President Report November 2015

Local Government Elections

A definitive response from voters at the recent Local Government elections has resulted in newly elected Councillor Darryl Brown and re-elected Councillors Keith Murray, Lew Shaw, David White and Dee Ridgway making their Declarations of Office at a Special Meeting of Council on Tuesday 20th October 2015 before Mr Fred Bremner JP. The election of Shire President and Deputy Shire President for the ensuing two year term and respective Declarations of Office was also undertaken. Councillor Ridgway was re-elected as Shire President and Councillor Murray elected Deputy Shire President.

Annual Electors Meeting – Monday 16th November

Council received the 2014/2015 Annual Report at its October meeting. Copies of the report are available from the Shire Office and can be viewed on the Shire of Beverley website (beverley.wa.gov.au). The Annual Electors Meeting will be held **7pm** Monday 16th November 2015 at the **Recreation Ground Amenities Building**.

Draft Urban Design Proposal

Thank you to those who have provided comment following an initial round of community consultation toward a draft urban design proposal for the Vincent street precinct. From this feedback a revised draft will be developed for community discussion in 2016.

Roadworks on Westdale Road

Without impacting too much on harvest traffic, and following works to stabilize and widen a section near Luptons road, upgrades continue on Westdale road from the Great Southern Highway end, which had a large culvert replaced and widened last year.

Aeronautical Museum Open Day

An aeronautical museum open day was held on Sunday 11th October 2015 with heritage consultant Michelle Slarke who has been engaged to provide a significance assessment report on the collection. The workshop attracted 8 participants, 5 being former volunteers at the museum. If you have any comment to contribute regarding the museum and its contents however have been unable to attend the various community engagement sessions, please contact Shire CDO Kathryn McLean with your feedback.

Tourism Steering Committee

The Tourism Steering Committee continues to meet bi monthly, most recently reviewing collated survey data and resolving to engage external assistance to progress development of a draft Beverley Tourism Strategy. This will be presented to Council and the community for feedback in due course. Thankyou to residents and visitors who completed surveys. The visitor surveys are ongoing. People are still encouraged to forward any thoughts or images for “branding” of Beverley.

Beverley Heroic

The 2015 Beverley Heroic was again a popular and well run event, with a large number of participants, particularly for the recreational town ride. This year the event extended over the whole weekend and attracted the interest of Agricultural Region politicians Paul Brown MLC and Jim Chown MLC. Congratulations to all involved, especially the many volunteers who assist with the event, Shire CDO Kathryn McLean and event organizer Toby Hodgson.

Beverley CWA 90th Anniversary

Congratulations to CWA members and President Teresa Reid on their recent celebratory event to recognize the 90 years that CWA has been active in Beverley. The unveiling of a fountain at the recreation precinct will be a welcome addition to oval users, including our 4 legged friends who have also been accommodated for.

WWW

The CRC successfully presented the 5th Wild Women of the West Seminar in Beverley, themed “The Road Less Travelled”. The popular event continues to draw an increasing number of both local and regional participants.

Take Care on the Roads

Please take extra care when driving on our country roads over the next few months. With harvest underway (weather permitting!) there will be many trucks on the road and at times harvesting equipment moving around the district.

Dee Ridgway

Shire President

CHECKLIST PREPARING YOUR PROPERTY

PAGE 1 OF 3

Prepare your home and property for the bushfire season. It is everyone's responsibility. If you live in or near bush take the time to complete and action this checklist.

STARVE THE FIRE

Reduce the fuel loads around your home so that embers will have less chance to start a fire when they hit the ground. This will also help reduce the damage caused by the fire.

For at least 20 metres around your home and other buildings:

- Cut long grass and dense scrub. Remove dead material.
- Remove all rubbish and rake up leaf litter, twigs, bark and material that may catch fire.
- Maintain a minimum two metre gap between your house and tree branches. Make sure that no trees overhang the house.
- Prune lower branches (up to two metres off the ground) to stop a fire on the ground spreading to the canopy of the trees.
- Do not clump shrubs, ensure that there is a gap. Shrubs should be planted at a distance of at least three times their height at maturity from buildings.

Other actions you will need to take:

- Keep your gutters free of leaves and other combustible material.
- Create a mineral earth firebreak, with no vegetation along your boundary.
- Build your paths adjacent to the building and have your driveway placed so that it maximises the protection to the house.
- If possible, plan your garden so that your vegetable garden, lawn, pool or patio is on the side of the house likely to face a fire (where the bush is).
- Store firewood away from the building.
- Ensure that your gas bottles are secured and positioned so that it will vent away from the building if it is subject to flame contact or radiant heat.
- Ensure fences are non-combustible so they can help to shield your home from a bushfire and radiant heat.

FILL THE GAPS

Houses usually catch fire when embers get into the roof space, a wall cavity, on to ledges or under the house. Prevent sparks from entering your house by blocking all the gaps.

- Block any gaps under floor spaces, in the roof space, under eaves, external vents, skylights, chimneys and wall cladding.
- Place metal fly wire mesh on all windows, vents and install an ember protection screen on evaporative air conditioners to keep sparks and embers out.

FIX THE FIRE TRAPS

- Do not pile wood against or near the house.
- Remove any timber, rubbish and old junk lying around.
- Move all fuel containers into a shed away from your house and have a firebreak around it.
- Keep gas cylinders on the side of the house furthest away from the likely direction of a fire (where the bush is). Ensure the pressure relief valve is directed away from the house. Store gas cylinders upright and secure them with a metal chain to a secure, non-combustible post to prevent cylinders from falling over.

PROTECT YOUR ASSET

- Have a sufficient independent water supply of at least 20,000 litres and a petrol, diesel or a generator powered pump capable of pumping 400 litres per minute.
- Check that your home and contents insurance cover is adequate. Take into consideration renovations, fixtures and additions such as swimming pools, sheds, gazebos, luxury fittings or new appliances.

