SHIRE OF BEVERLEY CEO REPORT - NOVEMBER 2019

Local Government Elections

The Local Government Elections were held on Saturday 19 October 2019. Congratulations to all candidates who nominated as the voting was very close. Cr's Brown and Gogol were returned to office and we welcome new Councillors Chris Lawlor and Terry McLaughlin. Former President Dee Ridgway and Cr Lew Shaw did not re-nominate. Thank you to both who were Councillors since 2007 and to Dee Ridgway serving the Community as Shire President for ten years.

Elected and sworn in as President was Cr Don Davis and Cr Chris Pepper was sworn in as Deputy President. I look forward to working with you both and with Council over the next two years.

Beverley Heroic

Congratulations to Toby Hodgson and everyone who was involved with the Beverley Heroic either as a volunteer, rider or spectator. The weekend event draws a large crowd to Beverley supporting our local economy. It was pleasing to see the sun out for this years Sunday rides. If you participated check theheroic.com.au for results and wonderful photography.

Mosquito Fogging

Fogging has been carried out twice over the last few weeks. The Shire plans to carry out at least one more, possibly two applications prior to summer.

Permits to Burn

Whilst the Prohibited Burning Period is now upon us and no fires are permitted, I'd like to make everyone aware of the new electronic Permit to Burn system for next year. Permits will be available online: <https://www.beverley.wa.gov.au/services/emergency-services/fire-control.aspx>

You can no longer ask your FCO for a permit. If you are unable or unwilling to apply for a permit online, you can visit the Shire of Beverley offices during business hours and apply for a Permit to Burn over the counter. Please be aware that an application for a Permit to Burn can take up to 48 hours to approve so please take this time frame into account when deciding when you wish to burn. If the details of the permit need to be clarified your local Bush Fire Control Officer will contact you to get further details or book in a time to inspect your burn and approve the permit.

Youth Activity Area

Thank you to everyone who was involved in the first stage of the Youth Activity Area planning. This includes the Working Group, Councillors, Beverley District High School students and teachers, Shire staff and the Community. I am pleased to advise that grant funding applications have been submitted to progress the Youth Activity Area project. The Shire will be seeking Expressions of Interest for rock pitching and various community assistance throughout the project.

Vincent Street Bridge 729

The refurbishment of the Vincent Street bridge is almost complete. The bitumen hotmix approaches have been scheduled for the 23 October, then the expansion joints will be installed the following week. All going well the bridge should be complete early November. Thank you to the Community for your patience over the last seven months.

Seniors Week 2019

WA Seniors Week is 10 – 17 November and I encourage everyone to visit and support the Beverley CRC in the Cornerstone who have an array of activities planned.

Stephen Gollan
Chief Executive Officer

SHIRE OF BEVERLEY FIRE SEASON INFORMATION

Prepare for Fire Season

The Shire of Beverley's Community Emergency Services Manager (CESM) along with the Chief Bush Fire Control Officer wish to remind all property occupiers to ready and maintain their properties for the fire season.

Fire breaks need to be installed before 01 November this year and maintained until 15 April next year. The minimum requirements for a firebreak in the Shire of Beverley is for the break to be at least 2.2 metres wide of bare mineral earth which means no vegetation (dead or alive) or flammable materials can be present. Alternatively small rural land holders can clear their properties of all inflammable materials or maintain grass mown to a height of less than 15cm.

Larger rural properties should ensure that they have an operational independent mobile water filled firefighting unit with a water capacity of not less than 600L to be ready to be immediately deployed at all times throughout the Prohibited and Restricted burning periods.

Fire breaks play a part in reducing the spread of fire but just as importantly they provide a safer space for fire fighters to work from when trying to combat a fire. Although not mandated in the Fire Break Order volunteer firefighters are urging property owners to also consider the access to their properties by large fire appliances. Generally this means making sure that there is an adequate gate width of at least 3 metres and to ensure that there are no overhanging branches or obstructions below 4 metres high over entry points and fire breaks to allow fire appliances to safely navigate your property should they need to defend it from fire.

Prohibited Burning within the Beverley Shire is scheduled to begin on 01 November after which time no fires are permitted to be lit until the 15 February unless otherwise notified when a Permit to Burn (PTB) can be applied for online by visiting the Shire of Beverley website at www.beverley.wa.gov.au

PROHIBITED BURNING TIMES

Section 17 (7) Bush Fires Act 1954.

Notice is hereby given that the
PROHIBITED BURNING period for the
Shire of Beverley commences at
Midnight on Thursday 31 October 2019
until
Midnight on Friday 14 February 2020
unless otherwise notified.

No open-air fires are permitted during this period.
Gas barbeques are exempt.

SHIRE OF BEVERLEY Local Council Election Information

Form 19
Local Government Act 1995
Local Government (Elections) Regulations 1997 [s.4.77]

RESULTS OF ELECTION FOR SHIRE of BEVERLEY

These are the results of the local government election held on **19 October 2019**.

District	Candidate	Number of Votes
Beverley	Chris LAWLOR	184
Beverley	Darryl BROWN	165
Beverley	Peter J GOGOL	149
Beverley	Matt NORMAN	138
Beverley	Thomas BUCKLAND	84
Beverley	Terry MCLAUGHLIN	147

Therefore the following people are elected as councillors for the **District of Beverley**.

Each councillor will hold office until the date set out next to his name.

<u>Name</u>	<u>Expiry of term</u>
Chris LAWLOR	2023
Darryl BROWN	2023
Peter J GOGOL	2023
Terry McLAUGHLIN	2023

It has come to our attention that some residents were unaware of their ability to vote in the recent Local Government Election. As the Shire of Beverley no longer has wards (removed in 2013), **all** registered residents and ratepayers are entitled to vote every two years in the Local Government Election.

