SHIRE OF BEVERLEY PRESIDENT'S REPORT

New Council 2021 - 2023

These are my first Blarney notes as Shire President. Thank you to my fellow Councillors for electing me to this position. For anyone who does not know me, my name is David White and I have been a Councillor since first elected in October 2011.

Prior to Council, I served on the Beverley Hospital Board for 9 years and have been a member of the Beverley CRC Committee since 2012. Whilst being on Council over the last ten years I have enjoyed watching Beverley slowly but steadily progress, some highlights include the development of a tourism brand, the redevelopment at the oval, the construction of Moort Wabiny park, the widening of the Vincent Street bridge and most importantly the establishment of the industrial area. I firmly believe that encouraging industries and new business to Beverley will create for employment and it should always be considered an important priority.

There are other issues facing local government such as the expectation of State and Commonwealth governments for Local Government to take on more roles without providing the funds to carry out the tasks; and there being an increasingly greater regulation placed upon Local Governments without assessing their capacity to cope. I will endeavour to hold the regulatory authorities to account on behalf of local government.

If you would like to contact me for any matters, please email d.white@beverley.wa.gov.au

Council 2021 – 2023 comprises Cr Chris Lawlor (Deputy President), Cr Don Davis, Cr Peter Gogol, Cr John Maxwell, Cr Alan Sattler, Cr Sue Martin and Cr Tim Seed. Council formally welcomed Cr Maxwell and Cr Sattler at a swearing in ceremony on Monday 18 October 2021.

There is one vacancy on Council due to the resignation of Mr. Terry McLaughlin. An extraordinary election will be held on Friday 21 January 2022. The formal advertising calling for nominations will begin in the 4th week of November. If you are thinking about joining Council, please do not hesitate to contact me, another Councillor or the CEO.

Vincent Street Streetscape Project

The undergrounding of power has well and truly commenced. Thank you for your patience as drilling continues under the footpaths. Please travel slowly down the main street as there are many workers and pedestrians on the road.

On Saturdays, please look for extra parking behind the Cornerstone Building, behind the Shire Office **and between the Town Hall and Men's Shed**. You can also utilise the space between the Pharmacy and the old co-op building (across from the Butcher).

Western Power's contractors who are completing the undergrounding of power are expected to be here until Christmas. New light poles will go in November/December and in the New Year the civil works will ramp up. Civil works include road, drainage, footpath and garden works.

Fire Control

Firebreaks are to be installed by 1 November and be maintained until 15 April. For full details on the Fire Break Order you can refer to the Shire website or the leaflet sent out with the Shire rates.

We are currently in the restricted burning period which means you need a permit to burn. To apply for a permit please visit the Shire's website and remember to allow at least 48 hours for the permit to be issued.

The Prohibited Burning period is expected to commence on 14 November, this is where no fires are allowed. Please check the Shire's website page to stay informed.

Tourism

The town is still enjoying an influx of visitors and tourists. The Shire's three accommodation sites; caravan park, cabins and RV friendly park are being booked and used. We trust this is economically assisting our local business. Once the tourist season slows down, we will look to have an official opening of the cabins so everyone can have a little look.

THANK YOU

THANK YOU AND FAREWELL FROM STEVE RAMM

Janet and I recently sold our Beverley property.

Thank you to everyone at Beverley IGA, Avon Trading, The Post Office, The Shire, plus Jenny Broun and The Platform Theatre committee, 'The Jacks' and Tim Kilpatrick, also Rachel, Dave, Vicky, and John Lane for making my 17 year stay in Beverley very memorable. It will never be forgotten. Janet and I treasure all the many wonderful friendships we have made during this time. We hope to see you on our return visits and maybe on the road somewhere on our travels. Our love and best wishes to you all. Thank you.

*With Remembrance Day on November 11th,
the RSL would love to present the below
poem by Bob Dungey, noting that the same
sentiments can be applied to Remembrance
Day.*

ANZAC DAY

Rocket walked into the rest home to see his dear old
mum
On a Thursday evening, just like he'd almost always done
At least one day a week in any case 'Mum I'll get there if
I can'
To look at him you'd never pick him as a 'care for
mother' kind of man.

He got the name of Rocket cos his family name was
Sienz
He was covered in tattoos...his face had ornaments of
iron
There were bits of metal everywhere...his brows his lips,
his nose
He had a purple Mohawk hairdo, wore mostly denim
clothes

As he walked along the corridor a door was open wide
An old man, sitting all alone was what caught Rocket's
eye.

He paused there in the doorway, he said....'are you ok
old man?'

The old man eyed young Rocket off in a way you'd
understand

'What's going on with you young fella all covered in that
stuff

You're a wild looking bugger and pretty flamin' rough.'

'Don't mind the way I look old mate....I'm here to see me
mum

She's Roma....Roma Sienz....up there in one 0 one.'

'Well you can call me Bill', he said 'I'm a veteran of the
war'

'I served in several places up 'til 1944

Im bloody ninety five now, I'm running out of puff

Im glad you said g'day mate, it doesn't happen much.

'What about your family?' Rocket asked him with a frown

'They never come and see me mate, they're on the
other side of town

But my grandson has made a promise that when ANZAC
day is here

He'll pick me up and take me to a service somewhere
near.'