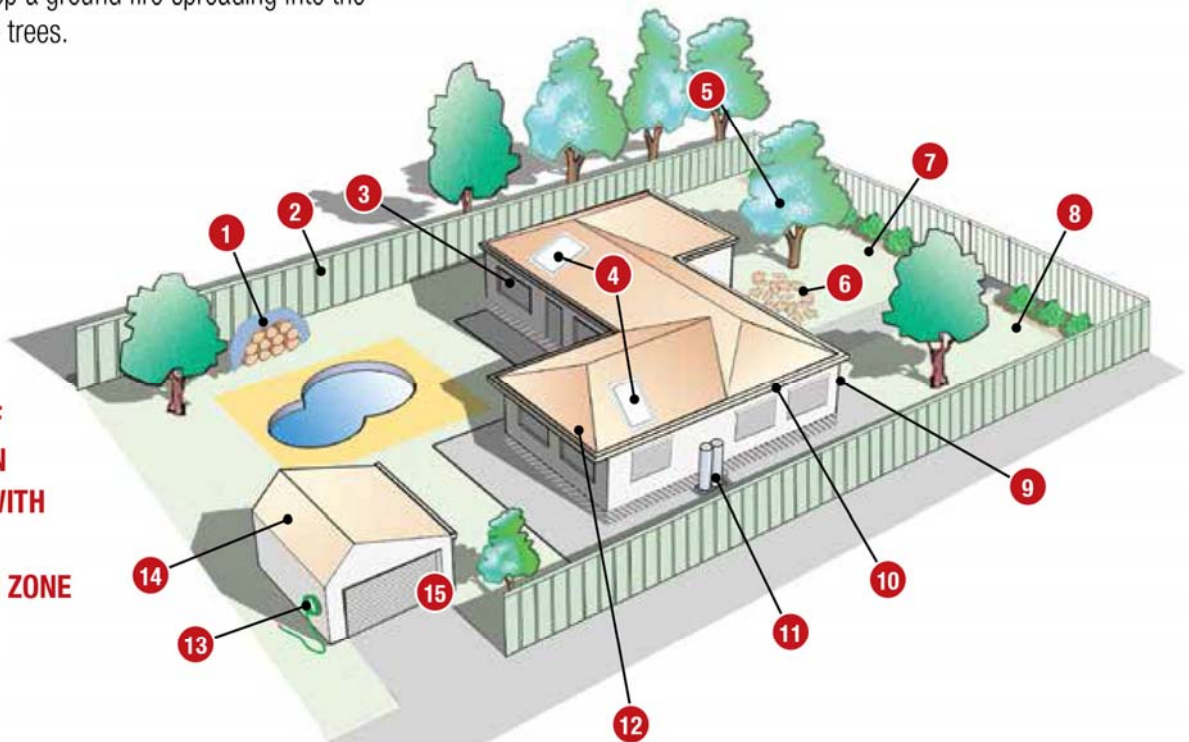

CHECKLIST PREPARING YOUR PROPERTY

PAGE 2 OF 3

BUILDING PROTECTION ZONE (CIRCLE OF SAFETY)

- Create a minimum 20 metre building protection zone around your home and other buildings. Reduce the fuel load in this area by removing all rubbish, keeping grass cut short, and raking up leaf litter, twigs, bark and material that may catch fire.
- Prune lower branches (up to two metres off the ground) to stop a ground fire spreading into the canopy of the trees.
- Create a mineral earth firebreak along the boundary of your property. Make sure you meet your local government's firebreak requirements.
- Cut long grass and prune the scrub so that it is not dense, and does not have fine, dead aerated material in the crown of the scrub.

EXAMPLE OF A SUBURBAN PROPERTY WITH A BUILDING PROTECTION ZONE

- 1 Do not pile wood against or near the house
- 2 Install a fire or heat radiation shield such as a solid fence
- 3 Place metal fly wire mesh on all windows, vents and install an ember protection screen on evaporative air conditioners to keep sparks and embers out
- 4 Block any gaps under floor spaces, in the roof space, under eaves, external vents, skylights, chimneys and wall cladding
- 5 Create and maintain a minimum two metre gap between your house and tree branches
- 6 Rake up leaf litter and twigs under trees
- 7 Remove shrubs and small trees under and between larger trees
- 8 Ensure garden mulch is kept away from the house and grass is kept short
- 9 Ensure all gaps in external wall claddings are sealed
- 10 Keep roof gutters and valleys clear of leaves and bark
- 11 Keep gas cylinders on the side of the house furthest away from the likely direction of a fire (where the bush is). Ensure the pressure relief valve is directed away from the house. Store gas cylinders upright and secure them with a metal chain to a secure, non-combustible post to prevent cylinders from falling over
- 12 Block any gaps in the roof space
- 13 Hoses must be long enough to reach all parts of your house. Use metal hose fittings for taps as they are less likely to melt
- 14 Remove flammable materials and store them away from the house
- 15 Have a sufficient independent water supply of at least 20,000 litres and a petrol, diesel or a generator powered pump capable of pumping 400 litres per minute.
- 16 Refer to DFES' Homeowners Bush Fire Survival Manual available at: www.dfes.wa.gov.au

YOUR 2 WATERING DAYS

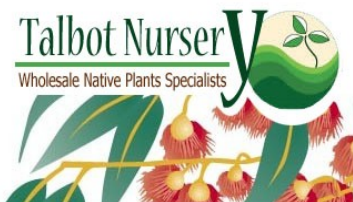

Watering with sprinklers should be before 9am and after 6pm on your two days.

Last digit of
your house
number

Your 2 watering days are

1	Wednesday & Saturday
2	Thursday & Sunday
3	Friday & Monday
4	Saturday & Tuesday
5	Sunday & Wednesday
6	Monday & Thursday
7	Tuesday & Friday
8	Wednesday & Saturday
9	Thursday & Sunday
0	Friday & Monday

For example if you live at 55 Rose Street, the last digit of your house number would be 5. So your sprinkler days would be Sunday and Wednesday. If you don't have a house number, use your lot number. If you would like further information, visit the Water Corporation website at www.watercorporation.com.au or call the Waterwise Infoline on 13 10 39.

Enjoy the Ride

A message to our precious rural communities this harvest.

Harvest is upon us and the RACE is on again,
Got to get the headers out and gather in the grain.
Got to keep the PACE up, the road trains in top gear,
It's a crazy, hectic, HELL FOR LEATHER, stressful time of year.

Everything is FLAT OUT from the farmhouse to the sheds,
Answering the two way, taking phone calls, making beds,
Cooking meals, drying grain, kids home off the bus,
Moving gear from paddocks with a minimum of fuss.

Harvest is a time to push, to drive the horse power home,
To work long days, and sleep short nights, feel knackered to the bone.
Two weeks down, stress levels high, the team show signs of strain,
The chaser driver hangs on in, with secret hopes for rain.
But harvest stops for no man, and the drive does not subside,
The record year upon us at the forefront of our minds.

Run the lunch out, wash the clothes –
Fix the bust hydraulic hose.
Ring the truckie, feed the chooks –
Update the BAS and office books.

Shift the silo, move the bin –
Which ute was the grease gun in?
Check the bearings, order fuel –
Where's the mobile set of tools?

Note grain prices, load the truck –
WHERE'S he got the chaser stuck?!
Change the tyre, switch to Mace –
Can we keep up at this pace?

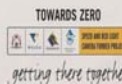

Test the sample, take the grain
To CBH then back again,
Pick up parts, drive to town...
AND NOW'S YOUR CHANCE TO STOP - SLOW DOWN.

Leave speed behind you when you put your vehicle on the road,
Rebel against the rush and put yourself in BACK OFF mode,
Make your car your sanctuary, and shut the door on speed,
And from fast-paced harvest pressure let yourself recede.
Let's get through this season, a community together.
Avoid the pain road trauma leaves, the scars that last forever.
Stuck behind a road train? Don't struggle to get past,
When all those tiny seconds saved could end up as your last,
And if you're choked with gravel dust, stress rising deep inside,
BACK OFF, breathe deep, and tell yourself - '

'Slow Down - Enjoy the Ride'

Remembrance Sundowner

The Beverley RSL Sub Branch is planning a Remembrance Day Sundowner on Friday 13th November 2015 from 5:30pm - 8:30pm at the RSL Hall 50 Forrest Street.

We are putting on a sausage sizzle and the bar will be open. We are also celebrating one of our longest serving members, Peter Bremner.

So come down, and catch up with old mates or make some new friends.
Gold coin donation.

down the road...

Thanks to everyone who visited our store at the Wild Women's Day.

We are visiting Beverley again on the 25th November for the Beverley Tennis Club Ladies Open Day.

We will be stocked up with a beautiful range of gifts ready for Christmas and a stunning range of summer clothes.

We are around all day so pop in any time and enjoy shopping away from the hustle and bustle of Perth.

We will have a different selection of stock for the tennis day but if you would like something in particular please give us a call and we'll bring it up with us 0407580238 or visit us at

BEVERLEY HEROIC TOWN RIDE SUNDAY 4TH OCTOBER 2015

Sunday the 4th of October saw over 85 people take to the streets of Beverley for the second Beverley Heroic Town Ride. Young and old ventured around town with their maps and clues in hand, exploring local landmarks and scenery.

