SHIRE OF BEVERLEY PRESIDENT REPORT - JULY 2019

Youth Activity Space

Following a review of potential locations for a Youth Activity Space in the town site and community consultation during April and May regarding development of the proposed facility, feedback was sought from all who may be affected by its installation at locations identified as suitable. The Youth Precinct Working Group subsequently made a recommendation to Council for the Vincent Street location to be used. The Working Group has been supported by Skate Sculpture who was engaged by Council to assist with development and implementation of the project. The next community engagement to discuss layout and elements for inclusion will be held on-site Saturday 06 July from 8.30am – 11.30am as a drop in presentation for people to come and go at their convenience. Advertising included elsewhere.

Councillor Information Sessions

Thursday 25 July 2019

Local Government elections are held every two years with the next elections on Saturday 19 October 2019. There are four Shire of Beverley Councillor terms expiring this year, including my own which I will not be renominating for. The Shire will be holding two information sessions at the Administration Centre on Thursday 25 July from 2.30pm - 4.00pm or the evening session held at 6.00pm - 7.30pm for potential candidates seeking more information. Councillors and Staff will also be available at the Beverley Agricultural Show.

Outside Works

Gravel re-sheeting on sections of Dale Bin North Road and Kokendin Road has been completed and work on a 2 km section of Yenyening Lake road has commenced weather permitting. The 2km section of Morbinning road near Athol road was sealed at the end of May. Various bridges around the shire have been inspected and treated for any termite infestations. The old footpath from Bartram Street to the Vincent Street bridge has been replaced. The annual verge collection required almost 3 days to clear the rubbish and green waste.

Vincent St- Streetscape Project

Work continues to prepare information, identify costings and seek support toward the Vincent Street urban design proposal in preparation for funding applications for the project. Most recently this has included a cost benefit analysis, appointing consultants for underground power design, seeking local business support and meeting with RDA Wheatbelt.

Town Hall Stage Curtains

Council has supported an upgrade of the Town Hall Stage Curtains. Following a site inspection and measure of the existing curtains, replacement of the tracking system has also been recommended.

Shire Stand at Beverley Agricultural Show- Saturday 24 August 2019

The Shire will have a marquee at this year's Agricultural Show with an array of information including the forthcoming local government elections and various projects in the planning. Councillors and Staff will be in attendance throughout the day and look forward to you popping in for a chat and to view what's on display.

Shire Office Renovations

Renovation in the Shire Administration Building has recently been completed. A ceiling installed in the front admin area is already improving efficiency of heating and cooling compared to the prior vaulted ceiling space. The former library now contains a larger office for the Shire Planner, an office for the Shire President, and a small conference/meeting area which I'm sure will be particularly appreciated by those seeking planning and building assistance from staff in a less public location than the front counter.

Road Safety Council Survey

The Road Safety Council has launched the "Imagine Zero Consultation Paper" to seek feedback from Western Australians about the direction road safety will take beyond 2020. Visit the website imaginezero.rsc.wa.gov.au for more information and to have your say.

Vale Bob Hutchinson

Beverley resident and former Beverley Shire President Bob Hutchinson recently passed away. Bob was Shire President 1990 – 1995 during his 12 year term as a Shire Councillor 1983 – 1995.

SHIRE OF BEVERLEY

OMNIBUS REVIEW OF LOCAL PLANNING POLICIES

Pursuant to Clause 4(1)(a), Clause 5 & Clause 6 of Schedule 2, Part 2, Division 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, notice is hereby given of Council's intention to review and/or revoke a number of Local Planning Policies (Policies).

The objective of the review is to update and align Policies with the recently Gazetted Shire of Beverley Local Planning Scheme No. 3 (LPS 3), and to revoke Policies considered to not align with LPS 3 and/or State Policies, as per table below:

| POLICY NAME | PROPOSED ACTION | COMMENT |
|---|------------------------|---|
| Street Trees & Streetscapes | Review and update | Revision to align with LPS 3 |
| Car Parking Requirements | Review and update | Revision to align with LPS 3 |
| Farming Zone Subdivision | Revoke entirely | Considered to not align with Shire of Beverley Local Planning Strategy, LPS 3 and WAPC <i>Development Control Policy 3.4 – Subdivision of Rural Land</i> |
| Development of Industrial Zoned Land | Review and update | Revision to align with LPS 3 |
| Building while residing on a block | Revoke entirely | Consideration to camp temporarily is governed by the <i>Caravan Park and Camping Grounds Act 1995</i> and <i>Regulations 1997</i> . The policy in its current format is considered to potentially create unnecessary expectations with applicants and can create undesirable precedents for the Shire, apart from creating potentially problematic compliance enforcement challenges. |
| Outbuilding Policy | Review and update | Revision to align with LPS 3 |
| Relocated Second-Hand Dwellings & Repurposed Dwellings | Review and update | Revision to align with LPS 3 |
| Town Planning Fees | Review and update | Revision to align with LPS 3 |
| Tree Crops | Review and update | Revision to align with LPS 3 |
| Patios and Carports | Revoke entirely | Already addressed as development not requiring development approval in Clause 61 of Schedule 2, Part 7, <i>Deemed Provisions of the Planning and Development (Local Planning Schemes) Regulations 2015</i> . |
| Anglo Estate Policy – Mount Kokeby | Review and update | Revision to align with LPS 3 |
| Developer Contributions for Road and Footpath upgrading | Review and update | Revision to align with LPS 3 |
| Signage | Review and update | Revision to align with LPS 3 |
| Stocking Rates | Review and update | Revision to align with LPS 3 |
| Heritage | Review and update | Revision to align with LPS 3 |

Submissions are invited on the draft revised policies with all comments to be submitted to PO Box 20 Beverley WA 6304, within 21 days of the date of this notice.

