Cleaning tips

The following tips will help to ensure your difficult-to-clean eligible farm chemical containers will be accepted for recycling at your local *drumMUSTER* collection centre.

Suspension concentrates (Atrazine, Simazine, etc)

- ✓ Rinse your container immediately after use to ensure any chemical residue does not dry

- ✓ Use methylated spirits to remove dried residue. If this doesn't work, fill the container with water and soak for at least 24 hours before rinsing.

Oil-based chemicals (ULVs, LVs)

- ✓ Follow specific instructions on the product label or contact the manufacturer for further assistance

Other chemical residues

- ✓ Rinse container immediately after use as all chemical residues are much harder to remove when dry
- ✓ Some containers may require additional rinsing (more than three rinses)
- ✓ A brush or high pressure hose may be required to clean stubborn or dried chemical residue

- ✓ **ELIGIBLE CONTAINERS WITH DIRT, RUST AND DYE STAINS ARE NOT CONSIDERED HAZARDOUS AND ARE THEREFORE ACCEPTED AT *drumMUSTER* COLLECTION CENTRES**

For more information on container cleaning contact your local Agsafe accredited farm chemical reseller or visit

www.drummuster.com.au
drumMUSTER

drumMUSTER makes it easy

Recycling your eligible farm chemical containers with *drumMUSTER* is easy - all you need to do is follow these simple steps:

- ✓ Triple or pressure rinse your chemical containers **IMMEDIATELY** after use

- ✓ Pour the **RINSE WATER** back into your spray tank

- ✓ Make sure **ALL** chemical residue is removed

- ✓ **REMOVE LIDS** to allow your containers to **DRY** thoroughly. Take lids **SEPARATELY** to collections

- ✓ Metal containers should be **PUNCTURED** from the top through the bottom

- ✓ **DELIVER** your eligible clean empty containers to your local *drumMUSTER* collection centre

For details on *drumMUSTER* collections in your area contact your local Council or visit the *drumMUSTER* website at:

www.drummuster.com.au
drumMUSTER

SHIRE OF BEVERLEY drumMUSTER

**MONDAY
23 MARCH 2015**

**BOOKINGS ARE ESSENTIAL
PHONE 9646-1200**

Drums must be:

- ◆ Triple rinsed
- ◆ Lids to be removed
- ◆ Steel drums must be punctured through the top, out the base

Thank you

Our family would like to sincerely thank the Doctors of Beverley, all staff at the Beverley Hospital and St Johns Ambulance crew for tending to Sieg in our greatest need.

Special thankyou to Mary and Jenny for your love and support.

Wayne and staff at Beverley Country Kitchen for the fantastic platter of food.

To all the wonderful people of Beverley who sent cards, phoned us and cared enough to come and visit us at our saddest time, we cannot thank you enough.

Anna, Ingrid, Peter and Family.

After my accident,
Don and Castro
- the yard blitz fellas -
very kindly turned a mess into a tidy outdoors that seemed years away.
Truly appreciated.
Rhonda.

To Gary and Anne B and Karen B:
such amazingly thoughtful and very practical neighbours who made it possible for me to safely hop to health at home.
Most grateful indeed.
Rhonda

100th Birthday Celebration

Elaine, John, Graham and Michael would like to thank all those who sent cards, flowers, gifts and attended Mum's 100th birthday celebration.

Special thanks to Glenda Robinson, Mel and Bev Vivian, Les and Jan Annison, John Islip, John Starling and all our family members for all their help with catering, serving and setting up for the day.

It was very hot but everyone enjoyed the day catching up with old friends and family. Mum was very surprised at the number of people who attended and enjoyed the day tremendously.

Many thanks again.
John Donovan

Thank You

A belated but sincere thanks is offered by our family to those who cared for Dell McGill when she was a resident of the Alex Miles Lodge and the Beverley District Hospital. Thanks to the staff and HACC carers and volunteers. Thanks for Theresa for looking after Dells hair. Thanks also to the neighbours and friends that kept an eye on Dell in the last year or so at her home in Forrest Street.

Dell is now a resident at the Kalkarni facility in Brookton where once again she is being well looked after and it is her 96th birthday this February.

Thanks to all
Pat and Keith Smith

Thank you

On behalf The Australian Organic Olive Oil Company, I would like to thank all the firefighters and neighbours including Beverley and Brookton brigades for the support during the fire in our Olive Farm in Dale Kokeby Rd Beverley on the 29th December 2014.

We will never forget this help and we will be supporting the community and the neighbourhood in similar situation in the future.

Pledge for a Healthier 2015

It's that time of year again, with many of us turning our thoughts to eating better and living healthier in the New Year. The of Australia's Healthy Weight Week, held from February 16 to 22, brings the reminder that we can improve our health by making small changes every day.

Over 75% of people in the Wheatbelt are overweight or obese. To make steps to improve your health you are encouraged to make a pledge this year by setting your health goals and sharing your commitment to becoming healthier friends, family and co-workers to help keep yourself on track.

Local Health Promotion Officer Elouise Hawkins is taking part in the Australia's Healthy Weight Week online pledge.

"I pledge that I'm going to commit to 'Try- it Tuesday', with a new dinner recipe at home each week. As a community we need to start taking better care of our health. I encourage you to join me in pledging to make a healthy change" said Elouise.

Visit:

<http://healthyweightweek.com.au/make-a-pledge/> to make a pledge.

Our Values: Community | Compassion | Quality | Integrity | Justice

Country Women's Association - CWA Beverley Branch

Hello again,

Beverley Branch of CWA has been in recess since the December meeting but will once again be meeting at the CWA rooms on Thursday 12 February for our normal monthly meeting commencing with morning tea at 10.00am. We will have a "bring and share" light lunch and then hold the Annual General Meeting for 2015.

All positions will be declared vacant and will be open for nominations and we certainly hope to have a good turn-up that day with offers to take office in one form or another. **New members** and **visitors** would be most welcome to join us on that day.

This year the Beverley Branch will celebrate **90 years of service to the Community of Beverley** and it is just amazing how much has been contributed over all those years. We look back with great pride and thanks to all those members who worked so hard for the community and the War effort with so little finance but so much hard work and endeavour.

We are endeavouring to finance a suitable memorial in the town in honour of all those years of service to this community, the Avon Division and the State body of Country Women's Association of WA (Inc).

More details will be forthcoming in future editions of the "Blarney".

Hi all,

Monica here the new warden, yes I was very lucky to be given the job as the new warden of Avondale.