'Do you reckon you would know mate, how important it
could be?'

To honour fallen mates who never got to live their life like
me?'

Side by side we fought.....in mud and blood and tears
We were all just kids then ...full of courage...full of fear'

Rocket sat there on the bed and listened to Bill talk

A tear was in the old blokes eye as again he took that
walk

That walk through war and tragedy that shaped his
future life
And the heartbreak he endured when he lost his loving
wife

Rocket shook Bill by the hand and told him he'd be back
Probably next Friday ...and they could have another
yack

He went and saw his mum then, they had their usual
chat

Their easy Thursday evenings went pretty much like that.

The Friday Rocket promised became impossible to do

He was working out of town with an unfamiliar crew

They got back in at 4 a.m., they'd been repairing power
lines

They had to finish overnight and they'd got it done on
time

Rocket took a shower, and he wondered if old Bill

Was sitting in his room and waiting, for his grandson still

Today was ANZAC day, and although he'd had no sleep

Rocket knew there was a promise that someone had to
keep.

He jumped into his ute and drove straight to the home

And sure enough he found old Bill, sitting there alone

He was kitted up in suit and tie, he'd pinned his medals
on.

His shoes were polished shiny , his hair was neatly
combed .

'My grandson isn't here, he let me down, he doesn't
care'

'He did the same thing last year, I have no way of
getting there'

'Come and jump into my ute Bill.....and hang on bloody
tight

When the service starts you will be there, saluting at first
light.'

Bill took his place among the ranks... of the warriors of
old

He stood straight and proud.... although the dawn was
bleak and cold

He listened to the service, but his mind was far away

He closed his eyes.... and watched old comrades

passin his very own parade.

And when he heard the bugle play a tear ran down his
cheek

His thoughts were with departed mates, he didn't need
to speak.

He stood in silence for some minutes, he let the
memories flow through

Then he turned and walked away, there was no more
left to do

Rocket put his arm around old Bill and walked back to
the club.

'Im gunna shout you breakfast mate, then a couple in
the pub.

Bill grabbed Rocket by the arm....he said....'Son make no
mistake'

'Anywhere and anytime....I'd be proud to call you mate.'

Chairman's Report

Beverley Frail Aged Lodge

September 2021

The past 12 months have been quite busy with regular meetings although there are a lot of issues yet to be resolved.

It was decided to seek charity status so any fund raising would be a tax deduction to those who wished to donate. Our application was rejected as our constitution did not meet their requirements. Thanks go to Jack Barrett-Lennard who helped us with our initial enquiries.

Several alternatives have been put forward for an auxiliary power source at the lodge. These have included a small generator that would need to be started when power failed or a larger more expensive unit that is plumbed into start automatically or a solar powered battery setup and, finally for the lodge to be linked to the large generator at the hospital. John Lane made a visit to inspect the generator at Corrigin which was put in at the cost of \$40,000. Graham MacDonald and Karl Smith have both been contacted for their input. Hopefully, we will be able to make a final decision subject to finances, as soon as possible.

Upon receiving a grant from the Shire, we have been able to employ a consultant Caroline Robinson to do some future strategic planning. Thanks to Dee Ridgway for successfully applying for the grant. A business plan will be necessary if the Capital Grant Funds are directed to the Lodge.

A new, long term, lease agreement has been drawn up by WA Country Health Services (WACHS). It now includes a rental payment to the Frail Aged Lodge committee account of \$22,500 per year. This will enable us to have a capital base to do improvements to the Lodge.

Thanks to all those on the committee for their input and to our Secretary/Treasurer, John Lane, for his commitment. I would also like to acknowledge the work done by the HSM Michelle Bauer. Michelle has a very demanding role but is always very approachable and has the best interests of the lodge, the residents, and the staff in mind. Her assistance in directing me to the right contact person in the health department to gather information and following up some issues herself, has been invaluable.

I think 2021-2022 is going to be a busy year for the Lodge Committee. The Lodge building is now 49 years old and needs updating to meet the Health Department standards and to continue to serve the needs of the aged in our community. It is a valuable and necessary asset to our town and the onus is on us to continue to maintain an improved the Alex Miles Lodge, set up by the dedicated work of the original committee.

Thank you

Lew Shaw

Beverley Volunteer Community Services Update

Matters Dealt With: Housing Problems, displaced persons living in a friends shed, due to marriage breakup. Had to seek legal advice for settlement in the family court, property settlement, children visitation rights etc.

Other marriage breakup, warrant, legal advice from the lawyers at the Citizens Advice Bureau. I am unhappy with the service and lodgement of formal complaints for being rude to a lady in the district that I did refer her to the CAB an apology has been given and the matter sorted out and is now preceding in the family court.

I now work closely with share and care where there are seasonal or singular issues, such as partnership breakups, becoming homeless, financial problems, pro bono lawyers, Centre Link, synergy to make up entitlement of the needy person and the financial officer meets with my referral person and sorts the problem one by one checking if there is money to put food on the table especially if children are involved.

Complaints: My work consists of largely helping the needy and the not so fortunate and those that cannot speak for themselves. At times I must phone parliament house to get the name and phone numbers of the minister overseeing the department. This entails advocating to the premier of WA and the ministers to seek fair and equal justice for those I speak for.

