# SHIRE OF BEVERLEY PRESIDENT'S REPORT

## Roadworks and Bridges

Prior to the recent storm, the Council had a number of bridges that had reached a stage of needing attention. Funds to attend to these are only available through the Commonwealth and State Governments.

Since the storm, major damage has been caused to various roads within the Shire with culverts washed away and severe washouts being left. A review by Shire staff has determined that the total cost to repair these roads is of the order of \$3,000,000. Applications have been lodged to have our area declared a disaster area so that the Shire can qualify for emergency funding from the State and Commonwealth. Unfortunately, this process is complex and time consuming and the Council is not able to provide a timetable for when these repairs will be carried out. The urgency is acute as many residents who travel these roads will be aware.

As a result of this funding issue, the bridge on Talbot Road which was marked for replacement and was due to be carried out in the next financial year, has been put on hold by Main Roads. The original estimate to replace this bridge was \$2,700,000 but Main Roads reviewed the estimate to \$6,000,000 based on similar projects currently around the State.

While many in the community might think the Shire is dragging its feet in having all these repairs carried out, I can assure you we can only work within the bureaucratic framework created by the State and Commonwealth and sadly, it is not underpinned by speed.

I would like to conclude by sincerely thanking all those community members who helped the Shire in clearing roads and debris generally to enable roads to be opened in such a quick timeframe. Such assistance is unique to our communities and greatly appreciated.

## The Workforce

Since the Covid years, employers throughout Australia have come against the shortage of people able or even willing to come back into the workforce. At the Shire, this has shown up in difficulty locating plant operators and gardeners. I would like to thank those former employees who have come out of retirement to fill vacancies and help out in the short term.

As of writing we are pleased to have been able to engage two people to work in the gardening team and two plant operators.

## Integrated Planning

In the previous month's report, I gave notice that the Community Strategic Plan was now due for review and renewal. This process begins on Wednesday 26<sup>th</sup> April with Council engaging Mrs. Caroline Robinson to begin the process. Further community engagement will be on the following date: *Thursday 8<sup>th</sup> June @ 6:00 pm in the meeting room at Cornerstone*, but please check with the Shire website, Facebook, and electronic notice board outside the Cornerstone.

## Fairbridge Festival

The Committee of the Fairbridge Festival recently visited Beverley to assess our capacity to stage the event. We have been notified that we are now on a short list of four.

## Easter weekend.

Congratulations to the Tennis Club and Committee of the Beverley Station Arts, for their successful events over the Easter weekend. The Art Exhibition was the 54<sup>th</sup> and there was a record 375 entries. I was privileged to have been requested to open the exhibition on the Thursday night where a large crowd was present. The Tennis Club conducted their 89<sup>th</sup> tournament and received 257 entries which is one of the largest. So, next year is a BIG one!

Finally, a big thank you to those involved in organising the Weekend Markets on the Saturday of the weekend. Had the street buzzing and a large crowd enjoyed the event.

Cr David White

Shire President

# Our Sincerest Apologies

The Beverley Blarney would like to sincerely apologise to the family of Mr Frederick Norman Strange for the misprint of his name in the April edition of the Blarney.

**St John**  
*For the Service of Humanity*

St John Ambulance Australia is offering a new eLearning resource teaching basic first aid skills that can be used in the crucial few minutes post-accident. The online training takes 30 minutes and it is completely free. The interventions taught will create educated drivers who are ready to assist in the event of a road emergency.

# Save the Date!

Wednesday 2 August 2023 – A matinee show in the Beverley Town Hall.

DAVID SCHEEL in ***DON'T SHOOT ME, I'M ONLY THE PIANO PLAYER***

A runaway success in London's West End, at successive Edinburgh Festivals, at the Melbourne Comedy Festival and right across the USA, this is a hilarious send-up of classical music, which has established Australian pianist, David Scheel, as the successor to the legendary

Victor Borge. Beautiful music, and musical fun performed in so many accents/voices that David has also been compared to the late Robin Williams, and Peter Ustinov. Hear a familiar tune played in the styles of the old masters + an i-Pod; two famous pieces played simultaneously, one with the right hand, one with the left, plus his "translation" of the lyrics of *Waltzing Matilda*, already a comedy classic. Visit [www.davidscheel.com](http://www.davidscheel.com) or Google: David Scheel + YouTube.

*"As funny as any, wittier than most, and, uniquely, a concert pianist of international stature...He stands alone, in a class of his own."* [BBC Arts Review]

*"The only show in town that can satisfy lovers of classical music and comedy alike."* [San Francisco Chronicle]

# Thank you

Thankyou Shire of Beverley

The Beverley Frail Aged Lodge Inc. (BFAL) Committee wish to thank the Shire of Beverley for funds allocated from the Community Grants Program to develop a Forward Plan 2022 - 2026.

The Committee also wishes to thank community members who took the time to provide feedback throughout the process and Caroline Robinson from 150Square Strategic Solutions for assistance and expertise.

The Plan provides guidance for current and future Committees to progress, support and secure the long term future of the Alex Miles Lodge facility in Beverley.

The BFAL Committee is responsible for Alex Miles Lodge on behalf of the Beverley Community and the facility is managed by WA Country Health Services by way of a lease agreement with the Committee.

The Committee looks forward to our community's ongoing support of the Alex Miles Lodge which provides a care and accommodation option for residents who wish to remain living in Beverley.

### Halogen Leadership Conference

Student leaders had a very successful and enjoyable day at the Halogen National Young Leaders Day in Perth on Monday 20th March 2023. Each leader had at least one speaker on the day whose message really reached them. Since the event, leaders have been passing these messages on to their peers. Our leaders are a fantastic representation of BDHS. A big thanks to Mrs Shaw for organising the event, Mr Phil Veitch for driving the bus, and parent help!

### Interschool Swimming Carnival 2023

What a day our Interschool Swimmers had on March 28 in York! Everyone swam with such pride and determination, supporting each other as well as students from other schools. A huge thank you to all the parents and carers who attended the carnival to support our swimmers.

Year 5 Girls 4 x 50m Freestyle Relay (Amelia, Charlie, Ashlyn, Pippa)

Congratulations to our age group medal recipients:

Alec, Amelia, Billy, Hamish T, Ruth, Ruby C and Piper (also secondary 100m champion girl!).

