*We know you'll have loved A Fortunate Life, so book now for our next offering from Theatre 180 coming to Beverley. 18 of July 2023. 7.30pm at the Town Hall.*

From the dark days of WWII comes a true story of love, courage and fateful decisions

THEATRE 180 presents  
**SYDNEY II:  
LOST AND FOUND**

When HMAS Sydney II was sunk by the disguised German Raider HSK Kormoran in 1941, it took with her the entire crew of 645 men. Among them was a young Western Australian Able Seaman, Allan Rowe. For 66 years Allan's wife and daughter hoped that one day the wreck would be located. In 2008, due to the persistence of the volunteers of the Finding Sydney Foundation, that dream became true. This epic story of love and loss, fear and courage, and the resolution of a mystery for those who never gave up hope, will be brought to life using the immediacy of theatre with the visual impact of cinema. Acclaimed actor Myles Pollard leads a dynamic cast across oceans and eras as we chart the loss and discovery of Australia's famous warship and her valiant crew. From the creators of the sell-out successes of A.B. Facey's A Fortunate Life and The Lighthouse Girl Saga, THEATRE 180 is proud to bring back to regional WA another story of great courage and heart.

# SHIRE OF BEVERLEY PRESIDENT'S REPORT

## Strategic Community Plan.

Just a reminder that the process for developing the new Strategic Community Plan began on Wednesday 26<sup>th</sup> April with Council engaging Mrs. Caroline Robinson to begin the process. Community engagement will be held on the following date: *Thursday 8<sup>th</sup> June @ 6:00 pm in the meeting room at Cornerstone*, but please check with the Shire website, Facebook, and electronic notice board outside the Cornerstone.

## Western Power's proposed increase in street lighting costs.

Western Power recently applied to the Economic Regulation Authority (ERA) to increase costs for street lighting by 43.85%. The annual cost for Beverley street lighting at present is approximately \$27,000. Such an increase would cause Beverley's annual account rise to about \$39,000 or equivalent to a rate increase of 0.36%. Fortunately, the ERA has listened to representation on this matter and declined to approve the request from Western Power and have instead approved an increase of 7.5%. I highlight this to alert the community to the increases in costs faced as the Budget for 2023/24 is being developed.

## Storm Damage to roads.

Since the storms that caused such widespread damage, an application was submitted to have the event receive an 'Emergency Declaration' to enable access to emergency funding to remediate the damage. We are still awaiting this declaration to gain access to the necessary funding.

Given the very serious nature of the damage, the Shire has decided that it's not reasonable to await the Declaration and has moved to carry out the necessary repairs. The damage was such that left unattended, there was a high risk to the travelling public. This does not mean we will forfeit the right to funding; it just means the funding will be received at a later date.

## Local Government Reform – Elections.

Local Government reforms through new legislation are being introduced and particularly, the new voting process. Whereas our community has been used to 'first-past-the-post', the Minister has introduced optional preferential voting. We are unclear what this actually means other than perhaps providing political parties the opportunity to bring their influence into Local Government?

At the time of writing this Report, a webinar with the Western Australian Electoral Commission is scheduled for Thursday 25<sup>th</sup> May at which time clarification will be sought as to the manner in which the new process will work.

## Banner Poles.

The banner poles that were in place briefly in Vincent Street, will now have a new life. They have now been received after some repairs and are currently being painted. When completed they will be located in the following sites. Beverley Station Arts, RV Park, Dead Finish Museum, and the Community Garden.

## New Federal Government Funding Scheme.

The Commonwealth Government have recently announced a new funding scheme to replace the Building Better Regions Fund (BBRF), closed by them after the last election. The Scheme known as Growing Regions, enables Local Governments to apply for funding of up to 50% of the cost of the project. As a result, the Shire is looking again at how this might be applied to the Swimming Pool redevelopment. It is envisaged the project might be able to be split into two stages. Stage 1 would include an upgrade to the plant room, filtration system, main bowl access, children's pools, and concourse renewal.

# Save the Date!

Wednesday 2 August 2023 – A matinee show in the Beverley Town Hall.

DAVID SCHEEL in ***DON'T SHOOT ME, I'M ONLY THE PIANO PLAYER***

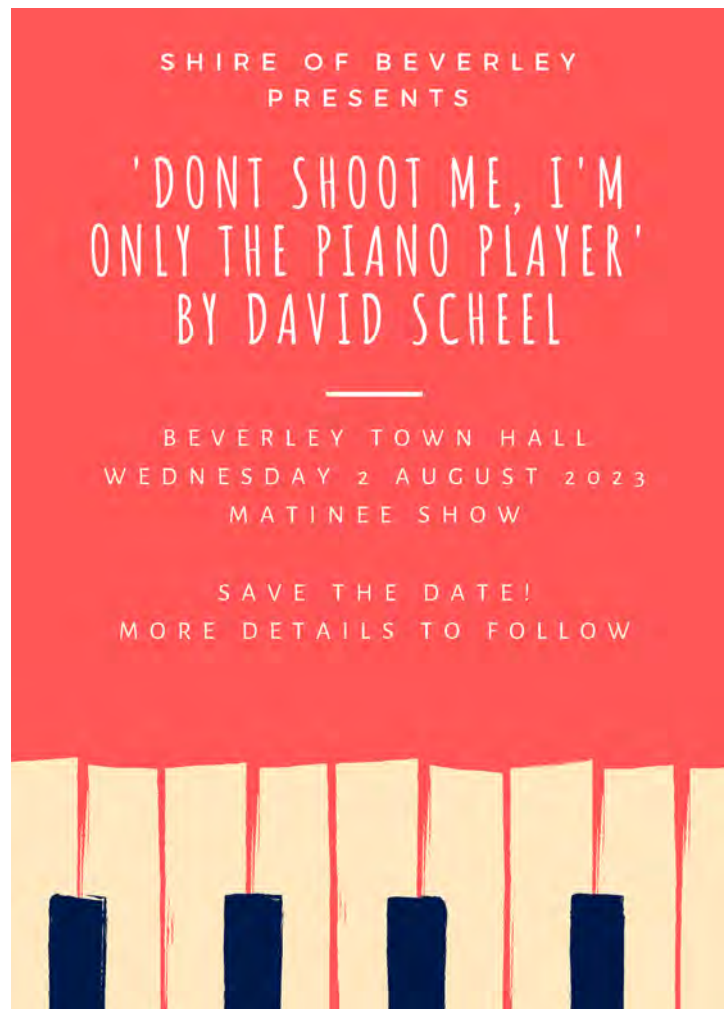

A runaway success in London's West End, at successive Edinburgh Festivals, at the Melbourne Comedy Festival and right across the USA, this is a hilarious send-up of classical music, which has established Australian pianist, David Scheel, as the successor to the legendary

Victor Borge. Beautiful music, and musical fun performed in so many accents/voices that David has also been compared to the late Robin Williams, and Peter Ustinov. Hear a familiar tune played in the styles of the old masters + an i-Pod; two famous pieces played simultaneously, one with the right hand, one with the left, plus his "translation" of the lyrics of *Waltzing Matilda*, already a comedy classic. Visit [www.davidscheel.com](http://www.davidscheel.com) or Google: David Scheel + YouTube.

