5. PUBLIC QUESTION TIME

Summary of Public Question Time

5.1 Mr Tim Law

Question 1: Do councillors hold meet and greet sessions or other ways they engage as individuals or as a group in the Community? If yes, how are they promoted?, If no would they be considered and what are the ways Councillors currently engage with the community so as to keep on top of local sentiment?

Response by Shire President: Council have not considered a meet and greet but this could be a positive thing for Council to do. We will take it on notice and give it due consideration.

Question 2: What initiatives are planned by Council to keep the Beverley 2035 initiative in the minds of the community?

Response by Shire President: Given that the nature of Beverley 2035 is a long-term project, a lot will depend on the outcome of our funding application. There are currently no meetings planned in the short-term however as (and if) each project progresses, community consultation will form part of the planning process.

- Interim Visit / Testing Completed
- Year End Communications
- Final Visit / Testing Completed

2. Variations to Audit Plan (where applicable)

- No variations

3. Subsequent Events

- Discussion and reconfirmation regarding subsequent events.

4. Audit Issues

- Refer to the 2024 Draft Management Letter for issues identified, summarised below:

	30 June 2024	Action by Management
FINAL AUDIT		
1. Excessive leave balances (raised in PY)		
2. Purchase order for less than invoice amount		
3. No documented masterfile changes procedures		
INTERIM AUDIT		

<p>1. IT Framework relating to policies and procedures, IT strategy and cyber policies / plan</p>	<p>Noted – The Shire of Beverley has significantly increased its IT spend in recent years investing in cyber mitigation strategies including firewall installation, off site back up regime and multi factor authentication. Being a small Shire with limited resources, particularly in the IT field, we are reliant on external service providers to guide us. The development of the proposed plans will have costs attached which Council and management will have to consider from a cost/benefit perspective.</p> <p>We deem our overall all IT risk, given the mitigation strategies we have already implemented, to be fairly moderate.</p>
<p>2. Termination checklist</p>	<p>The employee in question was terminated under strained circumstances, so there wasn't an opportunity to conduct an exit interview or the termination checklist.</p>
<p>3. Payroll exceptions relating to lack of deduction support and wage rate paid</p>	<p>Noted – Administrative issues that will be addressed and associated documents in question, updated.</p>
<p>4. Interim rating not up to date (at date of interim audit) Raised in PY</p>	<p>Noted – our Rates Officer has been on periods of leave throughout the year (LSL and Personal) resulting in completion of some of their tasks being delayed. Interim rating has since been completed following the interim audit.</p>

- Status of prior year audit issues:
No other outstanding issues other than the issues re-raised as noted above.

5. Summary of adjusted and unadjusted errors

SUMMARY

The Audit and Risk Committee to consider receiving the Management Letter.

BACKGROUND

The final audit was conducted by AMD Chartered Accountants between 24 – 26 September 2024 and authorised by the OAG on 18 October 2024.

COMMENT

The 2023/24 Management Letter containing three minor findings with Shire Management comment is attached for the Committee's reference.

STATUTORY ENVIRONMENT

Section 7.12A of the Local Government Act 1995 provides the following:

7.12A. Duties of local government with respect to audits

- (1) A local government is to do everything in its power to —
 - (a) assist the auditor of the local government to conduct an audit and carry out his or her other duties under this Act in respect of the local government; and
 - (b) ensure that audits are conducted successfully and expeditiously.
- (2) Without limiting the generality of subsection (1), a local government is to meet with the auditor of the local government at least once in every year.
- (3) A local government is to examine the report of the auditor prepared under section 7.9(1), and any report prepared under section 7.9(3) forwarded to it, and is to —
 - (a) determine if any matters raised by the report, or reports, require action to be taken by the local government; and
 - (b) ensure that appropriate action is taken in respect of those matters.
- (4) A local government is to —
 - (a) prepare a report on any actions under subsection (3) in respect of an audit conducted in respect of a financial year; and
 - (b) forward a copy of that report to the Minister, by the end of the next financial year, or 6 months after the last report prepared under section 7.9 is received by the local government, whichever is the latest in time.

STRATEGIC IMPLICATIONS

Strategic Pillar: 4. Civic Leadership

Strategic Priorities: 4.2 Continuous organisational improvement

RISK IMPLICATIONS

Failure to approve, report and publish an Annual Report would result in non-compliance *Local Government Act 1995* and *Local Government (Financial Management) Regulations 1996*. Signing the letters forms part of the Annual Report and approving this item will mitigate potential risks.

Attachment 6.1 – Audit Findings

ATTACHMENT

SHIRE OF BEVERLEY

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2024

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

Index of findings	Potential impact on audit opinion	Rating			Prior year finding
		Significant	Moderate	Minor	
1. Excessive Leave Balances	No			✓	✓
2. Purchasing Exceptions	No			✓	
3. Masterfile Changes	No			✓	

Key to ratings

The Ratings in this management letter are based on the audit team's assessment of risks and concerns with respect to the probability and/or consequence of adverse outcomes if action is not taken. We give consideration to these potential adverse outcomes in the context of both quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

Significant - Those findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly. A significant rating could indicate the need for a modified audit opinion in the current year, or in a subsequent reporting period if not addressed. However even if the issue is not likely to impact the audit opinion, it should be addressed promptly.

Moderate - Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.

Minor - Those findings that are not of primary concern but still warrant action being taken.

The ratings included are preliminary ratings and could be modified pending other findings being identified, rated and the consideration of them collectively on the ratings and any potential impact on the audit opinion.

Attachment 6.1 – Audit Findings

SHIRE OF BEVERLEY

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2024

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

1. Excessive Leave Balances

Our audit procedures identified 6 employees who had an annual leave balance in excess of 8 weeks as at 30 June 2024 representing non-compliance with the Shire's documented Annual Leave Policy (AF002).

This was first raised as a part of the 2023 audit – noting that management are closely monitoring excessive leave balances of staff.

Rating: Minor (2023: Moderate)

Implication

Excessive annual leave balances increases the risk of an adverse impact through excessive liabilities. In addition, fraud can also be more easily concealed by staff who do not take leave.

Recommendation

We recommend the Shire continue to manage and monitor the excessive annual leave balances to reduce the liability, risks of business interruption and potential fraud.

Management comment

Staff are encouraged to maintain annual leave balances in line with Council's policy (AF002).

We have had some long term workers compensation claims where employees accrue annual leave, but none is taken. This relates to three of the six employees identified.

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2024

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

2. Purchasing Exceptions

Our sample testing of 25 payments identified 1 instance whereby the authorised purchase order was for less than the amount of the final invoice.

Rating: Minor

Implication

Risk of unauthorised goods and services being purchased and liabilities being incurred.

Recommendation

We recommend purchase orders be used for all purchases with the exception of utilities and regular payments. These purchase orders should be authorised as approval that the goods and services are to be ordered, prior to ordering.

Management comment

All purchases are authorised via a purchase order. In some instances, quotes or cost estimates may vary to the final payment amount.

Responsible person: Gaye Mather, Senior Finance Officer

Completion date: On Going

3. Masterfile Changes

Our enquiries of management indicated that while an independent review of any payroll and creditor masterfile changes is conducted monthly, there is currently no documented procedure relating to making these changes.

Rating: Minor

Implication

There is an increased risk that required changes to the master-files are untimely and the process of making the changes to master-files is not consistent across the Shire.

Recommendation

We recommend a documented procedure be developed and communicated to all finance staff in respect of making masterfile changes.

Management comment

Noted – we'll look at implementing some formal structures/procedures around Masterfile changes.

SUMMARY

The Audit and Risk Committee to consider recommending to Council that the draft 2023/24 Independent Auditor's Report from the Office of the Auditor General be received.

BACKGROUND

The audit of the 2023/24 Financial Report was conducted by AMD Chartered Accountants in September 2024.

The Independent Auditor's Report was received on 18 October 2024.

COMMENT

Please see attached draft 2023/24 Independent Auditor's Report.

STATUTORY ENVIRONMENT

Section 7.12A of the Local Government Act 1995 provides the following:

7.12A. Duties of local government with respect to audits

Auditor General

INDEPENDENT AUDITOR'S REPORT 2024 Shire of Beverley

To the Councillors of the Shire of Beverley

Opinion

I have audited the financial report of the Shire of Beverley (Shire) which comprises:

- the Statement of Financial Position at 30 June 2024, the Statement of Comprehensive Income by Nature or Type, Statement of Changes in Equity, and Statement of Cash Flows and Statement of Financial Activity for the year then ended.
- Notes comprising a summary of significant accounting policies and other explanatory information.

In my opinion, the financial report is:

- based on proper accounts and records
- presents fairly, in all material respects, the results of the operations of the Shire for the year ended 30 June 2024 and its financial position at the end of that period
- in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

Basis for opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial report section below.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other information

The Chief Executive Officer (CEO) is responsible for the preparation and the Council for overseeing the other information. The other information is the information in the entity's annual report for the year ended 30 June 2024, but not the financial report and my auditor's report.

My opinion on the financial report does not cover the other information and, accordingly, I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or my knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

Attachment 6.2

Responsibilities of the Chief Executive Officer and Council for the financial report

The Chief Executive Officer of the Shire is responsible for:

- preparation and fair presentation of the financial report in accordance with the requirements of the Act, the Regulations and Australian Accounting Standards
- managing internal control as required by the CEO to ensure the financial report is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the CEO is responsible for:

- assessing the Shire's ability to continue as a going concern
- disclosing, as applicable, matters related to going concern
- using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the Shire.

The Council is responsible for overseeing the Shire's financial reporting process.

Auditor's responsibilities for the audit of the financial report

As required by the *Auditor General Act 2006*, my responsibility is to express an opinion on the financial report. The objectives of my audit are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

A further description of my responsibilities for the audit of the financial report is located on the Auditing and Assurance Standards Board website. This description forms part of my auditor's report and can be found at https://www.auasb.gov.au/auditors_responsibilities/ar4.pdf.

My independence and quality control relating to the report on the financial report

I have complied with the independence requirements of the *Auditor General Act 2006* and the relevant ethical requirements relating to assurance engagements. In accordance with ASQC 1 *Quality Control for Firms that Perform Audits and Reviews of Financial Reports and Other Financial Information, and Other Assurance Engagements*, the Office of the Auditor General maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Attachment 6.2

Matters relating to the electronic publication of the audited financial report

This auditor's report relates to the financial report of the Shire of xxxxxxx for the year ended 30 June 2024 included in the annual report on the Shire's website. The Shire's management is responsible for the integrity of the Shire's website. This audit does not provide assurance on the integrity of the Shire's website. The auditor's report refers only to the financial report. It does not provide an opinion on any other information which may have been hyperlinked to/from the annual report. If users of the financial report are concerned with the inherent risks arising from publication on a website, they are advised to contact the Shire to confirm the information contained in the website version.

SUMMARY

The Audit and Risk Committee to consider recommending to Council that the 2023/24 Councillors' Declaration be signed and received.

BACKGROUND

The Councillors' Declaration was first introduced by Council in 2012/13 to demonstrate Council's satisfaction of the appropriateness and integrity of the financial reports being presented.

COMMENT

The Councillors' Declaration is not a legislative requirement, however it gives Council a responsibility in ensuring that the contents of the annual report and annual financial report are accurate and in line with appropriate legislation and standards.

The declaration also stipulates that it is the opinion of Council that all outstanding debts will be paid when due.

Councillors' Declaration

In accordance with a resolution of the Councillors of the Shire of Beverley, we state that:

1. In the opinion of the Councillors:
 - 1.1 the financial statements and notes of the Shire of Beverley are in accordance with the Local Government Act 1995 and Regulations, including:
 - (a) giving a true and fair view of the Shire of Beverley's financial position as at 30 June 2024 and of its performance for the year ended on that date; and,
 - (b) complying with applicable Australian Accounting Standards; and
 - 1.2 there are reasonable grounds to believe that the Shire of Beverley will be able to pay its debts as and when they become due and payable.

On behalf of the Council:

Cr DC White
President

Cr DJ Ridgway
Deputy President

SUMMARY

The Audit and Risk Committee to review and consider recommending to Council that the 2023/24 Annual Report be accepted.

BACKGROUND

The 2023/24 Annual Financial Report has been produced in-house by the Deputy Chief Executive Officer and was audited by AMD Chartered Accountants in September 2024.

COMMENT

The draft 2023/24 Annual Report is attached for the Audit Committees consideration. The final report will be formatted as a complete document after adoption.

Once the complete Annual Report is adopted a date for the Annual Electors Meeting can be set and the report made available for public viewing for at least 14 days before the Annual Electors Meeting.

STATUTORY ENVIRONMENT

The *Local Government Act 1995* outlines the following in relation to the Annual Report:

5.53. Annual reports

- (1) The local government is to prepare an annual report for each financial year.
- (2) The annual report is to contain —
 - (a) a report from the mayor or president; and
 - (b) a report from the CEO; and
 - [(c), (d) deleted]*
 - (e) an overview of the plan for the future of the district made in accordance with section 5.56, including major initiatives that are proposed to commence or to continue in the next financial year; and
 - (f) the financial report for the financial year; and
 - (g) such information as may be prescribed in relation to the payments made to employees; and
 - (h) the auditor's report for the financial year; and
 - (ha) a matter on which a report must be made under section 29(2) of the *Disability Services Act 1993*; and
 - (hb) details of entries made under section 5.121 during the financial year in the register of complaints, including —

- (i) the number of complaints recorded in the register of complaints; and
 - (ii) how the recorded complaints were dealt with;
 - and
 - (iii) any other details that the regulations may require;
- and such other information as may be prescribed.

5.54. Acceptance of annual reports

- (1) Subject to subsection (2), the annual report for a financial year is to be accepted* by the local government no later than 31 December after that financial year.

* Absolute majority required.

- (2) If the auditor’s report is not available in time for the annual report for a financial year to be accepted by 31 December after that financial year, the annual report is to be accepted by the local government no later than 2 months after the auditor’s report becomes available.

5.55. Notice of annual reports

The CEO is to give local public notice of the availability of the annual report as soon as practicable after the report has been accepted by the local government.

Local Government (Financial Management) Regulations 1996 provide:

51. Completion of financial report

- (1) After the annual financial report has been audited in accordance with the Act the CEO is to sign and append to the report a declaration in the form of Form 1.
- (2) A copy of the annual financial report of a local government is to be submitted to the Departmental CEO within 30 days of the receipt by the local government’s CEO of the auditor’s report on that financial report.

Submission To:	Ordinary Council Meeting 30 October 2024
Report Date:	1 October 2024
Applicant:	Shire of Beverley
File Reference:	ADM 0527
Author and Position:	Stefan de Beer, Manager of Planning
Previously Before Council:	N/A
Disclosure(s) Of Interest:	None
Attachments:	DPLH Letter, Locality Map, Outline Development Plan, Structure Plan Review.

SUMMARY

Council is requested to formally resolve to request a longer term extension for the subject Structure Plan from the Western Australian Planning Commission (WAPC).

BACKGROUND

Advice has been received from the *Department of Planning, Lands and Heritage* (DPLH) that the abovementioned Structure Plan (originally referred to as an *Outline Development Plan*) will lapse in October 2025 pursuant to the *Planning and Development (Local Planning Schemes) Regulations, 2015*.

The original *Outline Development Plan* (ODP) was compiled to coordinate the future subdivision and zoning of the subject property. Some subdivision (Ref WAPC 133742 & 145957) that aligns with the ODP has already taken place on the subject property.