## Design & Technology Term 1 Year 4

This term, Year 4 students were tasked with the team challenge of designing and building a house. The house needed to be able to withstand wind and rain and could only be made using recycled household products; and what a fantastic job they did.

These creative thinkers worked together to provide innovative and practical solutions to the challenge. Our Year 4s were put to the test, allowing them to flex not only their creative muscles, but also their practical thinking skills.

The design process included developing ideas, planning production steps, and evaluating their project plans and strategies. Before students could commence building, they also needed to examine the properties and characteristics of the materials they were choosing and think about this in relation to stability and purpose. They were required to examine ways to join, connect and assemble components that would ensure success.

After models were completed, designs were then put to the test in a rigorous practical exercise which utilised the forces of nature, or more practically, a garden hose and blower vac, to simulate storm conditions. Although some homes were damaged, most homes were able to withstand the storm.

After the 'storm' students reflected on how well their design met the challenge criteria while also evaluating their design's function and aesthetic qualities. Students performed exceptionally during this exercise. They all displayed great team spirit, working well, and encouraging all members of the class, not just those in their team. I am very proud of everyone's efforts and all students should be congratulated on a job well done.

Mrs Sarah Aquilina, Year 4 Teacher.

The dressing was a feature of the production. During the intervals Mrs-Hodgson and Mr. S. Efford played extracts from Novello's "The Dancing Years". Other of the credits listed were: Decor, Joy Atkins; Evening Gowns, Joy Atkins; Scenery, Dean Barnsley; Properties, Warren Eayrs, Ian Melrose; Kevin Dear; Robin Goulder; Lighting, Grahame Ford; Make-up, Esther Efford.

The repertory club took this constructive criticism to heart and a year later had outstanding success with a one-act play by a New Zealand writer, Jean Laurence.

Beverley Times reported, Friday 15 September:

"Pity, My Betrayer" is a drama, the scene of which is the interior of a main room in a poor mill hut in New Zealand. This is not a play about the colour bar but about the tensions that stem from incompatibility, and the snobbery of heredity and race. Clare Hanare (Therese Safe) is an English girl married to Jim, who is a quarter-caste Maori (W. O'Callaghan). Their child Kit (Pauline Safe) is shunned at school because of her part Maori blood, and a poignant situation develops concerning her relations with the other children. Rex O'Reilly (Brian Pearse) self-assured, easy-going manager of the mill tries to break down the resistance

of Clare Hanare after she has admitted that her marriage to Jim is a mistake. Jim comes home from the "back bush" slightly drunk. On his way to the mill hut he has heard from Mrs. Collins (Mary Weaver) that Rex O'Reilly has been visiting his wife during his absence. He arrives home feeling rejected and unwanted and just drunk enough to be belligerent. The tension that builds up, and the final denouement has all the elements needed for good theatre.

Beverley Times, Friday 22 September 1961

## Repertory Club Scoops Pool

Remarkable success attended the Beverley Repertory Club players when they went to Narrogin on Saturday last to compete in the Great Southern Drama Festival in which clubs from three other centres (Narrogin, Williams and Pingelly) competed. The plays were presented before a packed audience at the Narrogin Town Hall.

Beverley scooped the pool, winning all awards. The play presented, Jean Laurence's "Pity, My Betrayer", was adjudged the best offering of the night, and Mrs. E. Efford won the award for the best production. The best actress award was shared by Mrs. T. Safe and Miss Pauline Safe (daughter of Mr. and Mrs. J. Safe) and the best actor was Mr. Brian Pearse.

It is unusual for one Club to take all awards at such gatherings and is a striking testimony to the high level of the talent available in Beverley.

The Beverley Times commented on Friday 29 September 1961:

It was Repertory at its best and a triumph for all concerned in the production. Jean Laurence's New Zealand play of racial prejudice called for acting ability of a high order if it was to succeed.

As the English girl married to a quarter cast Maori, Therese Safe came up with a piece of sustained acting of the highest order whilst Pauline Safe's performance as the schoolgirl daughter of the union was an impressive and sometimes moving one. The other woman member of the cast was Mary Weaver who took over the role of the garrulous Mrs. Collins at short notice and with much success.

Brian Pearse's performance as a mill manager was adjudged at Narrogin as the best performance on the male side of the cast. He was most effective but without detracting from the merits of his performance he was, in our opinion (at Beverley at any rate) shaded by Bill O'Callaghan as the part-Maori, Jim Hanare. Much depended on the latter's handling of the climax and in this he revealed histrionic ability of a high order indeed.

The Beverley Repertory went into recess in 1967, briefly revived in the late 1970s but was wound up in the 1980s.

## BEVERLEY SUB CENTRE ST JOHN AMBULANCE.

The year is quickly flying by, Easter has come and gone, now Anzac Day has been.

Thanks to our Crew and Committee who attended and marched on Anzac Day this year. This keeps the spirit of the Anzacs alive for future generations to come.

Anzac Day 2023 Beverley St John Ambulance & Fire crews marching & a group photo of the Beverley SJA crew, Firefighters & Nurses.

The Sub Centre, Committee & Crew extend our deepest sympathy to Ian whose mother passed away earlier this month.

Our Crews have once again been quite busy over the last few weeks, and we have been ably assisted by the local crew of DFES, on a few occasions for which we are very grateful.

Training has been well attended with our crews gaining more and more knowledge each training night. Sepsis has been the main topic for April and we are all now very familiar with it.

Would you like to become a Local Legend and join Beverley Ambulance Crew? Lionel would only be too happy to give you all the details on becoming a Volunteer. He can be contacted on 0449 536 233.

Unfortunately, our Community Paramedic Drew Richardson has left us due to ill health, for which we are very sorry. Drew has been our CP for some years and had a great rapport with all our Crew members. We wish Drew all the best for the future. Bronwyn Hearn has taken over his role and we look forward to as many years with her and as much fun as we had with Drew.

Welcome to our patch Bron.

