## SHIRE OF BEVERLEY PRESIDENT REPORT - JUNE 2019

### Budget 2019-2020

Council and staff are well underway with the 2019/2020 budgetary process, recently reviewing fees and charges and the capital program.

### Vincent Street Bridge Works

Works are progressing on the Vincent Street Bridge widening and from all accounts are on schedule. The new footpath is almost ready to be opened for pedestrians and looks like it's going to be a massive improvement from what everyone was using prior to the refurbishment.

### Town Hall Kitchen Redevelopment

The Town Hall Kitchen renovations have commenced. The hall is still available to hire without the kitchen.

### Roadworks

Conditions are very dry and while we are all desperately looking for rain the lack of it has seen the road crew and several contractors continue with programmed footpath and roadworks without delay. Reconstruction, widening and sealing has been completed on Morbinning Road between Aikin and East Lynne Roads with work currently underway on a 2km section near Athol Road. Footpath west of Hunt Road on Vincent Street has been renewed with concrete. Gravel sheeting has been completed on a 1km section of Rickeys road, 2km on Dale Bin North road and nearing completion on a section of Kokedin Road. A culvert on K1 Road damaged in the 2017 flood event has been replaced and the culvert in the gravel railway carpark has been repaired. Tree lopping under town powerlines and on several rural roads is due to commence. Hopefully good soaking opening rains are on the way soon.

### Youth Activity Space

The Working Group has narrowed the location of a Youth Activity Space and Skate Park to two sites. Feedback has been sought from residents, community group users and businesses near those locations and will be reviewed by the group in early June. Following site selection and concept planning for what might be included the Working Group will make a recommendation for Councils consideration at hopefully the June Council meeting. Following Council endorsement a business case can be developed to support funding applications for the project.

### Wheatbelt Secondary Freight Network

Over the last 2 years significant work has been undertaken to identify priority routes and provide technical data in the preparation of a pre-feasibility business case and cost benefit

analysis for a project known as the Wheatbelt Secondary Freight Network. With the support of 42 Local Governments across the region this comprises 4400km of local government managed roads that connect with State and National highways and aims to provide safe and cost effective access for heavy vehicles into the region. The project group to date have been successful in receiving \$70m Federal funding for stage 1 priority works and \$100,000 State Royalties for Regions funding to engage a lead consultant project coordinator for the Project Management Team. The 42 Local Governments have been asked to make a 2019-2020 budget allocation of \$6,000 toward the project management pool of funds which the Shire of Beverley will be supporting.

### Beverley Cornerstone Visitor Centre

I hope by now many local people have had a chance to pop into the Visitor Centre at the Cornerstone and have a look at the aeronautical exhibit and other interactive displays and information. Additional content will soon be added to the Aviation kiosk to include the Cornerstone building official opening and town flyover of the Silver Centenary.

### Purple Bench

The Shire supported an approach by our local police to install a Purple Bench in the main street to raise awareness about the alarming issue of domestic and family violence. We might like to think these things don't happen in our community however it's not something people would like to go around talking about either. The Womens Domestic Violence helpline is available for anyone requiring support or advice Ph 9223 1188 or 1800 007 339.

### Spoilt for Choice?

Are we spoilt for choice in Beverley? The Station Arts have run some terrific entertainment programmes over the summer months with declining numbers supporting those events. The Beverley Mens Shed has been trialling showings of old fashioned favourites and special interest movies on the dual screens in the Cornerstone conference room and the CRC have shown some fabulous modern movies, once again not yet well supported. Perhaps the winter months might entice some more patrons?

Cr Dee Ridgway  
Shire President

## IMPORTANT NOTICE STANDPIPE FEE INCREASES

The Shire of Beverley would like to remind all standpipe users of the impending substantial increase in charges for the Brooking Street and Balkuling Road Standpipes.

As previously advised, the Water Corporation is changing their pricing structure. The standpipes at Brooking Street and Balkuling Road will no longer be entitled to concessional pricing.

The new fee will be set at a cost recovery basis being \$8.35 per KL plus an administration fee of \$5.00 per issued invoice. The new fees will come into effect from 01 July 2019.

The Shire has Water Corporation brochures available at the front counter regarding the changes and further information can be found at:

### Portable Steam Engine

One of the items in the collection at the Beverley Ag Museum is a Portable Steam Engine, kindly donated by Ray Owen's family from Pickering Brook.

Produced in 1911 by Clayton & Shuttleworth Ltd of England.

The latter years of its life being used at a Sawmill in the Pickering Brook area.

Although still a functioning unit, this item cannot be used today under WA safety conditions due to its riveted boiler, similar units with welded boilers can operate here in WA.

This steam operated engine was stationary and would have been hauled to the area of operation (Sawmill, Harvesting Paddock) by horses at the time, although a tow frame has been fitted for use with a vehicle.

Ray Owen worked for the Agriculture department for many years from 1924 before entering the WA Parliament between 1944 and 1962 where he served in the Legislative Assembly.

Recently a descendant of his family, Stella, was a strong participant in the purchase of the Oaten Hay harvested last season by the museum volunteer group. We are pleased to say that our group is aiming to continue this service for the community later this year, given good weather conditions and crop yield.

# Harvest Mass Management Scheme 4 Step Guide

Follow these four steps to ensure you are ready for the 2019-20 HMMS harvest period:

## Confirm RAV Network

- Transport operators and farmers need to ensure all roads they use are approved for the particular RAV combination being used. This information is available on the RAV Mapping Tool. Roads endorsed under a HMMS Road List in 2018-19 will be approved if they meet the minimum safety standards. If the roads requested do not meet the minimum standards, the applicant will be contacted by Main Roads and advised accordingly.

## New RAV Access is Required

- If additional roads are required, the transport operator or farmer needs to apply for new RAV access via the standard RAV application process. **DO NOT** submit a HMMS Road List to Main Roads. Further information and application form is available on the Road Access page of our website.

## Register for HMMS

- The transport operator must register their vehicles with a registered Grain Receiver. They should also familiarise themselves with the Business Rules available on the Harvest Mass Management Scheme page of our website.

## Commence Operating

- Once the roads you require are all approved for the relevant RAV combination being used, your vehicles are registered with a Grain Receiver, and you are familiar with the Business Rules, you are ready to start carting for the harvest season.

For more information about HMMS contact our Heavy Vehicle Help Desk on 138 486 or visit the Harvest Mass Management Scheme page of our website at [www.mainroads.wa.gov.au](http://www.mainroads.wa.gov.au)

### Changes to the Scheme

- ◆ The 'first and last mile' special RAV access arrangements have been finalised.
- ◆ HMMS will continue, however will revert to its original intent as a mass management scheme.

### Access Update

- ◆ 1053 roads were endorsed under HMMS Road Lists for the 2018-19 harvest period.
- ◆ Onsite assessments are underway with the intent to add these endorsed roads to the relevant RAV Networks prior to the upcoming harvest period.
- ◆ This eliminates the need for future special access arrangements under HMMS.

### Key Points

- ◆ No changes to the HMMS mass provisions.
- ◆ Apply for new RAV access early, allowing up to 12 weeks.
- ◆ HMMS access is now via RAV Networks or Restricted Local Access Permits.

# Harvest Mass Management Scheme

## What you need to know for 2019-2020 Harvest Period

### Register for HMMS

- ◆ If you wish to participate in HMMS, continue to register your vehicles with a participating Grain Receiver.
- ◆ Familiarise yourself with the HMMS Business Rules, available on the Harvest Mass Management Scheme page of our website.
- ◆ DO NOT submit a HMMS Road List to Main Roads.

