### Rural Ambassador 2017

The annual Central Districts Group rural ambassador awards were held on Saturday 01 July at the York Recreation Centre.

Beverley's Candidate was again Jessica Fleay. Jessica was last year's central group winner and attended the state finals in August.

This year saw all four towns have an entrant in the competition. There was a lovely lunch held for the candidates and their mentors – a big thanks to Lorretta Adams for being Jess's mentor this year.

The days formalities were held in a very formal manner with each candidate attending an interview in front of a panel of three. Questions about your local town, career, future plans and political views were asked. The day ended with a two minute speech about a topic of choosing for each candidate.

Unfortunately Jessica was not successful this year. Courtney Humphrey representing York was the overall winner. Congratulations to Courtney. Even though we did not make it through this year we are very excited that Jessica is able to attend the show for 2017! Look out for her speech in our official opening!

# SHIRE OF BEVERLEY PRESIDENT REPORT - AUGUST 2017

## 2017/2018 Budget

Council adopted the 2017/2018 balanced budget at the July Council Meeting. Mindful of the current economic climate and uncertainly over the forthcoming State budget, Council has supported a modest 2.5% overall increase in rate revenue. The Shire of Beverley 2017/2018 budget enables ongoing provision of services and facilities for our community and capital refurbishments and replacement. Please note that the percentage increase in total rate revenue may not translate to the same percentage increase for individual properties due to changes in UV and GRV valuations affected by a number of factors throughout the year including revaluations by the Valuer General (Landgate), land amalgamations and subdivisions.

A 10% discount is again applicable to rate payments received in full by 11th September 2017.

The 2017/2018 Budget is available on the Shire website [www.beverley.wa.gov.au](http://www.beverley.wa.gov.au) or from the Shire office

## Disallowance Motion Supported

Council's disappointment has previously been raised that the new State Government proposed to implement a decision made by the former State Government to discontinue vehicle licence fee and vehicle licence duty concessions for Local Government Authorities. Following majority support toward a Disallowance Motion put forward in the Legislative Council by Hon Rick Mazza MLC just prior to the end of June the decision has been reversed. This is a good outcome indeed. As the proposed change was already set to take effect on 1 July any local governments due to pay their vehicle licence fees early in the new financial year, such as Beverley, will be reimbursed those concession fees toward the end of August. Unfortunately there may be a down side with the State's commitment to road funding still unclear.

## WANDRRA Funding for Flood Damage

Main Roads WA have advised the Shire that approval has been granted for an estimated \$1,019,331 of Natural Disaster Relief and Recovery Arrangement funding for the use of contractors to re-instate road infrastructure following the 2017 January-February flooding event. Council contribution in the 17/18 budget is \$153,400 and tenders for the work have been called by Core Business Australia who are managing this project.

## Local Government Elections 21st October 2017

For anyone who has an interest in nominating in the

forthcoming local government elections an information session will be held at the Beverley Shire office on the afternoon of Thursday 10th August. (This has been rescheduled from the date in July due to the recent passing of CEO Steve Gollan's father). Please register your interest in attending; alternatively you could visit the Shire stand at the Beverley Show.

## Recreation Oval – Dog Owners

Dog owners are welcome to use the recreation oval to exercise their pets providing they clean up after them. Unfortunately there have been an increasing number of reports and complaints that dog droppings are left to become someone else's problem. If you see someone abusing this facility please report them to the Shire ranger or Shire administration.

## RV Site Feedback

Apex Park near the river is an RV friendly (up to) 48hour stopover site. Those using the area are encouraged to provide feedback. The significant majority of feedback received from visitors regarding their welcome, facilities and satisfaction with the stay in Beverley has been very positive.

## Shire Tent at the 2017 Beverley Show and Launch of BeverleyWA Branding

You will be able to find information on the rollout of the BeverleyWA tourism planning and "brand", Local Emergency Management (LEMC), Local Government elections and an array of other information at the Shire marquee on show day. Councillors and staff will be in attendance throughout the day.

## Visitor Centre Re-opening

Congratulations to the Community Resource Centre on receiving Visitor Centre accreditation and the re-opening of the Visitor Centre following refurbishment.

## Vale Frank McDonald

Frank McDonald passed away on 8th July 2017. Frank was Shire President 1985 – 1987 and a Councillor with the Shire of Beverley for 24 years 1969 – 1993.

## Wheatbelt Small Business Awards

Congratulations to Michael and Kate Sofoulis from East End Gallery on their success in winning the judges award at 2017 Wheatbelt Business Excellence Awards.

Dee Ridgway  
Shire President

## Beverley water supply improvements - progress update

**Water Corporation is currently undertaking a suite of water supply improvements in the Shire of Beverley. This work includes the construction of a four million litre water storage tank and 3.9 kilometres of water supply main to connect this tank to the town's water supply scheme.**

At the end of August, we will start installing a water supply main along the road reserve of Vincent Street and we will be directly notifying residents who may have their driveway access restricted, whilst we complete this work. RCR Water, the contractor for this work, will work with residents to ensure they can enter and exit their driveways when required. All trenches in front of driveways, will be backfilled at the end of each working shift and traffic management will be in place.

As part of the water supply main installation, work will continue within farming paddocks near Waterhatch Road and Vincent Street.

The construction of the four million litre tank is in full swing with the tank foundation constructed and the concrete for the tank floor being poured next month.

In early September we will also start installing water supply main within the road and road reserves of Hunt Road, Sewell Street, Dempster Street and Hutchinson Street. This work will result in traffic impacts, however traffic management will be put in place and the community will be updated regarding this work in the coming weeks.

We appreciate the community's understanding while this essential work is undertaken and apologise for any inconvenience.

For further information please contact the Community Engagement Officer, Elecia Wheat on (08) 9420 3265.

## Proposed Mobile Base Station – Bally Bally

Interested and affected parties (IAP) are hereby notified of a proposal to establish a new telecommunications facility at the proposed site at Lot 1 Caroling - Bally Bally Road, BALLY BALLY, WA, 6304, to provide improved mobile network coverage in the Bally Bally and surrounding areas, as part of the Federal Government's Mobile Phone Black Spot Programme.

The telecommunications facility proposed will involve *the installation of six (6) new panel antennas (not more than 2.8m) to the existing Guyed Mast structure and the installation of ancillary equipment.*

The Black Spot Programme is an initiative set up by the Federal Government and supported by the State Government to improve mobile phone coverage and competition in regional and small town areas across Australia. As part of the programme, both Federal and State Governments along with a number of Councils, businesses and community organisations have committed funds to new and upgraded telecommunications facilities over a four year period. Telstra has submitted considerable private sector investment as partners to this programme to roll out 429 of 499 identified new or upgraded facilities across the nation. This is a programme that is expected to provide upgraded, much needed, handheld coverage to 68,600 square kilometers of regional Australia.

Details about the proposed facility and its emissions can be found on the website [www.rfnsa.com.au/6304003](http://www.rfnsa.com.au/6304003)

BEVERLEY HISTORICAL SOCIETY

We had 8 members at our last meeting and welcomed Bruce Mann, new members are always welcomed.

During the previous month we have had an extra amount of requests on past history to be researched so the meeting was taken up on lots of discussion on where we find it. Unfortunately some is earlier than other, but we endeavour to do our best.

We had a request on the Brookton Cricket Club on the years after the closure of the Beverley Times, so if any one out there has any info please contact us.

A donation of a two hand planers used for wood work were accepted at the meeting.

With the Beverley Show approaching we are working on our display, which this year will be old photos without names hopefully someone out there will be able to help.

Next meeting is Monday 14 August at our earlier time 1.30pm.

We can always be contacted on email [bhsdeadfinish@gmail.com](mailto:bhsdeadfinish@gmail.com)

WOMEN IN FARMING ENTERPRISES

Beverley

There was a great turnout at the June Beverley Branch Meeting focusing on "Farming & Your Business". Mandy McLean, a qualified CPA Certified Account with experience as a Rural Financial Counselor and over 20 years on farm experience farming with her husband Brendan, was guest speaker for the day. Mandy guided the group through what a successful farming business looks like from the financial and planning perspective. Her insights generated plenty of interesting discussion and I'm sure in the days following our meeting, many of our member's farming businesses heard about certain aspects of the days. Thank you Mandy, we feel very fortunate to have your wealth of knowledge in our group.

At our next meeting, Maree Gooch will be speaking about Farm Safety. We have quite a few questions to put to Maree already, but if any of our members have a specific area they'd like Maree to cover, please post on the Facebook Page or contact one of the Committee Members through email or mobile.

If you are involved in a farming business and interested in attending a meeting or would like some more information on WIFE, please contact any of our Committee Members for more details. We'd love to see you at a meeting.

# First round of Business Winners announced

The first of two award nights were held at the Quairading Lesser Hall on Friday night, 7 July for the 2017 Wheatbelt Business Excellence Awards 2017.

18 finalists attended the evening from the communities of Beverley, York, Quairading, Cunderdin, Kukerin, Dumbleyung, Narembeen, Hyden, Narrogin and Merredin.

Six independent judges who are successful entrepreneurs in their own right judged the entries. Judges were very impressed by the finalists and their innovation.