Congratulations go to Jenny who was Invested as an Officer in the Order of St John early in April at the Investiture Ceremony held at the Perth Convention Centre. Jenny joined Beverley SJA back in the 90's (a long time ago) under the guidance of Edna & Terry Boyle. During this time Jenny has worked hard to gain all the qualifications necessary to be an efficient Ambulance Officer. She is also an active committee member and a Volunteer Development Officer, at Beverley Sub Centre. Well done!

Pictured is Jenny with His Excellency the Honourable Chris Dawson AC APM KStJ Governor of WA, receiving her award.

Don't forget there is another First Aid Course being held at the end of May, enrolments can be made online, further details elsewhere in the Blarney.

Beverley Sub Centre is manned every Tuesday & Friday from 9am to 2pm. Jo our Administrator is only too happy to help with any queries you may have, or perhaps your need to pay your Membership or purchase a First Aid Kit. The Red St John Flags fly out the front on these days.

Stuck for an idea for Mum for Mother's Day why not a handy First Aid Kit for her? Call in at the Sub Centre and see the range that is available.

Hello Beverley Community

We have had a very wet and cold introduction to winter and it seemed to happen overnight.

Storm damage at the Garden centre was a surprise as well, our shade cloth that covered the majority of the raised garden beds was split in two and will have to be repaired.

Half of the very generous donation of sheep manure has disappeared down the waterways as we suffered an extreme flash flood, which took us all by surprise. Fortunately nobody was hurt. A lot of raking ensued as we didn't want any visitors to trip on the debris left by the water's wake.

On a positive note, our vegetables are thriving and growing quickly due to all the rain. We have planted all sorts of winter vegetables and an amazing array of herbs for all to enjoy in the near future.

A big thank you to all the volunteers that manned and donated their plants, cooking and goods to our Easter Sunday stall outside the Beverley Post office. Thank you John for giving us this space.

A special thank you to Suzie who donated lovely little ornaments from her furniture shop for us to sell, it was a very productive stall which helps us to manage the Beverley Community Gardens expenses.

We have received a grant for a water meter to be installed and are very appreciative of the CRC for loaning us funds so we could move forward with our plans of installing the water meter at the garden, sooner rather than later. The CRC has generously allowed us to pay back the loan as we raise funds.

A shout out of thanks to all who donate the recyclable bottles and cans with the BCG as this allows us funds to be able to run the Beverley Community Garden well whilst not putting any financial pressure on the volunteers.

A big thank you to Betty { our Captain and President } and her partner Eric for going to all the trouble of researching, ordering and then picking up our new shed from the city. All your efforts are greatly appreciated.

Thank you to Cliff and Murray for tilling our soil with the second hand rotary hoe, it has saved our backs a lot of stress.

A reminder that the Beverley Community Garden is open to all, come for a cuppa and chat or come to enjoy planting as a group. We are open minded friendly people, who just enjoy communing with nature and each other. Our policy is inclusiveness and no pressure.

Anzac Day is approaching on 25th of April. A heartfelt thank you to those that have Served in the Services, in bygone days and to those who currently do so. Thank you and God Bless you all.

# Beverley Garden & Tree Society

The April meeting of the Garden club was held at the Dead Finish Museum after a two hour Busy Bee where we followed up on our previous work. We now have most of the garden under control and ready for winter rains. We will continue to do maintenance work prior to some of our meetings.

The May meeting has been cancelled but we will visit Grant Hobbs's garden on Thursday the 4<sup>th</sup> of May. We will meet at the Dead Finish at 9.30am for anyone who wishes to car pool or needs guidance to Grant's home. After visiting Grant's garden we will have a cuppa at Linley's home.

There couldn't be a better time for gardening than in May. There is still time for plants to become established before the really cold weather hits us.

Vegies to plant in May include – broad beans, broccoli, cabbage, cress, spinach, lettuce, onion, radish, shallots, spring onion and strawberries.

Flowers to plant in May include – cornflower, pansy, poppy, stock, statice, viola and calendula.

May is a great time to attend to the following tasks:

- \* Lift and divide clumps of native violets and replant in the shade. Keep soil moist.
- \* Snap off the flowers of herbs to keep the tasty leaves growing
- \* Thin overcrowded fruit on apple, pear, citrus and plum trees so the remaining fruit can develop to full size and flavour
- \* If you have an area of persistent weeds, cover them with a thick layer of overlapping newspapers, then a 5-8cm layer of mulch over that
- \* Overcrowding of bulbs in containers can look really good so pack them in closer for maximum effect
- \* Prune bottlebrush once autumn flowering has finished. Prune behind the flower heads
- \* Now is the perfect time to plant coriander
- \* Transplant any shrubs that are in the wrong spot or are being crowded out
- \* Lift and dry garlic and onion once the leaves start dying
- \* If you find aphids on new shoots, squash or squirt them off with a jet of water
- \* If you have black spot on roses, remove affected leaves, avoid overhead watering and ensure good light and airflow around plants
- \* Move cold-tender indoor plants away from cold windows and cut back on watering in the cooler seasons
- \* Fertilise a newly planted rose once it puts on about 5cm of new growth
- \* Water citrus regularly as the fruit is maturing. A lack of water can cause fruit to drop before it reaches full size
- \* Add slow release fertiliser to pot plants
- \* Give bulbs plenty of water while growing but stop watering when their leaves start to die down
- \* Pumpkin is ready to harvest when the stalk attached to the vine starts to wither and change colour

Enjoy your time in your garden in May.

## *Beverley Ag Museum News*

Although the Museum collection has numerous exhibits covering over 150 years of farming in the Wheatbelt region, we are extremely grateful to David Lillico for his recent donation of an Oxford Allen 'toe cutter' Scythe which is still in working order, powered by a Villiers Two Stroke engine, these units were produced by John Allen & sons of Cowley, Oxfordshire England between 1935 and 1973, they had a variety of implements that could be fitted to them including the standard triangular blade mower, (hence the nick name of Toe Cutters because they operated all the time the engine was running), other items that could be fitted were Rotating Brushes, Air or Water Pumps, Saw Blades (we have a similar example of such in the collection) and Hedge Trimmers, on a personal basis I can recall working on such a unit during my apprenticeship in the early 1970's. This is a very welcome contribution to the collection that will be located near the 'Widow maker' log cutter, ---never heard of it? Why not pay us a visit, see the Beverley Bulletin for opening times.