Centre Link: To avoid problems, keep your information, change of circumstances, job seeker entitlements. In some cases, I have been to centre link to speak for others and settle matters.

Those having payment problems in the workplace, I have been referred to contact the Fairwork Ombudsmen and disabled persons can contact both Fairwork and the discrimination minister. If you get no satisfaction, see me, I will take the matter up with Premier McGowan.

Justice of the Peace: Witnessing of Documents, in both medical practices, and in the shire, by appointment only, in the conference room with Mr. Steve Gollan as the authorised second witness, thanks Steve. This practice as the CEO of the Beverley Shire, with the former CEO and the current CEO, Mr Steve Gollan, has been going on for some 30 years. They deserve thanks and more. As a JP I witness some documents in my carport. I do not visit homes due to the covid virus unless someone is wheelchair bound – also we are not allowed to visit homes unless it is safe to do so re infection. I always wear a mask.

Covid Virus Rules, Regulation & Info: I phoned up the minister of health office and was referred to the covid virus information hotline, then referred to the Infectious Diseases department who then referred me to the local GP who was unavailable to give an exemption, medical certificate, exemption certificate. I was then referred to a government hospital where an application must be made online 4 pages of why you want an exemption or test for Covid – a merry go round.

I sent an email to Premier McGowan complaining of the Merry Go Round, and no result. You have a covid information centre who can provide info, I expressed my disgust at the run-around to the Premier.

Family Court, Estate and Properties: Be Very Careful before you seek legal advice, costs can start at \$432 for the first visit or taking someone to court or if you defame a person of high status (slander or defamation).

Court cases – proof of evidence, verbally or written – attract hefty payouts (under the Law of Torts). Many have lost their houses in slander cases.

If ever a bailer serves you with a warrant, it is a court order or it may be local police. First thing is phoning the Clerk of Courts for more information and what is involved, whether you must swear and give answers on the stand, some people break down. Check you may need a lawyer to speak for you. Note: This is information only, always seek legal advice)

Wills: Most legal firms suggest you make fresh wills every 2 years and get it witnessed by a qualified person.

Note: that the above is information only and not legal advice. If in doubt seek legal advice or get help from your local MP.

Finally: A big thank you to our secretary Sylvia Seddon been with us for over 30 years. Ralph Edwards our former treasurer was a loyal and strong supports for over 20 years and Verna McKelvie – (joint/local) secretary, who handles all the email and payment work. Many sincere thanks to you all. A big thank you to CEO Steve Gollan, the shire for providing me with an office for some 25 years.

Remembrance Day

**Thursday November
11, 2021**

History of Remembrance Day

Remembrance Day was originally called 'Armistice Day', and 2 minutes of silence was observed for the first time at 11 am on 11 November 1919 to remember those who had died.

It's a day when we acknowledge those who died while serving in wars, conflicts and peacekeeping operations. Remembrance Day is held on 11 November each year. This is the anniversary of the Armistice that ended fighting with Germany in World War I. People in Australia, and many other countries, observe 1 minute's silence at the 11th hour of the 11th day of the 11th month because that's when the Armistice came into effect. It's a time to honour our service personnel who died in service of Australia.

In 1918, Australia made a promise never to forget the service and sacrifice of 416,000 Australians who enlisted and over 60,000 who died. For over 100 years, we have kept this promise. We remember them still.

Warrior Wellbeing Article

Coping with Change

As individuals we all have a different capacity to handle life events and stress. This capacity and our own innate level of resilience is tested when challenged by change either on a personal front or in the workplace. Our life's journey will have many unknowns and the only guarantee in that journey is that there will be *change*.

Dealing with change will often throw up a number of variables. Some people are more at risk than others of becoming dysfunctional during the change process. From studies undertaken those who may struggle with change can be identified as follows:

- individuals who get meaning from a single purpose, like work. This is usually us blokes as we are primarily defined by our role and function e.g. our job. The social/spiritual dimension of most blokes often goes unexplored, and as blokes we just don't talk about issues close to our heart;
- individuals whose role is threatened;
- individuals who are passionate about their role;
- individuals whose security is threatened.

Research tells us that half the population will take change in their stride having little or no effect on their wellbeing. The other half of the population will be affected, and the percentage affected can be broken down into the following categories:

- 20% showing stress signs for up to six weeks (is this normal?)
- 20% showing stress signs for up to 12 months;
- 10% showing profound affects (chronic trauma – distress unresolved).

If we fit into one of the 20% or 10% categories, we need to seek support and have a chat to someone about our distress. It may be through our EAP (Employment Assistance Program), doctor or private counsellor and/or involve talking to a mate (close friend or a family member). Vocational wellbeing is extremely important because we spend a majority of our time at work. Some points we may want to consider before making decisions on the work we do, or making a change are:

- be happy and enjoy what we are doing;
- be passionate about what we are doing;
- keep the work life balance right;
- keep growing our experience, it's never complete.

Coping with change in our life is a daily event, sometimes not all the changes are good, especially around bureaucracy. To thrive we must work at it and even though it is challenging at times, the process of change often gives us new skills, increases our capacity and flexibility in life and quite often sends us off in a direction that we would never have allowed ourselves to go.