For many participants this was a rare opportunity to check their bike, wear a helmet and to slow down in town. Thanks to Toby Hodgson, Heroic organiser, who included the Town Ride in his busy schedule of cycling events that were held over the weekend.

Thankyou to our volunteers who helped with the registrations and presentations in the hall, the marshalling of cyclists around the town and to the Beverley St John Ambulance Sub Centre for having a presence on the day.

The second annual Beverley Heroic proved to be a successful showcase of the Avon Valley with cyclists and visitors touring country roads between Beverley, Northam and York visiting historic landmarks and local businesses. Supported by the State Government through Tourism WA's regional Events Scheme, which is jointly funded by Royalties for Regions, this family friendly event, inspires cycle tourism, in a regional setting. Shire of Beverley CEO, Stephen Gollan, congratulated event director, Toby Hodgson on the growing success of this regional event and extended an invitation to the mainly metropolitan visitors to consider their proximity to the Avon Valley and to return to Beverley at any time.

The weekend was a celebration of cycling. With the Beverley Town Hall the centre of activities, enthusiasts were treated to a Retro Bike Show and Bike Movies on Saturday afternoon. Participants in the 100 mile Beverley Heroic left town at 6:30am, headed for the Northam Heritage Centre, followed by the 50 mile Brevet Populaire which took in the historic sites of York. One participant commented, "We had a fantastic time ... at the Beverley Heroic. We can't recommend this event highly enough."

For 86 Beverley locals (and visitors), a highlight of the event was the Beverley Heroic Town Ride. Supported by the RAC and the Shire of Beverley and in the tradition of a car rally, the Town Ride took families on a recreational ride around town, visiting local landmarks and collecting clues. Community Development Officer, Kathryn McLean says "The Town Ride is a great way for people to be a tourist in their own town and who knows, it may even inspire some of our youth to pursue a ride in the Beverley Heroic in the future."

BSA Annual General Meeting

The AGM for members and friends of Beverley Station Arts was held on Thursday 15 October at the Station (in the Green Room of the Platform Theatre). From the BSA members present the committee was elected.

Committee members to serve their two year term as from now: Marylou Hutchinson (Vice Chairman and Artist-in-Residence Coordinator, Sarah Miller (Secretary), Pauline Knight (Treasurer), Penny Burns, Tracey Fleay (Exhibition Treasurer).

Committee Members to serve their second year: Jenny Broun (Chairman), Kathryn McLean (Exhibition Secretary), Amanda McLean, Joanne Strange, Leita Barrett-Lennard, Valda Morton.

It is with sadness that both Sandy Shaw and John Ives have decided to retire from the committee. John joined the committee during the days of the Station being established, and Sandy soon after. Both have worked tirelessly at different times and we shall miss their contribution of ideas and wisdom.

Artist-in-Residence

At long last there will be artists back at the Station! Towards the end of November we welcome AiR Sue Brook-Roberton who is originally from Melbourne but now resides in Rockingham. She is a mixed media artist who employs colour, texture and layering in response to the colour and beauty of nature, and also the social/personal qualities of the human condition. Her work expresses these ideas in an abstract and intuitive way through acrylic/oil/encaustic paintings, digital paintings/photography, drawings, textiles, and ceramics. When working in ceramics and sculpture she chooses simple forms that reflect nature. From the intuitive to the considered, Sue tries to create something every day.

For information on residencies check with Artist in Residence Coordinator Marylou Hutchinson on 9647 1027 / 0427 085 511 or email: hutchinson@wn.com.au

Beverley Station Singers

The last meeting saw 17 squashed like sardines in the Greenroom of the Platform Theatre singing their hearts out, but oh what a grand sound! Kelly Newton Wordsworth directs the group on a monthly basis (\$35pp) - the next meeting being Wednesday November 11 at 7pm in the Station Gallery.

Anyone interested in joining the singing group contact Tracey Fleay- Mob: 0409 481 029 or E: traceyfleay@hotmail.com

Platform Theatre

Unfortunately, the Fringe World tours that we thought were performing in Beverley during February have decided to take their act to Northam instead, HOWEVER, the good news is that the Charlesworth Ballet

Institute are keen to return to the Platform Theatre on Friday 19 February AND will include a workshop for schools during the morning of the show. So, budding ballet dancers - mark it on your calendars for next year!

ALL STAR SUPER GROUP AND JUMPING JACK FLASH ROLLING STONES SHOW

This promises to be a ripper of a night! The ALLSTAR SHOWSTOPPERS with their authentic TRIBUTE shows touring worldwide and throughout Australia are returning to Beverley after the success of last year's Australian Beatles and Blues Brothers. This year they are performing their ROLLING STONES tribute show plus their ALL STAR SUPERGROUP tribute show - a combination of tributes that can include Elton John, Liam Gallagher of Oasis, Mark Knopfler of Dire Straits, David Bowie, Mick Jagger with Keith Richards, and even ZZ Top! NATIONAL TRUST

Hi All,

It's been a pretty quiet month here at Avondale, our open weekends have attracted heaps of visitors thanks to a writers travel blog that has put Avondale back out their once again and our little town of Beverley.

<http://www.weekendnotes.com/open-days-at-avondale-discovery-farm/> here is the link if anyone is interested.

Billabong tours visited us during the month bringing a bus load of retirees who were highly fascinated in the museum and the Clydesdales. It is nice to hear the stories they tell about their childhood and how they used that type of machinery when they were younger.

This year the Avondale Farm Project Association year cropped the car park paddock and in return managed to get a very thick and healthy Wheaten Hay Crop. The project was called 'Mad Micks seeding program', seeing as it was Mick Martins fantastic idea. A massive thank you must go to Dwayne Haeusler for coming out to Avondale and mowing the crop with his own machinery and then returning a couple of weeks later and bailing 300 bales of hay. Also thanks to Mick and Sue Martin and John Hawke for helping me pick up and stack the bales of hay.

On the 3rd weekend we saw an old binder being put to good use in cutting and binding the rest of the crop with over 1,000 sheaves being cut and bound ready to be turned into chaff in the near future. Once again thanks to Dwayne Haeusler, John Pratt, John Hawke, Dave Shopland, Luke Blanch and the many other people that came out to operate this machine and get this crop harvested. The two Clydesdale are definitely two very happy horses.

If anyone is interested in purchasing any hay bales or sheaves, please feel free to contact me on 0427 477 734, all monies raised goes back into cropping the paddock next year and supporting Robbie and Comet.

The last opening days of Avondale for 2015 is Saturday 21st and Sunday 22nd November, we will then be closed over the summer months, reopening again in March 2016. Well that's all for this month.

Thanks Mon.

Beverley District High School

For more information about the school, visit our website!

What's been happening?

Term Four has begun with a bang at Beverley District High School. Our Year 5 and 6 students have been off to camp, our Year Fours on an excursion, and our P&C has been busy organising a Halloween disco for our students. Meanwhile, plenty has also been happening on the learning front, with strong literacy, numeracy and science programs in place.

Woodman Point Camp

Our students have been enjoying the adventures of the historical and natural environment at Woodman Point, under the watchful eyes of their teachers Kellie Shaw and Corinna Thomas and intrepid parent helpers Brendan McLean, Kylie Watts, Tim Cooke and Chris Mellick.