Our group met up again on Saturday 15<sup>th</sup> April, quite often I find myself forgetting jobs (both at home and at the Museum) we had previously discussed that needed doing, so I wrote a list this time which seemed to work well as it gave everyone an opportunity to choose rather than ask, often as you get older sometimes the 'files' in your mind are not always in the right place!

Naturally Paul continued his work with restoration of the International C30 truck, Bob and myself focused upon cleaning, sorting and improving the workshop area, a job that has been well overdue, while Eric made an excellent effort ensuring the back sliding door worked okay after the recent storms helped accumulate leaves and gravel into the door runners, he also made a good start to clearing away the long dead grass from the area. And a big thank you to Danny from the Shire for removing the fallen branch from near the door.

Many thanks to Phil at the National Trust for his help with organising a plumber to replace the outside tap and supplying a quote for a new water supply to the workshop sink, it is heart-warming to see so much progress with the maintenance of the building.

On Saturday the 22<sup>nd</sup> a group of Plein Air Painters came to Avondale Farm and utilised the Beverley Agricultural Museum as their base, not only enjoying the natural surrounds but also finding plenty of examples to paint. Naturally Moo, the resident Emu came to see what was going on, suddenly it was brushes down and mobile phones and cameras clicking, quite a celebrity is our Moo.

If you are interested in joining our group or visiting the Museum Collection, feel free to contact me on 9646 0768.

John Alexander----Beverley Volunteer.

## OUR APRIL EVENTS

### ARTS AND CRAFTS CLUB

This month our little crafters created paper raffia baskets to celebrate Easter! The kids had a great time wrapping and weaving, some finding this to be more challenging than others. The group went home with a paper raffia basket each to collect their Easter chocolates in! Next month will be making mandala rock paintings!

### SERVICES AUSTRALIA "BLUE GUM TRUCK"

We had the Services Australia truck visit Beverley on Thursday 19 April, offering assistance & support to our local residents. Our trainees, Angela and Alyssa were given a private tour of the truck and met the super supportive staff. Thank you to Services Australia for the visit and we hope to see them again soon!

### SOLAR ECLIPSE

We were super lucky to have one of our local astronomy enthusiasts, Brian, set up his telescope and display for the community to watch the solar eclipse! He was able to tell us all about the eclipse along with showing us the sun spots, that are roughly the size of Earth! Thank you to Brian for teaching the community about the eclipse and his extensive knowledge on astronomy!

### SCHOOL HOLIDAY KIDS MOVIE

We had 30 kids come to watch the movie Lightyear, a back story of the Toy Story character, Buzz Lightyear. Thank you to everyone who came to watch the movie and enjoy some yummy popcorn!

# Maximize your Pasture for Maximum Returns.

With a wide variety of high-quality fertilizers to choose from, you're sure to find the best product for your pasture growth with Summit Fertilizers.

Our Superphosphate has an even granule size and minimal dust for easy handling and spreading. Alternatively our Pasture and SuperPasture products have higher phosphorus levels, providing significant freight and logistical savings.

With our custom blending facilities, these products can be combined with potassium and trace elements to meet your exact requirements.

Contact your local Summit Area Manager or visit [summitfertz.com.au](http://summitfertz.com.au)

# Influenza is a highly contagious disease.

The virus is spread through air or water droplets when someone coughs, sneezes or talks. These droplets can settle onto hard surfaces, e.g. doorknobs, so you can catch influenza from touching a contaminated surface with the influenza virus on it, and then touching your mouth, eyes or nose.

In most cases, someone with influenza will recover naturally within 2 to 7 days. If you have mild symptoms and are not at increased risk of developing severe illness from influenza, you should stay at home and rest until you are well.

Recommended treatment for mild to moderate influenza

Take paracetamol to help reduce fever and head and muscle aches.

Get plenty of rest - Stay home from school or work and avoid contact with other people. Drink plenty of fluids. Eat healthy food.

Wash your hands often, especially after coughing, sneezing or blowing your nose and before you prepare any food.

Use disposable tissues and immediately throw used tissues in the bin.

Cover your mouth when you cough or sneeze.

Clean surfaces and objects regularly such as doorknobs, keyboards, phones and toys.

Get vaccinated for influenza

The best way to prevent catching influenza is to get an influenza vaccination every year. Everyone is encouraged to get the influenza vaccine. Some groups of people are at higher risk of serious complications from influenza and are strongly recommended to get immunised. People in high risk groups can get a free government-funded influenza vaccine. The influenza vaccine protects people against the influenza virus and the common complications of this infection.

**For further information, contact your local GP or your immunisation provider.**

*Macula month* – are you at risk of Macula disease?

*May 5<sup>th</sup> World Asthma Day*- promoting asthma awareness.

*World No Tobacco Day* is 31<sup>st</sup> May- Time to give up smoking? You can do it with help.

*Hand Hygiene awareness month*- Promoting hand hygiene and saving lives.

COVID Vaccines - as the Beverley community have been outstanding with their responsibility to attending for all their recommended doses, and with our commitment to reduce wastage and maximise doses we are now maintaining a waiting list for those who may need a further vaccination. This has been due to the logistics of ordering and storing the vaccine in the rural area, please check in for our next vaccination day.

Remember the best way to avoid COVID is to ensure you are vaccinated, wash your hands frequently with soap and water for 20 seconds, use alcohol- based hand sanitiser, cover your cough and sneezes dispose of your tissues and wash your hands after, wear a mask and physical distancing, stay home, and follow the health direct rules if you have symptoms.

The Beverley Medical Practice is committed to providing quality health services to Beverley and surrounding areas. As part of our commitment to the community we support and assist up and coming medical health professionals. We have a number of student GP's attending clinics both onsite and virtually. These Student GP's are from Notre Dame, UWA and Curtin University. If you are interested in assisting us by allowing one of our students to sit in on your consult or attend a virtual clinic over the phone, please let our staff know. You may also advise staff if you would prefer not to have them in attendance.