*"As funny as any, wittier than most, and, uniquely, a concert pianist of international stature...He stands alone, in a class of his own."* [BBC Arts Review]

*"The only show in town that can satisfy lovers of classical music and comedy alike."* [San Francisco Chronicle]

### BUSINESS BREAKFAST

In May, we held our business breakfast with website designer, Peter Lowen from Constructive Visual in Northam. Peter launched his newly developed one page website – Micropage. Micropage is a new and easy way to get your business online and create an online presence in minutes. Thank you to the businesses that came along to the breakfast.

### LEARNING TO BREATHE AGAIN!

Russell from Connected Breath taught the group a number of breathing patterns to use during times of stress, sleeplessness and for general well being. Thank you Russell for showing us ways to quickly destress. A big thank you also to Holyoake and WSSP for funding support to hold this workshop in Beverley. 

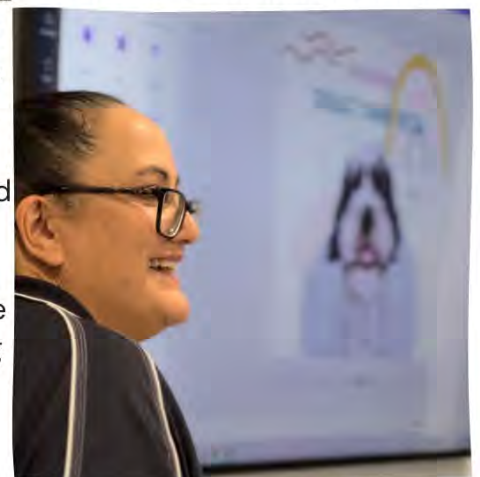

### ALCOHOL INK POT WORKSHOP

We had a great group of ladies learning & creating alcohol ink pots with guidance from Teneille from the Little Ink Pot. A huge thank you to Teneille for giving up her Saturday to come to Beverley teach our local ladies this amazing art. Thank you to everyone who came along and create some beautiful artwork.

### CANVA WORKSHOP

This month we held a beginners workshop for the online design program, Canva. The practical workshop, lead by Amor, covered everything from the basics to new features. The group were able to create posts and use the elements to make eye-catching advertising. Everyone had a blast! A big thank you to everyone that attended.

### ART AND CRAFT CLUB

This month our little arts and crafts club made Mandala Rock Paintings to decorate our foyer plants! The kids did a great job, next month we will be creating rainbow collages on 19 June.

**Fri 30<sup>th</sup>** – Last day of Term, Happy Holidays!

### So far this term....

It has been a very busy start to Term 2 with many events happening inside and outside of the school.

We have been very lucky to have had a Constable Care Incursion aimed at Primary Students, promoting Cyber Safety.

Our amazing P&C hosted the very successful Slime Run, what an amazing event! Thank you to all parent and community helpers, without you, events like this wouldn't happen.

A mix of Year 7, 8, 9 and 10 students represented BDHS at the West Coast Fever Netball Cup in Northam. Mrs Bailey entered two teams, who both played a total of 10 games of netball against other towns from the region. All of our students competed in great spirits and a big thank you to Mrs Mearns and Mrs Higgins for their support on the day and umpiring!

Our primary students attended a drama workshop by the Barking Gecko Theatre Company and then watched the puppet show "Cicada" at the Beverley Town Hall. A fantastic performance!

The Year 9/10 students attended an excursion to the Careers & VET Expo at the Perth Convention Centre. This provided them with an opportunity to explore various pathways into higher education and training, preparing them for their future in the workforce.

### Pupil Free Day

Friday June 2<sup>nd</sup> 2023

### Public Holiday WA Day

Monday June 5<sup>th</sup> 2023

Enjoy your extra long weekend!

## **Beverley District High School – Pre-Primary**

It's been a busy start to Term 2 as we enjoyed our Slime Run on 4<sup>th</sup> of May, and our Mother's Day afternoon tea on 15<sup>th</sup> May.

For the Slime Run, students dressed in white, ready to get dirty as we explored slime kitchen, obstacle course, and small world play. The red and blue slime quickly covered everybody in purple, as we ran around touching, jumping, and sliding in the goo. There were smiles and laughter all around, and the favourite activity was sliming the teachers and evading the squirting water guns!

To celebrate our wonderful mothers, Pre-primary students designed and created a photo frame that could hold a photo. We invited our Mums into the school to enjoy some time getting hand massages, nails painted, decorating some cookies, and playing together. We are very lucky to have had so many people take the time out of their busy schedules to come and enjoy this event with their children.

## **Student Leaders relay messages from Halogen National Young Leaders Day**

*Earlier this year, our 18 student leaders had a very successful and aspirational day at the Halogen National Young Leaders Day. The students listened to, and asked questions of pro surfer and entrepreneur Eliza Greene, author James Foley, athlete Matthew Pavlich and the Hon. Simone McGurk, MLA. Each leader had at least one speaker on the day whose message really reached them. Since the event, leaders have been sharing these messages with their peers. **Mrs Gregory***

### **Eliza Greene**

Eliza Greene is a pro surfer who grew up in Australia's Southwest. The funny thing is, Eliza used to hate surfing! It wasn't until her first surfing competition as a nine-year-old, that really got her into the sport. Eliza has competed all around the world in many surfing championships. She broke the stereotypical surfing image, which is a girl with blonde hair and a thin body. Eliza hasn't won any major titles, but she is slowly working her way to the top. Eliza has talent and she works hard to preserve it.