We very much appreciate all their time and effort in making this camp possible for our students.

Students enjoyed a visit to the Army Museum.

The students have enjoyed a range of recreational activities, including archery and rock-climbing.

Team building activities are also an important aspect of the students' social development. Here, a team of students is building a raft.

In other activities, the students visited Parliament House, Penguin Island, King's Park, and the beach.

Literacy Support Programs

Students have been hard at work on their structured literacy programs and our assessment data show that they are making really good gains. We provide a three tier model of student support involving evidence-based whole class, small group and individual learning programs.

The provision of appropriate early intervention and remediation is critical and this is an area of focus in our school. We are delighted with how well students have been progressing with the acquisition of essential skills while working on small group and individual literacy programs such as LitBooster, MULTILIT, Intensive Reading and Soundcheck.

Cockatoo and Bat Monitoring Project with Men's Shed and NRM

The Men's Shed has invited the school to be involved with them in partnership involving the installation of nesting boxes for Carnaby's Cockatoos and bats along the river bank behind the school. Mr Fred Bremner and members of the Men's Shed constructed the boxes, and will be monitoring their use in collaboration with students as part of the school's sustainability program. We are delighted to be involved with this project, which is supported by a Wheatbelt NRM grant.

Congratulations

To all the local dancers who performed at the Dance Concert at the Beverley Town Hall on Sunday 25 October, a big well done.

A great amount of effort has been put in over the last year by both parents and the students.

You should all be proud and congratulated on a successful day.

Beverley Playgroup

We are a fun place for babies and children aged 0-4 years old to come and meet new friends, learn from each other, problem solve, play with new toys and equipment, practise their social skills and learn the meaning of 'share'. It's not all about the children though, it's great for the adults to socialise, share tips and enjoy a cuppa as well. We are always welcoming new members. You are entitled to 3 free sessions before joining as a member. Children don't have to be brought in by a parent, it can be a grandparent, aunt etc. New members are always welcome!!

We have moved...

It's official, we are finally at the school! Thank you to all those people who came to the busy bee to help with the move. A special thank you to Hollie Smith, who spent hours on her own setting the room up and getting it organised. We cannot thank the Beverley School enough for their support in moving Playgroup to the school. We would also like to thank the Beverley Shire for allowing us to run Playgroup from the Amenities building for most of the year.

CBH Grain Donations...

There is still a long list of things we need to do at the school, such as; erecting an outdoor shed to store all the outdoor toys and equipment, a sandpit, a bike path, playground equipment... the list goes on! The Playgroup committee have been actively fundraising for these over the year with raffles, a cake stall, catering for 4 different events and another catering job still to come. We would be most grateful for any grain donations to add to our fundraising.

How to donate grain to Beverley Playgroup:

- Log into CBH Loadnet
- Hover the Nomination on the blue menu bar
- Click on Donate in the drop down
- Choose the required account number and season from the drop down box
- Choose the relevant commodity and zone from the drop down box
- Select Beverley Playgroup #40410524
- Choose your acquirer, payment method and destination site from the drop down box
- Click select loads
- Nominate grain

If you would like any assistance with this, please contact Kelly Mann 9690 2989.

Wild Women of the West 2015 - The Road Less Travelled.

Well, we surely went on an exciting trip on 'The Road Less Travelled' at the annual Wild Women of the West day on Monday 19 October 2015. To say we had a chance to walk a mile in our presenters shoes is an understatement. Heartstrings were pulled as we were able to listen and take in the other side of life.

The first guest speaker was Priya Cooper she gave the audience an entertaining recount of her life. From a very young age, Priya knew she was destined to do something great and be someone and the fact that she had Cerebral Palsy was not going to deter her from achieving her dreams and she did just that! The girl that grew up in the hills went on to achieve 'Gold, Silver and Bronze' medals at numerous Paralympic Games all over the world. She reiterated the fact that if you tell enough people of your dream, it will happen, but you must believe and keep telling people. Priya was eventually in front of the camera, as a TV presenter, one of her ongoing dreams from when she was a child. To say that she had the audience in the palm of her hand was truly an understatement, we sat in awe of this woman and the next morning when we didn't want to get out of bed, I bet I was not the only woman that thought of Priya and her poem about 'The Swimmer', up and back - up and back.

Then we were once again graced by the almighty force that is Famous Sharron, just when we needed her. Sharron co-emceed the event and made sure that everyone knew she was in the room, especially the only two men at the event, Peter and John from Beyond Gardens. Her lovely introduction only made the guys blush a little.

The guys did a Q & A session for all of the ladies in the room to ask those gardening questions that they needed answered. It was nice to know that we all suffer from the same gardening problems. If you would like the Beyond Gardens crew to return to Beverley, please let Amor at the CRC know and we can arrange for another visit from the gardening crew.

We returned back to our seats to listen to the story of true success and triumph as Tanya Dupagne a girl that grew up in Kwinana and was told that she would not be anything because of where she grew up. How wrong they were! Tanya has developed programs for youth all over the world including Kwinana, she was voted in as the youngest councillor for Kwinana, worked for the disadvantaged worldwide and now runs Camp Kulin. Many of us had never heard of Camp Kulin and all of the amazing programs that come with the week long camp that they offer. As the manager of this camp and the impact on the lives of the younger generation, Tanya has achieved so much in such a little time, her road has been vast and filled with amazing stories.

Famous Sharron roved through the crowd, meeting some of the locals like Gezza, Shazza and Lozza. The crowd were in fits of laughter at her witty humour and then came the dance moves. For those that haven't already witnessed this the video has been posted onto the CRC Facebook page. Well done to Emily, Lozza and John on listening to Sharron's excellent instructions and your beautiful dance moves.

The final speaker for the day was Judith Fordham, she gave us an insight into the world of being a lawyer. The journey for her to becoming a lawyer was challenged by domestic violence in her home life, being in a male dominated industry and representing people of little moral coding. We wrapped the day up with a round of applause.

A lot of behind the scenes work goes into the setting up of the day to be perfect for the ladies on the Monday. The hall looked fabulous, with goodie boxes for all and of course the great raffles and stalls of shoes, bags, clothes, truffles etc. for us all to indulge in. The food all day was scrumptious with morning tea, lunch and afternoon tea all provided, I bet not many ladies had to eat at dinner time.

'The Road Less Travelled' seminar was possibly the best one yet and was only possible with thanks to all of our event sponsors. The Beverley Horse and Pony Club for catering lunch, Beverley Tennis Club for morning tea, Aliesha and the students from Beverley District High School, the CRC (Ashe and Mel), the WWW sub committee (Sam, Amor, Anthea and Marlene) who all made it possible for us to enjoy our special day out in Beverley. Thankyou for attending and hopefully we will see you all again next year.

Glenys Lane - Chairperson of Beverley CRC

Wild Women of the West 2015

Thank you to all of the event sponsors One Life, ANZ Bank, Shire of Beverley, WFI, Water Corporation and the Beverley CRC. Thank you to the ladies that supported the event, that was a great day full of laughter, shopping, stories and the opportunity to get together with friends and if you were lucky, win something to take home besides the gift box full of goodies.

This year the raffle winners and the door prize winner were announced by Famous Sharron. The \$500 voucher to Abbey Beach Resort in Busselton was won by Gail Alabach, we hope her and Chris have a great time. The raffle prizes are all valued over \$400 each and the winners are as follows: Chef Package - Natalie Kilpatrick (Beverley), Gardening Package - Penny Burns (Beverley), Book Worm and Glamour Packages - Joyce Townsend (Pingelly). Congratulations to all of the winners.