A copy of the relevant Policies can be viewed during normal business hours at Shire Offices, 136 Vincent Street, Beverley. The following convention is used in the revision document: Sections indicated in *Red* text are proposed to be added to the Policies whereas ~~strikeout~~ text is proposed to be deleted. For further details regarding this matter, please contact Shire Planner Stefan de Beer on 9646 1200 or planner@beverley.wa.gov.au.

IMPORTANT NOTICE STANDPIPE FEE INCREASES

The Shire of Beverley would like to remind all standpipe users of the impending substantial increase in charges for the Brooking Street and Balkuling Road Standpipes.

As previously advised, the Water Corporation is changing their pricing structure. The standpipes at Brooking Street and Balkuling Road will no longer be entitled to concessional pricing.

The new fee will be set at a cost recovery basis being \$8.35 per KL plus an administration fee of \$5.00 per issued invoice. The new fees will come into effect from 01 July 2019.

The Shire has Water Corporation brochures available at the front counter regarding the changes and further information can be found at:

www.watercorporation.com.au

SHIRE OF BEVERLEY HALL HIRE INFORMATION

The Town Hall Kitchen will be unavailable for use during the months of June, July and August due to renovations.

The Hall is still available for hire and use without the kitchen. Weekly hires will have an urn available to use for tea and coffee.

BEVERLEY HISTORICAL SOCIETY

Our June meeting was very informative BUT very cold so the old heater got a work out.

Lots of discussion was had with ideas for the Show Display. Next meeting we will involve members all making last minute decisions. Where has the year gone?

We have been given a couple of new items for display in the nursery, so on a Sunday when you are looking for something to do pop into the Museum to check them out.

We also have some Books written by local people on sale.

Attention

One of our members is researching the farms in the Beverley area, so we are putting a plea out to residents of Beverley that have lived on farms now or previously to write a story on their farm, such as name of farm, how big the farm, original owners etc and then please email it to bhsdeadfinish@gmail.com. Many thanks in anticipation.

Next meeting is Monday 08 July at 1.30pm. New members are always welcome to join us

MEETING INFORMATION

Beverley Hospital Auxiliary Inc

AGM will be held on Monday 22 July at 2:00pm in the Hospital meeting room. This will be followed by a general committee meeting.

AGRICULTURAL MUSEUM

Waterhatch Road Beverley WA.

The third weekend in June proved very fruitful for members of the museum volunteer maintenance team who were delighted that the “little red” Massey Ferguson was coaxed to start after previous attempts over several weekends. It was then put to work relocating the Stump Jump Plough which hadn't quite made it to the array of implements grouped near the track on the southern side of the museum

This was not their only achievement. Bola was very pleased to have successfully reconnected with the John Deere after failed attempts to start the tractor during a Mens Shed visit to the museum back in March. You might recall reading about the visit in the May Blarney.

The oats sown for what is hopefully another productive hay crop are braving the frosty conditions and starting to come though, together with a few weeds which Duayne may be attending to in the near future.

Would you like to share your skills as part of the volunteer museum maintenance team or become a volunteer who opens the museum to visitors? Please contact Mandy at the Shire of Beverley on 96461200 or Dee 0428464007 for more information

Crossley Petrol Engine

Manufactured by Crossley Brothers Ltd of England around 1920. These pieces of machinery were used extensively throughout agricultural areas of Australia as a convenient mobile power plant. They were towed by Horses or Tractor to wherever the power was required and used mainly for powering Chaffcutters via a belt drive. This unit was kindly donated by the Salmon Gums Research station to the Agriculture Museum located at Avondale Farm on Waterhatch Road Beverley WA. Have you found it yet?

Next weekend opening of the Agriculture Museum located at Avondale Farm on Waterhatch Road is 10am – 3pm on Saturday and Sunday 20th and 21st July 2019.

Greetings and Salutations All,

Firstly, I must apologize for not having a CWA June update, my life was so busy that I missed the Blarney deadline.

Beverley CWA has been busy attending other CWA branches functions, members went to share fellowship and a magnificent Papua New Guinea feast, the food was amazing and the Banana and coconut sago was so delicious that I had to go back for a second helping! Recently York CWA had a friendship day event at which all the guests had to wear a hat made from recycled materials, there were some very creative hats and a wonderful day was had by all. The Beverley show is fast approaching and we are getting ready to have lots of handmade items, yummy cakes and of course our world famous Cookbook and Handy Household Hints which is now into it's 55th edition!

Please keep the plastic bread ties coming, we are getting a wonderful colourful collection of them now, the Beverley CWA greatly appreciate how much the Beverley community has got behind this fundraiser.

We have some exciting new fundraising events planned.... Stay tuned to find out what they are.