Care outside normal opening hours - When the Beverley Medical Practice is closed you can always get medical attention by calling-Ready Care 1800 225 523 or Calling health direct 1800 222 222 or by attending the Beverley District Hospital, located in Sewell Street Beverley where experienced staff will triage the patient and contact the on-call Doctor

## **Beverley Historical Society Dead Finish Museum**

[bhsdeadfinish@gmail.com](mailto:bhsdeadfinish@gmail.com)

By the time, the May Edition of the Blarney has been printed we would have completed one of our field trips to the Dale to clean up around the old school site plaques.

Our plan is to complete the district by the end of June (weather permitting)

The Dead Finish Museum has a lovely display of small items which was done for the Easter weekend and will be on display until Sunday 7<sup>th</sup> May.

A Big Thank You to the 3 donors of old sheets and coverings for us to use to cover our precious items over the summer period, very much appreciated.

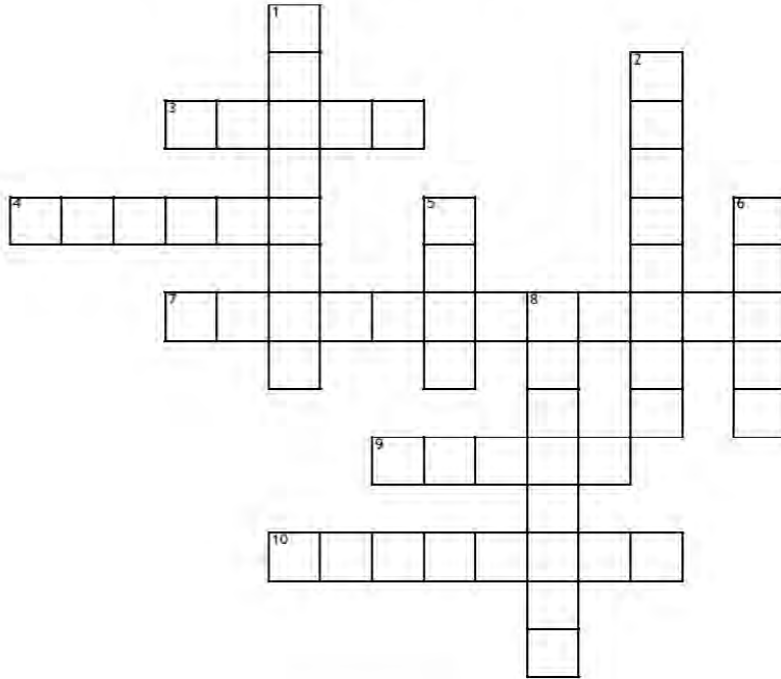

Last year we had the privilege of Vida Whale voluntarily begin the process of entering a diverse collection of items from the Museum into the MOSAIC database but as at the end of February she has continued on with her travels and we wish her all the best plus a thank you for your work. Once a week some of the committee members are continuing this process.

If any community members are interested in local history and eventually helping on roster on Sundays, we are looking for new members and volunteers.

Next meeting is Monday 8<sup>th</sup> May 2023 at 1.30p.m. at the Museum followed by afternoon tea.

Any queries please contact [bhsdeadfinish@gmail.com](mailto:bhsdeadfinish@gmail.com)

## Understanding Stress

BY THE REGIONAL MEN'S HEALTH INITIATIVE  
May 2023

Stress is usually associated with not being in control of a situation or an environment leading us to feel uncomfortable in body and/or mind. It is a part of life and it affects everyone at one time or another. Stress is normal, a certain amount of stress energizes people consequently improving performance and efficiency.

When stress levels get too high, problems can develop and start to take their toll on our mental health, physical health and social/spiritual wellbeing, sometimes with dire consequences. At RMHI we refer to *situational distress* to explain those times in our lives that create extreme stress which can start from situations that are unresolved in our lives. If we are always saying things like *I haven't got enough time, I must get this done before..., I'll never finish in time, I can't get anything done*; we might be in danger of moving from *stressed* to being *distressed*.

It is important to remember that what might be stressful for some may not be stressful for others. We all deal with things differently and have different capacities to cope.

How do you currently cope with stress? Are your coping strategies healthy or unhealthy, helpful or unproductive? Many people cope with stress in ways that compound the problem.

Below are unhealthy strategies that may temporarily reduce stress but will cause more damage in the long run:

- Sleeping too much;
- Filling up every minute of the day to avoid facing problems;
- Withdrawing from friends, family and activities;
- Taking out your stress on others (lashing out, anger outbursts, physical violence);
- Drinking too much;
- Procrastinating;
- Overeating or undereating;
- Over analysing;
- Smoking;
- Using pills/drugs to relax;
- Zoning out for hours in front of the television or the computer.

Here are some tips that may help deal with stressful situations:

- *Avoid* the stressor. Learn to say *no*, limit time with those who stress you out (if possible), control your environment i.e. turn the news off if it makes you anxious, give the bookwork to the bookkeeper.
- *Alter* the stressor. Communicate your concerns i.e. *Talk to a Mate*®, ask for a behaviour change but be willing to also compromise, be more assertive, manage your time better.
- *Adapt* to the stressor. If you can't change the stressor, change yourself, look at the stressful situation more positively, will it matter in the long run? If the answer is *no* refocus elsewhere, set reasonable standards not perfectionism, look at all the good things in your life if feeling stressed out.
- *Accept* the stressor. Some stressors are unavoidable, in such cases accept things as they are. This can be difficult but easier than railing against an unchangeable situation.

Finding and creating ways to relax when you are stressed out will also help i.e. exercise, get a massage, listen to music to calm down and/or ... before it all gets too much ... Talk to a Mate®!! Most importantly if you feel you are not coping, despite your efforts to do so, we recommend a visit to your GP before you reach a crisis point.

**Remember... before it all gets too much...  
Talk to a Mate®!!**

## Prohibited aquatic plants

Left: Salvinia (*Salvinia molesta*) and right: water hyacinth (*Eichhornia crassipes*).

### Fret over these floaters

Keep your eyes peeled for aquatic plants such as Salvinia and water hyacinth – two highly invasive weeds that we need to report and eradicate from Western Australia. They have the ability to negatively impact our local ecosystems by out-competing local species and reducing water quality.