Merredin Toyota took out Business of the Year sponsored by the Small Business Development Corporation and Business with 11 plus employees sponsored by Hon Darren West MLC. A strong focus on supporting local businesses was evident in their application and speech on the night.

Two Dogs Home Hardware in Merredin received Franchise of the Year sponsored by Hon Darren West MLC and Excellence in Innovation sponsored by the Commonwealth Bank for their customer loyalty programs and new Water Wise garden.

Mark and Chesney Maloney attended the night on behalf of the team and said "We would love to thank our wonderful staff and our loyal customers. Without you we wouldn't be the business we are today"

Cameron Hayes of Unique Signs and Engraving in Narrogin was awarded the Young Entrepreneur of the Year award, sponsored by the Small Business Development Corporation.

The 26yr old started the business from his lounge room and it has now grown to a large shed out the back with a growing client base across the Wheatbelt.

Owner of Quairading Hotel, Amanda Dutczak had a great night off from her pub taking out Business with 5-10 employees sponsored by Commonwealth Bank. It is nights like this that you can reflect and really appreciate your community, staff, business and all the hard work you put in. Thanks so much

Catherine (Kate) Sofoulis of East End Gallery in Beverley was the WBN Choice award winner and was completely speechless at the microphone. Taken by surprise she said "An unlikely vision involving a broken down building, boundless enthusiasm, a punishing renovation and sourcing our artists has actually been achieved"

Kate and Michael bought and renovated the one hundred year old Forbes Building, which now houses the East End Gallery, two other shops, Michael's workshop and a small rear accommodation unit.

Winner of Micro Business with 1-4 employees, sponsored by Heartlands, Chloe Tienhoven of Wave Rock Country Cottage commented that "It was a fabulous exercise to make you really look at your business. I have found the awards process very rewarding for the future of my business"

Loose Stitches provides all things patchwork. Owned and run by five local ladies, Rochelle and Sarah attended the night and won the Micro Business category (Owner Operator).

Highly Commended finalists Anita Parsons and Amy Hardham of Three 0 Two Home and Gifts in Narembeen, in the Micro Business category said "Highly Commended to us is AWESOME!! We are so stoked, and want to thank WBN, the sponsors and all our super fantastic customers for their support"

Kukerin business Emu Essence won the Home Based category, sponsored by Hon Mia Davies MLA. Emu Essence has over 1200 emus on their property and Catherine and Jeff produce a range of emu products which has helped diversified their farm business.

Finalists were treated to a presentation by former US Navy officer and Desert Storm veteran Jim Winter. Jim is the director of Attitude Adjustment in Dunsborough and spoke about the importance of setting a standard of excellence in a business for owners and employees to work towards.

The awards are generously sponsored by the Small Business Development Corporation, Commonwealth Bank, the Hon Darren West, Hon Mia Davies, Heartlands WA and the Chattering Chamber of Commerce.

Local business owner Tarnya Fraser of North Quairading Contractors was the MC and was very well received by all guests.

Thanks to the Shire of Quairading for an excellent venue. The second awards evening will be held in Bindoon this Friday 14 July.

## BEVERLEY NATURALISTS CLUB Inc

We have been doing lots of interesting things this month. We met up with Eric Ayling (President of York Wildflower Society) and he gave us a guided tour of their wonderful Bushland Garden. This has so many different species of native plants and is extremely well set up with easy accessible paths and many plants named with very decorative name tags. This has taken them many years of hard work to get to this stage and it is a great attraction to York and a great credit to York Wildflower Society.

We also had a mishap with a Eremophila which was cleared accidentally. This Eremophila is an unknown species at this stage and because there was only one plant there it required swift action from us. We collected all the plant pieces we could find and with DPAW'S permission we are all trying to save it. York Wildflower Society got most of the bits as they have the know-how and the facilities to try and save it. We also sent some pieces to Toodyay Naturalists Club for them to try as well. The more places working with it the more chance we have of saving it. We have been so lucky to have had so much support from other clubs like York Wildflower Society and Toodyay Naturalists Club and we are forming friendships so we can help each other out with different projects. It is wonderful to have contacts with other groups and people who face the same problems and challenges as we do and together we can overcome many difficult things.

We have been invited to York to see the York River Conservation Society's Herbarium and Audrey has offered to show us how to maintain ours. They have over 2000 specimens in there and an extensive library on the Natural History and Flora and Fauna of the district. Audrey, Grant and Pat came to Beverley and we had a lovely afternoon looking at Brooking Street Reserve and our endangered Eremophila Sub Species Beverley.

If anyone has any sightings of anything they would like more information on or would like to know more about what we do please feel free to contact us at anytime.

## Beverley Garden and Tree Society

On Tuesday 04 July, we replaced our regular monthly meeting with a lunch for our original members. Despite the cold weather, we had a great turn out with 14 of the original members being joined by 40 current members. Music was supplied by our talented local "boys" Richard and Terry. A very substantial meal was supplied by members who produced a large variety of casseroles and salads, followed by Dalene and Val's delectable bread and butter custard, apple slice and cream. No one went home hungry. Thank you to all members who pitched in to set up, serve meals and clean up afterwards plus all those who supplied the meal.

We also had a bring and buy table. Thank you to all those who donated items and to those who purchased goods. Door prizes were happily received by three winners.

The days are finally starting to become longer and there is plenty of gardening to do in the garden in August as we get ready for spring. Vegies to plant in August include: beetroot, cabbage, carrots, lettuce, onion, parsnip, peas, silverbeet, artichoke, potato and rhubarb. Flowers to plant in August include: marigold, begonia, carnation, gazania, nasturtium, dianthus and statice.

The next meeting will be held on Tuesday 01 August at Marjorie's home at 466 Edison Mill Rd, Dale.

If you don't know the way, meet at the Dead Finish at 10.00am and then we will make our way out to Marjorie's for a 10.30am start. Bring a mug and chair please.

## WA grain, seed and hay growers invited to comment on the operations of the Grains, Seeds in Industry Funding Scheme

The Grains, Seeds and Hay Industry Funding Scheme (IFS) Management Committee is conducting a survey of grain, seed and hay growers to discover industry views on the operations of the scheme.

The scheme uses funding authorised under the *Biosecurity and Agriculture Management Act 2007 (BAM Act)*, whereby producers raise funds to tackle priority pests and diseases. The scheme is overseen by a Management Committee of growers appointed by the Minister for Agriculture and Food. All grain, seed and hay growers in the South West of the State participate in the scheme, unless they have opted out.

Your opinion is important. The IFS is industry-driven - the committee relies on input from industry to determine which pest and disease threats require action.

The survey is open until 4pm Friday, 18 August 2017 and can be accessed at [surveymonkey.com/r/GSHIFS](http://surveymonkey.com/r/GSHIFS)

The survey can also be completed over the phone or as a hard copy – please contact the IFS executive officer.

For more information about the scheme go to [agric.wa.gov.au/n/1442](http://agric.wa.gov.au/n/1442) or contact IFS executive office Rebecca Heath on +61 (0)8 9690 2171 or [rebecca.heath@agric.wa.gov.au](mailto:rebecca.heath@agric.wa.gov.au)

## Shire of Beverley RATES

Within the next month property owners will receive their Annual Rates Notice. This explains there are two options to paying your rates –

**Option 1** is to pay in full by the due date and receive a **10% discount**.

**Option 2** is to pay in four instalments, with the first payment due as above. This option attracts several additional charges which are explained on your rates notice.

Please note that, as a last resort, any outstanding rate balances will be handed to a debt collection agency to recover the amount owing.

In certain circumstances a special payment arrangement can be entered into. If you are having **problems paying your rates**, please contact the Rates Officer on 9646 1200 to explore your options.

If you require any other rates information please contact the Rates Officer on 9646 1200 or pop into the Shire office, Monday to Friday, between 9am - 4pm.

## The Trilogy of Fermentation – Part 5

A Probiotic Gem cultured with Probiotic Jewels - Kefir

What is kefir? Kefir pronounced keh-fear is a health-promoting nutritious, sour culture-milk beverage similar to buttermilk. The word kefir comes from a Turkish word keif, which loosely translates to pleasure, good feeling, or feel good. This is because drinking kefir is renowned to increase a sense of well-being. Some 40 aromatic compounds and 05% to 1% alcohol content give kefir a pleasant aroma and unique flavour. A recent discovery found kefir contains a powerful heat and pH stable antioxidant. Kefir and the unique natural mother-culture kefir grains, essential for making kefir from fresh milk, are functional food. This means they contain components that provide a potential benefit to health, well-being and disease-resistance beyond the expected benefit from their main, nutritional components.