### New RAV Access

- ◆ If there are additional roads you need, for an upcoming harvest period, which are not approved for RAV access and you did not apply for them under HMMS last season, you will need to apply to Main Roads to have the roads assessed via the standard RAV application process.

### RAV Access Options

- ◆ Use a Category 1 RAV vehicle combination that is 20 m or less in length and 50 t or less in gross mass on any road.
- ◆ Use a RAV that is greater than a Category 1 RAV vehicle combination on approved RAV Network roads.

For more information about HMMS contact our Heavy Vehicle Help Desk on 138 486 or visit the Harvest Mass Management Scheme page on our website at [www.mainroads.wa.gov.au](http://www.mainroads.wa.gov.au)

## Alex Miles Lodge Gazebo Refurbishment

Funds received from the Shire of Beverley's Community Grant Program and the Beverley Hospital Auxiliary enabled the Beverley Frail Aged Lodge Committee to renovate the gazebo at Alex Miles Lodge, transforming it into an accessible and attractive feature for residents and their visitors to enjoy.

The gazebo was relocated from Beverley Hospital to the Alex Miles Lodge several years ago prior to commencement of hospital upgrade works. Its refurbishment has seen installation of concrete pathways, lighting and an impressive repaint which included maintenance work prior. Contractors involved in the project were Allround Concrete, Beverley Electrical Services and Lyndon and Cameron Grover Painting.

The Frail Aged Lodge Committee is responsible for the Alex Miles Lodge on behalf of the Beverley Community and the facility is managed by WA Country Health Services by way of a lease agreement with the Committee. Health Services Manager Michelle Bauer was an enthusiastic supporter of the gazebo project.

The Beverley Frail Aged Lodge Committee would like to thank the Shire of Beverley and Hospital Auxiliary for their financial support of this project and the contractors for works undertaken to achieve a successful outcome. The Committee looks forward to our community's ongoing support of the Alex Miles Lodge.

*Beverley Hospital Auxiliary representatives Glenys Lane and Sandy Shaw, Alex Miles Lodge residents Betty Miller, Eric Murray and Kath Veitch, Shire CEO Steve Gollan, Frail Aged Lodge Committee Chairman Lew Shaw, Lodge staff member Jojo, Health Services Manager Michelle Bauer, Lodge resident Joyce Ridgway, Shire President Cr Dee Ridgway*

## The Purple Bench Project

You may have noticed that the park bench on the Vincent St (near the gravel car park) has had a makeover and is now purple. The push to paint the bench purple, a colour associated worldwide with the domestic violence awareness movement, was led by Beverley Police Officer Karen Gubanyi with support from the Beverley CRC and the Shire of Beverley who approved the project and painted the bench. A special thanks to Dalene Davis (CRC committee) who also donated the paint.

Having previously worked in the area of family violence, Karen is passionate about educating and raising awareness in our community about family violence, a subject often swept under the carpet.

The Purple Bench initiative, founded in Canada in 2015, has made its way to WA, with the WA Women's Council for Domestic and Family Violence Services launching its own campaign. It is important that domestic and family violence is spoken about openly; especially as domestic violence rates are higher in rural and regional areas. It is definitely changing but there's still a lot of people that are too scared to come forward or might not realise that there is help out there.

How do purple benches make a difference?? Changing public perception of violence against women and children in particular requires a commitment from all levels of government and the community at large. The Purple Bench acts as a stark reminder that as a society we can make a difference, with both little and large steps. The presence of the Purple Bench in a location where events have been held to raise public awareness would provide the opportunity for this important issue to remain visible as well as providing a physical place to reflect about the important work achieved to date and how we can move over the next generations to bring an end to domestic and family violence.

The impact of domestic and family violence on women, men and families, needs to be understood across the community. Intimate partner violence is a leading contributor to illness, disability and premature death for women aged 18-44. To find out more, visit <http://www.womenscouncil.com.au/>

## BEVERLEY HISTORICAL SOCIETY

Thanks to the members for attending the meeting at the earlier time of 1pm as we were having a guest speaker – Elspeth Binckes from Bunbury to give a talk on William Quinlan.

1. He was born in Kilkenny, Ireland in 1824 or 1826.
2. Arrived in W.A. 1853 aboard "Phoebe Dunbar" a death ship, arriving ill with Scurvy.
3. Details in Convict Records – Age 22, single, trade miller then bootmaker, 5'6 ½ ", brown hair, grey eyes, long face, sallow complexion.
4. Granted 10 acres of land in Beverley (on York William Rd).
5. Married 1860 Margaret McEwan, children – Mary, Henrietta, Bridget, James, John, Patrick.
6. Fined at one stage for having an illegal still and suppling liquor to Aborigines.
7. William died 1874 after falling in Talbot Brook.
8. Elspeth is descended from daughter Harriet.
9. Mates Hutchinson is descended from daughter Mary.

After our next meeting we are going to visit a house in Harper Street that was one of Beverley's earliest Hospitals.

At the moment many of our members are busy doing research for lots of different subjects plus trying to upgrade lots of information we have on hand, so we are always looking for new members to join our small but enthusiastic group.

The next meeting of the Historical Society is Monday 10 June at the early time of 1p.m. so we can leave for our visit at 3pm.

# Agriculture MUSEUM

Waterhatch Road Beverley WA.

The third weekend in May was quiet (and chilly) for the Ag Museum at Avondale. The museum maintenance volunteers however were very industrious on the Saturday morning establishing this year's oat crop for hay production.

Cr Don Davis was in attendance and even took his turn at the wheel of the chamberlain, under the watchful eye of volunteer John Hawke. Like all the farmers they are now looking skyward hoping for rain soon.

An article on the impressive Portable Steam Engine which is one of the first things you will see when visiting the Ag Museum is featured in this edition of the Blarney. For further information on how you can support the Agriculture Museum contact the Shire of Beverley on 9646 1200 or Dee 0428 464 007.

## 25 Years of Local Radio

On 19 June, local community radio station 101.3fm Voice of the Avon celebrates a quarter century of broadcasting. Its focus is local towns and community organisations. 101.3fm enthusiastically supports local musicians and is a community news and events network.

Big celebrations are planned there for Sunday 23 June this year. A free concert, community information stalls, the Lions Food Truck, the Lions Miniature Train and more. 101.3fm relies entirely on community support from members, sponsors and donors to continue to broadcast the wide range of music and local community info.

This small, not-for-profit community station is fully staffed by volunteers and really growing. Voice of the Avon currently provides over 90 hours of live, local programs every week for the Central Wheatbelt and Avon Valley.

Three current presenters come from Beverley Shire as part of the 17-strong broadcast team from towns including Grass Valley, Northam, Kauring, York and Merredin. Training is more comprehensive now days and delivered by one of the two very experienced retired radio professionals who are station members

Not all of the 101.3fm members are presenters. Great volunteers maintain the gardens, arrange technical developments, plus building repairs and maintenance. And there are also non-broadcasting committee members who are essential to the organisation.

Originally on the AM band, the station now broadcasts FM, and also live-streams as "101.3fm Voice of the Avon". The name now more accurately reflects the far wider range of the community it now serves but the official call sign remains 6YCR.

All FM radio signals can be heard if listeners are within "line of sight" of the radio mast. 101.3FM's antenna is on Mt Bakewell and programs can be heard in locations from Wongan to Pingelly; from western Merredin to eastern edges of Mundaring; and from Toodyay to Quairading.