If you are on the State Electoral Roll at a different address but are a ratepayer in Beverley, again you are entitled to vote provided you have completed an Owners and Occupier Form prior to the end of August in the election year. When the Owners and Occupiers form is completed you will stay on the roll until you no longer own property in Beverley (ie you are only required to complete the form once).

The next Local Government Election will be Saturday 16 October 2021.

BEVERLEY MEN'S SHED

Beverley Men's Shed was recently awarded a \$5,500 contract to construct playground equipment and furniture for the Dowerin Field Day Committee. Our Men's Shed was the only Men's Shed or Community Group in the region, for one reason or another, willing to undertake the making of the 24 mainly wooden items, completed at short notice over a two week period. The quality of the work was of such a high standard that some items were taken to this years' Royal Show. All the material, amounting to approximately half the value of the contract, was purchased at a competitive price from Avon Trading Company in line with the Shed policy to support local business.

This latest project was one of a number carried out by members of our Men's Shed for a range of organisations over the last 10 years. These include our local Shire Council (with whom we have enjoyed a very close association), the Shire of Brookton, Wheatbelt Natural Resource Management, the Alex Miles Lodge, the Beverley District Hospital, as well as a number of smaller projects.

Our next venture is the partial restoration of an old Morris Truck, formerly owned by the Shire, now located at Avondale. When completed, the truck will be located in the area now occupied by the Centenary of Federation Square, where the proposed Skate Park development will be.

Thank You

The members of the Beverley Men's Shed Incorporated sincerely thank Marcus, of Avon Trading Company, for his very generous donation to the machinery section of the Shed. It is greatly appreciated. From all the Members.

THANK YOU

I thank all members of the community who have supported my nomination to membership of the Beverley Shire Council. I will endeavor in the next four years to serve the Community and meet your expectations. It will be my aim, along with fellow Councillors, to continue the good work that has gone before to build a connected and resilient community. As we do not have a Wards system, I will welcome invitations from all areas and organisations to increase my familiarity with the whole Shire so I can represent you in an informed and effective way. Please feel welcome to raise and discuss any matter of concern and suggestions for development and positively moving forward.

Over the last few weeks we have had some incidents on Vincent Street where people have been assaulted. One person has been arrested and charged for the incident a few weeks ago and only last week we arrested the same male person for assaulting his partner. Another person has been arrested for brandishing a knife in the main street.

We will not accept unsocial and violent behaviour in this town and especially on the main street, where people are going about their daily business. The community has been fantastic with advising us of these incidents and also assisting us with our inquiries so we can make arrests.

As I said recently to someone and mentioned before in the Blarney: "If you are doing nothing wrong, then you have nothing to worry about". But there are a few who continually want to break the law in regards to anti-social behaviour and dealing in drugs. We know exactly who they are and I make no apologies for targeting these people.

MOVEMENT OF AGRICULTURAL VEHICLES/IMPLEMENTS

As the summer months are approaching that means there is an increase on the roads of agricultural vehicles and implements. There was recently an agricultural pilot's course or courses run at the Beverley CRC which outlined the requirements. For those of you that may have missed it the Agricultural Pilot requirements flow chart are on the previous page. For more information on when a pilot vehicle is needed or how to obtain a pilot's licence then contact Heavy Vehicle Help Desk on 138 486 or visit the Agricultural Vehicles page at www.mainroads.wa.gov.au

If you aren't sure which roads are in which zones (and whether or not you need a pilot) go to <https://mrwebapps.mainroads.wa.gov.au/hvsnetworkmap> and click on "WA Agricultural Pilots Zones", then "All Zones" and zoom in to your area.

AGRICULTURAL MUSEUM

Waterhatch Road, Beverley

The Beverley Agriculture Museum located at Avondale Farm was open for the viewing public over the second weekend in October to coincide with the Beverley Heroic Cycling Event. Two of our volunteers John Alexander and John Islip were in attendance on the two days respectively, and were able to acquaint several visitors with the vast machinery collection.

As usual on the third Saturday of the month our group of machinery enthusiasts got together, this time to bale and cart a crop of Oaten/Pasture Hay, the proceeds of which are to be used for maintenance and restoration of the Ag Museum collection.

Many thanks to Duayne for his efforts in sowing, looking after and baling this years crop. He and John Hawke gave their time and also use of their own equipment during the baling and carting, which was undertaken with the support of Eric and John A. The small bales of oaten pasture hay are now available for \$7.00 a bale, enquiries to John Alexander 9646 0768.

After all this activity it was time for morning tea where Kerry and Kevin joined the group before everyone set off to reposition equipment following the volunteers hasty exit at the conclusion of the recent National Trust Community Open Day where several museum items were fired up for the public to view next to similar modern machinery provided by local businesses. There was also the regular tyre pumping and general activity surrounding our get together.

The Museum was also open on the third weekend in October, this being the final opening for 2019. The warmer weather saw only a few visitors over the two days and many thanks once again to John A and John I for attending the museum.

If you would like to find out more about becoming an Ag Museum volunteer please contact John Alexander on 9646 0768 or Dee Ridgway on 0428 464 007.

If you are interested in the oaten-pasture hay at \$7 per bale, contact John Alexander.

Behind the Microphone

101.3fm operates from the heart of the Avon Valley and Central Wheatbelt. It's a Community Radio Station. But what exactly is community radio? It is the alternative to commercial radio and

the ABC (public broadcasting). Community radio exists to provide content that is popular and relevant to its *local* audience.

In Australia, Community stations are not-for-profit organisations. Each week, over 5 million listeners tune into community radio and there are over 450 stations throughout Australia. 101.3fm is wholly staffed and run by volunteers – a great achievement, considering the huge amount of weekly, live broadcasting!

Voice of the Avon is the local community station covering Beverley, plus more than a dozen other towns in the Central Wheatbelt and Avon Valley.