For more men's health & wellbeing information, check out our Working with Warriors® Podcast Series which is based on conversations around men's wellbeing and health from our Working with Warriors® education sessions. The short podcasts, regarding a man's approach to his wellbeing and health, are now available to listen via our website or on Spotify, Apple Podcasts, Google Podcasts, and numerous other podcast directories.

CRANA Notes

Mal Roberts remains on as a Hon Advisor and speaks for the CRANA members or any indigenous person under authority but has no official financial management or voting powers.

Information and Clarification:

- a) What is a Certificate of Aboriginality? Proof of Aboriginality and decent, and who qualifies and who is qualified to issue this certificate?
- b) Some awareness which is based on aboriginal law (customary law based on 60,000 years of traditional culture)
- c) Firstly, the applicant and their ancestors must have 3 to 4 generations of connections to their roots e.g. Some in Beverley, if you qualify, must provide to the local elders here in Beverley.
- d) Nevertheless, customary traditional law states that the local elders decide who is a person of Aboriginal decent and their ancestor's connection. Once the elder (local) decide and agree the chosen elder authorises Mal Roberts to prepare and issue the Certificate, signed by the president of CRANA and witnessed by Mal Roberts. This is done authorisation as it is a legal document. For employment or sporting bodies this certificate is a requirement.
- e) *Note: Mal Roberts has discussed this matter with the Minister of Indigenous Affairs office; that the local aboriginals decided who is an aboriginal person and not the government or any minister of the crown.*

Mal Roberts is currently trying to finalise matters with Shine Lawyers and keeps in touch regularly.

Harvest is Coming

(when it stops raining)

As we come in to the summer months, the farmers around the district will be starting to harvest their crops.

This means that large agricultural machinery and long trucks carting grain will be sharing the roads.

- If you're travelling near an agricultural vehicle, please be patient, reduce your speed, maintain a safe following distance of two seconds or more, and only overtake if it is safe to do so.
- If an oversized ag vehicle is approaching you from the opposite direction, you may need to pull over safely to let them pass.

What's bugging my *Pittosporum*?

Adult *Pittosporum* bugs and nymph (far right) breeding and feeding on a damaged *Pittosporum* plant.

Speckled sap suckers

With summer just around the corner, it's time to look out for these notorious, native bugs on your *Pittosporum* plants: *Pseudapines geminata* or the '*Pittosporum* bug'. These bugs are come from a large family of shield bugs called Pentatomidae. As their common name suggests, these speckled sap-sucking insects feed primarily on *Pittosporum* plants but occasionally love to munch on our very own native bluebell creepers and Rottneest Island pine.

Pittosporum is a genus of flowering shrubs native to Australia, New Zealand and some parts of Asia and South Africa. Despite each *Pittosporum* plant species usually having a shield bug species that is specific to them, the most common *Pittosporum* bug species we see around in WA is *Pseudapines geminata* across all *Pittosporum* plant species.

Did you know?

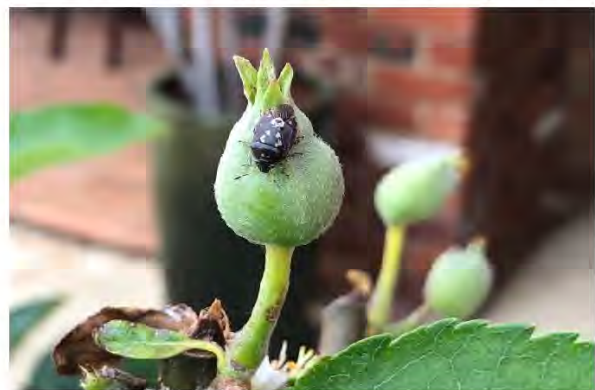

The relationship between the *Pittosporum* bug and its *Pittosporum* host plant is complex and

sympatric (meaning a close, long-term biological interaction between two different organisms). The wingless nymphs (juvenile form) of these bugs resemble the black sticky seeds of the *Pittosporum* plant, which also serve as an important food source for the nymphs and adults. When the shield bugs are predated upon by birds, these seeds stick to the birds and are carried away, aiding seed dispersal and subsequent propagation of the *Pittosporum* plant! In cases of insects mimicking their food source (seeds), the bugs that most resemble the seeds are harder to find by the predators and therefore will not be eaten.

Critter Control – If Needed

Pittosporum bugs can quickly build up to large numbers and cause serious damage to your *Pittosporum* shrubs if not controlled early. With regards to control, there are several organic options which target these sap-sucking insects including pest oils and soaps, however for severe infestations, a systemic insecticide may be needed to get them under control.

Got unfamiliar pests bugging your plant? Take photos, record the plant species and report it!

Beverley CWA

Hi everyone,

Our small but dedicated group of ladies meet up socially on the first Wednesday of every month at our Country Women Association Hall on the corner of Vincent and Dawson streets where at 9.30am we share morning tea and a good old natter together, so if you would like to come along, please feel free to attend with no obligations to join.

On Wednesday October 20 we held our usual branch meeting, and as part of our 'Australian knowledge theme' this year, Diane gave us a talk about Queensland, bringing in some exhibits, Raw Caster Sugar and Tea grown there, followed by a general quiz, these talks are not only informative, but also considered to be a good way of stimulating a person's mind as we get older. Although she was listening, one of our members was seen to be doing some hand sewing at the same time, multi-tasking haha, as usual some discussion was given to the upcoming events for the rest of the year.