We would like to thank the following people for their contribution to the day: Anne and the Beverley Horse & Pony Club, Beverley Tennis Club, Deidre Gowland, Aliesha Murray and the students that were waitresses, stall holders, Zoe, Cara and Jodie and last but not least the WWW sub committee (Sam, Anthea, Amor and Marlene, *pictured above with Famous Sharron*). See you next year.

Christmas Business Breakfast

Wednesday 18 November 2015, 7.30am - 9.00am.

Attention local business owners, the CRC is hosting it's last business breakfast for 2015. This is a great opportunity for us all to get together and discuss the year gone and what workshops you would like your local CRC to provide in 2016.

We hope that some of the local businesses took the opportunity to apply for grant funding available from Wheatbelt Business Network. They have been approved as the single provider for **FREE business health checks in the region AND following the health check an opportunity to apply for up to \$5000** for professional services. Businesses must complete the health check through the WBN to apply for the grant. The grant can be used to access professional services worth up to \$5,000. Grants can be used to cover 50% of the cost of accessing services. Please contact the CRC for a copy of the email or the flyer.

Cooking with the Guru - Summer Dinner Party

Wednesday 9 December - 5.30pm start - Beverley District High School, \$10 per person.

With the summer months well upon us, there is no better time than now to host a summer dinner party. No, that doesn't mean throwing a few sausages on the BBQ either. The Guru can teach you all you need to know in creating tasty dishes for a starter, main meal and dessert in a few hours. Bookings are open now.

Beverley Community Directory 2016

The 2016 Beverley Community Directory will be distributed late November.

Last minute registrations and/or updating of your details, forms are available at the centre.

For all of the local community groups and sporting clubs, if your club has recently had an AGM please update your contact information. Business advertising options are still open and if you haven't received an email please contact Sam or email: accountsbcrc@westnet.com.au.

Don't forget CRC business members receive a 10% discount off advertising rates.

Annual Cooking Competition is coming!!!!!!

It's time to solve this ongoing debate in Beverley of who makes the best sausage rolls. So get your aprons out and start practising your winning recipe and you could be rewarded with a \$200 Kitchen Warehouse Voucher. Who will be crowned the ruler of sausage roll cooking competition. With a panel of judges at the ready, terms and conditions will be released to the public soon. *We know it's only a sausage roll but we like it.*

LEGO Club

Lego Club members have only 6 sessions left for the year with the final session on Monday 7 December being the end of year party. This year we will be having a water party - so be sure to bring a change of clothes for the afternoon (there will no charge for this day). For all other club sessions, we meet at the CRC on Monday afternoons from 2.45pm - 3.45pm, with a healthy afternoon tea provided, \$2 per child.

Beverley Garden and Tree Society

Despite the battle with the weather, local gardeners prevailed with their roses and the Town Hall was a picture when the annual Beverley Rose Show as held on the 23rd of October. This was the inaugural year for the combined efforts of the Garden Club, the CRC and the RSL social club to run the show. We had the benefit of advice of various members of the Anglican Ladies, and for that, we thank them. Also we thank them for the loan of the historic Swan's bottles.

Our judge was very helpful and left notes for us to give to growers for next year's show and we will be fine tuning our performance too.

Mrs. Jo Sattler was the overall champion and a detailed list of the winners of various categories are on the next page.

A large crowd gathered for the presentation of trophies and extra tables had to be set up to fit everyone in. As is always the way, gardeners reported a fine flush of roses in the week following the show!!

We were all thrilled when Keia English won two sections of the children's section. Well done Keia!

Thrip posed a problem for some of the lighter coloured roses but the others were stunning.

For the vegetable garden, now is the time to prepare for the long, hot summer. Shade cloth over the delicate things e.g. Lettuce, Mizuna, Bok Choy and Silver beet and some protection for tomatoes will result in more fruit. Mulch, mulch and more mulch because it feels like a hot summer coming.

Happy gardening everyone !!

October is Pink Ribbon Month and 'Girls Night In'

Every day in Australia, around 50 women are told they have breast or a gynaecological cancer every day and sadly around 12 Australian women will die from a women's cancer.

Breast cancer is the most common cancer for women. Breast cancer can occur at any age. It is more common in women aged over 60 but nearly one-quarter of women are younger than 50. In WA in 2012, 1569 women were diagnosed with breast cancer (31% of all cancers in women).

Gynaecological cancers. In WA in 2012, 461 women were diagnosed with a gynaecological cancer (9% of all cancers in women). The most common gynaecological cancers are Uterine (womb), Ovarian and Cervical cancer. Cervical cancer is the most preventable due to the National Cervical Screening Program.

Signs and symptoms of breast and gynaecological cancers

- Abnormal vaginal discharge or bleeding, (particularly after menopause)
- Pain after or during sexual intercourse
- Nipple sores, nipple discharge or turning in
- Skin of the breast dimpling, rash or red swollen breasts
- Unusual lumps or changes such as severe itchiness, lump or changes such as burning, soreness, swelling,
- New lumps or thickening in the breast or under the arm
- Changes in bowel/bladder function ie, constipation, diarrhoea, need to urinate more often
- Excessive tiredness/fatigue
- Indigestion
- Leg pain or swelling
- Low back pain, abdominal or pelvic pain
- Menstrual irregularities
- Lower abdominal swelling and/or discomfort (pressure, bloating, feeling full even after a light meal,)

If you have had any of these signs or symptoms, tell your doctor. It doesn't mean you've got cancer – usually they turn out to be something less serious. But it's important to tell your doctor and get them checked.

Remember, if it is cancer, the earlier it's found, the earlier it can be treated.

Healthy Body – Healthy Mind

By Valerie Gunsch

Dip. C.N.C. Mac. H.V. P.P.

Clinical Nutritionist, Profemme Practitioner

Fermenting is Fun. Fermenting your own foods can be a healthy, fun, and nutritious hobby. I feel that anything you can make at home is much better than commercialized foods.

The Power of Microbes. We live in a world dominated by microbes however our civilization is but a pale comparison to the invisible world of microbes that surrounds us. Our ancient ancestors did not live in a sterile environment. It is likely that they ingested various microbes found naturally in their food; some were beneficial to their life while others caused infections and disease. Our intestines have evolved into a perfect microbial farm. We provide these microbes with plenty of natural food; in return, they produce beneficial nutrients and help defend us from pathogens. About a thousand years ago, our ancestors began to experiment fermenting their own foods with beneficial bacteria strains to prevent spoilage, fight infections and increase absorption of nutrients. This action further allied our bodies with the microbial world.

Benefits of Fermented Foods:

In the early 1900's research discovered that yoghurt was a major contribution to benefit the human. Today, if you search the internet on probiotics, you will find an almost endless supply of reasons why "good bacteria" are good for you. In this section of my writing I hope to convince you that fermenting your own foods is cheaper, more fun, and better for you than just popping a pill of freeze dried bacteria. If there is anything that the microbial world does well, it is detoxifying things. Europeans used wine as a source of clean, durable water. Bulgarians perfected the art of detoxifying and preserving milk by removing the lactose and predigesting the proteins and transforming it into yoghurt and cheese. The Caucasians used Kefir grains for the same purpose: detoxifying milk products to make Kefir. Vegetables were also fermented to preserve them from spoilage. Most of the pickled products found on our grocery shelves were at one time fermented product: pickles and sauerkraut. Competition

between microbes can be fierce. The good bacteria that are normal inhabitants of our intestinal tracts will fight off many foreign intruders. They are the first line of defence in the war of infection. Fermented products are a great source of amino acids, vitamins, and minerals and must be alive when you eat them in order to reap their benefits. It does no good to ingest dead, good bacteria. Furthermore, good quality probiotics are often very expensive. We all know how to pickle food. Pickling and fermenting is NOT the same. Foods that are pickled are those that have been preserved in an acidic medium. In the case of various types of supermarket pickles on the shelf, the pickling brine comes from vinegar. This is not fermenting. Vegetables that you preserve in jars and let ferment in your kitchen using only a starter, salt and good water create their own self preserving acidic liquid that is a by-product of the fermentation process. This lactic acid is incredibly beneficial to digestion when consumed along with the fermented vegetables or even when sipped alone once the vegetables are eaten. In other words, homemade fermented veggies are both fermented and pickled.