Anyway things are going well out here. The boys are still receiving lots of love and attention from Mitch Kerr along with her helpers Rachel and Caitlin, with another visit from the farrier scheduled real soon. Many thanks to Mrs Kath Rudd for accompanying Mitch when she comes out early in the mornings, to work the boys and also for her donation.

Lots of plans are in place for Avondale including bringing the animal nursery back to life our poor old emu is getting a bit lonely and needs some friends. So the search has begun.

The hay supply for the boys is running low if anyone has any hay they wish to donate for Robbie and Comet the boys would appreciate it. Any donations please let Mitch know on 0439 927 724 or ring Avondale.

The reserve and drive trail are getting some much needed attention along with the stable roof which will be replaced in March this year. So by the sounds of it a makeover is happening. The Homestead garden is looking good. Our regular gardener Simon and his carer Nick have been a major help every Friday.

That's all for now

Annual Community Survey

Fancy winning a NEW sensor camera kit or iPad mini?
Want to extend your environmental book library?

Take part in Wheatbelt NRM's upcoming Annual Community Survey and ...
you could be a winner!

Local Community Resource Centres (CRC) will be helping us talk to farmers, land managers and residents about current environmental issues.

This will help us assess the effectiveness of natural resource management in the Wheatbelt and find out more about your environmental priorities.

Complete the survey with your local CRC to go into the draw to win one of three prizes – a sensor camera kit, an iPad mini, or a package of quality books. All participants will receive a packet of everlasting daisy seeds.

*Survey will take place mid-February to mid-March 2015. Survey to be conducted in accordance with Australian Privacy Principles. Summary of results will be also available from Wheatbelt NRM.

www.wheatbeltnrm.org.au

This project is supported by Wheatbelt NRM, through funding from the Australian Government.

News Straight from the Broomstick

It is with great sadness that I have to bring everyone's attention to a negative event. Two beautiful kangaroos from the bush near my place were severely attacked by dogs, the young male died out in the bush. The female whose pouch had been bitten completely open was trying to survive while raising her joey at foot. As soon as we saw her we had been trying to capture her and bring her into care, by the time we had been able to do so her she was so severely emaciated, dehydrated, infected and fly blown. As soon as we got her into care we sedated her and started cleaning up her wounds and removed as many maggots as we could. The following morning we took her to our vet where they put her under anaesthetic and scraped off all of the necrotic tissue and gave all of her wounds proper clean. We then put her on two different antibiotics and vitamin B injections. Every day we had to flush out her wounds, until the wound had started to heal. After my vet had confirmed a dog attack I contacted the ranger and explained the situation to him. He informed me that all dogs must be kept on a lead at all times when off of your own property. So no dogs would have been out anywhere near the bush to attack these kangaroos. I have put up more cameras and I have increased my dump road patrols for dogs, which I will hand off to the ranger if I find any. So words of warning do not allow your dog off of your property off of a lead.

Sadly after eight days in care the doe passed away her joey however is doing very well with her mob looking after her. The mob of kangaroos called this bush and my property home long before I moved here. I feed them and protect them and they in return look after my released kangaroos. I love this mob of kangaroos and would do anything in my power to protect them from dogs and illegal shooters and anyone or anything that threatens them.

We have also been very busy with a few joeys in care all doing well with most of them coming from the kangaroo relocation from Ellenbrook. It was an extremely positive experience with over 200 land locked kangaroos being sedated and moved away instead of being culled at the expense on the developer. We all hope that more translocations instead of culling that will happen in the future. This was the first time this had ever been done with a totally wild mob so it was great to see such a high success rate. I am extremely proud of everyone who worked so hard to ensure that these translocated kangaroos were treated with extreme care and dignity and their welfare considered above all else.

Hope everyone had a wonderful Christmas and New Year and that we all look forward to a great 2015.

Anybody finding injured or orphaned marsupials.

Please phone Phyllis on
0437 483 175.

BEVERLEY PATCHWORKERS AND QUILTERS

Following a longer break than we usually have, our group will resume meetings on February 3rd at our rooms at Avondale. This year we decided to suspend meetings for all of January as many members were going away for extended periods.

Destinations were varied from an overseas trip, a cruise, interstate or local camping or caravanning trips, family weddings and Tamworth Music Festival. Most members are now back home and looking forward to another year of sewing.

We look forward to a new venture where each month a member will take responsibility for organising a meeting. This may be to run a workshop to help us learn a new skill, organise a shopping trip or maybe arrange a retreat. Sounds exciting!

New members are always welcome and for information please ring our president Catharina.

Contact Information
Catharina Turle on 9646 0876 or secretary Jan Sherwood 9646 0796.

ABN: 76 315 246 782

Our Town, Our Community, Our East End Gallery.

Michael and Kate Sofoulis are proud to announce the ongoing opening hours for the East End Gallery, within the Forbes building, between the War Memorial and the Pharmacy, at 116 Vincent Street Beverley.

Our opening hours are Friday - Sunday 11am - 5pm.

We will also be open on public holidays and other times by appointment. Our numbers are 9646 0612(home), 0414 255 781(kate) and 0400 373 822(Michael).

So, if you see the art piece of your dreams in our window, please feel free to ring us out of opening hours and we will happily arrange to open the gallery at a mutually convenient time.

The Forbes Building is a work in progress, as is the gallery. We hope to expand the East End Gallery to include the last shop, once it is fully renovated. Then we will have room to welcome more artists from Beverley and surrounding areas. In the meantime, pop in to view the fantastic works displayed by artists from Beverley, York, Toodyay and Perth.

We would like to thank the following people for their assistance in our renovation and restoration project. In no particular order, they are:

Guy Slingerland, Phil Dempsey, Don Davis, Gerry Seeber, Karl Smith, Sandy Dawson, Dave Kainaku, Dan Burton, Steve Smith, Gary Schouten, Peter and Vicki Jenkin. Special thanks to - Murray Cook and Tim Burns for their ongoing support of our gallery. And to Leo, comic relief, trade assistant and big dog around town.

(If we have forgotten anyone, we are truly sorry).

And if you are yet another local artist who needs a place to display your work please contact us.

Beverley RSL

Can you help the Beverley community commemorate the 100th Anniversary of Gallipoli?

Planning is well advanced for the 2015 ANZAC Day commemorations in Beverley.

We are now seeking assistance from members of the public to provide copies of photos or loan other memorabilia relating to ANZACs at war in all theatres of engagement and peace keeping.

We would also be very keen to locate vintage or veteran military vehicles or equipment suitable for a static display whether mobile or not.

If you have items which may be suitable, Please contact RSL President, Irene Oram on 9646 0470 or 0439 923 501.

Information on Indigenous matters.