Our next monthly branch meeting will be held on November 17th at 10.00am followed by a 'bring and share lunch', everyone is always welcome to attend.

The weekend of the 13/14th November the Lake House Gardens will be open to the general public for viewing, the CWA ladies will be fund raising by catering at this event on both days, on Saturday there will be a Sausage Sizzle with cold catering on Sunday, we look forward to sharing the smells of the beautiful spring flowers with you.

Now who does not like a good old 'sing a long'? we are holding our November event on Sunday the 21st at 1.30pm with a \$5.00 door fee, followed in December by a 'Christmas test' of your vocal cords on Sunday the 12th, no doubt some good old Chrissy Carols may well make an appearance, and you don't need to be a Soprano, Tenor, Baritone or any other tones as all are welcome (just enjoy---humming is acceptable).

And with the Christmas Theme embedded in our minds now (it won't be long before the Hot Crossed Buns hit the shops haha) we are holding our '**Christmas Raffle**' selling tickets at the Lions Kiosk on Friday 10th December followed by the addition of a Cake Stall on Saturday 11th.

Need to know more about our group? Or maybe just want a social outlet? Feel free to ask our President Pat Hambly on 9646 1481, or maybe you need somewhere in town to hold a social event, why not contact Wendy Hambly on the same phone number for hall hire costs.

Do you want to know more or have questions about Beverley CWA? Why don't you give the Branch President, Pat Hambly, a call on (08) 9646 1481.

Need a place to hold your next function? Why don't you hire the CWA rooms? Call Wendy Hambly on the same number to enquire.

Changes may be made without notice

CWA York keen to learn about our culture and others!

Our monthly Branch meeting was held on Friday, 8th October 2021 in our rooms at 154 Avon Terrace, York with plenty on the agenda. Our President, Dawn Ainsworth, received a call from the President of the Coorow Branch complimenting us on the displays on our front fence – she is inspired to do something at their Branch to brighten things up. Speaking of fences, the side and rear asbestos fences at our premises are in need of replacement and the local Men's Shed is going to install a Colorbond fence for us. Our gratitude goes to Ross Ainsworth, Bob Copley and everyone from the Men's Shed for their assistance. On Thursday, 11 November, the ladies will be catering for the York District High School Principals' lunch. Also, we will be catering for the Art Prize function to be held at Botanicalia, our immediate neighbours, on Sunday, 21 November.

Of course, there is far more to CWA than catering; our membership includes an International Officer whose role is to broaden our cultural horizons. When Betty Draper filled that spot, she introduced us to the beauty of Japan as well as entertaining us with the experiences she and her husband shared while on holiday there. Our new International Officer is Paula Armstrong who will be teaching us about our very own First Nations Peoples. Paula has purchased a book titled the Balladong Noongar Dictionary – it provides translations of simple phrases and words, for example, "welcome" and the names of birds, flowers and seasons...November is the season of Kambarang.

We are absolutely delighted to welcome The Reverend Canon Dr. Philip Raymont to our November meeting. Father Philip resides at the Rectory in York and we are very fortunate that he is also ministering to the parishes of Beverley-Brookton, and Quairading.

It is with heavy hearts that we farewell Haydn Smith who passed away recently in tragic circumstances. Haydn was a much-loved resident of York which was evident by the massive turnout at his funeral service. He was a family man with a very keen sense of community and our sincere condolences go to the Smith family and all Haydn's many friends, young and old.

Dino Dig

The Pre-Primary and Kindy students from Beverley DHS heard that there were dinosaur bones at Avondale Discovery Farm. So, they planned a trip, boarded a bus and put on their palaeontologist's badges for the Dinosaur Dig. The area had been pegged out, so they worked in teams to dig in areas and guess what they found...Dinosaur Bones!! Each bone found was recorded and brought back to school so they could try to reassemble the bones and work out what dinosaur they found. What an exciting day! Thank You to the Avondale team for their continued support for this excursion!

Our Palaeontologists working very hard!!

Great Work Girls!!

Palaeontologist's need a break too!!

Before and After School Care at Beverley DHS

WE NEED YOUR SUPPORT!

In response to parent requests, we now have TheirCare providing before and after school care Monday to Friday onsite in the Playgroup Building located on Edwards Street. Care is available from 7am – 9am and 2 – 6pm.

This is a great option for our families who are looking for care this year, and beyond. If this is something your family needs now or into the future, please come on board and support this venture. The students are picked up after school and are safe in the care of Margaret in not even needing to leave school grounds!

This is a low-cost child care option for K – 6 children qualifying for government childcare subsidy. When the partnership arrangement is reviewed in just over three months' time decisions will be made about whether this service continues into 2022 based on the level of patronage from families. Call in to see Margaret at the Playgroup building, to find out more details about what the program offers and how it can work for you.

We need your support to keep this service going for BDHS families!

Book Week

Book Week Costume Day is one of our favourite events of the year at BDHS. The costumes were once again very impressive and it is so great to see so many students and staff participate. Well done and thank you to all of our amazing families for your effort with costumes for our kids!!