Have you ever heard of the company GRNSTR? Well, if not, this company was created by Eliza Greene; competitive pro surfer. The idea for her company appeared strangely during the time of COVID, when Eliza was 18, and she couldn't travel to compete in surfing competitions. With all this free time, she began to design women's wetsuits, knowing that the sizes only went up to XL, while the men's varied up to 4XL. This was extremely unfair, so Eliza turned into the first person to sell women's wetsuits up to size 18. With work put in by Eliza and her sister, GRNSTR was born. The designs on the wetsuits are vibrant and recycled, produced by Eliza herself. Her business has gone from a couple of orders, to being stocked in shops Australia wide.

Eliza Greene has achieved lots in her life so far. From becoming a pro-surfer, to an entrepreneur. These things don't happen easily. She has had lots of hurdles to jump and hard work to complete. One of her quotes was, "Hard work will always beat talent." You may be good at things, but that doesn't mean you don't need to work for them. Eliza Greene is the exact definition of that.

### **Abigail, Primary Community Captain, with Ruby and Summer.**

## Matthew Pavlich

As you probably know, Matthew Pavlich played AFL football for the Fremantle Dockers for 16 years. He was their captain for nine. During his career he suffered six concussions, 30 stitches and travelled over 850,000km. We were lucky enough to listen to him at the Halogen Leadership Conference. Matthew spoke about perseverance and told the audience, "You don't lose, you learn". I think this is a valuable life lesson because it can apply to so many aspects of life. For example, if you were doing a quiz and you got a few questions incorrect then you can learn from your mistakes and come back next time and hopefully get a few more right.

In Matthew's first training session for Freo, he pushed himself so hard that he actually fainted and had to go to hospital, but he didn't lose, he learnt to know his limits and gradually improve them. Matthew also spoke about having purposes in life that aren't football. For example, while he played for the Fremantle Dockers he also went to university.

Finally, Matthew spoke about 'Who are you doing this for?', and he said that you shouldn't do something for the money, you should do it to make your family proud and to make yourself proud.

**Noah, Primary Community Captain**

## James Foley

James Foley is an Aussie author and illustrator. He grew up in this very state down by East Fremantle. Mr Foley wrote his very first book back in pre-primary, called 'A Book About Me'. The first picture featured in that book was a drawing of himself. In the drawing, Mr Foley had a brown furry body, purple eyes, a smiling mouth and only one strand of hair that was floating above his actual head! Everyone burst out laughing when he put up that very picture on the huge screen at the front of the auditorium.

Though he had a few setbacks, Mr Foley never stopped writing or drawing. He practiced quite often and the more he practiced the better he got. In Year 6, Mr Foley's teacher had entered the whole class in a book competition. The first few years he didn't win a single thing, but in Year 8, to Mr Foley's delight, he won 3<sup>rd</sup> place in that very competition. Oddly, the kids that won 1<sup>st</sup> and 2<sup>nd</sup> place were also from his class. Weird.

Years ago, Mr Foley drew the cover for an old Aussie magazine called 'The Quokka'. He did it for quite a while but now, Mr Foley just works on his own fantastic books. He showed us the first cover he designed for 'The Quokka' and his last. There were major differences and improvements. I guess practice does make perfect. "Persistence and encouragement gets you there." As quoted by Mr Foley. What he meant by persistence, was you should always persist and never give up. By encouragement, he meant surround yourself with encouraging people that won't put you down, make you feel doubtful, make fun of you or discourage you. Throughout his career, Mr Foley was inspired by one person... Shawn Tan. He was the one that convinced Mr Foley to continue writing and illustrating as his career. He looked up to Shawn as an idol and role model. Without Shawn in his life, Mr Foley probably wouldn't have become the author he is today.

We hoped you enjoyed reading about James Foley. That's all folks! **Nikita and Ella, Sports Captains.**

# St John Ambulance Beverley Sub Centre

I'll start this month with a little reminder for the general public. The Sub Centre office is only open on Tuesday's and Friday's each week from 9 am to 2pm, so if you have a query or wish to pay your Members Benefit fund these are the times the Centre is open. Jo our Administrator puts the St John flags out at the front of the building to let you know she is there.

Do you take a number of different medications? Have you a list of them handy should you need an Ambulance? There is an Emergency Medical Information Book available for a gold coin donation you can pick one up from Beverley Farm Services or from Jo at the Sub Centre. These books are very helpful, you can record all information in them pertaining to your health, Patient information, medications, medical conditions and medical history. The booklets are in a magnetic plastic sleeve which can be on the side of your fridge for quick access.

We have this photo in our Sub Centre and the Committee were wondering if anyone in Beverley can put names to the people in the photo. Unfortunately, I can't tell you when it was taken so any information regarding the photo would be appreciated.

Our Crews had a very busy April with call outs and Amanda & Chad were able to help out folk who had accidents when they were out of uniform. So, you can all see we have a dedicated group in Beverley.

Bronwyn our CP has been on holidays for few weeks and we have been ably helped by Gary over this time. Thanks, Gary, for all your help and we look forward to having you back in our Sub Centre again in the future.

That's all for this month, take care everyone as much as we like to see you we really don't want to have to see you in the back our ambulances.

# Beverley Garden & Tree Society

The May meeting was cancelled as we visited a very interesting garden in the Dale. Grant Hobbs has a huge, mature orchard and very extensive vegetable garden. Some of the plants have been propagated on the property from cuttings or seeds including a hedge of Chinese gooseberries which is frequently visited by wrens. The weather was beautiful on the day and there was no hurrying the visitors or our host. Thank you Grant and Clive for a most informative morning. We then ambled over to Linley and Mick's home for a sumptuous morning tea.

The next meeting on June the 6<sup>th</sup> will be replaced by a visit to Zanthorrea nursery and Melville rose nursery. We will be going by bus so please let Dorothy know if you would like to book a seat on 0429 989 031. We will be leaving from the Dead Finish at 9.30am.

The weather is getting colder and the days shorter but there is still plenty of gardening in June.

Vegies to plant in June include: asparagus, broad beans, cabbage, celery, artichoke, lettuce, onion, peas, spinach spring onions and strawberries.

Flowers to plant in June include: alyssum, calendula, pansy, dianthus, viola, primula, carnation, cornflower, poppy, snapdragon and stock.