The DPLH considers there are four possible options available to the Shire of Beverley as a response to the above:

- Allow the Structure Plan to lapse, where the Structure Plan is either no longer suitable or is not required in the Local Planning Framework.
- Normalise the Structure Plan into the Local Planning Scheme, through a 'basic' Scheme Amendment.
- Provide short-term extensions to the Structure Plan if already under review or require review, and where this review will not be completed by its expiry date.
- Provide longer term extension for the Structure Plan that, following review, is determined to be suitable to remain in place.

COMMENT

The above Outline Development Plan formed the basis for a Scheme Amendment of the subject land (Scheme Amendment No. 12 of the then *Beverley Town Planning Scheme No. 2*), where a rezoning to *Rural Residential* was concluded. This zoning has been confirmed in the Gazettal of the *Shire of Beverley Local Planning Scheme No. 3* on 20 March 2019.

Following an inhouse review (see attachment – based on WA Planning Manual – *Guidance for Structure Plans*) of the abovementioned original *Outline Development Plan* for the abovementioned lot, Shire Planner is of the opinion that the longer term extension for a period of 10 years for the Structure Plan is the most appropriate option.

It is deemed that future subdivision and development proposals for the subject land can still be appropriately informed by the Structure Plan, and the validity thereof should therefore be extended. Having appropriately Zoned land for future development is also a key narrative of the *Beverley 2035* initiative.

CONSULTATION

The DPLH (Tim Leishman) was consulted with the following response received:

Regarding the status of these documents as structure plans – Simple answer is yes, these documents are deemed to be structure plans. Complex answer is provided by Part 9 of the Planning and Development (Local Planning Schemes) Regulations 2015.

Records relating to subdivisions 133742 and 145957 indicate that the “Outline Development Plan for the site was adopted by the Shire on 27 November 2007”. I am otherwise unable to locate any documents on the ODP and/or formal advice from the Commission on the matter. This likely reflects the fact local government was able to approve structure plans/ODP/SGPs prior to the Local Planning Scheme Regulations coming into force.

For what it is worth, my opinion is that letting these ODP lapse is unlikely to create too many issues for anybody.

The original proponent of the Outline Development Plan (Mr TM Mclean) was consulted with the following response received – quoted verbatim:

- *Shire approval into local planning scheme*
- *Provide long term extension for Structure Plan*
- *Shire to provide support not barriers*
- *Entrance culverts etc okay*
- *Fine print (to be provided concerning vegetation not hindrance)*
- *Power and water (solar & tank okay)*

Enquiries:

Mr Steve Gollan
Chief Executive Officer
Shire of Beverley
Via email to: ceo@beverley.wa.gov.au

Dear Mr Gollan

STRUCTURE PLAN AUDIT – LOCAL PLANNING SCHEME REGULATIONS

I write in relation to structure plans endorsed under the Planning and Development (Local Planning Schemes) Regulations 2015 (Regulations). As you are aware, the Regulations provide an approval period of 10 years for structure plans.

Preliminary assessment by the Department of Planning, Lands and Heritage (Department) indicates that there are a substantial number of structure plans expiring across the state in October 2025 and, to a lesser extent, the following years.

This has implications for local planning frameworks and additional workload for both State and local government where, review of, and/or further extension may be sought from the Western Australian Planning Commission (WAPC) for these structure plans.

For those structure plans that will expire, the Department considers there are four possible responses, as set out below. A combination of these is likely to be required in each local government.

- Allow structure plans to lapse, where the structure plan is either no longer suitable or is not required in the local planning framework.
- Normalise structure plans into local planning schemes, through 'basic' scheme amendments.
- Provide short-term extensions to structure plans that are already under review or require review, and where this review will not be complete by its expiry date.
- Provide longer term extensions for structure plans that, following review, are determined to be suitable to remain in place.

The Department will be guided by the considerations set out in section 6.3 of the WA Planning Manual – Guidance for Structure Plans (a copy of this is available at [WA Planning Manual - Guidance for Structure Plans \(www.wa.gov.au\)](http://www.wa.gov.au)) in considering these options in relation to each structure plan, as set out below:

- *the extent of subdivision and/or development uptake in the structure plan area, and whether the plan has been largely implemented;*
- *the plan's delivery progress based on its set purpose, vision, and objectives, and whether implementation of the plan is aligning with its set targets;*

- *government priorities, any applicable planning strategy and policy framework, and whether significant changes to these have occurred since the plan was approved;*
- *if consultation with the community and key stakeholders should be undertaken to confirm and adjust the direction and next stages of the plan; and*
- *whether important infrastructure has or will become available, and whether adjustments will need to be made to the plan as a result.*

In light of the above, I request that you:

- continue to, or commence, an audit of the status of structure plans within your local government;
- consider the four options available in relation to each of these structure plans, having regard for the considerations set out in the WA Planning Manual – Guidance for Structure Plans; and
- work with the Department to develop a strategy in relation to expiring structure plans and, if necessary, provide feedback on the options above.

If you would like to discuss this further, please contact Cath Meaghan Planning Director Regional Central on [REDACTED].

Yours sincerely

David Saunders

9.2 Structure Plan Audit – Part Lot 3 on Plan 7434 Bremner Road (Fronting Langsford Street)

Submission To:	Ordinary Council Meeting 30 October 2024
Report Date:	1 October 2024
Applicant:	Shire of Beverley
File Reference:	ADM 0527
Author and Position:	Stefan de Beer, Manager of Planning
Previously Before Council:	N/A
Disclosure(s) Of Interest:	None
Attachments:	DPLH Letter, Locality Map, Outline Development Plan, Structure Plan Review.

SUMMARY

Council is requested to formally resolve to request a longer term extension for the subject Structure Plan from the Western Australian Planning Commission (WAPC).

BACKGROUND

Advice has been received from the *Department of Planning, Lands and Heritage* (DPLH) that the abovementioned Structure Plan (originally referred to as an *Outline Development Plan*) will lapse in October 2025 pursuant to the *Planning and Development (Local Planning Schemes) Regulations, 2015*.

The original *Outline Development Plan* (ODP) was compiled to coordinate the future subdivision and zoning of the subject property. A subdivision application (Ref WAPC 138365) that aligns with the ODP was submitted, but was not concluded.

The DPLH considers there are four possible options available to the Shire of Beverley as a response to the above:

- Allow the Structure Plan to lapse, where the Structure Plan is either no longer suitable or is not required in the Local Planning Framework.
- Normalise the Structure Plan into the Local Planning Scheme, through a 'basic' Scheme Amendment.
- Provide short-term extensions to the Structure Plan if already under review or require review, and where this review will not be completed by its expiry date.
- Provide longer term extension for the Structure Plan that, following review, is determined to be suitable to remain in place.

COMMENT

The above Outline Development Plan formed the basis for a Scheme Amendment of the subject land (Scheme Amendment No. 11 of the then *Beverley Town Planning Scheme No. 2*), where a rezoning to *Rural Residential* was concluded. This zoning has been confirmed in the Gazettal of the *Shire of Beverley Local Planning Scheme No. 3* on 20 March 2019.

Following an inhouse review (see attachment – based on WA Planning Manual – *Guidance for Structure Plans*) of the abovementioned original *Outline Development Plan* for the abovementioned lot, Shire Planner is of the opinion that the longer term extension for a period of 10 years for the Structure Plan is the most appropriate option.

It is deemed that future subdivision and development proposals for the subject land can still be appropriately informed by the Structure Plan, and the validity thereof should therefore be extended. Having appropriately Zoned land for future development is also a key narrative of the *Beverley 2035* initiative.

CONSULTATION

The DPLH (Tim Leishman) was consulted with the following response received:

Regarding the status of these documents as structure plans – Simple answer is yes, these documents are deemed to be structure plans. Complex answer is provided by Part 9 of the Planning and Development (Local Planning Schemes) Regulations 2015.

Our records system shows that this ODP was Endorsed by the WAPC - 28 May 2009 (File ref. SPN/0001). However, I am unable to locate formal advice of this occurring. I suspect what this actually reflects is that the ODP was endorsed by the Local Government, but the Commission received notification of this and therefore was able to retrospectively record it. Since then though, record keeping is likely to have fallen apart when the “Department for Planning and Infrastructure” transitioned to the “Department of Planning”.

For what it is worth, my opinion is that letting these ODP lapse is unlikely to create too many issues for anybody.

The original proponent of the Outline Development Plan (Mr TM Mclean) was consulted with the following response received – quoted verbatim:

- *Shire approval into local planning scheme*
- *Provide long term extension for Structure Plan*
- *Shire to provide support not barriers*
- *Fine print (on map) provided concerning vegetation not hindrance*
- *Power and water (solar & tank) okay*
- *Entrance culverts etc okay*

DEVELOPMENT PROVISIONS RELATING TO THE ESTATE

- (a) Development Plan
This plan has been approved by the Council and the Western Australian Planning Commission. Subdivision and development should generally be in accordance with this plan.
- (b) Development Requirements and Lot Sizes
Minimum Lot size of 2.0ha
- (c) Vegetation Preservation
No indigenous vegetation shall be cleared, except where such vegetation is dead or diseased, or where the clearing is required for the purpose of firebreak, dwelling, outbuilding, fence, drainage system, driveway or to accommodate permitted (P) uses and discretionary (AA) uses listed in the zoning table; prior to any such clearing, the developer of the estate/landowner shall seek and obtain the written consent of the Council.
- (d) Building Envelopes
Building envelopes shall be identified for each lot in accordance with the following:
 - i) Be at least 40m from any adjoining lots where farming is or can potentially occur;
 - ii) Located to ensure that existing vegetation and drainage lines are protected and maintained; and
 - iii) Located to address any other environmental management issues identified by Council.
- (a) Vegetation Restoration
Identify areas outside building envelopes that will be revegetated with native species including a 40 metres native vegetated buffer from lot boundaries that abut farming land.
- (b) Fire Control
The subdivider shall prepare and implement an Emergency Management and Fire Management Plan, the construction of the strategic fire breaks depicted on the Subdivision Guide Plan, water supplies and equipment and any other fire management requirements deemed necessary, to the satisfaction and satisfaction of the local authority.
- (c) Building Approval
At the time of the building application for each lot a plan of the site shall be submitted by the application to the satisfaction and specifications of the Council which shall show the site contours, existing trees and stands of vegetation to be removed and retained and proposals for tree planting and maintenance.
- (d) Notification
Memorials to be incorporated on all titles advertising landowners and successors thereof that the land is affected by aircraft noise.
- (e) Vendor Responsibility
The developer / vendor shall inform prospective purchasers of the lots, in writing, of the provisions of the Council's Town Planning Scheme relating to the management of the land, as specified in the Development Plan and Fire Management Plan.

9.3 Structure Plan Audit – Lots 151, 152, 160-163 Brooking & Richardson Streets

Submission To:	Ordinary Council Meeting 30 October 2024

Applicant:	Shire of Beverley
File Reference:	ADM 0527
Author and Position:	Stefan de Beer, Manager of Planning
Previously Before Council:	N/A
Disclosure(s) Of Interest:	None

SUMMARY

Council is requested to formally resolve to request a longer term extension for the subject Structure Plan from the Western Australian Planning Commission (WAPC).

BACKGROUND

Advice has been received from the *Department of Planning, Lands and Heritage* (DPLH) that the abovementioned Structure Plan (originally referred to as an *Outline Development Plan*) will lapse in October 2025 pursuant to the *Planning and Development (Local Planning Schemes) Regulations, 2015*.

The original *Outline Development Plan* (ODP) was compiled to coordinate the future subdivision and zoning of the subject property. No subdivision application has been submitted as yet.

The DPLH considers there are four possible options available to the Shire of Beverley as a response to the above:

- Allow the Structure Plan to lapse, where the Structure Plan is either no longer suitable or is not required in the Local Planning Framework.
- Normalise the Structure Plan into the Local Planning Scheme, through a 'basic' Scheme Amendment.
- Provide short-term extensions to the Structure Plan if already under review or require review, and where this review will not be completed by its expiry date.
- Provide longer term extension for the Structure Plan that, following review, is determined to be suitable to remain in place.

COMMENT

The above Outline Development Plan partly informed the review of the then *Beverley Town Planning Scheme No. 2*, where a change of residential density from *Residential R2.5* to *Residential R5* was done. This *Residential R5* zoning has been confirmed in the Gazettal of the *Shire of Beverley Local Planning Scheme No. 3* on 20 March 2019.

Following an inhouse review (see attachment – based on WA Planning Manual – *Guidance for Structure Plans*) of the abovementioned original *Outline Development Plan* for the abovementioned lot, Shire Planner is of the opinion that the longer term extension for a period of 10 years for the Structure Plan is the most appropriate option.

It is deemed that future subdivision and development proposals for the subject land can still be appropriately informed by the Structure Plan, and the validity thereof should therefore be extended. Having appropriately Zoned land for future development is also a key narrative of the *Beverley 2035* initiative.

CONSULTATION

The DPLH (Tim Leishman) was consulted with the following response received:

Regarding the status of these documents as structure plans – Simple answer is yes, these documents are deemed to be structure plans. Complex answer is provided by Part 9 of the Planning and Development (Local Planning Schemes) Regulations 2015.

Our records show that this one was endorsed by the WAPC - 14 Oct 2011.

For what it is worth, my opinion is that letting these ODP lapse is unlikely to create too many issues for anybody.

The original proponent of the Outline Development Plan (Mr GD Slingerland) was consulted with the following response received:

Thank you for this initiative in extending the ‘Structure Plan’ status.

Unfortunately earlier progress on the plan was stifled due to ramifications of the 2008 Global Financial Crises and other factors. I would hope that a longer term extension might be approved by DPLH going forward.

There are some positive indicators to do with demand for property in the Shire, and a corresponding rise in values that may lead to a renewed focus on development by myself.

SUMMARY

An application was received for development approval for a *Home Business* at 93 (Lot 100) Lukin Street. The application will be recommended for approval.

BACKGROUND

The subject site is located at 93 (Lot 100) Lukin Street, Beverley, is 2,075 m² in extent and zoned *Residential R5* in terms of the *Shire of Beverley Local Planning Scheme No. 3* (LPS3). It contains an existing single dwelling and outbuildings. 93 Lukin Street also includes Lot 36 (in extent 1,667 m²) which is not affected by this proposal.

The applicant proposes to conduct a *Home Business* land use on the property for 'cake making' from a transportable self-contained Commercial Kitchen to be deposited on lot 100 – see attached submission, site plan and photos of kitchen.

The Applicants contend that they will '*meet all Shire of Beverley home business definitions*'.

A *Home Business* land use is an 'A' use as per Zoning Table 3 in LPS3, which means that the use is not permitted unless the local government has exercised its discretion by granting development approval after giving notice in accordance with clause 64 of the deemed provisions.

COMMENT

Pursuant to LPS3, a *Home Business* land use is defined as follows:

means a dwelling or land around a dwelling used by an occupier of the dwelling to carry out a business, service or profession if the carrying out of the business, service or profession —

- (a) does not involve employing more than 2 people who are not members of the occupier's household; and*
- (b) will not cause injury to or adversely affect the amenity of the neighbourhood; and*
- (c) does not occupy an area greater than 50 m²; and*
- (d) does not involve the retail sale, display or hire of any goods unless the sale, display or hire is done only by means of the Internet; and*
- (e) does not result in traffic difficulties as a result of the inadequacy of parking or an increase in traffic volumes in the neighbourhood; and*
- (f) does not involve the presence, use or calling of a vehicle of more than 4.5 tonnes tare weight; and*
- (g) does not involve the use of an essential service that is greater*

than the use normally required in the zone in which the dwelling is located.

For the purposes of the Land Use, the transportable commercial kitchen is considered to be a non-habitable outbuilding.

It is considered that the proposal accords with the aims of LPS3 as long as it strictly keeps within the parameters of the definition of a *Home Business* as per LPS3. Should Council resolve to approve the application this will be recommended be made a Condition of Planning Approval.