As, by this time we all know, that the year ending 2014 ended very badly with bad omens. Sadly it was reported on TV news media that there were 2 tragic deaths in custody within a 30 day time period. A lady in her early 20's and an indigenous man in his early 30's. A procession was held in protest in Perth in mid December and our Premier apologised profusely to the bereaved families. It should be noted here by all our readers, when an indigenous person dies, it is not only the immediate family that mourns, their whole community mourns as they are all part of one family, this is a part of the indigenous culture.

In the case where a mother dies and passes on to the spirits people and her ancestors, then the children left behind will then be cared for by all the other mothers and grandmothers in the community. They will be loved and looked after just like their very own children, in other words, they all become part of the same family.

Community culture land identity values respect spirits people water fire. What does all of this mean to indigenous people? A doctor of anthropology tried to find out all she could about families residing in remote areas. The facts are, that many years ago a lady anthropologist, white and of slender build, wore a long flowing white dress covering her toes, she wore no shoes and went by the name of Dr Olive Pink.

Before Dr Olive went on her walk about from one remote community to another, she obtained permission from the elders of their communities. Once she was invited, she would be offered tin huts in which she would be sharing with the aboriginal women. In the beginning, what she found hardest was to earn the trust and respect of these first people and how important their land, culture, identity and values are and once accepted by one community, she was then getting to be well known as the white lady, the ghost lady, as when first sighted this lone white figure, in a white dress, created fear amongst some who saw her for the first time, as a spirit from the past. Dr Olive Pink's book was part of the reading material towards my degree on indigenous management. In a nutshell, her words: "One would never learn how to understand the Aboriginal cultures, their values, connection and identity towards their land, unless you are accepted to be and live as part of this one big family".

Half Season Pool Report

Congratulations to Miss Talia Pearce on winning this year's annual 2014 Christmas raffle, drawn by Mr. Steve Gollan in front of a huge crowd (8 people) late on Christmas Eve. Thank you goes out to all the fantastic support from Beverley locals for their continued purchasing of tickets year after year. This raffle needs sponsors and this year was no exception, gratitude to John at the Top Pub, Amanda from Freemason's and Emily Melville. Without these people this just wouldn't happen, so thank you again.

It was a pretty average start weather wise this season but it sure has recovered. At the time of writing this it's currently a lazy 44 degrees. November 22 was the first of 3 pool parties for this season and even ordinary over cast weather couldn't stop the crowds from rocking up to meet Walter our Watch Around Water Dog. Thanks go out to Lauren Nemo from RLSSWA who kindly donates the inflatable and Walter for all our junior swimmers. This event is important as it sends a message that even though Pool Managers and Lifeguards take great care in looking after non to weak swimmers, the actual responsibility is firmly in the hands of parents and carers alike. Congratulations to one of our locals, Corey Worster for winning the inflatable pool obstacle course running at a lightening pace winning a great prize.

By the time this goes to print most of (if not all) our regular children have returned to school. It was a quiet holiday season compared to last year especially with minimal problems. For all the Kids that rocked up every day, well done on exemplary behaviour and making my summer an enjoyable one.

I would strongly like to remind all parents and carers that if your child is not toilet trained, please purchase and use an Aqua Nappy. We have had too many little accidents in and around the pool this season which causes an incredible amount of time, effort and money to fix.

Now onto some exciting news coming up on Saturday 21 March 2015. Contract Aquatic Services and our local Community Resource Centre will be hosting an inaugural Triathlon for all ages and levels. This promises to be a massive event and will bring some much needed business to our beautiful town. One thing I've noticed in my four years here is that if we put an event on it's a great one. One of my favourite times of the year in this Town is Easter thanks to the famous Easter Tennis tournament and our Art display with the Easter Markets. We know that we have a lot to keep up with but we also have a great team led by Sam Fricker. We do require a few volunteers for traffic management and other jobs so if you're not exactly up for a swim, bike and run then put your name forward to me at the pool and remember it's a community event which means we can't do it without loads of help and support, cheers.

Just to finish off until the final season report in April a few special mentions: 864 RadioWest and in particular 'Frenchy' whom always has time for us here at our little piece of paradise. Mia Davies, our local MP for securing us some much needed funds and constantly checking in to see our progress. All the wonderful staff at the Shire, both internal and Depot Boys, for all their help and support. It would be fraudulent of me to accept all the accolades as it truly does take a massive team effort to get our pool looking better than any other in the Wheatbelt, and one I'm very proud to be the Manager of. Till next issue stay safe and lets all have a great Australia Day.

Warmest regards
Brad M.

waterwiseways

PLEASE PLACE THIS ON YOUR FRIDGE.

Based on your house number, you have been allocated 2 days a week to water your garden either before 9am or after 6pm with sprinklers or a reticulation system. You can still water with a hand held hose at any time. To find out your 2 sprinkler days, simply take the last digit of your house number and apply it to the table below.

| Last digit of your house number | Your 2 sprinkler days are |
|---------------------------------|---------------------------|
| 1 | Wednesday and Saturday |
| 2 | Thursday and Sunday |
| 3 | Friday and Monday |
| 4 | Saturday and Tuesday |
| 5 | Sunday and Wednesday |
| 6 | Monday and Thursday |
| 7 | Tuesday and Friday |
| 8 | Wednesday and Saturday |
| 9 | Thursday and Sunday |
| 0 | Friday and Monday |

For example: If you lived at 12 Rose Street, the last digit of your house number is 2 and your sprinkler days would be Thursday and Sunday. If you don't have a house number, use your lot number. If you would like further information, visit our website at www.watercorporation.com.au or call the Waterwise Infoline on **13 10 39.**

WATER
CORPORATION

SAVE OUR STATION

We still have no news as to the extent of restoration, but now that the Christmas break is over the Shire will be working on such. But what has been done in January is the installation of a toilet block at the Platform Theatre. This will make a huge improvement to the running of events by not having to hire portaloos. Beverley Station Arts has been able to finance \$10,000 towards this project, we thank all those concerned with the construction.

Before and after shots of the installation of permanent loos at the Platform Theatre.

Easter Art Exhibition

 BSA has decided to extend the prize money of the 47th Annual Art Purchase Exhibition to include an overall prize valued at \$5,000! Yes, we're joining the big league and calling it the *Beverley Art Prize*. The 2D media sections remain the same with \$1,000 prize for the best painting of each section. There are many sections that can be entered into, including a category for children so get those pencils and paintbrushes out kids! Anyone wishing to enter works of art into Easter Art Exhibition can pick up entry forms at either the Shire offices or the Newsagency, or contact Exhibition Secretary Kathryn McLean, ph 0427 464 050 or wk.mclean@bigpond.com Entries will close on Friday 6th March.