The costs and efforts taken to remove these aquatic plants once they enter our environment are massive. They can impede water flow, increase flooding and erosion, block agricultural irrigation channels, create health hazards and displace natural vegetation. Some aquatic plants can even form thick mats to resemble groundcover, creating drowning hazards for people and livestock.

Salvinia, (*Salvinia molesta*), is a non-flowering, free-floating aquatic weed that has pairs of oval leaves connected by a horizontal stem. They have a multitude of hair-like structures on top of the leaves which split and re-join at the tips to form eggbeater like structures helping them to be buoyant. They produce vegetatively - meaning that even small stems that break apart can form entirely new plants.

Water hyacinth, (*Eichhornia crassipes*), is a notorious floating weed with large funnel-shaped lilac flowers that have 6 petals and a yellow centre.

These flower summer to early autumn. The leaves are hairless, glossy and have a spongy base that helps them to float. This weed can double in size in just two weeks via flower pollination, or vegetatively. They have submerged fruits that can carry up to 300 seeds each, and these 1 mm seeds can be viable for up to 20 years!

### Don't get caught out!

These plants are sometimes advertised on platforms like Facebook Marketplace, Gumtree or other channels, but they're illegal to have in WA. Salvinia and water hyacinth are prohibited species under the *Biosecurity and Agriculture Management Act 2007* and cannot be sold, traded or cultivated. This also applies to several other aquatic plants including *Rotala rotundifolia*, water lettuce (*Pistia stratiotes*) and *Sagittaria (Sagittaria platyphylla)*.

You can be a responsible gardener and report any suspect illegal plant sales, or the presence of these declared weeds in the environment. Reporting options include the Pest and Disease Information Service (PaDIS), the MyPestGuide® Reporter app or webpage, or you can anonymously report an illegal agricultural matter on [crimestopperswa.com.au](http://crimestopperswa.com.au) or phone 1800 333 000. If you're unsure about the plant, report it anyway.

# Beverley C.W.A

Well, what can I say, April was a busy month. Easter, morning tea, ANZAC Day and Kings Park Fashion.

Once again, the Easter raffle and Cake Stall was well supported by everyone. We say THANKYOU!! And now for those lucky winners, congratulations.

1 <sup>st</sup> Prize	Russel Miller	2 <sup>nd</sup> Prize	Hazel
3 <sup>rd</sup> Prize	Ethel	4 <sup>th</sup> Prize	Mandy
5 <sup>th</sup> Prize	Graham	6 <sup>th</sup> Prize	Kim Salmon
7 <sup>th</sup> Prize	Cheryl	8 <sup>th</sup> Prize	Prickle
9 <sup>th</sup> Prize	Mon	10 <sup>th</sup> Prize	Alison
11 <sup>th</sup> Prize	Lyn	12 <sup>th</sup> Prize	Pat

Kings Park Fashion came down on Friday 28<sup>th</sup> April. Will have more in next edition, maybe some photos (HA HA). But I will say now, a HUGE THANKYOU to the fantastic Models that we had, the ladies were amazing!

Now for May! You may be asking yourself, what are the C.W.A ladies up to in May?

The ladies will once again be holding a **Mother's Day Raffle and Morning Tea**. The raffle will be held on the 12<sup>th</sup> and 13<sup>th</sup> of May, down at the Lion's Kiosk. Many wonderful prizes are on offer, so why not try your luck.

On Saturday the 13<sup>th</sup>, 9.30am, at the C.W.A Room, we will be holding a Morning Tea. Everyone is welcome to come along for an enjoyable outing.

On the 26<sup>th</sup> and 27<sup>th</sup> of May, we will be holding a Wood Raffle and a Sausage Sizzle. The wood has been donated by Mick Heavy, we say thankyou for your generous donation. So, for a chance to win some wood, or another prize and to grab a snack, come on down.

If you are seeing what the ladies are up to and what to know more, then we invite you attend our next meeting on the 17<sup>th</sup> of May. So come along for a cuppa at 9.30am and our meeting starts at 10.00am. Our President can also help you, just give her a call on 9646 1481.

Before we finish, the Ladies at the Beverley C.W.A have one more thing they wish to say.

During May, Easter celebrations continue until Ascension Day, when Jesus returns to be with the Father. Ten days later Pentecost Sunday (Whit Sunday) gives reason to rejoice in the Coming of the Holy Spirit and the birth of the Church.

Prayers seeking God's blessing upon the forthcoming farming season will take place at 10.00 a.m. at St John's in the Wilderness Church on Sunday, 14<sup>th</sup> May, and at 9.30 a.m. at St Andrew's Church on Sunday, 21<sup>st</sup> May. These services are often referred to as Blessing of the Plough!

At 8.30 a.m. on Sunday, 28<sup>th</sup> May the anniversary of the **Dedication of St Paul's Church** will take place.

## RESTORATION OF ST MARY'S CHURCH - UPDATE

Good news!! we now have a start time for the restoration works to begin. In late April the mortar repair works will start on the interior of the Church, specifically the west and east walls. In mid May the replacement of the external asbestos gutters and downpipes plus other essential roof plumbing and drainage work will commence. This stage may take up to two weeks to complete. Access to the Church will continue during this time, notices will be placed at the Church with specific details. Further external mortar repair works to the round window and external east end wall will be done in the second half of the year. To make a start on the external painting of the Church we will need additional financial donations.

**THANK YOU TO ALL WHO HAVE DONATED SO FAR, EVERY DOLLAR IS VERY MUCH APPRECIATED.**

**WE WILL NEED MORE GOING INTO 2024**

**Three ways to make a TAX DEDUCTABLE donation : THANK YOU**

**COVID-19 UPDATE** - Please practice good hygiene and physical distancing at all our events, and use the hand sanitiser stations provided. If you are feeling unwell prior to events, please do not attend.

Easter is always a busy time of the year, but this year particularly so for the Beverley Station Arts Committee. Thank you all for your amazing effort in keeping the arts alive and thriving in our town. As we continue to bring the arts and people together the flow-on effect of artists coming to live and work in our community is truly something to behold.

There's always something happening at The Station!

