## Wild Women of the West Seminar 2015

# The Road Less Travelled

*Two roads diverged in a wood, and I - I took the one less travelled by,  
and that has made all the difference. - Robert Frost*

The Wild Women of the West returns in 2015 and the theme is 'The road less travelled'. Looking back and remembering that moment, that decision, that lead you to where you are now! Many women have taken that road that others have feared to travel, as that road seemed unsafe. Our guest speakers have walked that road less travelled and have been told many times over that they will never reach their goals. These women highlight the strength, determination and resilience needed to take that first step onto that road less travelled.

## **SHIRE OF BEVERLEY** **President Report** **October 2015**

### Local Government Elections – Saturday 17<sup>th</sup> October 2015

The Shire of Beverley received 6 nominations for 5 vacancies in the forthcoming Local Government elections. Since the close of nominations and draw of positions on the Ballot Paper one candidate has withdrawn. The Local Government Act 1995 states a candidate may only withdraw their nomination before the close of nominations and as this did not occur, the election must still continue and all six names are to appear on the ballot paper.

Essentially the Shire of Beverley must have an election, regardless of the fact there are now only 5 candidates available to fill the 5 vacancies. The requirement to continue the election also must be done with the ballot paper containing the 6 names, although one candidate has advised of their withdrawal. This is a frustrating situation which comes at a cost to rate payers.

A letter has been forwarded to the Minister for Local Government expressing Councils frustration at this absurd situation and wasted expense, particularly when the Minister has been critical in recent media of Local Government generally in relation to expenditure and rate increases.

Additionally, **your vote is still needed** to ensure a by-election is not required as could be the case without a clear indication from electors as to whom they would like to represent them!

Please cast your vote for the forthcoming Beverley Local Government election at the Shire office, early voting commences on Thursday 1<sup>st</sup> October during office hours and concludes at 6pm on Saturday 17<sup>th</sup> October. This is the first year all electors within the Shire of Beverley are entitled to vote for any candidate due to the removal of wards.

### Cr Chris Pepper Retiring

Cr Chris Pepper will retire from Council as of the October 2015 Council elections. Chris commenced as a Beverley Shire Councillor in 2009 and has been Deputy Shire President for the past 4 years. His experience and background have proved invaluable to Council and his contribution much appreciated. We hope you do eventually get that caravan Chris and Pat and take some time out!

### Successful Lotterywest Grant

Hon. Mia Davies MLA recently presented a cheque to the Shire following a successful application to Lotterywest for \$745,000 toward the Multipurpose Community Centre. An outcome to the Federal National Stronger Regions Fund round 2 application should be known by the end of the year.

The Shire has recently hosted an array of Local Government visitors: Local Government Managers Association (LGMA) board meeting with delegates attending from around the state; LGMA joint branch meeting for Wheatbelt representatives; Rick Mazza MLC who met informally with Council prior to the August Council meeting after a visit to Avondale and Beverley town tour; Central Country Zone (CCZ) meeting of which there are 16 regional Local Government members with delegates travelling from as far afield as Lake Grace, West Arthur, Dumbleyung and Kulin; West Australian Local Government Association (WALGA) State Councillors and staff for afternoon tea and a walk around the Avondale heritage precinct and a Beverley town tour on their way to Narrogin for a State Council Meeting and Regional Forum. The group included WALGA's new President Cr Lynne Craigie and CEO Ricky Burges. The recreation building and lessor hall were successfully used for the LGMA and CCZ meetings, and the Shire has received very favourable feedback in relation to its facilities and the hospitality provided to the various groups.

The fete like atmosphere culminated at the Railway Station Cultural Precinct with students showing off their masks and artwork, Rain Storm Body Percussion Performance, School Choir, picnic and games. What a great event!

### Term of Current Council

October 17 defines the end of term for Beverley's current Council. Successful candidates will be sworn into office following the election including the roles of Shire President and Deputy Shire President, positions re-elected from within Council every two years. I would like to recognize the current Council for their representation and commitment on behalf of our community.

### **Keith Murray**

I have lived in Beverley all of my life. I married my wife Jane in 1974, have 2 sons and have farmed my entire working life. My sports included football, tennis, cricket, basketball & Fire Brigade. I have held committee positions in Football, Cropping Committee, Tennis, P&C, Kindergarten and Junior Sports and I am currently President of the L.H.A.G and member of D.H.A.C (Public Health Groups).

Community project involvement: Amenities Building (original and current renovations) & Tennis Clubhouse; provision of club funding through the Inaugural Cropping Committee.

I have completed two terms as Councillor representing North Ward.

I've been enthusiastic about the upgrade of; our local Halls, cemeteries, Doctor's Surgery carpark, existing roads and oval sporting complex. I am passionate about the development of a vibrant and sustainable rural community that facilitates growth and provides support for all generations in employment opportunities and facilities.

### **Lew Shaw**

I have lived in Beverley all my life and, with wife Sandy, sons Andrew and Brett, daughters-in-law Kellie and Carissa, I continue to be involved in the family farming business.

During the past eight years, I have represented the community on the Shire Council. I look forward to continuing this privilege.

I have always participated in community activities and have held office in the Golf, Tennis, Bowling Clubs, Masonic Lodge, Pre-School as well as having been a Fire Control Officer.

I continue to actively support voluntary groups within Beverley and have proudly watched the community grow. I am supportive of existing and new business developments that provide services and employment opportunities for the District.

Whilst serving on Council, I have aimed to minimise increases in rates, whilst always maintaining and improving roads and facilities throughout the Shire.

I look forward to continues involvement on the Beverley Council.

#### **Commitment**

Involvement with numerous community groups in various capacities over many years led to my original nomination for Council in 2007. I have now been a Beverley Shire Councillor for 8 years, the last 6 as Shire President.

I consider community engagement and communication, sustainable management of our assets and services, sound planning for efficient use of limited resources, and access to external funding as important for Beverley's social and economic growth.

I look forward to the privilege of representing our community as a Beverley Shire Councillor if provided the opportunity to continue to do so. Beverley has a great spirit!

### Philip Gibbs

\*\*\*\* Please note nomination has been withdrawn by candidate \*\*\*\*

### David White

My wife (Elizabeth) and I moved to Beverley in January 1997 from farming in Esperance. I nominated for a position as Councillor in 2011 and was elected.

I served on the Beverley Hospital Board for 9 years until Boards were abolished by the State Government in 2005. During this period I realised the importance of local input into the governance of local institutions.

Issues facing the Shire in coming years centre on the expectation of State and Commonwealth governments for Local Government to take on more and more roles without providing the funds to carry out these tasks. There is also increasingly greater regulation being placed upon Local Governments without assessing their capacity to cope.

The result is going to be increased reliance on greater rate revenue or a reduction of services.

We therefore have to make our case without being forced into unwanted amalgamations.