Artist-in-Residence

 We have a full programme for this coming year. Please make our visiting artists as welcome as you have done in the past, even though it may mean going to the Platform Theatre Greenroom to seek them out rather than the Station Gallery. Visiting artists in 2015 will reside at 3 Dawson St (behind the old infant Health Centre) which BSA is renting from the Shire till the end of the year. Nada Murphy was booked as Artist in Residence for this month but due to the Station Gallery being closed she decided not to come. Her painting was to encompass the spirit and feel of the Station itself and this would not be possible without living and working from there.

The Residency has been vacant during our January break but come February we hope to welcome Thomas Beebe, a jeweller from Perth, who works mainly with sterling silver. Depending on interest shown, workshops will be run which promise to be very reasonably priced as Thomas asks for little more than materials you use. Register your interest to Artist in Residence Coordinator Marylou Hutchinson on 9647 1027 / 0427 085 511 or email: hutchinson@wn.com.au being mindful that class numbers are limited so be quick.

Artists in Residence programme for 2015:

February: Thomas Bebe - jeweller

March: Mandy Evans - digital media artist

April: Luis Fuentes - realist painter from Peru

May: Jill Ansell until 21st, then Marlish Glorie & possibly 3 more writers...depending on accommodation...from the 22nd - 27th

May/June: Charlotte O'Shea - AiR at School

July/August: Charlotte O'Shea - AiR at School

September/October: Charlotte O'Shea - AiR at School

October: Sally Watts & 2 or 3 other visual artists, also depending on accommodation.

November: Hilly Coufreur - visual artist

December: Sue Brook-Roberton - visual artist

Beverley Station Singers

 The Station Singers are meeting on Wednesday February 4th for their first get-together for 2015 at 7.00pm in the Green Room at the Station, and looking forward to seeing as many members as possible to see what new songs can be added to their repertoire. Anyone interested in joining the singing group contact Tracey Fleay- Mob: 0409 481 029 or E: traceyfleay@hotmail.com

Platform Theatre

BALLET AT BEVERLEY

An event not to be missed - on Friday 20th February, the Charlesworth Ballet Institute presents an evening of ballet - a programme of 60 - 70 dancers (fulltime time dance students) dancing a shortened version of Sleeping Beauty, Spanish, Contemporary dance plus a musical theatre piece. These talented dancers will perform the third act of the beautiful ballet Sleeping Beauty, a charming fairytale with enchanting choreography, beautiful costumes, Tchaikovsky's glorious score, and cast of fanciful characters.

WHAT: BALLET in BEVERLEY presented by *CHARLESWORTH BALLET INSTITUTE*

Returning to Work - Getting ourselves back on track!

As we enter the month of February, for most of us, we have returned to work, the kids are heading back to school and the holiday season is well and truly behind us.

So, let's ask ourselves the question, "how am I feeling"? Am I happy to be back, energised and ready to tackle another year? Or maybe feeling a little "out of sorts".

Often referred to as the "back to work blues" or "beating the holiday hangover", returning to work can be an overwhelming and challenging time for us. Whether we are back in the office, on the farm, in the truck, back on site or responsible for the never-ending household chores and important caring duties (children, elderly parents or family). The circumstances are different for all of us, however being self-aware of how we are feeling is an important part of self-care.

So what is our state of mind, after returning to work?

Feelings one could expect to experience upon returning to work may be:

- Regret – I should have taken more time off.
- Overwhelmed – Where do I start? There is so much to do!
- Worry/anxious – What will this season/year bring?
- Jealous/resentment – I'm back at work, the other party (wife/husband/colleagues) is still on holidays.
- Lack of motivation – "After being off work for so long I forgot what it is that I pretend to do around here". (hahaha)

Here are some useful tips that may help with the return to work experience:

- **Be realistic:** Don't put too much pressure on yourself. Don't expect everything to be done in the first week. Set achievable goals. Give yourself some space to ease back into the swing of things.
- **Prioritise:** Looking at everything that needs to be done as a whole can cause us to become overwhelmed. Make a list, break things down into manageable tasks. Recognise your achievements.
- **Don't feel guilty:** If you overindulged, enjoyed a bit too much Christmas cheer, or just did nothing. Accept the break for what it was, it's been and gone. It's time to look forward.
- **Get back into your routine:** One reason we may be feeling worse for wear, is because we have been out of our regular routine. Try to start working on this as soon as possible. Three important areas: **Diet, sleep and exercise.** It's amazing how much better we can feel if we get some balance back in these areas.
- **Communicate how you feel:** Talk to your kids, partner, wife and/or work colleagues. Everyone is probably feeling similar in their experience. Don't feel isolated and alone.
- **Normalise your reaction:** Remember feeling a little flat can be a normal experience after holidays.

Holidays are an important part of managing our wellbeing, now it's time to get back on track for another big year, don't forget it's important to take time out to check in on how we are travelling.

Cheers Owen & the Team

a leading provider in accreditation
services.

Medicare changes

*As most of you will be aware
there has been much discussion
in the media about the Medicare
co-payment of \$5 being
introduced in July 2015.*

*We would like to reassure our
clients by letting them know
that the Beverley Medical
Practice is currently
**BULK BILLING ALL PATIENTS
that hold a valid Medicare
Card.***

*We will be forced to review the
situation in July, if and when,
the proposed changes take
place.*

**Its back to school time has
your child had their
4 year old health check**

General information

The Beverley Medical Practice is a
privately owned and operated
Practice supported by the Beverley
Shire Council,
Our staff are experienced and highly
qualified in their chosen fields of
expertise.

claim forms you must book
an appointment.

PRIMARY HEALTH SERVICES
available to the community of
Beverley

You can refer yourself or your child to the following health professionals:

Child Health Nurse - Phone 9646 3200 to make an appointment, Hospital Admin Staff will assist you in setting an appointment time (attendance Fridays).

Child / School Health – 9646 1210

Dietetics – 9690 1320

Occupational Therapy - 0429 466 224

Physiotherapy – a Doctors referral is required – Please send to PO Box 142, Beverley or drop referral to the Beverley Hospital (attendance Thursdays).

Podiatry – a Doctors referral is required Please send to PO Box 142, Beverley or drop referral to the Beverley Hospital (attendance Fridays) **.