As you read on, it should become obvious why the writer of this series regards kefir as a Probiotic Gem and kefir grains as Probiotic Jewels. These are the more promising super foods among functional food, and good science is helping us to realize the potential of kefir. Dating back over 1,000 years, the origin of kefir is the northern slopes of the Caucasus Mountains, possibly northern Ossetia. The tribe-folk of this region were renowned for good health and longevity. Here, kefir was known as the drink of the Prophet, and the natural mother-culture, the grains of the Prophet Mohammed. The term grains refer to the granular appearance of the mother-culture, and not because of any associated with cereal grains, legumes or seeds. The traditional method for kefir involved continuous fermentation of raw Cow or Goat's milk stored in a leather pouch with kefir grains. After 24 hours fermentation, the grains were separated by forcing them to a corner of the bag by hand; the liquid-kefir (similar to runny yoghurt) was enjoyed as a nutritious beverage. Due to the crude method of straining any small portion of grains that poured out with the liquid-kefir, the grain was also consumed. Kefir grains grow in full cream milk, and to avoid overcrowding, some grains were removed from the leather bag regularly. The spare milk grains were eaten, air-dried for long-term storage (backup culture), or traded among the tribe-folk for other essentials. An important relationship exists between the consumption of fresh kefir and the longevity with little to no known disease that the tribe-folk of this region enjoyed. The author's aim is to increase awareness of this relationship any fermented food has on our gut flora. The powerful heat and pH stable antioxidant of kefir is well absorbed by body and brain cells. Kefir is a good preventative against mutagenic and degenerative cell damage, which cause cancer and brain diseases the latter of which includes Dementia, Alzheimer, Parkinson's and Huntington's disease etc. We continue with more on kefir next month. Until then keep away from cold's and flu's.

**CROSS POLLINATION - BEVERLEY VISITS LANCELIN**

On Sunday 4th June, Volunteer Ambulance Officer (VAO) Scott Morrell from the Beverley sub centre advised CP Pete Hewat that he and his family were staying in Lancelin over the long weekend. A quick phone call to Lancelin Chair Bob James and arrangements were made for Scott and his family to visit the Lancelin sub centre and be shown around and engage in discussions and ideas that Scott could take back to the Beverley sub centre. VAO Scott Morrell has spoken of his sincere thanks to Bob and the Lancelin crew for making him feel so welcome and enjoyed catching up with other volunteers on the Coast and appreciating the different environment and challenges faced in different parts of WA. Beverley is a huge farming district as opposed to Lancelin with a lot of call outs to off road incidents on the sand dunes. He was certainly impressed with the Lancelin professionalism, camaraderie and the Toyota V8 4WD ambulance.

## CWA Beverley Branch

Another month gone and winter has really been with us. The rains have not been great but consistent enough to have the crops looking far more promising. It is great to see the sun occasionally.

Our July meeting was well attended and we were pleased to have a special visitor join us. Rhonda Jackson from "The Voice of Avon" was able to come and tell us about the operations of radio broadcasting from York. Organisations or individuals who have information to reach the general public are invited to send information to Rhonda by email to be broadcast on Radio 101.3 FM - email to radio6YCR@hotmail.com

It was great having Rhonda with us and look forward to her visit again on Thursday 17th August when we will have been to CWA State Conference and have lots to tell - it is also just before the Beverley Show.

Beverley Branch of CWA will again have a promotions stall at the Show with some CWA stocks available for purchase. There will be a monster hamper raffle with second and third prizes. We will be holding another raffle of a trailer load of wood to raise funds towards the cost of sending the Shoe Box gifts to underprivileged children - last year 103 boxes were sent and this year's goal is 120.

Thank you to all who donate items for inclusion in these boxes. There is always need for more items to complete each box. These include a toy or activity, pencils, paper, books (small) items of clothing suitable for all ages from small to 12 years. Clothing gifts can include skirts or shorts, tee shirts or blouses, underwear, jewellery or hair ribbons etc., hygiene items including tooth brushes, soap, combs - the list is endless! If you have items that could be useful, please let any CWA member know and we can collect them or you could call Colleen Mearns on 9646 0984.

CWA State Conference will be held again this year at the Fremantle Sailing Club at the end of July. Four members will be attending and also two to the Training Sessions at CWA House following the Conference Lorraine Sims, Branch President.

# Beverley District High School

## Independent Public School

*Supportive, Successful Sustainable*

For more information about the school, visit our website!

### Enjoying *success* at Beverley DHS

Our school is committed to ensuring that it is successful, sustainable and supportive. Our Positive Behaviour Support committee has been working with students, parents and staff members to develop a set of shared expectations that will help ensure the optimal environment for learning, developing creativity, and making lifelong friendships.

The school community has the following beliefs about how we can be successful:

- We take pride in our school grounds and enjoy playing fairly together.
- We engage in each lesson and strive for improvement.
- We use technology to help us learn and understand the world around us.
- We are proud to be students at Beverley District High School and know how to be our best.

The parent, staff and student working group has developed the motto **SPARK** to help describe how we can ensure that we are successful in each of these areas:

### We have **SPARK!!**

Students know that they can be

**S**uccessful *when they are*

**P**repared

**A**spiring

**R**espectful *and*

**K**ind

Our students will be working with their class teachers to learn and practise specific skills to allow them to display these attributes at all

times. The following students have already demonstrated what they can do, and we have caught them at it....

### Being *prepared* for school

John and Mitchell are always at school in plenty of time each morning, dressed for the day and ready to learn. They are always ready for a chat and a smile before the day's work begins.

### **Aspiring to be their best at school**

Zoe is one of the school's nominees in the 2017 Vi Barham awards for excellence for a student of high academic ability.

This prestigious award recognises students in Year 6 from across the region. Zoe is always engaged with her schoolwork and ready to challenge herself to do better. We wish her the very best with her nomination.

### Being *respectful* towards others

Our secondary students have again shown their maturity and respect in their interactions with each other and visitors to the school.

On Wednesday June 21<sup>st</sup>, the high school students were presented with a talk by Chris, a representative of the Black Dog Institute, whose role is to equip students and teachers with the knowledge and resources to actively understand and manage their mental health and wellbeing.

After Craig's visit to our school he sent the following email commending our students. He said:

*Hi Sharyn, I was just telling someone about how much fun I had with your class. Just thought I would let you know that was the most enjoyment and interaction I have had with ANY group in the couple of years I've been doing this. Please pass on to your kids that they are my favourite out of more than 4000 😊. I'll never underestimate the cognition of kids that age again 🙌  
Regards, Craig.*

### Being *kind* at school

Over the recent school holidays, our chickens, an important part of our waste wise initiative at school, and a favourite of students and visitors, needed looking after.

Our senior school student and part time gardening assistant Brandon was good enough to take up the challenge and come in to school every day over the school holidays to look after them. It was a really kind thing to do, and the girls really appreciate his efforts!

## Baby and Toddler Dance...

Our last morning of Playgroup last term was so much fun! Thank you to Amber who came across from York to run an introductory dance activity for the babies and then the big kids. The kids loved it. All the little girls came dressed for the occasion and the boys really got into the movement. We will look at hosting another dance morning again soon.

## Baby Playgroup...

We hosted our first Baby Playgroup morning late last term. We know that it can sometimes feel overwhelming bringing your small baby to our regular Playgroup sessions with our boisterous 'big kids', so we wanted to provide a calm environment for new mothers to feel welcomed and relaxed. Our two babies, Evelyn and Jagger had the place to themselves while mums, Sharlee and Sam enjoyed a coffee in some relative peace. We hope to run another Baby Playgroup session this term. If you have any questions or idea's about Baby Playgroup, please contact Sharlee on 0426 811 080.

### **Artist-in-Residence**

July was a disappointing month for us at the Station as the grant that we had applied for to host the Art on the Move touring exhibition was denied us. Then on top of that we had no bookings to do the sculpture workshop with Neil Elliott so we had to cancel both weekends. Understandably Neil decided not to come for his two-week residency.

So now we must wait for the next artist to arrive - our old friend Mike Vandeleur, on the 07 August. We look forward to seeing what he has been painting these past few years since living in Australind. And then as we bid him farewell we welcome Robyn O'Grady towards the end of the month

### **Beverley Station Singers**

Our next get-together will be on Wednesday 02 August at the group singing workshop at Station just prior to the *Barbara and Barry's Sweet, Sour and Saucy*. Anyone is welcome to join us for this free workshop offered by Country Arts WA. The July session saw us practicing for the Beverley Show and the VoiceMoves Country Choir Bash here in Beverley on Saturday 09 September. And now that it's definite that the Station Singers will perform at the VoiceMoves Guildford Songfest in September, it is going to be a busy couple of months for the group. Kelly Newton- Wordsworth directs the group on a monthly basis at \$50 per session, or \$105 for 3 months. Anyone interested in joining the singing group contact Tracey Fleay - Mobile: 0409 481 029 or Email: [traceyfleay67@gmail.com](mailto:traceyfleay67@gmail.com)

## Platform Theatre

### SMALL VOICES LOUDER

Part Two of the production *Small Voices Louder* is a sound experience that takes the Beverley School children's playful, insightful and refreshingly honest responses to the questions asked in Part One at the Platform Theatre end of March. These beautiful responses from our local kids plus others from regional WA will be delivered over local radio, ABC radio and at the Beverley Ag Show. Something to listen out for at the Show - don't miss it!

### BARBARA & BARRY SWEET, SOUR & SAUCY coordinated by **Country Arts - Shows on the Go**, is a

production coming to Beverley on Wednesday 02 August in the Town Hall. It promises to be a great night out with fun, non-confronting audience interaction, so come on, pull up a cabaret seat and step into the home studio of self-appointed "experts on love" Barbara and Barry. This vintage Aussie duo deliver well-intentioned, yet questionable love advice through their talkback radio show *Sweet, Sour and Saucy*. Mixed in with their lessons on love are the adorable songs by Eartha Kitt, Louis Armstrong, Nat King Cole and Ella Fitzgerald. A hilarious jazz-cabaret.

