SHIRE OF BEVERLEY PRESIDENT'S NOTES

Swimming Pool Update – Whilst work on the pool has effectively been completed it awaits a delayed power upgrade and the important Department of Health sign off. Council and Staff are very mindful of how challenging this summer has become by not having access to our local pool, particularly during the school holidays. The positive is that it will be worth waiting for although the change rooms etc will look even more in desperate need of replacement by comparison! Stage 2 will rectify this issue however external funding is required to progress those “shovel ready” plans.

Christmas Decorations – Investigations are underway to determine Christmas decoration options and costings for Council consideration in the 2026/2027 budgetary process.

Storm Damage Repair Completed – Repairs around the district caused from the storm in March 2023 have now been completed at a cost of ~ \$7.7m. The works were funded by the Federal government and administered by DFES and includes a Shire's contribution of \$225,000.

Various Works Activities – Two kilometres of reconstruction work on Mawson Road, near Murray Road, was completed in January. Following Australia Day, second coat seals will be carried out on sections of Mawson Road and Waterhatch Road that were reconstructed last year.

Reconstruction and widening works have commenced on Waterhatch Road for a distance of two kilometres west of the Waterhatch Bridge. Motorists should expect delays and are asked to follow all traffic management signage.

Meanwhile, staff have been preparing a hardstand area at the airfield to enable more efficient reloading of water bombers. Additional works at the airfield include preparation of entrances and car parks ahead of the upcoming Airshow.

Visitors – The warmer months have continued to see good numbers of visitors utilising the caravan park, cabins and RV park. A facebook post from a recent visitor “... the town centre is so nicely done up, all the old buildings restored and painted, kerbs, clean verges and footpaths through out, lots taking pride in their houses and yards, it was a pleasure to visit....”. We do live in a great place!

Beverley Airshow – 11 April 2026, the Beverley Airshow is shaping up to be a significant event for Beverley, attracting a great deal of interest from near and far. It was included in the West Australian's recent Dream Events magazine supplement advertising events and activities around the state for the months of January – April 2026. Airshow information is available on the website beverleyairshow.com.au or follow the Beverley Airshow Facebook page for updates.

Beverley Railway Station Platform Theatre – the Beverley Station Arts have an exciting calendar of upcoming events in 2026, many of which are hosted at the fabulous Railway Station Cultural Precinct, popular among locals and our many returning visitors. Mark your calendar for one of the March performances of “Nunsense” by the Beverley Amateur Dramatics.

School Starts - with the new school year due to commence look out for students going to and returning from school and be aware of the school zone speed limits. Best wishes to new and returning students and their teachers for another productive year of education in Beverley.

Media Release: Commonage Hill Trail Project Reaches Key Milestone

The Shire of Beverley is pleased to announce the commencement of the Commonage Hill Trail Project, a significant step forward in enhancing recreational opportunities and active transport options in our region.

This project is proudly **jointly funded by the State Government through the Western Australian Bicycle Network (WABN) Grant and the Shire of Beverley**. The feasibility study is nearing completion, and the next stage will involve inviting community members and the wider public to have their say on the concept design.

Consultants Common Ground, highly regarded trail specialists in Western Australia, have been engaged to shape the vision for the Commonage Hill trail network. Their expertise ensures that the project will be both environmentally sensitive and designed to deliver an exceptional user experience.

The trail was identified in both the Beverley Trails Master Plan and broader regional planning documents and is an exciting project for the community and visitors to our region.

We are proud to partner with the Department of Transport and Major Infrastructure to develop the regional trail and encourage active recreation. Further information and community consultation opportunities will be announced soon.

Nunsense: The Musical will take place 06, 07, 13 & 14 March 2026 at the Platform Theatre and promises to be one holy dose of

hilarity, as these sisters are guaranteed to have you laughing from the opening prayer to the final bow. 😊

Wow! This is going to be some show! Our local talent is really putting in the hard yards for this year's production. With its toe-tapping tunes, and a whole lot of good-hearted mischief, this is a show not to be missed! Perfect for audiences of all ages.

COMING SOON IN MARCH – for all the FAMILY! This award-winning musical by Dan Goggin follows the misadventures of the Little Sisters of Hoboken, who find themselves in a fundraising frenzy after a convent cooking accident leaves 52 nuns dead from botulism. With only enough money to bury 48, the remaining five sisters stage a riotous variety show to raise the funds.