Because of the secluded and sheltered placement of the transportable kitchen on the property, it is not considered that the proposed use will have any negative effect on the amenity of the surrounds and will be recommended for approval.

PUBLIC NOTIFICATION

The application was advertised to neighbours considered by the Shire Planner to be potentially affected by the proposal, as well as the *Department of Water and Environmental Regulation* (DWER) as the proposal is affected by the Avon River Flood Fringe Area.

No objections were received as summarised in the table below:

	Respondent	Property	Comment	Shire Planner's Response
1	Rhonda Baines-Taylor	88 Lukin Street, Beverley	No Objection to the proposal.	Noted
2	Janet Eloury	84 Lukin Street, Beverley	We are very fortunate to have this person in town her cakes are so yummy. I hope this business venture will be able to go ahead. I think it will be a great asset to Beverley.	Noted
3	Alan Boyle	82 Lukin Street, Beverley	No Objection to the proposal.	Noted
4	DWER		See attached letter	Noted. It is recommended an Advice Note be added to the Planning Approval should Council resolve to approve the application.

Moved Cr Ridgway

Seconded Cr Lawlor

That Council resolve to grant planning approval for a Home Business (Cake Making) at 93 (Lot 100) Lukin Street, Beverley, subject to the following conditions and advice notes:

Conditions:

- 1. Development shall be carried out only in accordance with the terms of the application as approved herein and any approved plan, prepared by the applicant and endorsed by Council's Shire Planner.**
- 2. The operation of the *Home Business* shall adhere strictly to the definition of a *Home Business* as per the *Shire of Beverley Local Planning Scheme No. 3*, to the satisfaction of the Shire.**

Advice Notes:

Note 1: If the development the subject of this approval is not substantially commenced within a period of 2 years, or another period specified in the approval after the date of determination, the approval will lapse and be of no further effect.

Note 2: Where an approval has so lapsed, no development shall be carried out without the further approval of the local government having first been sought and obtained.

Note 3: Nothing in the approval or these conditions shall excuse compliance with all relevant written laws in the commencement and carrying out of the development.

Note 4: The applicant is advised a building permit is required prior to commencement of any building works (where applicable).

Note 5: The applicant is advised to consider the attached advice from the *Department of Water and Environmental Regulation*.

Note 6: If an applicant is aggrieved by this decision there is a right of review by the State Administrative Tribunal in accordance with the *Planning and Development Act 2005* Part 14. An application must be made within 28 days of the determination.

Attention: Stefan De Beer

Dear Stefan,

RE: Development Application – Home Business – Commercial Kitchen – 93 (Lot 100) Lukin Street, Beverley

Thank you for providing the above referral for the Department of Water and Environmental Regulation (Department) to consider. The Department has identified that the proposed development has the potential to impact on water values and management. Key issues and recommendations that should be addressed are provided below:

The Department provides advice and recommends guidelines for development on floodplains with the object of minimising flood risk and damage.

The Avon Flood Study shows that the lot is affected by flooding during major events with the following flood levels:

Event	Flood level
1 in 10 (10%) AEP	193.00 m AHD
1 in 25 (4%) AEP	193.63 m AHD
1 in 100 (1%) AEP	194.69 m AHD (see attached diagram)

Our floodplain management strategy for the area states:

- Proposed development (i.e., filling, building, etc) that is located outside of the floodway is considered acceptable with respect to major flooding. However, a minimum habitable floor level of 0.5 metre above the appropriate 1 in 100 (1%) AEP flood level (i.e., 195.19 m AHD) is recommended to ensure adequate flood protection.
- Proposed development (i.e., filling, building, etc) that is located within the floodway and is considered obstructive to major flows is not acceptable as it would increase flood levels upstream. No new buildings are acceptable in the floodway.

Swan Avon Region
7 Ellam Street Victoria Park WA 6100
Telephone: 08 6250 8000 Facsimile: 08 6250 8050
www.dwer.wa.gov.au

With regard to this proposal the following comments are provided:

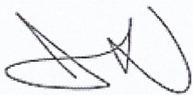

- The distance from floodway extent to the front fence is around 28.5 m. As a result, the proposed kitchen would be located outside of the floodway.
- The available contour information shows that the surface elevation of the lot is approximately between 191.0 m AHD to 195.2 m AHD.
- Proposed development on the lot is considered acceptable with regard to major flooding. However, a minimum habitable floor level of 195.19 m AHD is recommended.
- Non-habitable areas (e.g., areas not used for normal domestic activities, etc) may not require such a high level of flood protection. We do not provide advice on minimum floor level for non-habitable areas. Should the development be considered non-habitable, we recommend that the local council be contacted for advice on minimum floor level requirements.

A failure to properly adhere to these recommendations will result in a greater exposure to risks of flood damage. Please note that this advice is related to major flooding only and other planning issues, such as stormwater drainage and ecological considerations may also need to be addressed.

In the event there are modifications to the proposal that may have implications on aspects of environment and/or water management, the Department should be notified to enable the implications to be assessed.

If you would like more information regarding this matter, please contact Diana Nussey on 6250 8014 or diana.nussey@dwer.wa.gov.au.

SUMMARY

Council to consider accepting the financial report for the period ending 30 September 2024.

BACKGROUND

There is a statutory requirement that the Local Government is to prepare, each month, a statement of financial activity reporting on sources and applications of its funds and to present the statement to Council.

Council adopted a budget variance reporting parameter of 10% on budgeted items of \$10,000 or greater at the July 2024 Ordinary Meeting, item 11.3.

COMMENT

The monthly financial reports for the period ending 30 September 2024 have been provided and include:

- Financial Activity Statement by Nature;
- Statement of Net Current Assets;
- Statement of Financial Position; and
- Investment of Surplus Funds Report.

STATUTORY ENVIRONMENT

Section 6.4(1) of the *Local Government Act* provides that a local government is to prepare an annual financial report for the preceding financial year and such other financial reports as are prescribed.

Regulation 34 of the *Local Government (Financial Management) Regulations* requires a Statement of Financial Activity to be prepared each month which is to contain the following details:

- (a) annual budget estimates;
- (b) budget estimates to the end of the month;
- (c) actual amount of expenditure and revenue;
- (d) material variances between comparable amounts in (b) and (c) above; and
- (e) the net current assets at the end of the month to which the statement relates (i.e. surplus / (deficit) position).

The Statement is to be accompanied by:

- (a) explanation of the composition of net current assets, less committed assets and restricted assets;

- (b) explanation of the material variances; and
- (c) such other information considered relevant by the local government.

FINANCIAL IMPLICATIONS

All revenue and expenditure, unless disclosed in the notes to material variances, are as per the 2024/25 Budget.

STRATEGIC IMPLICATIONS

- Strategic Pillar: 2. Community
4. Civic Leadership
- Strategic Priorities: 2.3 Active and Healthy Community
4.1 Community and customer focus
4.3 Responsible planning

POLICY IMPLICATIONS

AF004 – Investing Surplus Funds

RISK IMPLICATIONS

It is a requirement of the *Local Government (Financial Management) Regulations 1996* that a Statement of Financial Activity is prepared within two months of the end of the reporting period. This report mitigates the risk of non-compliance.

SUMMARY

Council to consider authorising the payment of accounts.

BACKGROUND

The following list represents accounts paid by authority for the month of September 2024.

COMMENT

Unless otherwise identified, all payments have been made in accordance with Council's 2024/25 Budget.

STATUTORY ENVIRONMENT

Regulation 12 of the *Local Government (Financial Management) Regulations* provides that:

- (1) A payment may only be made from the municipal fund or the trust fund —
 - (a) if the local government has delegated to the CEO the exercise of its power to make payments from those funds — by the CEO; or
 - (b) otherwise, if the payment is authorised in advance by a resolution of the council.
- (2) The council must not authorise a payment from those funds until a list prepared under regulation 13(2) containing details of the accounts to be paid has been presented to the council.

Regulation 13 of the *Local Government (Financial Management) Regulations* provides that:

- (1) If the local government has delegated to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared —
 - (a) the payee's name;
 - (b) the amount of the payment;
 - (c) the date of the payment; and
 - (d) sufficient information to identify the transaction.
- (2) A list of accounts for approval to be paid is to be prepared each month showing —
 - (a) for each account which requires council authorisation in that month —
 - (i) the payee's name;
 - (ii) the amount of the payment; and
 - (iii) sufficient information to identify the transaction;

and

- (b) the date of the meeting of the Council to which the list is to be presented.
- (3) A list prepared under sub regulation (1) or (2) is to be —
 - (a) presented to the Council at the next ordinary meeting of the council after the list is prepared; and
 - (b) recorded in the minutes of that meeting.

FINANCIAL IMPLICATIONS

Unless otherwise identified, all payments have been made in accordance with Council’s 2024/25 Budget.

STRATEGIC IMPLICATIONS

- Strategic Pillar: 2. Community
4. Civic Leadership
- Strategic Priorities: 2.3 Active and Healthy Community
4.1 Community and customer focus

11.3 RFT 05-2425 Administration Office & Civic Centre Carpark

Submission To:	Ordinary Council Meeting 30 October 2024
Report Date:	16 October 2024
Applicant:	Administration - Tenders

SUMMARY

Council to consider awarding the tender for RFT 05-2425 Administration Office and Civic Centre Carpark works.

BACKGROUND

RFT 05-2425 was advertised in the West Australian on 24 August 2024.

The tender specification outlined works to be undertaken by a suitably qualified contractor in relation to the construction of the new Civic Centre Carpark and refurbishment of the existing Administration Office Carpark.

14 RFT packages were issued to prospective Tenderers, with one submission being received.

COMMENT

RFT 05-2425 was split into three separable portions, the Administration Office Carpark, the Civic Centre Carpark, and Total Carpark area.

O'Brien Civil submitted a response to the tender request.

The submission is summarised below (ex GST):

Tenderer	Separable portion 1 – Administration Office Carpark	Separable portion 2 – Civic Centre Carpark	Separable portion 3 – Total Carpark
O'Brien Civil	\$484,325	\$313,252	\$704,137

The submission was generally compliant, although the pricing submitted in response to the RFT was GST excluded when the tender specification explicitly stated that costs were to be presented on a GST inclusive basis.

Based on Council's 24/25 Budget allowance of \$250,000, all options tendered are over budget.

Consequently, it is proposed that costings be sought for the works to be completed in house and in line with the budget allocation.

STATUTORY ENVIRONMENT

Local Government Act 1995:

3.57 Tenders for providing goods or services

- (1) A local government is required to invite tenders before it enters into a contract of a prescribed kind under which another person is to supply goods or services.
- (2) Regulations may make provision about tenders.

Local Government (Functions and General) Regulations 1996:

11A. Purchasing policies for local governments

- (1) A local government is to prepare or adopt, and is to implement, a purchasing policy in relation to contracts for other persons to supply goods or services where the consideration under the contract is, or is expected to be, \$250 000 or less or worth \$250 000 or less.
- (2) A purchasing policy is to make provision for and in respect of the policy to be followed by the local government for, and in respect of, entering into contracts referred to in subregulation (1).
- (3) A purchasing policy must make provision in respect of —
 - (a) the form of quotations acceptable; and
 - (b) the minimum number of oral quotations and written quotations that must be obtained; and
 - (b) the recording and retention of written information, or documents, in respect of —
 - (i) all quotations received; and
 - (ii) all purchases made.

11. When tenders have to be publicly invited

- (1) Tenders are to be publicly invited according to the requirements of this Division before a local government enters into a contract for another person to supply goods or services if the consideration under the contract is, or is expected to be, more, or worth more, than \$250 000 unless subregulation (2) states otherwise.

15. Minimum time to be allowed for submitting tenders

- (1) If a notice under regulation 14(1) is given, the date and time referred to in regulation 14(3)(d) has to be at least 14 days after the notice is —
 - (a) published on the local government's official website; and
 - (b) published in at least 3 of the ways prescribed in the *Local Government (Administration) Regulations 1996* regulation 3A(2).

- (2) If a notice under regulation 14(2) is given to a person listed as an acceptable tenderer, the date and time referred to in regulation 14(3)(d) has to be at least 14 days after the notice is given.

[Regulation 15 inserted: Gazette 18 Sep 2015 p. 3806-7; amended: SL 2020/213 r. 35.]

16. Receiving and opening tenders, procedure for

- (1) The CEO is responsible for keeping any tender submitted including a tender submitted by facsimile or other electronic means in safe custody, and for ensuring that it remains confidential.
- (2) Tenders are not to be opened, examined, or assessed until the time after which further tenders cannot be submitted.
- (3) When tenders are opened —
 - (a) there must be present —
 - (i) at least 2 employees of the local government; or
 - (ii) one employee of the local government and at least one person authorised by the CEO to open tenders;
 - and
 - (b) members of the public are entitled to be present; and
 - (c) details of the tenders (other than the consideration sought in the tender) are to be immediately recorded in a register to be known as the tenders register.

[Regulation 16 amended: Gazette 29 Jun 2001 p. 3131; 31 Mar 2005 p. 1055; 18 Sep 2015 p. 3807.]

17. Tenders register

- (1) The CEO is responsible for keeping the tenders register and making it available for public inspection.
- (1A) The CEO must publish the tenders register on the local government's official website.
- (2) The tenders register is to include, for each invitation to tender —
 - (a) a brief description of the goods or services required; and
 - [(b) deleted]*
 - (c) particulars of —
 - (i) any notice by which expressions of interests from prospective tenderers was sought; and
 - (ii) any person who submitted an expression of interest; and
 - (iii) any list of acceptable tenderers that was prepared under regulation 23(4);
 - and
 - (d) a copy of the notice of the invitation to tender; and

- (e) the name of each tenderer whose tender has been opened; and
- (f) the name of any successful tenderer.

- (3) The tenders register is to include for each invitation to tender the amount of the consideration or a summary of the amount of the consideration sought in the tender accepted by the local government.

[Regulation 17 amended: Gazette 29 Jun 2001 p. 3131; 18 Sep 2015 p. 3807; SL 2020/213 r. 36.]

18. Rejecting and accepting tenders

- (1) A tender is required to be rejected unless it is submitted at a place, and within the time, specified in the invitation for tenders.
- (2) A tender that is submitted at a place, and within the time, specified in the invitation for tenders but that fails to comply with any other requirement specified in the invitation may be rejected without considering the merits of the tender.
- (3) If, under regulation 23(4), the CEO has prepared a list of acceptable tenderers for the supply of goods or services, a tender submitted by a person who is not listed as an acceptable tenderer is to be rejected.
- (4) Tenders that have not been rejected under subregulation (1), (2), or (3) are to be assessed by the local government by means of a written evaluation of the extent to which each tender satisfies the criteria for deciding which tender to accept and it is to decide which of them (if any) it thinks it would be most advantageous to the local government to accept.
- (4a) To assist the local government in deciding which tender would be the most advantageous to it to accept, a tenderer may be requested to clarify the information provided in the tender.
- (5) The local government may decline to accept any tender.
- (6) If a local government has accepted a tender but acceptance of the tender does not create a contract and within 6 months of the day on which the tender was accepted the local government and the successful tenderer agree not to enter into a contract in relation to the tender, the local government may accept from the other tenders the tender which it thinks it would be most advantageous to the local government to accept.
- (7) If a local government has accepted a tender and acceptance of the tender creates a contract and within 6 months of the day on which the tender was accepted the local government and the successful tenderer agree to terminate the contract, the local government may accept from the other tenders the tender which it thinks it would be most advantageous to the local government to accept.

[Regulation 18 amended: Gazette 29 Jun 2001 p. 3131-2; 18 Sep 2015 p. 3807.]