The radio station 101.3fm is still growing and supporting the Central Wheatbelt and Avon Valley. Everyone is warmly invited to the free Open Day Celebrations 23 June from 10.00am at 26 Barker St York.

# Beverley GARDEN AND TREE SOCIETY

The May meeting was held at the Dead Finish Museum and was attended by 17 members. The main discussions involved the Garden Club display at the Beverley Ag Show and pre planning for the Rose Show. After the meeting we visited two local gardens. Both were quite new and very different in design and scale. The weather was kind to us and it was a most enjoyable day.

The next meeting will be held on Tuesday 04 June and will be a trip to York to view two gardens and a talk by Sue Deadman on growing and showing roses. We will meet at the Dead Finish at 9.30am to car pool to York. Those who wish to may lunch in York.

It is now the beginning of winter and time to make sure your plants, gardens and lawn are ready for the colder temperatures on the horizon.

## Shrubs, Trees & Climbers

- ☑ Trim trees and shrubs to allow sunlight to reach plants and lawn below
- ☑ Plant bare-rooted shrubs and trees
- ☑ For smaller gardens, the deciduous crab-apple and crepe myrtle trees can be planted now
- ☑ Add a layer of straw around the base of newly planted roses to protect the young stems against the cold.

## Bulbs, Perennials & Annuals

- ☑ Plant liliium bulbs as directed and hippeastrum bulbs with the top of the bulb protruding from the soil
- ☑ Divide out daylilies and spread to other parts of the garden
- ☑ Prune back asangua camellias once the flowering has finished.

## Tubs & Containers

- ☑ Reduce the amount of water given to any indoor potted plants and move them away from heaters. Occasionally mist with water to maintain their humidity.

## Lawns & Hedges

- ☑ It is now probably too late for fertilising your lawn or any plants that will go dormant over winter. Most plants are slowing down during winter and fertilising will just leach into the soil, wasting your budget and may pollute our fragile nature.
- ☑ Treat any weeds and pests to stop them from taking over during the colder weather
- ☑ Gather any fallen leaves and debris to allow sunlight to penetrate and to avoid disease caused by rotting vegetation

## Top tip

June is the month to make your citrus tree selections and get them planted. Talk to your local nursery or gardener for expert advice on the best varieties to suit your needs and your specific location.

## **SCAM REPORT – the following extract was taken from the Scamwatch website:-**

### **Vulnerable consumers lose record amount to scammers**

Australians who are older, Indigenous or have disability reported record losses in 2018 according to the ACCC's annual [Targeting Scams report](#) released this week.

Australians aged over 65 submitted over 26,400 reports to Scamwatch in 2018, with losses of over \$21.4 million. This represents an increase of five per cent in reports but 22 per cent in losses.

"Scammers will scour dating sites and social media for older Australians who have recently divorced or lost a long term partner, taking advantage of those who are inexperienced with these sites and may be in a vulnerable emotional state," ACCC Deputy Chair Delia Rickard said.

"Investment scams are the most financially harmful because the scammers invest time and money into convincing sales pitches, flashy websites and even glossy brochures."

Older Australians looking to grow their nest eggs but who instead get caught up in investment scams reported losses of \$7.6 million, and those misled through fake relationships reported losses of \$5.8 million to dating and romance scams.

"Scammers will start with a cold call to their victim promising low risk investments for high returns. They may spend months grooming their victims and once a victim invests, they're quickly convinced to put more and more money in. As soon as the victim tries to cash in on their investment, the scammer quickly disappears," Ms Rickard said.

Scamwatch received over 7800 reports from people with disability or who identified themselves as having a chronic illness with over \$8.7 million in losses. These Australians also reported higher losses per report to investment scams and dating and romance scams when compared with those that did not identify as having a disability or chronic illness.

Indigenous Australians also reported record losses in 2018. Scamwatch received 2434 scam reports from Indigenous people with losses exceeding \$3 million – a 79 per cent increase compared to 2017. Investment scams were the most financially harmful with \$1.1 million reported lost.

"The ACCC is committed to continuing our education and awareness efforts including our Indigenous outreach work and distribution of our Little Black Book of Scams. As vulnerable consumers can be difficult to reach through traditional channels we also encourage the wider community to assist in warning these consumers about scams." Ms Rickard said.

The ACCC encourages people to visit [www.scamwatch.gov.au](http://www.scamwatch.gov.au) to report scams so we can warn others about them and learn more about what to do if they're targeted by scams.

They can also follow [@scamwatch\\_gov](https://twitter.com/scamwatch_gov) on Twitter and subscribe to [Scamwatch radar alerts](#) to keep up to date with advice for avoiding the latest scams affecting the community.

### **MOTOR VEHICLE THEFT**

There have been a series of motor vehicle thefts in the Wheatbelt recently so here are some points to ponder; with common sense and a few basic precautions, you can make car thieves' lives just a little bit harder.

You would think the safest place for your car would be at home, right? If it's locked up tight in the garage this may be the case, but if it's out on the street (or even in your driveway), think again.

According to recent figures by the Australian Bureau of Statistics, 58% of all car thefts occur either at the home or while your car is parked at someone else's house. And if personal items are going to be

---

stolen out of your vehicle, that's more likely to happen at your home as well (63% of all thefts from vehicles occur at the owner's home).

Over the past 20 years, Australia has featured on several official lists of 'worst countries in the world for police-recorded car thefts' but at least for the moment, we've managed to slip out of the top ten (currently, the top 5 nations for car theft are (1) USA, (2) UK, (3) France, (4) Italy and (5) Canada. But there is certainly no room for complacency, because car theft is here to stay.

Do your research on the most effective methods of car theft prevention and then make the choices you feel are right for you. If you've got a garage, keep your car there when you're at home.

How to protect yourself from car theft:-

1. Never leave valuables in plain view in an unattended car – it's an open invitation to thieves.
2. There are a number of things you can do to reduce the risk of your car being stolen.
3. When you leave your vehicle, close all the windows, lock the car and take the keys with you.
4. Never leave valuables in plain view in an unattended car – it's an open invitation to thieves.
5. Park your car in well-lit areas whenever possible.
6. Turn your wheels toward the curb to make it harder for your car to be towed by a thief.
7. If you're parked in your own garage, lock the car (and close the windows) and lock up the garage
8. Make sure garage windows are secured too.
9. If your car has an alarm or other theft prevention device, make sure you use it – even at home.
10. You may want to use more than one anti-theft device for even more protection.

If circumstances require leaving your car unattended for an extended period of time, consider disabling it by removing the rotor, distributor, electronic ignition fuse or other crucial part (but make sure you know what you're doing!).

Don't think that just because you drive an old car, you're somehow immune from theft. In fact, older cars are often easier for thieves to steal because they lack immobilisers. However, they can still be profitable when sold for parts. And speaking of parts, it doesn't hurt to engrave major parts and pricey accessories with a personal ID number or VIN. You can even have the VIN etched on your windows.

Several anti-theft options are available. Steering wheel locks, ignition kill switches, floorboard locks (that disable the floor pedals), gearshift locks (that prevent shifting of the transmission) and wheel locks all deter would-be thieves. Vehicle tracking devices are becoming more popular these days. These can be activated when your car is stolen to aid police in quickly tracking its location.

You can also buy locks that prevent criminals from accessing your steering column or raising your car's bonnet. Vehicle tracking devices are becoming more popular these days too, and can be activated when your car is stolen to aid police in quickly tracking its location.