*The Election will be held at the Administration Centre of the Shire of Beverley located at  
136 Vincent Street on Saturday 17th October 2015 from 8:00am - 6:00pm.*

## Fancy Dress Dog Race

Local dogs gathered at the town oval with their owners for the first ever fancy dress dog race to raise money for the CRC Network Guide Dog Challenge. The Saturday morning looked like the races would be rained out but the keen competitors lined up in their size divisions and before we knew they were off and racing. The crowd had a lot of laughs as some dogs had no idea which way to run, some chased other dogs and some didn't even move. But after the heats had finished, the finals saw the winners as follows:  
Dog Races

Feather weight division - 1st Prize - Lola Fricker  
Medium weight division - 1st Prize - Mo Lane  
Heavyweight division - 1st prize - Checkers Mearns

The effort that the owners put into dressing up their dogs were awarded as there was a double prize awarded for the 'Best Dressed Owner and Dog', going to Bronte Cleland and George as well as Tahlia Pearce and Poppet

We also held a colouring in competition for the local school kids to enter, we thank all of the entrants it really was hard to decide but the winners of the competition are:

Under 7's - Harry Wilkinson  
8 and over - Alexandra Tita.

We will be displaying all entries in the windows of the CRC.

After presentations the group gathered for a sausage sizzle and we must say that we were so pleased that all the dogs were well behaved and we had no issues on the day.

Thanks to Melinda for organising the day and a big thank you to Dave and John for cooking the BBQ.

Thanks to Marjorie Kerkoff for the donated dog coat for the raffle. Special thanks to Colleen Sleer for coming along and taking photo's on the morning. The images are simply amazing and all of the families truly appreciated being able to print off the photos. We hope to host another race in 2016.

At our last meeting we did not have a quorum so for us that attended we had an informal meeting and discussion.

The next major event in town is the Beverley Heroic. We will be displaying cycling memorabilia at the Dead Finish on Sunday 04 October and we will be opening at 11am.

Don't forget our high tea at the Dead Finish on Sunday 11 October at 2.00pm. This is a show and tell. Bring along an old cup, saucer and plate (one that was a wedding present, belonged to Granny, Aunt or Mother). This cup, saucer and plate will be used for afternoon tea. It's also the last chance for those who would like to see the WWI display, "Remembering Them" before it is packed away. Cost is \$5 please contact Joy on 0427 411 881 if you would like to attend.

Our field trip we were going to have in the second half of October has been deferred until 2016, as there is too much happening in October.

The talk by Delys, the lady who belongs to The Australian Light Horse will be held on Wednesday 18 November at 1.00pm. To be followed by afternoon tea. Members of the public that wish to attend are more than welcome.

The next meeting will be our AGM followed by our general meeting. This will take place at the Dead Finish on Monday 12 October at 1.30pm.

## Station Gallery & Platform Theatre News

### Station Gallery

At long last the restorative work has commenced at the Station! Unfortunately the gravel garden alongside the building has to go because it's retaining too much moisture which also means uprooting the lovely prunus tree and standard roses. We will attempt to save them to pots but being the wrong time of year for transplanting there will be much fingers and toes being crossed in the process!

### BSA Annual General Meeting

Beverley Station Arts advises all members and friends that the Annual General Meeting to nominate persons to the Committee which manages the Beverley Station Gallery and Platform Theatre will be held on Thursday 15 October at 5pm in the Green Room of the Platform Theatre. All members/friends/supporters welcome. Enquiries to secretary Sarah Miller 0427464078 or [miller@reachnet.com.au](mailto:miller@reachnet.com.au)

### Artist-in-Residence

With great sadness we say goodbye to Artist-in-Residence (AiR) Charlotte O'Shea who has been spending one or two nights in Beverley each week for the past five months. On Friday 18<sup>th</sup> September the school art projects culminated in a fantastic Arts Extravaganza street parade by the whole of Beverley district High School which was a lot of fun for students and spectators alike. The parade terminated at the Platform Theatre for a family picnic lunch, performance on stage and formal thankyou's to the organizers, supporters, and providers of the arts programs at Beverley DHS in 2015. AiR Charlotte O'Shea. Charlotte's background as a community artist and vast experience working with recycled materials attested to her being the ideal artist to share her skills with students and teachers working on the concurrent school theme of Sustainability. The work of a community artist holds many challenges but Charlotte's love of art and desire to extend her talents with the broader community was evident in the students' achievements.

**BDHS ARTS EXTRAVAGANZA**

There can be no better compliment to the development of this arts space than to have the youth of our town perform on the Platform Theatre stage. As a finale to the Arts-Edge Artist-in-residence programme run at the Beverley District High School for the last 20 weeks, the students paraded their Enchanted Rainforest artworks before assembling on the stage for a Rainstorm Body Percussion Performance led by the school's music specialist Romela Brennan. This was followed by singing from the school choir directed by Kellie Shaw. Simply superb.

***🎵 COUNTRY CHOIR BASH***

The Country Choir Bash on Saturday 12 September was a most successful event given that it had to be relocated to the Beverley Town Hall. And the sound was fantastic! More than 200 attended the Bash and none were disappointed with either the entertainment, or our renowned afternoon tea. We felt the need to transfer the stage flats from the Platform Theatre to the rear of the Town Hall stage as the back stage curtaining is a sight for sore eyes (I hasten to add that the Shire is in the midst of obtaining quotes for new drapes), but it did entail a hectic morning to set up the hall. Special thanks to Chris Mann who worked her magic with floral installations, and to the limited committee members available to prepare and serve afternoon tea - thank you Amanda, Marylou and Pauline. Thanks also to committee and friends who donated plates of afternoon tea, and to Tim Kilpatrick for the great sound production.

# Beverley Garden and Tree Society

This month our members and friends enjoyed a bus trip to Araluen. From all reports it was a wonderful day, if a little cold, and was a memorable experience for all.

October will be another great month for our members as we have Pingelly and Kellerberrin garden clubs coming for their annual visit. We always enjoy the company of fellow garden club members. We will start off with morning tea at the Dead Finish Museum and a tour of our garden, with a short lecture from Greg Warburton, then a tour of a local garden. Lunch will follow at the RSL hall with a demonstration and talk on Bromeliads from Brayden Smith. You will remember that Braydon won several prizes with his bromeliads at the show.

November will see us at the Dale for the Melbourne Cup luncheon and so we go on!!!

We have several new members and we welcome them heartily.

With the warmer weather we may be able to get over all the coughs and sniffles and get out in our gardens. It is nearly time to start on the summer garden. So nursing along seedlings until the frosts are over is the go now.

Weeding and mulching and feeding can also be done.

Those of you with native plants are getting the benefit of the flowering season and there are some lovely plants around the district. The Geraldton waxes in particular are stunning, as are the native hibiscus.

Any enquiries about joining the garden club may be made to Dalene Davies on 9646 0800.

Happy gardening everyone.