19. Tenderers to be notified of outcome

The CEO is to give each tenderer notice in writing containing particulars of the successful tender or advising that no tender was accepted.

11.4 Shire Depot CCTV Install

Submission To:	Ordinary Council Meeting 30 October 2024
Report Date:	16 October 2024
Applicant:	Administration
File Reference:	ADM 0483
Author and Position:	Stefan de Beer, Manager of Planning
Previously Before Council:	Nil
Disclosure(s) Of Interest:	Nil
Attachments:	Commercial in Confidence Quote

SUMMARY

Council to consider the installation of CCTV at the Shire Depot.

BACKGROUND

Council at the September 2024 Meeting resolved to proceed with the upgrading of the CCTV cameras at the Moort Wabiny Skate Park and War Memorial Toilet Block. This upgrade has now been completed.

With the above upgrade, 17 serviceable cameras and associated hardware were removed of which 7 can now be used for the purpose proposed, i.e. to be installed at the Shire Depot for added security.

There is however no allocation in the 2024/25 budget for the estimated \$9,627 ex GST – see *Commercial in Confidence* quote from Redfish Technologies attached.

COMMENT

As per the above quote, the Scope of Works (SoW) involves the following:

To use existing seven (7) Hikvision Bullet Cameras (removed from Skatepark) and existing NVR (Removed from Toilet Block) to cover the Shire depot. Where possible all existing items will be used.

Using the attached drawing, positions as described

- *CAM A - Front Gate*
- *CAM B - Yard South*
- *CAM C - Yard North & Fuel Bowser*
- *CAM D - Rear Gate*
- *CAM E - Shire Rear Carpark*
- *CAM F - Shire Rear & Undercover Parking*
- *CAM G - Laneway*

Position 1 & 2 Point to Point Wireless link

Position H - Network Cabinet in Workshop for all Cameras

Position I - Shire Works Manager NVR and Connection

New items to supply

- *All cabling as required with fixings and mounting support*
- *Point-to-Point Link (Pair)*
- *Hardened Network Switch in workshop (power by Shire required)*
- *Network Switch - Shire Works Manager Location (power by Shire required)*

- *Camera Conduit Boxes*
- *Consumables for ACMA cabling*

Council have two options to consider; allow the expenditure and install the CCTV at the Shire Depot; or make an appropriate and adequate budget allocation in 2025/26.

Option 1 – That Council noting the unbudgeted expenditure approve the installation of the CCTV at the Shire Depot for a cost of \$9,626.74 ex GST as quoted by Redfish Technologies.

Option 2 – That Council do not proceed with the proposed install.

The Officer is recommending option 1 as it is deemed an excellent use of available hardware already paid for, albeit at an additional installation cost.

STATUTORY ENVIRONMENT

The *Local Government Act 1995* allows the following in regards to unbudgeted expenditure:

6.8. Expenditure from municipal fund not included in annual budget

(1) A local government is not to incur expenditure from its municipal fund for an additional purpose except where the expenditure —

(a) is incurred in a financial year before the adoption of the annual budget by the local government; or

(b) is authorised in advance by resolution*; or

SUMMARY

Council to consider receiving the Management Letter.

BACKGROUND

The final audit was conducted by AMD Chartered Accountants between 24 – 26 September 2024 and authorised by the OAG on 18 October 2024.

COMMENT

The 2023/24 Management Letter containing three minor findings with Shire Management comment is attached for the Committee's reference.

The Audit and Risk Committee will meet on 30 October 2024 prior to the Council meeting. The recommendation listed below is subject to the Committee's final resolution.

STATUTORY ENVIRONMENT

Section 7.12A of the Local Government Act 1995 provides the following:

7.12A. Duties of local government with respect to audits

- (1) A local government is to do everything in its power to —
 - (a) assist the auditor of the local government to conduct an audit and carry out his or her other duties under this Act in respect of the local government; and
 - (b) ensure that audits are conducted successfully and expeditiously.
- (2) Without limiting the generality of subsection (1), a local government is to meet with the auditor of the local government at least once in every year.
- (3) A local government is to examine the report of the auditor prepared under section 7.9(1), and any report prepared under section 7.9(3) forwarded to it, and is to —
 - (a) determine if any matters raised by the report, or reports, require action to be taken by the local government; and
 - (b) ensure that appropriate action is taken in respect of those matters.
- (4) A local government is to —
 - (a) prepare a report on any actions under subsection (3) in respect of an audit conducted in respect of a financial year; and
 - (b) forward a copy of that report to the Minister, by the end of the next financial year, or 6 months after the last report prepared under section 7.9 is received by the local government, whichever is the latest in time.

2. Purchasing Exceptions	No			✓	
3. Masterfile Changes	No			✓	

Key to ratings

The Ratings in this management letter are based on the audit team's assessment of risks and concerns with respect to the probability and/or consequence of adverse outcomes if action is not taken. We give consideration to these potential adverse outcomes in the context of both quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

Significant - Those findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly. A significant rating could indicate the need for a modified audit opinion in the current year, or in a subsequent reporting period if not addressed. However even if the issue is not likely to impact the audit opinion, it should be addressed promptly.

Moderate - Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.

Minor - Those findings that are not of primary concern but still warrant action being taken.

The ratings included are preliminary ratings and could be modified pending other findings being identified, rated and the consideration of them collectively on the ratings and any potential impact on the audit opinion.

SHIRE OF BEVERLEY

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2024

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

1. Excessive Leave Balances

Our audit procedures identified 6 employees who had an annual leave balance in excess of 8 weeks as at 30 June 2024 representing non-compliance with the Shire's documented Annual Leave Policy (AF002).

This was first raised as a part of the 2023 audit – noting that management are closely monitoring excessive leave balances of staff.

Rating: Minor (2023: Moderate)

Implication

Excessive annual leave balances increases the risk of an adverse impact through excessive liabilities. In addition, fraud can also be more easily concealed by staff who do not take leave.

Recommendation

We recommend the Shire continue to manage and monitor the excessive annual leave balances to reduce the liability, risks of business interruption and potential fraud.

Management comment

Staff are encouraged to maintain annual leave balances in line with Council's policy (AF002).

We have had some long term workers compensation claims where employees accrue annual leave, but none is taken. This relates to three of the six employees identified.

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

2. Purchasing Exceptions

Our sample testing of 25 payments identified 1 instance whereby the authorised purchase order was for less than the amount of the final invoice.

Rating: Minor

Implication

Risk of unauthorised goods and services being purchased and liabilities being incurred.

Recommendation

We recommend purchase orders be used for all purchases with the exception of utilities and regular payments. These purchase orders should be authorised as approval that the goods and services are to be ordered, prior to ordering.

Management comment

All purchases are authorised via a purchase order. In some instances, quotes or cost estimates may vary to the final payment amount.

Responsible person: Gaye Mather, Senior Finance Officer

Completion date: On Going

3. Masterfile Changes

Our enquiries of management indicated that while an independent review of any payroll and creditor masterfile changes is conducted monthly, there is currently no documented procedure relating to making these changes.

Rating: Minor

Implication

There is an increased risk that required changes to the master-files are untimely and the process of making the changes to master-files is not consistent across the Shire.

Recommendation

We recommend a documented procedure be developed and communicated to all finance staff in respect of making masterfile changes.

Management comment

Noted – we'll look at implementing some formal structures/procedures around Masterfile changes.

SUMMARY

Council to consider receiving the 2023/24 Independent Auditor's Report from the Office of the Auditor General.

BACKGROUND

The audit of the 2023/24 Financial Report was conducted by AMD Chartered Accountants in September 2024.

The Independent Auditor's Report was received on 18 October 2024.

COMMENT

The draft 2023/24 Independent Auditor's Report is attached.

The Audit and Risk Committee will meet on 30 October 2024 prior to the Council meeting. The report will be signed by the OAG after the Audit and Risk Committee meeting.

The signed report will then be included in the Annual Report once adopted by Council and shown in the minutes.

The recommendation listed below is subject to the Committee's final resolution.

STATUTORY ENVIRONMENT

INDEPENDENT AUDITOR'S REPORT 2024 Shire of Beverley

To the Councillors of the Shire of Beverley

Opinion

I have audited the financial report of the Shire of Beverley (Shire) which comprises:

- the Statement of Financial Position at 30 June 2024, the Statement of Comprehensive Income by Nature or Type, Statement of Changes in Equity, and Statement of Cash Flows and Statement of Financial Activity for the year then ended.
- Notes comprising a summary of significant accounting policies and other explanatory information.

In my opinion, the financial report is:

- based on proper accounts and records
- presents fairly, in all material respects, the results of the operations of the Shire for the year ended 30 June 2024 and its financial position at the end of that period
- in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

Basis for opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial report section below.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other information

The Chief Executive Officer (CEO) is responsible for the preparation and the Council for overseeing the other information. The other information is the information in the entity's annual report for the year ended 30 June 2024, but not the financial report and my auditor's report.

My opinion on the financial report does not cover the other information and, accordingly, I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or my knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

Attachment 11.6

Responsibilities of the Chief Executive Officer and Council for the financial report

The Chief Executive Officer of the Shire is responsible for:

- preparation and fair presentation of the financial report in accordance with the requirements of the Act, the Regulations and Australian Accounting Standards
- managing internal control as required by the CEO to ensure the financial report is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the CEO is responsible for:

- assessing the Shire's ability to continue as a going concern
- disclosing, as applicable, matters related to going concern
- using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the Shire.

The Council is responsible for overseeing the Shire's financial reporting process.

Auditor's responsibilities for the audit of the financial report

As required by the *Auditor General Act 2006*, my responsibility is to express an opinion on the financial report. The objectives of my audit are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

A further description of my responsibilities for the audit of the financial report is located on the Auditing and Assurance Standards Board website. This description forms part of my auditor's report and can be found at https://www.auasb.gov.au/auditors_responsibilities/ar4.pdf.

My independence and quality control relating to the report on the financial report

I have complied with the independence requirements of the *Auditor General Act 2006* and the relevant ethical requirements relating to assurance engagements. In accordance with ASQC 1 *Quality Control for Firms that Perform Audits and Reviews of Financial Reports and Other Financial Information, and Other Assurance Engagements*, the Office of the Auditor General maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Attachment 11.6

Matters relating to the electronic publication of the audited financial report

This auditor's report relates to the financial report of the Shire of xxxxxxx for the year ended 30 June 2024 included in the annual report on the Shire's website. The Shire's management is responsible for the integrity of the Shire's website. This audit does not provide assurance on the integrity of the Shire's website. The auditor's report refers only to the financial report. It does not provide an opinion on any other information which may have been hyperlinked to/from the annual report. If users of the financial report are concerned with the inherent risks arising from publication on a website, they are advised to contact the Shire to confirm the information contained in the website version.

SUMMARY

Council to consider that the 2023/24 Councillors' Declaration be signed and received.

BACKGROUND

The Councillors' Declaration was first introduced by Council in 2012/13 to demonstrate Council's satisfaction of the appropriateness and integrity of the financial reports being presented.

COMMENT

The Councillors' Declaration is not a legislative requirement, however it gives Council a responsibility in ensuring that the contents of the annual report and annual financial report are accurate and in line with appropriate legislation and standards.

The declaration also stipulates that it is the opinion of Council that all outstanding debts will be paid when due.

The Audit and Risk Committee will meet on 30 October 2024 prior to the Council meeting. The recommendation listed below is subject to the Committee's final resolution.

The signed declaration will be included in the Annual Report once adopted and shown as a complete document in the minutes.

SUMMARY

Council to consider that the draft 2023/24 Annual Report be accepted.

BACKGROUND

The 2023/24 Annual Financial Report has been produced in-house by the Deputy Chief Executive Officer and was audited by AMD Chartered Accountants in September 2024.

COMMENT

The draft 2023/24 Annual Report is attached for Council's consideration.

The Audit and Risk Committee will meet on 30 October 2024 prior to the Council meeting. The recommendation listed below is subject to the Committee's final resolution.

The final report including the OAG stamped financials will be formatted as a complete document after adoption and shown as a complete document in the Minutes.

STATUTORY ENVIRONMENT

The *Local Government Act 1995* outlines the following in relation to the Annual Report:

5.53. Annual reports

- (1) The local government is to prepare an annual report for each financial year.
- (2) The annual report is to contain —
 - (a) a report from the mayor or president; and
 - (b) a report from the CEO; and
 - [(c), (d) *deleted*]
 - (e) an overview of the plan for the future of the district made in accordance with section 5.56, including major initiatives that are proposed to commence or to continue in the next financial year; and
 - (f) the financial report for the financial year; and
 - (g) such information as may be prescribed in relation to the payments made to employees; and
 - (h) the auditor's report for the financial year; and
 - (ha) a matter on which a report must be made under section 29(2) of the *Disability Services Act 1993*; and

- (hb) details of entries made under section 5.121 during the financial year in the register of complaints, including —
- (i) the number of complaints recorded in the register of complaints; and
 - (ii) how the recorded complaints were dealt with;
- and
- (iii) any other details that the regulations may require;
- and such other information as may be prescribed.

5.54. Acceptance of annual reports

- (1) Subject to subsection (2), the annual report for a financial year is to be accepted* by the local government no later than 31 December after that financial year.

* *Absolute majority required.*

- (2) If the auditor's report is not available in time for the annual report for a financial year to be accepted by 31 December after that financial year, the annual report is to be accepted by the local government no later than 2 months after the auditor's report becomes available.

5.55. Notice of annual reports

The CEO is to give local public notice of the availability of the annual report as soon as practicable after the report has been accepted by the local government.

Local Government (Financial Management) Regulations 1996 provide:

51. Completion of financial report

- (1) After the annual financial report has been audited in accordance with the Act the CEO is to sign and append to the report a declaration in the form of Form 1.
- (2) A copy of the annual financial report of a local government is to be submitted to the Departmental CEO within 30 days of the receipt by the local government's CEO of the auditor's report on that financial report.

STATEMENT BY SHIRE PRESIDENT

In August 2023 the Commonwealth Government announced a new Grants Program which was named regional Precincts and Partnerships Program “rPPP”. Unlike previous grants programs, the rPPP has two stages.

Under Stage 1, a pool of \$80 million is available for planning purposes and is limited to a maximum of \$5 million for any one applicant and a minimum of \$500,000.

Stage 2, a pool of \$320 million is available for construction purposes and is limited to a maximum of \$50 million for any one applicant and a minimum of \$5million.

This program was identified by the Council as an opportunity to potentially access funding for planning which has never previously been available, The Council has known for some time the many projects that might be developed to improve the facilities to the community of Beverley. Knowing is one thing, but having the grant funding available to achieve these aims is another.

In any grants program, the most important aspect of being able to apply for funds is having a plan that is ‘shovel ready’ and can adequately support any application. Unfortunately, developing any plan requires the assistance of consultants and these costs can be significant.

So, rPPP was seen as an opportunity to make an application under stage 1 for funding to develop plans for the facilities identified for Beverley and thereby be ready for future grants programs as they are made available.

From this, the Council engaged Mr. Mark Casserley to assist in this process, and from this a proposal named ‘Beverley 2035’ was developed which seeks to identify the ten main projects which would benefit Beverley. These projects would be slowly developed over several years.

This application was completed and lodged in September.

As the Council already had a plan for the redevelopment of the swimming pool, an application was made and lodged in February for funding under stage 2 of the rPPP. So far there is no indication when this application might be assessed.

On behalf of Council, I would like to thank Mr. Casserley for his assistance and to those members of the Community who provided feedback at each of the three meetings that were held in the week commencing Monday 12th August.

Among other matters coming to the Council this year, Beverley 2035 occupied a lot of time and has been seen as an opportunity to put into place all the issues that could benefit the community. Whether we are successful in our applications or not, Beverley 2035 will provide future Councils with a sense of direction.

