIS's 'Biosecurity plans for small landholders' available at agric.wa.gov.au/slis).

For those landholders interested in learning more about running a horticulture enterprise, the Small Landholder Information Service recently launched *The Horticulture Handbook – a reference guide for establishing horticulture enterprises in Western Australia*. You can email small_landholder@agric.wa.gov.au to receive a free copy or any of the information sheets listed on this page.

This time of year is also a great time to incorporate organic manures into your soil, as there is less risk of fly breeding in July.

If you have any queries please email or visit our Facebook page at facebook.com/DAFWAsmalllandholders and ask us a question. We would love to hear from you!

Until next time,
Jodie

hospital on 9646 3200 or 0427 901 321.

LISA WAY — Child Health Nurse

The Words of the Preacher

“. . . the word of the Lord endureth forever.
**And this is the word which by the Gospel is
preached unto you.**" 1Peter 1-23-25

"But they have not all obeyed the gospel. For Isaiah saith,
'Lord who hath believed our report?' So then faith cometh by hearing, and hearing
(the report) by the Word of God." Romans 10:16-17

". . . the word is near you, even in your mouth, and in your heart; that is, the
word of faith which we preach; that if you confess with your mouth **Lord Jesus** and
believe in your heart that God has raised Him from the dead, you will be saved."
Romans 10:8-9

"The Lord over all is rich unto all that call upon Him. For 'whosoever shall call upon
the name of the Lord shall be saved.' How then shall they call on Him in whom
they have not believed? And how shall they believe in Him of whom they have not
heard? And how shall they hear without a preacher?" Romans 10:14
"The words of the Preacher – PO Box 181, Beverley, 6304

Lyme Disease....Prevention

Prevention when outside near bush or grassy areas

- Wear long sleeve shirts, enclosed shoes, long pants, & tuck the pants into your socks (even though it looks daggy)
- Spray an insect repellent on your clothes that contains DEET* (make sure you wash your hands and any areas that may have had exposure to the DEET¹ when you return inside, or before you eat).
After you come inside, check your clothes, hands, hairline, neck, & behind your ears for ticks (do a tick check)
Spray an insect repellent on your clothes that contains DEET* (make sure you wash your hands and any areas that may have had exposure to the DEET¹ when you return inside, or before you eat)
- **DEET** is N,N-Diethyl-meta-toluamide, abbreviated DEET, is a slightly yellow oil. It is the most common active ingredient in insect repellents. It is intended to be applied to the skin or to clothing, and is primarily used to repel mosquitoes. In particular, DEET protects against tick bites, preventing several rickettsioses, tick-borne meningoencephalitis and other tick-borne diseases such as Lyme disease. It also protects against mosquito bites which can transmit dengue fever, West Nile virus, eastern equine encephalitis, and malaria.

Found a tick already attached to your body?

- Remove them carefully with long nosed tweezers or pronged tick removers that are designed to go under the body taking out at the head. It is very critical that you avoid squeezing the tick and it's toxic contents into your blood stream;
- Do not cover the tick in methylated spirits, rubbing alcohol, bi-carbonate of soda, Vaseline, any other substance or burn it with a match – this will make the tick release bacteria-containing Lyme disease (as well as other organisms and disease) into your blood stream; and
- After you have removed the tick you should go to your General Practitioner and get a course of prophylactic antibiotics (100-200mg of Doxycycline twice a day, plus flagyl twice a day for 6 weeks) (don't forget it is vital when taking antibiotics to take a good pro-biotic 2 hours after you have taken the antibiotics so that the good bacteria in your gut can be maintained and side effects of the antibiotics reduced). This prophylactic course of antibiotics dramatically reduces (but does not eliminate completely) your chances of going on to develop disease.

If you find ticks on your clothes, pick them off with tweezers and put them in a plastic zip lock bag & freeze if you can't post immediately. To prevent ticks from drying out add a couple of moist cotton wool balls to the bag. Mark the bag with date & location where the tick was found & include the state. Mail to Ann Mitrovic. Tick Borne Disease Research Unit. Room 294, Blackburn Building. DO 6. The University of Sydney. NSW 2006.

Don't limit yourself to ticks. All blood sucking arthropods (insects) such as mosquitoes, fleas & lice are of great interest to the research unit.

Or contact Jeff & Wendy Murray & we will gladly send on tick for testing as it will take an infected tick to be found for this disease to be accepted as being in Australia & we would so pleased to see that happen.