End of Year Book Awards

The school is seeking donations from interested parents or organisations to assist with the purchase of end-of-year book prizes. Monies/Cheques can be left with the front office. Alternatively, you can make a payment directly to the school bank account with the reference: EOY Book Prize. **Please note the change in bank details Commonwealth Bank BSB: 066-040 ACC: 1990 6635.**

Please contact the office if you have any queries. We greatly appreciate your support.

More photos can be found on our **Beverley District High School Facebook** page.

COVID-19:

Please practice good hygiene and physical distancing at all our events, and use the hand sanitiser stations provided. If you have travelled outside WA in the 14 days prior to events at the Station, please do not attend.

Artists-in-Residence at the Station

Artists during October

For first half of October Alan Pickering enjoyed his time painting plein air about town and on roadsides painting farm scenes. Beautiful work!

And James had his portrait painted!

The last two weeks of September saw Jane Li and her friend Jeanette, both from the Rockingham watercolour society, filling their days painting and running workshops – and not just painting ones!

Above: Jeanette with Jane who arrived laden with Chinese dumplings before the workshops had even begun.

Artists in Residence during November 2021

We have three artists arriving at different times during November:

1-14 Nov we welcome

Kelsey Diamond who is a multidisciplinary artist (Bachelor of Arts graduate) and works with textiles, drawing, ephemera and poetry.

She is also an emerging curator and organiser who is

driven by the desire to create more opportunities for artists to experiment. She currently curates/co-ordinates visual arts for Haxa House.

Though both a visual and performing artist, Kelsey will be working with drawing and painting whilst in Beverley, but is also keen to some of our rubbish tips with her camera!

15 – 22 Nov we have **Annis Woods**, an emerging artist, who only took up painting in 2016 after a serious illness prompted her to reevaluate her lifestyle and goals.

Many of her paintings have sold and are held in private collections in USA, Barbados, Northern Cyprus, the UK and here in Australia. She enjoys painting most subjects and would love to share with you the joy of pastels in a workshop on any image you like, Birds, Pets, Beaches, Landscape... you choose the subject. Annis will provide Pastels and Paper and she has plenty of reference photos or you can bring along an image of your own.

For either a 3-hour group workshop (\$40 per person or \$60 for a one on one session), contact Annis by email Art@terannis.net or phone 0434972771 to discuss when suits best).

24 – 30 Nov we welcome back **Thelma Cluning** who is a multidisciplinary artist working principally in textiles, collage, paint and drawing; and because of her shorter stay, Thelma will focus on her *First Loves* of textiles and collage, creating small scale works which lend themselves to transitioning to canvas prints.

Thelma will be bringing 15 packs of Vintage kimono fabric to distribute to interested locals, who wish to engage in a 'speedy turnaround' small scaled textile panel project to exhibit on Sun 28 and Mon 29 Nov. Packs can be picked up from the Station Arts Gallery on Wed 24 between 3-5pm or Thursday during Gallery hours.

Resolved and unresolved works will line the gallery walls and Thelma will conduct demonstrations for anyone interested in ways to value add to their original work by multiple copying.

Image Detail: Manipulated print of Thelma's original free motion stitch textile artwork, based on an underwater environment

Please keep an eye on the weekly Bulletin for further

information regarding residencies, workshops or any changes to schedule - or contact AiR Coordinator Marylou on 0427085511 or email:

residency@beverleystationarts.com

Artists-in-Residence for the remainder of 2021

DECEMBER: Julie Parsons and Peter Clarke 1- 14

Tourism Portal for WA Regional Collections

On Sunday 17 October we had a visit from Roz Lipscombe (WA Museum), Tui Raven (curator and writer) and Bo Wong (photographer) who selected and photographed three paintings to be included in a new website, or tourism portal, to promote Western Australia's regional collections. We are to be part of the Tourism WA Golden Outback region, which will be designed to attract tourists and other visitors to regional collections, as part of a State Government election commitment to promote these rich cultural resources and increase visitorship.

BSA Annual General Meeting

Beverley Station Arts held its AGM on 29 September and welcomed two new members to the committee – Chris Lawlor and James Rodoreda.

Beverley Station Arts Inc. Committee for 2021/22

Beverley Amateur Dramatics (BAD)

Keep an eye out for when the BAD group advertise later in the year for auditions for their next musical in March 2022.

If you would like to be involved in future productions (backstage and onstage), please email Britt Hadlow beverleyamateurdramatics@gmail.com to be put on the mailing list.

Beverley Station Singers

Station Singers will continue to meet on a Wednesday every 3 - 4 weeks either in the Station Gallery or in the Platform Theatre Greenroom. The last meet was spent practicing for the Anglican Church Restoration concert. The next session will be **Wednesday November 10 at 7pm** in the Station Greenroom, when practice picks up again for the Dunsborough Songfest 12 – 14 November. Singing is directed by the talented Kelly Newton Wordsworth, cost \$20 per night. Sarah Miller is coordinating singing so if you are keen to come along and sing your heart out you can phone 0427464078. New singers always welcome.

Performing Arts

It was with great disappointment that the producers of *Indigo Sand* had to cancel their show due to one of the actors taking bereavement leave. We apologise for any inconvenience caused to our patrons, particularly to the school staff and children.

Marzocchi Contracting

We are excited to announce the Marzocchi family has started a new business.