June is a great time to attend to the following tasks in the garden:

- ☆ Ensure reticulation is turned off
- ☆ Lift and divide clumps of ground covering native violet and replant them in shady areas
- ☆ Give lillypilly and Westringia hedges a light trim to tidy for winter
- ☆ Tidy up and reshape overgrown hibiscus and crepe myrtle. Plan to give them a more serious prune in August
- ☆ Put potted cyclamen outside at night to enjoy the cool air
- ☆ Don't forget to check that your potted plants and gardens under eaves are getting enough water
- ☆ Once the leaves die down it is time to harvest onions, shallots and garlic
- ☆ Don't let beets get too big as they are sweeter when small
- ☆ Harvest spring onions and leeks as you need them as they do not store well
- ☆ Pick peas daily to encourage continuous crops. They are ready when the pods look plump
- ☆ Harvest rhubarb after the plant's first year, taking no more than half the stems. Hold stems near the base and twist
- ☆ Collect, bag and bin diseased foliage on fruit and veggies to reduce spread

# Beverley Ag Museum

On the last Sunday in April, Avondale Farm entertained a second group of Painters from Perth, organised by Marylou from the Station Arts. I opened the Museum to those who wished to view, with some painters taking photos of our collection for future projects, a few of the partners (who did not paint) were thrilled to pass away their time exploring the collection of Wheatbelt Machinery covering over 150 years of Farming prior to the mid 1970's.

Our group of volunteers and the Beverley Shire would like to thank Harvey Morrell for his kind donation of workshop manuals and illustrated 'parts cattle dogs' most of which we have items within our collection for, there were many with his father's name in scripted showing how old our 'working' items are. Some may say that this sort of information is readily available on the world wide web, but as locals know internet signal reliance is poor in our area and virtually non-existent at Avondale Farm!

Many thanks to Danny and the Shire for fitting overflow pipes to the newly installed rainwater tanks, diverting the water away from the building, also a thank you to the National Trust for employing a plumber to fix the buildings only Water Tap, due to the age (like the rest of the building) some new pipework was necessary.

Our group met up again on Saturday May 20 when we opened our doors to the general public from 8.30am until noon, it was pleasing to see so many visitors, some locals, Perth, Parkerville and Cowaramup, our 'online' advertising efforts starting to pay off, thank you Kelly at the NT for also including us on your page.

With the return of John Hawke from his overseas trip we were back to full capacity with our number of volunteers, and with so many 'champing at the bit' I wrote a 'list' of things to do (and enjoy) for the team, everyone gets to choose what they are happy to help with and it is quite acceptable to just sit and 'chew the fat' as well, as long as you don't distract others from their efforts.

Tyres pumped, Stationary engines turned, leaves raked, and door channels cleaned, (thanks Eric & Kevin) and more on going 'improvements' to the workshop (thanks Bob) will be continued with the loan of some engineering equipment yet to be installed. Paul & John recommenced work on the International C30 Truck.

A big effort was put into starting the 'Twenty-Two' Dozer, her tin hat (covering on Exhaust pipe) was seen travelling towards the roof as she fired but that was about it, next time maybe when everyone has had their Weetbix and can swing the starting handle. There was better luck with the David Brown Garden Tractor (has a battery start) with Bob giving her a quick run around the block.

As always, we sat and had a shared 'morning cuppa' and caught up on what we had all been up to during the past month. Many thanks Kevin for the Plums you shared with the group.

If you would like more information about our group or a 'private viewing' of the Machinery collection, feel free to contact me on 9646 0768.

Author John Alexander --- Beverley Volunteer.

**COVID-19 UPDATE** - Please practice good hygiene and physical distancing at all our events, and use the hand sanitiser stations provided. If you are feeling unwell prior to events, please do not attend.

## **Artists-in-Residence at the Station**

Artist in Residence for April was **Tammy Maroney** who enjoyed her time at the Station Gallery even though her asthma was affected by the continual burning off around town - not that she was complaining, but poor thing was coughing a lot and had to get medical help 😞. And unfortunately, due to the busy time of year her workshops weren't well attended. However, she herself attended the Canva workshop at the CRC which she found helpful for her high school teaching classes.

### **Artist-in-Residence for most of June 2023:**

**Jo-Ann Arundale** arrives at the beginning of June bringing with her 19 paintings for sale. The following is a write up from Jo-Ann about her artwork:

*As a wildlife artist, I am obsessed with our fauna and would like to give the viewer of my paintings the opportunity to treasure and appreciate wildlife. It's up to all of us to care enough to do whatever it takes to keep our beautiful animals healthy, be it drive safely or just not use poisons in our gardens but mostly I paint possums and other wildlife because I adore them and love to spend time painting these gorgeous animals.*

*Having tried different mediums and possible styles, I prefer to paint loosely in watercolour to suggest emotion rather than to give a photographic example of my subject.*

*Despite many gaps in my life of never picking up a pencil or paintbrush, I have been lucky enough to*

*study full time at Claremont Art School, majoring in printmaking, and Curtin University and the University of Canberra whilst also being influenced by clever and generous artists' tutorials.*

*Recently of course, like a lot of curious artists who realise they need to know more, I love YouTube and the artists who share their talents with grace and generosity to people like me.*

*I believe art is not talent but persistence over disappointment and the intense feeling of wanting to paint or draw. Having said all that, it's also much more fun than cleaning the bathroom.*

Jo-Ann welcomes anyone who paints wildlife/animal subjects in watercolour to join her doing their own painting, and she is happy to give any free advice. Just let her know what day you would like meet. Email: [joannarundale@yahoo.com.au](mailto:joannarundale@yahoo.com.au) or Ph: 0404 827 180.

**BeSASS (Beverley Station ArtS Singers)** is a FREE community choir which continues to meet weekly on **WEDNESDAYS** for around an hour and a half from **6pm** under new musical direction in the Green Room of the Platform Theatre. Kelly Shaw and Jo Sims are sharing

the role of Musical Director and thus far there is keen interest and should have enough songs ready for our annual Choir Muster on 16 September. Anyone wishing to join the choir of BeSASS please contact Hazel Martin who coordinates the group - Ph: 0438 843 333. There is no charge - all we ask is that you become a member of Beverley Station Arts (\$30/year) by the third week of attending BeSASS.

## PERFORMING ARTS

### *A Fortunate Life*

BSA was very excited to host THEATRE 180 CINEMA STAGE'S regional tour of the immersive live performance *A Fortunate Life*.

Full House – 250 patrons! 100 of whom also enjoyed a traditional roast lamb dinner pre-show.

All expectations were met with a full house on the night of 29 April to see this wonderful adaption of an amazing story made even more so with Albert Facey's granddaughter Phillis Facey (long-time resident of Beverley) being present at the show (far right in pic below).