Combining virtuosic piano playing, strong and sultry vocals, rich harmonies and inventive accompaniment (ukulele, washboard, spoons, trombone kazoo, tap dancing) Barbara and Barry end up being everyone's favourite Love Agony Aunt and Uncle. B&B have been a five-star hit at the Edinburgh Fringe, toured right throughout Queensland and hosted cabarets across the UK.

Warm, loving, witty and supremely talented, Melissa Western and Tnee Dyer are the masterminds behind this production. They have performed at major festivals all over the world and have enjoyed considerable success throughout their arts careers. These are performers at the top of their game -- don't miss out.

Check out video snippets of their performance on Beverley Station Arts Facebook page. It's going to be such a fun night. And as there's a prize for Finest Frock and Vintage Suit, the Op shop have kindly gathered together some 50's frocks and suits. But be quick as there's not much available.

## 🎵 COUNTRY CHOIR BASH Saturday 09 September at 2.00pm - 5.00pm

The Voice Moves Beverley Choir Bash is shaping up to be another great programme of singing this year with other country choirs becoming involved and giving the city slickers a run for their money! The full programme will be in the next Blarney notes. And this year the funds raised from the Bash will again go towards the restoration of the train carriage.

- Country Choir Bash presented by 🎵 "Voice Moves" (WA's major choral association)
- Saturday 09 September 2.00pm - 5.00pm (tea break 3.20pm - 3.45pm)
- Beverley Platform Theatre, 120 Vincent St
- An event for the whole family to enjoy as 8 choirs "Sing into Spring"
- Gates open 1.30pm. Cost to the Country Choir Bash is \$10 general public (\$5 choir members) payable at the door/gate
- Country style afternoon tea at intermission

Wear hats and sunglasses if warm; Rug up if cold and, in case of inclement weather the event will be relocated to the Town Hall

### Calendar of Events for 2017/18 Season:

August: Wednesday 02 - Barbara & Barry Sweet, Sour & Saucy

September: Saturday 09 - Country Choir Bash presented by VOICE MOVES

November: Tribute Concert

December: Saturday 16 - FREE Community Christmas Concert

January 2018: Movie Night

February: TBA

March 2018: Thursday 29 - Monday 02 April: 50<sup>th</sup> ANNUAL ART PURCHASE EXHIBITION and 80<sup>th</sup> ANNIVERSARY of the TOWN HALL (presented at the Town Hall) with OFFICIAL OPENING Thursday 29 March.

If any community group is looking to raise funds please keep it in mind that the Platform Theatre is available for events such as movie nights. With just a minimal hire cost of screen and projector, it makes for an easy fundraiser.

If you would like to be included on the email list for notification of coming events (so you can forward to friends), email secretary Sarah Miller [miller@reachnet.com.au](mailto:miller@reachnet.com.au)

## AVONDALE FARM PROJECT ASSOCIATION

The open weekend on Saturday 15 and Sunday 16 July didn't see many visitors out at Avondale, most likely due to the weather. Those travelling into town along Hunt Road and Waterhatch Road would have noticed the fabulous new A-frame signs which were purchased with funds from the Shire of Beverley Community Grants programme. These signs will be located on the corner of Hunt Road and Vincent Street and outside Avondale on open days. A big thank you to Greg Manzies and Kai Keremeta for taking the photos used on the signs and to the Shire for the funding.

AFPA also recently acquired a new horse float which was funded in part through the Federal Stronger Communities Programme. The float will be used to transport our resident Avondale Clydesdale's Comet and Robbie.

Once again Comet will be visiting the Beverley Show. He will be located near the Avondale tent and display on the oval. Make sure you call in and say hello to the volunteers and to Comet!

Are you interested in becoming involved with the Avondale Clydesdale's, the museum collection, bush reserve or future events. Contact AFPA President Jo Johnson 0417 951 513, Avondale Warden Monica Van Der Snoek 0427 477 734, or leave your name and contact details at the Avondale tent at the Beverley show.

## AVONDALE FARM

The National Trusts reserve busy bee held on Sunday 02 July was a great success with work on the walk trail carried out and much needed general maintenance on the vermin proof fencing.

A great turnout of families came along and enjoyed Avondale, staying for most of the weekend, we managed to get quite a bit of clearing was done along the walk trail.

The aim of this project is to turn the walk trail into an accessible fire break so vehicles can access the centre of the reserve in an emergency.

We are steps closer to having the walk trail back open once again but still a lot more needs to be done.

Thank you to Rachel and Dave from AFPA for coming along and helping out during the day and for cooking lunch.

## Avondale Community Survey

Anne Brake

Manager, Community Engagement, National Trust WA

In April – May this year the National Trust of Western Australia, in conjunction with the Shire of Beverley, conducted a community survey focusing on the future options and opportunities for Avondale. Thank you to those who participated.

A part time Executive Liaison Officer is going to be appointed soon. Their main task will be to review the survey findings and recommendations of various reports and plans produced over the past 10 years to prepare a strategic approach to Avondale which supports the aspirations of the National Trust, the Shire and the community.

As clearly indicated in the survey, Avondale holds a special place in the hearts of locals and many are keen to see a range of activities which will attract visitors and bring benefits to the community. Many of those who undertook the survey put up their hands to assist with future programs and tasks and the range and diversity of skills, interests and ideas was impressive. Harnessing and maintaining this interest and support is important and needs to be carefully managed. As well as identifying a working model for the site and the ways volunteers can contribute to it, there needs to be an active program of recruitment, training and support for volunteers. Avondale is seen by locals as a community asset and could provide great social and health benefits through the effort and exertions of volunteers helping with visitor services (including events), general maintenance and upkeep, fundraising and specialist care of the museum collection and the bushland. The important work of the Avondale Farm Project Association is integral to this mix.

Many who completed the survey believe group tours, including schools, service organisations and commercial operators as well as families, would be attracted to a redeveloped Avondale. While there are a number of buildings which could be redeveloped for short stay accommodation, a significant amount of capital would be involved to bring them up to speed. Assessing the viability of this idea will be included in the upcoming review and deliberations.

It is anticipated the survey will be run again, this time for people outside of the local area, to gauge interest from others. Avondale is well positioned as a day trip destination or as part of a weekend itinerary for people from Perth given the right attractions on site. Organisations and institutions involved in running tour groups will also be approached for their input into possible programs.

The National Trust and Shire of Beverley remain committed to the appropriate redevelopment of this significant site. Stay posted for further developments.

For further information on the survey and / or Avondale please contact the National Trust on [trust@ntwa.com.au](mailto:trust@ntwa.com.au) or the Shire on [admin@beverley.wa.gov.au](mailto:admin@beverley.wa.gov.au).

## Working with Warriors Cardiovascular Awareness - "How's your pump and pipes?"

This year the team at Regional Men's Health is focusing on Cardiovascular Awareness and encouraging blokes in Regional WA to have a think about their "Pump & Pipes".

It's no surprise that when we combine disease associated with the **heart** (pump) and **blood vessels** (pipes) it's our biggest killer, largest health problem, and places a great burden on our economy and health system. This of course is without even considering the issues around grief, loss of function and care requirements that can also impact individuals and families.

### SOME STATISTICS:

Cardiovascular Disease (CVD) is the major cause of death in our country. It kills one Aussie every 12 minutes, which equates to just over 45,000 deaths (2015). It affects one in six of us (4.2 million) and was the main cause for 480,548 hospitalisations and a contributing factor in a further 680,000 in a single year (Heart Foundation Aust).

### WHY PUMP & PIPES?

If you think about a pump moving water through a series of pipes, over time sediment can slowly build up and slow the flow of water or even cause a blockage. Most blokes would understand this would result in the pump having to work harder which can cause it to eventually fail or blow a hose.

This is no different to (coronary heart disease) which occurs through the build-up of fatty deposits (plaque) in the arteries that feed the heart. Narrowing reduces the supply of blood and oxygen to your heart and if this becomes too narrow it can cause angina (pain/discomfort in chest) or if a blood clot causes a complete block then this can cause a Heart Attack. This is similar to when a clot occurs in blood vessels to the brain causing a Stroke.

Factors that contribute to CVD include family history (which we can't change) but some of the other risks we can manage by making healthy lifestyle choices:

- maintain a healthy diet;
- do regular exercise;
- reduce our alcohol intake (take a couple of days off a week);
- monitor our body weight;
- don't smoke;
- reduce our salt intake; and
- look after our mental health & wellbeing.

It's important we acknowledge that a lot of CVD is preventable but it's essential that we understand our individual risk factors that may impact on us developing diseases associated with our heart and blood vessels. The onset of other health issues such as diabetes, obesity, poor health, even erectile dysfunction can be an indicator that our pump and pipes could be under pressure.

So just remember like any good piece of machinery, there are some basic **Operating Tips** to keep things running at optimal performance!

**Gauge your guts**  
**Move more**  
**Regulate your risks**  
**Make a service visit...talk with your GP**

### The Wheatbelt is all set for new universal child health checks

From 1 July 2017, WA Health is making changes to statewide child health services to better meet the needs of children and their families.