Please use Caution:

Before we get too far into fermenting your own foods, I want to emphasize two caveats of fermentation. First, the process of fermentation is only good for you if it occurs outside of your body. It means that if you ingest foods that provide an abundance of sugar and growth media for bacteria, they will ferment those foods inside of you. An overgrowth of fermentative bacteria in your body can cause all kinds of medical problems, including candidiasis and irritable bowel Syndrome. So the key is to pre-ferment your foods, that is to say, ferment your milk before you drink it. Secondly, do not eat spoiled fermented foods. In some rare instances, fermentation can be overtaken by mould or become spoiled. In these cases, throw out the result and start anew. There is heaps of information on the Internet, so take your time to peruse this topic at your leisure. It will do you much good, it will heal your gut problem and you will be much better once you have got used to this. I am coming to the end of this series. Next month I will write up a summary.

Until then.

BEVERLEY HISTORICAL SOCIETY

We had a really good attendance at our AGM and general meeting with only one apology.

The Office Bearers for the next year are as follows:

President - Di Smith

Vice President - Jay Smith

Secretary - Gail Alabach

Assistant Secretary - Morag Whitney

Treasurer - Erica Murray.

Our thanks go to Maree for the wonderful job she did as President, and we welcome Di on board.

Our high tea went very well with a good roll up of people. Beautiful china and wonderful food and friendship. Thanks go to Jay and those people that helped her.

The Beverley Garden Club have made another purchase for the Dead Finish garden. Once again, thanks to them for their wonderful generosity.

Talking of gardens, who was the lousy so and so who stole our gardener (pictured above) from under the Cape Lilac tree at the Dead Finish? All they left were her boots. That gardener had been a fixture in the garden for years. Shame on you. You could return it, no questions asked.

Delys Richards talk is on Tuesday 17 November (not the 18 as previously mentioned). Interested people are welcome to attend at 1.00pm.

Our next meeting will be held on Monday 09 November at 2.00pm at the Dead Finish.

Gail Alabach - Hon. Secretary.

BEVERLEY PATCHWORKERS AND QUILTERS

This month many of the ladies from the group went to Quairading to visit the Loose Stitches Quilting Shop. Wow – we were very impressed by the elegant arrangement of an impressive range of fabrics and everything else this shop had to offer.

A large shop laid out over 4 rooms each having its own theme. First of course is the 'shop' with tools of our trade, the fabrics and the delightful ladies who took care of us all day, making us a lovely lunch, making suggestions and finding fabrics for us to fulfil our needs and answering our many inquiries.

One room is set as a display bedroom with old metal bunks covered in beautiful quilts and a dressing table showing finely handmade quilted pieces and shelves of fabrics.

There is a very comfy room with a large quilting frame and machine set up obviously in use and looked though it 'could' be our own work room with a resting chair, music player and lots of inspirational quilts. Easy to dream of having a set up like this.

All the walls were hung with locally made quilts and other fabric crafted items – bags, wall hangings and so on. There were many inspirational ideas of colour blends, use of different threads, and blocks laid out in eye catching designs, all made with many of the beautiful fabrics sold in the shop.

We had such a lovely time exploring, contemplating, buying and working on our projects. The Quairading Quilting Group have a large room in the local Resource Centre where they can work and display their craft to the community. A small town where local community craft and the people taking part in it are well taken care of.

Many of us have now completed the foundation pieced quilts we began on our retreat. Still some quilting and finishing work remains on a few quilts.

Everyone is very busy working with various projects.

We had a new lady join us this month. If you are considering joining us please phone Jan at 9646 0796 for information.

VALENTI LAWYERS
PROPERTY & COMMERCIAL LAWYERS

SUCCESSION PLANNING - A SERIES OF COMMENTARIES [6]

In my previous succession planning commentaries, I briefly addressed some matters that I recommended be considered by the owners and operators of farming businesses in Western Australia. I now propose, over the next few commentaries, to look at, and comment upon, some of those matters in more detail so I may guide you as to the particular matters that need to be addressed and the order in which they should be addressed.

The family meeting – business succession plan

In our view to commence the process properly, the first meeting of the family should include all of the following, namely:

- The senior members of the family
- The "on farm" children and their spouses
- The "off farm" children and their spouses

Facilitation

It is our recommendation that an independent and trusted advisor of the family farming business (**Business**) be engaged to facilitate the first meeting. It may be appropriate to use the Business's accountant as the facilitator or, as I have become aware, a facilitator in the succession planning department of your banker. I am aware that one of the major rural banks in Western Australia has set up a succession planning department with the goal of assisting Businesses in succession planning.

Expectations of the generations

It is self evident that each of the abovementioned generations will have their own expectations and there will be differing expectations not only between the generations but within the generations. Accordingly, the very first step we recommend be taken at the first meeting is to allow each member of each generation to express openly and clearly their expectations for the Business.

Some of the common expectations which we have observed are as follows:

- Clear communication
- Clarity of expectations
- Security
- Formal, and regular, meetings assisted by the preparation of agendas, notices of resolutions and minutes of meetings
- Certainty
- Documentation of goals and expectations
- Binding financial arrangements between the members of the Business
- Establishment of clear and transparent goals for the Business and reasonable timeframes for the achievement of those goals
- Annual reviews of the Business (with or without facilitation)
- Development of a debt policy for the Business
- Development of an investment policy for the Business
- The establishment of a family legacy
- Equitable distribution of the Business between members of the next generation
- The recognition of cultural differences between generations
- The tax implications of change
- Respect and recognition for the effort and achievements of each generation
- A plan for transfer of roles, responsibilities, duties, assets and liabilities
- The establishment of clear and transparent common goals for the Business which each member of each generation adopts
- The establishment of the core values, goals and philosophy of the Business which everyone adopts to support
- The development of a process for the preparation for change
- A plan for the treatment of "off farm" children
- Equity and fairness for all involved over time
- A method to resolve disputes in an objective, respectful and transparent manner
- Funding of the Business

Lyme Disease Association of Australia

Murdoch University Tick Research raise new questions

The Australian Department of Health has been waiting for results from Murdoch University and the Karl McManus Foundation funded Sydney University research programs. Murdoch

University have just released their findings which raise more questions than they answer making the Sydney University Research even more significant.

The study identified novel candidate pathogens that warrant further scrutiny in the context of investigating so-called "Lyme-like disease" in Australia. *Borrelia relapsing fever* and "*Candidatus Neoehrlichia*" pathogens are being identified in new geographic regions throughout the world and their medical importance is well recognised. The aetiological agent of Australian "Lyme-like" illness has been a source of unresolved debate for many years and the discovery of these organisms in Australian I. holocyclus ticks may provide insights into this medical conundrum. Given the widespread presence of endosymbionts in arthropod vectors of disease, together with the fact that such symbionts may be resident in high numbers, our findings also highlight the potential for discovering important novel arthropod-associated bacteria that are in relatively low abundance.