CWA Beverley Branch will be holding their next meeting on **Wednesday 17 July 2019, 9.30am for a 10.00am prompt start** please bring along a shared morning tea and lunch

Until next time, enjoy our rainy days. Janet Bawden

Dung-nammit!

Dung beetle, *Copris hispanus*

To control bush flies (*Musca vetustissima*), the introduction of dung beetles to Australia has been necessary, as the native dung beetles are inefficient at breaking up the large dung pads of introduced cattle. Twelve species of introduced dung beetles have established in Western Australia, with 10 doing well in the South-West. Eight are widespread:

- *Onthophagus taurus*, *Onitis aygulus*, *Euoniticellus pallipes* and *Bubas bison* can be found across much of the South-West.
- *Onthophagus binodis* and *Euoniticellus fulvus* are throughout the lower South-West coastal district.
- *Onitis alexis* and *Euoniticellus intermedius* are in the region extending north of Perth and beyond Geraldton.

In the South-West native beetles are active during winter, whereas the flies that breed in dung are active during summer. Nevertheless, there is still a period during spring and early summer in some years when bush flies cause annoyance.

Beetle categories and species differences.

Dung beetles broadly fall into two categories summer-active and winter-active, while different species of beetles use dung in different ways. Most species excavate tunnels in the soil under or next to the dung pad. They carry the dung down into the tunnels and fashion it into balls in which the females lay their eggs.

Other beetles carve a mass out of the dung and move it some distance from the pad before burying it. Some species simply butt the mass across the ground. Others knead pieces of dung into smoothly-rounded balls and roll them for many metres before burying them. Egg laying subsequently takes place in the soil chamber where the ball has been buried.

At some times of the year some species of beetles shred the dung instead of burying it. This process is still effective in controlling flies.

A shredded dung pad, caused by a high level of summer active dung beetle activity.

However these beetles work, we're happy to have them. They do an important job, in work conditions that would challenge the rest of us.

Further information can be found on our website at www.agric.wa.gov.au. Search for 'Dung beetle'.

St John First Aid Skills App

The St John WA, First Aid Skills mobile app is the easiest way to get some new first aid skills, or even refresh old ones. Grab it for either iOS or Android and start with our free, DRASBCD skill that teaches you how to manage the basics of a first aid incident. Be confident in how to apply first aid in a variety of situation such as:

- DRASBCD – learn the basics and how to put someone into the recovery position
- CPR – how to perform CPR and possibly save someone's life
- Defibrillation – it seems scary, but just follow the audio instructions to use an AED
- First Aid Management of Choking – how to help someone who is choking
- Bleeding – manage cuts, scrapes and external bleeding situations
- Drowning – how to respond
- Infections – learn the basics of infection prevention
- And much more!

The friendly guide MIA (medical information assistant) will take you through the steps to complete each first aid skill. And at the end of each skill or course you complete, if you create a St John profile – we'll email you a St John Accreditation certificate. The First Aid Skills mobile app is available on both the Apple Store and Google Play store.

Ever seen or heard the RAC Rescue Chopper in Beverley?

The Emergency Rescue Helicopter Service, known as RAC Rescue, provides two dedicated emergency rescue helicopters serving Western Australia. St John Ambulance supports the role of RAC Rescue by providing critical care paramedics on board and fielding emergency calls through the State Operations Centre. The St John Ambulance critical care paramedics are highly skilled and trained in intensive care and aeromedical medicine. They play an

essential role in ensuring patients receive immediate medical attention while being transported to hospital via the helicopter.

With the introduction of a second rescue helicopter in February 2016, to be based out of Bunbury, the two helicopters now have a radius of more than 250km and cover approximately 95 per cent of Western Australia's population. The Emergency Rescue Helicopter service provides emergency rescues for incidents including car accidents, cliff rescues, mining and farming accidents. It transfers critically injured patients from regional centres and is involved in search and rescue missions. The Emergency Rescue Helicopter is managed by the Department of Fire and Emergency Services (DFES) and funded by the State Government, and the RAC, which has sponsored the rescue helicopter service since it was introduced in 2003.

Community Defibrillators – Maintenance Fundraiser

The Beverley Community is extremely fortunate with the number of defibrillators available within our town. There is upkeep and maintenance required on these machines in particular battery replacements. We are currently doing a fundraising drive asking for donations to put towards the defibrillator maintenance. Donation tins are available at the Chemist, Post Office and Beverley Country Kitchen.

High School Photography with Mrs Davey

Photography is a design option class offered to our secondary students by talented photographer Mrs Davey. We have been so impressed with the dedication and enthusiasm of the photography students this term - they are always seeking feedback to improve their photos and have all captured some fantastic shots! They have been exploring the many different aspects of composing an effective photo and have enjoyed the different focus areas each week. Some of the different types of photography they have examined so far include: abstract, floral, close up, portraits and use of negative space. A popular element of the photography session is their weekly review of everyone's best photos from the week before; it's such a positive experience for all involved. You may see the photography group around town at different locations - they enjoy a variety of subjects and backgrounds on their shoots.

Interschool Cross Country

The Beverley Interschool Cross Country team competed in the CGSISA Interschool Cross Country hosted in Beverley this year.

Our students ran so well and showed great sportsmanship on the day. Beverley came in at second place in the Secondary Carnival and third in the Primary Carnival. We are so proud of the efforts of our students.