The Beverley branch of  
Country Women's Association  
cordially invite all past members and  
interested citizens of the community  
to join us for the official opening of  
the new drinking fountain  
commemorating our 90 years of  
service to the community  
at the town oval in Forrest Street  
on Thursday 22nd October, 2015  
at 2.30pm  
with afternoon tea to follow at the

### **YOUTH WORKSHOP A HIT AMONGST THE STUDENTS**

The CRC hosted free youth workshop that was grant funded from One Life. The day was attended by four schools including Beverley, Brookton, Quairading and Cunderdin and independent students with ages ranging from Year 7 to Year 10. The event was held at Beverley Sport and Recreation Facility with 130 people attending including CRC staff and volunteers, teachers and teacher assistants.

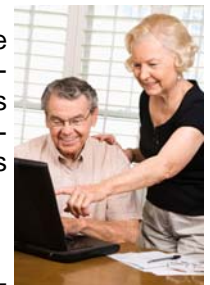

Students were split into male and females and our guest speaker Amy Coombe addressed the girls first whilst the boys participate in sporting activities with Nyoongar Sports which was run by two energetic and inspirational Aboriginal staff members and then switched groups after morning tea.

Amy Coombe discussed her personal battle with depression and then the second workshop was a very interactive experience with lots of role playing and getting the students able to recognise the signs of when you need to speak to someone about your depression and also skills on how to they can personally do to get out of the depressive state and work towards doing positive things to stay out of the black hole. All the students were encouraged to ask questions after each presentation this allowed the students to gain additional insight into why and how they became they deal with their feelings. All the students were very open, supportive and encouraged any peer to discuss their issues. The day was jammed packed with activities and many of the students came out with some valuable tools that they can either use on a personal level or to help their friends.

A big thank you to all of the students for participating so maturely and to the teachers that assisted in making the day run on schedule. Thanks to the Nyoongar Sports group, Lyn Kay for volunteering and cooking pizzas and burning her fingers. The feedback from the students was outstanding with 93% overall satisfaction for the day.

## Warriors Wellbeing Article What is Loss and Grief?

Grief is a universal, instinctual and an adaptive reaction to loss, in particular the grief from the loss of a loved one. Feelings of loss are very personal and only you know what is significant. Less obvious losses can also cause strong feelings of grief such as loss of possessions, job, relationship, health, or physical ability.

Loss is an inevitable part of life and grief is a natural part of the healing process that varies for different people. The grieving process allows those left behind after a death to accept the person is no longer around.

When experiencing and reacting to grief, it is common to:

- ❖ feel like you are "going crazy"
- ❖ have difficulty concentrating
- ❖ feel sad or depressed, anxious, nervous or fearful
- ❖ be irritable or angry ( at the deceased, oneself, others)
- ❖ feel frustrated or misunderstood
- ❖ feel like you want to escape
- ❖ experience guilt or remorse
- ❖ be ambivalent, lack energy and motivation
- ❖ feel numb.

Each one of us has an individual style of coping with painful experiences (there is no right or wrong way). Some people don't show their grief in public but only express it in private. We don't always know how people are coping simply by what we see.

The following tips may help generate ideas about how to manage feelings of grief:

- ❖ talk to family, friends or a mate
- ❖ engage in social activities
- ❖ exercise, eat healthy foods
- ❖ take time to relax, listen to music
- ❖ seek counselling or join a support group
- ❖ be patient and let yourself feel grief.

The length of the grief process is different for everyone. It takes time to heal and this may not be just days it can be weeks, months and even years.

Grief comes in waves. When the ship is first wrecked, you're drowning, surrounded by wreckage reminding you of the ship that was and is no more, and all you can do is float. As you float you hang onto a piece of wreckage for a while in the form of a physical thing (a memory or photograph), it may even be another person floating with you, and for a while that's all you can do is float. In the beginning you had 100 metre waves crashing over you 10 seconds apart barely allowing you to breath. After a while (maybe weeks or months) the 100 metre waves still come crashing over you but they are now further apart allowing you to breathe and function without as much difficulty. There will be triggers of grief that will arise (a song, a place, a photo) and a wave will come crashing but in between there is life. Somewhere down the line (it is different for everybody) you will find the waves are only 80 or 50 metres, they still come but are further apart. You will be able to see them coming (special anniversary days) but now you can prepare yourself for the waves, knowing you will come out the other side, soaking wet, spluttering and still hanging onto a piece of wreckage but you will come out. Intermittent waves never stop coming and you don't really want them to but you will survive them.

If you feel you are not coping seek professional help from your GP or a counsellor.

## Investing in the future of the Farmlands.

Over the next three years, Water Corporation will spend around \$32 million to improve water supply in the Farmlands. These improvements will include replacing more than 64 kilometres of pipe, repairing 7,500 pipeline joints, and installing smart water meters to help identify leaks. The result will be less wasted water, less water interruptions, and more water savings for Farmlands customers.

To find out more, please call 1800 198 219 or visit [watercorporation.com.au/farmlands](http://watercorporation.com.au/farmlands). And if you sign up for SMS updates, you could win a 5,060-litre water tank.

### Local contractors

If you are a local contractor with services in earthmoving, pipe laying, welding, equipment hire or similar, we'd love to hear from you. Please call 1800 198 219 or email [farmlands@watercorporation.com.au](mailto:farmlands@watercorporation.com.au)

### Seen a leak?

Given the vast pipeline network in the Farmlands area, we really do appreciate the speedy notification of any leaks and breaks. If you do see one, please email the details to [farmlands@watercorporation.com.au](mailto:farmlands@watercorporation.com.au) or call 13 13 75.

## Off Season Pool Update Winter 2015

At the time of writing this the weather is still somewhat cold, almost freezing so to be all excited about summer 2015/16 seems a million miles away. But we all know the certainties in life are death, taxes and WA will always be hot 'n dry in the summer. In fact there are positive signs on the weather front as I speak.

Currently sitting at a desk with endless amounts of dog issues, abandoned vehicle investigations, litter infringements to write and other Ranger related paper work reminds me of just how much I miss my little piece of 'Zen' known as Beverley memorial Pool. During the long winter months I've probably outdone myself with off season work variety. It all started way back on the 1<sup>st</sup> April when I officially started to work for our neighbours, Shire of York. Five weeks into that and I was transferred to the Shire of Northam. In between, you could find me spread from as far south as Boddington all the way back to my spiritual home, Newman in the East Pilbara.

Now onto the Pool stuff for another exciting season ahead. Our annual 'Teddy Bears Picnic' is back. This will be the first of many fun events planned for this season and should be Sunday 22<sup>nd</sup> November. Posters for this event will start going up this Month. This is an opportunity to send a clear message to the community to **watch your children around water** at all times, but there are dry activities planned as well. Remember these events take hours of planning and effort so we need total commitment from our locals to attend as many summer events as possible to make the hard work worthwhile. Otherwise you run the risk of becoming just another hole in the ground with water in it.