### **Which car models are more likely to be stolen?**

One thing you might not appreciate about Australian car thieves is just how loyal they are to our own home-grown brands. Year after year, Holden Commodores make the list of Top 5 Stolen Cars in Australia – often more than once, depending on the model.

### **CRIME STOPPERS**

You could play an important role in helping to make Beverley a safer place by making a report on any knowledge you have of criminal activity or suspicious behaviour.

It's up to you whether you'd prefer to use our [online report form](#) or toll-free telephone hotline (1800 333 000). Aside from the personal satisfaction of knowing you've done the right thing, you may also be eligible for a reward of up to \$1,000 from Crime Stoppers WA if your information leads to an arrest.

**A BIG THANK YOU TO THE BEVERLEY COMMUNITY**

An astounding \$1,180.65 was raised at the 'Australia's Biggest Morning Tea', all proceeds from the event go to the Cancer Foundation of WA.

The morning tea was hosted by the Beverley Health Services and the Beverley District High School on Friday 10 May, with a performance by the local school choir, small stall, raffles as well as the annual school cross country.

Congratulations to Lesley Heal winner of the rug and also Ev McLean who won the Hat and Ballet Shoes.

Congratulations to Darci Miller a local Beverley resident that has been committed to working with the youth of WA. She was nominated by Mentally Healthy WA, Act-Belong-Commit for the Seven News Young Achievers Awards 2019.

Darci was thrilled to be recognised and nominated for the award. She has previously been a Rural Ambassador for Beverley and she was named as Western Australian National Youth Week Ambassador 2017.

Her passion continues as she works with youth throughout WA, she was recently involved in the HBF run for a reason to help fund a Youth Connectors program that she ran in Newman. Well Done Darci.

Please ensure that you provide a **minimum of 4 weeks' notice of an upcoming event**. This allows appropriate time to check volunteer availability to attend your event.

**Community Defibrillators – Maintenance Fundraiser**

The Beverley Community is extremely fortunate with the number of defibrillators available within our town. There is upkeep and maintenance required on these machines in particular battery replacements. We are currently doing a fundraising drive asking for donations to put towards the defibrillator maintenance. Donation tins are available at the Chemist, Post Office and Beverley Country Kitchen.

# Beverley District High School

## Independent Public School

*Successful, Supportive, Sustainable*

For more information about the school, visit our website and Facebook page!

### FACTION CROSS COUNTRY

All students from Pre Primary to Year 10 participated in the Faction Cross Country on Friday 10<sup>th</sup> May. It was a beautiful day for a cross country run and all of our students participated in great spirits.

We are very thankful to all of our parent volunteers who help make this carnival a great success for our students! A BIG THANK YOU to all parents who helped and/or supported on the day!

We would also like to acknowledge and thank the **Beverley Shire** for their support of these events and for providing such a fantastic and well-kept oval and amenities for us to use.

### Kindy Enrolments for 2020

2020 Kindergarten students have birth dates between 1.7.2015 and 30.6.2016.

Please collect an enrolment form from the front office during the hours of 8.30am – 3.15pm or ask us to email one to you.

All completed forms are required back to the school by **Friday 5<sup>th</sup> July, 2019.**

### AUSTRALIA'S BIGGEST MORNING TEA

We would like to thank **Mrs Gay Vandenberg** (Beverley DHS Education Assistant) and **Mrs Sandy Woods and their band of helpers** from the Beverley Health Service who run the Australia's Biggest Morning Tea at our Faction Cross Country every year to raise funds toward cancer research.

Thanks to all who donated yummy baked goods for the morning tea and to the ladies from the Beverley Health Service who donated and ran the beautiful craft stalls.

The 2019 Beverley Australia's Biggest Morning Tea raised a total of \$1158! What an amazing effort for our little community!

## Mother's Day Celebrations

Mothers Day is always a special treat in Kindy and Pre Primary for our Mums, Nanans and significant others! This year was a sea of nail polish and hand massages as well as some craft activities, dress-ups, puzzles, snuggling up with a storybook and bead making!

### WHAT MORE COULD A MUM WISH FOR!!

The Kindy mums were treated to cupcake decorating, painting, bead bracelet making and hand painting! So much fun!

### NATIONAL SIMULTANEOUS STORYTIME

Every year we celebrate National Simultaneous Storytime at BDHS. Our wonderful Mrs Sims and Carly Sims shared the book 'Alpacas with Maracas' by Matt Cosgrove with our students and Beverley Playgroup children. **A HUGE thank you to the AMAZING Sims Duo (Jo and Carly) for their wonderful preparation and enthusiasm in reading and role playing, that made this NSS a memorable event for our students!**

## Station Gallery & Platform Theatre News

The Station garden is available for public use at any time; just open the gates and enjoy!

### Platform Theatre

The final event for the season was *The Big HOO HAA!* and so now is the time we reassess this past year with the help of the recent Focus Groups and the surveys that 186 people completed - which is a fantastic percentage of the community. These results are currently being collated and we hope to put forward the next season of events that will cover most people's tastes.

Thankyou to all those who attended the Focus Groups and completed the surveys. The prize of \$500 CROWN VOUCHER was drawn by Bob Harlow Phd from USA who develops market research programs and was a keynote speaker at the CircuitWest Showcase (WA's annual performing arts conference in May). The lucky winner of the prize was Courtney Taylor of Beverley. Congratulations Courtney!

Sarah Miller and Jenny Broun attended the week-long conference courtesy of CircuitWest - always on the lookout for new ideas!

Picture (left) is of Sam Lynch, Bob Harlow and Jenny Broun in the CircuitWest offices in Perth following the draw of the \$500 Crown Voucher prize.

Sarah Miller with Monique Boucher from Country Arts WA on a tour of His Majesty's Theatre during WA Showcase week

Dr Shona Erskine is a psychologist who was contracted by CircuitWest as a consultant for performing arts centres by running workshops to ensure creative practice is alive and well in creative organisations. Beverley Station Arts opted to have Shona help us uncover and explore the values we are guided by in our organisation in order to develop a repertoire for talking about important issues. It was an intense day but with a positive outcome towards goal setting.

## Artist-in-Residence

It's with some sadness that we say goodbye to John Kaye and his partner Anne. John has been Artist-in-

Residence for the months of April and May, was involved in the Easter art Exhibition, both at the Town Hall and the Station Gallery during Easter. He sold his two works that he exhibited at Easter to the Steve and Geena at the Freemason's Tavern as well as being commissioned to paint an historical picture of the old hotel so one could say he has left his mark on the town. His painting days were also enjoyed by those who attended. Picture (left) of John Kaye taking a coffee break.

And so now we welcome two artists from the Eastern States - Catherine Fitz-Gerald and Ursula Kiessling who held an exhibition for the Adelaide Fringe '2019 Water Ways'. Catherine approached me via Honey Pot at Adelaide Fringe hoping for a residency placement in the west. Both she and Ursula come highly qualified:

**Ursula Kiessling** has painted all her life, and exhibited many times in her native Germany before immigrating to Australia in 1983 with husband, three children and parents. She began slowly to take in this new and beautiful country and her first

solo exhibition in 1990 in the Adelaide Botanic Gardens was a sell-out.

She has continued to successfully show her work in many galleries throughout Australia, including the Australian Naïve and North Shore Galleries in Sydney and White Patch Gallery in Brisbane.

Travelling and camping throughout the outback has proved a constant source of inspiration. Her sophisticated, lyrical, naïve artworks have been accepted into the Waterhouse Natural History Prize six times, as well as being a multiple finalist at the Heysen Prize and the Whyalla Art Prize.

