SUMMARY

An application was received to construct a boundary mesh fence, brick wall/fence and retaining wall at 93 (Lot 255) Vincent Street. It will be recommended the application be approved.

BACKGROUND

The subject property is located at 93 (Lot 255) Vincent Street, is Zoned '*Rural Townsite*' pursuant to the *Shire of Beverley Local Planning Scheme No. 3* (LPS 3), contains an existing single house (recorded on the *Heritage List* in the *Local Heritage Survey - Number 65*), and is 991m² in extent.

The property is located within the Avon River Flood Fringe.

The development proposal involves construction of a retaining wall on the southern end of the lot, a 1.8m high boundary mesh fence on Bartram Street, southern section and part of eastern boundary of the lot, and a 1.8m high red brick internal wall/fencing as shown on the plans.

COMMENT

The proposal is anticipated to improve the security and privacy of the property.

The subject property is listed in the Shire's Local Heritage Survey as place no 65 – please see attachment.

As no changes to the façade of the building is proposed, it is not considered that the proposal will negatively impact the Cultural Heritage Values of the place and is supported from this perspective. The section of mesh fencing on Bartram Street complies with the requirements of the R-Codes for front fencing.

OFFICIAL

Dear Stefan,

RE: 2025/024 – Development Application – Boundary Wall – 93 (Lot 255) Vincent Street, Beverley

Thank you for providing the above referral for the Department of Water and Environmental Regulation (DWER) to consider.

DWER provides advice and recommends guidelines for development on floodplains with the object of minimising flood risk and damage.

The Avon Flood Study shows that the lot is affected by flooding during major events with the following flood levels:

Event	Level
1 in 10 (10%) AEP	~ 192.87 m AHD
1 in 25 (4%) AEP	~ 193.49 m AHD
1 in 100 (1%) AEP	~ 194.47 m AHD (see attached map)

Based on our floodplain management strategy for the area, proposed development (i.e., filling, building, etc) on the Lot that is located outside of the floodway is considered acceptable with respect to major flooding. A minimum habitable floor level of 0.5 metre above the appropriate 1 in 100 (1%) AEP flood level (i.e., 194.97 m AHD) is recommended to ensure adequate flood protection.

The available contour information shows that the general surface elevation of the Lot is between 192.9 m AHD and 195.0 m AHD.

A failure to properly adhere to these recommendations will result in a greater exposure to risks of flood damage. Please note that this advice is related to major flooding only and other planning issues, such as stormwater drainage and environmental and ecological considerations may also need to be addressed.

If you have any queries, please contact me.

9.2 Development Application – Glider Hangar Lot 16 on DP79708, Tip Road, Beverley Airfield

Submission To:	Ordinary Council Meeting 27 August 2025
Report Date:	17 August 2025
Applicant:	Stewart McVey

Author and Position:	Stefan de Beer, Manager of Planning
Previously Before Council:	No
Disclosure(s) Of Interest:	Nil

SUMMARY

An application has been received for the construction of a Glider Hangar at the Beverley Airfield. The application will be recommended for approval.

BACKGROUND

The Shire has received a proposal to construct a Colorbond clad Glider Hangar (in extent 21m x 9m = 189m²) at the Beverley Airfield, within the agreed **extended** *Beverley Soaring Society* lease area, as per the adopted Beverley Airfield Precinct Planning Policy. In terms of the previous *Shire of Beverley Town Planning Scheme No. 2*, *Club Premises* Land Use is an extension to an existing non-conforming use recognised by Council at its 28 October 2008 meeting.

In terms of the present *Shire of Beverley Local Planning Scheme No. 3* (LPS3), the use of *Club Premises* is an 'A' use in the *Rural* zone, which requires advertising pursuant to Clause 64 of the deemed provisions. The *Department of Planning Lands and Heritage* however advised that exemption for advertising is appropriate pursuant to Clause 64(2).

The subject site is zoned '*Rural*', contains buildings associated with the *Beverley Soaring Society*, a number of on-site caravans, caravan shelters and existing glider hangars.

COMMENT

The application is for planning approval for the construction of a Glider Hangar associated with *Beverley Soaring Society* activities.

The hangar is proposed to be clad in Pale Eucalypt Colorbond with Surfmist Colorbond roof. This accords with the abovementioned Local Planning Policy.

The proposal is regarded as conforming with the intent of the broader established land use and it is considered to add value to the club activities.

It is the opinion of planner that the proposal will enhance an activity (gliding) that promotes a positive image of Beverley to the wider community. It will therefore be recommended Council grant conditional Planning Approval for the application.