Child health services are becoming more flexible and will provide families with extra support at times when needed most. This includes extra appointments for families needing additional support, and offering group and drop in sessions.

WA Country Health Service Wheatbelt Child Health Nurses are excited to bring the changes to child health checks to the region.

The Purple Book has been modified to include the new universal schedule, with checks at 12 months and two years, which will better fit with the stages of a child's growth and learning before they begin school.

If your child's Purple Book doesn't yet include this information, the child health nurse will provide new pages at your next appointment to help you follow the new schedule.

For further information around the new schedule please contact your local Child Health Nurse or call Community Health on 9690 1320. You can also access further information at <http://www.healthywa.wa.gov.au/childhealth>.

## Visit Beverley WA Logo Launch

The centre hosted a business sundowner on Thursday 20 July, to launch the Beverley WA branding and logo, as well as previewing the new look [beverleywa.com](http://beverleywa.com) website and visitor's booklet. The training room was full with businesses from Northam, York and Beverley. The Shire of Beverley's President, Dee Ridgway debriefed the group on the exciting tourism framework and plan that the tourism committee and the Shire have been developing. The new tourism officer, Jenny Murray then showed the group how to use the new logo to suit your business or community group then we previewed the refreshed [beverleywa.com](http://beverleywa.com) website. For those businesses that wish to advertise your details on this site you will need to be a business member of the CRC, application forms are available at the front reception counter or email: [beverley@crc.net.au](mailto:beverley@crc.net.au). ## **BARBARA & BARRY'S SWEET, SOUR & SAUCY - A hilarious jazz-cabaret**

Pull up a cabaret seat and step into the home studio of self-appointed "experts on love" Barbara and Barry. This vintage Aussie duo deliver well-intentioned, yet questionable love advice through their talkback radio show Sweet, Sour and Saucy. Mixed in with their lessons on love are the adorable songs by Eartha Kitt, Louis Armstrong, Nat King Cole and Ella Fitzgerald.

Lyme Disease  
Association of Australia  
It's easy to submit to Murdoch

All research has the potential to 'find' or 'not find' something. Dr Richard Schloeffel explained to us that even 'not finding' something offers an important piece of the puzzle. With Professor Peter Irwin's most recent success in identifying novel pathogens in ticks, a very important next step is to determine if the same advanced technology is effective in human samples.

There are still more samples needed. It's pretty easy to do. On hearing of patients having trouble getting their doctors to sign, our president, Sharon Whiteman, went to her local bulk-billed, medi-center saying she had a history of being sick after a tick bite and would like to participate in a new research project. She brought the paperwork and it was clear, the doctor understood easily and signed. The next step was the pathology collection and then the process was complete. Granted, it may not always be that easy, but be strong, persist and when in doubt check in with other Lyme patients in your area.

If you've been bitten by a tick in Australia and have a positive lab test for tick infections, you qualify. All the instructions are available from the Lyme Disease Association so let us know if we can be of assistance.

Remember, if you get an invoice for the pathology collection, simply take a photo of the invoice along with proof of your submission to the research project and the LDAA will pay the invoice direct to the pathology.

Thank you in advance for supporting the advancement of the knowledge base in Australia.

# Community Service Information from the Beverley Voluntary Community Services

1. INFORMATION: It should be noted that our volunteers do not provide transport or legal services.
2. BVCS: We assist strictly to those in need or facing hardship e.g. of cases for referral.
  - a) unable to cope financially and have no money to put food on the table. Especially where there are young children - our concern is much greater.
  - b) family break-up, where one partner and children are left homeless and have no family in Beverley.
  - c) Wherever possible and health permitting some of our volunteers visit only the needy cases in hospital.
  - d) In all such cases, it is suggested that the patient make contact with both, the ward clerk and social worker and discuss the transport. The information that has been given to us is: the discharging hospital is responsible for the patients transport. This is still a very grey area. In Perth - public hospitals, some give patients a bus pass or taxi voucher. It is still unclear, whether this procedure applies to country patients, that are single, live alone and have no family to pick them up from hospital.
  - e) Mal Roberts' concern for such patients that live alone, has been discussed with the hospital, Shire CEO and Members of Parliament.
  - f) Mr Gollan, Shire CEO and Mal Roberts worked it out, that Mal bought this matter of transport for country patients (being discharged) to Mr Max Trenorden MP some 19 years ago.
  - g) This matter will now be bought to Mr Mark McGowan Premier: Notice and Action - with copies to all relevant Ministers and government bodies including the Shire of Beverley.
  - h) Wheatbelt Community Legal Centre offers advice on civil and criminal matters. They have informed Mal Roberts that they do not offer legal advice on the preparation of wills and enduring power of attorneys. In matters that are beyond their legal expertise they will refer you to a specialist in that field.
3. Referrals: up to date all recipient's have been satisfied and their needs have been met, e.g. special payments, Homeswest renovation and rent and bond assistance. On matters relating to Centrelink, Department of Veterans Affairs and immigration, please contact their offices in person.
4. Volunteers: not all of our volunteers are retired, some work part time in the nursing and medical profession, yet they manage to do voluntary work for BVCS. We say a big thank you to all our very dedicated volunteers in Beverley and York.
5. Indigenous Support: at a meeting in June the committee very kindly agreed to pay for the setting up costs of BVCS. Mal Roberts declared his interest as the BVCS President and spokesperson. CRANA update will be in the Blarney September 2017 edition.

*Disclaimer: BVCS we do not offer legal advice in any form. We act in good faith in the interest of all we serve and offer the best information at hand. If in doubt seek legal advice or other professional help. J Burnside - Manager*  
 For further information please call BVCS secretary Pat Thompson on 9646 0981.

## PRIMARY HEALTH SERVICES

Available to the community of Beverley

You can refer yourself or your child to the following health professionals:

**Child Health Nurse** - 9646 3200  
 to make an appointment, Hospital Admin Staff will assist you in setting an appointment time, which will be on most occasions a Monday.

**School Health** - 9641 0200

**Dietetics** - 9690 1320

**Occupational Therapy** - 0429 466 224

**Physiotherapy - a Doctors referral is required** - Please send all referrals to P.O Box 140 Beverley or drop them into the Beverley hospital. All referrals are forwarded onto to Northam Hospital where they are prioritised and wait listed. Clients will be acknowledged with a letter informing them of the approximate wait time and will be seen in Beverley

**Podiatry - a Doctors referral is required**  
 Please send to PO Box 142, Beverley or drop referral to the Beverley Hospital (attendance Fridays) \*\*

**Social Work** - Phone 9690 1320

**Speech Pathology** - Phone 9690 1321

- Services are provided at the Primary Health Building, on the corner of John and Forrest Streets, Beverley. There may be a waiting time for services.

- These services are provided by WA Country Health Service and are free of charge. (Please note that the Podiatry Service is a private practice and is not free of charge - there is a fee at first consultation but the WACHS/Beverley Health

Service do not get involved in taking fee payments - only assisting at receiving the referrals for appointment. The Doctor's referrals are usually faxed to the service provider, Como Podiatry, who contact the patient by phone and make an appointment).

- If you have any concerns about your own health or your child's health and development, please phone the relevant health professional to discuss your concerns. Alternatively, you can speak to the Child Health or School Health Nurse, or your GP, to discuss your concerns and to determine the most appropriate referral.

The Beverley Community Resource Centre were successful in attaining grant funding to refurbish the Beverley Visitor Centre as a rustic shearing shed. The theme was based on our towns primary industries of sheep and grain and to coincide with this we have wool and grain samples available for tourists to see and feel. We have stocked local products and utilised our heat press to produce unique Beverley themed products such as: travel mugs, stubby holders, coasters etc.

The Shire of Beverley have released their tourism framework plan, including the new branding and logo for our town. The re-opening was an excellent opportunity for our centre to showcase this and our recent accreditation as a tourism business. Our guests included valued stakeholders such as the funding body representative, Helena from Tourism WA, President of Avon Valley Tourism Karen Dore, Shire of Beverley President Dee Ridgway, Shire of Beverley CEO Stephen Gollan, Shire of Beverley Tourism Officer Jen Murray, Shire of York Community Development Officer Esmeralda Harmer, Beverley Station Arts President Jenny Broun plus customers and staff.

**IDENTITY**

Many statutory declarations were both witnessed and certified.

**GRANT OF PROBATE**

Applications to the Supreme Court, I have been informed that apart from each page of the application being signed and witnessed, the same JP has to sign on the back of the original will.

Once again all proof of all identification documents, have to be sighted before certifying of documents, whether it is for the courts, Shire, insurance, superannuation, Centrelink, immigration or any bodies that request such documents - Estate and immigration matters have been on going for months and even years.

**IMMIGRATION DOCUMENTS**

**VISAS 456, 457, 216, 254**

These laws and requirements are changed on a daily or weekly basis, there will be further changes and an increase in fees in December 2017 according to the Immigration Department. This is also verified by TV stations by the Prime Minister Mr M Turnbull. No one can give me up to date information. Before you come to see me to witness various immigration documentation such as VISA make sure they conform with the up to date legislation e.g. some VISA documents may cost between five and seven thousand dollars. Verify the fees that need to support the VISA application.