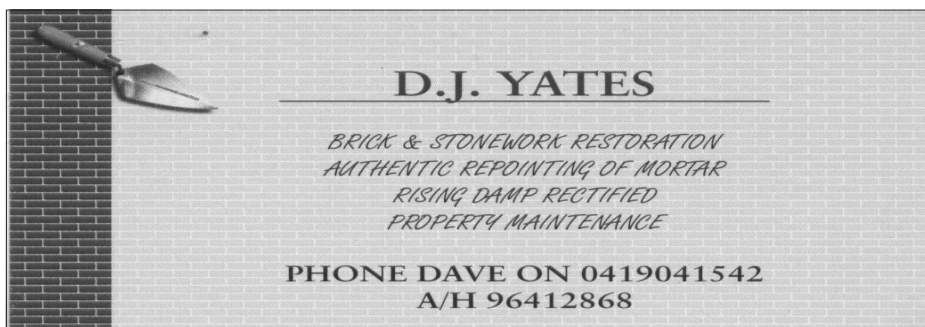

A huge thank you to the Beverley Football club for their support granting Saturday July 19th as Green Day at the Beverley Football Club. Beverley will be versing York on that day.

Lyme T-shirts & Karl McManus Foundation fundraising items will be on sale. Also a raffle will be held to raise funds for WA Drs' funding for the publishing of data supporting the claim that Lyme can be acquired in Western Australia, as well as elsewhere in the country. By publishing this data the WA Health Department and Australia's Chief Medical Officer insist this is the first step toward Government taking our problem more seriously and initiating any significant action.

Donation of items for the raffle would be greatly appreciated & accepted.

These can be left at TM Hair Design.

We will have a representative from the WA Lyme Disease Association in Ailsa Burgess. Ailsa has a wealth of knowledge & would love to talk with you so please make yourself known to her if you would like to hear more about Lyme Disease.

Runner Up - Glenys Collins
Pins - Glenys Collins

Good luck to the ladies - Sera, Heather, Gina, Marg, Lyn and Val who are going to Katanning to play in the Rural Bronze for 3 days.

4 ladies played at Wundowie and had a great day.

4 ladies played at Brookton and Glenys was in the winning nett team and lost the gross on a count back. Sera won the longest putt. Everyone enjoyed their day.

Our group are looking forward to Yvonne coming back from Europe and wandering when Anne is going to pick up a stick.

Good Luck to Glenys Collins who is going to Three Springs to play in the Provincial Tournament at the beginning of July.

Good Golfing everyone!!!

Golf times for ladies is Wednesday's at 10.30am, we would love to see some new players coming along to join us.

Beverley Men's Golf

Saturday 24 May

A field of 18 players battled the wind and rain for the Brett Hutchinson Trophy And Monthly Mug. After a long windy and wet day new member Brad Copping won the day with great Stableford score of 41pts, Steve Gollan was runner up on 34pts.

The Pins

Longest Chip or Putt On 1 Fred Sing

Nearest to Pin On 5 Steve Gollan

Best 2nd Shot On 10 Mark Armstrong

Nearest to Pin On 13 Darrell Hagan

Thank you very much to **Brett Hutchinson** for sponsoring the day

Saturday 31 May

A field of 16 players play in our Second Qualifying Round and for the Wayne Smith Trophy. John Donovan won with a nett score of 69, Luke Gollan was a close second with 70, and new member Ryan Ware came third with 71.

Many thanks to **Wayne Smith** for sponsoring the day.

Saturday 7 June

The Beverley Electrical Services Trophy was played for by 11 players. Mark Edwards won the day with 37 Stableford points, Terry Winfield and Chris Pepper tied for second with 34pts (Chris eventually came third on a countback).

Many thanks to **Karl Smith of Beverley Electrical Services** for sponsoring the day.

Saturday 14 June

11 golfers played for the GL Broun Trophy. The day saw a two-way tie for first place, so after a countback Chris Pepper come out winner of the day with 39 Stableford pts. Second placed was Fred Sing also with 39pts and Terry Winfield third with 33pts.

Many thanks to the **Broun Family** for Sponsoring the Day

Saturday 21 June

A good turn-out of 15 golfers played for The Fred Sing Trophy, which saw Fred win his own day! In great sportsmanship, Fred passed on the awards. The trophies went to Steve Gollan with a net score of 75 and second place to Mark Edwards with a net score of 76.

Thank you to **Fred Sing** for sponsoring the day.

BEVERLEY REDBACKS HOCKEY CLUB

The last 5 weeks has seen the Beverley Redbacks play 3 games and have had two byes. These games have seen the girls win some, lose some and even seen the ambulance get called.....so if you don't want to miss out on all the action, make sure you come and cheer on the girls!

Round 4 Beverley vs York Jets 24th May

What a game! Our second home game was definitely one that will not be forgotten for a while. Beverley's skills and determination were definitely showing against a skillful York side. York managed to score a goal but Beverley was eager to level the scores. Unfortunately the game came to a sudden end just before half time, after Ali Lewis was hit in the head with a flying hockey ball during a short corner. We wish Ali all the best in her recovery and hope to see her back on the hockey field soon.