Social Work – Phone 9690 1320

Speech Pathology – Phone 9690 1321

- Services are provided at the Primary Health Building, on the corner of John and Forrest Streets, Beverley. There may be a waiting time for services.
- These services are provided by WA Country Health Service and are free of charge. (Please note that the Podiatry Service is a private practice and is not free of charge - there is a fee at first consultation but the WACHS/Beverley Health Service do not get involved in taking fee payments – only assisting at receiving the referrals for appointment. The Doctor's referrals are usually faxed to the service provider, Como Podiatry, who contact the patient by phone and make an appointment).
- If you have any concerns about your own health or your child's health and development, please phone the relevant health professional to discuss your concerns. Alternatively, you can speak to the Child Health or School Health Nurse, or your GP, to discuss your concerns and to determine the most appropriate referral.

**Avon & Central Primary Health -
Promoting Healthy Lifestyles**

T.M. Hair Design.

Bookings are essential.

Our professional hairdressers are here to help you with all your families hairdressing needs.

We are back to our normal opening hours for February with a very busy appointment book.

Please be sure to phone for an appointment in advance to avoid disappointment.

We are offering a special price for Senior Gents, please ask your hairdresser about it.

At Secrets. The heat has really gotten to us.....

We are offering 20% off the marked prices of all gifts, fashion, accessories & home-wares for February only.

So if there is something you have had your eye on, **now** is the time to pick it up before prices go back to normal in March.

Choose from hats to handbags, frocks to frilly cushions, bedspreads to ballet flats, jewellery to jazzy outfits but whatever you do, don't miss this opportunity to save & enjoy these prices while you can.

February is a short month so be quick.

Call in to 100 Vincent St.
or phone 9646 1122.

EnergySafety releases Parkerville report

EnergySafety's report into the pole failure that caused the Parkerville bushfire on January 12, released today, shows the private power pole failed because of rot and termites.

The report follows the January 15 finding that the bushfire originated from the failure of a privately owned point-of-attachment pole (PA pole) at 180 Granite Road, Parkerville.

When the pole toppled, it caused the customer's submains cable to pull through the hole at the bottom of the main switchboard enclosure, causing a short-circuit. Hot metal globules then fell and ignited vegetation at the base of the PA pole.

Director of Energy Safety Ken Bowron said EnergySafety had completed a thorough investigation into the cause of the private pole failure.

"Closely linked with that investigation is the issue of ownership of, and responsibility for, power poles and service apparatus on private land," Mr Bowron said. "This has been the subject of detailed consideration by EnergySafety and the State Government.

"Our investigation found the pole failed due to extensive damage from fungal decay or rot and termites.

"The *Electricity Act 1945* makes no provision for the maintenance of private electrical installations. Under common law, property owners have a duty of care to maintain their power assets in a safe condition, but there is no legislative requirement for an owner to inspect their installation to ensure it is safe.

"The Act also deals with the responsibilities of a network operator in relation to the maintenance and safety of service apparatus.

"Based on the available evidence and existing legislation, EnergySafety will not be taking any legal action," Mr Bowron said.

"The clear finding of the report is that the pole failed because it was rotten and had been infested by termites," Mr Bowron said. "In hardwood poles such as jarrah, this is very hard to assess because the rot is usually internal and below ground level.

"Therefore, the age of the pole is the best guide. Poles older than 25 years are at the end of their service life and could be unsafe."

Owners of private power poles and lines have a duty of care to maintain their electrical assets, and are urged to have them inspected by a licensed electrical contractor.

Volume 1 of the report can be downloaded from EnergySafety's website at www.energysafety.wa.gov.au.

BIG ENOUGH TO DO THE JOB SMALL ENOUGH TO CARE

Beverley Triathlon 2015 - Volunteers needed

Do you have a few hours that you could spare to help for one day?

This being our first triathlon in Beverley we are seeking anyone that can help us to make this event a great success. We will need helpers at check points to guide participants through the course, we need timers, parking assistants and more, we are needing a lot of volunteers!!! So if you are positive that you do not want to do the triathlon but want to be able to assist then please register your name and contact details at the Community Resource Centre. Simply contact Sam or Amor by calling 9646 1600 or email:beverley@crc.net.au

Lego Club starts again

Monday 09 February at 2.45pm is the first Lego Club session for 2015. The 2014 season saw the development of hand and eye coordination in many of the children, as they enjoyed building with their friends. They all seemed intrigued and watched carefully as Mr Peter Tidman (local optometrist and WA Brick Society member) showed them how to build amazing objects with simple bricks. They constructed houses, bridges, boats, cars and loads more with bricks not the prepared construction kits. By using the bricks they have to think outside of the box to construct objects.

If your child is interested in coming along we would be happy for them to join at anytime, Lego Club runs during the school term and goes for one hour on Mondays (2.45pm - 3.45pm). The children must be over 4 years old. We provide them with healthy snacks during the session and the cost is \$2 per session. Any queries can be forwarded to Ashleigh at the CRC on 9646 1600 or pre register now.

Ancestry.com club

Do you find that you get lost when trying to research your family tree? We have the solution for you, Rodney. Rodney hosts the ancestry.com club and can help guide you through the maze of ancestry.com he also can locate information from other sites that can assist in compiling the family tree, so why not take the opportunity to book in for a session. He is available by appointment on Thursday's 2.00pm - 4.00pm, sessions are \$5.

Welcome to Beverley Morning Tea

Calling all new residents of Beverley, we will be hosting a morning tea towards the end of February. This is a great opportunity for you to meet other new residents and find out some information about the area. We try to get some of the representatives from local clubs and groups to attend to give you information. It is a great way to find out what is available in your local community and if you are keen to get involved we can give you information on who to contact. If you are interested in attending register at the CRC and we will be in contact when the date has been confirmed.

Training, training and more training

Did you receive a new laptop, iPad or device for Christmas and don't know where to start then book in now for your one on one session and we can help activate and get you started. Individual training is \$30 per hour.

We also hold group sessions for training:

Microsoft Office Training - Monday 09 February from 10.00am - 12.00pm

iPad's explained training - Thursday 19 February from 1.00pm - 3.00pm

Desktop Publishing and Secretarial Services

Do you need a poster designed, letters or a resume typed we do these and heaps more. Call into the CRC and chat to our friendly staff about what you need assistance with and take the pressure off yourself.