Last year, Ursula and friends fitted out an old school bus to be a rolling art gallery and during the Fringe they took it all over South Australia - with much acclaim from the public - during SALA it was stationed at Victoria Square in the city of Adelaide.

In 2018 her work returned to Europe as one of thirty invited artists showcasing Australian Naïve Art at the renowned international Art Naïf Festival in Katowice, Poland.

**Catherine Fitz-Gerald's** art explores the different ways light and colour reveal form and expose the essence of a subject through the prism of experience, memory and time. Her work investigates emerging science on how light, colour and place can affect our brains beyond regular colour vision through non image forming pathways. Spending time in 'blue space' is proven to improve creative decision making and change our brainwaves significantly.

Transparency, opacity, tone and colour are used to form shape and depth. Images are built out of simple elements, focusing on creating a rhythmic dynamic between colour intensity and retreating or advancing hues. The abstraction that results from this process does not intend to dispense with a recognisable subject, but to create works which explore slices of light and colour while still bearing a relationship to the original object.

## WORKSHOPS

Catherine and Ursula understand that sometimes numbers are difficult to determine and are happy for the whole thing to be as casual and useful as our community would like.

Here are some options being offered by them:

- 1) Are you stuck on a personal project and want some help? Join us for a painting session and bring your work for constructive suggestions. Free
- 2) Lyrical realism with a naïve twist. Join Ursula Kiessling in exploring a new way to look at the world. Acrylics (A small fee would need to be charged to cover materials)
- 3) Have you always wanted to explore colour and oil painting? Oils with palette knife or brush. (A small fee would need to be charged to cover materials)
- 4) Rainsticks - an exploration with found materials for children. (Maybe a small fee, could be free if children brought some items to be recycled from home)

5) Planning to study art in Year 12? Come and see us for a chat, or join us for an informal painting session. We don't bite!

Please keep an eye on the weekly Bulletin for further information regarding residencies, workshops or any changes to schedule - or contact Artist in Residence Coordinator Marylou on 96471027 / 0427085511 or email: [hutchinson@wn.com.au](mailto:hutchinson@wn.com.au)

June: Ursula Kiessling and Catherine Fitz-Gerald (Adelaide)

July: Jan Pittman

September 10-23: Verena Marmion (Perth)

September 24-8 October: Trish Davis (Perth)

October 13-1 November: Lyn Nixon (Perth)

### **Beverley Station Singers**

The singers met on Wednesday 15 May in the Station Greenroom to practice old and learn new songs in readiness for the songfests during the six months ahead, as well as a performance at the Royal Perth Golf Club in aid of cancer research. The next practice session will be Wednesday 05 June.

Kelly directs the group on a monthly basis at \$50 per session, or \$105 for 3 months. Anyone interested in joining the singing group contact Tracey Fleay 0409 481 029 / [traceyfleay67@gmail.com](mailto:traceyfleay67@gmail.com)

### **Beverley Amateur Dramatics (BAD)**

Following the huge success of their first show, the BAD group has decided to try and put on another in July (in the Town Hall of course!). They are also looking for someone who may be interested in being a director and working with Bruce Denny on this next performance. If anyone knows who might be interested please let Britt Hadlow know by email [britt.hadlow47@hotmail.com](mailto:britt.hadlow47@hotmail.com)

### **Volunteer Thank You**

Sarah Miller for the mammoth job coordinating the market research project.

### **Beverley Station Arts Membership**

Being a member will give you discounted rates for all events plus free entry to the Easter Art Exhibition Opening Night. The cost is \$30 for the first year and there after \$25 per annum. Your support will assist us in maintaining the venue and to continue presenting a variety of entertainment for your enjoyment. We look forward to seeing you at the events we have planned for this season.

To become a member of Beverley Station Arts Inc (Friend of the Station) please contact our treasurer Pauline Knight 96460946 for a Membership Application form and payment. Membership forms can also be downloaded from [www.beverleywa.com](http://www.beverleywa.com) (NB cheques to be made payable to Beverley Station Arts) and send to PO Box 112, Beverley 6304.

## **BEE HOTELS WORKSHOP**

What a fantastic event with Naturopath Tracy from Green Tree Naturopathy. The small group gained valuable knowledge on making their home gardens more bee friendly as well as hints and tips in conserving native bees habitats and encouraging bees into your garden. The CRC team will be demonstrating their new skills to the lodge residents, Tree and Garden Club and the school.

## **NATIONAL VOLUNTEERS WEEK 2019**

**Sponsored by Volunteering WA & Lotterywest**

We successfully attained funding to formally thank our group of over 65 people that support and assist our local CRC and our Visitor Centre volunteers. Volunteers are vital to our centre. We are run by a committee, volunteers assist us to run events such as the Beverley Triathlon. Our Visitor Centre volunteers open on weekends as well, we have spent time and money in upskilling these individuals. They have all been trained in customer service, operational procedures of the Visitor Centre, gone on bus tours and town walks. Investing in individuals skills to increase the economy of our community.

## **Truck Driver Training**

Busselton Advanced Driver Training will be here from 29 July-02 August to offer training and assessment for HR and MC licences. They have minimum numbers required for each class, so call or email the CRC to register your interest asap.

## *Bush Reserve Busy Bee*

**Avondale Farm**  
**550 Waterhatch Road, Beverley**

**9.30AM – 4.00PM**  
**Saturday 22nd & Sunday 23rd June**

*Join us in the ongoing care of Avondale Farm and participate in bush management, clearing and native planting activities.*

The National Trust, in partnership with the Shire of Beverley have implemented measures to improve the quality of the bush and to enhance education and tourism programs.

Volunteers are needed to help with the bush management program and garden bed planting over these two days.

If you are interested in joining us please register your interest and availability to:

National Trust of Western Australia  
(08) 9321 6088  
rsvp@ntwa.com.au

Lunch will be provided with light refreshments during the day. Accommodation options are available, contact the National Trust for further details

## **ACTIVITIES AT AVONDALE FARM**

Lotterywest has funded a project to upgrade signage and produce an information brochure for visitors. Over the years, the site has become populated with signs from a variety of eras. Many are out of date, faded and are in a variety of formats and designs. This project gives the site a much fresher more unified look and includes wayfinding signs so people can navigate the site. Signage with information about the history and use of key buildings as well as important or interesting spots around the site and along the drive trail will be installed. The walk trail in the bush reserve will reopen and there will be trail markers and information signs along its route.

The Trust has worked with Traditional Owners to help identify and name plants and places in the local *Ballardong* language which will be included on the signs and in the brochure.

Royalties for Regions funding has enabled an upgrade of three houses at Avondale Farm which will soon be available for short stay accommodation. This will improve the attraction of Avondale for holiday makers and groups who are coming up for a holiday or to participate in activities in the area or at Avondale itself. We are still working on the logistics of booking, cleaning and furnishing and there is work to do in the garden, but they should be open for business in the next couple of months.

A community day will be held soon to give everyone a chance to see the works that have been going on. Stay tuned for details.

For those who would like to get their hands dirty and lend a hand, there is a busy bee in the

## Beverley Voluntary Community Services (BVCS)

General information and matters dealt with on community issues.