CEO recruitment is also now occupying Council. Changes to the Local Government Act has meant that any Local Government whose CEO is coming to the end of a 10-year contract with a Local Government, must advertise the position and go through the process of selecting a CEO. The CEO

whose contract has reached the ten-year expiration is able to reapply for the position. This is the situation with Beverley.

Mr. Stephen Gollan has served as CEO since 2012 and his contract expires towards the end of January 2026. His service and record over these years has been outstanding. Among his achievements has been a significant amount of infrastructure development that has benefitted the community.

With the completion of the redevelopment of the Old School Building into a Civic Centre including relocated Council Chambers, under Mr. Gollan's leadership approximately \$17 million dollars has been invested into the community to provide such things as a new recreation centre, skate park, the Cornerstone building, improvements to the Town and Lesser Halls, new accommodation cabins, and a redeveloped Vincent Street. Funding for these projects has come largely from Grant programs which underpins the importance of the rPPP to Beverley.

The process for the CEO recruitment involves the appointment of a Panel to oversee the recruitment. This Panel comprises all Councillors as well as Mr. Lew Shaw the Independent Representative and Mrs. Lydia Highfield as the Consultant. It is planned that advertising will commence early in 2025 with selection completed towards the middle of 2025.

Mr. Gollan is eligible to reapply for this position.

The bridges within the Shire are of concern to the Council due to their age and size. Larger farming equipment and an increase in road train activity means these bridges require urgent attention. Main Roads has acknowledged the situation and begun work to assist in remediation. Inflation is proving to be a major problem with costs increasing at an alarming rate.

Council is also supporting the staff with the investigation of holding an Air Show in Beverley in March 2026. It is a large undertaking but Shire has the support of the Beverley Soaring Society in this project. Mr. Stefan de Beer, Mrs. Jacinta Murray, and, Mr. Geoff Overhue recently travelled to Murray Bridge in South Australia to attend an Air Show. Knowledge gained here has proven invaluable. I would like to thank Mr. John Barrett Lennard who has volunteered to join the Committee given his past experience with the last Air Show held in Beverley in the '70s.

Finally, I would like to acknowledge the commitment and work by all the staff at the Shire during a year that has proved challenging. To the CEO, Stephen Gollan, I commend his leadership and to all the staff, thank you for your commitment to Beverley. To Councillors, thank you for your commitment to the work involved.

Cr David White
Shire President

STATEMENT BY THE CHIEF EXECUTIVE OFFICER

I am pleased to present the 2023/24 Annual Report to elected members, ratepayers and residents.

In 2023/24 rate levels increased a modest 5% as the cost of living pressures became increasingly noticeable. Since 2019/20 Rate revenue has increased on average by 3.3% per year, the increase of 5% in 2023/24 increased this average to 3.5%. Shire staff are continually seeking external funding to lessen the burden on ratepayers whilst still moving forward with capital projects and improving facilities.

The 23/24 financial year was another year of planning and consolidation as Council and staff continued to plan, manage and implement initiatives that invest in the sustainable future of Beverley on behalf of our community.

A snapshot of the year in review:

July

The Chief Executive Officer is required to undertake reviews of the appropriateness and effectiveness of the financial management systems and procedures of the local government not less than every three financial years and report to Council the results of those reviews. The review procedures undertaken included documentation, analysis and testing of financial internal controls. The Shire's financial records were examined to ascertain the level of effectiveness of the financial systems.

At the Ordinary Council Meeting Meeting, 25 July 2023, Council received the report noting the Audit and Risk Committee had commended Management for the results, showing very sound internal controls and compliance.

Behind the scenes' staff were working on a grant funding application to the Department of Planning, Lands and Heritage for Workers Accommodation; the proposed changes to the Aboriginal Cultural Heritage Act; a local law review and the adoption of the 24/25 budget.

August

Council awarded \$7,000.00 in the first round of the 23/24 Community Grants program. Of those grants, a highlight was a community education presentation on the Safe4Kids program focusing on child abuse prevention. The program as a whole was presented to students, staff and community members including grandparents and family friends over a two-day period.

A seniors concert held in the Beverley Town Hall was attended by approximately 65 members of our community, it was well received with many looking forward to the next performance.

September

Not the exact marketing Council was looking for in terms of promotion but nonetheless a drunken misadventure by two visiting people put Beverley on the map when they inadvertently pulled down a rail crossing in the middle of the night. The footage of their escapade was viewed by 2 million people world wide. Staff did their best to promote the town in a better light during the media coverage.

Council gave the approval for staff to submit an application for the Beverley Swimming Pool Upgrade to the Community Sport and Recreation Facilities Fund (CSRFF) managed by the Department of Local Government, Sport and Cultural Industries (DLGSC). Consultation occurred with user groups, peak bodies and the general community who are all supportive of the upgrade to the pool to deliver an inclusive, accessible and safe facility. This project is the first stage of a two-stage larger program

of works which intends to also upgrade the changerooms, kiosk, storage and other supporting infrastructure. Planning for this Project has occurred since 2018 with the development of needs analysis, feasibility study, management plan and cost estimate. The total project is expected to cost approximately \$2M.

In the background Shire Staff were holding several meetings to give consideration to hosting an Air Show in Beverley.

October

Council elections were held where we farewelled Cr Gogol, Cr Seed and Cr Norman. An indication of the great place Beverley is to live and work, Cr Gogol retired after a 16 years of service and we welcomed back former Councillors Dee Ridgway and Darryl Brown.

After 6 months of work and public consultation, the Beverley Airfield Policy was adopted, along with an update of the Local Emergency Management Arrangements which is required to be reviewed every five years.

The Shire commenced a small joint project with the Year 3 students from Beverley District High School after they wrote requesting a water fountain at Avon River Park. Council agreed on the proviso that the students help with type, design and location of the fountain.

November

The 2023 – 2033 Strategic Community Plan (SCP) was adopted. The process involved a full review of the 2013-2023 SCP commencing in April 2023 with a Council workshop session facilitated by Caroline Robinson. Following this, a public consultation workshop was held and also included groups and organisations being contacted for feedback and input into the plan. A draft plan was then developed and further workshopped with Council in August 2023. With final amendments made to profile statistics, updated achieved list, updated risks, updated strengths and opportunities and a new strategic direction going forward, it was adopted in November.

Bridge repair and replacement was and still is an ongoing issue for the Shire. In November a contract was awarded to Dawson's Concrete for the replacement of the Kokeby East Road bridge. Also in November, Humes was given the contract to provide the box culverts for the replacement of the Bremner Road bridge. 11 other bridges in the Shire were being treated for termites and emergency repairs to bridges on Mawson Road (730) and Westdale Road (723) were completed.

December

The Disability Access and Inclusion Plan 2023 – 2028 was adopted after three months of consultation with the community and relevant stakeholders. The review highlighted the excellent progress made by the Shire over the last five years and identified further improvements that can be made into the future.

The Shire furthered its digitisation project of cemetery records by moving St John in the Wilderness records on to Chronicle. This process produces efficiencies from a customer service and operational perspective. Dealing with customers is much more streamlined and reliable; and the management of the cemeteries, including the digging of graves, has been significantly improved through utilising the digital system.

After 20 years and two hundred thousand kilometres, we were pleased to advise the Community that the old Community Bus replacement had arrived in the form of a 21 seat Toyota Coaster. The bus is a great asset which is used and hired out almost every week.

The Beverley Air Show gained traction with the suggestion that Councillors and Beverley Soaring Society join staff to form a small working group in the new year.

January

Whilst many people head off on holiday to escape the summer heat for a well earned rest, management and staff were busy holding internal workshops to work on an initiative now known as Beverley 2035. Ideas for the future benefit of Beverley had come to light through the development of the SCP, Councils Long-Term Financial Plan and general discussions including the Annual Electors Meeting and Ordinary Council Meetings.

Council appointed Sonic Charge to apply for grant funding for an EV charger in the Cornerstone Carpark on the Shire's behalf.

February

The second round of Community Grants was awarded. In total, Council contributed almost \$10,000 to worthwhile community projects.

Staff and Council completed statutory requirements including the Budget Review, Regulation 17 Review and Compliance Audit Return.

The Shire continued its focus on tourism with the adoption of the Department of Transport Cycling Strategy, Beverley Trails Masterplan and the Avon Valley Tourism Memorandum of Understanding.

March

The next budget (24/25) preparations commence annually in March with staff and Council working on and endorsing the five year road construction program, ten year plant replacement program and five year regional road group program.

The Community Markets moved to the Town Hall as the Old School Building commenced renovation in order to become the new Civic Centre.

The Air Show working group set a date for March 2026 to allow sufficient time for proper planning, determination of roles and applying for any available funding. The working group continue to meet monthly to bring this significant event together.

Finally, in March 2024 we were excited to learn the Shire were awarded a grant of \$667,179.00 for the Beverley Swimming Pool Upgrade to the Community Sport and Recreation Facilities Fund (CSRFF). Work will commence at the end of the 24/25 season, in the meantime staff are still actively applying for other grants (including the rPPP2 stream submission made in February 2024) to reduce the capital burden on ratepayers.

April

Council formally resolved to submit a grant funding application to rPPP funding Stream One after its internal workshops throughout the start of the year determined that the vision for Beverley 2035 had identified and prioritised the following planning projects:

1. Refurbish the Beverly Aquatic Centre (a Stream 2 application submitted Feb 24);
2. Industrial land servicing and release for development;
3. Residential land servicing and release for development;
4. Intergenerational Centre – aged care to child care;
5. Essential worker accommodation;
6. Relocation of the Shire depot;
7. Caravan park expansion;
8. Avon River Park development and Trails plan implementation;
9. Creative spaces – Cultural Centre; and
10. Recreation precinct development – Indoor Sports Centre and Function Centre.

The rPPP Stream One funding opportunity represents a once in a generation opportunity to access up to 100% of planning costs for Councils identified Beverley 2035 projects. Thank you to Simon Marshall, Stefan de Beer, David White and Mark Casserley for the significant amount of work put in to date on this project.

May

Council responded to the Community's call for the establishment of Neighbourhood Watch. Council agreed this is a worthwhile group and is the point of distribution for flyers and information. The Shire works closely with the Beverley Police assisting with CCTV where possible. We firmly believe a safe community is a happy community.

Tree lopping to the value of \$80,000 was completed on sections of Piccadilly Road, Northbourne Road, Kennedy Road, Wyalgima Road, Simms Road, Potts Road, Mills Road, Glencoe Road, Kokendin Road and Dobaderry Road.

June

It was a long time coming following the severe storm experienced in March 2023, however Council was excited to award a tender of over \$6M to MC Civil Contractors for the completion of the AGRN1061 EPA Reinstatement Project. I extend my sincere thanks to the community for their patience whilst the process to access funding through the Disaster Recovery Funding Arrangements WA (DRFAWA) took place. The recovery funding is managed by the Department of Fire and Emergency Services (DFES).

Council was also delighted to announce that Airfield Lighting Upgrade was complete. Volunteer Ambulance Officer of 32 years and St John Beverley Sub-Centre Vice Chairperson, Mrs Jenny Rayner, was handed the keys to the new airfield lighting system at the Beverley Airfield on 6 June 2024. The inground lighting is hardwired and will ensure regional air services, including the Royal Flying Doctor Service, can utilise our airstrip safely and effectively. The total project cost was \$375,000.00 and was funded by \$151,401.00 from the Australian Government's Regional Airports Program Round 3 grant scheme, as well as \$40,000 from Reserve funds which were raised by Mr John Lane and St John's Volunteers when the original solar light system was installed.

To round out the financial year, the handover of the Stage 1 of the Civic Centre was held on 26 June 2024. Council is looking forward to their move into the building in September 2024.

Conclusion

The above snapshot is just a very small representation of what has happened in the Shire over the 23/24 financial year and doesn't mention in detail our other services that include the issue of 44 building permits, the 443 tonnes of rubbish collected, the 3645 Department of Transport transactions undertaken, 8 graves dug, the hundreds of kilometres of roads graded, the 38 planning permits issued or the 749 cabins cleaned....just to name a few.

Thank you to the Shire staff who undertake their positions with professionalism and to the best of their ability. Sincere appreciation is extended to our Councillors who volunteer their time and make decisions for the benefit of their community. We acknowledge that not all our decisions can be received favourably but they are always made on their merits, abiding by any relevant legislation and for the good of Beverley. On the whole, I believe we have the continued support of the Community and hope that the Shire can continue to attract external funding to carry out our Beverley 2035 aspirations that will serve future generations well past 2035.

COUNCILLOR TRAINING REPORT 2023/24

All newly and re-elected Councillors are required to complete 'Council Member Essentials'.

WALGA's Council Member Essentials encompasses all five of the required training courses. This training has been specifically developed to deliver the essential skills and knowledge required by an Elected Member to perform their role as defined in the Local Government Act 1995.

The five courses are:

- Understanding Local Government;
- Conflicts of Interest;
- Serving on Council;
- Understanding Financial Reports and Budgets; and
- Meeting Procedures

In October 2023, the Local Government Election was held with Cr Darryl Brown and Cr Dee Ridgway newly elected to Council. Cr Lawlor was re-elected. Cr Brown having already been a Councillor in the last five years has already completed Understanding Local Government and Conflicts of Interest. He has until October 2023 to complete the remaining three courses. Cr Ridgway has completed four of the five courses.

The remaining five elected members have all completed their CME training.

Council has 'EM010 Councillor Training and Professional Development Policy' and through this policy, Councillors are encouraged to request additional training if they so wish.

ACHIEVEMENTS

During the 2023/24 Financial Year Council achieved the following:

STRATEGIC ACTIVITIES	OUTCOME
1. Maintain Moderate Rate Increases	<p>Council resolved to increase Rates by 5% in 2023/24. Civil and construction costs are coming under increasing inflationary pressure tied to high demand for those services and material.</p> <p>Council maintained its 10% discount for Rates paid by the discount date. The Shire of Beverley is the only Local Government Authority that continues to offer such an incentive in the State.</p>
2. Old School Building - Civic Centre and Town Square	<p>Refurbishment works on the Old School Building progressed well through the second half of 23/24.</p> <p>The project will breath new life into an aging asset and will be well utilised as the civic hub for Council related functions and events including Council Meetings.</p> <p>Works, including upgrades to the Town Square, are expected to be completed in October 2024.</p> <p>This project was partially funded by the Federal Governments Local Roads and Community Infrastructure Program Round 4.</p>
3. Airfield Runway Lighting Upgrade	<p>Runway lights at the Beverley Airfield were upgraded to a hard wired system to ensure reliable operation which is critical given the utilisation by Emergency Services, in particular the RFDS.</p> <p>The upgrade was partially funded through the Federal Governments Regional Airports Program Round 3.</p>
4. Vincent Street CCTV	<p>Two number plate recognition CCTV cameras were installed in Vincent St, expanding the Town site CCTV network.</p> <p>The installation was timely as vision of vandalism of the railway crossing signals was captured very soon after going live.</p> <p>The footage went viral receiving around 2 million views online and the perpetrator was caught.</p>
5. Road Construction	<p>Council invested \$2.28 Million in road construction works during 2023/24.</p> <p>This represents 53% of Councils capital expenditure for the year.</p> <p>Road construction works for 2023/24 covered 29 Km.</p>
6. Maintain Acceptable Debt Levels	<p>Council did not raise any loans during the 2023/24 financial year.</p> <p>Council's overall debt as at 30 June 2024 was \$1.975M.</p> <p>Council's debt servicing ratio, which compares operating surplus to principal and interest expenses, strengthened to 8.84.</p> <p>Council's internal ratio of Rates to Debt, which expresses Rates raised as a multiple of debt levels was 1.46.</p> <p>Council intends to raise \$4.5M in loan funds in 2024/25 to partially fund Swimming Pool upgrades, build eight Essential Worker Houses and expand the Caravan Park Cabins by six Units.</p>

KEY STRATEGIC ACTIVITIES FOR 2024/25

The following are the key activities funded in the 2024/25 Annual Budget and these will contribute in achieving the strategic vision, goals and outcomes detailed in the Shire's Strategic Community Plan.