Thank you very much to our AWESOME parent helpers on the day and to the KPP Committee for running the canteen and morning tea. We really are so lucky to have such great parent and community support in Beverley!

Our Champions from the day:

Secondary Runner Up Champion Boy: Thomas

Year 4/Under
Runnerup Champion Boy: Wyatt

We are just so proud of the 2019 Beverley Interschool Team!

2019 School Assemblies

We host assemblies three times per term at BDHS. Every class performs at an assembly during the year. These assemblies are always displayed on the term calendar and are usually on Thursdays in weeks 3, 6 and 9. Everyone is welcome to come along to enjoy the assemblies in the Undercover Area at 2pm.

Our student leaders and teachers also present students with awards for academic success, enthusiasm and positive playground behaviour!

And we can't forget the faction shield totals!!!!
Will it be EYRE, DALE or FORREST??????????

The Golden Broom comes out at every assembly to award to the class with the tidiest verandah area!

These are just some of our snaps from our assemblies this year. For more please visit our **Beverly District High School Facebook page**.

Artist-in-Residence

Catherine and Ursula were thrilled with their stay in Beverley, commenting on the friendliness displayed to them, the creativity within the town, and the inspiration for future projects they were able to take away with them. They particularly loved the lakes, the many rock formations and the wandoo forest. But insist we need better signage for these tourist attractions! Their painting workshops on successive Sundays were extremely successful. Catherine worked with exploring colour and oil painting with palette knife and brush on various supports which included aluminium, and Ursula worked with those wishing to explore a new way to look at the world through lyrical realism with a naïve twist.

Catherine Fitz-Gerald and Ursula Kiessling

The above pics show those who attended the workshops. Artists-in-Residence Catherine and Ursula like to think everyone came away with a little something they may choose to apply in their own way in their individual art practice.

Unfortunately the artist booked for July has cancelled so if anyone knows of an artiste who could fill in some creative time within the next two months please let Marylou know.

Please also keep an eye on the weekly Bulletin for further information regarding residencies, workshops or any changes to schedule - or contact Artist in Residence Coordinator Marylou on 96471027 / [0427085511](tel:0427085511) or email: hutchinson@wn.com.au

October 13-1 November: Lyn Nixon (Perth)

Beverley Station Singers

The singers met on Wednesday 05 June in the Station Greenroom to practice old and learn new songs in readiness for the songfests during the six months ahead, as well as a performance at the Royal Perth Yacht Club in aid of cancer research on Sunday 07 July. The next practice session will be Wednesday 03 July.

Kelly Newton Wordsworth directs the group on a monthly basis at \$50 per session, or \$105 for 3 months. Anyone interested in joining the singing group contact Tracey Fleay 0409 481 029 / traceyfleay67@gmail.com

Beverley Amateur Dramatics (BAD)

Following the huge success of their first show, the BAD group has decided to put on another in August (in the Town Hall of course!). A meeting on Tuesday 11 June decided the parts casted. They are also looking for someone who may be interested in being a director and working with Bruce Denny on this next performance. If anyone knows who might be interested please let Britt Hadlow know by email britt.hadlow47@hotmail.com

Platform Theatre

BEVERLEY CHOIR BASH

It's on again....the Beverley Choir Bash - Saturday 07 September, with the programme already chokkas in terms of choirs as well as a wait list!

Mural at the Platform Theatre

A small grant of \$2250 was received through WA Country Arts *Creative Grid* towards a small public art project. As a screen was thought necessary to be in front of the ablution block at the Platform Theatre, it was decided a mural would be the ideal way to add interest to the northern end of precinct. Artist Sharon Peterkin was chosen for her light and whimsical paintings in public places and her ability to add meaning to a place. The resulting artwork should be completed very soon and hopefully bring joy to all who venture to see it. The mural is a dedication to the wonderful Ann Rayner who was tragically killed in a road accident 9 years ago and who is still sadly missed by the community. As secretary/treasurer of Beverley Station Arts she oversaw much of the construction of the Platform Theatre and it seems fitting to have a light hearted portrait of her displayed in the place she was never to see completed.

Artist Sharon Peterkin in her studio with the beginnings of the mural.

Sharon's sculptor husband Lee Potter, admiring the progression of the artwork.

Volunteer Thank You

BSA Sub Committee for taking on the onerous task of event coordination as Jenny Broun is indisposed due to family commitments.

Doug Windsor for erecting the frame for a mural at the Platform Theatre when all other avenues tried were exhausted.

Artist Sharon Peterkin for taking 'brush to canvas' at such short notice.

Beverley Station Arts Membership

Being a member will give you discounted rates for all events plus free entry to the Easter Art Exhibition Opening Night. The cost is \$30 for the first year and there after \$25 per annum. Your support will assist us in maintaining the venue and to continue presenting a variety of entertainment for your enjoyment. We look forward to seeing you at the events we have planned for this season.

To become a member of Beverley Station Arts Inc (Friend of the Station) please contact our treasurer Pauline Knight 96460946 for a Membership Application form and payment. Membership forms can also be downloaded from www.beverleywa.com (NB cheques to be made payable to Beverley Station Arts) and send to PO Box 112, Beverley 6304.

Beverley Quilting Group

One of our members Pat Alexander made the quilt pictured here for her son and daughter in law in Queensland as part of their wedding present.