1. Will and Enduring Power of Attorney (EPA)
  - a. For Wills, the Testators signature can be witnessed by any two independent witnesses
  - b. For EPA, the donor's signature must be witnessed by at least one qualified witness, such as Justice of the Peace, and the second witness can be any independent person. The donee's signature need not be witnessed.**
  - c. Where the donee is the person accepting to act as Attorney (usually when the donor can't manage their own affairs).**
  - d. When in doubt new EPA and Wills, always seek legal advice. In life these are the two most important documents.
  - e. If one has any health impairment that may affect their capacity (medical) to sign legal documents, please seek a medical report from your GP to avoid any doubt as to legal capacity.
  - f. Phoning tax office. They now work on voice ID only. After speaking to ATO, get their reference number.
  - g. When speaking to law firms, insurance and superannuation firms, get names and reference numbers, and email confirmation.
2. Dog Owners. Make yourselves familiar with the dog act as to your rights and responsibilities. In the event that your pet dog is accused of biting a person or another dog, and is accused of being a vicious dog under the dog act, the evidence must be produced. Witness statements and photos must support the accusations. A recent case sited where a pet dog was impounded but the ranger, and would be destroyed on the seventh day. Mal Roberts was made aware of this matter on day six, looking further into this matter. It was revealed that the neighbour had made a complaint that their dog had been bitten by the dog next door. In questioning, it was found that the dog was impounded by another ranger in Northam. Mal Roberts advised the dog owner to contact the pound to release the dog on day six, and the owner was then informed that the dog would be released on the seventh day. After the fine was paid owner of the dog mentioned, said his dog is friendly and did not attack the neighbours dog and has witnesses to prove it. Case is pending.
3. Secretary Michelle Rothwell has resigned due to personal commitments. Former loyal and long standing secretary Sylvia Seddon, who has worked with Mal Roberts as a dedicated supporter for some 28 years, has been on both committees (BCS and BVCS). She has now taken over as secretary and writer for Mal Roberts.
4. It should be understood that our services and main role in the community is to help, support and seek **justice for the needy and not so fortunate in our community. This is irrespective of the person's status.** Our role is not to judge others. For disputes, seek legal advice. When we speak for each other we do so in their presence and with their authority. Especially when we deal with class action lawyers.
5. Justice of the Peace work. Mal Roberts witnesses and identifies/certifies a large number of legal documents. Please note we do not provide legal advice.

Mal Roberts

## Spam Email Analysis

I was fortunate to receive a Spam email recently. Why fortunate!? The email was no threat to me (or anyone else) so I was able to analyse the content and, more importantly, the mail header. A similar email was received by my wife and has been received by several of my clients (both male and female). More recently I received a another similar empty threat but with very bad English.

**What is the mail header?** Every email has a header that has detailed information showing where it has come from and is going to, where it has been forwarded on the way, plus security information about the email. This header either is not accessible or difficult to access on phones, tablets and online mail services. However, it is available if you are using Microsoft Outlook or other sophisticated mail programs on your PC.

**What's the threat?** None! The email shows that it has been sent from your own personal email address to yourself - which is not true. Based on this the criminal claims that they:

1. Have full access to your email account
2. Have infected you with a Remote Administration Tool, a few months back when you visited an infected website
3. Have since then has been observing your actions.
4. Have full access to your system and see everything you do
5. Can turn on camera and microphone without you noticing
6. Have made a video showing both you (through your webcam) and the video you were watching (on the screen)
7. Can access your contacts, to send the video to your contacts.
8. Will send the video unless you pay \$900 in Bitcoins, in 8 days.
9. Will know you have paid and delete the video

None of the above is true, as I will explain below.

**How do I know it is spam and not true?** I can see this based on the headers and my knowledge of PCs:

1. They have sent the spam email to my email server using my email address as the sender. To do this It is not necessary for the criminal to access my email account.
2. Often people will find a Remote Administration Tool (RAT) on their PC but I have tight security and I know there is no RAT

## Windows 10 Update Released

The May 2019 Windows 10 update has been released. It will update directly from both Versions 1803 and 1809

- on my PC. I am also cautious about sites that I visit.
3. Not possible to observe my actions without the RAT!
  4. Not possible to have full access without the RAT!
  5. My camera and microphone are permanently disabled which cannot be changed without my authority. I use a phone or tablet for video/voice communication – not my PC.
  6. No Video can be recorded without a camera, microphone and remote control – none of this is available
  7. Not possible to access contacts without the RAT!
  8. Using the payment method defined in the spam email the criminal would not know who sent the payment
  9. Without the payment knowledge or the RAT, the criminal would not know which of the "clients" has paid or not.

The only RAT is the criminal sending the email! - and none of my contacts have received a video!!!

**How does this work?** The criminal carefully crafts an email that will pass the email spam tests, buys a bunch of email addresses (thousands) and sends out an automated email to each one, probably spaced out to avoid having them marked as spam – then waits for the money to roll in from frightened punters.

This scam is a fairly safe and lucrative criminal occupation with very little effort and risk. To go through the process described in the email is risky and requires a lot of effort and knowledge to break through the security on PCs.

**How does the email pass the scam tests on the email server?** The email server uses several tests to determine whether each email is spam or not, then gives a score. This carefully crafted email scored 4.7 out of 5 therefore passed the test.

**How do I avoid this and similar scams?**

- Never respond to scams
- Have good virus protection on your PC
- Scan regularly for viruses on your PC.
- Avoid potentially dangerous sites

## Warrior Wellbeing Article Situational Distress What is it?

For our small team of community educators working in the field of men's health and wellbeing, we are always challenged on what is classified as a mental illness. We realize there is a small percentage of the population who have a genetic mental illness predisposition. *Situational Distress* however describes a stage in our mental health and wellbeing that gives us permission to be in a space between being well and being diagnosed with a mental illness. The adoption of this language resonates with blokes and community and fosters change to take personal responsibility for our own wellbeing and health.

Our Mental Health and Wellbeing Gauge (below) shows the space (amber) that there is between being well and a mental illness diagnosis. This is a very important space, because quite often the system wants to shift us from being well straight to a mental illness diagnosis. As individuals we are born with a random capacity to handle things thrown at us in life, these situational factors can come from many places i.e. relationships, financial worries, traumatic events, physical health, pressures of what we do etc. We know that our mental health and wellbeing is a continuum and the gauge can trip from being well (green) to situational distress (amber) and to a mental illness diagnosis and back.

### Our Mental Health and Wellbeing Gauge™

© WMH (Inc.) 2017

## Warrior Wellbeing Article Situational Distress What is it?

Continued.....

We say all of us will spend some time in the amber through our life (daily, yearly etc) but very few of us will end up in the red zone. The only way we get to the red zone is by being born with a mental illness (a very small percentage of the population) and/or spending too much time in the amber area (this will vary for all of us based on our individual capacity).

We must allow people to have a normal reaction to an adverse/abnormal life event (situational distress). If we recognize and acknowledge the issues causing distress and take steps to address the problems, we will then be able to back up out of the amber zone and back into the green zone.

We focus on the slogan *...before it all gets too much*— Talk to a Mate. If mates and family members don't ask, it is difficult, even impossible, to ascertain that someone is struggling. Additionally, if issues are left unresolved (too much time is spent in the amber zone) a mental illness diagnosis and/or suicidal thinking can occur.

## LAST CHANCE to have your say about growing older in your community

WA Country Health Service is seeking views from those who are living in or have a strong connection to Beverley. Respondents should be 65 years of age and over OR 50 years of age and over and identify as Aboriginal or Torres Strait Islander.

The 2019 *Growing older in your community* survey asks about your views of growing older and ageing in your community. The survey will help us understand the barriers and opportunities for you to 'age in place' within your community.