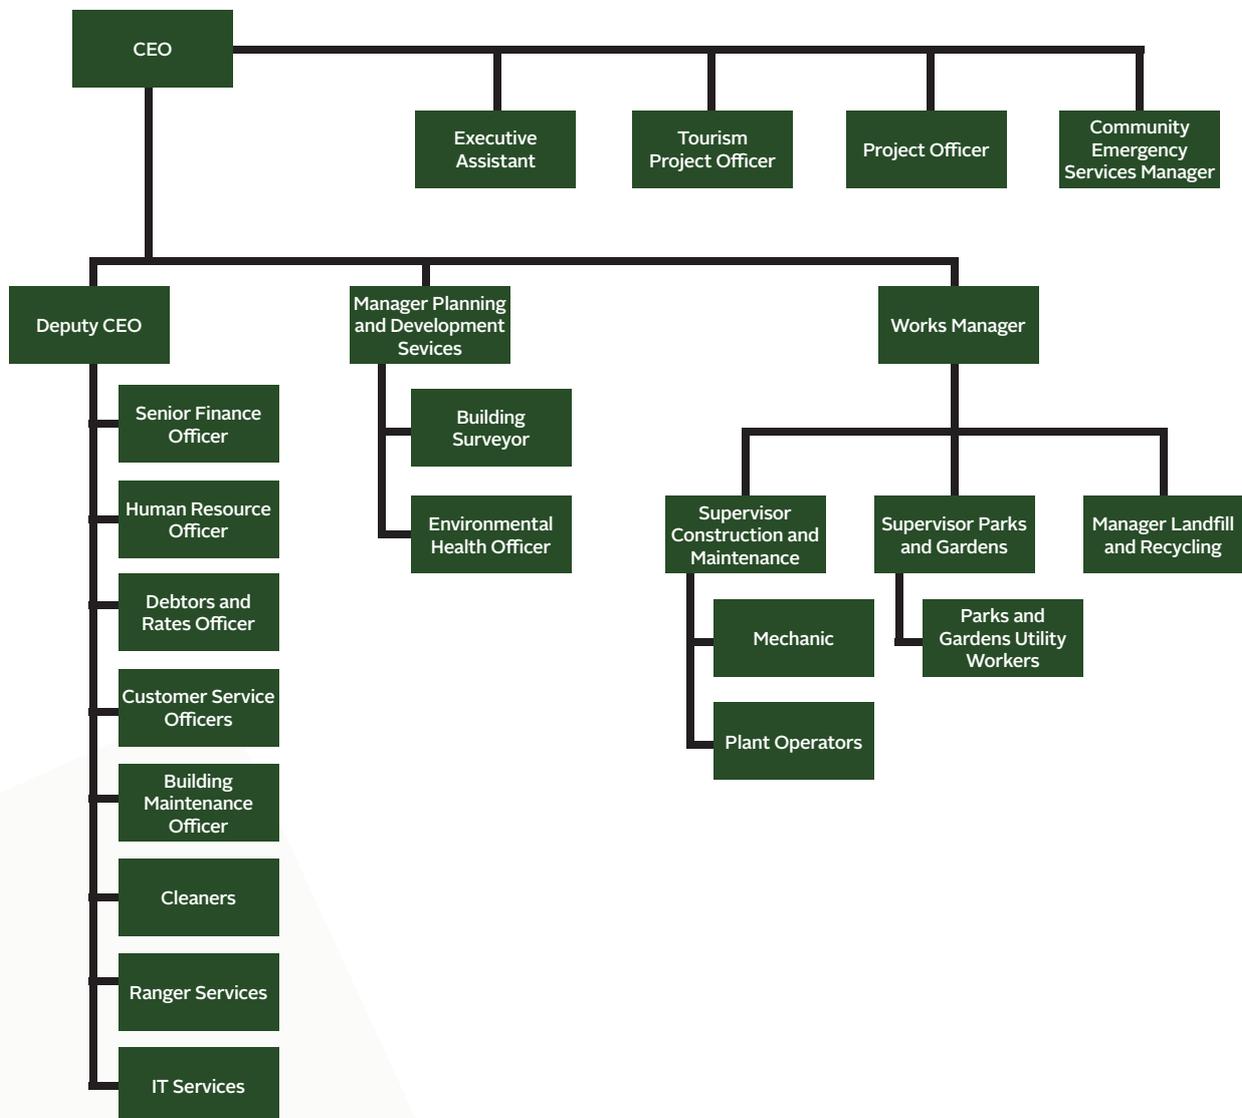

STRATEGIC ACTIVITIES	PLANNED WORKS	TIMELINE
Swimming Pool Upgrade – Stage 1	Completion of upgrade works to the swimming pool including renewal of plant room and filtration infrastructure, access ramp and steps, renewal of diving blocks, paving renewal and general landscaping works.	Complete by October 2025.
Old School Building – Civic Centre Upgrade	Completion of upgrade works to the Old School Building including relocation of toilet block and general internal renovation works to allow the relocation of the Council Chambers and the creation of a dedicated civic ceremony space.	Complete by October 2024.
Electric Vehicle (EV) Fast Charger	Install an EV fast charger at the Cornerstone to attract EV visitors to Town. Council has entered into an Own and Operate agreement with a third party to provide this service at no cost to the rate payer.	Complete by June 2025.
Housing and Accommodation	Subject to funding, plans are in place to construct eight Essential Worker Units and expand the Carvan Park Cabins by six Units.	Complete planning by June 2024. Complete construction by June 2025.
Bridge Works	Replacement works on Bridge 3205 Bremner Road and Bridge 3197 York Williams Road will progress in 2024/25. Refurbishment works on Bridge 3195A Waterhatch Road will also progress.	Complete by June 2025.
Road Construction	Ongoing upgrade and renewal works across the Shire including Waterhatch, Edison Mill and Mawson Roads and a continued 2nd seal, gravel resheeting, roadside spraying and tree lopping program. Storm damage works associated with AGRN 1061 will also proceed following \$7.7M in recovery funding being secured.	Complete by June 2025.

ORGANISATIONAL STRUCTURE

The Shire of Beverley staff members are part of the corporate structure headed by the Chief Executive Officer. This corporate approach ensures that staff members work towards achieving common goals.

The Shire's staff are organised across four Divisions, Community Services, Corporate Services, Infrastructure Services and Technical Services. Whilst the Chief Executive Officer is responsible for the overall management of the organisation, each Division has its own Senior Officer who oversees the functioning of their respective Division. The Corporate Management Team implements and administers the policies of the Elected Members.

LEGISLATIVE COMPLIANCE

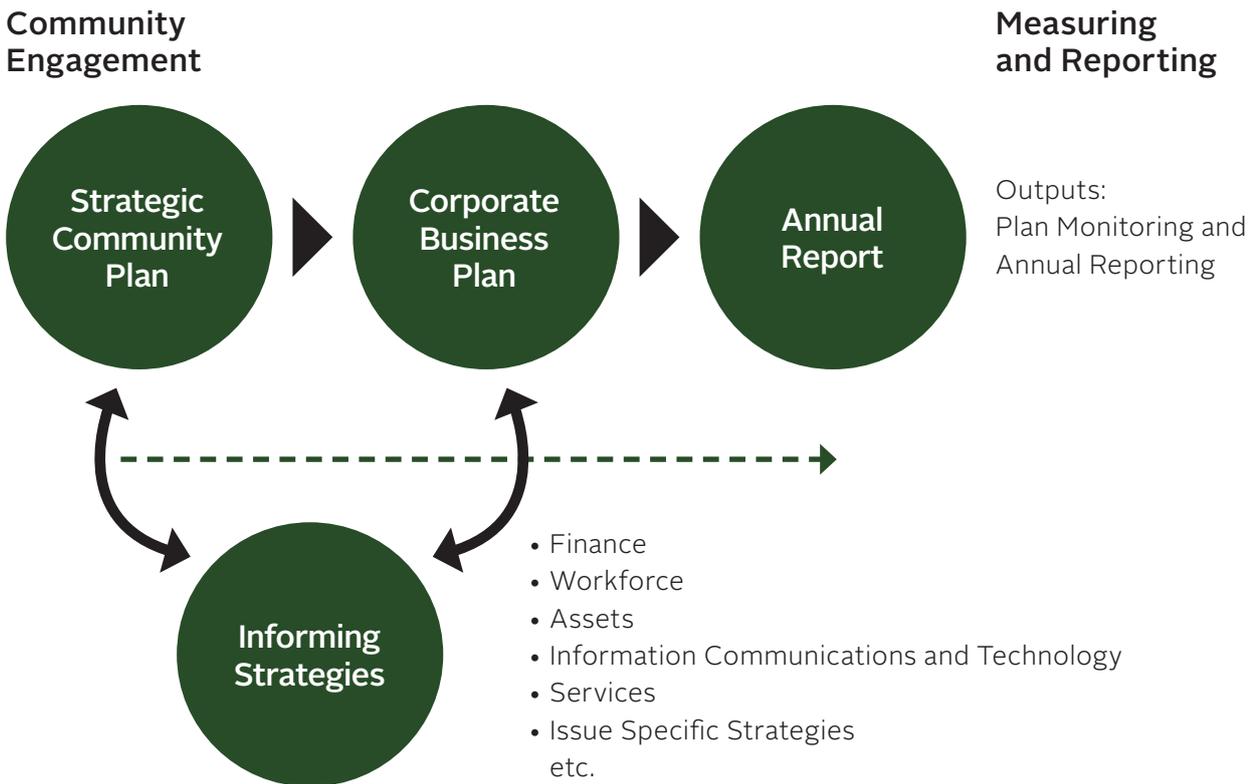

INTEGRATED PLANNING AND REPORTING (IPR) FRAMEWORK

The IPR framework is designed to establish community priorities and linking this information into different parts of a local government’s functions.

The IPR framework requirements are outlined in the Local Government (Administration) Regulations Division 3 – Planning for the Future.

The minimum requirements of the Regulations stipulate that the Local Government is to produce a Strategic Community Plan covering a period of no less than 10 years and a Corporate Business Plan covering a period of at least four years.

The diagram below illustrates the different elements of the IPR:

ELEMENTS OF INTEGRATED PLANNING AND REPORTING FRAMEWORK

STRATEGIC COMMUNITY PLAN

Our Strategic Community Plan 2023-2033 is a Council visionary forward planning document based on community feedback, our current position and desired position.

REVIEW

Council completed a full major review of the 2017-2027 Strategic Community Plan over the period May-September 2023. It was decided that a slightly different approach for the plan occur and therefor a new 10 year plan was adopted rather than a five year review.

Council's vision, value's, priorities and goals remain as:

OUR VISION:

A vibrant and progressive community which values its history in a welcoming and friendly place to live, work and visit. Beverley is the place to BE!

WE VALUE:

- The contributions made by our community towards an inclusive, active, diverse and friendly community
- Our natural resources and our place in the natural environment
- Economic diversity and opportunistic growth
- Forward thinking leadership and good governance

COUNCIL PRIORITIES:

1. Our investments support or facilitate employment and local business growth.
2. Our people, the community and quality of life are important to our success.
3. Our relationships bring financial, social, health and environmental benefits to the organisation and residents

GOALS:

There are four strategic pillars to our Strategic Integrated Plan – economy, community, environment and civic leadership. For each pillar there is an aspiration and desired outcomes. The Shire will report against these outcomes.

Within each pillar there are details of what we will focus on aside from our 'business as usual' approach and desire for continuous improvement.

Achievements that meet the outcomes in the 2023/24 financial year are listed on the following pages.

2023/24 STRATEGIC COMMUNITY PLAN ACHIEVEMENTS

There are 46 identified outcomes in the Shire of Beverley's Strategic Community Plan to be achieved over ten years, 2023-2033. The following 8 outcomes were achieved during the 2023/24 financial year:

1. ECONOMY

- **Achievement of the footpath strategy: Council invested \$100,000.00 into a safe and user friendly footpath network. 2023/24 was the 8th year of the 10 year plan.**
- **Diverse and vibrant central business district: Council completed the Civic Centre redevelopment and commenced work on the front garden to compliment the mainstreet redevelopment that was completed in 2022.**
- **Locals can participate in the workforce: One staff member commenced a new traineeship in Automotive Servicing and Repairs.**

2. COMMUNITY

- **Volunteer run community groups are supported in achieving their goals: Council contributed almost \$10,000.00 to five different organisations through the Community Grants program. Activities included the presentation of the Safe4Kids program and the completion of a Strategic Plan by the Beverley Early Years Network.**

3. ENVIRONMENT

- **Demonstrated achievement of the Trails Masterplan: Council adopted a new Trails Masterplan in November 2023 and is actively applying for grants to develop two trails.**

4. CIVIC LEADERSHIP

- **Community is consulted and informed: Community consultation was held throughout 2023/24 for the development of the Strategic Community Plan, Disability Access and Inclusion Plan, Local Laws Review and Trails Masterplan.**
- **External funds and strategic partnerships assist us achieve our goals: The Shire of Beverley was the recipient of \$667,179.00 for the Beverley Swimming Pool Upgrade from the Community Sport and Recreation Facilities Fund (CSRFF).**
- **Responsible management of Council assets and finances: In June 2024, the Shire received advice of “2022-23 Best Practise Entities” recognition by the OAG. The recognition was for timeliness and quality of financial reporting and controls. A great achievement for Staff & Council.**

INFORMING STRATEGIES

CORPORATE BUSINESS PLAN

The Shire of Beverley’s Corporate Business Plan demonstrates how Council is going to achieve the Communities aspirations as identified in the Strategic Community Plan covering a medium term, four year time frame.

The Corporate Business Plan was adopted in 2014 and provides direction to the CEO regarding medium term operational and capital investment parameters.

A desktop review of the Corporate Business Plan is completed annually as part of the annual budgeting process.

There were no modifications made to the Shire of Beverley’s Corporate Business Plan in the 2023/24 financial year.

10 YEAR LONG TERM FINANCIAL PLAN (LTFP)

The LTFP reflects detailed financial workings based on achieving the objectives of the Strategic Community Plan and incorporating elements of workforce planning and asset management. The LTFP 2020 - 2030 was revised and adopted in 2019.

4 YEAR WORKFORCE PLAN (WFP)

The WFP, first adopted in 2013 and reviewed in 2019, provides a detailed management plan of Council’s workforce which reflects the staffing requirements required to achieve the objectives of the Strategic Community Plan. The WFP was reviewed as part of the LTFP review process. A full review will be completed in 2024/25.

10 YEAR INFRASTRUCTURE ASSET MANAGEMENT PLAN (IAMP)

The IAMP, first adopted in 2013, reflects the renewal requirements of Council’s infrastructure assets.

The 10 Year Infrastructure Asset Management Plan was reviewed in 2019/20 to assist in informing the review of the 10 year Long Term Financial Plan.

10 YEAR BUILDINGS ASSET MANAGEMENT PLAN (BAMP)

The BAMP, first adopted in 2012, reflects the renewal requirements of Council’s building assets.

The 10 Year Building Asset Management Plan was reviewed in 2019/20. The BAMP assists in informing the review of the 10 Year Long Term Financial Plan.