For around 90 hours each week, there are live, locally-based presenters and programming at this station. Some are there from 6am, others finish at 10pm. And they have former broadcasting professionals (from both radio and TV) who are part of the volunteer broadcasting team and who happily share their experience and love of radio.

Broadcaster Training

If you've ever wondered what it's like to work in a radio station, now is the perfect time to have a try. What's so good?

- Knowledgeable and experienced trainers: take the opportunity to learn from people who know how to select and program music, plan programs, teach you to use your voice correctly and present to a professional standard.
- Programming covers a far wider range than the music and content presented by commercial radio.
- You are supporting and connecting with your friends, neighbours and local folk.
- Radio is the kind of volunteer area open to a huge age-range: Generally, the minimum age is 15, but there is no other age limitation.
- Initial community radio training can be the pathway to career qualifications.
- Broadcasting develops skills and confidence – it is definitely not just for extrovert personalities!

Voice of the Avon 101.3fm is preparing to run another initial training course. You will be part of a small group – no more than 4 trainees. And the sessions are very relaxed, positive and supportive. But first, do come to look through the recently-refurbished studios and meet your trainer. Please contact the station if you, or someone you know, would like to know more: radio6ycr@hotmail.com or phone the Station Committee President: Keith Taylor: 0439 417 664

Beverley St John Ambulance

SUB CENTRE NEWS

Our Purpose

The purpose of St John Ambulance in Western Australia is to serve humanity and build resilient communities through relief of sickness, distress, suffering and danger.

In Beverley, some of the ways in which your sub centre works to achieve this purpose is by:

- Emergency ambulance call outs
- Ambulance transfer between hospitals
- Provision of first aid courses
- Sale of first aid kits and kit servicing
- Ambulance attendance at local events e.g. football
- Involvement in community activities, including attendance at Beverley Show and Anzac Day

How to become a St John Ambulance volunteer

The Beverley sub centre is run by volunteers and is looking for willing volunteers to continue their dedicated service to the Beverley Community.

No matter where you live, you can make a positive impact in the Beverley Community. With St John, you'll learn new skills, receive endorsed first aid qualifications, build strong relationships with new people you meet and work with emergency services to make a real contribution to your community. You'll also receive a range of fantastic benefits.

When you volunteer with St John, you'll be part of the welcoming team that's changing lives, with the first life that it will change being yours.

To Volunteer please contact:

Drew Doncon: 0427 728 822

or visit the website: <http://changelives.stjohnambulance.com.au/changelives/volunteer>

Thank You

As you may have noticed, we have spread some crushed rock behind the sub centre to tidy up our parking and driveway areas. This should make the parking at the sub centre less muddy and more pleasant for all, particularly in winter.

An enormous thank you to Beverley Transport for carting this rock, without charge, to the subcentre. Also, thank you to Dan Wilkinson for the spreading of the rock. Your time, efforts and contribution towards the sub centre are greatly appreciated.

Thank you also to community members who have donated to the donation tins around town. These donations assist with the replacement of batteries and pads for the defibrillators and are greatly appreciated.

Office Hours

Our office is now open on Tuesday and Friday from 9.00am – 2.00pm and we are able to be contacted by email: Beverley@stjohnambulance.com.au

If you or your family have any benefit fund queries, are interested in volunteering or have any other query, you are welcome to drop into the office during these times. However, there may be rare occasions when the office is not open, so it is best to check first to ensure that we are available to help with your enquiry.

We look forward to assisting you!!

Novus Agri is a new grower group for the Beverley, York & Brookton areas. Our purpose is to provide an interactive forum where members of your farming enterprise can participate in Workshop days with Industry Experts to further develop skills and share your knowledge and experience with other members from within the group. We will be hosting events and facilitating meetings throughout the year where all members of your enterprise are welcome to learn and participate in discussion.

Is it time to....

EXPAND YOUR BUSINESS

Our September meeting held in Beverley was a Expand Your Business Information Day.

Attendees learnt about what their numbers and ratios are telling them about the expansion potential of their business. Everyone was able to work through case studies and different scenarios to see how their ratios change and hearing from a banking perspective how those numbers are used for property purchase financing.

Thank you to Carly Veitch from AgAsset and Lisa Judson from ANZ for the exceptional presentations and knowledge sharing to our group. Who doesn't love a YIYO?

The afternoon panel session with Carly, Lisa & Sabine (ANZ) and Lea Williams (Byfields) raised some great questions and discussion within the group.

Thank you to AgAsset for sponsoring lunch and ANZ for morning tea.

This day couldn't have been possible without the HUGE amount of work from two of our dedicated committee members Carly & Skye - Thank you!

For more information about Novus Agri, please email Kelly Mann (President) at novusagri@gmail.com or feel free to speak with Kelly on 0428 779 234.

Station News

The Station garden is available for public use at any time.

Just open the gates and enjoy!

Artists-in-Residence

Sept/Oct Air Trish Davis at the Station with her textile work

October AiR Lyn Nixon photographing a tiny precious object

July AiR Tim Burns talks about his prize winning painting at the Royal Show

Artist-in-Residence for the entire month of November is Roderick (Rod) Brown from Perth. Rod was born in Kalgoorlie and as a youngster remembers the great freedom he enjoyed surrounded by the stark but vivid images of the mines and surrounding bush, which he regularly explored. As a child he watched his father paint in oils and sketch, in charcoal and ink, portraits of local identities. The early seeds to later pursue art were sown at this time. Rod went on to live with his family in Australia, Europe and the USA. During this time he has visited over 40 countries around the world enriching his life and building on the foundations acquired in Kalgoorlie. Rod has been painting watercolour for 35 years and has exhibited at many public shows as well as solo exhibitions. While portraits are Rod's favourite subject, musicians, dancers, horses and riders along with rural scenes, still life and streetscapes are all part of his portfolio. Rod comments "I intend to explore the local area and discover lots of rewarding subjects to paint. I know there are some interesting historic buildings and of course the railway station. Portraits are my favourite subject and I would welcome the opportunity to paint anyone who was interested in having their portrait painted, or perhaps their favourite horse. I am looking forward to meeting local people and hope they drop in while I am at the station.