The Quilt took 8 months to complete with advice from other quilters in the group, (as well as the assistance of Pats husband who took over many of the household chores while she was cutting and sewing.)

Another item included as a gift was the 'Beverley' promotional 'Bread board' available at the new Cornerstone Building in town.

Although the wedding presents were not opened and shown at the reception, a photo was posted on Facebook showing it as a perfect fit on the happy couple's bed, being shared many times with several comments requesting her to make other themed quilts by newly acquired friends and family.

Like all Quilters (and crafty people) there is no doubt she will be continuing her efforts at our group again soon.

Beverley **GARDEN AND TREE SOCIETY**

The June meeting was replaced by a visit to two gardens in York. We started out from the Dead Finish Museum in a convoy and all reached our destination of Sue Deadman's garden on the outskirts of York. After giving us some tips about growing, pruning and showing roses, Sue showed us around her lovely garden. From here we went to Sue and Bill Cebula's garden which is much closer to the centre of York. Developed over 26 years it is a fabulous garden setting off the early 19th century home to perfection. Bill's love of trees combined with Sue's love of roses creates their own micro-climate and you feel far from the town. We adjourned to Settlers Inn for lunch and good conversation.

Next meeting will be replaced by the senior member's lunch on the 02 July at the CWA rooms. Members please bring a savoury dish to share as dessert will be supplied. Lunch will be served at 12 noon so please bring your dish by 11.30am. There will be a "Bring and Buy" table.

July Gardening Tips

July sees us well and truly in the midst of the cooler months but that means it is also a great opportunity to tackle some of those jobs the hotter temperatures make difficult – or just plain uncomfortable. If you're planning on creating a new path, digging a pond or building a new veggie garden, now is the time to get into it. You'll build up a sweat but it won't be as bad as trying to get it done while it's hot.

Weed Control

- ⇒ Keep on top of weeds in both lawns and gardens area by manually pulling out any that grow through the mulch or lawn.
- ⇒ If you haven't mulched your garden bed – any time is a good time to mulch your garden beds

Shrubs, Trees & Climbers

- ⇒ Prune any deciduous trees and shrubs
- ⇒ Plant roses and follow up with a spray of Lime Sulphur
- ⇒ Take Frangipani cuttings and leave them to dry

Bulbs, Perennials & Annuals

- ⇒ Sow seeds of Alyssum, Dianthus, Delphinium, Statice
- ⇒ Plant Amaryllis, Tuberoses and Waterlilies

Edible Gardens

- ⇒ Fertilise winter growing vegetables with a general purpose fertiliser
- ⇒ Plant Rhubarb crowns, Raspberry canes, Kohlrabi and Silverbeet
- ⇒ Turn in green manure to any vegetable gardens you are getting ready for spring planting

Winter Lawn Care

- ⇒ Treat any weeds and pests to stop them from taking over during the colder weather
- ⇒ Rake up any leaves and have the kids run around to collect any twigs, sticks and other debris that can block sunlight
- ⇒ Raise the mowing height on your mower to allow for more photosynthesis.

Warrior Wellbeing Article To Snip or Not to Snip?

When we as blokes, arrive at the decision with our partners that the pitter-patter of tiny feet, 2am feeds and toxic nappies are not on the agenda anymore, then some form of permanent contraception is one possible pathway. There are options for the ladies in our lives, but those options can involve major surgery and unwanted side effects. The male version in terms of permanent surgical sterilization is the vasectomy and by comparison it's minor surgery with little to no side effects.

The first question is, what exactly is a vasectomy? Quite simply it is the cutting and sealing of the tubes (vas deferens) that carries sperm from the testes to the penis. It's usually done under local anaesthetic via a very small incision on each side of the scrotum, and despite "The Snip" being the slang term, it doesn't usually involve scissors.

The most important question in many bloke's minds is, "does it hurt?" and we're well within our rights to ask this. We've already spent a lifetime keeping our crown jewels out of harm's way and on the odd occasion that we haven't, well, it hasn't ended well. The short answer is no. Some bruising and slight discomfort over the first couple of days is normal but not debilitating. A warning to my three-year-old daughter not to jump off the end of the lounge into my lap four hours after surgery would have been useful in hindsight and I definitely wouldn't suggest riding your bike home after the op!

An important point to keep in mind, is the fact that the sperm already in your reproductive system will remain viable little swimmers for up to 3 months or until "the pipes are clear". It's not uncommon for

couples to fall pregnant in the months immediately following a vasectomy, an irony not immediately all that humorous to those affected.

A lot of guys worry that it will affect their experience of sex however this typically isn't the case, as outwardly there is no visible difference to ejaculate nor usually any change to sensation. The vasectomy in no way interferes with erectile function nor with orgasm which no doubt is a relief to those considering the procedure.

A vasectomy should be considered permanent even though there is a procedure known as a vasectomy reversal. A successful reversal is by no means guaranteed, with success anywhere between 40-90 % but falling away rapidly with age, time between surgeries and other complications. For this reason, you need to be absolutely certain; besides, repeat operations on our "agates" don't figure very highly on anyone's "to do" list.

To decide whether a vasectomy is right for you, "the ball's in your court" so to speak. You need to be sure that you and your partner have completed your family and that you want to take responsibility for family planning. On the flip side, a vasectomy is not something to be rushed into if you are relatively young; recently separated, divorced or having relationship problems.