Proudly supported by

Beverley Police Station

57 Hunt Road, Beverley WA 6304

57 Hunt Road, Beverley WA 6304 Phone: 08 9646 3333 Email: beverley.police.station@police.wa.gov.au

Hello Everyone

I recently wrote an ewatch article (ewatch.com.au – sign up for it, it's free or drop us your email address and we'll do it for you !) where I mentioned that the weather had been "warm". I had to look up the meaning of that word as coming from the north of England it's a word I'd only heard about in fables and from those people living in 'the south', wherever that is (it's the UK version of that mystical country in Australia known as 'over East'). Needless to say I was informed of another word I'd never heard of, that word was 'hot'. Nick has attempted to explain the meaning of that word to me, insisting that it has been 'hot' as opposed to 'warm'. I don't know what he's talking about. Surely such a word does not exist ? Anyway, it's been 'hot' apparently.....

What's been happening.....

Crime is still thankfully low with not much to report. Vigilance is the key and it appears to be working so let's all keep an eye out for our own and our neighbours property.

Firearms.....

For those of us who have firearms licences, have a check of the firearms listed on your licences against those actually held by you. We've had a couple of instances recently where the firearms listed on licences hasn't tallied with the physical number of firearms held. None of these instances have been the result of wrongdoings, they have just been genuine oversights and mistakes. We will always approach each instance with an open mind and by applying common sense so if you notice an irregularity then don't hesitate to get in touch with us, which is what a few people have already done.

Roads Policing.....

We've been doing quite a bit of laser enforcement lately and for the most part the people of Beverley have been doing the right thing. That said, I mentioned in the last Blarney that we had stopped someone outside the police station doing 89km/h, well, someone a week or so ago beat that. They were stopped whilst travelling at **101km/h** on Hunt Road at its junction with Vincent Street, or as it's also known, almost directly outside the police station. For those people who may question why we do enforcement in town this is the reason why.

Whilst I'm having a bit of a moan, can someone please tell me what the fascination is regarding driving whilst suspended because I'm obviously missing the point. If you're suspended from driving then you don't drive, it's that simple. A local driver was stopped recently driving without a licence and as a result he has lost his car for 28 days. That's the 2nd vehicle we've impounded in 2 weeks. The 1st car we seized was the result of doing a burnout outside the police station witnessed by both of us and a member of the public. The driver of that vehicle was suspended for life and had committed previous hoon offences. The vehicle he was

driving was subsequently seized for **3 months**. Ouch.

It seems there's a major talking point around town.....

I have spoken to people around town about this topic and it seems it has taken on a life of its own. You will have noticed that some towns have boards up stating what the police are targeting. We don't have one of those boards so we tell people personally and by utilising various forms of print and other media. So, in that respect, let me give you the news direct from the horses mouth; what you have heard is true, we will be targeting **DRINK DRIVING** as a matter of priority.

Neither of us care if you're local, visitors staying for a few days or just passing through, if you decide to drink and drive then we will test you and if you go over the limit we will prosecute you, it's as simple as that.

I've been personally told over the last few weeks about previous OIC's who have 'done' people for drink driving. They have had their parentage questioned and have been called some foul names because **'they lost that person their licence'**. Wrong, wrong, wrong. The only person who lost them their licence was the person who decided it was OK to drink and drive.

Drink driving is selfish, morally and socially unacceptable and will not be tolerated We like to keep death off our roads, be that the innocent victims of drink driving or the fools who decide to do it anyway.

If you are one of those people who think that because you live in Beverley then you are somehow immune from drink driving legislation then let me tell you this, you're not.

I genuinely mean this, look out for each other. Please don't let friends drink and drive.

That's all folks.....

I know this Blarney has been a bit heavy but as I've alluded to, we are passionate about knocking drink driving and other unsocial road use on the head. We all need our licences in this town and let's not forget a driving licence is a privilege not a right so let's hold onto them.

Australia Day will have been and gone by the time this gets published so I hope everyone had a great time and celebrated everything that's great about being an Aussie (I'm on the Aussie side of the fence at the moment – the World Cup and The Ashes aren't here at the time of writing !).

OK, that's all folks.

Once again, take care, look after each other and if you need us for anything don't hesitate to get in touch.

All the best,

Ian & Nick.

Lyme Disease Association of Australia

Australia's peak advocacy association for tick-borne diseases

The LDAA's mission is to:

- Advocate for individuals and families living with Lyme disease;
- Gather support to educate and lobby governments, doctors and local communities;
- Act as a conduit between international developments, treatments and other Lyme communities; and
- Fundraise to facilitate improvements for people living with Lyme disease.

Release of Australian Lyme disease patients and tick bite location maps

The exact number of people with Lyme disease in Australia is unknown as public health officials do not collect any data because the disease is not notifiable.

The Lyme Disease Association of Australia decided to remedy the situation. Part of which includes an interactive map as part of our broader program of works.

There are two maps;

The first plots individuals with an officially confirmed cases of Lyme disease by residential suburb, while the second is of tick bite locations that have resulted in an individual contracting Lyme disease.

The maps provide a cumulative representation of the data obtained through our surveys from 2011 onwards.

These maps can be seen in full on the Lyme Disease of Australia website www.lymedisease.org.au/

Small landholder news

Small Landholder Information Service

Summer is definitely here and so is the New Year! Have you been considering all the things that need doing, or that you would like to do, around your property? Make a list and decide what is achievable for 2015.

By making a list, and setting a deadline, you can start to tick off the items you complete as you go. This can be great motivation to keep the ball rolling and achieve what you set out to at the beginning of the year.

Now is a good time to undertake any maintenance on your earthworks (contour banks, dams, etc.) before the first winter rains.

Monitor pasture quantity and quality if you have stock grazing. Supplementary feeding may be required in many areas.

It is important to monitor ground cover, if it falls below 50% coverage then there is an increased risk of soil erosion by wind and heavy rain. Options for reducing wind erosion for this season are limited, stock should be moved out of paddocks which have eroded areas to prevent the problem from getting worse.

Sheep owners will need to make sure they have supplies of sky blue ear tags for lambs born in 2015.

The dusty conditions, flies and bright sunlight that come with the summer months and physical irritation can cause pinkeye in sheep and cattle. Pinkeye is a bacterial infection that can cause blindness. If you are concerned and think your stock may have pinkeye contact your local vet.

For those irrigating crops, ensure irrigation is adequate to reduce plant stress.

In the south-west, now is the time to pick figs, beans, capsicums, cucumbers, eggplant, grapes, melons, passionfruit, pumpkins, stone fruit, tomatoes and avocados.

Maturing crops of cucumbers, melons, pumpkins, squash and zucchini may be affected by powdery mildew disease, which is seen as a white deposit under the leaves. Preventative sprays are available, contact your local rural supply store.

If you have declared weeds on your property now is a good time to plan for controlling winter growing weeds. One method of being able to monitor the success of your weed control is to map infested areas or take regular photographs.