Rod is offering the following workshops:

3 HOUR WATERCOLOUR WORKSHOPS (no more than 10 participants to each session)

Adults: Thursdays 6pm to 9pm

Children 8 Years Upwards: Saturdays 10.30am – 1.30pm (byo lunch and waterbottle)

Anyone interested in these sessions please email Rod at

roderick@brown.name and indicate what is the best day and time, what their level of experience is, and if they will need any materials such as watercolour paper and brushes. Rod, if given notice, can source and provide it for a small charge.

Rod's website is worth a visit at: www.absolutearts.com/rodbrown

Beverley District High School

Independent Public School

Successful, Supportive, Sustainable

For more information about the school, visit our website and Facebook page!

We are working hard at Beverley to expand the horizons of our students in all areas of the curriculum. We also strongly recognise the importance of rewarding our students for many hours of hard work and effort that they put into making our school a wonderful place to be! Together with our P&C, a SPARK disco was organised to celebrate the success of our students and how as a school we represent SPARK in every way!!

Our student leaders organised a 'Student V Staff Netball match' to finish off Term 3. This was a great way to spend lunch time with our students and staff facing off on the quadrangle.

TERM FOUR- SAVE THE DATE

Term Dates: Tues 15 Oct – Thurs 19 Dec

Supporting the Early Years at Beverley DHS

It is a BDHS initiative to support the early years of education for children in Beverley. This includes our collaboration with playgroup which is positioned on the school grounds and occurs on Thursday mornings and supporting the work of the Beverley Early Years Group.

Last term the Beverley Early Years Group in conjunction with the Beverley District High School, Beverley Playgroup and WANSLEA offered a ME@3 program. This involved representatives from Wheatbelt health coming to our Playgroup building and providing activities which demonstrate milestone achievement for Speech and Language, Fine Motor and Gross Motor skills for three year olds.

Joanne Strange, Alexis Goddard and Carissa Shaw demonstrated what parents can do to help their children achieve their milestones and were available to answer questions. We look forward to running Me@3 next year.

Another part of this initiative are Prindy sessions. Through the support of volunteers, Beverley school and playgroup we also offered a Prindy program for children entering Kindy in 2020. Parents/grandparents and children came to the Playgroup building to meet other children and parents who will be in their class and experience a simplified Kindy program. Parents had a great time singing, listening to stories and exploring activities their children will be participating in next year.

There will be further Prindy sessions held this term with Angela Sims and Sharlee Higgins in the Kindy (refer to the advertisement below for details).

Prindy 2019 Fun Days

Engage with your child in a light Kindy program, get familiar with the Kindy routine and meet other families who will be in your class next year.

Come and join us at Beverley District High School

9-30am to 11am

Friday 01 Nov, Friday 15 Nov and Friday 13 Dec

Wear play clothes and bring a piece of fruit to share.

Expressions of Interest - Beverley Triathlon Sub Committee

The Beverley Triathlon needs 3 energetic local residents to join our sub committee to help arrange this annual event. We have the knowledge but we need some people to help us run this fantastic community event. If you are able to help or want more information contact Sam or Amor on 9646 1600.

Christmas business promotion

Attention local business owners, one of our staff will be visiting your business soon as we start to compile our shop local Christmas catalogue. This free advertising campaign gives your customers an opportunity to see your Christmas specials. The catalogue is distributed throughout Beverley and it's a free advertising platform for your business. Limited spots so make sure to get in early and secure your page either call or email the CRC.

We will be running an online marketing campaign especially for business owners, the '25 Days of Christmas on a Budget'. You will be able to come into the centre and use our product photo light box for free. Clean backgrounds and excellent lighting ensures your products will look professional. Interested, then contact Amor for more information.

Rose Show 2019

Thank you to all of our sponsors, entrants, guests, supporters and volunteers that make the Rose Show possible. This year we had lots of rose entries and the town hall looked and smelled amazing. Winners will be announced in the December Blarney.

Downloading E-Books from the State Library

Did you know that as a library member you can download thousands of books for free! Information session in December, registrations are now open.

BEVERLEY COMMUNITY GARDEN SURVEY

A sub-committee has been formed, as collaboration between Beverley Community Resource Centre and the Beverley Tree & Garden Club and keen local gardeners. This group wants to determine the level of interest and support in creating a community garden for area residents.

A community garden is a parcel of land divided into many individual beds. These beds are available to individuals or groups to grow vegetables, fruits, flowers and herbs. Use of these community garden beds requires a commitment to maintain them by planting, weeding, harvesting and cleaning after the growing season.

Our group would appreciate if you could kindly return the survey before 01/12/2019.

1. Would you be interested in a community garden being established in our community?

- ☐ Yes
- ☐ No
- ☐ Unsure

2. Would you be interested in having a garden bed for your own use? If no, please skip to question #4.

- ☐ Yes
- ☐ No
- ☐ Unsure

3. Would you need some help in growing a garden (check all that apply)?

- ☐ I do not need help
- ☐ I would appreciate help in deciding what to plant
- ☐ I would appreciate help in planting
- ☐ I need some tools for gardening
- ☐ I need help in learning how to use produce I grow
- ☐ I need help in learning how to preserve my crops

4. What issues would you want addressed in establishing a community garden? Do you have any concerns about a community garden?

5. Would you be interested in helping in any of the following ways (check all that apply)?

- ☐ Teaching and modeling how to garden
- ☐ Helping with planting and maintaining
- ☐ Sharing a garden bed with someone
- ☐ Teaching gardeners how to use fresh-grown produce
- ☐ Teaching gardeners how to freeze, dry or can the harvest
- ☐ Helping to fund a community garden

6. If you would like to be kept informed of the community garden's progress, please provide your contact information.

This information will not be shared with anyone other than the planning committee.