So, all in all it's a decision you and your partner need to make together.

JIM AND JAN NEWTON – AFCM GLOBAL (Agape Fellowship of Churches and Ministers)

Sunday 9th June, 2019. Jim related so many wonderful stories of miraculous healings and events he and his wife Jan have been part of, and witnessed, in their extensive travels - taking the Gospel to the world. Jim told us he thought it might be time for him to retire, but no, God has told him he needs to **refire**, so it looks like this dynamic couple will be travelling for many more years. In fact, Jim told us he and Jan have bookings right up to Christmas, and in 12 different countries!! Amazing!

JESUS STILL HEALS TODAY!

One of our church members brought an video to our attention which contains a truly remarkable healing! If you would like to watch this quite breathtaking testimony (presented to the United Nations) go to YOUTUBE and either type in **"Dead for 45 minutes"** or copy this link <https://www.youtube.com/watch?v=Bmyx9qJkeQQ> You won't be disappointed!! **"Lee Stoneking suffered a massive heart attack at the airport in Sydney, Australia. Paramedics tried 10 times to get his heart beating again using electric shock treatment, but he was declared dead and put into the ambulance as a "corpse."**"

CHRISTIAN RADIO

Just to let you know **VISION FM (87.6FM)** radio is available in Beverley town site (or download Vision FM App for your phone or tablet). This is a terrific Christian resource and wonderful comfort in times of need. Why not give it a try when you next turn on your radio?

Our Pastor continues his rock solid, Bible based preaching every week, when we don't have a visiting speaker, so it's ALWAYS worth dropping in to a Beverley Real Life Church meeting!

"The one who blesses

others is abundantly blessed; those who help others are helped." Proverbs 11:25

Backups and Archives

Why are backups and archives important? If your PC disc fails or you have a serious virus attack, then you can lose all your files. Having all your information copied into backups and archives will allow you to retrieve all your information. Disc failures are quite common and recovering information from a failed disc can be very expensive.

Cloud storage can be used for backups and archives, but cloud storage has some disadvantages, which I will discuss later.

What is a backup? A backup is a copy of the working files on your PC. **Working files** are files you are currently working on, have recently created or used, or files you want to keep handy for reference. To make backup easier put all your working files in a dedicated working folder. I keep my working folder under 10 Gigabytes so that it is quick and easy to make a backup copy. I move files I am no longer using to an archive.

What is an archive? An archive is a copy of files you do not need to access on a regular basis. A good example are photos: once you have downloaded them from your tablet, phone, email or camera and removed all the unwanted photos, then there is little need to make any further changes. Instead of keeping them in your working files copy them to at least **two** archives and delete them from your working files. You should also archive other files you no longer need handy, e.g. old receipts, invoices, tax files, bank statements etc. Taking photos is now so easy that people keep thousands of photos – and thousands of photos take up a lot of space. Video files are huge so if you want to keep a video to view again later, put it in an archive.

Hints and tips for backups and archiving

Put your backup on an external hard drive.

Never keep a backup on your PC internal disc – otherwise if the PC internal disc fails (quite common!) you will lose both your working files and your backup! Sometime a PC internal disc is split into two partitions. Do not use the second partition for backups – it is on the same disc as your working files – you could lose both

Backup tip

It is wise **not** to keep your backup disc connected all the time. If something goes wrong with your PC, tablet or phone, or you are attacked by a virus or by criminals, your information may be corrupted. If the backup disc is connected, your backup can be corrupted at the same time.

You should keep at least two copies of your archives on separate discs. If one disc fails, you can buy a new hard drive and copy all the archives onto the new disc.

You can keep one copy of your archives on your PC disc, or a separate partition on your PC disc. However, if archives are large they can quickly outgrow the space on your PC disc. It is better to have two external hard drives dedicated for backups and archive

Backup and archiving on tablets and phones. Tablets and phones tend to use cloud storage for backups and archives, as the applications are built in. However, there are several other possibilities:

Tablets and phones can be connected to your PC directly using a USB cable, and files downloaded USB backup devices are available for both Android and Apple. USB storage devices that connect to tablet/phones and PCs.

Once files have been transferred to your PC then files can be backed-up or archived as for the PC.

Cloud storage and backup. An alternative to using an external hard drive is to use cloud storage or backup services. However, there can be privacy and access issues depending on what cloud storage and backup services you use. Most of the cloud services supplied by the large IT corporations, e.g. Facebook, Google, Microsoft, Yahoo, etc. are based in the US and are kept in plain text. There have been some significant break-ins and theft of personal data for some of these sites in recent years. Also depending on the reliability and capacity of your internet connection there can be issues accessing your on-line stored files.

I covered cloud storage and backup in more detail in my May 2016 Blarney article.

Beverley GOLF

The recent rain events have finally allowed some green to poke up around the course. While not yet quite in condition to hold the Australian Open there is good coverage over most of the fairways. Thanks again are extended to Fred Sing, John Donovan and Terry Winfield for their untiring efforts at keeping the course looking neat and tidy.

RESULTS

The first Saturday in June had 9 players compete for the **Brett Hutchinson Trophy**.