Beverly 0; York 1 (*The second half of this game is still to be played so a final result can be determined*).

Award Winners

No award winners were announced due to the game not being finished. However Ali received some beautiful flowers from the team.

Round 5 Allsorts vs Beverley 7 June

Round 5 saw the girls travel to Northam to face the Northam Allsorts. Beverley was missing a few players from the team, so we welcomed Rebecca Sims as our goalie and Megan 'Bird' Gaine in their debut game. Thankyou to Bec coming all the way to fill in as Goalie in Fleta's absence – you did a fabulous job! A warm welcome back to Kelly Mann, who looked as though she had been playing all season. We also welcomed back Tori Jamieson (who also looked as though she had been with us all season) and Kira Strange for playing. The girls played a positive and strong game, which resulted in a 2-Nil win.

Allsorts 0; Beverley 2

Goal Scorers: Lisa Mourach 1, Emily Miller 1

Award Winners

Marg Mourich - Coaches Award - Sponsored By: Garry and Sarah Miller, Beverley Transport
Chantelle Meade - Captains Award - Sponsored By: Trevor and Amanda McLean, Waterbrae
Megan Gaine - Play of the day - Sponsored By: Northam Tavern

Round 6 Northam Aces vs Beverley 14 June

We faced the Northam Aces in Northam, which was a tough game with both teams being quite even in their ability. We had quite a few opportunities in our goals but unfortunately couldn't get a score on the card. The only goal scored was in the Aces goals, which unfortunately came off one of our players (name withheld). We thank Thomas McLean for filling in for us – you played a fantastic game of hockey!

Aces 1; Beverley 0

Award Winners

Thomas McLean - Coaches Award - Sponsored By: Garry and Sarah Miller, Beverley Transport
Lisa Mourich - Captains Awards - Sponsored By: Trevor and Amanda McLean, Waterbrae
Kelly Mann - Play of the Day - Sponsored By: Northam Tavern

Beverley Hockey Club Cake Stall - Saturday 19 July

The Beverley Hockey Club will be holding a Cake Stall on Saturday 19 July. All cake and slice donations will be gratefully accepted. We will also be holding a wood raffle and manure drive, which will be delivered on the day. All orders for the manure drive to Carly Veitch, 0429 966 678, by the 12 July.

Sponsors & Supporters Dinner - Saturday 16 August

Following our game on Saturday 16 August we would like to invite all our fabulous sponsors, members and supporters to join us for an afternoon at our last home game for 2014. This will be followed by dinner and drinks to show our appreciation to everyone for their support.

WA Women's Country Week Hockey

Congratulations all the Beverley Representatives who played at this years WA Women's Country Week Hockey – Marg Mourich, Lisa Mourich, Mary Brogan and Fleta Redding. The Avon Division 2 Team made the Grand Final and Won!! Congratulations to Fleta Redding for getting Best On Ground for Avon in the Grand Final!! From all reports she had some unbelievable saves - Awesome work! Avon Division 4 came equal 5th – fabulous work girls!

Would you like to become a Social Member of the Beverley Hockey Club? If the answer is yes, please contact Chantelle Meade at beverleyhockey@live.com.au to request a Social Member Form.

Payments of \$30 can be made to:-

BSB: 016-540 Account: 201349436

Please contact Megan Vandenberg if you have any issues with the payment
We value your contribution to our club.

UPCOMING DATES TO REMEMBER

Saturday 28 June – Beverley vs Jenna – 1.30pm in Beverley

Saturday 5 July – Beverley vs York Vipers – 3pm in Beverley

Saturday 12 July – General BYE

Saturday 19 July – Beverley Hockey Club Street Stall

Saturday 19 July – York Jets vs Beverley – 3pm in York

Saturday 26 July – Drifters vs Beverley – 1.30pm in Northam

Saturday 2 August – Allsorts vs Beverley – 3pm in Northam

If you want to stay up to date with any Hockey News, please register your email address by emailing beverleyhockey@live.com.au

THANK YOU TO OUR 2014 SPONSORS!!

Inkosi Design, Beverley Electrical Services, Freemasons Tavern,
Farm Direct Stock Feed Supplies, U Beauty Country, Hotel Beverley

We love having supporters at our games, especially our home games.
So why not come down and support the girls.

WE LOOK FORWARD TO SEEING YOU AT THE GAMES

BEVERLEY LADIES NETBALL CLUB

This month's edition of the Blarney puts us half way through the season with both Beverley teams having no luck at defeating any Pingelly or Brookton teams, but don't worry, we will never give up!