FIRST DAY OF TERM 4 AT PLAYGROUP

Storytime

Is that an Elephant in My Fridge? written by Claudia Ranucci was this month's book at Storytime.

When Fred can't sleep, his mum suggests counting sheep. But sheep are boring so he decides to count elephants instead! In no time at all the house is full of elephants! They are splashing in the bathtub, doing tricks on the landing, eating everything in the fridge - there's even a marching band on the stairs!

Beverley Toy Library

This month's Storytime book was *The Great Fairy Tale Disaster*. In this story the Big Bad Wolf is fed up with blowing down the Three Little Pigs' houses. So off he goes in search of a new fairy tale to be in! Wearing the ball gown in Cinderella didn't work because "wolves don't wear dresses!" climbing up the beanstalk and seeing the giant's huge feet scared the wolf, and "yuck" getting kissed by the prince in Sleeping Beauty is not for the wolf at all! As the wolf runs from page to page the whole book of fairy tales becomes a great mixed-up mess! All the kids enjoyed spotting all of their favourite characters in this hilarious twisted-fairy tale adventure!

After the story all the kids enjoyed playing Fairytale Memory Match. Playing this is a really fun way to involve kids of all ages, but also a great time to share some of your favourite Fairy Tales with them too!

Thank you to Beverley IGA Supermarket & Liquor for their generous donation to the Beverley Toy Library. This will assist with purchasing some toy storage containers and new toys.

Our kids love playing with their Toy Library toys

Backyard Buddies

Your monthly guide to pests, weeds & diseases

It's a TRAP!

Many of Western Australia's native trapdoor spiders are often mistaken for the notorious Sydney funnelwebs. This is because they are both part of the Mygalomorphae group (also known as primitive spiders) and look pretty similar!

Caption: Native male trapdoor spiders

Trapdoor spiders are common throughout Australia. Although they all live in burrows, most have a trapdoor lid covering their holes, whilst some only have camouflaged entrances.

Caption: Native trapdoor spider burrow entrance with lid

Unlike funnelweb spiders, trapdoor spiders are not considered life-threatening or aggressive, although some can deliver a nasty (but not life endangering) bite. They spend the majority of their time in their burrows and may only be seen if their burrow is dug up or flooded, or when the males wander in search for females during the warmer months (the girls prefer to stay at home waiting for their suitors).

Trapdoor spiders are useful for biological control as they enjoy a diet of cockroaches, beetles, moths, crickets and other insects, which venture too close to their burrows. The spiders themselves then become dinner for birds, bandicoots, centipedes and parasitic wasps.

The WA Museum has stated that funnelweb spiders cannot survive for very long, nor establish in the WA environment. WA's environment is very different from the environments of the eastern states where they are native.

If you are looking to get an unfamiliar spider identified, we strongly encourage you to take pictures of the spiders and send to our Pest and Disease Information Service (PaDIS) or MyPestGuide team, rather than kill them. There is a high chance they are one of our natives!

Further information on our neighbourhood spiders can be found on agric.wa.gov.au search 'spider'.

Beverley Visitor Centre Volunteers

You will now see the information banner out in front of the Cornerstone Visitor Centre on weekends as Visitor Centre Volunteers are opening 10am – 3pm. On the odd occasion it may not open as volunteers aren't available, however signage directs visitors to East End Gallery should they require Beverley information. Thanks Kate and Michael!

Are you interested in joining the team? Training is provided and various activities offered to expand knowledge and skills such as customer service training and bus tours (most recently to Visitor Centres in Chittering, Toodyay, Northam and York). If you can spare some time, perhaps a day a month, and are interested in greeting visitors and locals to the Visitor Centre on weekends please contact Sam at the CRC (9646 1600) or Dee (0428 464 007).

If the  banner is out then the Cornerstone Visitor Centre and Exhibits are open!

Beverley Community Garden Update

There is a new community garden starting in your neighbourhood, the Beverley Community Garden! Our Mission is that the garden will be a welcoming outdoor community place where the focus is on people, sustainable organic gardening, learning, teaching and healthy food choices.

Our group of enthusiastic volunteers have already identified land at the local school as a site for the community garden. They have commenced project plans, terms of reference, site assessments and protocols for a basis of the group.

As you could imagine starting such a large project from scratch is going to take a lot of community input and help.

There is a community garden survey on page 33 of this Blarney edition, or for an electronic version go to the homepage of the Beverley CRC website, www.beverleycrc.net OR scan the QR Code at the bottom of this page.

Our group would appreciate you completing this as we value your input to assist us in making sure we get it right the first time and ensuring the garden is sustainable for years to come.

Donations- we are gratefully accepting them! We have list of items that will help us so check out the list on page 32 to see if you have anything spare or no longer in use, feel free to contact one of our group members.

You may have noticed donations tins around town- we appreciate all donations no matter how big or small.

You can also support this community project by coming and buying some cakes or plants from our stall on Saturday 02 November, at the kiosk next to IGA.

We are holding a Community Swap Meet on Saturday 09 November at the Ram Shed at the town oval, with a sausage sizzle and refreshments for sale. The Men Shed members are bringing a truck load of items to sell. If you want to sell household items, plants, or any other goods, sellers are welcome for a \$5 fee. Full event details are on page 5.

Our group would like to thank the following for their kindness.

Beverley Men's Shed - making the garden beds with donated goods from John Roki.

Glenys Lane donating money for the raffle at the Rose Show.

Neil & Erica Murray donating money.