Steve Johnston took the honours with creditable score of 45 Stableford points (his handicap is not looking the same after that effort!). Mel Vivian was runner-up with the also notable score of 37 points. Thanks to **Brett Hutchinson** for his continued support.

June 08 saw 11 players take to the course for a Club Members Day. The Stableford competition was won by Paul Burns with a score of 35 points. Marc Edwards was a close second with 34 points.

Saturday, June 15 was the day for the long-established **G.L. Broun Trophy**. Successful on the day was Gavin Sazanov who beat 13 other players with a fine score of 41 Stableford points. Equal runners-up were Darrell Hagan and Alan Hammond who both scored 36 points. Our continued thanks go to **Paul and Annette Broun** and the **Broun Family** for their on-going support of this event.

On June 22, 12 players competed in a Club Members Par event. In trying conditions, 7 players beat their handicap. Winner was Chris Lawlor with a notable score of +6. Darrell Hagan was unlucky to run second with the also good score of +5. Other notable scores were handed in by Keith Hawkins and Steve Johnston, both with +3.

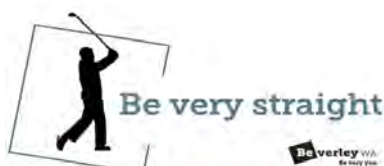

The final event for the month on June 29 was the **Wayne Smith Trophy** which was also the third qualifying round for the Club Championship. Results will be announced in next month's issue.

SCROUNGERS

Every Wednesday we are still playing a short round of 6 holes as a scroungers event. Tee-off is at 4PM and members and non-members alike are welcome to join us.

Results for June so far were:

| | | | |
|----------------|------------|----------------------|----------------------|
| <u>8 June</u> | 8 players | Winner-Chris Pepper | 13 Stableford points |
| <u>15 June</u> | 12 players | Winner-Ed Willis | 16 Stableford points |
| <u>22 June</u> | 8 players | Winner- John Donovan | 15 Stableford points |

Beverley GOLF

New members are always welcome. Any persons that are interested in playing can join us on any Saturday afternoon throughout the winter season.

Tee-off is generally at 12:30pm with players asked to preferably be present by at least 12:15pm.

For any further information you are invited to call Men's Captain Mark Kont on 0490 037 810

Upcoming Games:

Sunday 30 June Cunderdin vs Beverley

Saturday 06 July Beverley vs Quairading

Sunday 21 July Federals vs Beverley

We only have one more home game for the 2019 season. This will be Saturday the 6th July against Quairading. We would love to see as many of our members and supporters at our last home game for the year before we host finals.

The BFC committee has been involved in some Good Sports training over the last two months through the Avon Football Association. This has seen the committee learn about mental health, drug and alcohol awareness and will assist in making our club a safe and welcoming environment for all. You will see some of our committee members wearing merchandise to promote this.

Our June rally was a great success with lots of horses and riders. We also had Janet giving a talk and a hand on demonstration on core muscle strength and how important it is to riding our horse. If you would like to see photos, there are plenty on our Facebook page.

We will meet on Sunday 21 July our next rally day, and this will include the importance of correct Saddle Fitting. There will be a free demonstration for everyone, and individual fittings at a cost of \$90 per horse.

There will be the usual riding and lessons for everyone, as well as a social catch up afterwards.

Our rally dates have been set for the rest of the year.

BEVERLEY REDBACKS HOCKEY CLUB

May 11: Game 3: York Hurricanes vs Beverley

A beautiful day to be in the wheatbelt if you're a tourist or wanting to play a hot, fast paced game of hockey. Beverley started out strong, putting more trust in our defence and pushing the ball into attack very early in the game. We recruited a forward to boost our attack and welcome Jenni Clausen to the team. There was plenty of talk and we focused on putting pressure on the ball in our offence when Chantelle scored what could easily be goal of the year with a ripper toma into the top right corner! York came out hard and we got a lesson in not letting our guard down as they scored an equalizer. Despite tiring in the heat, having subs on the board meant we kept the pressure on York who scored about 5 minutes to go, seeing us go down 2-1. **Awards sponsored by Beverley Transport, Beverley Electrical, Freemasons Tavern & Waterbrae Pastoral: Sierra Wagner & Chantelle Meade.** Sierra played a very strong game. Chantelle had a cracker of a game, scoring our first goal of the season.

100 Games

CONGRATULATIONS LISA MOURACH

On Saturday May 11 our Captain Lisa Mourach walked out onto the field to play her 100th game for the Beverley Redbacks Hockey Club. What a great game by the team to celebrate Lisa's milestone achievement since the team reformed in 2010. Congratulations Lisa on your efforts and dedication to the club!