We thank all those who supported this touring event by CircuitWest Shows on the Go, theatre 180, Cinema Stage Immersive Storytelling, Department of Local Government, Sport and Cultural Industries, and Fremantle Press.

Knowing how *A Fortunate Life* was so well received, we can't wait to bring you *Sydney II Lost and Found* - 18 July 2023, also produced by Theatre 180.

Booking now could well be advised to avoid missing out! However, please note that being a Tuesday night, we have decided there will be no pre-show meal. Instead, a light supper will be offered at no charge after the show along with tea and coffee. And of course, the bar will remain open for those wishing to mingle.

**Cicada** - the stage show combining puppetry and visual story telling by some of WA's leading theatre makers was seen by years 3&4, 5&6 Beverley District High School students on May 10.

**Cicada** was so cleverly made by the producers of Barking Gecko that the students had a myriad of questions for the actors/puppeteers following the performance, mainly concerning the set. As well, they might, as it was truly something! It took 15 hours from Tuesday through to after midnight to construct and the lighting was amazing too. In the pic below are the four cast and crew (centre back and front), plus those who helped to set up - Mathew (far left), beside Alex our sound producer from Toodyay, and far right are BSA committee members Hazel and Marylou.

 **COMING SOON**  
to the Town Hall!

We know you'll have loved *A Fortunate Life*, so book now for our next offering from Theatre 180 coming to Beverley 18th of July 2023. 7.30pm at the Town Hall.

From the dark days of WWII comes a true story of love, courage and fateful decisions

THEATRE 180 presents  
**SYDNEY II:  
LOST AND FOUND**

When RMS Sydney II was sunk by the jagged German Raider U-66 (known as 'The Shark') in 1941, it took the entire crew of 645 men. Among them was a young Western Australian Able Seaman, Alan Snow. For 66 years Alan's wife and daughter hoped that one day the wreck would be located. In 2008, due to the persistence of the volunteers of the Tiring Sydney Foundation, that dream became a reality. This epic story of love and loss, fear and courage and the resolution of a mystery for those who never gave up hope, will be brought to life using the methodology of theatre with the visual impact of cinema. Acclaimed actor Myles Polard leads a dynamic cast across oceans and eras as we chart the loss and discovery of Australia's famous warship and her valiant crew. From the creators of the sell-out successes of A. B. Fahey's *A Fortunate Life* and *The Lighthouse (SH Saga)*, THEATRE 180 is proud to bring back to regional WA another story of great courage and heart.

WRITER: Jenny Davis | DIRECTOR: Stuart Haluzi | CAST: Myles Polard, Morgan Dukes, Tom O'Sullivan  
SOUND DESIGNER: Ben Collins | COMPOSER: Ron Slomkowski  
AUDIO VISUAL DESIGNER: Mike Page | AUDIO VISUAL PRODUCTION: Sound & Light

# BANNER PARADE

YES! At last the banner project is complete – it's only six months after the *Spring Back to Beverley* 150<sup>th</sup> anniversary celebration weekend - the intended date to parade the banners! However, the intent still remains that these banners will celebrate local heritage and instil a sense of pride and community in the town by being displayed at future festivals, sporting events and celebrations in Beverley.

Due to unforeseen circumstances, the banners were not made in the time we hoped, but now that they are all finished, we plan to hand over the banners to the clubs that requested them on **Friday 9 June** at a **Winter Sundowner 4pm – 6pm**. We ask that a representation of a couple of members from each association/ club attend this special unveiling and handover of the banners. Shireen Manning the artist who designed and made the banners will be in attendance to help us with the presentation.

This banner project was initiated through the grant of Department of Local Government, Sport and Cultural Industries (DLGSC) Culture and the Arts (WA) and Lotterywest Creative Communities COVID-19 Recovery 2021-2022 funding program.

During the COVID lockdowns, people in remote communities, already isolated from basic city resources were further impacted by their isolation, and importantly loss of sense of community, causing additional stress, mental health and well-being issues.

So, with this in mind, the Beverley Station Arts Committee applied for and received the grant for this banner project, hoping to help enhance personal pride, connect, strengthen and reinvigorate community and civic pride. The banners we feel will add vibrancy and colour, celebrating local culture each time they are used, and give people a beautiful, lasting reminder of what makes Beverley a unique and vibrant place to live in.

**VINES MEDICAL PRACTICE**

# Beverley CWA

Well, can anybody believe that we are already in June? The year is going so fast. The ladies at the C.W.A are still busy and show no signs of slowing down. With so many things to do and not enough time to do them. You all know what I mean, right?

So without further to do, I will get right to it.

The Mother's Day raffle was once again a success, thanks mainly to everyone.

The winners of the raffle were:

1st prize	Mon	2nd prize	Billy T	3rd prize	Ingrid	4th prize	T B C
5th prize	Kaye	6th prize	Dulcie	7th prize	John	8th prize	Sharon
9th prize	Abi	10th prize	Dave	11th prize	Deb	12th prize	Kristy

Congratulations to all the winners!

But in all seriousness, the ladies would like to thank all those who have donated items, not only for the raffles but for other occasions, over the years. Not only do you support us by buying tickets but also donating items. We feel privileged to be in a community such as Beverley and we thank you for your continued support.

We held a Wood Raffle on the 26th and 27th May. More next month

Our next Morning Tea will be held on the 14th June 9.30am. So, come on down for a cuppa and catch up.

We look forward to seeing you.

Next meeting will be held on 21st June. Morning Tea at 9.30am and meeting starts at 10.00am

Before I go, I did promise some photos from the Kings Park Fashion. I have not forgotten. Look at the next page.

For now, stay warm, cozy, and safe till next time.

## Health in June

**Bowel Cancer Awareness-** Lets start a conversation regarding bowel health with your GP.

**Mens Health Awareness –** When was your last health check?

**Alzheimer's and brain awareness-** Promoting mental health awareness.

**Hand Hygiene awareness-** Promoting hand hygiene and saving lives.

COVID Vaccines - as the Beverley community have been outstanding with their responsibility to attending for all their recommended doses, and with our commitment to reduce wastage and maximise doses we are now maintaining a waiting list for those who may need a further vaccination. This has been due to the logistics of ordering and storing the vaccine in the rural area, please check in for our next vaccination day.

Remember the best way to avoid COVID is to ensure you are vaccinated, wash your hands frequently with soap and water for 20 seconds, use alcohol- based hand sanitiser, cover your cough and sneezes dispose of your tissues and wash your hands after, wear a mask and physical distancing, stay home, and follow the health direct rules if you have symptoms.