Beverley GARDEN AND TREE SOCIETY

The October meeting was held at the Dead Finish Museum and was largely confined to final arrangements for the annual Rose Show which will be held in the Town Hall on Friday 25 and Saturday 26 October. Setting up will be at 12.30pm on Thursday 24. All members are urged to come along and assist. Community members, please have a look at your roses and bring some along to add to the display. You may even have a prize winner. Raffle tickets and Devonshire teas will be available.

A visit to Lena's day lily and iris farm has been organised for Tuesday 29 October. Members wishing to attend, please bring a chair, mug and morning tea to share as we may have members from York and Mundaring garden clubs join us. Meet at the Dead Finish Museum at 10am to car pool to the farm.

The hot weather is definitely upon us with hopefully a few showers in between and there is lots to do in the garden during November.

WHAT TO PLANT IN NOVEMBER

Vegies – beetroot, capsicum, cucumber, pumpkin, lettuce, sweet corn, tomato, zucchini, radish, spinach and spring onion.

Flowers – alyssum, marigolds, petunia, portulaca, sunflower, salvia, calendula, lobelia and impatiens.

November is a great time to attend to the following tasks in the garden:

- Plant fast growing leafy green every 6 weeks for continuous cropping

- Lift and divide chive clumps to increase stock
- Tip prune passionfruit to promote flowers and fruit that form on new growth
- Trim daisies to remove old flowers
- Dress roses with a 5cm layer of well rotted cow or chook manure to feed and condition the soil for summer growth
- Prune old or tatty canna stems to ground level
- Dead head roses so they put their energy into producing new blooms
- When there are just 4 or 5 green leaves left on the stem, your garlic is ready to be dug up
- Harvest sweetcorn when the silks are brown and the kernels seem plump and emit a milky fluid when squeezed
- Plant silverbeet and rainbow chard as a gap filler, even in your ornamental garden
- Remove fruit from newly planted custard apple, avocado, mango and citrus. They need at least 2 years to establish strong roots and branches for crops
- Sweet potatoes love the heat. Buy a tuber and plant it. Trim off the runners into 20cm lengths and plant the cuttings.

Email virus in Beverley

There is a major PC email virus threat spreading in Beverley. Hopefully by the time you read this article the threat will have disappeared from the Internet. Once a damaging spam email is identified all the mail servers on the Internet will be updated to block the threat. However, the information below is useful to help you to identify and deal with viruses delivered by email

What is happening?

1. You receive an email on your PC with a dangerous virus attachment. It may appear to be from someone you trust – a relative, friend, school, club or business
2. As you trust the sender you open the attachment
3. The attachment immediately installs a computer virus on your PC and sends your Address Book to the criminal.
4. Emails are then sent to everyone in your Address Book or Contacts. The sent email includes the virus you received and an invoice (to be paid to the criminal!)
5. Your contacts now receive the infected email you received in 1. Above

And so, the cycle continues – and grows....

What should I do if I receive an email with an attachment?

1. If you receive an email with an attachment you can open the email – **but do not open the attachment without checking, even if you are expecting an email with an attachment.**
2. Check the 'from' address - is it genuine? It may have the name of the sender, but is the internet address correct? For instance, a spam email that claims to come from me might have a false address: e.g. Peter Horth <peter@abc.xyz.123>. If the address is false - **delete the email.**
3. If you think the email is genuine phone the sender to confirm whether they sent you an email with an attachment
4. If the sender confirms they did **not** send the email – **delete the email.**
5. If you are unsure if an email is genuine - **delete the email.** The sender can always resend it if necessary.

Is Internet banking safe?

The answer is **Yes** – providing you are careful with the security of your Customer IDs and passwords. I have been using Internet banking since it first came out in 1998 and I have never had any intrusion into my accounts.

Internet banking uses a secure session on your Internet browser (Firefox, Edge, Google Chrome, etc.) and an encrypted connection between your browser and the bank. Tablets and phones have similar security. Banks have highly secure computing systems.

The weakest link will be how you secure your Customer ID and password. Do not keep the Customer ID and password in plain text on your PC, or on a scrap of paper, or in your wallet, or an easily accessible notebook, etc. It is best to keep them in your head(!), or in an encrypted file on your device, or use a password manager (see last month's article).

A confirmation text to your phone adds extra security but can be compromised if a criminal has your Customer ID and password. Many banks offer a dongle that creates a random code to enter when you log in. Get one. The best security is "something you know + something you have".

What should I do if I accidentally open the attachment?

1. If you accidentally open an attachment that is infected – **immediately shut down the PC**
2. Shut down the PC by pressing and holding the power button until the PC is forced to shut down – **Do not use the normal shut down process as this may have been hijacked by the virus**
3. Seek expert help to remove the virus – **do not connect the computer to the Internet until it has been cleaned.**
4. **Change the password on your email** – You can do this by phoning your email service provider's support (e.g. Telstra, iiNet, Westnet, Microsoft etc) or use a tablet, phone or another PC to log in to the provider's email online site.
5. Stop the virus spreading - **Contact the people on your address book, let them know you have a virus and advise them to delete any recent emails from you.**

Our Wellbeing During Adolescent Transition

Transition periods are a normal part of life, they are ongoing through our many different ages and stages and are often associated with varying aspects of change or moving out of our comfort zone. Most young people, regardless of attending agricultural college or mainstream high school, growing up on a farm or in the city (both male & female) will have experienced some form of change in recent years. Whether developmentally (puberty), moving away from home, creating new friendships or the expectations placed on you around attitude, behaviour and study requirements, change is inevitable.

At this time of the year many young people (and their parents) are taking important steps to prepare for the final stages of their high school journey and transition into the beginning of their working lives. If you are one of these young people and reading this article it shows at least two things: 1. You have already survived and thrived through one very significant time of change and transition; 2. You are taking positive steps and preparing yourself for the next exciting transition of becoming a young adult and entering the world of employment or further study.