'Australia Day', our biggest annual event of the entire summer will be on again. Our newest and most exciting event will be back in March 2016, The Beverley Triathlon. Never too early to start training so get busy Folks!!! During my five (yes, 5) pool seasons one particular Friday night has become an importune Pool party and almost our 2<sup>nd</sup> most attended event of the year. I'm planning on doing something different with this night and setting up DJ effect lighting and having a full fledge dance pool party. It usually corresponds with Friday swimming club time trials, BBQ and the welcome return of the boarding school kids back from Perth for the Christmas hols.

In regards to the swimming club please enrol your child early and be amazed at how quick their skills & water confidence improves. My morning swimmers will be back to do it all over again, lap after lap. I do harp on this season after season but the benefits of swimming in a group (team) environment are untold. The friendship and encouragement you receive is just brilliant for swimmers of all levels. We kick off every morning from 6am to 7am (except weekends) so don't put it off any longer and join our 'swim club' or 'morning swimmers' this coming summer.

Last season was an impeccably great summer for children behaviour, a pity some adults can't act the same. So please note under no circumstance will anti-social behaviour be tolerated and will result in a quick exit from the complex. It's my goal every summer to provide a safe friendly oasis for everyone to enjoy. Over the last 5 seasons our pool has received loads of positive comments from visitors from Perth and surrounding towns in the way of Letters, phone calls and social media and I will continue this mandate.

Let's get our summer on...Brad M.

## Spelling Bee

A team of our best spellers headed over to York for the Interschool Spelling Bee. Our clever students scooped first places for all three divisions: Year 4, Year 5 and Year 6! Congratulations to Tabitha Roche, Mackenzie Thomas and Abbey Cooke for their wins, and also to Kirsty Noonan, Hannah Morrell, Ella Cooke, Rebekah Aynsley, Declan Kilpatrick and Mathew Schilling for their contributions to the team effort.

## Artist in Residence Program

The Artist in Residence program at Beverley District High School, funded by Artsedge and supported by Beverley Station Arts, has come to a finish. It was a very valuable project, and the work of the Artist in Residence Charlotte O'Shea and Community Artist Jenny Broun has had a terrific impact on our students' skills and interest in the visual arts. Some of the students' creations were on display at the Beverley Show, and some of those will also be exhibited at the Royal Show.

The students also shared their work with their parents and the community at an Arts Extravaganza: a parade through town with a family picnic and performance at the Platform Theatre. We would like to thank the Beverley DHS P&C, the Shire of Beverley, and Beverley Stations Arts for their help with organising and promoting this event.

Our retreat this year went very well with six ladies enjoying 2 days and nights at a home in Jennacubine where we explored a Judy Neimeyer design of Foundation Piecing. The projects are ongoing and are progressing nicely with each of us exploring different colours and layouts with the same block shapes.

On the 05 September several ladies attended a very enjoyable friendship day at Toodyay.

In the morning they worked on their own projects and the afternoon was taken up with show and tell. If you are interested to see our work and spend some fun time with us please come and join us. We meet each Tuesday morning at 10am and continue until 2pm so bring your lunch, cups of tea and coffee are available. We are now in the Monash Building at the Beverley District High School in Lennard Street.

What perfect weather we have been having lately, summer is definitely on its way. In September, Avondale was lucky to host the WA Local Government State Council for a scrumptious afternoon tea catered by the Beverley Playgroup, thank you Emma Davies, Holly Smith, Chris Mann and the parents of the Beverley Playgroup for a fantastic job. Thank you to Ms Dee Ridgway for introducing Avondale to some of her political associates.

Open weekend this month saw a caravan club come to visit Avondale and I think most were blown away at such a collection of well presented machinery. One lady commented at how it would make a great babysitting location for the men while the women went shopping as her husband spent a couple of hours in the museum. Every 3<sup>rd</sup> weekend on the Saturday you will find the Avondale volunteers working on and repairing machinery new members are more than welcome to come down and join the group on these mornings young or old all are welcome.

The Beverley All Breed Show at the town oval in September give me the idea of giving young Comet a bit of variety in life. So off to the breed show we went and came home with Best Clydesdale Gelding & Champion Clydesdale Gelding. Young Erin, my daughter, was Comets handler and they both had a fantastic day out. Well done to the Beverley Horse and Pony Club for a well put together show. A massive thanks to A.F.P.A (Avondale Farm Project Association) for trusting me with Comet.

Well that's all for now I hope everyone enjoyed the long weekend.

# THE BLUE LINE

## Beverley Police Station

57 Hunt Road, Beverley WA 6304 BeverleyPol@twitter.com

Good day to you all,

Sergeant Connell (who you may know as "Ian") has asked (instructed/told me) to step up to the plate and complete my second Blue Line.

### A Quick "Doff".

First, a "doff" of the cap to the Beverley Redbacks for making the Grand Final and now I add commiserations to the same for the outcome. Next year I offer the services of a certain Police Sergeant who runs like a lamb on its back legs! A gifted and talented individual indeed. Not looking forward to the extra duties I will be assigned for that comment. But probably worth it.

Now... I discuss what has been going on.

### The reporting of suspicious behaviour.

Information obtained from members of the public who report suspicious behaviour or activity is vital for local policing to be successful. It is that 'gut' feeling that something is not quite right about a person or their behaviour. Trust that feeling and contact Police and report suspicious persons, vehicles and behaviours.

You never know if you could be helping someone jump start a car and they turn out to be known criminals engaging in criminal behaviour... ask me about this one if you want to know more.

### Crime.

Did you know? Crime is actually down in Beverley. This is good for us, but better for you. Offences against the person and offences against property are down.

This is good news. Keep exercising vigilance and crime prevention strategies to crime down. The basic crime prevention strategies we suggest –

-If you are going away (holiday etc) ensure someone will look after your house and property and speak with us about the "Away From Home Register".

-Utilise security devices on your home or business.

-Exercise safety precautions at night.

-Do not keep valuables in your vehicle.

-Secure your belongings.

-Report suspicious behaviour.

For further information about crime prevention come and speak with us.

### Scams

*"If it sounds too good it probably is..."*

The Western Australia Police Major Fraud Squad combined resources with the WA Department of Commerce to combat fraud or "scams" – it is called Project Sunbird. They have identified that each month approximately 600 to 700 victims are sending a total of \$600K to \$1 Million through a combination of money wire transfers and EFT to fraudsters. To report a scam phone 1300 30 40 54 or go on line [www.scamnet.wa.gov.au/](http://www.scamnet.wa.gov.au/) ProjectSunbird.

### Drink Driving

Without a doubt the hardest part of my job is notifying a person or family of the death of a loved one. I may be the one who will come knocking. It is particularly difficult to tell people someone has died as a result of a drink driving incident.

Explanations I have heard for drink driving are poor... see some below.