The research must identify the causative agents of Lyme Disease in Australia. Lyme Disease Association with Ticks and other vectors must be resolved.

The results raise new questions about tick-borne pathogens in I. holocyclus ticks. In Australia A **Lyme Disease** suffer could be diagnosed with Attention deficit disorder (ADD), Bell's palsy, Bipolar, Brain tumour, Chronic fatigue syndrome (CFS), Chronic pain disorder, Colitis, Crohn's disease, Depression, Diabetes, Alzheimer's disease, Eczema, Encephalitis, Fatigue, Fever, Fibromyalgia, Fifth's disease, Flea bite, Flu-like symptoms, Gastroesophageal Reflux disease, Headache, Hives, Hyperthyroidism, Hypothyroidism, Infectious arthritis, Insect bite, Interstitial cysts, Irritable bowel syndrome, Juvenile arthritis, Lupus, Ménière's syndrome, Meningitis, Migraine headache, Multiple Sclerosis (MS), Osteoarthritis, Parkinson's disease, Peripheral neuropathy, Poison ivy, Prostatitis, Psoriatic arthritis, Psychiatric disorders, Raynaud's syndrome, Reactive arthritis, Relapsing fever, Rheumatoid arthritis, Scleroderma, Sjögren's syndrome, Sleep disorders, Sunburn, Stiff neck, Thyroid disease, Thyroid disorders, Vitamin B12 deficiency. These are just a few of the diagnosis that **Borreliosis** or The **Australian Lyme Like Illness** can present as.

This is why **Australian** research into **Lyme Disease** and Lyme Like Illness needs funds to determine the causative agents and promulgate proper diagnosis. (Thanks to Karl McManus Foundation for this information). ADF announces investigation into Lyme disease!

The Australian Department of Defence announced last week that there will be an [investigation conducted by the Repatriation Medical Authority into Lyme disease](#) and its effect on military personnel.

The inquiry will specifically look at "How Lyme disease may be suffered or contracted, or death from Lyme disease may occur, and the extent to which Lyme disease or death from Lyme disease may be war-caused, defence-caused, a service injury, a service disease or a service death".

If you are a current or ex-serving officer please consider tendering a submission.

Warriors Wellbeing - Men & Violence

An important question we all need to be asking ourselves as a community member is "how can we reduce overall societal violence"?

We need to take into account that the majority of violence in our society is men on men and it goes largely unreported to the police and has limited exposure in the media because it is too common a subject. Why is all the focus on male violence to females and children when all violence is abhorrent, evil and sick?

Under the umbrella of societal violence, men on men violence, statistically is the largest category and until this is recognised, talked about and addressed, all the other statistics relating to violence, in particular family/domestic violence, will be hard to change.

This is a tough conversation to have but it needs to be had. The historical background of our society, through thousands of years, has defined men by events that have condoned, championed, accepted and normalized violent actions. Many historical and current events are horrific and violent, such as the invasion of other countries, civil war, ethnic cleansing, and sporting contests both in the gladiator/roman days and today with modern day cage fighting as an example. This type of violence, usually men against men, is often called entertainment. Society justifies and supports it every day!

Traditionally for blokes our flight sequence is fear (we all have some) anger and then aggression. When we are talking with angry young (and old) men we need to continually put into place positive strategies substantiating that physical aggression and violence against **anybody** is not condoned and should not be part of modern society.

Family/Domestic violence can happen in any relationship and can happen to anyone. Victims can be men, women or children, perpetrators can be men or women. Family/Domestic violence encapsulates not just physical abuse but also emotional or psychological abuse, verbal abuse, sexual abuse and financial abuse. Recognising that you are in a violent relationship is an important first step. Things will not change for the better if you do nothing.

There are many commentators on family/domestic violence and it is disappointing that the majority ignore men and children. Do people realise that one in three victims of reported domestic/family violence is male? Therein lies the philosophical problem when we don't balance out the whole discussion. Random violent acts are being broadcasted by social media thus delivering instant gratification and adoration and promoting this violence in society as acceptable.

Just to repeat family/domestic violence is a subset of the total picture of violence, and in my opinion we will struggle to stop family/domestic violence without discussing the bigger picture. We need to be having an ongoing holistic community discussion on the broader issue of men and violence.

All of us men need to be having a discussion about tackling violence in our lives and saying yes to stopping violence against each other, against women, against children, and against the community.

Hello Everyone

I reckon Nicks Blarney last month was wonderful. The level of cheek in it has resulted in me rewarding him with a few select jobs. He is now Officer in Charge of Gallus gallus domesticus hygiene (he gets to clean out the chicken shed) and he is the official sanitary ware attention and replenishment officer (toilet cleaner and buyer of toilet rolls)

Crime

Another quiet (I'll live to regret using that word) month on the crime front. We are currently 38% down on reported crime compared to last year but as I always say we can't rest on our laurels and we'll continue to work hard to keep crime down. We all have our part to play though and one thing that always seems to crop up across the state is the number of houses and cars that are entered when unlocked. It's a simple thing to do to lock up our houses and cars when we leave them so if we could get into the habit of doing that then we are onto a winner.

I was speaking to our colleagues in Mundaring the other day and they mentioned they have come across a number of fake \$50 notes recently. Apparently they are easy to spot as they fail the crumple test. In other words, if you screw them up (a bit like TAB receipts when the bet on England winning the Rugby world cup or Australia winning The Ashes fails), they won't spring back like the real plastic ones do. I've seen one in the flesh and to be honest they are pretty rubbish. If you come across one let us know and we'll take it off your hands and forward it on to the appropriate authorities. Obviously if you know you've got one don't try and use

it. Then it gets messy.....

Roads Policing (or traffic work as it used to be known)

Sigh. I'm going to do a bit of cut and paste from the September Blarney edition, now as the message doesn't seem to be getting across. If you have lost your licence for any reason then whilst I've said it before I'll say it again, you can't drive, in some cases for ever. Let me just say that again, for EVER. People can and do go to prison for that, think about that. Is it worth it? I don't reckon so, so don't do it. Simple? End of cut and paste.

The good news is that we have so far carried out approximately 78 random breath tests this month and none have come back positive so that makes us happy. We do get information about habitual drink drivers though and we will be targeting those people so if you've been doing it for a while, stop it.

Busy busy busy.....

We have been incredibly busy over the last few weeks, often at silly times of the night/morning and usually when we have been dreaming of England winning the rugby world cup or Australia winning The Ashes ;-) so we haven't always been at the office. I've spoken to a few people lately who are quite rightly frustrated at what is our perceived lack of attendance at the office. I feel your frustrations and empathise with you but the sad fact of life is that the thin blue line (I'm not talking about my waistline obviously) is being stretched a bit at the moment and we are being pulled from pillar to post. That said we get out and about as much as we can as our high visibility presence is part of the

reason we are so much on top of crime. Regardless, I'm working on a few things so please bear with us. We'll get something sorted.

Time to go.....

The gobbledegook I posted a couple of months ago would have been easily recognisable to anyone who understands cricket scoring. It was Australia's first innings against England at Trent Bridge during The Ashes series which England won.

Did I say that out loud? Please don't break my windows.