Periods of transition come with a new set of challenges that may put us under pressure. Moving out of our comfort zone means exposing ourselves to new and unfamiliar situations and can often lead to:

- uncertainty and discomfort;
- having to create new routines and habits (sleep can be affected);
- feelings of fear, worry or anxiousness (this is normal, but if it's ongoing and intense seek help);
- Increase in stress levels (some stress helps us operate during difficult times, but we need manage and keep an eye on our stress levels).

This all sounds a bit negative I know but the good news is that if we talk about these things, normalise our reactions and push through these times the boundaries of our comfort zone will grow and expand. We can gain satisfaction and meaning from getting through such times. There will always be some hold-ups, knock-backs, days when we question our decisions and things just won't go our way. Transition is a process, so you need to allow some time to settle in and adjust before you can survive and thrive.

Here are a few tips to help with the next stages of your life journey:

- Accept change as a part of life "stop wishing for what was and enjoy what is";
- Talk to your parents, peers and mentors about how you're feeling;
- Make time for your passions & interests;
- Exercise and take time to relax. No one can work or study 24/7, time out is an important part of your wellbeing and stress management;
- Stay socially connected and take time to laugh with others (not just on social media, get out and create opportunities to form new friendships and surround yourself with real people);
- Avoid drugs and alcohol use. If you do choose to drink (when you're 18) moderation and knowing your limits are vital;
- Use help or support services, they are there for a reason.

All the best for your next stage of life and remember ...before it all gets too much... Talk to a Mate!!

B.V.C.S pro bono service for the needy and not so fortunate- Short Update

1) We have been successful in our request to the parole board.

2) Complaints- Mal Roberts has been successful with the leading Telco, through help from our local member Mr Christian Porter (Attorney General's Office).

3) Sorted out matters with Centrelink and Homeswest of an urgent nature.

4) Our secretary, Sylvia, is unable to attend our office as she is in a wheelchair and faces great difficulty to be wheeled around.

5) Hardship- homeless, as per TV reports 21/10/19. Spare a thought for the 22500 whose payment was cut off at 60 disconnections daily. Sleeping rough- 9500 in WA. Waiting list for government rentals is 14500.

6) Food banks and welfare agencies are stretched to their limits.

7) Immigrations lawyer- last week spoke on TV. Some Visa changes take place, sometimes overnight without any notice. These laws are so complex one may have to seek proper advice from the legal professionals. There is a huge amount of paper work to apply for a Visa and all the Visa numbers are changed.

In essence, all Newstart, low income earners, even small business owners, are battling. In 1968 they called Australia the "lucky country"- lucky for who?

Farmers in drought stricken areas, some lucky ones receive \$13000. Who qualifies and who do not meet the point system by 0.1% miss out on the miserable \$13000 that they are rightly entitled to.

These farmers all have children and families and the Federal Government ministers are all boasting how many million dollars they are giving the farmers. The question is who is getting this money? Not the desperate farmers and their families.

CRANA Aboriginal Corp. Inc. Public Notice from Mal G Roberts (Director-Advisor, Acting Manager, Secretary and Treasurer) and Open Letter

I will be resigning from my official position as Director, soon after the book of accounts are audited and the bank account balanced.

At the next CRANA meeting of the Annual General Meeting, I will not be standing. Our AGM was set for 10:30am Monday 21/10/2019 and was cancelled as some of our members are caring for very sick relations.

I will also be informing the Tax Office and Office of Indigenous Corporation as the duly authorised person to act for CRANA will send them a copy of our financial statement after the books are audited. The bank will then be informed.

I have served CRANA Corp. for well over 20 years, even before I was elected to the committee.

I thank Mitch Henry, President, and all the committee members that I have worked with. The time has come, for health reasons, that I can no longer take this heavy responsibility. There are so many legal changes and obligations that mean CRANA, even though a charitable entity, is a constant struggle. Such as monthly general reports, emails, negotiating with various government bodies. A long battle to fight for equal justice for our Indigenous people.

As the Beverley community knows, I have also served Indigenous people in Brookton, York, Pingelly, Kellerberrin, Quairading, Northam, Kalgoorlie, Broome, Wyndham, Perth and so on. Finally, as this is last publication from me on behalf of CRANA, I offer my special thanks to all government bodies who supported CRANA. Special mention to our local member for Pearce, Attorney General, Mr Christian Porter. Special thanks to all the CRC staff for their excellent work helping out with the huge amount of paperwork over the past 15 years.

Mal G. Roberts JP

NB- CRANA's books of account will be audited by a public accountant.

LADIES GOLF

Welcome to our final edition of golf notes for 2019. On Wednesday 09 October we had our closing day where we invite past players, trophy donors and anyone who has helped us in the kitchen. This is the day that we present trophies to the winners of each golfing week.

On this day, we have a long drive playoff. Each month, we have a long drive on a different hole, alternating from the first nine in one month and then the next month we play the long drive on the other nine. Lyn Mactaggart, Jane Murray, Maxine Watts, and Yvonne Hobbs all participated in the playoff. All of the ladies teed off Number 18 and Yvonne Hobbs had the longest drive. Congratulations Yvonne!

This year for the first time that we can recall, we had to have a putt off as two players tied with the same amount of putts. Even on a countback, I could not separate the two. Glenys Collins and Maxine Watts had to putt from 5 different locations on the 18th green. We had to count how many putts they had for each hole and Glenys Collins won on the last putt. Congratulations Glenys!

Next year, 2020, we will be playing golf on Tuesdays as we have a few younger players who would like to join us. We are very excited about this!

Beverley GOLF CLUB

The **Beverley Gas and Plumbing** Grand Final 3-Ball Ambrose event was held on Saturday, 28 September. Winners of the event were the team of Alan Hammond, Kevin Elliott and Mark Kont with a score of Nett 62.5. Huge thanks are extended to **Gerry and Valery Seeber** for their support of this day.