Options to complete the ***Growing older in your community*** survey:

- Give us a call on 08 6389 4500 to register your interest in the survey and one of our friendly staff members will call you back to complete the survey by telephone; or
- complete online survey at [www.ruralhealthwest.com.au](http://www.ruralhealthwest.com.au); or
- visit your **Community Resource Centre, library, shire office** or **local community groups** for a paper version of the survey.

## We would like to hear your views about ageing in your community.

Rural Health West, in conjunction with the WA Country Health Service, is running a survey asking residents of Beverley about ageing in your community.

We know most people want to stay living in the community they know best, close to family and friends. Over the past few years, the WA Country Health Service has invested in a range of projects across the Wheatbelt and Midwest aimed at improving the ability of people to remain living in their community as they age.

You might recognise the survey because we also asked for your views in mid to late 2017. This new survey is similar, but aims to see whether things have improved, worsened or stayed the same since that time.

If you didn't take part in 2017 – we'd still love to hear from you! Your views and feedback are incredibly valuable and they help us learn more about ageing in rural communities and how we can plan to better support local communities.

You may have seen this survey around town. Why not boil the kettle and let us know what you think? It would be great to hear your thoughts.

The survey is open to people aged 65 and over living in Beverley, Boddington, Cunderdin, Kojonup, Manjimup, Mingenew, Mullewa, Northampton and Wagin. If you are an Aboriginal person aged over 50, we would also like to hear from you.

The survey is also open to those who feel they have close ties to these communities, but may not live within that Shire.

You can give us a call on 08 6389 4500 to request a copy or go through the survey over the phone.

Copies of the survey have also been left at the Community Resource Centre and Shire office. Alternatively, it can be completed online. This survey is open until 30 June 2019.

# Beverley LADIES GOLF

Firstly, a big thank you to everyone who supported our stall on Easter Saturday. It was a huge success. A big thank you to our men who organized a trailer load of wood for us to raffle. Congratulations to Narelle Bailey who won the trailer load of wood. Many thanks to all members (ladies and men) who contributed to the success of our stall. We have raised much needed monies to help us host Avon Valley in 2020. Thanks to our ever reliable "boss", Yvonne Hobbs, who organized us all and handled all the hard work behind the scenes. The golf ladies would like to thank Alan Hammond for sweeping our greens for our Wednesday competitions. The greens are great!!!!

# Beverley LADIES GOLF

Our golf coaching with Rob Farley commenced on Friday 03 May and 13 ladies and men participated. Rob went through the basics of golf with everyone including how to hold the golf club and the "students" then went off and hit quiet a few balls down the very dry fairway. Everyone enjoyed the coaching. Below are some photos of our golfers in action.

We had another coaching lesson on Friday 10 April and this time we had 14 people participating. Rob went through the basics again, but he also showed us how to chip correctly which a few of us golfers really needed help with. Thanks Rob!!!

Next two coaching sessions with Rob Farley are on Friday 07 June and Friday 21 June commencing at 10.00am. We are very lucky that we could take advantage of this golf coaching for only \$10 per two hours. If you wanted this same coaching with the same coach for 2 hours in Perth, it would set you back \$220, but you would have your own individual coaching.

If you are interested in having private sessions with Rob Farley, he can be contacted at the Marangaroo Golf Club, <https://www.marangarogolf.com.au/guests/mar/shop/lessons.mhtml>

Twenty one players vied for the **Diggers Cup** event that was held on 25 April. Conditions were perfect for golf and good scores were handed in by many players. Liam Gollan left the rest of the field in his dust as he ran away to win, handing in the fantastic score of 52 Stableford points. Runner-up to him was Mark Bickley who scored 40 points. Other players to post good scores were Ken Bradley (37), Mike Carthew, Alan Hammond, Steve Johnston, Matt McLean (all 36), Glenys Collins (35) and Ed Willis (35). Thanks once again are extended to **Lew Shaw** for his continued sponsorship of the valued Diggers Cup event.

On Saturday 27 April, fifteen members competed in the first qualifying round of the Club Championships. This stroke round was sponsored by **Gavin Sazanov** who donated the **Always Green** trophy. A phenomenal score of 80 Gross – 58 Nett was carded by Mark Bickley to take home the winner's honours. Runner-up was John Donovan who handed in a normally winning score of 84 Gross – 66 Nett. Other players to break nett par were Chris Lawlor (89/67), Ken Bradley (98/70), Steve Johnston (82/71) and Jordan McMillan (88/71).

The **Garden Gnome** trophy, sponsored by **Ron Bickley**, was contested on 04 May. As has been usual for this event, players were again restricted to using only 3 clubs (of their own choosing) during the event. Eight players took on the challenge with Darrell Hagan winning the day scoring 34 Stableford points. Runner-up was Mark Kont with 33 points.

The **Beverley Electrical Services** trophy day on 11 May we saw the re-introduction of the Canadian Foursomes format which had not been played for some years. Fourteen members paired up for the event with the team of Gavin Sazanov and Darrell Hagan taking the win with a score of 85 Gross – 69 Nett. Runners-up were Ken Bradley and Keith Hawkins who scored 93/73. Grateful thanks go to **Karl Smith** for making this event possible.

Saturday 18 May was the day for the **Belhus** trophy, a Four-Ball Better Ball tournament sponsored by **Greg Barrett-Lennard**. Fourteen players competed with the combination of Dale Wansbrough and Jordan McMillan taking out honours with a score of 45 Stableford points. Runners-up were Ken Bradley and Darrell Hagan with 44 points closely followed by Steve Johnston and Ed Willis (43).

The final event for the month on the 25 May saw fourteen players compete in the second qualifying round of the Club Championship. Steve Johnston handed in a card with 79 Gross – 68 Nett to win the day. There were three players in a count-back for the Runner-up prize. Ken Bradley (95/69) ended up taking the honour from Darrell Hagan (78/69) and Mel Vivian (105/69). Mike Carthew (102/71) and Alan Hammond (91/71) also broke nett par. Many thanks are again extended to **John Donovan** for his continuing sponsorship of this event.

## BEVERLEY NETBALL CLUB

On Saturday 11 May the girls season started in the Northam Association with a close game against the Falcons. There was a lot of laughs and only one injury towards the end, with Emma hurting her ankle. She will be out for 4 weeks at the minimum, please heal quickly Emma we need the height. The final score for this game was Falcons 28 defeating Beverley 23.

The following week on Saturday 18 May, we saw the return of some past players. Filling in for those who were sick. Thanks to Megan Vandenberg and Kelly Aaron (nee Jenkins). The last time the girls played together was 11 years ago, when they were in the premiership team for Beverley in the Avon Association. The return also equalled a win for the Beverley team. Final score Beverley 34 defeating Tigers 28.

Our next game is on Saturday 25 May against the Renegades C team, so hopefully everyone is refreshed and ready to go.

By the time this goes to print our Fast 5 competition will have started. Due to the fixture issue, Fast 5 will be starting on May 22. Games start at 7pm sharp and 7.40pm sharp. Names can be sent through Facebook or emailed to: [beverlynetballclub@gmail.com](mailto:beverlynetballclub@gmail.com) Fixtures will be posted on Facebook or talk to one of committee.

## BEVERLEY DISTRICTS

### MOTOR CYCLE CLUB

Over the weekend BDMCC held it's 1st Ulinga Cup of the 2019 season. We had quite a few riders making the decision to camp out at the track on Saturday night which was great to see. The track team worked tirelessly in the water trucks, hauling water to the track, most of Saturday afternoon and into the early evening. I think all riders would agree that the track was in fantastic condition on Sunday for our first club run.