**SYNERGY**

I have been informed by a party to an estate, that they now wish to sight a certified copy of the will by a JP an ID requirement to transfer the name change to the current user.

**MEDICARE CARDS**

Medicare cards are used as a secondary identification document. Due to the recent identification fraud and scams shows on television are indicating that some government departments will not accept a Medicare card as a form of ID.

**COURT MATTERS**

If in doubt or need of information please contact the relative clerk of courts or get legal advice.

# BEVERLEY HOSPITAL AUXILIARY COMMITTEE ANNUAL GENERAL MEETING 2017

## PRESIDENT'S REPORT

Welcome to the 73<sup>rd</sup> Annual General Meeting of The Beverley Hospital Auxiliary

The Hospital Auxiliary continues to provide an invaluable financial service to the Health Services of Beverley Community through the income derived from sales at the Opportunity Shop. And we are sincerely grateful to the helpers, the buyers who support the Opportunity Shop and to the generous people who donate items to be sold.

It was with regret that we accepted the resignation of committee members Anne Szczecinski, Anne Armstrong and Pat Parker. All have made a wonderful contribution during their time with us and we congratulate Anne Szczecinski especially who completed over twenty years of service. We welcomed new members Lyn Wilkinson, Jan Sherwood, Cherril Paskov and Glenda Burns and hope that they gain great satisfaction from their voluntary involvement.

Purchases for the **Beverley Hospital** this past year have been curtailed due to the building programme at the Hospital. However, we hope soon to be able to contribute more items that improve the well-being and care of patients and staff.

**The Alex Miles Lodge** has benefited from us by the installation of a new reticulation system covering the grounds at a cost of \$4,600. The greener environment, especially during the summer months, will enhance the surrounds and give the residents a far more "cooling" outlook. And a rose garden will soon surround the gazebo recently relocated to the front lawn by The Mens' Shed. We continue to support the Lodge Committee in works they undertake at The Lodge.

Future items for both the Hospital and Lodge – including the supervisor's flat at the Lodge are currently being considered.

Jan Howell and Ingrid Bell organised Christmas hampers to present to the residents at the Hospital, the Lodge and Avon Trading staff. These contained well-selected products to share [thankyou to Peppers at IGA for their contribution] & were a favourable change from individual gifts.

Trading at the Opportunity Shop has been steady with extra trading days – election day and Easter – once again seeing many visitors support our cause and commenting on the standard of goods on sale. The layout of the Shop has been improved with new signs and clothes racks purchased. And the provision and maintenance of the building by the Shire for a small rental amount is very much appreciated by committee and community.

I thank Chris Mann for making our wreath for ANZAC Day. What a beautiful wreath she made for such a solemn occasion. Val Moad – Op Shop Co-ordinator – does a wonderful job in keeping the shop presentable and functional. And thankyou to Treasurer Betty Cable and Secretary Jan Howell for being so thorough and reliable in managing the business of the Hospital Auxiliary. Together with the remainder of the committee, you have all contributed to another successful and enjoyable year of The Beverley Hospital Auxiliary.

We look forward to continuing to work with Michelle Bauer [HSM] and the staff to further update furnishings, equipment and items that can make the Beverley Health Services more comfortable, practical and homely.

Thankyou.  
Sandy Shaw  
President  
Beverley Hospital Auxiliary Inc.

# THE BLUE LINE

## Beverley Police Station

57 Hunt Road, Beverley WA 6304 BeverleyPol@twitter.com  
Phone: 9646 3333 Crime Stoppers: 1800 333 000

Hello Everyone,

From some of our encounters whilst driving under priority, it is clear that some drivers are unsure what to do when an emergency vehicle approaches. To clarify:-

If an emergency vehicle (police, fire and ambulance) has blue or red flashing lights and/or sounding an alarm, you **MUST** clear the way to let it easily pass.

When an emergency vehicle is approaching:

- stay calm and check to see where it is;
- **give way to it by moving as far to the left of the road as possible;**
- if you can't move left, slow down, indicate left and let the emergency vehicle drive around you;
- use your indicator to signal your intentions to the driver of the emergency vehicle;
- if you are in the left lane, allow other vehicles from an adjacent lane to move into your lane if they need to.

When giving way to an emergency vehicle **DO NOT** break the law (e.g. drive through a red light, or speed).

### Penalty

Failure to give way to an emergency vehicle = **4 demerit points and \$400 fine.**

#### TIME IS OF THE ESSENCE

Following on from last month's article regarding our crime statistics, I want to point out this increase is largely due to community members following the advice we have given in the past "**see something, say something**". We greatly appreciate the information you have provided to us and strongly encourage to continue to do so. With your help we are achieving a significant impact on the safety of our community. As you can appreciate, the value of any information or evidence greatly diminishes with the passage of time. So, if you "see something, say something, **SOONER** rather than later". Don't wait until you see us on the street or the station open; pick up the phone and dial 131444 for police attendance.

#### NO CRIME IS COMMITTED IN SECRET

**CRIME STOPPERS WA** enables you to anonymously report criminal activity and suspicious behaviour.

**ANONYMITY GUARANTEE** phone **1800 333 000** anytime.

A \$1 investment in Crime Stoppers gives a \$29 return in value to the community.

#### FIREARMS AMNESTY

**Western Australia is participating in a National Firearms Amnesty, which is an opportunity for members of the public to surrender unregistered firearms.**

If you have an unregistered firearm that you wish to surrender to WA Police, please abide by the following:

- You will be able to surrender the firearm at any police station across Western Australia;
- Plan ahead. Contact your local police station to advise them of your intent to hand in a firearm;
- Ensure the firearm is unloaded, if you are unsure or do not know if it is loaded, explain that when you first arrive at the police station;
- Do not point the firearm at any person;
- Take the bolt/firing mechanism out if possible;
- 'Break' the firearm if mechanism allows; and

Carry the firearm in a suitable firearm carry bag, case, box or other covering. Do not carry the firearm uncovered.

If you have any queries, please contact 9454 1347 or 1300 071 011.

That's it for another month, so until next month, stay safe.

# Round 3 of the Stronger Communities Programme is now open!

Grants of between **\$2,500 and \$20,000** are now available to eligible community organisations and local governments to fund small capital projects. **If you're aware of a community project that could do with a boost, Expressions of Interest are now open.**

From solar panels to playgrounds and radio transmitters to fitness equipment, I want to hear from your organisation about the ways we can continue improving our local community. I will be working closely again with a Community Consultation Committee who will help identify projects that improve community involvement and contribute to creating vibrant and viable communities.

All interested organisations are invited to submit their Expression of Interest to my office by **Monday, 7 August 2017**. You can do so online: [www.christianporter.com.au/stronger-communities-programme/](http://www.christianporter.com.au/stronger-communities-programme/) or by filling out and returning the attached Expression of Interest Form.

The players and committee have been very busy during July, organising reunions, life memberships, shields and the annual windup. Players be sure to let your team captain know whether you will be attending the windup at the Amenities Building on Saturday 07 October, formal invitations will be handed out soon.

Since the last Blarney edition the Beverley Hunters and Beverley Orbs played for the Jukarine Shield, sponsored by Dee and Nooky Ridgway. The club thanks our sponsors for withstanding the weather to watch the match and present the shield to winners. At half time the Orbs were leading but at the end of the match Hunters came out winners. Congratulations to Hunters, it was an exciting match to watch. Unfortunately the Spinners didn't have a win that evening against Pingelly Storm but made it back in time to watch the shield presentation, thanks ladies.

Beverley Hunters with Jukarine Shield sponsors Nooky and Dee Ridgway

On Saturday 15 July we had a derby and a reunion. The Orbs played against the Pingelly Storm and didn't come out with the win. Luckily we all love a derby, saw the Orbs watched and cheered as the Spinners and Hunters battled it out, it was great game to watch. At the end of the match Hunters won.

The sundowner saw the clubs past players return to reminisce and laugh about the premiership win 10 years ago. Some of the team and their coach at the time could not make it but their gifts have been sent to them. The club thanks all those that attended the event and donated food to make this memorable occasion, a special one. A big thank you to Glenys and Ingrid.

On Saturday 22 July the Spinners had a well deserved bye, whilst the Hunters and Orbs headed over to Pingelly. The Hunters played against the Brookton Blazers and were leading until the final minutes and going down by 2 points. The Orbs played against the Brookton Glory in the late game and they were not victorious.

2007 Premiershipe Netball Team. Left to Right: Jade, Jo, Kelly, Jen, Kayla, Kristy and Megan

The results from the matches played in Brookton on the 28 July will be in the September Blarney, following this there are only two matches before the finals play offs.