Speaking of cricket, the new season is here. As Steve has said before we need more players and if you have a heartbeat then you're more than welcome. As anyone who has seen me play, talent is most certainly not a pre-requisite (although it is true that I took the greatest catch EVER to be seen at Beverley Oval). That catch was credited to Ian Roberts though and he has never played a game of cricket in his life. I'll never forget..... So come on down and get involved in sledging your own team ;-)

Ok everyone that's it for this month so take care and look after each other because rest assured we'll always be there looking after you.

Ian & Nick.

PS Jane found a mouse in the house the other day and before I could 'humanely' get rid of it she has given it a name, Martin. The issue I now have is seeing as it now has a name do I live with it, implement a catch and release program or 'humanely' dispatch it? Your advice is more than welcome.....

CWA - BEVERLEY BRANCH**

A wonderful day was enjoyed on Thursday 22nd October when the Beverley Branch of CWA celebrated the 90th Anniversary of this Branch with a very social afternoon. Beverley CWA President, Teresa Reid, welcomed State President of CWA, Mrs. Sara Kenny and State General Secretary, Gaynor Mitchell, Beverley Shire President, Dee Ridgway and Shire CEO, Steve Gollan, CEO Assistant Ali Lewis and Councillors.

Mrs. Alice Adamson, CWA Life Member, past State Office bearers, past Divisional representatives, CWA members from many branches and family members of present and past CWA members were also welcomed.

Despite the heat, we were very comfortable in the Amenities building at the recreation oval. Alice Adams, who is a family member of Mrs. Mary Adamson, one of the founders of the Beverley Branch, lit the Candle of Remembrance and spoke briefly in this regard. Teresa Reid gave an interesting summary of some of the history of the Branch - not easy to do incorporating activities of 90 years.

With the co-operation of the Shire staff and councillors, we were proud to have a drinking fountain officially dedicated to those members who have gone before us in beginning the Beverley Branch. We were one of the first two such branches to be commenced in Western Australia.

State President of CWA of WA, Sara Kenny and Dee Ridgway, President of the Beverley Shire officially lifted the veil from the beautiful fountain. Beryl Petchell and Lorraine Sims were honoured to cut the Anniversary Cake as both have served 60 years as members of this Branch of CWA.

We were entertained during the afternoon by Carmel Charlton who wrote and recorded the 90th Anniversary song for CWA of WA in 2014 - "We'll be there". Carmel delighted us with her easy style, guitar accompaniment to her rendition of her song, a heartrending story of the CWA in WA from the beginning. She also gave us a rendition of her of her newest song - yet to be published - relating to the Avon River from Toodyay to Pingelly. At the close of the afternoon many joined in with the CWA version - taken from the well-loved and known YMCA.

We would like to take this opportunity of thanking all who were involved in all the arrangements and co-ordination on the day. Special thanks to Janet and Stephen who were so helpful and to our members who contributed to the success of the afternoon.

Next meeting - Thursday 12th November at 10am for morning tea, to be followed by the monthly meeting and bring and share lunch.

OPENING DAY - HELD ON SUNDAY OCTOBER 11th

After a good turnout of helpers on Saturday the official opening of the 2015/2016 season kicked off on Sunday the 11th. The rain meant we could all enjoy our champagne lunch in the cool, before venturing out for a hit. President Brett Shaw welcomed members old and new along with our new committee members and our husband and wife duo captains Ali and Graeme Lewis. Our Club Patron Bob Hall aced the first serve of the season then it was GAME ON!!!

JUNIOR COACHING

Unfortunately our regular junior coach Keith O'Brien has suffered an unexpected illness, we wish him a full and speedy recovery. We have been fortunate enough to have some very generous members volunteer their time to coordinate some junior sessions over the coming weeks. Juniors (aged from Kindy and up) who are interested in having a go at tennis are welcome to join us after school on November the 3rd, 10th and 17th. Cost is \$1:50 per child per session. Our Men's Captain Graeme Lewis will take children aged K – Yr2 for a skills session for the first 45minutes, while our Junior coordinators will arrange games for older children. Then the older children will have a skills session with Mr Lewis, while younger ones are welcome to have a hit with their parents. Please note, no sales of food or drink are available at this time.

We also wish our junior players the best of luck in competing in the Darcy Slater and Foundation Cup early this month. Can't wait to hear how you get on.

Beverley Bowling Club

The bowling season is underway again for 2015-2016, with the ladies already having played 2 rounds against Toodyay then York Gold and have scored 8 points by winning both games.

The Men played their first round on the 17th of October with Beverley Blue scoring a 7-1 win over Toodyay, while the White team had a 1-7 loss to Goomalling.

On the 17th October the ladies held their annual Gala Day with 56 ladies from 12 different clubs attending, some from as far as Mandurah, Dudley Park and Cockburn. The winners after 4 games was the team of Gina Altinier, Shirley McLean, Sylvia van Gronigen and Jane Norrie from Pickering Brook winning all their games. Runners-up was the Northam team of Kerry Leahy, Elaine Higgs, Peta Rouse and Lyn James with 3 wins plus 13 shots up. In third place was Dot McClelland, Judy Doncon, Laurel Innes and Helen Moylan from Kellerberrin with 3 wins plus 5 shots up. The Morning round went to the Cunderdin team of Marg Heyes, Vicki Quinn, Colleen Jasper and Shahan Cremeri with 2 wins, while the York 2 team won the afternoon round with 2 wins plus 26 from Anne Bennett's Mandurah team who also had 2 wins but only 5 shots up.

The ladies of the Beverley Bowling Club wish to sincerely thank our sponsors - **Purslowe Tinetti, Primaries, Beverley B&B, CBH Grain, Boekeman Machinery and Noel Morton at Elders** for their generous donations, for without sponsorship these events can not happen. Our thanks also go to **TM Hair Design, Beverley Pharmacy, Beverley Newsagency, Swann Lodge B&B - York and our own bowling ladies** for their donations for our raffles table, with prizes that are always greatly appreciated.

The winning team from Pickering Brook

Beverley Horse and Pony Club

Our last rally for the year was held on the 18th of October and was a fun, relaxed day for all. The older members were split into two groups for the day where they enjoyed flat work and horse master ship, and all got a thrill from the six bar jumping. Many thanks to Maria who was able to come coach for the day.

In the learners yard several riders rode for their 'E Efficiency Certificate', which is the first certificate that a riding member can gain. The Pony Club structure encourages members to prepare for and take tests which enables them to learn progressively about horse master ship and horsemanship. The tests are designed for the member to progress from one standard of learning to the next with certain objectives in mind. Although some requirements of each test may vary slightly from country to country because of geographic location, local activities or climatic conditions, the tests are based on a worldwide policy. Well done to Aaron, Oscar, Jessica M, Bethany, Molly and Evie who all passed their exam!

On the 11th of October the club ran an Open Gymkhana Fun Day which turned out to be a very quiet day but still successful. We watched 15 riders compete in Hacking, Show Jumping, Novelties and Handy Pony. This was the perfect day for inexperienced horse/rider combinations to come out and have a go. The weather was VERY hot that weekend and the club is so thankful for those who braved the heat that day. Our hacking judge on the day was Candice Parkes who was a very fair judge who helped the riders wherever she could. We will definitely be getting Candice back again.

The club also catered for lunch at the Wild Women of the West Seminar which was held at the local town hall. A massive thanks need to go to Anne Cleland who organised the club for this event and to all the Mums who helped on the day. Also a thank you needs to go to the Beverley CRC who made this day possible and invited us back once again.

Happy Riding, Bush Possum.