Results for our first points day have been posted on our Facebook page, and it was great to see some new and familiar faces.

Our next ride day is a Go Moto and we are constantly looking for volunteers to help out. If you are able to flag or assist the ladies in the canteen, please let us know as your help would be greatly appreciated. Thanks again to our BDMCC committee members and all the people that pitch in to keep the club going without you we wouldn't have been able to put on such great events. Thanks to Greg and Jodie from GJSL for the photos. Go Moto 3 is on the 08 June and camping is available on Saturday night. Look forward to seeing you there!

## ADULT HORSE RIDERS SOCIAL CLUB

Our group is going really well, with various activities including an Easter ride with a few riders and harness ponies as well. This was held on private property and everyone enjoyed themselves. Thanks to Janet for hosting this day.

On Sunday 19 May we had 5 riders for the lesson and then 10 riders for the trail ride (including a new rider). This was followed by morning tea and a social catch-up. Thank you to all riders for a great day.

Our next get together is on Sunday 16 June and will include an introduction to Bowen demonstration. As usual, there will be a lesson and trail ride also on the day.

We are planning a ride out to Greenhills and a few other venues throughout the year. Below are some photos of the Easter ride. We always welcome new riders to our group!

Happy riding

# BEVERLEY REDBACKS HOCKEY CLUB

**Hockey is back!** It might seem that we only just packed away our hockey gear and picked up tennis racquets or were lazy and slothful over summer. But time and hockey season stops for no woman and here we are back at the beginning of another hockey season in the Avon Hockey Association.

We had a great turn out to the pre-season training and are thrilled to be welcoming a few familiar faces back to the side. We welcome Sierra Wagner travelling from the USA to the team as well as Rebecca Sims, Carly Veitch, Penny Cann and Mary Brogan, who all pulled on the shinnies for our first game of the season after a year or two out. We also enjoyed having Charlotte Murray home from school and Magella Henry fill in!

Of course, the on-field antics are aided by the off-field antics and it was great to have dinner at the Freemasons Tavern following training on ANZAC Day before the season started.

This year we welcome Lisa Mourach as Captain and Carissa Shaw as Vice-Captain to lead our team out on the field. Congrats girls and looking forward to your leadership on the field!

Thank you to Rob de Gruchy, Kelly Mann, Nicola Broun and Dani Whyte who marked out the hockey field on Sunday 28 April.

## April 27 Game 1: Wongan Drifters vs Beverley

A beautiful ~~autumn~~ summer day for hockey! Everyone was thankful for reinforcements with some familiar faces back on the hockey field. Beverley went out hard from the start scoring the first penalty corner, unlucky not to convert. We remained strong, holding our ground against a much fitter and physical team. Special mention goes to Charlotte Murray with some excellent ball skills earning us a short corner and our midfield made up of Nic, Chantelle, Carissa, Sierra and Dani who ran relentlessly throughout the game. Bec had some great saves aided by Marg and Carly in defence and the half backs ran hard all day. Wongan ran out the game

winner 4-Nil however it was a good game and the team held their own in 99% of the game. **Awards sponsored by Beverley Transport, Beverley Electrical, Freemasons Tavern and Waterbrae Pastoral: Nicola Broun and Dani Whyte.** Nicola was pivotal throughout the half back line winning the ball and getting the ball through to the attack. Dani ran hard and played multiple positions holding her ground against a more physical side.

## May 04 Game 2: York Storm vs Beverley

A slightly cooler game this week saw us take on a very classy Storm side. A big occasion with Marg and Carissa celebrating 100 games each for the Redbacks. The team lifted as a whole despite being short a few subs. Bec & Marg had a cracker of a game in defence. The halfback line of Britt, Nicola and Penny kept pressure on Storms forwards ensuring that the ball made it to our forward line and into our attacking D with some good opportunities at goal. We focused on keeping the ball on our stick and putting extra effort into make sure that we had options to move the ball to our advantage. With subs being a bit of an issue with an Eagles home game for Ali and a rather crook Dani, players had to play in positions that were a bit unfamiliar and totally rocked it, especially Carly steaming straight out of fullback to wing!

Big thank you must go to Kelly Mann for running our game day bench! While we totally miss having you out on the field, we remain confident that future generations of Mann's will be lining up for the Redbacks in years to come!! **Awards sponsored by Beverley Transport, Beverley Electrical, Freemasons Tavern and Waterbrae Pastoral: Britt Hadlow and Bec Sims.** Bec spent much of the game under pressure from Storm's attack, making some incredible saves as our last line of defence.

### CONGRAULATIONS MARG MOURACH and CARISSA SHAW

On Saturday May 04 Marg Mourach and Carissa Shaw walked out onto the field to play their 100<sup>th</sup> game for the Beverley Redbacks Hockey Club since it was reformed in 2010. This is a huge achievement, joining Chantelle Meade as the three players who have reached this milestone in the past ten seasons. While we didn't manage a win for the occasion know that we are very proud and congratulate your achievement and dedication to the club!

We would like to thank our wonderful sponsors who without your support our little club would not be the wonderful place that it is: **Avon Trading, Beverley Transport, Beverley Electrical, Beverley Tyre Service, Beverley IGA, Di Smith, Freemasons Tavern Beverley, Inkosi Design, Waterbrae Pastoral, W and K McLean, Beverley Tyre Service, Terraneil – Terry and Sandy Woods & Northam Tavern.**

# Beverley Horse and Pony Club

## Who's been out and about:

- ◆ **C\* Clinic** by the Hills Zone on the 26th April. Tealah Hawke attended this clinic and had a great day challenging herself and her horse, Maggie, in show jumping, horsemastership, dressage and lunging.
- ◆ **Serpentine Show Jumping Day** On the 5th May Emily and Jesscia Maxwell attended and both placed in their separate events, Emily 4th in the 60cm and Jessica 2nd in the 70cm.
- ◆ **Wallangarra ODE:** Jessamin Pain also was out on the same day competing and placed 9th.
- ◆ **Avon Zone PPMG and Novelties Runoffs** The day started with the Prince Phillip Mounted Games (PPMG) in the morning and saw 8 teams (each team is a group of five riders) travel from Muchea, Goomalling, Wooroloo and Northam to race against each other at Beverley! Bethany Blanch riding Rosie, Jessica Maxwell riding Eddie, Carly Ballantyne riding Jazzy, Emily Maxwell riding Peppermint and Mac riding Jack; made up our Junior Team, guided by their coach, Jessamin Pain. They placed 4th. Two of our older riders, Tealah riding Primrose and Eliza riding Amy, competed in a composite team with Wooroloo and placed 3rd. The afternoon saw all riders then compete individually in the Novelties, which are 6 different games that they rotate through and the fastest time wins. Thank you all our members who helped set up, run and pack up all the equipment, especially as it was Mother's Day - Happy Mother's Day to all the horsey mums!

**April Rally:** Was a beautiful day that got quite warm in the afternoon. I was so impressed with how all our members arrived early, set up the flat work arena, jumping pattern and games equipment ready for a busy day. All riders were ready for gear check promptly at 8:30am - very proud of everyone! This year our club has enough riders to make a Beverley Junior PPMG team (woo hoo!!!). They competed for the first time at the Avon Zone PPMG and Novelties Runoffs. Welcome to our newest members, Angus and Stella McLean riding Crystal and their parents, Scott and Kate McLean.