10 YEAR PLANT REPLACEMENT PROGRAM (PRP)

The PRP, first adopted in 2015, is reviewed annually by Council and reflects Council’s Plant replacement requirements.

NATIONAL COMPETITION POLICY

The introduction of the National Competition Policy requires all local governments to include in the Annual Report, statements relating to the following:

THE STRUCTURAL REFORM OF PUBLIC MONOPOLIES

The intention of the Structural Reform of Public Monopolies, is that:

- There is a separation of regulatory and commercial functions of Public Monopolies.
- There is a separation of natural monopolistic operations and potentially competitive activities of Public Monopolies.
- There is a separation of potential competitive activities into a number of smaller, essentially independent business units.

The Shire of Beverley is not considered a natural monopoly, nor does it conduct any business activity that can be considered a Public Monopoly. Therefore the principle of structural reform of Public Monopolies does not apply to the Shire of Beverley.

COMPETITIVE NEUTRALITY

For significant local government business enterprises, which are classified as 'Public Financial Enterprises', local government will, where appropriate:

- Adopt a corporatisation model for those local government business enterprises.
- Impose on significant business enterprises:
 - Full Commonwealth, State and Territory taxes on tax equivalent systems;
 - Debt guarantee fees directed towards off-setting the competitive advantages provided by government guarantees; and
 - Those regulations to which private sector businesses are normally subject, such as those relating to the protection of the environment and planning and approval processes, on an equivalent basis to private sector competitors.

These principles have been designed to ensure that a local government has no unfair advantage over any competitor in the market place.

These principles only apply to business activities that receive more than \$200,000 in annual income, of which the Shire of Beverley has none, and therefore do not apply to the Shire of Beverley.

Council has not received any allegations of non compliance with Competitive Neutrality Principles from the private sector.

LEGISLATION REVIEW

In accordance with the National Competition Policy, all Local Laws are currently being reviewed.

DISABILITY ACCESS AND INCLUSION PLAN

The Disability Services Act 1993 was amended in December 2004, creating a requirement of public authorities to develop and implement Disability Access and Inclusion Plans (DAIPs). These Plans had to be fully developed by July 2007, and replaced and built on the achievements of Disability Service Plans (DSPs).

A new 2023 – 2028 DAIP was adopted by Council in December 2023.

A DAIP progress report is completed annually and forwarded to the Disability Services Commission. The 2023/24 progress report was completed and submitted in June 2024.

The following overarching strategies have been developed to address each of the seven desired outcome areas of the Disability Services Act from feedback gained in the consultation process.

OUTCOME 1

People with disability have the same opportunities as other people to access the services of, and any events organised by the Shire of Beverley.

STRATEGY
Ensure that people with Disability are consulted on their needs for services and the accessibility of current services.
Monitor Shire services to ensure equitable access and inclusion.
Retain links between the DAIP and other Shire Integrated plans.
Shire organised or funded events are accessible to people with Disability.
Promote Disability Services and programs or events.

OUTCOME 2

People with disability have the same opportunities as other people to access the buildings and other facilities of the Shire of Beverley.

STRATEGY
Ensure that all Shire buildings and facilities are physically accessible to people with Disability.
Ensure that all new or redevelopment work to public buildings and applications incorporates universal access and meets BCA standards.
Continuation of the 10 year footpath program.
Advocate to local businesses the benefits flowing from the provision of accessible venues.
Ensure that all recreational areas are accessible.
Ensure that ACROD parking meets the needs of people with disability in terms of visibility, quantity and location.

OUTCOME 3

People with disability receive information from the Shire of Beverley in a format that will enable them to access the information as readily as other people are able to access it.

STRATEGY

Improve community awareness of Shire information being available in alternative formats.

Improve employee awareness of accessible information needs and how to provide information in other formats.

Ensure that the Shire's website meets accessibility guidelines.

OUTCOME 4

People with disability receive the same level and quality of service from the employees of a public authority as other people receive from the employees of the Shire of Beverley.

STRATEGY

Ensure that all employees, current and new, are aware of disability and access issues and have the skills to provide appropriate service and information.

Ensure that all Shire of Beverley's Policies and procedures relevant to Customer Service are consistent with the DAIP.

OUTCOME 5

People with disability have the same opportunities as other people to make complaints to a public authority.

STRATEGY

Ensure that feedback and grievance mechanisms are known and accessible for people with Disability and are acted upon.

OUTCOME 6

People with disability have the same opportunities as other people to participate in any public consultation by a public authority.

STRATEGY

Ensure that people with disability are actively consulted about the DAIP.

Ensure that all Shire public consultations, forums, workshops and meetings are inclusive and accessible and people with disability are aware of them.

OUTCOME 7

People with disability have the same opportunities as other people to maintain employment with the Shire of Beverley.

STRATEGY

Ensure that inclusive recruitment practices are undertaken when advertising all employment positions.

Improve methods of attracting, recruiting and retaining people with disability.

PUBLIC INTEREST DISCLOSURE

PUBLIC INTEREST

The Public Interest Disclosure Act 2003 (the Act), aims to facilitate and encourage the disclosure of public interest information, and to provide protection for those who have made disclosures, and for those about whom disclosures are made.

The Shire of Beverley does not tolerate corrupt or other improper conduct, including mismanagement of public resources, and the exercise of the public functions of the Shire and its officers, employees and contractors.

The Shire is committed to the aims and objectives of the Act, and recognises the value and importance of contributions of staff to enhance administrative and management practices, and supports disclosures being made by staff regarding corrupt or other improper conduct.

During the 2023/24 Financial Year there were no disclosures made under the Act.

RECORD KEEPING PLAN

The State Records Act 2000 requires that the Shire maintains and disposes of all records in the prescribed manner.

Principal 6 - Compliance: Government Organisations ensure their employees comply with the Record Keeping Plan.

RATIONALE

An Organisation and its employees must comply with the Organisation's Record Keeping Plan. Organisations should develop and implement strategies for ensuring that each employee is aware of the compliance responsibilities.

MINIMUM COMPLIANCE REQUIREMENTS

In the updated Plan 2020-25, the Shire of Beverley has committed to increasing staff awareness of the disposal program for records kept offsite, including understanding and awareness on how to access offsite records; and the development of a Records Disaster Recovery Plan, to include the following strategies:

1. Centralised storage location of Vital Records for easy removal or recovery.
2. A Register of Vital Records, listing where vital records are stored in hardcopy and electronically and how they would be recovered after a disaster.
3. Coordinating details for the salvaging and documenting of damaged records, along with planning an alternative work area.
4. Installation of a Records Disaster Recovery Bin.

In 2021-22 the Shire of Beverley developed its Vital Record Register and Records Disaster Recovery Plan.

In 2022-23 the Shire contracted an external contractor to assist with ongoing archiving and to review the efficiency and effectiveness of our record keeping program. Several recommendations were made and staff are working towards implementation.

In 2023-24 the Shire redeployed a staff member to take on the role of Records Officer two days a week where possible. The Records Officer has undertaken significant research into an electronic records system for the Shire, along with a new understanding of the disposal program for records kept offsite and how to access these records. A regular archiving and disposal process of older records held on site has greatly improved with this position being filled.

REGISTER OF MINOR COMPLAINTS

Section 5.121 of the Local Government Act 1995 (Register of Certain Complaints of Minor Breaches), requires the Complaints Officer for each local government to maintain a Register of Complaints which records all complaints that result in action under Section 5.110(6) (b) or (c) of the Act (Conduct of Certain Officials).

Section 5.53 (2) (hb) of the Local Government Act 1995 requires disclosure in the Annual Report of details of entries made under Section 5.121 during the financial year in the Register of Complaints, including:

- (i) The number of complaints recorded on the register of complaints;
- (ii) How the recorded complaints were dealt with; and
- (iii) Any other details that the Regulations may require.

In accordance with these requirements, it is advised that no complaints or minor breaches under the Local Government Act 1995 were received during 2023/24.

FREEDOM OF INFORMATION

Section 96 of the Freedom of Information Act requires local governments to publish an Information Statement.

In summary, the Shire of Beverley's Statement indicates that the Shire of Beverley is responsible for the good governance of the Shire, and carries out functions as required, including statutory compliance and provision of services and facilities.

No Freedom of Information requests were received in 2023/24.

The full Freedom of Information Statement is available on the Shire website www.beverley.wa.gov.au/documents/general

SHIRE OF BEVERLEY NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2024

1. BASIS OF PREPARATION

The financial report of the Shire of Beverley which is a Class 4 local government comprises general purpose financial statements which have been prepared in accordance with the Local Government Act 1995 and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996* prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the *Local Government Act 1995*, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied except for disclosure requirements of:

- AASB 7 *Financial Instruments Disclosures*
- AASB 16 *Leases* paragraph 58
- AASB 101 *Presentation of Financial Statements* paragraph 61
- AASB 107 *Statement of Cash Flows* paragraphs 43 and 45
- AASB 116 *Property, Plant and Equipment* paragraph 79
- AASB 137 *Provisions, Contingent Liabilities and Contingent Assets* paragraph 85
- AASB 140 *Investment Property* paragraph 75(f)
- AASB 1052 *Disaggregated Disclosures* paragraph 11
- AASB 1054 *Australian Additional Disclosures* paragraph 16

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

The Local Government (Financial Management) Regulations 1996 provide that:

- Land and buildings classified as property, plant and equipment; or
- Infrastructure; or
- Vested improvements that the local government controls;

and measured at reportable value, are only required to be revalued every five years. Revaluing these non-financial assets every five years is a departure from AASB 116: Property, Plant and Equipment, which would have required the Shire to assessed at each reporting date whether the carrying amount of the above mentioned non-financial assets materially differs from their fair value and, if so, revalue the class of non-financial asset.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying amounts of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- Fair value measurement of assets carried at reportable value including:
 - Property, plant and equipment - note 8
 - Infrastructure - note 9
- Expected credit losses on financial assets - note 5
- Assets held for sale - note 7
- Impairment losses of non-financial assets - note 8 and 9
- Investment property - note 12
- Estimated useful life of intangible assets - note 13
- Measurement of employee benefits - note 17
- Measurement of provisions - note 18

Fair value hierarchy information can be found in note 28

The local government reporting entity

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 33 of the financial report.

Initial application of accounting standards

During the current year, the following new or revised Australian Accounting Standards and Interpretations were applied for the first time.

- AASB 2021-2 *Amendments to Australian Accounting Standards - Disclosure of Accounting Policies or Definition of Accounting Estimates*

This standard resulted in terminology changes relating to material accounting policies (formerly referred to as significant accounting policies).

New accounting standards for application in future years

The following new accounting standards will have application to local government in future years:

- AASB 2014-10 *Amendments to Australian Accounting Standards - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*
- AASB 2020-1 *Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current*
- AASB 2021-7c *Amendments to Australian Accounting Standards - Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections [deferred AASB 10 and AASB 128 amendments in AASB 2014-10 apply]*
- AASB 2022-5 *Amendments to Australian Accounting Standards - Lease Liability in a Sale and Leaseback*
- AASB 2022-6 *Amendments to Australian Accounting Standards - Non-current Liabilities with Covenants*

These amendments are not expected to have any material impact on the financial report on initial application.

MATERIAL ACCOUNTING POLICIES

Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Term deposits are presented as cash equivalents if they have a maturity of three months or less from the date of acquisition and are repayable with 24 hours notice with no loss of interest.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

Restricted financial assets

Restricted financial asset balances are not available for general use by the local government due to externally imposed restrictions. Restrictions are specified in an agreement, contract or legislation. This applies to reserve accounts, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement and for which no liability has been recognised.

Units in Local Government House Trust - closing balance	62,378	61,117

Loans receivable from clubs/institutions have the same terms and conditions as the related borrowing disclosed in Note 32(a) as self supporting loans.

Fair value of financial assets at fair value through profit or loss is determined from the net asset value of the units held in the Trust at balance date as compiled by WALGA.

MATERIAL ACCOUNTING POLICIES

Other financial assets at amortised cost

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Fair values of financial assets at amortised cost are not materially different to their carrying amounts, since the interest receivable on those assets is either close to current market rates or the assets are of a short term nature. Non-current financial assets at amortised cost fair values are based on discounted cash flows using a current market rates. They are classified as level 2 fair values in the fair value hierarchy.

Interest received is presented under cashflows from operating activities in the Statement of Cash Flows where it is earned from financial assets that are held for cash management purposes.

Financial assets at fair value through profit or loss

The Shire has elected to classify the following financial assets at fair value through profit or loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which The Shire has elected to recognise as fair value gains and losses through profit or loss.

	<u>170,910</u>	<u>161,235</u>

The carrying amounts of the trade and other receivables include receivables which are subject to a factoring arrangement. Under the factoring arrangement, the Shire of Beverley has transferred the relevant receivables to the factor in exchange for cash and is prevented from selling or pledging the receivables, late payment and credit risk remains with the Shire of Beverley, therefore the Shire continues to recognise the transferred assets in their entirety. The amount repayable under the factoring arrangement is presented as a secured borrowing under other loans at Note 16. The Shire considers that the held to collect business model remains appropriate for these receivables and continues measuring them at amortised cost.

MATERIAL ACCOUNTING POLICIES

Rates and statutory receivables

Rates and statutory receivables are non-contractual receivables arising from statutory requirements and include amounts due from ratepayers for unpaid rates and service charges and other statutory charges or fines.

Rates and statutory receivables are recognised when the taxable event has occurred and can be measured reliably.

Trade receivables

Trade receivables are amounts receivable from contractual arrangements with customers for goods sold, services performed or grants or contributions with sufficiently specific performance obligations as part of the ordinary course of business.

Other Receivables

Other receivables are amounts receivable from contractual arrangements with third parties other than contracts with customers including grants for the construction of recognisable non financial assets.

Measurement

Trade and other receivables are recognised initially at the amount of the transaction price, unless they contain a significant financing component, and are to be recognised at fair value.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

FOR THE YEAR ENDED 30 JUNE 2024**

10. FIXED ASSETS (Continued)

MATERIAL ACCOUNTING POLICIES

Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A(5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at reportable value.

Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under *Local Government (Financial Management) Regulation 17A(2)*. Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses.

Reportable Value

In accordance with *Local Government (Financial Management) Regulation 17A(2)*, the carrying amount of non-financial assets that are land and buildings classified as property, plant and equipment, investment properties, infrastructure or vested improvements that the local government controls.

Reportable value for the purposes of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

Revaluation

Land and buildings classified as property, plant and equipment, infrastructure or vested improvements that the local government controls and measured at reportable value, are only required to be revalued every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on land vested in the Shire.

Whilst the regulatory framework only requires a revaluation to occur at every five years, it also provides for the Shire to revalue earlier if it chooses to do so.

For land, buildings and infrastructure, increases in the carrying amount arising on revaluation of asset classes are credited to a revaluation surplus in equity.

Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Subsequent increases are then recognised in profit or loss to the extent they reverse a net revaluation decrease previously recognised in profit or loss for the same class of asset.

Depreciation

The depreciable amount of all property, plant and equipment and infrastructure, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Depreciation on revaluation

When an item of property, plant and equipment and infrastructure is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- (i) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset.
- (ii) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Impairment

In accordance with *Local Government (Financial Management) Regulations 17A(4C)*, the Shire is not required to comply with *AASB136 Impairment of Assets* to determine the recoverable amount of its non-financial assets that are land or buildings classified as property, plant and equipment, infrastructure or vested improvements that the local government controls in circumstances where there has been an impairment indication of a general decrease in asset values.

In other circumstances where it has been assessed that one or more these non-financial assets are impaired, the asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains or losses on disposal

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

	2024 Actual \$	2023 Actual \$
(a) Lease Liabilities		
Current	0	6,837
Non-current	0	0
31(d)	0	6,837

Secured liabilities and assets pledged as security

Lease liabilities are effectively secured, as the rights to the leased assets recognised in the financial statements revert to the lessor in the event of default.