The end of March saw an evening with AiR Len Zuks and February's artist Mutsuko Bonnardeaux performing a Living Sculpture in the Station Gallery Garden. There was a lot of paint being splashed around to cover the found objects surrounding Mutsuko's body in order to reveal what can only be described as an alien! Also revealed was a wooden sculpture made by Len which looked amazing under the backdrop of a darkening sky. We were treated to Mutsuka performing a beautiful Japanese dance to Spanish music....and amazing combination.

## Artists-in-Residence at the Station

Artist in Residence for April was **Carolyn Rhodes-Thompson** who cheerfully kept the Station Gallery open throughout all of Easter and most of the school holidays. Her workshops attracted people who had never attended previous ones and her community art project was extremely popular with many wanting to leave their mark in our town – see below.

### Artist-in-Residence for all of May 2023:

**Tammy Maroney** has been educating the leaders of tomorrow for the past 23 years. Her education passion lies with Science and in integrating ICT to enhance teaching and learning. Tammy's art is inspired by Australia's

natural beauty and uniqueness, working with a variety of mediums and forms, many being digitally edited or altered. Tammy is offering a few fun workshops during her month's stay. Please see end of this article for her 'CALENDAR' OF WORKSHOPS for the month of May.

## Beverley Art Prize & Easter Art Exhibition

Well, the 54<sup>th</sup> Annual Arts Exhibition was indeed a feast for the eyes, one that was of a very high standard from 229 artists, many of whom gave wonderful feedback of the overall exhibition. The newly renovated screens certainly made hanging the 375 artworks much easier. The opening night was well attended by 180 and 1000 people were counted through the doors over the five days. Only 40 paintings were sold which was perhaps indicative of the current spending trend where paintings are seen as a luxury items. In lieu of such, a HUGE THANK YOU must go to our wonderful SPONSORS!!

The new screens

Winner of Beverley Art Prize was Jane Grierson with her artwork 'Fig Season' which came as a surprise given a small painting won the overall prize last year too. Congratulations to her. Also, closer to home, to Marion Luck with 'Look up # 1' who won the best local artist prize from a field of 33 works from 20 local artists. The Public Choice Award went to 'Harvest Blush' by Tania Smith. And the painting by Abbey Cooke which was raffled during the Exhibition was won by Lindsay Eva from Brookton.

The Station Markets contributed to the buzz of Saturday and the added attraction of entertainment by Elsa delighted many little girls as they danced and sang along to *Frozen* lyrics.

## BeSAS (Beverley Station Arts Singers)

BeSAS – this FREE community choir continues to meet weekly on **WEDNESDAYS 6pm – 8.30pm (includes 15-20 min tea break)** in the Green Room of the Platform Theatre and under new musical direction.

Anyone wishing to join the choir of BeSAS please contact Hazel Martin who coordinates the group - Ph: 0438 843 333. There is no charge - all we ask is that you become a member of Beverley Station Arts (\$30/year) by the third week of attending BeSAS.

## PERFORMING ARTS

### **BAD (Beverley Amateur Dramatics)**

A SEASON OF *One Act* PLAYS was brilliantly performed by the amazing BAD team at the Platform Theatre on the evenings 30 / 31 March and 1 April. Such a great three nights after months of practice three times a week made it all worthwhile. The inclement weather may have kept some from attending the first two performances, but the closing Saturday was magic! The plays were adjudicated on Thursday and Saturday nights and attracted comments congratulating all the cast, directors and the creative team of A Season of One Act Plays, and how they are looking forward to seeing further performances from the company Beverley Amateur Dramatics. Some of their comments: 'Some real talent in Beverley and hope you continue to gain support to keep your theatre group thriving; 'Creative use of a unique space'; 'An overall impressive night with an array of experience and skills' 'Perfect venue, easy entrance for the actors in bringing set off and on and the front of house were friendly upon arrival'.

See below pics of the for four plays performed:

Darryl Sims, Terry O'Brien, Jo Sims and Gemma Bovington in *Accused of Comedy* (directed by Mark Kont)

Britt Hadlow, Gemma Ward, Mark Kont, Jodie Bell, and Kristy Parker in *The Spot* (directed by Mark Kont)

Issy Freeman, William O'Brien and Marion Haeusler in *Oprah Made Me do It* (directed by Britt Hadlow)

Hazel Martin, Gemma Bovington and Mark Kont in *I Can Feel It Coming* (directed by Jo Sims)

The BAD Committee will be meeting soon to discuss what genre and when their next production will be so... **WATCH THIS SPACE!**

### PLEIN AIR WATERCOLOUR PAINTING IN BEVERLEY

Three days in April of watercolour painting under the tuition of international artist Herman Peckel was enjoyed by 18 artists from Perth, the Southwest and Wheatbelt. Of all the sites from which they painted, Herman loved the outlook from the Station platform (it's all about the light and early morning shadows)! But the final place of painting was under the town bridge as it provided great shade from the 30-degree heat. The resulting painting demonstrated by Herman was a beauty which he has kindly donated to the Station Gallery. We look forward to having it framed and displayed at the Gallery alongside the Beverley Art Prize overall winning painting 'Fig Season' which was purchased by BSA.

## A special thank you,

Thank you to everyone who attended Freddie's funeral at the Dale.  
For the flowers, cards phone calls and visits.

Many thanks to the wonderful palliative care staff at the Narrogin  
Hospital for looking after Freddie with such care.

Thanks to his neighbours who helped him over the years.

A special thanks to Phil for his friendship and many visits.

Thanks to Wayne for spending days and nights at the hospital with  
Leonie and I, until the end.

All my love and thanks to Leonie who without all her work and  
arrangements I would not have been able to get through this awful  
time.

Love to all,  
Denise

## John & Lesley Scott Cherishing 70 Years Together

John and Lesley Scott met and married at Norwood Gospel Hall on the 28th of March 1953. They started married life in the Dale Hall area, with John worked the Neptune Garage on the corner of Butchers road and Westdale Road (formerly called Dale-Mawson Rd) and doing mechanical work for farmers in the district. They lived at Strathleen on Butchers road (just over the river) until the early 1970's. In the early years Lesley enjoyed playing hockey and John played cricket for the Beverley district.