*"I just had a few and decided I was fine to drive"*

*"I only live around the corner"*

I still am shocked when I stop someone who offers up a pathetic excuse. As a driver you are responsible for the road culture and environment. The individuals participating in this behaviour are reckless not only to their lives but to

your life. Each time someone drinks and drives they show a blatant disregard for your safety and the safety of others.

Don't do it. Simple as that.

On another related note, we are lucky in Beverley that we have access to Brian and his courtesy car. He's only too willing to give people lifts, any monies donated by passengers go to local charities.

### RBT's

Sergeant CONNELL and I conducted 64 Random Breath Tests in one hour on Vincent Street in Beverley in early September. This was carried in addition to any vehicle that is stopped during the duration of our shift. Well done to those people making the right choice. Beverley. However, we are not done. There will be more, see above for the reasons.

### Dogs...

Recently we have been contacted in relation to complaints about 'dogs'. We usually refer all our complaints to the Shire of Beverley who refer the matter to the ranger (unless a life-threatening or extreme case has occurred). I am hoping that people keep their dogs secured and on leashes when out in public. You don't know how your dog is going to react and how your dog off a leash may make people feel. If you feel the need to make a formal complaint about allegations of breaches under the Dog Act contact the Shire of Beverley and complete a Form 6 Complaint.

As always if you have any questions please don't hesitate to contact us on 9646 3333, or speak with Police on 131 444.

Need ideas for your small property? During spring there are plenty of shows and field days to attend. If you have previously been to the Perth Royal Show and enjoyed learning about farming and agriculture a visit to one of the regional shows might be an experience well worth the travel.

As we head towards summer pastures will be starting to dry off and landholders considering buying in hay should be aware that this is a common way for weed species to spread. When feeding out hay over summer this often means that hay is spread across your property, spreading weed seeds with it.

Besides spreading weeds, weed seeds can get caught in your animals' coats, ears or eyes. Grass seeds that become lodged in ear, eye and mouth cavities can cause serious problems and pain. If you suspect that your animal might have a problem with a grass seed speak to your vet.

Continuing with weeds, summer weeds can rob subsequent crops of soil nitrogen and stored soil water. By identifying the summer growing weeds you are going to control on your property you can order supplies, book contractors and make a plan. Controlling these weeds early will conserve valuable soil nitrogen and moisture for use by the crop during the following season.

Regarding fresh produce, October is the ideal time for first plantings of basil, beans, capsicums, cucumbers, pumpkins, table tomatoes and sweet corn. If you are planting new crops into your vegetable garden don't forget to build up the soil so your vegetables have plenty of nutrients.

If you are irrigating ensure that your system is operational as plants will be vulnerable to heat stress if they are young or fruiting. Check system for leaks and blockages. If your system is a few year old consider taking the time to see if it is still operating as efficiently as it was when your first installed it.

Have you checked your water quality lately? Total dissolved solids (TDS) and salinity provide a guide to water quality, the concentration of calcium, magnesium, nitrate/nitrite and sulphate ions may also need monitoring especially if using ground water as they can cause purgative or toxic effects. Troughs should be regularly cleaned to ensure that salinity and algae growths do not become a problem.

This is the final Community Column SLIS will be producing, with the imminent closure of the Small Landholder Information Service (SLIS). We thank you for your support over the past years.

Until next time, Jodie.

## MEDIA RELEASE

Tamworth NSW is once again gearing up for their annual Country Music Festival and, for many, the twang of guitars is not the attraction. Instead, performing poets all around Australia are practising their lines and honing their performance skills in preparation for the plethora of concerts and competitions which will entertain a large and enthusiastic group of followers who come to Tamworth just for this wonderful entertainment.

One of the most important competitions on the Bush Poetry calendar is the Golden Damber Awards, now in its 30<sup>th</sup> year. This competition has been the first stepping-stone for new performers, many of whom have gone on to be the top bush poetry entertainers we see in shows in Tamworth and all around Australia.

The Australian Bush Poets Association, the national representative body for all bush poets, runs this special awards competition not only to showcase the talents of experienced poets, but to provide a friendly stage for newcomers to “have a go”. Poetry must be recited, be “proper” bush poetry, with rhyme and rhythm and have an Australiana theme, which can be bush or town these days. Australia’s experiences at war are also used as subjects in this genre of poetry.

Performing poets please note that there are still places available in The 2016 Golden Damber Awards for poets who perform their own compositions or those of the traditional or established bush poets.

This competition is famous for being one of the best all round bush poetry concerts in Australia and it attracts large and very enthusiastic audiences. It will be held in West League Club in West Tamworth on Tuesday 19, Thursday 21 and Friday 22 January, with the Finals on Saturday 23 January. The competition forms an integral part of the Tamworth Country Music Festival and is a popular venue for festival goers.

To enter the competition, look for the entry form on the Australian Bush Poets Association website [www.abpa.org.au](http://www.abpa.org.au) or send a stamped, self addressed envelope to 2016 Golden Damber Competition PO Box 655, West Ryde NSW 1685 or email [TheRhymefromRyde@bigpond.com](mailto:TheRhymefromRyde@bigpond.com) for forms and information.

# INSURANCE AND RISK MANAGEMENT FOR COMMUNITY FAIRS, FESTIVALS, PARADES AND OTHER EVENTS

Having an event, or series of events, is an exciting time for many groups. However, being the event organiser carries with it the responsibility of ensuring that the event is well organised so that it runs smoothly and safely. This applies whether your event is an annual one or a one-off.

Local Community Insurance Services can work with you to achieve this by helping you to manage the potential risks through the provision of insurance and risk management advice and the arrangement of cost effective insurance covers to manage financial risk exposure.

Whether your event is a major community fair or festival or a small fundraising event, our depth of experience from working in partnership with community groups for 15 years, means that we have expertise in assisting event organisers with the following key aspects:

- Event risk management advice
- Public Liability insurance (covers management and organisation of the event and can be extended to include cover for stallholders, bands and other performers without their own cover)
- Personal Accident (Volunteer Workers) insurance
- General Property insurance (cover for hired or loaned equipment)
- Money insurance (cover for cash holdings from tickets sales, etc)
- Cancellation and Abandonment insurance (cover for financial loss from cancellation, eg due to weather, loss of venue).

We cannot provide cover for amusement or animal rides but we can help you to manage the other potential risks.

LCIS premium rates have remained unchanged since 2007. LCIS uses QBE as the insurance provider – QBE is one of Australia's biggest insurers and this makes QBE a secure insurer for LCIS clients.

We invite you to visit our website for a free Event Risk Management Checklist, information about available insurance covers and while you are there you can get a quote online for your event for Public Liability and Personal Accident (Volunteer Workers) [www.localcommunityinsurance.com.au](http://www.localcommunityinsurance.com.au).

If you have queries you can email us at [insurance@lcis.com.au](mailto:insurance@lcis.com.au) or call us on **1300 853 800**. We are happy to talk with you regarding your requirements.