Beverley District High School

Independent Public School

"Working in unity to empower individuals to achieve their unique potential."

Beverley DHS sits on the lands of our Noongar people, and we acknowledge them as the traditional custodians of the Ballardong country.

Welcome from our new Principal

My name is Wendy Norris and I'm really looking forward to joining Beverley District High School as Principal in 2026. I've worked across all phases of learning, from primary and secondary through to TAFE, and across many regional and rural communities from all points of WA, including around 20 years in the Esperance region, with my last position being Principal of Laverton School. My husband, Steve and I have raised two daughters in the rural schools (Bek and Cait), both now working successfully in the Pilbara and Kimberley, while Steve is a teacher at Kondinin Primary School. I believe schools are a microcosm of the community and will best succeed when the school, families and community walk side-by-side. I believe a child's education shouldn't be determined by postcode and therefore value a strong school culture and close partnerships with families and community, maintaining student outcomes at the centre of all decisions. Outside of work, I enjoy spending time relaxing with family, being part of the community, love sport, am a long-suffering Carlton supporter, follow West Coast Fever (more likely to win their next GF in my lifetime than Carlton), and don't mind a bit of cricket, especially when Australia is dominating the Ashes. I'm looking forward to meeting students, families and community members and continuing the great work already happening at Beverley DHS.

Wendy Norris

Presentation Evening

The 2025 End of Year Presentation Evening was a huge success, thanks to our wonderful students and their families. Special thanks must also go to our book award and scholarship donors: Rev. Phillip Raymont, the CWA, the Freemasons Masonic Lodge, the Beverley Agricultural Society, Hon. Lachlan Hunter, and all the families and community members who generously contributed. Congratulations to Mrs Melissa Blechynden and Mrs Kelly Fitzgerald for leading outstanding choir and dance performances. The evening was a celebration of both academic success and community spirit. Beverley Community Garden

Well, here we are into 2026 and the Community Garden members would like to wish everyone a joyous and happy new year. If you haven't been down to the garden, please make this a top new years resolution as we would love to meet you and show you around.

With the current heat waves we have been experiencing, the summer weather has been keeping our volunteers on their feet with watering and erecting shade sails and covers in an effort to keep our garden alive, well and able to deliver \$10.00 baskets.

Good to see we were all well hydrated over the festive season with the garden recyclables taking over 4000 bottles, cans and plastics...well done community!

We are continuing to enjoy our morning teas on Tuesdays and Saturdays at 9.30am and have really enjoyed seeing so many new faces coming down to see what we have been up to and joining in the local banter with a bit of gossip thrown in here and there.

However you choose to enjoy the Community Garden, it would be great to meet you.

We are open Tuesdays and Saturdays from 8.00am – 11.00am during the Summer months.

The Beverley Community Garden relies on the community involvement to be able to provide a relaxing, nourishing, informative, friendly environment and sincerely gives thanks to those who provide their time, donations and support.

BEVERLEY GARDEN & TREE *Society*

The Beverley Garden and Tree Society had another busy year in 2025. We commenced revamping the garden at the Dead Finish Museum which had become very overgrown with the passage of time. The front garden bed was largely cleaned out, then organic material added before replanting could start. Many bulbs were dug up during the cleaning process and were stored until the time was right for replanting. Several native plants were purchased and have now been bedded in with good rainfall to help them become established. A new reticulation system has been installed to keep them alive throughout the summer months.

A bus trip to Zanthonrea and Dawsons nurseries was again enthusiastically embraced and we almost needed a trailer to bring home our purchases, including some for the Dead Finish garden rejuvenation project. A light lunch at the Dawsons café was welcome after our hard work of selecting and purchasing so many plants.

As always in August we put together a lovely display in the entrance to the exhibition shed at the annual Beverley Agricultural Show which was much admired. The theme being the 100th anniversary of the establishment of the Beverley CWA, we worked with the blue and white colours of the CWA.

In September we donned our best outfits to attend a garden party at Gerry's home which was very well attended. The garden looked lovely as did the ladies in their finery. This was complimented by some delicious food and even some bubbles in a glass. Thank you Gerry for being such a gracious host.

October is of course, when we host the annual Rose Show in the town hall. A lot of time and effort on the part of the Rose Show committee, garden club members and especially our rose growers, goes into making this a very successful event. With propitious weather and not too many aphids, the town hall was a riot of colour and full of the lovely perfume that only roses bring. The ladies of the Beverley Patchwork and Quilters once again added greatly to the appearance of the hall with the display of their beautiful items.