The Beverley Medical Practice is committed to providing quality health services to Beverley and surrounding areas. As part of our commitment to the community we support and assist up and coming medical health professionals. We have a number of student GP's attending clinics both onsite and virtually. These Student GP's are from Notre Dame, UWA and Curtin University. If you are interested in assisting us by allowing one of our students to sit in on your consult or attend a virtual clinic over the phone, please let our staff know. You may also advise staff if you would prefer not to have them in attendance.

Care outside normal opening hours - When the Beverley Medical Practice is closed you can always get medical attention by calling-Ready Care 1800 225 523 or Calling health direct 1800 222 222 or by attending the Beverley District Hospital, located in Sewell Street Beverley where experienced staff will triage the patient and contact the on-call Doctor

### **Beverley Historical Society Dead Finish Museum**

[bhsdeadfinish@gmail.com](mailto:bhsdeadfinish@gmail.com)

Thank you to all the visitors we have had over the past month at the Dead Finish Museum with lots of positive compliments especially our "small items display" which is now put away and we are working on our next one.

Our members had an enjoyable time on the Bus Trip to the Dale on the 24<sup>th</sup> April even if it was a little damp. We polished the plaques, cleared around the area, weeded and trimmed small sucklings – very productive. When we have completed the district, we will put a little write up in the Blarney. Thanks to our Bus Driver Mark.

The Society is currently investigating two families that lived & worked in the Beverley district from 1860s to 1880s.

The names are David Ingraham/Ingram and Mary Anne Kairey/Carey as well as her parents John & Caroline Kairey.

They worked on several farms – Goodering, Ashbrook & Killiven.

If anyone has any information about the people or the farms please let us know.

[bhsdeadfinish@gmail.com](mailto:bhsdeadfinish@gmail.com)

Our next meeting is Monday 12<sup>th</sup> June 2023 at 1.30 p.m.

Before the meeting we will be going on a small Field Trip – School Sites (South) Arrive at Museum at 9.30a.m. Lunch at the Museum .

# EXPRESSIONS OF INTEREST

## R.S.A. Accreditation

Good Afternoon Everyone,

My name is Darrell Hagan and I am the president of the Beverley Golf Club.

I have been making inquiries with numerous service providers in regards to face to face training of Responsible Service of Alcohol (RSA). One company have advised me that they would be prepared to attend Beverley to conduct the training.

If you're organisation is like the Golf Club and only have a few members with RSA and have a few doing a lot of the bar work, hopefully this training will be able to get other members of your organisation trained in service of alcohol.

At present I am in early talks with the company who are trying to gain what interest we have before they quote what the cost will be.

I plan on holding this training at the Beverley Golf Club hopefully sometime between June – August depending on numbers and availability.

The company wants at least 20 people to make it viable for them to attend.

What I need from everyone is, if this was held at the golf club in the above timeframes, how many people from your organisation would attend to training.

Would you please email me with any further inquiries or what numbers you would have attend this course and I can start the ball rolling.

Regards

# The Parish of Beverley – Brookton

Anglican  
Church  
Diocese of Perth

**Founder's Day at The Hale School** marks the admission of the first student to the school on 28<sup>th</sup> June, 1858. Services honouring the occasion and the life of the School, and to which Old Haleians, boarding families of The Hale School, and local parishioners are welcome, will take place at St Faith's Church, Quairading, at 6.30 p.m. on Monday, 26<sup>th</sup> June **and at St Mark's Church, Brookton on Thursday, 29<sup>th</sup> June.**

The Coming of Light festival marks the day the missionaries of the London Missionary Society landed at Erub (Darnley) Island in the Torres Strait on 1<sup>st</sup> July 1871, introducing Christianity to the region. The Torres Strait Islands were annexed in 1879 by Queensland, thus becoming part of the British colony of Queensland, and after 1901 of the Australian state of Queensland although some of them lie just off the coast of New Guinea. Services to honour this significant moment in the life of the Anglican Church of Australia and the people of the Torres Strait will be held on Sunday, 2<sup>nd</sup> July at 9.00 a.m. at St Faith's Church, Quairading and 5.00 p.m. at Holy Trinity Church, York

## Understanding Anxiety

BY THE REGIONAL MEN'S HEALTH INITIATIVE  
June 2023

Anxiety is an umbrella term for feelings of fear, nervousness, apprehensiveness or worry such as negative thoughts and seeing potential threats where they don't exist. Everybody gets anxious at times and some anxiety helps us to function well. But anxiety can become a problem when:

- It happens too often;
- It goes on for a long time;
- It stops us from doing things that we want to do.

Symptoms can be *psychological* (frequently feeling worried, tired, irritable and weepy with difficulty concentrating) and/or *physical* (including rapid breathing, rising blood pressure and pounding heart, a sense of restlessness or feeling on edge, muscle tension, sleep disturbance and nausea/sickness).

There is no single cause for anxiety but there are several factors that may contribute to its development:

- **Brain Chemistry** - most strongly implicated here are imbalances of serotonin and dopamine that regulate thought and feeling - makes for feeling depressed and anxious;
- **Heredity** - anxiety disorders run in families. Children are at higher risk if parents have an anxiety disorder;
- **Life Experiences** - any distressing or traumatic experience may be grounds for developing anxiety. Exhaustion and certain medications can also be triggers for anxiety;
- **Drug Use** - stimulant drugs like amphetamines and caffeine can trigger anxiety. Prolonged amphetamine use can cause feelings of panic and anxiety that last for years after the drug is stopped.

Some tips that may help you deal with your anxiety include:

- **Self-awareness** - identify the symptoms early. Ask yourself *what is making me feel this way?* You may be able to change the *anxiety-making circumstances* but if not, you can deal with it better if you acknowledge it;
- **Interpret it positively** - anxious about a situation? Instead of viewing it as threatening put a positive interpretation which will reduce the anxiety to a more manageable level;
- **A little anxiety is a good thing** - too much is damaging but too little can mean you may not perform to your best ability. View anxiety as a resource you can manage;
- **Diet** - the gut flora can get out of balance i.e. use more probiotics and omega-3 foods. Research has shown maintaining a balanced diet can reduce anxiety symptoms;
- **Exercise** - boosts levels of vital brain chemicals like serotonin, dopamine and norepinephrine that may reduce stress and anxiety;
- **Relaxation and meditation programs** – can help reduce stress, anxiety and depression. You can find many resources for these online; i.e. progressive muscle relaxation;
- **Therapy** - there are some good programs that are offered by psychologists and counsellors that help to re-program those unhelpful and negative ways of thinking that underpins anxiety.