*Your LCIS team*

Please be aware that the Shire of Beverley Insurance policies do not extend to cover the groups organising these events, rather you should have your own Insurance in place.

## Lyme Disease Association of Australia

Lyme disease was raised twice in Federation Chamber (Parliament) on the same day? Change really is possible!!! Here's hoping.....

This is **false**. Only 30% of people who are diagnosed with Lyme Disease remember a tick bite. The tick injects local anesthetic into your skin before it bites you, so that it may stay attached longer. This means that most people don't remember the tick bite at all.

This is **false**. Lyme Disease (particularly neurological Lyme disease) can be fatal. Visit the [Karl McManus Foundation for Karl McManus's story](#).

The Lyme Disease Association of Australia (LDAA) attended the [House of Representatives Health Committee](#) roundtable in Sydney on Friday 18 September 2015.

The [roundtable](#) provided an opportunity for the LDAA along with various other representatives and community members to provide insight into the Lyme/Lyme-like disease situation in Australia.

Lyme Disease Association of Australia welcomes Senator Claire Moore's motion which was moved in the Senate in August 2015. The Notice of Motion tabled that day supports recognition that Lyme disease is a devastating disease and calls for the development of a national plan to treat people living with the disease.

Thank-you, Senator Moore! You can read our full media release on the LDAA website.

ADF announces investigation into Lyme disease!

The Australian Department of Defence announced last week that there will be an [investigation conducted by the Repatriation Medical Authority into Lyme disease](#) and its effect on military personnel.

The inquiry will specifically look at "How Lyme disease may be suffered or contracted, or death from Lyme disease may occur, and the extent to which Lyme disease or death from Lyme disease may be war-caused, defence-caused, a service injury, a service disease or a service death".

If you are a current or ex-serving officer please consider tendering a submission.

## Healthy Body – Healthy Mind

By Valerie Gunsch

Dip. C.N.C. Mac. H.V. P.P.

Clinical Nutritionist, Profemme Practitioner

### Make you own Nut Milk

Almost all raw nuts or seeds can be used for making milk except cashews. You can also use cooked grains such as rice, quinoa, millet, amaranth, buckwheat. Raw oats, shredded or desiccated coconut make tasty milk too.

Drinking cow's milk or not is a big question these days. Due to the extreme processes that milk goes through and the high amounts of antibiotics, hormones, and genetically-modified substances that cows are continually exposed to, I believe there are real and eminent concerns associated with drinking milk from cows. All cows release toxins through their milk, as milk is a natural exit-portal for substances that the body cannot use. The "ingredients" which are added to cow's Milk makes it a not very desirable drink. The claim that calcium is only available by drinking cow's milk is not true either. Cow's milk has a very high carbon footprint; it is neither the greenest or healthiest milk available. Milk consumption per capita has been on a steady march downward at a rate of 25% during the last 30 years according to research while alternatives like soy, almond and rice milk has averaged annual sales growth of 10.5 %. However there are many other sources where you get good quality calcium for your bones. There are other health issues associated with the white stuff, which range from dairy intolerance through to high cholesterol. Loaded with calories and heavy on the saturated fat, cow's milk certainly isn't the diet conscious choice for putting in your cuppa. Milk does have some health benefits though – calcium for example as mentioned before, but that aside, there are better choices that are both low in fat and good for the planet. There are great plant sources to get the calcium the body need such as collard green, broccoli, kale, bok choy, figs, oranges, sardines, canned salmon, white beans, tofu/soy beans, spinach, celery, kelp, blackstrap molasses, sesame seeds,

brazil nuts, almonds. However, if you like milk there is always the opportunity to make your own nut milk. Healthy substitutes are almonds, rice, soy, coconut, and hemp seeds (my favourite).

### The ultimate powerful, dairy-free milk guide

Tools you need: Nut milk bag or cheesecloth, high speed blender, glass jars for storage.

- ◆ Basic steps for all: 1 cup organic unsalted nuts or seeds, pinch of salt, sweetener such as honey, dates or raisins (no sugar please), 3-4 cups of good filtered water (no tap water).
- ◆ Soak your seeds or nuts prior to making milk. Soaking is necessary to release enzyme inhibitors and improve nutrient digestion/assimilation.
- ◆ Do not use your soaking water for milk; all of your inhibitors are in there, so use fresh filtered water. Rinse soaked ingredients well.
- ◆ Blend on your highest setting until smooth.
- ◆ Strain using your nut milk bag or a cheesecloth, draped over a bowl or large glass, pour blended contents through fabric.

Squeeze from the top down gently all liquid out.

Bottle it up, label it and keep in fridge. Milk will keep in fridge for 3-4 days.

Add-ins when blending are ¼ tsp vanilla extract, 2 tsp. raw honey or maple syrup, pinch of fine ground sea salt, dates pitted, pinch of cinnamon, cardamom or cacao.

In general ½ cup of raw nuts or seeds and 2 cups pure filtered water makes wonderful smooth milk like drink.

Nuts which need soaking are as follows:

Almonds, Pecans, Walnuts 8-12 hours, Brazil, Hazel Nuts, Macadamia and Pine Nuts don't need soaking, Sesame Seed unhulled 6-8, hulled Seeds no soaking, Sunflower Seeds 4-6, Pepitas (Pumpkin Kernels) 6-8.

Be nutty!

## Cigarettes get more expensive – can you quit?

On 1<sup>st</sup> September, the recommended retail price of cigarettes increased by 12.5% up to \$29 a packet (that's over \$1 per cigarette). Now is a great time to get support to quit smoking and save some money.

Despite knowing smoking is extremely harmful, many smokers find it hard to quit as nicotine is a powerful addiction and most people need repeated attempts to stay quit. On average only 3-5% of 'cold turkey' attempts are successful but with support from a health professional like your GP or Health Promotion Officer plus the use of stop-smoking aids like nicotine replacement therapy, your chance of staying quit increases to 25-30%.

If you live in the Wheatbelt you can get free local support through the Wheatbelt Quit Smoking Program. Your local Health Promotion Officer is trained to deliver this program which uses proven strategies and advice to increase your chance of quitting. The program provides individual advice on suitable nicotine replacement therapies or quit medications plus tips for reducing withdrawal symptoms, avoiding weight gain and making your home smoke-free.

"We know that everyone is different. We can help every smoker find the strategies that work best for them to quit" said Sarah Dixon, local Health Promotion Officer.

The tax increase was implemented by the Federal Government as it is proven to discourage young people from taking up smoking and encourages smokers to quit. "For every 10% increase in price there is about a 4% drop in smoking rates. This is welcoming news as it could prevent deaths from smoking related illnesses" said Sarah. A staggering 2/3 of Australian smokers are likely to die because of a smoking related illness like stroke, cancer or heart attack.

"Quitting smoking today will instantly improve your health and will also save a pack-a-day smoker about \$10,000 per year. There isn't a better time to quit than right now", said Sarah.