We rounded off the year with a Christmas lunch and thank all of our members for the work and fun that we had this year. If this sounds like a group that you would like to join, please call Dorothy on 0429 989 031 for more information.

The first meeting for 2026 will be on **Tuesday 03 March** at 10.30am at Morag Whitney's home. Please bring a chair and mug/cup.

PATHWAYS TO WAVE ROCK

The Roe Tourism Association (RTA) is a not-for-profit tourism group representing eight Wheatbelt shires: Beverley, Bruce Rock, Corrigin, Kondinin, Kulin, Lake Grace, Narembeen, and Quairading. Dead Finish Museum. By Kane.

On Tuesday 16th September 2025 the Year 2s walked to the Dead Finish Museum in Beverley to experience what life was in the olden days. We sat and the volunteers spoke to us. We went to the first activity which was old school. We learnt the cane and wrote with a nib pen and ink. We moved to the next activity which was washing. We had to put clothes in water on a grater and scrub with soap. Then we squeezed out the water and hung it up to dry. Then we moved to polishing. We used toothbrushes to polish. We went to the last activity which was dress up. We wore wigs, dresses, hats and jackets. We ate fairy bread and biscuits. We drank green cordial and they gave us an old penny.

We went to the first activity which was washing and when the bell rang we had to line up because we were moving. We moved to polishing. We had to use toothbrushes to clean plates. When the bell rang we moved to dress ups. We dressed up into wedding dresses and the boys dressed up into a suit. We heard the bell, we lined up, we moved to the next room and the old school. We wrote with ink and we heard the bell and lined up but this time we went to the front. They gave us a penny and we said thank you and we walked back to school.

Summer play

Toddlers are often natural explorers and very inquisitive. Use this to your advantage and **explore the outdoors** together to satisfy their curiosity and burn off some energy.

Did you know?

By taking time to share what you know about nature, toddlers will learn how to respect and care for their environment. Discovering small creatures together helps your toddler to be curious yet careful when interacting with animals and nature.

Add Language

The number and variety of words you use when you speak to your child directly influences the number and variety of words they can learn. While discovering and observing insects and animals, talk with your toddler about where they live, what they eat, etc. Pause and wait for your child to start a conversation by them pointing or making a comment.

Variations

Try going on a "summer safari" and see what animals and plants you find depending on where you live. This could include looking out for dolphins or finding shells at the beach, or seeing what animals come out in the warmer months such as dragonflies. Take some magnifying glasses or binoculars with you on your adventure for even more fun!

BEVERLEY TOY LIBRARY

TOY OF THE MONTH

Cricket Set

Age range: 3 years

It is cricket season with backyard cricket games being played across Australia. A junior cricket set helps young kids develop fundamental motor skills, including hand eye coordination, balance and agility through batting, bowling and fielding. It teaches teamwork, patience and strategic thinking, while building confidence, physical stamina and allows for a fun activity between siblings, caregivers and friends.

This is just one of many toys available to borrow through our amazing Beverley Toy Library at the CRC.

REGIONAL TRAINEESHIP PROGRAM

We are excited to maintain our 100% success rate with the Regional Traineeship Program. Kirsty Noonan will be finishing her traineeship ahead of schedule and plans to further her education with a focus on community services and mental health.

Over the past 12 months, Kirsty has developed exceptional customer service skills, and has become a valued member of our team. Working one day a week at the Shire of Beverley alongside Tourism Officer Jacinta, Kirsty gained valuable insight into major event management by assisting with the preparation for the Beverley Air Show. We wish Kirsty all the best in her studies.

We are currently awaiting the outcome of our funding application for a new trainee and hope to announce our success and begin advertising soon.

2026 COMMUNITY DIRECTORY

The new Beverley Community Directory is currently in the design phase, with delivery to local letterboxes expected by mid-March. We would like to thank our business advertisers for their support and the residents who provided updated contact information. If you have any last minute changes please contact us.

Wood Whittling
In the Beverley Community Garden

 \$40

Whittling is about creating a shape from piece wood, but with a far less focus on conforming to any preconceived design and is done mostly with a knife.

Whittling is wonderful stress reducer and can introduce the young at heart to the ancient craft of working wood in general, and to the use of knives in particular. It can be done almost anywhere, couch, back porch, at the park while doggo plays with friends, or sitting around a campfire.

