9.1 Development Application: Private Dog Park – 396 (Lot 1) Bally Bally-County peak Road, Beverley

Submission To:	Ordinary Council Meeting 23 April 2025
Report Date:	10 April 2025
Applicant:	Susan Martin
File Reference:	BAL 51428
Author and Position:	Stefan de Beer, Manager of Planning
Previously Before Council:	No
Disclosure(s) Of Interest:	Cr SW Martin is the applicant.
Attachments:	Locality Map, Dog Park Map, Sniffspace Brochure

SUMMARY

An application for development approval was received for a *Private Dog Park* at 396 (Lot 1) Bally Bally - County Peak Road. The application will be recommended for approval.

BACKGROUND

The subject site is located at 396 (Lot 1) Bally Bally – County Peak Road, is 85.4748 Ha in extent and zoned *Rural* pursuant to the *Shire of Beverley Local Planning Scheme No. 3* (LPS3). It contains a farm homestead and outbuildings.

The applicant made the following submission:

The concept is to provide a fully fenced, safe and secure private dog park that people can rent by the hour. Only one person at a time has use of the space allowing for off leash exercising free from the worry of encountering other dogs or people.

The space is a fully fenced 6 acre paddock with gates at either end joined by a driveway. This allows the patrons to drive in, park and close the gate before letting their dog out. A cleared parking space is provided just inside the gate so there is no driving in the paddock. The gate at the other end allows for an emergency exit if needed.

Fencing is internal to the property providing a buffer zone to the neighbouring property. The neighbouring property is farm land with no house on it.

There is a firebreak/walk trail around the boundary of the paddock and grass is kept low by regular grazing of sheep. Water is provided from a tank off the nearby machinery shed.

Patrons are required to clean up after their dogs, poo bags and a disposal bin will be provided. No smoking is allowed on the property.

The park will be registered with Sniff Space (<https://www.sniffspace.com.au/>) who provides \$20,000,000 public liability insurance. All patrons must be registered with Sniff Space and provide proof of C3 vaccination. Bookings and payment are also done through the Sniff Space website.

The park will be operational during daylight hours and considering the distance from town is unlikely to be well utilised. Estimated 1 to 3 patrons per week.

COMMENT

Pursuant to the Shire of Beverley's *Local Planning Scheme No. 3* (LPS 3) the proposed event is considered a use not listed. Clause 18 of LPS 3 states as follows:

- (4) *The local government may, in respect of a use that is not specifically referred to in the zoning table and that cannot reasonably be determined as falling within a use class referred to in the zoning table -*
- (a) *determine that the use is consistent with the objectives of a particular zone and is therefore a use that may be permitted in the zone subject to conditions imposed by the local government; or*
 - (b) *determine that the use may be consistent with the objectives of a particular zone and give notice under clause 64 of the deemed provisions before considering an application for development approval for the use of the land; or*
 - (c) *determine that the use is not consistent with the objectives of a particular zone and is therefore not permitted in the zone.*

It is considered that the application was prepared and submitted in response to a need for such a facility as expressed by the general community through various social media and other channels.

It is considered that the proposed Private Dog Park will fulfil an expressed community need, and will be well managed within the framework established through affiliation with the *Sniffspace* initiative.

No negative off-site impacts are envisaged and the application will be recommended for approval.

PUBLIC NOTIFICATION

The application was duly advertised as per clause 64 of the Deemed Provisions.

No submissions or objections were received.

9.2 Development Application – Farm Machinery Shed – 8470 (Lot 74) Great Southern Highway, Beverley

Submission To:	Ordinary Council Meeting 23 April 2025
Report Date:	10 April 2025
Applicant:	David Adams
File Reference:	GRE 51732
Author and Position:	Stefan de Beer, manager of Planning
Previously Before Council:	No
Disclosure(s) Of Interest:	Nil
Attachments:	Locality Map, Site Plan, Shed Drawings

SUMMARY

An application has been received to construct a Zincalume Farm Machinery Shed at 8470 (Lot 74) Great Southern Highway. The application will be recommended for approval.

BACKGROUND

The subject site is located at 8470 (Lot 74) Great Southern Highway, is 94.4059 ha in extent and zoned *Rural* pursuant to the Shire of Beverley *Local Planning Scheme No. 3* (LPS 3). It contains a Single House and various agricultural related Sheds/Outbuildings.

The proposal is to construct an additional Farm Machinery Storage Shed in extent 28 m x 48 m = 1,152 m².

The proposal for the storage shed requires departure from the Shire's Outbuilding Policy on the following matters:

- In terms of the Shire's Outbuilding Policy (Policy), the maximum total area of an Outbuilding in this zone is 1,000 m² as per the Policy. The total area of the proposed structure will be approx. 1,152 m².

Apart from the above departure, the proposal conforms with the other aspects of the Shire's Outbuilding Policy.

The applicant provided the following justification:

This shed is a custom-built shed to cater for the farmers specific needs. In general farmers are opting for larger sheds due to the increase in size of farm machinery. The national construction code has concessions for farm sheds up to 2,000 sq.m

COMMENT

It is the opinion that the proposed siting of the Farm Machinery Shed at the subject property is such that it will not have any negative visual impact on the surrounding area. The proposal is in pace with the primary production activities of the subject site

and is required for effective productive commercial farming and will be recommended for approval.

Council resolved to lay the item on the table so a considered report could be presented at the next ordinary Council meeting on 23 April 2025.

COMMENT

Having given the matter due consideration Staff believe that the policy is currently adequate for managing maximum stays at the Caravan Park and consequently recommend that no changes to the policy be made.

- (3) For the purpose of ensuring proper governance of the local government's affairs, the council must have regard to the following principles —

- (a) the council's governing role is separate from the CEO's executive role as described in section 5.41;
- (b) it is important that the council respects that separation.
- (4) The council must make its decisions —
 - (a) on the basis of evidence, on the merits and in accordance with the law; and
 - (b) taking into account the local government's finances and resources.
- (5) The council must have regard to the need to support an organisational culture for the local government that promotes the respectful and fair treatment of the local government's employees.
- (6) The council has the other functions given to it under this Act or any other written law.

Policies provide the Council and staff with the ability and direction to make decisions that are considered to be consistent and unbiased. A policy can also provide detail on the manner in which the Shire undertakes certain works or activities.