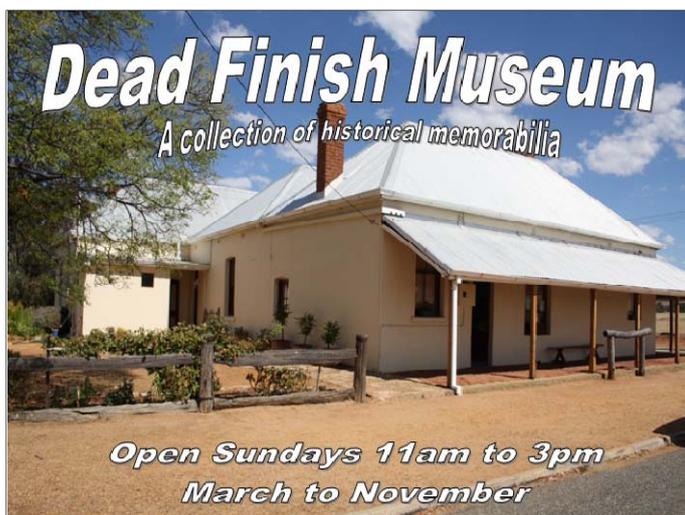

## Friday 04 August - Beverley

## Saturday 12 August - Pingelly

1.45pm Brookton Blazers vs Beverley Orbs

## Life Memberships

Life memberships are one of the greatest honours you can receive and they are not handed out lightly. The committee were very pleased to award three of our club members this prestigious award at the recent 10 year reunion sundowner on Saturday 15 July 2017.

Jenifer Petchell started playing in 2001 and she has played 116 games for the club (unfortunately we are missing records from 1995 - 2004). She has been on the committee for many years and over 12 years has been the Treasurer for 10 of those years. Jen has been a driving force with getting the new courts and is always there for the behind the scene jobs that need doing.

Joanne Copping also started playing in 2001 and she has played 128 games. She also has been on the committee for many years, and Secretary for 7 years over that time. Jo also was involved with the new courts and always was one step ahead when we had overlooked things.

Natalie Ashworth started in 2007 and she has played 115 games and many years on the committee as President. She has been a go to person for getting grants when available and equipment. Very involved with Junior Netball which then encourages the girls to come and play with the Seniors.

All ladies have been involved in all fundraising especially for the courts as for many years it seemed to be all we were doing but now very worth it.  
Congratulations to all three ladies, a very well deserved honour.

A massive thank you to all those who helped make the inaugural Beverley Cup a success on Saturday 22 July. We had a great evening with horse races, fashions on the field and some fantastic wood fired pizzas. Thank you also to the Quairading football club who stuck around and got involved in the festivities after the game.

# Beverley Men's Golf

Twelve players competed in the third qualifying round for the club championship, held on the 24<sup>th</sup> of June. Winner on the day was Wayde McLean with an excellent score of 66

nett (80 Gross) closely followed by Terry Winfield with 68 Nett (79 Gross). Good scores were also returned by Darrell Hagan (71 Nett) and Stephen Gollan (72 Nett). Novelty pins were won by Winfield, Hagan, Mark Kont, Chris Pepper and Alan Hammond. We are very grateful to **Wayne Smith** for his continuing sponsorship of this event.

Saturday, July 1<sup>st</sup> came in cold, wet and windy but 5 players braved the freezing conditions to compete for a club trophy. Conditions were deplorable and play was called off after the 9<sup>th</sup> hole had been completed. Mark Bickley was having an excellent day in the difficult conditions and he was the runaway winner with a great score of 22 Stableford points for the 9 holes. The other scores are not worthy of mention here (or anywhere).

On the same weekend eight members competed in the Brookton Golf Club's annual open days but, unfortunately, none were successful.

Saturday July 7<sup>th</sup>, saw twelve players compete for the **Fred Sing Trophy**; the fourth and final qualifying round for the club championship. Terry Winfield won the day with 70 Nett (81 Gross). Darrell Hagan was runner-up with 71 Nett (83 Gross). Mark Bickley and Ben Moulton also returned notable scores of 72 Nett. Novelties were won by Winfield, Moulton, Keith Hawkins, Marc Edwards and Chris Pepper. Many thanks go to **Fred Sing** for his on-going support of this event.

After completion of the qualifying rounds, sixteen players qualified for the Match Play play-offs. The top eight qualifiers who competed for the 2017 Club Championship were (in order of qualifying) Terry Winfield, Darrell Hagan, Wayde McLean, Marc Edwards, Stephen Gollan, John Donovan, Alan Hammond and Mark Bickley.

The next eight qualifiers who competed in the Club Plate division were (also in order) Mark Kont, Keith Hawkins, Chris Pepper, Graeme Hagan, Gavin Sazanov, John Islip, Mel Vivian and Les Annison. The play-offs occurred on Saturday the 29<sup>th</sup> of July and the results will be in next month's Blarney. The Club Championship final Match Play event will be held on Saturday, September 2<sup>nd</sup>. The competitors will be advised in next month's issue.

A bumper field of 49 players took to the course on Friday, July 14<sup>th</sup> for the annual **Primaries CRT Open Golf Day**. By all accounts, everyone had a great day competing in the three-person Ambrose event. The winners were the team of Roy McNamara-Smith, Wayde McLean and Steve Phillippe with a Nett score of 59 1/3. Novelty pins were placed on every hole and among the winners were Rodney Ware, Michael Woods, Mark Armstrong, Lyn Mactaggart, John Starling, Glenys Collins, Mical Hill, Val Hagan and Colin Ware. We thank **Terry Winfield and Primaries CRT** for providing this annual event.

On Saturday the 15<sup>th</sup> of July four players competed for a club trophy while five members travelled to Kweda for that Club's annual Open Day. The winner at home was Chris Pepper with 33 Stableford points and Colin Ware was runner-up with 28 points. The best of the away players were John Donovan and Mark Kont with 34 points each which were not enough points to win the day; although Mark Kont did manage to provide a little mirth in the evening by proceeding to polish off the Finemaster's beer while the fines were being collated!

The **Springdell Cup** event was held over the weekend of 22<sup>nd</sup> and 23<sup>rd</sup> of July. By all accounts it was a successful weekend with 44 players competing for the **Wayde and Kathryn McLean Trophies** on the Saturday and 47 players trying to win the **Springdell Cup** on Sunday.

Winners of the 4-Ball Better Ball competition on the Saturday were Wayde McLean and Steve Gollan with a Score of 49 Stableford points. They won the event on a countback from Andrew Thomas and Larry Scott of Waroona. The Gross winners were Chris Rawes and Vance Blechynden from Brookton (38 points). Gross runners-up, also from Brookton, were Daniel Watkins and R. Sheridan (35 points) who beat out two other teams in a countback. Thanks to **Wayde and Kathryn McLean** for their support.

The **Springdell Cup** is a 27-hole Open Stableford event that has been held annually since 1981; replacing the Barnsley Cup that had been running since 1932. Alongside our own members, players came from as far afield as Busselton, Harvey, Waroona, Bullsbrook, Brookton, York, Quairading and Corrigin. Major sponsors of the event this year were, again, **Andrew and Kellie Shaw** (descendants of the original Cup donor) and **Fred Sing and Family**. We thank them very much for their continued support.

The Springdell Cup was played in trying conditions on the Sunday. The morning was fine but windy, but after lunch the rain came in causing a few players to drop out of the competition. However, most completed the 27 holes and the results were:

NETT.

Harley Matthew (York) 62 points – Winner of the Springdell Cup

Tristan Beaton (York) 59 points – Runner-Up

Clint Pitman (Corrigin) 58 points - Third

Daniel Gollan (Beverley) 54 points – Fourth

**GROSS**

Daniel Forward (Brookton) 45 points - Winner of the Barry Winfield Memorial Trophy

Chris Rawes (Brookton) 45 points – Runner-Up (in a countback)

Vance Blechynden (Brookton) 44 points - Third

Other trophy winners were:

Best 18 – Stephen Gollan (Beverley) 40 points

Best 9 (1 to 9) – Keith Johnston (Quairading) 18 points

Best 9 (10 to 18) – Gordon Riggir (Chequers) 16 points

Best Veteran (60+) – Larry Scott (Waroona) 53 points

Best Super Vet (66+) – Les Annison (Beverley) 47 points

Our congratulations to all winners and we look forward to seeing all players return and attempt to take the Cup next year.

The final event for the month was the Club Championship Match Play quarter- and semi-finals on Saturday July 29<sup>th</sup>. Winners will be notified next month.

# Mobile Hotspots

In the past most people outside cities were connected to the Internet using Mobile Internet. Now many people have a fixed Internet connections in their home or office, using either NBN (wireless, satellite or fibre) or ADSL. If you want to take your PC away you will have difficulty connecting to the Internet (unless they are staying with relatives or using free Internet in cafes etc.). Many people have kept their Mobile Internet service as a result. This is no longer necessary.

## Connect to the Internet at home or office

At Home or Office

Fixed Internet connections usually has a network terminal on the wall which is connected to the NBN or ADSL network. A router is connected to the Network terminal using Ethernet

(usually blue). Devices (phone, tablet or PC) within the home/office connect to the router using WiFi. Some PCs connect directly to the Router using Ethernet. This is effectively the same as using WiFi.