Who are we? My name is Anita Marzocchi. I have a background in administration and health, and during the last five years I have been coordinating Home and Community Care. Our family is now embarking on a new enterprise and we look forward to providing the following services to the local community:

- One-off jobs that Service Providers do not perform e.g. cleaning ceiling fans, top of fridge, those hard to reach places, cleaning out grimy cupboards, stacking wood, cleaning rubbish bins
- Window cleaning / fly screens
- Domestic/Office Cleaning - regular weekly/ fortnightly
- Housekeeping duties: e.g. ironing, shopping, meal preparation, stripping bed & changing linen, running errands
- Professional letter writing

"Anita has been cleaning at the Quairading CRC since the beginning of this year and has been doing a stellar job! It's so nice to come to work on Monday morning to a fresh smelling kitchen and lunch room with sparkling surfaces. She always communicates well and makes ordering supplies seamless. She goes above and beyond and achieves more than is asked of her. She is clearly an experienced and very competent cleaner."

Beverley Community Garden

Your Community Garden is looking a treat. The wet winter has ensured good growth on all the fruit and ornamental trees and bushes as well as bountiful vegies. The flower gardens are a picture with a big variety of plants and colour. The winter crops have finished and we now have new spring vegetables planted. Why not come in on a Tuesday to pick your own fresh vegies. The regular volunteers, especially Murray, have

been working hard with brick paving now enhancing the gazebo and a sturdy passionfruit vine trellis in place.

Did you notice that our vegetable entries in the Beverley Agricultural Show did us proud and were awarded 6 First and 2 Second prizes. We also added a basket of vegetables to the Garden club/Historical Society display at the entry to the Exhibition shed.

The CRC in conjunction with the Community Garden has held several interesting and successful workshops in the garden. It is great to see children involved in the garden too.

Recycling cans and bottles is providing us with some welcome income. If you have any to donate, please leave them at the gate so that we can sort them into the correct bags.

We will be holding a SWAP MEET in the garden on Saturday the 30th of October so clean out the spare room or garage and bring unwanted items to sell. Sites available for just \$10.00. Please ring Betty on 0400 569 971 for further details.

We would like to sincerely thank our generous donors listed below.

Brett Shaw for timber

Harvey Morrell for sheep manure

Mark Ashworth for compost

Riz from West Pest for termite treatment

Laurie Lupton for tomato plants

Community members for bottles and cans.

Beverley Tree & Garden Society

TREE & GARDEN SOCIETY

The October meeting was largely given over to plans for the Rose Show. By the time this issue is printed, the show will have been held and winning exhibitors awarded. Full results will be in the next issue. Several of our members rolled up their sleeves for a busy bee at the Dead Finish museum garden resulting in a good tidy up. Thank you to all who assisted.

The next meeting will be held at 10.30am on November the 9th at the Dead Finish and will include our AGM.

The hot weather is upon us with a few showers in between and there is lots to do in the garden during November.

Vegies to plant in November include – beetroot, capsicum, cucumber, pumpkin, lettuce, sweet corn, tomato, zucchini, radish, spinach and spring onion.

Flowers to plant in November include – alyssum, marigolds, petunia, portulaca, sunflower, salvia, calendula, lobelia and impatiens.

November is a great time to attend to the following tasks in the garden:

- Plant fast growing leafy green every 6 weeks for continuous cropping
- Lift and divide chive clumps to increase stock
- Tip prune Passionfruit to promote flowers and fruit that form on new growth
- Trim daisies to remove old flowers
- Dress roses with a 5cm layer of well rotted cow or chook manure to feed and condition the soil for summer growth
- Prune old or tatty canna stems to ground level
- Dead head roses so they put their energy into producing new blooms
- When there are just 4 or 5 green leaves left on the stem, your garlic is ready to be dug up
- Harvest sweetcorn when the silks are brown and the kernels seem plump and emit a milky fluid when squeezed
- Plant silverbeet and rainbow chard as a gap filler, even in your ornamental garden
- Fluctuations in soil moisture can cause root vegetables and fruit to split
- Sweet potato loves the heat. Buy a tuber and plant it. Trim off the runners into 20cm lengths and plant the cuttings

Enjoy your time in your garden in November.

BEVERLEY HISTORICAL SOCIETY presents

The 'Beverlettes' Marching Girls squad

In June 1957 a Beverley Marching Girls squad formed as a result of discussion at a P & C Meeting: -a senior team for girls aged 14 and over, and a junior team for girls aged 12 to 14. The Headmaster of the Junior High School, Mr Bill O'Callaghan, undertook the training. They had to raise money for uniforms and until then they wore their hockey clothes. Their first public appearance was at the school sports day where their display included precision marching involving many intricate movements.

The 'Beverlettes' uniform of bright pink blazer & cap with white pleated skirt, white boots and gauntlets was admired when they marched in complete uniforms in February 1958 down Vincent St from Dawson St to Forrest St. Motorists were asked to give the girls plenty of room for their manoeuvres. Later that year they made their first appearance at the Beverley Annual Agricultural Show.

By 1959 there were four teams of Marching Girls – Seniors, Juniors, and two Midgets - led by Nancy Tobin, Beryl Jones, Roslyn Winfield and Maureen O'Callaghan. Their demonstration at the Beverley Show, was received with enthusiasm with special applause for the 'Tiny Tots'.