The final fixtured event for the year was the Flag Tournament held on 05 October. Alan Hammond won the day by completing the course with two strokes in hand. Mike Carthew ran second by holing out on the 18th with his last stroke. The trial format was a hit with players and will be held again some time next year.

Although, officially, the season has ended there will be members continuing to play in Scroungers events on Wednesday afternoons throughout summer. Saturday afternoon golf will also continue for as long as there are players who want to have a social game. Anyone interested in continuing to play (members or otherwise) are invited to call Mark Kont on 0490 037 810.

End of Season Awards

Patron's Trophy (donated by **Fred Bremner**) for Best Full Eclectic Score- Paul Burns (48.2)

S.D. Moulton Memorial Trophy (donated by **Judy Moulton**) Best Half Eclectic Score-Liam Gollan (58.9)

Garry Miller award for Most Improved Player – Ken Bradley (lost 8.7 strokes. 33.2 to 23.5)

Rob de Gruchy King Ferret Plaque – Steve Johnston (5 ferrets)

The club would like to thank very much the sponsors of our annual awards for their support.

Scroungers

This Stableford event continues every Wednesday. Each week we play six different holes as determined by the Captain. As this format does not meet Golf Australia handicapping requirements we maintain our own handicap system which attempts to make everyone a winner at some point. Anyone is welcome to join us at 4PM tee-off. Results for October were:

September 25 - 10 players – won by Alan Scales – 15 points

October 02 - 11 players – won by Chris Lawlor – 14 points

October 09 - 8 players – won by Paul Burns and Mike Carthew – 14 points each

October 16 - 15 players – won by Wayne Smith and Steve Johnston – 14 points each (Also, a big thank you to Terry Woods from the scroungers for making too many sausages and having to offload them on us in cooked form on October 16).

Annual General Meeting

The Club's Annual General Meeting will be held at the Clubhouse at 7.00PM on Tuesday 04 February 2020. All members and prospective members are urged to attend.

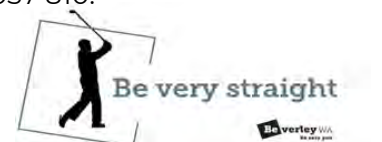

Thank You

Throughout the year there have been many people who have assisted the club through direct sponsorship, or with goods or machinery in kind, or by simply helping with their labour at crucial times. While we have tried to publicly acknowledge every one of these people during the year, there have probably been some omissions which are greatly regretted. The President, committee and members of the Beverley Golf Club would like to take this opportunity to express our sincere appreciation to everyone who helped throughout 2019. Without your support we would find it very difficult to operate.

Membership Enquiries

New and prospective members or visitors are always welcome to join us for a round. Although the season is officially over we would still welcome enquiries from any interested players. Further information can be obtained by calling Men's Captain Mark Kont on 0490 037 810.

We now look forward to the 2020 season. Good golfing to all.

BEVERLEY NETBALL CLUB

Well another netball season is done and dusted. Well done to the committee for organising the fast five competition in place of the Avon Netball association this year as clubs had decreased for the year without warning.

Fast 5 table at the end of the season. Beverley 1 were winners.

Beverley 1 - 10pts

(Jo Copping, Kelly Aaron, Sam Mearns, Loretta Adams, Hannah Morrell and Jamie-Lee Speedy)

Beverley 3 - 7pts

Brookton - 5pts

Beverley 2 - 2pts

Congratulations for sending a competitive team to Northam for the 2019 season. I don't think the girls minded the travel for the style of game that was played. Our very own Cara Hammond (pictured on the left) took out the Northam Fairest and Best for C Grade, well done.

The season started with a friendly East v West social competition on Saturday 12 October whilst hosting our friends from the Beverley Heroic Cyclocross. The official opening was held during afternoon tea where our President Graeme Lewis invited Club Patron Keith Murray to send down a couple of aces. Considering Keith's dodgy shoulder he did a marvelous job showing us all how it's done. The Westies were once again too strong for the East...better luck next year Easties.

The Mid-week Ladies team competition began on Wednesday 23 October. Five teams of four ladies will compete through until mid-December for team glory. If you'd like to fill in or play in any open days please contact Chantelle.

The Junior coaching is underway with Coach Keith O'Brien.

Our first tournament of the season was the Chris Boladeras Memorial Trophy. 13 pairs took to the courts in sometimes windy conditions, but everyone had a great day of tennis. Making the final were Jonathon Walker and Jacinta Murray taking on Mike Fairclough and Ali Lewis. Jonathon and Jacinta were the eventual winners in a close match. Thanks to Richard Boladeras and Family for their sponsorship.

Our next fixtured tournament is the Lew & Sandy Shaw Handicap Doubles.

All members who attend Sunday Social tennis receive a ticket into the weekly draw for two tickets to see Spain v Japan in the ATP Cup in January!

The final draw will be at the Christmas windup so **see you on the courts** every Sunday!

Who's been out and about:

- ♦ **Perth Royal Show.** Mac Ballantyne, riding Jack, and Carly Ballantyne, riding Jazzy, competed at the Perth Royal Show in the Prince Phillip Mounted Games Pairs competition. We are so proud of this team as they placed first! Well done to the Ballantyne family for navigating the complicated process in getting horses into the show grounds.
- ♦ **Baldivis ODE** Jessamin Pain, Riding Playboy, placed 2nd in the 45cm class.
- ♦ **Beverley HPC Gymkhana.** On Sunday our club ran a gymkhana that incorporated hacking, show jumping and games. We had 23 riders at the event competing it out against each other for ribbons and prizes. Thank you to everyone who attended and supported our club. Massive thank you to all our members for working together to ensure this was a great day!

October Rally: Our final rally for the year saw a busy hive of yellow and blue parents, riders and coaches putting every one through their final paces for the last time this year.

Welcome: To Sam and Jack Ballantyne who came to see what our club is all about and keep an eye on their younger siblings.