MATERIAL ACCOUNTING POLICIES

Leases

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts that are classified as short-term leases (i.e. a lease with a term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Details of individual lease liabilities required by regulations are provided at Note 31(d).

Right-of-use assets - measurement

Right-of-use assets are measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (i.e. not recognised in the Statement of Financial Position). The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which are reported at fair value.

Refer to Note 10 under revaluation for details on the significant accounting policies applying to vested improvements.

Right-of-use assets - depreciation

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shorter. Where a lease transfers ownership of the underlying asset, or the cost of the right-of-use asset reflects that the Shire anticipates to exercise a purchase option, the specific asset is depreciated over the useful life of the underlying asset.

	257,205	131,493

Amounts recognised in profit or loss for Property, Plant and Equipment Subject to Lease

Rental income	127,140	101,975
---------------	---------	---------

The Shire leases cropping land, office space and houses to staff and aged persons with rentals payable at varying frequency. These leases are classified as operating leases as they do not transfer substantially all of the risks and rewards incidental to the ownership of the assets.

The staff houses are not considered investment property as they are leased for use in the supply of services to the community. The aged persons housing are not considered investment property as the primary purpose is provision of community housing.

Lease payments for some contracts include CPI increases, but there are no other variable lease payments that depend on an index or rate. Although the Shire is exposed to changes in the residual value at the end of the current leases, the Shire group typically enters into new operating leases and therefore will not immediately realise any reduction in residual value at the end of these leases.

Expectations about the future residual values are reflected in the fair value of the properties.

MATERIAL ACCOUNTING POLICIES

The Shire as Lessor

Upon entering into each contract as a lessor, the Shire assesses if the lease is a finance or operating lease.

The contract is classified as a finance lease when the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases not within this definition are classified as operating leases. Rental income received from operating leases is recognised on a straight-line basis over the term of the specific lease.

Initial direct costs incurred in entering into an operating lease (eg legal cost, cost to setup) are included in the carrying amount of the leased asset and recognised as an expense on a straight-line basis over the lease term.

When a contract is determined to include lease and non-lease components, the Shire applies AASB 15 to allocate the consideration under the contract to each component.

MATERIAL ACCOUNTING POLICIES

Financial liabilities

Financial liabilities are initially recognised at fair value when the Shire becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and any consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are usually paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

Prepaid rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises income for the prepaid rates that have not been refunded.

MATERIAL ACCOUNTING POLICIES

Contract liabilities

Contract liabilities represent the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

Capital grant/contribution liabilities

Capital grant/contribution liabilities represent the Shire's obligations to construct recognisable non-financial assets to identified specifications to be controlled by the Shire which are yet to be satisfied. Capital grant/contribution liabilities are recognised as income when the obligations in the contract are satisfied.

Fair values for non-current capital grant/contribution liabilities, not expected to be extinguished within 12 months, are based on discounted cash flows of expected cashflows to satisfy the obligations using a current borrowing rate.

Secured liabilities and assets pledged as security

Debentures are secured by a floating charge over the assets of the Shire of Beverley.

The Shire of Beverley has complied with the financial covenants of its borrowing facilities during the 2024 and 2023 years.

MATERIAL ACCOUNTING POLICIES

Borrowing costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Borrowings fair values are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 28(i)) due to the unobservable inputs, including own credit risk.

Risk

Details of individual borrowings required by regulations are provided at Note 31(a).

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave and associated on costs for services rendered up to the reporting date and recorded as an expense during the period the services are delivered.

Annual leave liabilities are classified as current, as there is no unconditional right to defer settlement for at least 12 months after the end of the reporting period. Assessments indicate that actual settlement of the liabilities is expected to occur as follows:

MATERIAL ACCOUNTING POLICIES

Employee benefits

The Shire's obligations for employees' annual leave, long service leave and other employee leave entitlements are recognised as employee related provisions in the Statement of Financial Position.

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

28. OTHER MATERIAL ACCOUNTING POLICIES

a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) Statement of Financial Position as at the beginning of the preceding period in addition to the minimum comparative financial report is presented.

e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

f) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which The Shire contributes are defined contribution plans.

g) Fair value of assets and liabilities

Fair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

h) Interest revenue

Interest revenue is calculated by applying the effective interest rate to the gross carrying amount of a financial asset measured at amortised cost except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

i) Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, The Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

j) Impairment of assets

In accordance with Australian Accounting Standards, the Shire's assets are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount except for non-financial assets that are:

- land and buildings classified as property, plant and equipment;
- infrastructure; or
- vested improvements that the local government controls, in circumstances where there has been an impairment indication of a general decrease in asset values.

These non-financial assets are assessed in accordance with the regulatory framework detailed in Note 10.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116 Property, Plant and Equipment) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

Auditor General

INDEPENDENT AUDITOR'S REPORT 2024 Shire of Beverley

To the Council of the Shire of Beverley

Opinion

I have audited the financial report of the Shire of Beverley (Shire) which comprises:

- the statement of financial position as at 30 June 2024, the statement of comprehensive income, statement of changes in equity, statement of cash flows and statement of financial activity for the year then ended
- notes comprising a summary of material accounting policies and other explanatory information.

In my opinion, the financial report is:

- based on proper accounts and records
- presents fairly, in all material respects, the results of the operations of the Shire for the year ended 30 June 2024 and its financial position at the end of that period
- in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

Basis for opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial report section below.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other information

The Chief Executive Officer (CEO) is responsible for the preparation, and the Council for overseeing, the other information. The other information is the information in the entity's annual report for the year ended 30 June 2024, but not the financial report and my auditor's report.

My opinion on the financial report does not cover the other information and accordingly, I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or my knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I did not receive the other information prior to

the date of this auditor's report. When I do receive it, I will read it and if I conclude that there is a material misstatement in this information, I am required to communicate the matter to the CEO and Council and request them to correct the misstated information. If the misstated information is not corrected, I may need to retract this auditor's report and re-issue an amended report.

Responsibilities of the Chief Executive Officer and Council for the financial report

The Chief Executive Officer (CEO) of the Shire is responsible for:

- keeping proper accounts and records
- preparation and fair presentation of the financial report in accordance with the requirements of the Act, the Regulations and Australian Accounting Standards
- managing internal control as required by the CEO to ensure the financial report is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the CEO is responsible for:

- assessing the Shire's ability to continue as a going concern
- disclosing, as applicable, matters related to going concern
- using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the Shire.

The Council is responsible for overseeing the Shire's financial reporting process.

Auditor's responsibilities for the audit of the financial report

As required by the *Auditor General Act 2006*, my responsibility is to express an opinion on the financial report. The objectives of my audit are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

A further description of my responsibilities for the audit of the financial report is located on the Auditing and Assurance Standards Board website. This description forms part of my auditor's report and can be found at https://www.auasb.gov.au/auditors_responsibilities/ar4.pdf.

My independence and quality management relating to the report on the financial report

I have complied with the independence requirements of the *Auditor General Act 2006* and the relevant ethical requirements relating to assurance engagements. In accordance with ASQM 1 Quality Management for Firms that Perform Audits or Reviews of Financial Reports and Other Financial Information, or Other Assurance or Related Services Engagements, the Office of the Auditor General maintains a comprehensive system of quality management including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Matters relating to the electronic publication of the audited financial report

This auditor's report relates to the financial report of the Shire of Beverley for the year ended 30 June 2024 included in the annual report on the Shire's website. The Shire's management is responsible for the integrity of the Shire's website. This audit does not provide assurance on the integrity of the Shire's website. The auditor's report refers only to the financial report. It does not provide an opinion on any other information which may have been hyperlinked to/from the annual report. If users of the financial report are concerned with the inherent risks arising from publication on a website, they are advised to contact the Shire to confirm the information contained in the website version.

Councillors' Declaration

In accordance with a resolution of the Councillors of the Shire of Beverley, we state that:

1. In the opinion of the Councillors:
 - 1.1 the financial statements and notes of the Shire of Beverley are in accordance with the Local Government Act 1995 and Regulations, including:
 - (a) giving a true and fair view of the Shire of Beverley's financial position as at 30 June 2024 and of its performance for the year ended on that date; and,
 - (b) complying with applicable Australian Accounting Standards; and
 - 1.2 there are reasonable grounds to believe that the Shire of Beverley will be able to pay its debts as and when they become due and payable.

SUMMARY

Council to select a suitable date and venue to hold the Annual Electors Meeting, subject to the approval of the Annual Report at the Audit and Risk Committee Meeting scheduled for 30 October 2024.

BACKGROUND

As per legislation, an Electors Meeting must be held within 56 days of Council receiving the corresponding financial year's Annual Report.

COMMENT

Should the Annual report be received at this Council meeting, the last date on which the Annual Electors Meeting can be held is Tuesday 24 December 2024.

Management propose that a meeting be held on Tuesday 10 December 2024, 10:30am in the Civic Centre. This will allow for an adequate advertising period.

STATUTORY ENVIRONMENT

5.27. Electors' general meetings

- (1) A general meeting of the electors of a district is to be held once every financial year.
- (2) A general meeting is to be held on a day selected by the local government but not more than 56 days after the local government accepts the annual report for the previous financial year.
- (3) The matters to be discussed at general electors' meetings are to be those prescribed.

12.2 Proposed Disposal of Lot 230 Vincent Street, Beverley

Submission To:	Ordinary Council Meeting 30 October 2024
Report Date:	1 October 2024
Applicant:	M & F Houbrechts
File Reference:	VIN 1137
Author and Position:	Simon Marshall, Deputy Chief Executive Officer
Previously Before Council:	Information Briefing September 2024
Disclosure(s) Of Interest:	Nil
Attachments:	Confidential Market Valuation – Under separate cover

SUMMARY

Council to consider giving public notice of disposal of Council owned land at Lot 230 on Deposited Plan 33113, Vincent Street, Beverley.

BACKGROUND

The applicants are the owner of 71 Vincent Street (Lot 9) and would like to purchase the lot adjacent to their property on the East side (Lot 230).

Mr and Mrs Houbrechts have made a written offer of \$10,000.00.

COMMENT

Lot 230 Vincent Street was acquired by the Council in June 2019 due to non-payment of rates.

The property has no building or strategic value to the Shire and therefore management are recommending approval to give public notice of the disposal. A market appraisal has been sought from Elders Real Estate (attached under separate cover).

Costs associated with any potential sale are estimated to be \$1,500.00 in settlement fees associated with the transaction.

Council must give public notice of the disposal, and consider all submissions prior to agreeing to dispose of the property.

STATUTORY ENVIRONMENT

Part 3, Division 3, Section 3.58 of the *Local Government Act 1995*:

3.58. Disposing of property

- (1) In this section —

dispose includes to sell, lease, or otherwise dispose of, whether absolutely or not;

property includes the whole or any part of the interest of a local government in property, but does not include money.

- (2) Except as stated in this section, a local government can only dispose of property to —
- (a) the highest bidder at public auction; or

- (b) the person who at public tender called by the local government makes what is, in the opinion of the local government, the most acceptable tender, whether or not it is the highest tender.
- (3) A local government can dispose of property other than under subsection (2) if, before agreeing to dispose of the property —
 - (a) it gives local public notice of the proposed disposition —
 - (i) describing the property concerned; and
 - (ii) giving details of the proposed disposition; and
 - (iii) inviting submissions to be made to the local government before a date to be specified in the notice, being a date not less than 2 weeks after the notice is first given;
 - and
 - (b) it considers any submissions made to it before the date specified in the notice and, if its decision is made by the council or a committee, the decision and the reasons for it are recorded in the minutes of the meeting at which the decision was made.
- (4) The details of a proposed disposition that are required by subsection (3)(a)(ii) include —
 - (a) the names of all other parties concerned; and
 - (b) the consideration to be received by the local government for the disposition; and
 - (c) the market value of the disposition —
 - (i) as ascertained by a valuation carried out not more than 6 months before the proposed disposition; or
 - (ii) as declared by a resolution of the local government on the basis of a valuation carried out more than 6 months before the proposed disposition that the local government believes to be a true indication of the value at the time of the proposed disposition.
- (5) This section does not apply to —
 - (a) a disposition of an interest in land under the *Land Administration Act 1997* section 189 or 190; or
 - (b) a disposition of property in the course of carrying on a trading undertaking as defined in section 3.59; or
 - (c) anything that the local government provides to a particular person, for a fee or otherwise, in the performance of a function that it has under any written law; or
 - (d) any other disposition that is excluded by regulations from the application of this section.

File Reference:	ADM 0316
Author and Position:	Stephen Gollan, Chief Executive Officer
Previously Before Council:	Annually
Disclosure(s) Of Interest:	Staff Member potentially attending Christmas event and receiving gift.
Attachments:	Nil

SUMMARY

Council to consider hosting the annual Christmas function for Staff and Councillors and providing a Christmas gift for Staff.

BACKGROUND

It has been customary for Council to hold an annual Christmas Function for staff, Councillors and their immediate family each year. Along with the function, Councillors have given staff a small gift in the form of Christmas Vouchers. The vouchers are sourced locally in support of local business.

COMMENT

Function

The Christmas Party has been held at the Beverley Golf Club for the last four years with a casual sit-down meal which was enjoyed by all. In order to support a new local club, staff have contacted the Beverley Bowling Club to host a similar type of function. If Council are agreeable, the Bowling Club are available to host on Thursday 12 December.

Gift

Last year gift vouchers and chocolates from the IGA, Avon Trading and T-Bone Butcher were purchased and gratefully received by staff. If Council still choose to give a gift it is suggested doing this option again and distributing them after the December Council meeting.

12.5 Shire Administration Opening Days Christmas/New Year Period

Submission To:	Ordinary Council Meeting 30 October 2024
Report Date:	23 October 2024
Applicant:	Administration
File Reference:	ADM 0468
Author and Position:	Stephen Gollan, Chief Executive Officer
Previously Before Council:	Annually
Disclosure(s) Of Interest:	Staff member who will need to take annual leave.
Attachments:	Nil

SUMMARY

Council to consider the closure of the Administration Centre from Tuesday 24 December 2024 until Wednesday 1 January 2025 inclusive.

BACKGROUND

For the past sixteen years, the Administration Centre has closed over a similar period and there has been no record of this action causing concern or complaint. An early decision allows for adequate advertising time to the Community and for staff to plan their holiday leave.

COMMENT

Administration Staff have been surveyed in regards to using their annual leave and have requested that the Administration Centre be closed from 4:00pm Monday 23 December, Tuesday 24 December, Friday 27 December, Monday 30 December and Tuesday 31 December.

Shown below is a summary of days the Administration Centre is requested to be open and closed:

Monday	23 rd December 2024	–	Administration Centre Open
Tuesday	24 th December 2024	–	Administration Centre Closed
Wednesday	25 th December 2024	–	Public Holiday (Christmas Day)
Thursday	26 th December 2024	–	Public Holiday (Boxing Day Holiday)
Friday	27 th December 2024	–	Administration Centre Closed
Monday	30 th January 2024	–	Administration Centre Closed
Tuesday	31 st January 2024	–	Administration Centre Closed
Wednesday	01 st January 2025	–	Public Holiday (New Years Day)
Thursday	2 nd January 2025	–	Administration Centre Open

The closure of the Administration Centre will allow staff to have an extended period of leave in addition to the public holidays. Annual leave of up to four days will be utilised by staff to compensate for the additional days off, this is one day more than the last year where three days leave were required however it is the same as the previous four years to 2023 where staff took four days leave.

The Works Crew will work on skeleton staff throughout this period.