Until next time, keep yourselves, livestock and crops cool in the summer heat! Jodie

Beverley Playgroup

We are a fun place for babies and children aged 0-4 years old to come and meet new friends, learn from each other, problem solve, play with new toys and equipment, practise their social skills and learn the meaning of 'share'. It's not all about the children though, it's great for the adults to socialise, share tips and enjoy a cuppa as well. We are always welcoming new members. You are entitled to 3 free sessions before joining as a member. Children don't have to be brought in by a parent, it can be a grandparent, aunt etc. We'd love to see you at Playgroup!

In December & January

We had our end of year Christmas Party on the 18th December, with an exciting visit from Father Christmas who had brought a gift for all the children. Thanks for dropping in Father Christmas! It was fantastic to see so many of our Playgroup children there. We also had Hollie Smith (talented photographer) taking beautiful photos of the children with Father Christmas – Thanks Hollie. We had our relocation busy bee at the end of December, a huge thank you to those who came and helped pack up and move all of Playgroup's gear.

New Venue

Due to renovations and expansion within the CRC, Beverley Playgroup have been asked to relocate. We will now be running Playgroup sessions from the Amenities Building at the Beverley Oval. We will be using the 'Meeting Room', which is the room that opens onto the enclosed veranda near the playground- we will also using this playground. Thank you to the Shire for kindly offering us this area to use. Playgroup has been closed over the school holidays, we reopen on Thursday 5th February. We ask people to be patient for the first few weeks, as there are bound to be some minor teething problems as we get started and find the best way to run Playgroup at our new venue.

2015 Committee

We had a good attendance at our AGM on the 9th January. Our 2015 committee consists of: President-Hollie Smith, Secretary-Emma Davey, Treasurer-Kate McLean, Committee Members-Sharlee Reid, Narelle Bailey, Jenette Loud, Jo Roques & Jo Copping. We thank our outgoing committee members, Alex Kop, Connie Christensen & Marissa Burton. We say a massive thank you to our outgoing president, Jenette Loud, for all her hard work and time that she dedicated to Playgroup. 2014 was a very successful year, a true reflection of Jenette's amazing work, we very much appreciate all that you did and are very happy to see you stay on the committee this year!

PLAYGROUP SESSION DETAILS

Every Thursday morning from 9.30 to 11.30 am

(closed for school and public holidays)

- ✓ Located at the Amenities Building at the Beverley Oval
- ✓ For any child aged 0-4 years old
- ✓ Bring a piece of fruit to share, hat and sunscreen
- ✓ \$4 per family per week (for coffee/tea, craft activities etc...)
- ✓ Annual Fees: Concession card: \$15 insurance + \$5 rental contribution
Other: \$30 insurance + \$5 rental contribution

Dangerous solar dc isolating switches (NHP brand)

EnergySafety has issued a public warning about dangerous switches used in some solar systems installed between July 2013 and 10th October 2014.

Director of Energy Safety Ken Bowron said today the switches formed part of solar photo-voltaic installations.

"They are used to disconnect the current produced by solar panels so electricians can work safely on the electrical installation of a home or business," Mr Bowron said.

"The switches listed below are faulty and the supplier has voluntarily agreed with ACCC to do a recall of their products".

The defective brand and models are:

All NHP dc Solar Isolator Switches type KDA-432 and KDM-432

"The defective switches were sold between July 2013 and 10th October 2014," Mr Bowron said. "It is important that anyone who had a solar system installed between these dates checks if any of the defective switches have been fitted to the installation."

What do they look like?

Some solar installations will have two of these switches: one on the roof near the solar panels and another mounted close to the inverter which converts the solar direct current into the normal 240 Volt alternating current used in premises. This second switch and inverter are usually wall-mounted near the building's main switchboard.

We come to you!

Lic MR 11693

"If you have these switches installed, you should shut down the solar system immediately by following the shut-down procedure appearing on a label in the main switchboard or mounted near the inverter" Mr Bowron said.

"If you are unsure or cannot identify the types of isolators you have, check your operating manual or invoice. If you are still unsure, contact the company that sold the solar system for further advice".

You do not need an electrician to shut the system down. However, you should seek assistance from the solar company if you are unsure of how to carry out the shut-down procedure safely. The system will only be electrically safe once it is shut down.

"Above all, do not attempt to get up on your roof to check the switch there," Mr Bowron cautioned. "There is no need to do this.

"If you have identified such switches within your solar installations, please contact the electrical contractor or solar company who performed the installation to organise the replacement of the switch".

For further information contact NHP Customer Service Centre, Phone 1300 NHP NHP (1300 647 647) or email nhpsales@nhp.com.au.

For more information on consumer rights, contact Consumer Protection on 1300 304 054.

EnergySafety (6251 1900) can assist with any technical queries related to electrical safety.

LISA WAY — Child Health Nurse

The Words of the Preacher

“This is a faithful saying, and worthy of all ac-
ception, that Christ Jesus came into the world
to save sinners; “1 Timothy 1:15

“He was in the world, and the world was made by Him, and the world knew Him not. He came unto His own, and His own received Him not. But as many as received Him, to them gave He power to become the sons of God, even to them that believe on His name: Which were born, not of blood, nor of the will of the flesh, nor of the will of man, but of God.” John 1:10 - 13

Beverley Paralegal Community Referral Services (BCS)

The year 2014 has been one of the busiest since we started this service some 19 years ago.

COMMUNITY INFORMATION

Welfare and Centrelink

There has been radical changes to benefits; such as who qualifies, disability pension criteria, youth allowance, zero tolerance interview system, hidden camera investigations, what constitutes Centrelink fraud and the list gets bigger by the week. When it comes to new methods to target the needy in the community as depicted in most TV channels as recent as December 2014 and January 2015.

Disability Pensioners

The Minister for Welfare has made it very clear that he would like to see ALL Disability Support Pensioners do/performance some type of work; i.e. even a few hours per day.

TV reports: A huge crackdown on welfare recipients: in the last quarter end September 2014 between 230,000 and 300,000 benefits were either cancelled or suspended. The investigators are using high tech IT equipment plus according to Centrelink CEO, they use a sophisticated method of inter cross referencing between ALL government departments, as well as hidden cameras.

These methods used, as shown on TV: disability pensioners, claiming benefits, stating that they were unable to work, but pictures shown that some were fit and able to work in heavy lifting jobs, other held three jobs, three separate bank accounts. Other recipients, who were on the disability pension for years, earned between \$30,000 and \$300,000 in total. Centrelink CEO when questioned about this stated "some recipients have paid some of the money back to Centrelink, even so we treat this as fraud, even if all the monies are paid back, they will still have to face a prison sentence".