May 18 Game 4: Beverley vs York Scorchers

Our first home game of the year was always going to be a challenge against the very classy Scorchers side. We had a few girls out and it meant everyone had to dig deep and work hard on and off the ball. There were a few position changes, with Dani in fullback with Marg, who was solid as ever. Bec had a lot of the play and made some excellent saves, without her we would have had a much worse score line. Unfortunately, Nic did an injury and we played three quarters of the game with no subs. Chantelle & Carissa played strongly through the midfield as did the entire forward line with Ali, Di, Lisa and Jenni. At half time we spoke about slowing down our offence and playing our game as it seemed that Scorchers were always just there! The half backs in Lisa, Hollie and Penny kept the pressure on the ball and we did manage to get the ball into our offense several times. Despite the score, the team can hold heads up as they never gave up and didn't let Scorchers have an easy win, in fact no goals were scored in the final quarter which is a credit to everyone working hard on and off the ball and keeping the talk up. Final Score 8-0. **Awards sponsored by Beverley Transport, Beverley Electrical, Freemasons Tavern & Waterbrae Pastoral: Carissa Shaw, Chantelle Meade and Bec Sims.** Bec played a great game under immense pressure, making a ton of saves. Chantelle played a versatile game, and was consistent with seconds efforts and keeping pressure on the opposition. Bec spent much of the game under

pressure from Storm's attack, making some incredible saves as our last line of defence. Carissa was strong over the ball a great game – even though she was playing with her minkey stick!

June 08 Game 5: Beverley vs Jenna

This was one of our strongest game's this year against last year's grand finalists. Despite the weather, we worked hard to control the game and make Jenna work hard for their 3 goals. We were unlucky to not score with several good chances.

This game was a special one for the Ballantyne family who have joined our team with Carly debuting alongside her Mum Di. First of many no doubt Carly!!

Awards sponsored by Beverley Transport, Beverley Electrical, Freemasons Tavern & Waterbrae Pastoral: Bec Sims, Britt Hadlow & Dani Whyte

We would like to thank our wonderful sponsors who without your support our little club would not be the wonderful place that it is: **Avon Trading, Beverley Transport, Beverley Electrical, Beverley Tyre Service, Beverley IGA, Di Smith, Freemasons Tavern Beverley, Inkosi Design, Waterbrae Pastoral, W & K McLean, Beverley Tyre Service, Terraneil – Terry & Sandy Woods & Northam Tavern.**

CBH Women's Country Championships

Sierra Wagner played in the Division 4 side representing Avon Hockey Association last weekend. The team played off for 7th position and beat East Avon 3-0
Hope you had a great weekend Sierra and didn't get too wet!!

BE VERY WARM

Now the weather has turned a bit chilly we have had a few requests for the ever snazzy Beverley Redbacks softshell jackets that are perfect for both ladies and men. We need a minimum of 15 to put in an order so let our Secretary Kelly Mann ASAP if you would like one. Email: beverleyhockey@live.com.au; Mobile: 0428779234; Or comment on our Facebook Page. This is a great winter sports jacket with the Beverley Redbacks logo on it. It is non-bulky and comfortable enough to wear indoors or whilst driving. Cost: \$90

Beverley Horse and Pony Club

Who's been out and about:

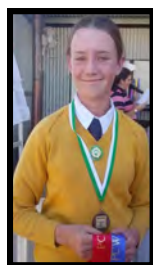

Avon Zone Two Day Event @ York Pony Club: Huge weekend for six of our riders at York Pony Club Two Day Event. So proud of all their achievements over the two days competing in Dressage, Show jumping and Cross Country.

Eliza Higgins, Carly Ballantyne and Jessica Maxwell placed 1st in the Avon Zone Team 45cm. Jessica Maxwell placed 1st in the Zone 45cm and 3rd in 45cm under 12 yrs. Eliza Higgin's placed 1st in the 45cm 15yrs & over and 2nd in the Zone 45cm!

Emily Maxwell placed 1st in her Zone Team 65cm and 2nd in the Zone 45cm.

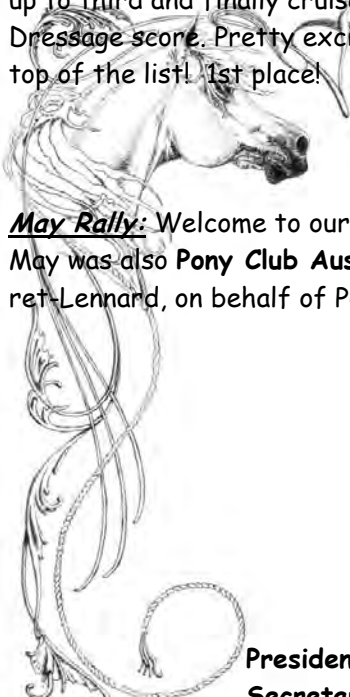

Tealah Hawke placed 2nd in her Zone Team 80cm. Jessamin Pain placed 2nd in the open 45cm. Great day, great people, amazing kids and awesome ponies/horses! Thanks to York Pony Club for running the event.

Murry CNC: Renee Peart attended the Two Day Event on the 8th & 9th June. She was lucky enough to not get wet in any of her rides. Renee started the weekend with a pretty good Dressage test to be sitting 4th, clear SJ just before the storm hit, bumping them up to third and finally cruised around XC finishing the weekend on their Dressage score. Pretty excited to see the scoreboard and name at the top of the list! 1st place!

May Rally: Welcome to our newest member, Jamie Lee Speedy and her family to the club. May was also Pony Club Australia's 80th birthday! The club made a very special presentation to Leslie Barret-Lennard, on behalf of Pony Club WA, a Living Legend certificate for her tireless dedication to Pony Club.

Reminders: Any new members or queries please contact Vicky Lucas, our Coach Co-ordinator, via bevpc.coaching@gmail.com or 0409158852. Follow us on Facebook @ Beverley (West Aust) Horse And Pony Club Events