Call 9690 1320 to find out how Sarah Dixon can support you to give up smoking for good.

### Finding Prostate Cancer Early

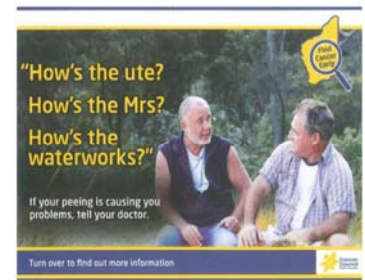

Throughout the Wheatbelt Region of WA, the *Find Cancer Early* Campaign is urging people to pay attention to changes in their body and if they notice differences that may be symptoms of cancer, to tell their Doctor.

This month we're focussing on the common signs and  
symptoms of prostate cancer:

- Blood in your pee or semen once off
- Waking frequently at night to pee
- Sudden or urgent need to pee
- Needing to pee more often
- Difficulty starting or stopping peeing
- Slow flow when you pee
- Pain when you pee
- Dribbling at the end of peeing
- Bladder doesn't feel quite empty after peeing
- Being unable to control the bladder (incontinence)
- Unexplained weight loss

If you have had any of these signs or symptoms, tell your  
doctor. It doesn't mean you've got prostate cancer – usually  
they turn out to be something less serious. But it's important  
to tell your doctor and get them checked.

Tell your doctor if you have any of these  
symptoms:

- If you ever find blood in your pee
- Waking frequently at night to pee
- Sudden or urgent need to pee
- Difficulty starting or stopping peeing
- Slow flow
- Pain when you pee
- Unexplained weight loss

These symptoms might be due to prostate cancer and the  
earlier it's found, the greater the chance of successful treatment.

For more information visit: [www.findcancerearly.com.au](http://www.findcancerearly.com.au)

13 11 20

**Remember, if it is prostate cancer, the earlier it's found, the earlier it can be treated.**

#### Prostate Cancer Myths and Facts

Myth: Only elderly men get prostate cancer.

Fact: Although risk increases as men get older, about 1 in 3 prostate cancers occur in men under 65 years old.

Myth: Difficulty peeing or peeing more often are just normal signs of getting older.

Fact: Having problems when you pee can be an important symptom of prostate cancer, regardless of age

## **Beverley Junior Sporting Group - Winter sports wrap up**

The Beverley Junior Sporting Group wrapped up their season with a fun day, that included the parents joining the kids in both footy and netball. The children that have participated in sports over the winter months should be commended on their dedication and enthusiasm, as we had many cold Saturday mornings. Their excellent sportsmanship that they display in other towns.

We thank the parents that helped out by driving to other towns, umpiring, timing, washing uniforms and bringing oranges the committee and coaches appreciate it all.

President - Mark Thomas

Secretary- Monica Van Der Snoek

Treasurer - Peter Stevens

We still need to find a new Netball coordinator as Anto has stepped down for now. Football coordinator will be Monika.

Massive thanks to Brendan McLean who finishes his long run as Football Coach and to Amor Moulton who also finishes her long coaching career with the netball girls. They have both been a huge asset to the club and your combined skillset will be missed.

A huge thanks you to all that helped run the club throughout the season Brendan McLean, Anthea Cooke, Amor Moulton, Sam Fricker, Wayne Ashworth, Jethro Sleer, Dean Aynsley and Steve Gollan.

# Beverley Men's Golf

**Elders Day** was held on Friday 28 August.

A great day was had by all who played and with novelties on all holes gave everyone a chance of winning a prize.

At the end of the day the eventual winners were Noel Morton, Mitch Morton and Mark Bickley, they were followed by Mark Armstrong, Fred Sing and Greg Barrett-Lennard.

It was very pleasing to see new players and old players come to play this event and use the facilities at the club, as it set the scene for a very enjoyable evening listening about the great shots and the unlucky shots during the day.

Thanks are extended to **Noel Morton** and **Tim O'Meara** for sponsoring the day.

One of the biggest golfing events on the Beverley's golfing calendar was held on Saturday 5 September, being the **President vs. Captain Day** sponsored by the **Wansbrough Family**.

The President's team consisted of Stephen Gollan, Fred Sing, Chris Pepper, John Donovan, Graeme Hagan, Thomas McLean and Liam Gollan.

The Captain's team was, Mark Bickley, Mark Armstrong, Mark Edwards, Wayde McLean, Les Annison and Gavin Sazanov.

Mark Edwards had a day out paring the course to end with 44 Stableford points to win the day. He was closely followed by Super Vet, Fred "China" Sing who also had a great day recording 41 points.

Even though we were all happy to see Mark and Fred had such a good score today, it was not about your individual score it was about the team. With the Captain (Mark Bickley) under extreme scrutiny totalling the cards, he produced the goods to again; to see the President's Team turn around last years loss to record a win by 4 points, 206 Stableford points to the Captain's 202 Stableford points.

Thanks are extended to the **Wansbrough Family** for sponsoring the day.

Good conditions greeted 13 players on Saturday 12 September to play for the **David Adams Trophy**.

This was a Par event which saw only 1 player having a plus score at the end of the day. The winner of the **David Adams Trophy** was Ryan Ware with a score of +3 with Darrell Hagan in second place with 0.

Once again our thanks are extended to **David Adams** for supporting this event.

Friday 18<sup>th</sup> September saw 23 players play in the **2015 Open Teams Ambrose** event.

It was very pleasing to see past members with Lindsay Strange back at the club enjoying himself.

The Gross winners on the day were the team comprising of Terry Winfield, Fred Sing and Lindsay Strange. Mark Armstrong, Phil Bateman and Mitchell Mosely were Runner Up's.

The Nett winners were Wayde McLean, Bruce Kilpatrick and Stephen Gollan with a nett score of 57.50. The Runners-Up were Brett Coxon, Colin Oliver and Gavin Sazanov with a 60.17 nett score.

*Photo above : Wayde McLean, Bruce Kilpatrick and Stephen Gollan, Nett winners of the 2015 Open Teams Ambrose Day*

Ideal golfing conditions greeted a small field of 18 players on day one of the **2015 Open Teams Championships**.

The format of the event is you have three players in a team. You play 18 holes of stroke on Saturday and Sunday and your combined scores of your team over the two days are tallied to find the winning team.

At the end of day one everyone was very happy to be inside socialising and talking about what went wrong on the course during their rounds.

John Donovan shot the best nett score of the day with 71 points.

The Best Gross score on the day was Wayde McLean with 84 shots.

With conditions once again ideal for Sunday, some very good scores were recorded during the day. Chris Pepper shot a nett score of 67 to win the best nett score on the day.

In the Gross Tom Chalker (Hill View) had a good day to shoot 80.

Once all the scores were tallied and checked the following winners for the event were announced.