My comments: Some of the hidden cameras captured almost every move that some of the recipients made, such as: walking to Centrelink offices, drawing and depositing monies into different

System Air conditioners.

banks, driving cars and so on. Centrelink are within their rights under the Federal Welfare Act, insisting that they are only doing their job.

Over the years a large number of recipients, who have lost benefits have faced financial hardship and serious financial problems, some in Beverley almost losing their homes.

Hardship provision: 1. Tell Centrelink your problem. 2. Inform your lenders and other creditors. At this stage you may and will need legal advice, some and see me and I will assist, through a Community Legal Service and this will help sort out calls from creditors and a visit from the Bailiff.

Family Court/Children Matters: For some 3 months I have been rather busy helping applicants in seeking legal advice, as to how to interpret the affidavit submission procedures. The wordings must be set out clearly in the proper format as and when children are part of the affidavit, due care and diligence must be taken when filling in each page. Recently a document had to be re-sworn 3 times, as in each case by the judge wanted. The running hand or slap/dash method will not be accepted by the courts. Ensure that you print clearly and make your request known to the court, especially when it comes to: Children/custody, visitation rights, custody time/extension, and any mutual change has to be ratified by the Family Court Judge.

When an applicant comes to me and is unsure of their legal right, I usually phone a solicitor in their presence and then put the applicant on to the phone.

Car Dash Cameras: The police state that they provide indisputable evidence. The micro chip can be taken out and given to the police, in the matter of accidents, or when asked for. I have checked with the police as to the fitting and the dash camera and the 2 dangling wires must not obstruct the driver's view at any time.

\$25 Gemma Ridgeway (73), \$50 Karen Poultney (98), \$25 Fleta Redding (66)

Week 10 (27/12/14) Number Drawn 6,4,8,4,0,1

\$25 Fleta Redding (64), \$50 Sally Kilpatrick (84), \$25 Lorna Barrett-Lennard (01)

2015 Coach

The Beverley Hockey Club is calling for Expressions of Interest to Coach the Ladies Hockey team for the 2015 Season.

All submissions to be emailed to beverleyhockey@live.com.au. If you have any queries, please contact Carly Veitch on 0429 966 678 or Chantelle Meade on 0429 418 576.

Beverley Supporters Merchandise

There is still some Redbacks Merchandise left, we have one jumper plus a few shirts, which are 'Beverley' branded and can be worn to ANY sporting or community event! As there is limited stock, please let us know via our email ASAP if you are interested in purchasing an item.

1 x jumper size S - \$50

2 x ladies polo shirt size 12 - \$40

3 x ladies polo shirt size 14 - \$40

1 x ladies polo shirt size 16 - \$40

2015 Hockey Season

As the start of the Season gets closer and closer, if you are interested in playing Hockey this year, please contact one of our Committee members or flick an email to beverleyhockey@live.com.au to show your interest. Hockey is a fun sport, which is played either on a Friday night or Saturday (depending on venue). Even if you have never played, why not give it a try, we will teach you everything you need to know!

BEVERLEY CRICKET CLUB

There has been no Senior cricket since our last round-up in the previous Blarney but our Junior players have been very busy.

Luke Gollan represented the Wheatbelt in a 15's Regional Carnival held in Bunbury during December in which he performed well.

Junior Country Week was held from the 5 to 9 January. The Avon Team consisted of players from Beverley, Brookton, Quairading, Tammin, and also players from Pingelly, Wandering and Boddington. The boys were promoted to C section this year after winning D section last year.

Beverley was represented by Thomas McLean, Luke Gollan and Liam Gollan. Khyle Ugle also played in B section for the Indigenous XI and performed very well. The Avon side finished in 3rd place with 2 wins and 3 loss's with the Indigenous XI finishing in 2nd position with 4 wins and 1 loss.

Thomas McLean

Batting: 3 Innings 1 Not Out 27 Runs 13.5 Average Highest Score 18 n.o.
Bowling: 28 Overs 5 Wickets for 104 Runs Best Bowling 2/24
Fielding: 6 Catches

Luke Gollan

Batting: 5 Innings 1 Not Out 76 Runs 19 Average Highest Score 36
Fielding: 2 Catches 1 Stumping 1 Run Out

Liam Gollan

Bowling: 1 Overs 1 Wicket for 8 Runs Best Bowling 1/8

Khyle Ugle

Batting: 4 Innings 1 Not Out 132 Runs 44 Average Highest Score 58 n.o.
Bowling: 24 Overs 10 Wickets for 103 Runs Best Bowling 4/21

So in all it has been a very busy time for our Juniors over the holiday period in which all the boys performed very well.

Beverley Bowling Club

game went to Marg Peck, Brandon Tauri and

New Year's Eve saw 36 players at the Club playing drawn twilight triples, for the Elders Trophy and we thank Noel and Valda Morton for their sponsorship.

Richard Boladeras and the second game was won by Geoff Bremner, Anne Behn and Verna McKelvie.

Each of the teams had at least one lady in it and visitors were also welcome and an enjoyable evening was had by all, to welcome in 2015.

The Ladies Singles Championships have finally been concluded and the winner was Marg Peck with 6 wins Plus 58 shots up, from Glenys Hastings with 6 wins Plus 45 shots up. The game came down to the final end with both ladies on 20, needing only 1 shot to win. This was Marg's eighth win making her the lady with the most Championship Singles wins over the years in the Club. Marg equaled Mavis Retallack's record of 7 wins several years ago, but was delighted with this latest win. Well done

The winners were David Bell, Glenys Collins and Richard Boladeras 2 wins plus 26 from Jeff Murray, Marg Peck and Mick Martin 2 wins Plus 21.

On Saturday the 11th of January, Russel and Glenys Hastings also sponsored a drawn mixed event, and again we thank them for their generous support. Due to numbers this was again a triples event. The winning team was Glenys Hastings, Reg Behn and Barrie Burns with 2 wins. Runners up were Brad Copping, Glenys Collins and Kristy Parker - 1 win Plus 18, and third place went to David Bell, Ron Napier and Dot white - 1 win plus 4. The first

The new lady players in the Club played for the Novice Singles, and the winner for 2014/2015 season was Verna McKelvie winning all her games, from Glenda Ferris. Pennants gets underway again on the 31st of January, and we wish all teams well for the rest of the season.

Members enjoying New Years Eve Bowls

Upcoming events in February will be the IGA Championship Fours on the 1st, Boekeman Machinery Men's Fours on the 13th, and the Men's Championship Singles will commence on the 15th with the finals to be held in March.