Situations, or life events, can come from many places including relationship issues, financial burden, physical health, trauma, or just dealing with difficult times (like seasonal conditions). As these situations develop, we need to take steps to reduce anxiety for ourselves and for those close to us.

Remember... *before it all gets too much...  
Talk to a Mate!*

## Splitting the difference

Left: Native longicorn beetle larvae, extracted from jarrah timber. Right: EHB larvae and a cross section of seasoned (dry) pine log showing larvae feeding tunnel.

### Larvae in firewood

During the winter period where firewood is often collected and split, our service receives a common enquiry: *"I've chopped some wood and found these grubs! Are these borers? Is this the European house borer? Is my house at risk???"*

The first question we ask to split European house borer (EHB) from many other wood borers is: *"What wood are you cutting? Is it pine?"*

If the answer is no, it's not going to be EHB.

EHB larvae will only reproduce in seasoned (dry) coniferous timber and wood, including pine, fir and spruce. Of these, pine trees (*Pinus* species) and pine timbers are abundant in WA.

What if the answer was yes? - If you notice larvae or borer emergence holes in dead pine branches, logs, or untreated pine pallets or timbers, please report this. EHB has the potential to cause major structural damage to buildings constructed with untreated pine timber. Infested wood stored in or around the home is worth investigating.

### Who's on the chopping block?

Most firewood burnt in WA is from native hardwood species and pictured in this article are the larvae of native longicorn beetles (*Phoracantha* species) in jarrah. These beetles

attack live or recently dead/felled Eucalypt trees and do not pose a risk to the timbers in your home.

If you have been chopping firewood for years but are only starting to see these borers, it's likely the trees the firewood has come from, were stressed or recently felled. Trees stressed by drought or disease are particularly susceptible to borer attack.

### Reporting

We can't all be insect identification specialists, but that doesn't matter. If something isn't familiar to you, it's best to report it rather than ignore it. When reporting, please include as much information as possible about what's occurring. Collect and hold onto any insect samples, and if taking photos, include things like a ruler or a pen so the dimensions of insects, holes or other symptoms can be gauged.

If borers are coming out of furniture, timber, or wooden products like bowls, chopping boards or ornaments – report it as soon as possible and we will provide guidance from there.

For more information on [EHB](#) and other reportable species like the [polyphagous shot hole borer](#) (PSHB), see our webpage [agric.wa.gov.au](http://agric.wa.gov.au) and search EHB or PSHB, or contact us.

## School & Hall Sites in The Dale Field Trip & Working Bee

DALE RIVER	1905
DALE HALL	1906
DALE RIVER SOUTH	1926
HOBBS CORNER	1929
WEST DALE (JONES CORNER)	1944
WEST DALE (PRESENT SITE)	1967

Towards the end of April 2023, members of the Beverley Historical Society took the Community Bus out to the Dale and West Dale to inspect the various school & hall sites in the area. A plaque in the Dale Hall↑ lists the six Dale schools.

The sites all have signs and plaques naming the schools, the first teachers and some of the first families whose children attended. There were six schools and two halls. Five of the schools are in Beverley shire while Dale River South school site is in Brookton shire.

Of the two halls, only the Dale Hall remains & used for its original purpose.

One of the schools still stands and is used as a private residence, while two other school buildings have been relocated for different uses.

The furthest site away from town is on Brookton Highway just east of the Jones Rd corner.

It was the first **West Dale** school and operated from 1944 to 1967.

The Jones Rd building was relocated to the new **Westdale Primary** ↓ built near the wheat bin on Westdale Rd in 1967 and closed in 1987.

These buildings are now used as private homes. One of the residents kindly permitted the members of the Society to view the inside of the old Westdale Primary School.

**Dale River** was the first Dale school and opened in 1905. It was sited at Hick's corner on Westdale Rd, west of Luptons Rd and closed in 1927.

The site of the school at **Hobbs Corner** ↓ is west of Butchers Rd and is a very nicely maintained plaque that has been given a tiled surround by a local enthusiast.

The school building from this site was moved to a nearby farm and used as a residence until a new farmhouse was built. That building is still there and used for storage.

The last school site visited was at the **Dale Hall** which operated from 1906 to 1910 & again from 1914 to 1927. A celebration of 75 years of Education in the Dale in 1980 is recorded on several plaques hanging in the hall.

The other hall site we visited is in Luptons Road near the corner of Fergusons Rd.

Known as the **Tin Hall** it was built in 1928. It was not used as a state school.

At one stage it was owned by the Anglican Church and was used for church services and Sunday School. It was the venue for other community events and as a polling place. It was demolished in 1988.

Members of the Beverley Historical Society went armed with garden tools and cleaning supplies and cleaned around the sites by weeding, raking, spraying and removing plants or branches that obscured the signs. Signs were also given a wipe and the plaques polished. A couple of the plaques have deteriorated significantly and maybe new ones are required.

Many thanks to Mark Petchell for driving the bus and to Penny for letting us visit her home. The Shire of Beverley supplied the bus.

# Beverley Netball Club

2023 season has started, and what a season it is shaping up to be.

Both Juniors and Seniors started the season in A grades, after round 3 the Northam Netball association had a grade shake up and both have been put back into B grades.

Boomerangs have been fortunate enough to have the full 12 players while Boomers have been using fill ins every game to fill a side.

A huge thank you to all the fill ins who accept our pleas and take to the court for us and welcome to all our new players on both juniors and seniors sides.

Fast5 started on Wednesday 24th May and there are 4 teams competing again. Who will score a 6 pointer?

You'll have to come down and find out, games are at 6:00pm and 7:00pm

Don't miss out on the umpiring workshop on the 7th June.

That's a wrap! We had a wonderful four days of superb tennis of over our Easter Tournament! The rain caused some small changes and delays over Friday & Saturday, but by Sunday we were back on track and enjoying some great tennis.

With a huge number of entrants at 255 people, the club was a buzz! Everyone enjoyed spectating the Championship players as well as playing in the Handicap Events! It is a pleasure to see what a wonderful time everyone has playing in our tournament. Our junior events also continue to grow and teach kids the enjoyment of tennis!