Gross Winning Team Composite 1 – Tom Chalker, Kevin Burton, Michael Griffiths – 471  
Gross Runner up Team Chequers 1 – Len Richards, Gordon Riggir, Colin Oliver – 523  
Nett Winning Team Beverley 2 – Wayde McLean, Bruce Kilpatrick, Stephen Gollan – 437  
Nett Runner up Team Beverley 1 – Darrell Hagan, Les Annison, Chris Pepper - 462  
Nett Third Team Beverley 4 – Mel Vivian, Liam Gollan, John Islip - 469

### 2015/16 FUNDRAISING

#### Harvest Grain Donations

The Beverley Hockey Club has started fundraising for our long term goal of having our very own hockey field in Beverley. The Club has set up a Grower Number through Loadnet, where Harvest Grain donations are welcome to be made, to help us achieve this goal.

Donating proceeds of grain sales can be done through Loadnet via the 'Transactions' tab then 'Load Donation' tab. Select the charity as Beverley Redbacks Hockey Club from the drop down menu, a marketer, a payment method, a destination site and the tonnes to sell. The Loadnet system will then transfer the grain to the Beverley Redbacks Hockey Club and nominate it on our behalf.

Any donation is greatly appreciated and will ensure a strong future for the hockey club.  
If you would like more information, please do not hesitate in contacting Kelly Mann on 0408 952 790.

## **BEVERLEY HORSE AND PONY CLUB 50<sup>TH</sup> ANNIVERSARY CELEBRATIONS**

The Beverley Horse and Pony Club celebrated their 50<sup>th</sup> Anniversary on the 30<sup>th</sup> August. While the forecast was for thunderstorms we were very lucky to only have a few light showers in the morning before the weather cleared and the day was beautiful.

Official proceedings commenced with welcome speeches and the unveiling of the Commemorative bench by Leslie Barrett-Lennard. This bench was kindly built by John Hawke and was positioned to give those who use it an uninterrupted view of the club grounds.

Positioned behind the bench as back drop for the photos was a spectacular banner by past member Jenny Broun. The gold banner featured the club logo with a backdrop of wattle. I'm sure that it will hang with pride in the club rooms as a memento of our day for years to come.

The junior riders then did a parade showing the uniforms through the years from the original brown jumper through the various Gold & Blue uniform additions in recent years. Even the original flag was on display. While riders displayed the uniforms Tess gave an informative but brief talk on the various changes and when they occurred. Also making an appearance was "Dusty" who was a long-term equine member of the club with various riders over many years.

While enjoying the bountiful morning tea provided by club members it was wonderful to see old friends catching up and sharing stories. Many hadn't seen one another for decades but were quickly chatting like it was only yesterday.

In the club rooms there was a colourful display of club history with photos, ribbons and information filling the room. Also on display was a book starting from 1964 to present collating all the editorial done by the club in the Beverley Times and the Beverley Blarney. We were very excited to be able to display the cup won by the Australian Pony Club team of which Dinah Fleming (nee Barrett-Lennard) was a member along with other memorabilia that she kindly brought along.

Much of this information will be included in the club's 50<sup>th</sup> Anniversary Book which is available for order from the club. More information and expressions of interest to [bevvhpc.events@gmail.com](mailto:bevvhpc.events@gmail.com). Also available for purchase is the commemorative wine glasses which were presented to attendees on the day.

As lunch was being prepared the club's senior riders presented a fantastic quadrille ride. With a variety of horses in the arena riders gave a great demonstration which was very entertaining for our visitors.

After lunch it was time for Leslie Barrett-Lennard as our founding member to have the honour of cutting the anniversary cake. Made by Emily Melville and displaying the club emblem the chocolate cake looked almost too good to

eat. Thank you Emily for your wonderful creation.

Speeches were the conclusion of the official proceeding of the day. Leslie Barrett-Lennard (founding member of Gilgering & Beverley Pony Clubs), Wayne Sleep (first member of Beverley), Felicity Perry (member of Gilgering & Beverley, parent & coach at Beverley) Simon Broun (member, parent & longest serving president) and Jenifer Petchell (longest continuous member) all gave speeches reflecting on their time within the club. Speeches came to a conclusion with the presentation of a "small" bunch of flowers to Leslie to say thank you for her dedication, support and commitment over the last 50 years to the Beverley Pony Club.

We would like to thank Dee Ridgway and Tracy Crocker (PCAWA State Coaching Panel Chair) who attended our day as special guests.

Thanks must go to Maria Weibal who worked with the senior riders to do their dressage demonstration.

Lots of work over many weeks by our hardworking members Annette, Tess, Vicky & Jenifer saw the club gardens looking fantastic and the information for the day gathered and displayed. To them and all our members who helped out on the day to make it such a success THANK YOU.

Finally thank you to Colleen Sleer who attended our day as our official photographer and has provided us with some wonderful photos of the day. All photos in this report are credited to her.

## **Beverley Horse and Pony Club**

This is another month that has just flow by! Eventually things around the club will calm down. The 50<sup>th</sup> anniversary was a huge success; a massive thank you needs to go to the subcommittee (Jen Petchell, Tess Hawke, Annette Peart and Vicky Lucas) that made the day run smoothly and did an enormous amount of work before the day. For a more detailed report please see our separate entry regarding the anniversary. Also for the results from The Beverley All Breeds Show see separate entry. The show was still a success given the lack of sponsorship but a thank you to everyone who did sponsor this great event.

### Outings:

Lots of the members have been out and about this past month and they all are great representatives for the club. A big congratulations needs to go to Bronte and her mount 'Cheeky' in completing their first PC65cm event at Kojonup ODE. They finished in an impressive 8<sup>th</sup> place in a large field – WELL DONE BRONTE!!!

Aaron had a very successful weekend at York Ag Show, coming home with a swag of ribbons, including Reserve Champion Ride and Drive on 'Glen Avon Apache Man'. Aaron is proving to be a very competitive rider at all the various shows he has been going to. Attached are a couple photos of Aaron at York Ag show.

### Club Improvements:

In the lead up to the 50<sup>th</sup> Anniversary there were lots of improvements made around the club; one of the larger tasks was mulching and rejuvenating the various garden beds – including the new shrubs that have been planted behind have toilet block, thank you to Phyllys Facey for the donation of these plants. The big shed finally got the tidy up it needed, along with the with club storage room. Hopefully soon I'll be able to give an update on our cross country course.

### Upcoming events:

The club is holding an Open Fun Gymkhana Day on the 11<sup>th</sup> of October, everyone is welcome and entries are on Cavalletti – [www.cavalletti.com.au](http://www.cavalletti.com.au). All enquires to Vicky – 0409 158 852 or [bevvhpc.events@gmail.com](mailto:bevvhpc.events@gmail.com). You do not need to be a pony club member to enter and there is no age limit, so come along and enjoy the day. Pre-entry closes on the 7<sup>th</sup> of October but entries will be accepted on the day with a \$10 fee. We hope to see you there!