They took on land at gravel ridge on the Edison Mill Rd (formerly Westdale Rd), before clearing the land at 1563 Edison Mill Rd, calling it Coverdale Pastoral Company, where they still reside today. They have 4 children, 9 grandchildren, and 3 great grandchildren.

# Friends Of The Dale River

Representatives from the Department of Biodiversity, Conservation and Attractions will be visiting the Dale River Reserve on the afternoon of Thursday, April 13th, to assist Friends of the Dale River members in their upcoming Rakali/Wildlife monitoring project at the Reserve.

Please contact Linley 0429953800 or Hazel 0438843333 if you are interested in attending.

## **RAKALI / AUSTRALIAN WATER RAT (Hydromys chrysogaster)**

The name Rakali comes from the Aboriginal language around the Murray Darling River System. Local Aboriginal names include Muriyya, Moytj and Ngurju in the SW of WA.

The Rakali is a large aquatic rodent that is highly adapted to its environment, has broad partially webbed hind feet to aid swimming, long, thick and muscular body and usually a white tipped long tail, that is just shorter than its body. It has a long broad slightly flattened face with long whiskers and small eyes, ears and nostrils sit high on the head. The dense water repellent fur is shiny, varies from slate grey to almost black above and white to orange below.

### *Behaviour:*

Often the only sign of Rakali you will see are small deposits of the shells (feeding Middens) on logs and rocks located along the banks of rivers and pools where they carry their food to feed on larger prey. Their footprints can also be seen in muddy areas with distinctive imprints of their webbed back feet. They rest in nests built in hollow logs or at the end of burrows dug into riverbanks.

# Friends Of The Dale River<sub>Continued</sub>

## *Habitat and Distribution:*

The Rakali use riparian vegetation in the vicinity of permanent pools in rivers, lakes and dams of fresh or brackish water (including western parts of the Avon Wheatbelt) and also coastal marine environments.

## *Diet:*

The animals are aquatic predators feeding on marron, gilgies, insects, fish and mussels. They sometimes also eat small mammals and birds when they can catch them.

## *Reproduction:*

Rakali live for 3-4 years, are known to breed all year round but mostly from spring to late summer. Females are mature at 8 months of age, gestation is around 34 days and they have 3-4 young which follow the mother until they are independent at around 8 weeks.

## *Threats:*

The population declines in Western Australia have been caused by habitat loss and degradation in the areas close to rivers. This has enabled both natural predators (snakes, birds of prey and quolls) and introduced species (foxes and cats) to place additional pressure on individual population. Water quality, changes in hydrology and climate change all impact populations and food sources of the species.

## *Management Actions:*

Improving management of riverine vegetation and therefore water quality through activities like fencing and revegetation and leaving natural features like logs and rocks.

Control of stock access to waterways and of introduced foxes, cats and rodents.

Stop using harmful marron traps on private properties or ensure Rakali can't get into the traps.

On a catchment level reduce the inputs into the river from chemicals, fertilisers and sediment through improving land management practices.

Just like that the 2022/23 Swimming Season is over. We started the season with very cool temperatures and ended the season with similar conditions. We had an amazing year with 35 registered swimmers this year.

Many thanks to our sponsors, Mark & Glenys Petchell and Alan & Jo Sattler. Your continued support to the Swimming Club each year is greatly appreciated. Thank you to each and every parent who made sure we were ready to go at each and every training and time trial day. Whether it was a small role or a large role, we cannot hold our swim meets.

To our amazing coach Jacinta Murray, who took on this year by herself, made sure the swimmers became stronger and eager to beat their PB times while enjoying themselves. Next season we will require someone to team up with Jacinta, so our club can continue into the future.

To our committee - a few new faces who took on the job with gusto. Without all the work you did behind the scenes, the kids wouldn't have been able to have the opportunities they did throughout the season.

*Who's been out and about ...*

**Pony Club WA State Tetrathlon Championships:** On 25th & 26th March, Emily & Jessica Maxwell and Ruth Elsegood all represented our club at this state event. Well done riders.

**Avon Zone Showjumping and Dressage:** At York on the 2nd April, Ruth Elsegood took her pony, Amy and her horse, Gus, and competed in three dressage tests and three showjumping rounds. A very busy day for mother and daughter and Ruth came away with a blue ribbon.

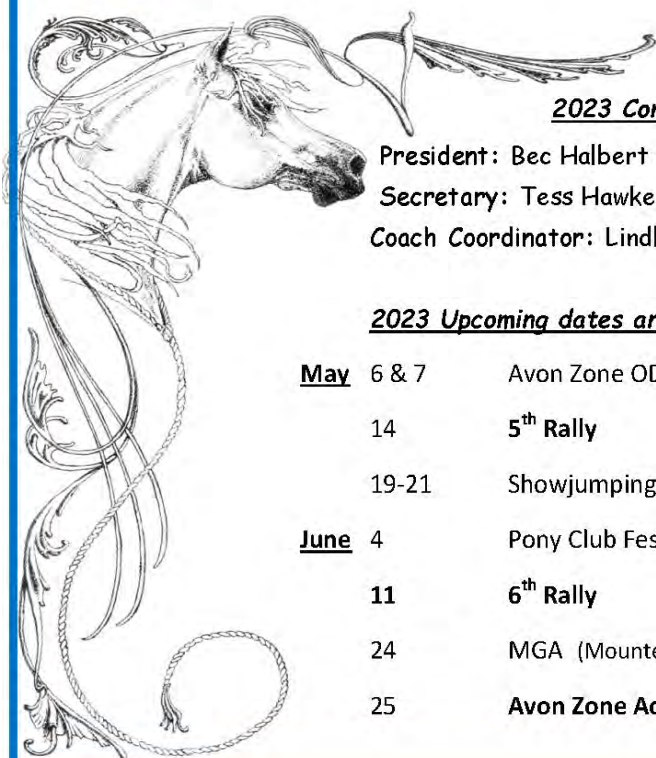

**Dryandra April Camp:** Mia Farr, riding Rosie, & Ruth Elsegood, riding Gus, spent three days riding at Dryandra PC Camp from the 11th to the 13th April. Three days of camping, riding, making new friends and caring for their pony or horse. Thank you to Dryandra for offering this opportunity to our riders.