Thank You to our wonderful sponsors for your support of the Beverley Easter Tennis Tournament. Be sure to check our full list of sponsors on our web page: <https://play.tennis.com.au/beverleylawntennisclub/Easter>

# BEVERLEY REDBACKS NEWS

## First and foremost...

### WINTER SPORT IS BACK!

Yes, it has been back for a while albeit without the Blarney notes.

Apologies to our dedicated followers who have been lost without news of the Redbacks teams.

The club started off its season with its annual Bob's Fish Night which was its usual success.

It continues to be a great tradition for the club.

On the night the great Bruce Mann was thanked for his service to the club.

He has worked tirelessly as a trainer for over 40 years and is deserving of a well earned rest.

The night also saw a congratulations for Garry Miller for being awarded life membership to the WA Country Football League.

## The season so far

The 2023 season has started well for the league team under new coach Kyle Martin chalking up two wins and a draw from six games.

Netball had some great wins in the early part of the season with Valerie Hayden, Amy Price and Sarah Walters joining the side.

The reserves team remains dedicated under the leadership of James Adams.

James celebrated his 150th game during round two against Kellerberrin/Tammin.

He lead the team to victory in round four against York Roos in the inaugural Haydn Smith Memorial Round.

## Don't Miss...

The committee invites all players, members and supporters from the 2003 season to the reunion on 3rd June.

# BEVERLEY JUNIOR SPORT

The 2023 Season has started for all our Winter Junior Sports. We have some very dedicated Coaches this year, so make sure you thank them for the time and effort they are currently putting into our kids' trainings and games. Well done to all our Junior Reddies on the fantastic effort they have put into trainings and games.

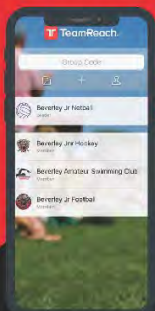

## TEAMREACH

This year the Beverley Junior Sporting Council started using the TeamReach App for all communications between coordinators, coaches and Parents/Carers.

We have had fantastic feedback on the app, as all the game information in one spot.

**Please make sure you advise the coaches on whether you can play by following the below information.**

## BEVERLEY JUNIOR SPORT APP

1. Download the app TeamReach

2. Enter the Group Code for:

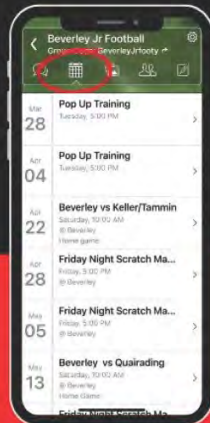

Junior Football	<b>BeverleyJrfooty</b>
Junior Netball	<b>Beverleyjrnetball</b>
Junior Hockey	<b>Beverleyjrhockey</b>
NetSetGo	<b>BeverleyNSG</b>

3. Keep up to date on ALL Beverley Junior Sport events / information in one place.

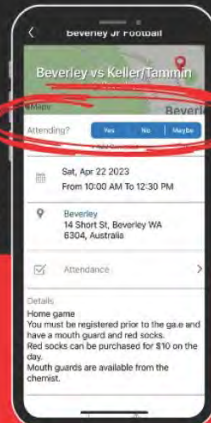

## TEAM REACH APP

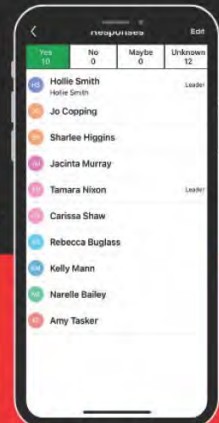

How to let coaches know if your child CAN or CANNOT play

Click on the Calendar Icon

Click on the Event and select YES, NO or MAYBE

## Who's been out and about ...

**Avon Zone ODE:** on the 6th & 7th May at Northam. Wonderful event hosted by our Zone and members of Avon Valley Showjumping And Pony Club Events. We had three riders representing Beverley HPC and all had a great weekend completing the 95, 80 and 65cm courses. Well done Ruth Elsegood, Jessica and Emily Maxwell.

**Murray ODE:** Carly Ballantyne, Jess & Emily Maxwell competed at Murray ODE. Fantastic course & great competition! Carly 2nd place in 105cm, with some very big jumps that challenged the EA riders last weekend. Emily 2nd place in the 95cm with a double clear on XC and clear SJ round. Jessica and her pony, Eddie, found it all a bit much, lovely jumps through XC but a bit distracted with two water complexes and big 80. Lovely dressage test.

**May Rally:** This was a perfect 'Mother's Day' with fantastic weather. Our riders all rotated through varied lessons and learnt about the Prince Phillip Mounted Games and Novelties. Our club hosts our Avon Zone event next month on the 25th June and we hope to have as many of our riders compete at this event as possible. The older riders learnt about bandaging and 'Bolt' (yes, that is his name!) enjoyed all the attention. We welcomed our newest member, Rueben and his mum, Jill to our club. Plus we had the lovely Davis family take up the 'Come and Try' option to see what pony club is all about. Thank you to all the families that offered to bring in ponies and to Jess Martin and Bec Halbert for lending their steady steeds for the day for Emma and Matilda.

## Beverley Golf Club

Beverley Golf Club  
 Forrest Street,  
 Beverley WA 6304  
 P: 08 9646 1090  
 E: bevgolf@wn.com.au

A big start to the season has seen a lot of players come down and enjoy the course. The ladies have played their Val Strange Day which was well attended by 50 players from around the Avon and metro golf clubs.

The golf club would like to pass on its sincere condolences to the Strange Family for the passing of Val last month. I heard the stories of Val being told at the Open Day and it sounded like she was a truly remarkable lady who golf was thrust upon her and she embraced it and became a sensational and very successful golfer.

So, as we start getting into the middle part of the year, the months start to get busier. There is plenty of golf for both men and women in June and July.

A big thank you to everyone who has maintained the golf course and also the clubhouse to ensure that when we have golf events on or clubhouse events on everything is looked after. I can't thank you enough.

### BREAK IN

The night before Anzac Day around midnight we had four visitors to the golf club who decided that they wanted to break into the buggy room and steal the motorised buggies and take them for a joy ride and rip up the fairways, greens and damage the buggies by driving them into creek beds.

Police have caught up with all four of them and they have been charged with Burglary and Stealing Motor Vehicle.

I will say that the behaviour of those four that night in breaking into the clubhouse and stealing another person's property and damaging was disgusting. I am really disappointed in the actions of those four. But I hope that through the next process of the justice system for them that they can learn a valuable lesson and become better members of the community.