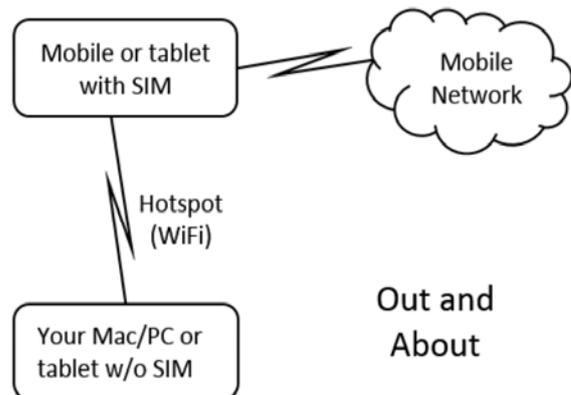

Sometimes there is no router and the PC is connected directly to Network Terminal. In this case you will not be able to connect your phone or tablet to the fixed Internet service.

You will need the following settings on your phone/tablet.

- Mobile data OFF
- WiFi ON
- Mobile Hotspot OFF

Unfortunately I cannot guide you to the settings as they are different on nearly every phone/tablet!

## Connect to the Internet using your phone

Out and About

When you are out and about you can now connect your PC (or tablet without a SIM) to the Internet using a smart phone

Use these settings on your phone (or tablet with SIM)

- Mobile data ON
- WiFi OFF
- Mobile Hotspot ON

# Beverley Ladies Golf

First of all, I would like to thank Glenys Collins for taking over the helm of captaincy while I was away. It is very much appreciated.

## Golf Results

On Wednesday 21 June, only 4 ladies played for the Club Trophy. With a fabulous score of 39 points, Yvonne Hobbs won the day. She also won the Nearest to the Pin. Well Done Yvonne!!!

Val Hagan's trophy, which was a Stableford event was played on the 28<sup>th</sup> June, with 6 ladies playing. The winner of the day was Maxine Watts on 32 points, countback from Glenys Collins, Yvonne Hobbs and Heather Mclean. Runner Up was Glenys Collins. Glenys also won the Best 2<sup>nd</sup> shot on the 18<sup>th</sup> hole. All I can say, it must have been tough conditions!!! Well Done Maxine!!!

Many thanks to Val Hagan for donating the trophy for the day.

On Wednesday 05 July, all the ladies chickened out and did not play golf. Apparently the conditions were not great!!!!!!

On Wednesday 12 July, only 4 ladies played Stroke for Anne Szczecinski Trophy. The ladies also played for the Monthly Medal, Silver Spoon, Putting and the Final International Bowl Competition. Maxine Watts was the winner again with a gross of 94 and a nett score of 75. Marg Peck was Runner Up. The pinnie was last into Hole 16 and the winner was Glenys Collins. Well Done Maxine!!!

Many thanks to Anne Szczecinski for donating the trophy for the day.

Val Moir's Trophy, which was a Stroke round, 4<sup>th</sup> Silver Spoon and 4<sup>th</sup> Putting Competition was played on Wednesday 19 July. We had a record number of ladies playing which was 7. Winner of the day was Maxine Watts with a great nett score of 69 and gross 88. Well Done Maxine!!! Runner Up was Heather McLean with a 75 nett. Nearest to the Pin on number 8 was Yvonne Hobbs.

Many thanks to Val Moir for donating the trophy for the day.

Best of luck to the ladies participating in the Avon Valley Championships which will be held at York from Wednesday 02 August to Friday 04 August.

The Beverley Golf Club will be hosting the Ladies Avon Valley Foursomes on Friday 25 August and we are still chasing sponsorship for this event that we only host once every 20 years. If you can help in any way, can you please contact the Ladies Captain, Sera Minchin.

# BEVERLEY REDBACKS HOCKEY CLUB

## AGM NOTICE

Thursday 17 August at 7:30pm (after training) at the Beverley Amenities.  
All welcome.

A resolution will be presented at the AGM to adopt the new Rules of Association (previously referred to as Constitution). This is to adhere with the new Associations Incorporation Act 2015. Copies of the new rules for adoption are available through Secretary Kelly Mann.

## 100 GAMES – CHANTELE MEADE

Congratulations to Chantelle Meade on celebrating 100 games for the Beverley Redbacks Hockey Club (since the team reformed eight seasons ago). Well done Chan! An amazing effort from a great player who puts in just as much off the field as on it in the running of the club and making it the success it is today and into the future.

## Saturday 01 July Jenna vs Beverley

Couldn't have asked for better weather today (rain, rain and more rain) to test out our new white playing shirts vs Jenna in Northam. But they really did look fantastic! These shirts will be worn for every game we play against Jenna as having the same colour uniforms has made it tricky over the years to tell the two teams apart on the

field. No excuses for passing the ball to the opposition now right? Our wonderful new shirts were only made possible thanks to our very generous sponsors: Waterbrae Pastoral Co, D and T Fleay, D and J Sims and Northam Tavern.

After a two week break the girls played well but were defeated 3-0.

Northam Tavern Award: Hollie Smith

Thank you to Marg Mourach for doing this week's umpiring duty!

## Saturday 15 July Beverley vs Aces

Today's game was certainly one way to keep the crowd on the edge of their seats! Game day momentum can be a bit tricky with so many byes over the last month. But the girls did come together strongly (after a little while to warm up) with lots of forward play and unlucky shots on goal. A great series of passing and perseverance saw a goal secured in the final moments of the game - 2 seconds before the match finished. Absolute nail biter with every player putting in 110% effort and determination until the final whistle.

Beverley (1) defeated Aces (0)

Goal Scorer: Lisa Mourach

Beverley Transport Award: Nicola Broun

Beverley Electrical Award: Emily Miller

Northam Tavern Award: Lisa Mourach

Thanks Owen Marsh for umpiring our game. It certainly was great finding someone local that can help out with umpiring home games.

A very big thank you to the Beverley Netball Club for allowing us to share the amenities with them after the game even when they were celebrating their 10 year reunion. This is why Beverley is such a great community!

## Friday 21 July York Jets vs Beverley

The attacking shots on goal were on for tonight's Friday night clash against York Jets, but the girls just couldn't quite get the ball over that backline. Overall a good game for the Beverley girls against a highly skilful and experienced York team.

Beverley Transport Award: Carissa Shaw

Beverley Electrical Award: Bec Sims

Northam Tavern Award: Dani Whyte

Thank you Rachael Perkins for umpiring our game tonight.

**Social Badminton & Shirt Presentation Night**

Serve it, smash it, win it, love it! And we certainly loved starting a racquet on Thursday 06 July at our social badminton and shirt presentation night. Thanks to all our players, sponsors and supporters for sharing a fun evening together. Thank you again to our wonderful new shirts sponsors: Waterbrae Pastoral Co, D and T Fleay, D and J Sims and Northam Tavern.

Special mention to Fred at Northam Sportspower for organising our new shirts and the Beverley Badminton Club and Marg Mourach for letting us borrow their equipment for the evening.

Grand finalists: Winners: Wayde Mclean & Aaron Smith, Runners Up: Marg Mourach & Robbie Wansbrough

**TO ALL PAST and CURRENT PLAYERS - Time to dust off your old photo albums!**

We want each and every one of you to send us a photo of you when you first started playing hockey, be it 30 years ago or only 3 years ago. We are gearing up for a little "Who's who" guessing game for our end of season windup. If you might find it tricky locating a photo, remember team photos are a great place to look to crop out a picture of yourself.

Photos can be emailed through to Secretary Kelly Mann at [beverleyhockey@live.com.au](mailto:beverleyhockey@live.com.au)

**SEE YOU AT THE BEVERLEY SHOW**

Burgers while watching the fireworks? Perfect! Beverley Redbacks Hockey Club will be selling our fantastic burgers as the sun goes down on Show Day - August 19. Look forward to seeing you there!

**EXPRESSIONS OF INTEREST – MENS TEAM 2018**

The Beverley Hockey Club Committee are seeking expressions of interest from any Men interested in playing hockey (both for new and experienced players) next year to see if there would be any opportunity for a Beverley team in the Avon Association.

# Beverley Horse and Pony Club

The club had several riders attend the three day Avon Zone Camp in Northam in July. Vicky, Tealah, Bronte, Aaron, Oscar, Emily, Bethany, Jessica & Jacob all had a wonderful time joining with pony club members from Mortlock, Avon, & South Midland.

Riders enjoyed sessions on flatwork, jumping and horsemastership. They were also given the opportunity to experience some other equestrian activities such as tent pegging, archery and horse agility. A presentation from the vet was very interesting for all ages including parents. The riders also spent some time down along the banks of the Avon River experiencing the fun to be had geocaching.

Our July rally was a quiet affair with only a small number of riders in attendance. Those that attended were kept busy with Sharla who was our coach for the day.

On 06 August the club is hosting a poles clinic day presented by Gina Crawford from Equine Massage WA. The day will include sessions from Novice through to Advanced, as well as a session on the Lunge. Pole work is a great way to assist with muscle development in horses at all levels. Contact [bevhpc.events@gmail.com](mailto:bevhpc.events@gmail.com) for further information.

On 16 September the club will be running their annual All Breed Show. This is the clubs major fundraiser for the year. Last year's event saw competitors attend from all over the state including as far as Southern Cross. Contact [bevhpc.events@gmail.com](mailto:bevhpc.events@gmail.com) for further information and entry forms.

A huge thank you to those local businesses who have generously supported our club with sponsorship for our breed show.

Our next rally is the 13 August, early so as not to clash with the show.

Good luck to the riders who are competing at Beverley Show. A great time is always had at our local show.