With all our new players this season, the Netball Club decided to throw a "Players Tea", which was on Saturday evening the 7th of June, in which we utilised our lovely new facilities available at the Amenities Building. We all brought good old home cooked meals to share. It was an event to eat, drink and be merry purposely to get to know each other and our families better. We all thoroughly enjoyed the tea so much that another "Players Tea" has been organised for Saturday 26 of July. So players who couldn't attend the last one, you don't want to miss another awesome night!

As most of you are aware, it was "DERBY" night on the 20 June.

We would like to thank everyone who came down to the courts to watch and I'm sure those who did would agree, it was a very exciting and entertaining game. Good work to all the players who put on a high spirited, fair and sporting effort. The Spinners did take hold of the score against the Hunters by a mere 2 goals with the final score being 25 to 23. A very even match right through to the near end.

The up coming games are as follows.
Saturday 28 June in Pingelly is Hunters Vs Pingelly Blue at 1:45pm and Pingelly Pink Vs Spinners at 1:45pm.

Fri the 4th of July in Beverley is Pingelly Gold Vs Hunters at 6:45pm and Spinners Vs Pingelly Blue at 8:15pm.

11 July is the school holidays Bye.

Saturday 19 July in Brookton is Spinners Vs Pingelly Gold at 1:45pm and Hunters have a bye.

Beverley Horse and Pony Club

Giddy Up ! Giddy Up!

Yet another fantastic rally was held for our members on the 15th of June. It was a bit brisk in the morning however by lunchtime we were all enjoying the glorious sunshine and warmth! We were very lucky to have Felicity, Chaise, Tess and Jenifer to make for a very exciting rally.

Felicity really focused on the riders using their seat and worked on the riders being able to ride straight and ride to a line, the Welsh Mountains especially were quite surprised to find what a difference it all made!! Chaise had all the riders and ponies jumping very well and Grace & Prim and Kip & Mynty were thrilled to jump 55cm. Go girls!

After lunch there was birthday celebrations for Oscar and a yummy cake from Fiona. Everyone then settled down in the sun to listen to a very interesting Bowen demonstration from Lisa Peace, with Rusty being the star of the day.

Tess and Jenifer ran a super games session in the afternoon which saw riders of all ages join in which was fantastic!

Hopefully lots of our riders will be attending the fantastic Avon Zone Camp in the school holidays and will have lots of stories to tell.

Oscar and his yummy cake!~

OUT AND ABOUT

Avon Valley ODE

Vicky, Amy, Tealah and Bronte attended their first ODE held at Avon Valley Show grounds on 1 of June. The girls all presented their mounts well, and enjoyed the experience of their first outing. There were a few trials and tribulations—which can all be put down to experience. Well done to all, and congratulations to Bronte for being placed 6th and receiving a special prize of a bag of horse feed!

Vicky, Amy, Tealah & Bronte

Bronte & Holly and Tealah & Cherry in action

PPMG (Prince Phillip Mounted Games)

Tealah, Kip, Emily and Jessica entered the PPMG novice section on Saturday at Avon Valley SJPC. There were four teams in this section and our team came away with the fourth ribbon and big smiles. Emily parted company from 'Paddy' as they cantered past a cone and both went different directions. She remounted and continued with the games with a bruised elbow and hip - go Emily! Jessica's 'Bluey' was not overly impressed about going faster than a walk and Tess Hawke was the crowds entertainment in escorting the pony through the games events.

Tealah Emily Jessica and Kip

Tealah rode 'Cherry' in the ponies first ever games event and both went very well. Kip and 'Mynty' were experienced team that made it look easy. All our riders display great sportsmanship and remembered all the games subtle rules. Thanks to John and Jaiten Hawke, Danielle Rieck and Lisa Maxwell who were general helpers, timers, line marshals.

After a very quick lunch we were all off again for the individual novelties.

The team competed in the Handy Pony, Ben Bar Aft, Straight Barrel Race, Key Hole, Sack Race and Western Bending. Jessica competed in the lead line section and came home covered in ribbons. Emily, Tealah and kip were competing against all the 12 and under riders, which was the largest group. They all came away with some ribbons and rode well.

Thanks to Avon Valley SJPC for organising and running the event, we had beautiful weather and a fantastic day.

GOOD LUCK!!

Good luck to all the riders attending Avon Zone camp-key warm and have fun.

Good luck to our riders attending the Eastern Zone ODE at Kellerberrin.

Guess who is turning 50???

Next year around June we will be celebrating the last 50 years of the Beverley Horse and Pony Club. We will be looking for memorabilia for a special project. Watch this space for more news.

See you all for our next rally on the 20 July, gear checking at 8.30am Sharp! Please contact Mrs Pauline Appelbee via email appelbees@skymesh.com.au or phone 9647 1181 so that she knows who will be attending the rally!