Like many simple pursuits, it can be a path to the quiet zone, a place where you're absorbed in what your hands are doing, lost in the moment.

Includes all materials, equipment and some light refreshments

ALOSCA Granules you can count on us!

SUMMER SPECIAL - \$100 PER TON CASH BACK

ALOSCA granules provide flexibility like no other inoculant.

Unlike traditional peat based inoculants which are limited in when they can be applied due to the mortality of the rhizobia, ALOSCA Granules can be sown into dry, unfavourable conditions and remain viable in the soil for months until being activated by the same seasonal rainfall that germinates the seed.

For more information visit our website:

www.losca.com.au

WHY CHOOSE ALOSCA DRY LEGUME INOCULANTS?

- ✓ Can be dry sown.
- ✓ Can be used with seed dressings that are typically harmful to inoculants.
- ✓ Simple application.
- ✓ Can be blended with fertilisers, seeds or in a third box for ease of application.
- ✓ Can be stored for months in a cool, dry place.
- ✓ No need to mess around with slurries.

BEVERLEY SWIM CLUB

Season Highlights

It's been a bit of a wild start to the swimming season for the Beverley Amateur Swimming Club! With our local pool currently out of action, we've been making the best of it by training at Northam and Brookton pools — and we've had 24 dedicated swimmers travelling along for sessions. Huge thanks to all the families doing the extra kilometres and keeping the swimmers turning up with smiles on their faces.

Behind the scenes, we've been busy organising extra timers and new lane ropes for our wonderful new pool, utilising the successful application of the following grants:

- Beverley Shire's community grant (timers)
- CBH Grass Roots grants program (lane ropes)

A huge thank you to the Beverley Shire and CBH for the grants. Also Hotel Beverley who have donated all their containers to us and since September have raised an impressive \$1,953.40. Thank you so much to Clay Lewis for collecting them.

Northam Swim Club have offered for us to attend their time trials. These have helped our swimmers try out different stroke lengths and remain competitive. To find out more check TeamReach. In November, Ruby, Nikita, David, Amelia and Zara competed at the Mandurah Long Course Swim Meet, achieving several new PBs — great work everyone!

In January, Amelia and Zara also competed at the 2026 Country Championships, adding even more PBs to their results. An outstanding effort! 🏊

It's not too late to join our 2025/2026 season! It might look a little different this year, but we're committed to keeping things fun, positive and moving forward as a club.

European wasp surveillance in full swing

European wasps have been observed foraging for water at a public swimming pool and scavenging on a meat and vegetable stew.

The annual hunt to detect and eradicate European wasps (*Vespula germanica*) from WA is in full swing!

The European wasp is a declared pest and must be reported. The early detection of this species is critical to preventing its permanent establishment and spread. This 2025/26 season is heating up and there are nests being located and destroyed across the Perth Metro, Albany (Mira Mar/Spencer Park), and Napier. Active monitoring continues in Bunbury and Geraldton due to prior outbreaks.

These are huge areas to monitor, so please keep your eyes peeled and report anything suspect.

What to look for

There are similar looking black and yellow wasps in WA, so look for these key characteristics:

- **Scavenging** on human food and drinks, fruit like grapes, apples and stone fruit, pet food, and roadkill/dead rats etc.
- **Nest underground** - nests are **HUGE**, grow larger than a basketball in a single season, and have a small (golf ball sized) entrance hole.
- **Completely black antenna.**
- **Legs up in flight** (rear legs don't dangle).

Common detections

There are many everyday activities that take place where people have detected and reported European wasps. These include:

- **Scooping the pool** – finding drowned wasps.
- **Cleaning fish** – seeing scavenging wasps flying around fish cleaning stations.
- **Barbecuing / picnicking / eating at outdoor café/restaurants** – seeing wasps land on food and drinks.
- **Feeding pets** – wasps often land on pet bowls or dog bones, often disrupting pets feeding.
- **Drinking from a water fountain** – seeing wasps foraging for water.

Learn more or report

For more information about the eradication program and how to differentiate European wasps from other wasp species, see [European wasps: declared pests in Western Australia | Department of Primary Industries and Regional Development](#) or contact our Pest and Disease Information Service (PaDIS).

Reports of suspected European wasps can be made to PaDIS or the MyPestGuide® team. Please include as much information as possible (location, activity observed) and any photos where you can.

Report your observations