A Carnival at Midland Junction in November 1959 enabled the team to compete against city squads. Beverley was the only country team at the carnival. The Beverlettes made appearances at Beverley Anzac Day Parades and appeared at an indoor venue for the first time at an Entertaining Musicale in the Beverley Town Hall in July 1961.

A blazer owned by Denise Strange (nee Boyle) is on display at the Dead Finish Museum.

Keeping Our Farmers Growing

Quairading Parts Outlet

Opening November 2021

In our continued efforts to enhance product support to customers, Hutton and Northey Sales is proud to announce the opening of our NEW parts outlet in Quairading.

The Quairading outlet, opening in November 2021 just in time for this harvest, will offer all existing lines in aftersales parts only. The development recognises geographical gaps that currently exist in supporting our customers.

Hutton and Northey Sales commenced operation in Merredin over 45 years ago. Progressively the business has expanded throughout the Wheatbelt region and now has branches in Mukinbudin, Corrigin and Cunderdin. The opening of our parts outlet in Quairading will further cement our strong commitment to providing a comprehensive parts, wholegoods and after sales service to customers.

Our staff are our greatest asset, and we acknowledge and value their contributions to Hutton and Northey Sales which allows us to offer this expanded service to our customers.

We look forward to this exciting development in the Quairading community.

The tennis season is underway! Lovely weather conditions greeted a huge crowd who enjoyed dusting off the cobwebs for opening day. Our patron Keith Murray formally opened the season by sending down a few aces.

Junior coaching and ladies tennis are in full swing with great numbers attending both programs.

Our first tournament, the Chris Boladeras Memorial Trophy was held on Sunday 24 October 2021. There was an amazing 40 entrants which allowed four groups to play with semi-finals and a grand final. The winners of the day were Frank Tyson and Carissa Shaw over Chad Vandenberg and Laura McLean. Congratulations to all involved in putting on a great day and thank you to the Boladeras Family and Kodie Fleay of Beverley Gas and Plumbing for your continued sponsorship and support of the club.

November continues to be a busy month with the Juniors Tournament, Ladies Open Day, Lew and Sandy Shaw Handicap Mixed Doubles and Mixed Championships all scheduled.

A reminder that memberships are completed online this year. Please use this link <https://play.tennis.com.au/beverleylawntennisclub> and follow the prompts for membership and registration. If you are registering a family, there is the option to add additional members after the first registration is completed. We will have our computer at the club on Sundays, so if anyone is having problems we can help with the process.

Ladies Bowls

Our season opened with our Gala Day on the 7th October, we had 14 teams participate, our winning team was from York consisting of Sheila Petch, Gwen Gentle, Helen Crowhurst, and Sue Collins with 9 points Plus 25. Our Runners-Up were from Goomalling they being Gail Lemos, Deb White, Val Clarke and Lesley McPherson with 9 points Plus 23.

I would like to thank our many sponsors who supported us on the day, also our many local businesses for there donations of raffles also thankyou to Glenys Hastings and Leslie Heal for running there pot plant stall with cuttings from their gardens, and Marg Peck and her helpers in the kitchen who kept us all well fed, and the men who put many hours in leading up to our day and for manning the bar, and Glenys Collins for doing the draw and many other behind the scenes jobs, that helped the captain out.

We started our pennant season on the 12th October with a double header in York in cool conditions, we played Quairading Red first up in the morning managing to get over the line by winning 37 points to 35 points. Afternoon round was against York who came out the winners with 63 points to 19 points probably revenge for us beating them in the finals playoff last year.

We travelled to Northam on 19th October to play Northam Blue but owing to inclement weather no bowls were played so each team gets 2 points, so the girls went and did some shopping therapy before heading home.

On the 26th October Beverley will have hosted the Avon League Triples.

Beverley Horse and Pony Club

2021 Pony Club Australia Nationals: Mac & Carly Ballantyne were honoured to represent WA riding at the 2021 PCA Virtual Nationals in Tetrathlon and Mounted games held between 27th-29th September at the State Equestrian Centre WA. The many months of training and preparation in the lead up to this event certainly paid off!!

Mac did a fabulous job getting PB's in the Running, Shooting and Riding phases of the Tetrathlon. Carly, in the Mounted Games team rode so well...it will now be a long wait to find out the final results at the end of November, once all the other states have had a chance to run their events and collate the results.

Even though we were unable to travel to Victoria, as planned due to Covid, this was a wonderful experience that has provided all the kids involved with long lasting memories and friendships.

Perth Royal Show PPMG: Our Beverley PPMG team was invited to ride at the Perth Royal Show with the other six finalist from the State Active Riding Championships. Tealah Hawke, Emily Maxwell, Mac & Carly Ballantyne and Nell, from Serpentine Pony Club all formed a 'Beverley' team and represented our club on the day.

October Rally: On the 17th October our riders had a stunning day for our final rally for 2021. We had 13 riders attend and all riders joined together for a ride out in the afternoon. **Welcome** to Jenaveve and Annalyce Page for visiting our club for the day. **Congratulation** to Trinity Matthews for achieving her D and D* Certificate, Mia Farr, Angus and Stella McLean who achieved their E certificate.
